NO. 90.

IN CONFERENCE WITH PREMIER

SIR THOS. SHAUGHNESSY SPENDS A BUSY DAY

Possibility of Some Announcement Regarding Island Railways

Sir Thomas Shaughnessy, president of the Canadian Pacific railway, who reached the city yesterday afternoon, this morning had a long conference with Premier McBride, and it is assumed in well-informed quarters that the subject of discussion relates to the new situation which has arisen in connection with railway construction on Vancouver Island in view of the failure of the Canadian Northern to carry out the terms of the contract entered into at the time the government extended such large aid to that company.

It is impossible to obtain any information of the nature of the conference held this morning between Sir Thomas and the premier, but those in close touch with the situation say that they would not be surprised to learn that the head of Canada's greatest railway is being appealed to to help the government out of the dilemma in which it finds itself. Possibly, as one outcome of the conference, the project for the extension of the E. & N. railway to the north end of Vancouver Island may be expedited.

Present at the conference this morning, besides Sir Thomas, there were R. Marpole, general executive agent of the C. P. R. for British Columbia, who is the "father" of all C. P. R. enterprise on this island, and Wm. Whyte, second vice-president of the C. P. R. Other members of the party who are in the city with Sir Thomas are T. B. Angus, president of the Bank of Montreal, and one of the directors of the company; Charles Hosmer, president of C. P. R. telegraph lines, and the Messrs E. and M. Shaughnessy. They are all quartered at the Empress hotel, and may remain in the city until to-morrow afternoon.

Sir Thomas had little to say for publication. His present visit to Victoria was merely in the course of his annual tour of inspection of the company's lines in Western Canada, the (Concluded on page 11.)

"OPEN DOOR" POLICY WINS

NO FAVORITISM IN STREET PAVING WORK

Contract Awarded to Westrumite for Asphalt Job on Vancouver Street

That the city engineer, with the assistance of the city assessor and the chairman of the streets committee, is competent to decide the question of the awarding of contracts to the lowest bidder on street pavement work was the conclusion reached by a majority of the members at last evening's meeting of the city council, when an opinion to the contrary by the city solicitor was overruled.

The point arose when a report was received from the engineer, assessor and Ald. Bannerman, recommending that the contract for paving with asphalt Vancouver street, between Pandora avenue and Humboldt street, be awarded to Westrumite, Limited, for a four and one-half inch cement concrete base as per city's specifications and a one and one-half inch Westrumite asphalt wearing surface, for the price of \$33,394. The solicitor did not sign the report.

The bids submitted were as follows: Worswick Paving Company, on standard specifications prepared by the city engineer, \$25 per square yard for pavement, and 55 cents per yard for removing material, a total of \$42,820. Alternative bids for a pavement according to the company's own specifications were submitted of \$1,700 and \$1,400 per square yard, the total figures being \$23,890 and \$23,390 respectively.

The city engineer's tender was on his standard specification at a cost of \$1.50 per yard and 80 cents for removing material, a total cost of \$38,160.

Westrumite, Limited, bid on the standard specification at \$2.25 per square yard and sixty to seventy cents for removing material, a total cost of \$42,680, and submitted also an alternative bid of \$1.68 per yard for pavement and sixty to seventy cents for removing material, a total of \$32,644; and a second alternative bid of \$1.46 per yard, a total of \$18,664.

Ald. McKeown doubted if there was a specification for the work which the Westrumite company proposed to lay down, and the lack of proper specifications might be fatal to the bylaw.

Ald. Bannerman, the chairman of the streets committee, took a contrary view. The specifications attached to the engineer's report, a specification which showed all the materials to be used, and the manner of laying same (which must be to the satisfaction of the city engineer), was all that was required. He recalled that the city solicitor had before given it as his opinion that this kind of pavement was not (Concluded on page 11.)

NEW CITY HALL PLAN OUTLINED

MAYOR IN FAVOR OF YATES ST. SITE

Urges Council to Endorse Proposal But Matter is Laid Over

Mayor Morley, at last evening's meeting of the city council, made an interesting reference to the scheme which he has advanced looking to the erection of a new city hall. Beyond outlining the scope of the enterprise no definite action was taken last evening, consideration of his worship's proposal being deferred to a later date.

Preliminary to the explanatory remarks of the mayor the following resolution was presented: "It is recommended that three years after the moving of this motion a new city hall be completed and that a by-law be submitted to the people at the next civic elections."

"I suggested in the early part of the year," said his worship, "the necessity of a new city hall. I have ever since been looking for a suitable site for the building and with the assistance of W. W. Northcott, the city assessor, I have been successful in securing one which is most favorable. I propose purchasing the two blocks between Quadra and Vancouver streets, facing on Yates street. I do not force the council to accept this location but I throw it out as a suggestion. If the council sees fit they could abandon this idea altogether and get land in some other neighborhood.

"The city hall should be near the business section of the city and I estimate that this site will be in the heart of the city in three years' time. I have held this matter in abeyance for some time for the purpose of deciding on the expropriation which would be necessary. I at first proposed to purchase additional property surrounding these two blocks for the purpose of selling it to citizens on which to have buildings erected on a systematic scale. But in conference with the city solicitor I found that it would not be legal for the city to enter into any matter of this kind.

"I approached Hon. Richard McBride with the proposal that the city take one block for the new hall and that the provincial government secure the other for erecting thereon of the new court house. The present court house is too small for the work and the government is contemplating the erecting of new buildings on the parliament square. I stated to the premier that if the government met with the wishes of the city two buildings of similar architectural design would greatly enhance the appearance of that thoroughfare. The premier promised that he would give it his full consideration.

"The sum of \$300,000 would be required for the expropriation of the two blocks, which each measure 500 feet by 240 feet. I propose that a building to cost \$500,000 should be erected on this which would be a credit to the city of Victoria. Sufficient room would be made in the new hall to meet the demand for many years. It would be possible to complete the building before three years, and therefore the cost would extend over three years, which would make it rather light. If the proposed building is erected then the old one can be disposed of and the market building used for headquarters of the fire department and the police station, which is well adapted for that purpose. I think that this would be a good move on the part of the city." (Concluded on page 11.)

WINNIPEG STREET CAR MEN FAVOR STRIKE

Employees Will Quit Work Unless Company Surrenders Unconditionally

(Special to the Times.) Winnipeg, Oct. 18.—This afternoon the city will be in the throes of a car strike owing to the summary dismissal of four men recently which the company says is for infractions of working rules, but which the men claim is for their known unionist proclivities. At a meeting of the executive last night it was resolved to declare a strike and unless the company surrenders unconditionally Winnipeg will have to walk during the week.

It is understood the executive of the union last night acted on instructions from a general meeting on Sunday.

The men are resolute. They appeal to the general public against what they say is discrimination on the part of the company in picking out union leaders.

The company appears equally resolute. An official statement is expected early this afternoon. A bitter fight appears in sight for which no special preparation has been made by either side.

The press committee of the unions has issued a statement saying that the company refuses to reinstate the discharged men until such time as arbitration can be secured. The strike therefore begins this afternoon.

MANY CLAIMS FILED.

Montreal, Oct. 18.—Five thousand claims have been made against the missing broker Sheldon. A meeting of creditors will be held on October 21. The same range from \$25 and \$50 up to thousands.

MORE BUBBLE BLOWING.

WELLMAN'S BALLOON IS ABANDONED AT SEA

Steamer Answers Calls for Assistance and Succeeds in Rescuing the Aeronaut and His Companions East of Cape Hatteras

(Times Leased Wire.) New York, Oct. 18.—The dirigible balloon "America," headed for Europe, was abandoned in the Atlantic due east of Cape Hatteras half way to Bermuda, late this afternoon.

Walter Wellman and his companions aboard the airship were rescued by the Royal Mail steamer Trent.

News of the rescue came by wireless from Captain Downs of the Trent in a message which read:

"At 5 o'clock this morning we sighted Wellman's airship 'America' in distress. They signalled by the Morse code that help was required.

"After three hours of manoeuvring with fresh winds blowing, we picked up Wellman and the entire crew and the cat. All are now safe aboard the Trent. All are well.

"The 'America' was abandoned in latitude 35.43 north, longitude 68.15 west.

The cat referred to was the 'America's' mascot, placed aboard by Mrs. Van Irwin, wife of the chief engineer of the airship. Capt. Downs gave no other particulars.

WOMEN ASSIST IN FIGHTING BUSH FIRES

Flames Are Again Threatening a Number of Small Settlements in Minnesota

(Times Leased Wire.) Duluth, Minn., Oct. 18.—Fires among the brush of the surrounding forests again have sprung to life and are reported to be threatening property and lives. The people in the endangered territory are alarmed and are fighting the flames.

SEEK LOWER RATES.

Washington Farmers Will Interview Officials of Railroads.

HUNDRED PERISH IN HURRICANE

SIX TOWNS IN CUBA REPORTED DESTROYED

Hundreds of Persons Injured—Property Loss Will Total Millions of Dollars

(Times Leased Wire.) Havana, Oct. 18.—With 100 dead, hundreds injured and damage reaching millions from two hurricanes, reports reached here to-day that a third hurricane is forming south of Jamaica.

The people of Havana are becoming panic-stricken.

It is impossible to estimate the number of dead in the provinces of Cuba. The damage done to shipping is incalculable. Six towns are reported to have been obliterated by the storms.

The steamer is overdue. The damage in Havana alone will reach \$1,000,000.

Train Swept Away.

Jacksonville, Fla., Oct. 18.—The fate of Miami, Tampa and Key West under the heading of the greatest hurricane in the history of the Florida peninsula is unknown this afternoon.

ATTEMPT TO BLOW UP JAPANESE LABORERS

Dynamite Found Under Bunk House—Two Men Are in Custody

(Times Leased Wire.) Olympia, Wash., Oct. 18.—Two men are held and five others are being sought to-day for complicity in the alleged dynamite plot directed against a score of Japanese laborers employed by the Gate City Lumber Company at Gate, near this city. Sticks of dynamite all ready to be exploded were found secreted under a bunk house occupied by the Japanese.

Roscoe Jones, 18, and Ashton Watson, 21, were arrested, and the police say that Jones has confessed to his share in the crime, indicating Watson as the man who put the dynamite under the building.

KETCHER'S ASSAULT.

Feeling Runs High Against Man Who Shot Puglist.

(Times Leased Wire.) Springfield, Mo., Oct. 18.—Owing to the bitter feeling among the friends of Stanley Ketcher, the dead middleweight champion, Walter Dimpley, his slayer, was not brought here to-day to testify at the coroner's inquest. Hundreds of persons gathered at the coroner's chapel to hear the testimony and feeling against the man who shot Ketcher ran high. Mutterings were heard on all sides and so messages were hastily sent to keep Dimpley at Marshfield, where he has been in jail since his capture Sunday. Dimpley will be arraigned at Marshfield next Friday.

DEFENCE COUNCIL.

Lord Kitchener Requested to Join by Premier Asquith.

ATHLETICS WIN SECOND GAME

CHICAGO CUBS ARE CRUSHINGLY DEFEATED

Philadelphia Americans Have Now Two Victories to Their Credit

(Times Leased Wire.) ATHLETICS 9, CUBS 3

Philadelphia, Pa., Oct. 18.—Whose going to pitch to-day? What odds will you give me? Can the Cubs come back?

These are the burning questions in Quakerdom to-day.

As to the first, early indications were that it would be Coombs and Lapp for the Athletics and Brown and Kling for the Cubs. That promised a great pitcher's battle and with a victory stowed under their belts, Shibe park became a mecca for the early fan that catches the choice seat.

As to the second question: As a result of the Athletics' victory yesterday the odds of 1 to 8 on the Cubs have been reversed here and Chicago money is demanding the short end. It is likely, however, that with Brown in the box the National League adherents will concede even money to the followers of the fortunes of Connie Mack's team.

Regarding the third question: It is regarded as a doubtful quantity whether Brown will be able to hold the hard hitting Athletics down. There may be other opinions held outside of Philadelphia but the Athletics are regarded at home as invincible and it is asserted freely that Bender could go in and win all four games. The fact that it is regarded as certain that Bender would repeat when he pitches again bears out the "dope" that the Athletics' pitchers would overcome the Cubs' team strength.

When Chicago rooters admit that Philadelphia won all round, in pitching, fitting and great infield defence.

Athletics Win. Philadelphia, Pa., Oct. 18.—(Later.)—Before a crowd of 25,000 rooting, yelling fans, Connie Mack's Philadelphia Athletics this afternoon smothered Chicago's Cubs by a score of 9 to 3.

The American League leaders led throughout the game and surpassed the Chicago aggregation in fielding, hitting and in the pitcher's box.

"Three-Fingered" Brown, long the idol of the Chicago populace, was hit freely after the first inning until the seventh, when they gathered five hits and six runs.

The features of the game were the heavy hitting of the Athletics, their infield defence and the superiority of their team work in which the Cubs were picked to excel.

Coombs was not at his best for the Athletics. He walked several men and made at least one error that resulted in a tally.

The victory gave Philadelphia a two-game lead for the world's championship, the Cubs having failed so far to win a game.

The teams for to-day's game lined up as follows:

Chicago—Sheppard, c. f.; Schulte, r. f.; Hofman, c. f.; Chance, 1b.; Zimmerman, 2b.; Steinfeldt, 3b.; Tinker, ss.; Kling, c.; Brown, p.

Philadelphia—Strunk, c. f.; Lord, l. f.; Collins, 2b.; Baker, 3b.; Davis, 1b.; Murphy, r. f.; Barry, ss.; Thomas, c.; Coombs, p.

(Concluded on page 4.)

COMMISSIONER COOMBS HAS NOT RESIGNED

Declares General Booth is in Accord With Immigration Work

(Special to the Times.) Toronto, Oct. 18.—A report from England that Commissioner Thomas B. Coombs of the Salvation Army had resigned because of differences with the central authorities in England, was emphatically denied to-day, by the commissioner himself.

"It's a lie that dispatch about my resigning," said he. "A lie made out of whole cloth. General Booth is in hearty accord with and has endorsed our immigration work in Canada. He thoroughly agrees with us that Canada is an essentially agricultural country and we must devote our energies in bringing out farm laborers and domestic servants."

Commissioner Coombs will go west on immigration business this week.

ROOSEVELT RESTING.

New York, Oct. 18.—Colonel Roosevelt went to Sagamore Hill upon his return from his southern and middle western tour to-day.

"I am going to rest a while," he said. "But I will come back Thursday and resume the campaign against the nominees of Tammany hall and the 'Ticker crowd.'"

DR. CRIPPEN'S TRIAL BEGINS

PRISONER ENTERS PLEA OF "NOT GUILTY"

Old Bailey is Crowded When Hearing of Murder Case Opens

(Special to the Times.) London, Oct. 18.—Every seat in the chief court at Old Bailey was filled this morning when the chief justice took his seat on the bench. The court was filled with officials and baristers, while numerous pressmen crowded the limited space in the press gallery and overflowed behind the dock. But few of the general public had seats. The only man in court who had elbow room was Dr. Crippen himself in the spacious dock. Crown counsel were R. H. Muir, Francis Humphrey and Ingleby Oddie, while the defendant was represented by Messrs. Tobin Huntley, Jenkins and H. D. Rouse.

When the chief justice was seated, Crippen was summoned and stepped briskly in front of the dock when the charge was read. Crippen answered quietly but firmly "Not guilty, My Lord."

The jury was then sworn in, an operation which Crippen watched closely as he stood with clasped hands leaning in front of the dock.

Mr. Muir's opening address to the jury was a calm and unimpassioned recital of the facts, devoid of all oratorical and rhetorical effects but none the less clear and easily followed.

Without any preface Mr. Muir referred to Crippen's age and business, of a quasi-medical kind. Crippen's wife was a music-hall artist fond of dress and gawdy, but three years before last January Crippen had not cohabited with her. During that time he was carrying on an intrigue with a girl in his employ. The first of January became a critical date, as he was procured for money and his affections were fixed on Miss Leneve, with whom he desired to establish closer union. The presence of his wife was one physical obstacle, his lack of means another obstacle, and the death of Belle Elmore would remove both obstacles, for her property would be available.

(Concluded on page 4.)

BALLOONS MAY BREAK RECORDS

CONTESTANTS REPORT IN INTERNATIONAL RACE

Aero Club Officials Declare Contest Most Successful Yet Held

(Times Leased Wire.) St. Louis, Oct. 18.—Reports of the ten balloons that sailed away from here yesterday in the fifth international race are being received to-day by officials of the Aero Club of America, who are promoting the race. They declare that on the showing so far made records will be broken and the present race will go down in history as the most successful of its kind ever held. Nine of the ten balloons that started were still up, according to a bulletin issued at 7 o'clock, just after a report of one balloon landing near Racine, Wis., had been received.

Reports "All Well." Big Bend, Wis., Oct. 18.—The balloon Dusseldorf, Pilot Gerlicke, sailed over Big Bend at 7:15 o'clock this morning. The bag was being carried rapidly in a northern direction. It was flying about 600 feet above the ground. Gerlicke threw overboard a block of wood on which was tacked his card with a message, "All's well."

Passes Over Zion City. Zion City, Ill., Oct. 18.—The balloon Isle De France passed over Zion City at 6:30 o'clock this morning headed west by north. When over the heart of the city the pilot dropped a weight with a card attached saying that all was well aboard and that he could stay up almost indefinitely.

Five Balloons Pass Milwaukee. Milwaukee, Wis., Oct. 18.—Five balloons entered in the international race passed over Milwaukee in a flock to-day. The first was sighted shortly before 8 o'clock and by 9 o'clock the fifth was passing from view. The balloons were so close as to be within hailing distance of each other. The wind was carrying them along at a 25-mile clip.

Balloon Lands. Racine, Wis., Oct. 18.—The balloon "Million Population," of St. Louis, landed at Caledonia, near here, this morning. Pilot Von Phul brought the gigantic bag down in a large field and landed without mishap.

The "Million Population" met with an accident at Vernon, Ill., which spoiled its chances of making a record. The drag rope caught in a telegraph pole, and to clear it Von Phul had to throw out all his ballast. He feared to attempt to cross the great lakes without ballast, and alighted when he could not direct his course.

Two More Reported. Jacksonville, Wis., Oct. 18.—The balloons America III, and the Aurora were sighted near here at 8:30 o'clock to-day, sailing within hailing distance of each other in a northerly direction.

OFFICERS FOR SYNOD HAVE BEEN APPOINTED

Second Session Held This Morning Was Largely Attended by Clergymen and Laymen

This morning's session of the eleventh synod of the diocese of Columbia, which opened at 10 o'clock with holy communion celebrated in Christ Church cathedral by Bishop Perrin, assisted by Dean Dault, Archdeacon Scriven, Rev. Canon Cooper and Rev. Canon Leakey, was spent in the electing of officers, clerical and lay, and the receiving of reports from the different committees.

The committee, consisting of A. J. Dault and Rev. Silva White, appointed to report on the certificates of the lay representatives, announced after examining the papers, that all were qualified.

On a motion by Rev. E. G. Miller, that a committee be appointed to consider the address of the bishop to the synod, the chairman selected Rev. Canon Leakey, Rev. J. H. S. Sweet and E. E. Wootton to report as soon as possible.

The result of the election of officers was as follows: Clerical secretary, Rev. J. H. S. Sweet; lay secretary, F. W. Blankenbuck; treasurer, P. Wollaston; auditors, E. Elworthy and A. W. Bridgman; clerical members of the executive committee, Dean Dault and Rev. S. Ryall, Chamaious; lay members to the executive, C. Wood, Nanaimo, and W. J. Hamilton, Salt Spring Island.

Reports from the executive committee, mission board, treasurer, auditors, other committees and rural deans were received, and will be passed upon at a later meeting. The confirmation of the amended canons, which were passed at the meeting of the synod last year, was made this morning.

To-night, commencing at 8 o'clock, a missionary meeting will be held in the cathedral. The speakers will be A. McCree and Wm. T. Clark, Vancouver, and Dean Dault. To-morrow's programme will be as follows: 9:30 a.m., matins; 10 a.m., third meeting of the synod; 1 p.m., luncheon; 2:30 p.m., fourth meeting of the synod; 8 p.m., fifth meeting of the synod.

The ladies of the Metropolitan Methodist church are preparing for a bazaar to be held in Victoria hall on November 15.

At the suggestion of Mayor Morley it was decided at last evening's meeting of the city council to ask for a special report on the methods of conducting the Tranquille sanatorium. The request from the local Anti-Tuberculosis Society that it be permitted to name Saturday, October 22, as "Tag Day," was granted.

A Chinese wedding will take place at 1709 Government street at 11 o'clock to-morrow (Wednesday) night. The bride, Miss Lew Quong, sister of L. N. Wing On, Victoria, will be married to Mr. Loo Nai Tong, manager of the Chee Jone Wo Company, of Vancouver. Miss Lew Quong is a native of Victoria. A Chinese band will be in attendance and escort them to the steamer. The newly married couple intend making their home in Vancouver.

WOMAN'S \$50,000 WINDFALL. A fortune of \$50,000 and considerable property in Devonshire has come unexpectedly to a married woman named Angie living in humble circumstances in Bristol. It is stated that while Mrs. Angie was residing in America a relative died at Barnstable leaving her his property. Attempts to trace her by advertisements failed until a few weeks ago a friend informed her of her good fortune.

CITY SOLICITOR HAS RESIGNED

REFUSES TO MAKE ANY STATEMENT JUST NOW

Believed to Be Because Council Would Not Take His Opinion on Asphalt

This morning the city solicitor, F. H. McDiarmid, tendered his resignation to Mayor Morley. It is assumed that the same will be considered at the next meeting of the streets committee, unless a special meeting of the council be held in the interim.

It is believed that Mr. McDiarmid was prompted to take this unexpected action owing to the fact that at last night's meeting of the council, a majority of the members of the board refused to accept his opinion as to what constitutes asphalt.

Seen by the Times this afternoon, Mr. McDiarmid refused to make a statement for publication explanatory of the action he has just taken, but it is learned from another source that friction between himself and the city engineer is responsible for his having tendered his resignation.

Mr. McDiarmid assumed his position in July last, coming to Victoria from Lindsay, Ontario.

SEEKING TO COLONIZE LANDS IN THIS PROVINCE

Large Project Will Engage the Attention of Hon. Price Ellison While in England

It is learned that one of the matters which Hon. Price Ellison, minister of agriculture, will take up while in London, refers to the question of colonizing the vacant lands in this province. The minister will confer with Hon. J. H. Turner, agent general for the province, and with the various emigration boards in England, and endeavor to devise ways and means whereby the provincial government may at the approaching session of the legislature introduce legislation on the lines which proved so efficient in settling the northwest provinces under the guiding hand of the Laurier government.

It is hinted that a scheme for colonization will prove one of the most important public measures to be considered at the forthcoming session, and that surveys of desirable lands in various parts of the province will be shortly undertaken with the idea of having all useful information at hand when the project comes to be advanced on the floor of the house.

ARBITRATION AT PRAIRIE CAPITAL

(Special to the Times.) Winnipeg, Oct. 18.—There will be no strike of street railway employes, both sides have agreed to arbitrate. A statement issued by W. Phillips denies emphatically that discrimination was shown in the case of the men discharged.

GIANTS WIN

New York, Oct. 18.—The Giants defeated the Highlanders to-day by 5 to 1. 1 2 3 4 5 6 7 8 9—R. H. E. Highlanders. 0 0 0 0 0 1 0 0—1 6 1. Giants..... 1 4 0 0 0 0 0 0—5 6 1. Batteries—Fisher and Mitchell; Mathewson and Meyers.

STEAMER REPORTED LOST

New Orleans, Oct. 18.—An unconfirmed report reached here this afternoon saying that the steamer Mercator, of the Vaccaro line, carrying 60 passengers, and a crew, sank off Yucatan in Saturday's hurricane. Details are lacking.

LOCAL OPTION PETITIONS

(Special to the Times.) Regina, Oct. 18.—Petitions for local option have been filed and will be referred to Saskatchewan electors next December in four cities, seventeen towns, eighty-two villages, thirty-one rural municipalities, and four local improvement districts.

BOMB OUTRAGE

Attempt Made to Wreck Train in France—Strike Killed Off.

Paris, Oct. 18.—Bomb outrages in connection with the railroad strike reached a climax yesterday in an attempt to wreck a train at Versailles. A bomb was thrown at the entrance of the tunnel to the Chantiers station, at the moment when a passenger train was due from Dreux. The bomb struck a limb of a tree and bounding off landed beside the tracks, exploding with terrific force.

The police attribute the bomb-throwing to anarchists and revolutionists. They do not think the rank and file of the strikers responsible. The strike committee of the railroad unions at a meeting last night formally called off the strike of the railroad employes, which has extended over several of the most important systems in France.

During the first half of the current year 24 persons have been condemned to death by courts-martial in Russia, and of these

BUILDING IS STILL BRISK

PROMISING OUTLOOK FOR FALL WORK

Operations Throughout Dominion Show No Signs of Decreasing

Building operations throughout the Dominion still remain strikingly brisk with little or no signs of an approaching subsidence. On the contrary, the outlook for fall work was never more promising. August wound up the summer season in a manner quite in keeping with the marked development which has continued throughout since the beginning of the year. Permits issued in twenty-four important centres reporting to Construction, Toronto, total \$8,257,984, as against \$5,799,800 for the same period in 1909. This gives an average increase of 42 per cent, a gain which can be taken as being fairly representative of the situation in general.

While all sections fared exceedingly well, the west in particular, enjoyed a most consistent expansion. Omitting Vancouver's loss of 11 per cent, which borrows but little from the splendid total gain already made by that city, not a solitary break is noted. Saskatchewan presents in itself an array of statistics which show a most happy state of development. Saskatchewan has an increase of 27 per cent, Prince Albert a gain of 58 per cent, and Moosejaw an advance of 502 per cent, recorded for the month in one, two, three order. Regina also shows a very gratifying total although the gain, 5 per cent, is not nearly as pronounced.

Equally as prosperous was the condition in Alberta. Calgary made a gain of 82 per cent, representing an investment of nearly a half-million, and Edmonton and Lethbridge surpassed their corresponding figures to the extent of 34 and 67 per cent in order named. Aside from these places, other gains noted are: Victoria, 50 per cent; Winnipeg 27, and Brandon 55 per cent. Winnipeg total is second largest amount registered, permits having been issued for new buildings aggregating value \$1,449,100 as against \$1,135,250 in August, 1909.

In Ontario three losses occurred, viz: Windsor 23 per cent, Ottawa 54, and London 30 per cent; but these are effectively counteracted by the heavy investments made and the high percentage attained in other centres. Hamilton made an excellent showing, netting a gain of 123 per cent; as did also Port Arthur, where the total was 186 per cent, greater than last year. Fort William and Brantford are ahead by a margin of 21 and 10 per cent, respectively, while Toronto, with an advance of 28 per cent, registers the highest amount (\$1,713,040) recorded in the Dominion. Berlin does not submit comparative figures, but an amount which places operations for the month at \$17,400.

In Quebec the condition seems to be clearly indicated by the figures of Montreal, which show a rise of approximately \$700,000; the exact value of permits being \$1,392,047, and the increase noted 99 per cent. It is quite likely in this case, that other cities in the province also made substantial strides. Further east, St. John and Sydney annex gains of 22 per cent, and 17 per cent, respectively; although Halifax is in arrears with a decrease of 45 per cent, the comparative amounts recorded, however, being quite small.

Returns for August compared with the same month last year follow:

Permits, Permits, Inc., Dec. Aug. 1910, Aug. 1909, P.C. P.C.	Permits, Permits, Inc., Dec. Aug. 1910, Aug. 1909, P.C. P.C.

GAS, INDIGESTION AND DYSPEPSIA GO

Out-of-Order Stomachs Feel Fine Five Minutes After Taking a Little Diapepsin

The question is how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin. If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach, and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

WINS DAMAGES UNDER ANTI-TRUST ACT

Portland Commission Company Successful in Suit Against Furniture Dealers

Portland, Ore., Oct. 18.—In an opinion that caused a sensation in legal circles yesterday R. S. Bean, judge of the United States Circuit Court of Oregon, made an order giving the Gilman Auction and Commission Company damages in the sum of \$5,202, in a suit brought under the Sherman anti-trust act against F. S. Harmon, president of F. S. Harmon & Co., wholesale furniture dealers. In addition to the amount of damages awarded the auction company, which was triple the loss suffered by the company because of the existence of the combination alleged, attorneys' fees in the sum of \$729 were allowed.

The suit, which was begun some time ago, came in connection with the indictment of Harmon and others by the United States grand jury. News that the defendants admitted the existence of a so-called trust is contained in Judge Bean's opinion, although he said that the only question that came before him for consideration was that involving the loss of the plaintiff in the unlawful and illegal combination in restraint of trade.

DIRIGIBLE CROSSES ENGLISH CHANNEL

Average Speed of French Balloon is Thirty-Three Miles an Hour

London, Oct. 18.—Another chapter was added to the history of aviation Sunday when the French dirigible balloon, Clement-Bayard, made the voyage from Compiègne to London in the remarkable time of six hours, a journey requiring seven hours by the fastest express trains and boats. Compiègne is 45 miles northeast of Paris and about 195 miles by air route to London.

It was the first occasion on which a dirigible balloon has crossed the English channel. The over-water trip occupied forty-five minutes.

The Clement-Bayard, with a crew of six, left Compiègne at 7.15 o'clock in the morning and reached London at about 1.15 in the afternoon, making the trip without a stop. Atmospheric conditions were perfect and the big airship travelled with a slight breeze behind. The behavior of the dirigible was splendid and the 440 horse-power motor worked to perfection. The passengers experienced no discomfort and were only troubled by the mist in crossing the English channel.

There was nothing to interrupt the smooth, swinging motion of the balloon, which averaged close to thirty-three miles an hour. An altitude varying from 300 to 700 feet was maintained and all along the flight over the land the aeronauts were cheered by thousands of spectators.

The balloon made a safe and an easy landing at Wormwood Scrubs.

The dirigible carried M. Clement, of the Clement-Bayard firm, in command; Baudry and Le Prince, steerman; Sebatier, engineer and designer; two mechanics and Arthur Philip Du Cros, member of the British parliament, representing the British parliamentary aerial defence committee. Only these seven were aboard, although the airship can accommodate thirty-eight passengers, in addition to the crew.

The course was by way of Amiens, Abbeville and Boulogne, and the balloon was steered readily with the aid of a compass.

The French government provided

three torpedo boats, which followed the dirigible across the channel. The balloon arrived over London just as the streets were filled with the great Sunday crowds leaving the churches.

Hundreds of thousands gathered to watch the flight. The aeronauts experienced some trouble with the varying air currents. On this account they circled St. Paul's and the tower bridge twice, dipped several times and flew close to the tops of buildings. They passed over the houses of parliament and along Hyde park, where there was a wild scramble of spectators. The dirigible landed safely after describing large descending circles.

PRISONER TESTIFIES ON HIS OWN BEHALF

J. P. Webb, on Trial at Portland, Says He Struck W. A. Johnson in Self Defence

Portland, Ore., Oct. 18.—Displaying no nervousness except his shifting bal-ances, James V. Webb, yesterday told the men who are trying him for life in the circuit court, how he killed William A. Johnson in a room in the New Grand Central hotel on the afternoon of June 20, and later tried to conceal the deed by cramming the body into the trunk of his companion, Mrs. Carrie Kersh.

Webb declared he struck Johnson in self defence to protect himself from a murderous attack by the man he slew. He thought Johnson was a good fellow, but said, bore the man no ill will, and had no idea of killing him. He said that after wrenching a black jack from Johnson's hand as the latter advanced upon him, he "saw red" and struck Johnson several times; he could not say how many. He says he cannot remember putting the body in the trunk, but testified the idea of using the trunk came to his mind from reading of the disposal of the victim's body in the manner in the Porter Charlton case at Lake Como, Italy.

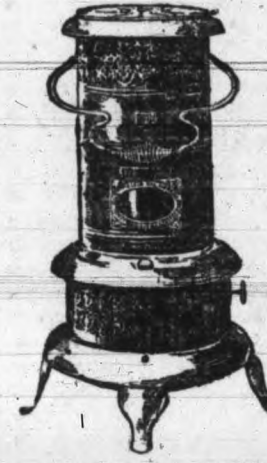

Testimony tending to show that Webb had intended to chloroform Johnson marked the close of the state's case in the morning when Deputy District Attorney Fitzgerald called A. S. Rodda, a drug clerk, to the stand.

Rodda positively identified Webb as the man who came to the store of the Wood Drug Company, 67 North 3rd street, on the afternoon of that day and wanted to buy half pint of chloroform.

NOTICE

Notice is hereby given that I intend to apply at the next sitting of the Board of Licenses Commissioners of the City of Victoria for a transfer of the liquor license now in the name of John Berryman, in respect of the Teutonia Saloon, situated at No. 1386 Government street, Victoria, B. C., to Charles P. Le Droure. Bated this 15th day of October, 1910. ELIZABETH BERRYMAN, Executrix of the Estate of John Berryman, Deceased.

Dry Your Clothes on a Wet Washday With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

Dealers everywhere. If not of yours, write for descriptive circular to the nearest agency of the

VICTORIA EDUCATIONALLY.

The provincial university will be located in the neighborhood of Point Grey. The Times has objected strenuously to the action of the Provincial Government in regard to the reception of the report and to the manner of making it public.

While joyfully supporting the provincial university, it is also the duty of Victorians to look after their own interests and the interests of their children. There is at present in the city school system provision for taking two years of the university course.

It is too early yet to take any definite action towards seeing that Victoria retains the privileges that she at present possesses, but it is well to state right at the beginning that whatever arrangement is made, it must be such that the interests of Victoria and of any other large cities which may spring up in the province, shall be protected.

THE GREAT CHIEFTAIN AT MONTREAL. Sir Wilfrid Laurier came to the West, and the reception he was accorded by the whole people was a revelation not only to the Prime Minister but also to the whole country.

The audience which gathered in the immense auditorium at the Monument National was largely Catholic, yet the Prime Minister did not hesitate to castigate those Catholics and others who tried to stir up race or religious hatred.

The audience which gathered in the immense auditorium at the Monument National was largely Catholic, yet the Prime Minister did not hesitate to castigate those Catholics and others who tried to stir up race or religious hatred.

Chicago—Sheppard walked; Schulte trying sacrifice, hit to Coombs, and Davis muffed Coombs' throw. Schulte was safe, but gets credit for a sacrifice. Hofman popped to Davis. Thomas with his bare hand stopped Coombs' wild pitch. Chance fanned. Zimmerman flied to Lord. No runs.

PRESS OPINIONS

Ambitious But Poor. Japan is the latest country to catch the Dreadnought craze and having caught it she has it badly. Admiral Saito, the minister of the navy, demands no less than sixteen vessels of this class as well as a dozen all-big-gun cruisers which practically cost the same as a first class battleship.

Some scientists now think they have made the discovery that the amount of oxygen in the atmosphere is diminishing and that life may be extinguished on the earth through all creatures being choked with carbolic acid gas.

Home Rule. The reasons by which the Irish Home Rule agitation was defeated have disappeared at the same time that the well-founded objections to it have vanished.

ATHLETICS WIN SECOND GAME. (Continued from page 1.) Second Innings. Chicago—Davis muffed Baker's throw to catch Tinker who was safe. Collins caught Kling's liner and threw to Davis, doubling Tinker. Brown out, Collins to Davis. No runs.

Chicago—Sheppard walked; Schulte trying sacrifice, hit to Coombs, and Davis muffed Coombs' throw. Schulte was safe, but gets credit for a sacrifice. Hofman popped to Davis. Thomas with his bare hand stopped Coombs' wild pitch. Chance fanned. Zimmerman flied to Lord. No runs.

ANNUAL CHARGE TO THE SYNOD

BISHOP PERRIN DEALS WITH IMPORTANT ISSUES

New Cathedral—Provincial Theological College—Religious Teaching in Schools

The synod of the diocese of Columbia is in annual session, having been formally opened last evening in Christ church cathedral, when St. Rev. Bishop Perrin delivered his charge to the clergy and laity. There was a large attendance of both orders, and in addition a number of members of the church had gathered. His lordship said in part:

Once more in God's dear mercy we are allowed to meet in synod, and my first words are of hearty welcome to our new dean. The responsibility of making the appointment I felt to be very great, and it was only after earnest prayer, mature thought and careful consultation that the choice was made, and I had the pleasure of installing the Reverend A. J. Doull as rector of Christ church, Victoria, on May 29th, and as Dean of Columbia on June 15th. The whole diocese has given him the warmest possible reception, and from my experience of the last four months I cannot be too thankful to have him as a fellow-worker. May he long be spared to a blessing, to the diocese and parish. At the same time I instituted Rev. C. E. Cooper and Rev. J. A. Leakey as canons of the cathedral as a recognition of their many years of faithful service. These, together with Archdeacon Scrives, who was appointed canon by my predecessor, constitute the caputular body under the bishop of the diocese. I have promulgated a constitution, and certain canons which will be formally laid before the synod, and by virtue of my office I have set apart this church to be the cathedral church of the diocese, carefully preserving all the rights of the parish. Eventually these acts will be incorporated in an act of the local legislature, but I have thought it well to delay this for a time. Meanwhile I hope and believe that the appointment of a dean and chapter and the more definite dedication of this cathedral will have an influence for good—direct and indirect—upon the whole diocese.

Several changes have taken place in our staff of clergy, and to-day we welcome Rev. S. Lyall, of Chemainus; Rev. H. H. L. Seal, of Alberni; Rev. J. S. A. Hastin, of Salt Spring Island; and Rev. C. W. Wynn, who has been appointed to the newly formed district of Cobble Hill and Shawanigan, and Rev. E. P. Nyvin as assistant of the Columbia coast mission. Rev. W. Barton, whose assistance when I held the office of rector of Christ church was invaluable, has accepted the position of priest vicar of the cathedral. The following clergy have left the diocese: Rev. E. F. Wilson, Rev. J. Grundy and Rev. G. M. Ambrose. No appointment has yet been made to Ladysmith, but I have to thank Rev. D. Holmes, of Duncan, for undertaking the work temporarily, and also for having accepted the charge of Cobble Hill and Shawanigan before the arrival of Rev. W. W. Wynn, Rev. Canon Newton, although he did not officially leave the diocese, but who when he had the strength was always ready to help, has passed to his rest. A pioneer clergyman in the diocese of Saskatchewan, who endured hardships as a faithful soldier of Jesus Christ!

I wish also to extend my sympathy to the Rev. G. W. Taylor, one of our oldest clergy, in the long sickness which he has been called upon to bear, and which he has borne with wonderful courage.

In our executive committee we have received a vote of condolence with the diocese of Westminister upon the death of Bishop Dart. He kept faithful to his post to the very end. His devout character and simplicity of life are an example for us all. He was allowed to see, during the fifteen years of his Episcopate great developments—a large increase in the number of the clergy; and the formation of the diocese of Kootenay. We wish Godspeed to his successor Bishop Du Pencler, at whose consecration by the Primate of Canada I assisted, and we trust that before long the endowment fund will be completed and a bishop will be appointed for the diocese of Kootenay.

I have dedicated a new church at Sidney, in the parish of Saanichton, to some extent to take the place of the old dilapidated building, and the channel of a new church at Port Alberni. Substantial additions are being made at Ladysmith in the shape of a chancel and transepts. A new parsonage has been built at Cumberland, and the parsonage at Chemainus has been completed.

I ordained to the priesthood the Rev. George Stewart at the request of the Archdeacon of Kootenay, during the vacancy of the see of New Westminster.

No definite steps have been taken with regard to the new cathedral, but the prospect is certainly far brighter than it has been during the years of my Episcopate. The example of the diocese of New York may well stimulate us, the result of five years' work in that diocese is not only the erection of a remarkable beautiful cathedral, but the true development of church

Telephone 3. 1129 Wharf Street, Victoria, B. C.

We have in hand nearly \$12,000 and two unsolicited subscriptions of \$500 have been promised. On all sides people are asking when the work is to be commenced. Large sums must be given by those who are rich in this world's goods, and there is no doubt that many who some years ago may have been land-poor are now by the growth of the city and the large increase of the value of land in a position to make those large gifts without which it is almost impossible to hope to collect the amount that will be needed. Let me not be misunderstood—the smaller gifts of poorer people are equally necessary and in God's sight of equal value.

A scheme for the organization of the four existing dioceses into an ecclesiastical province will be brought before you. Permission was obtained at the General Synod at Ottawa two years ago to take this step, and if the several synods agree to it, it will be possible to form the province at the next meeting of the General Synod to be held in 1911. The ecclesiastical province will be coterminous with the province of British Columbia, and it will undoubtedly strengthen the position of the church if we are able to act together in matters that affect our work, and to use that power which we ought to have in remedying evils.

Theological College.
It will, I suppose, be a matter of regret to us all that Victoria has not been chosen as the site of the provincial university—but as true citizens we must all unite in hoping that the best results will follow its establishment in Vancouver. It must not be merely a school of technical instruction, but have as its object true education, and whole tone of life in the province needs to be raised. We may learn our lesson from the universities and great public schools of the Old Land, the higher ideas of honor must be cultivated, and money-making relegated to its proper position in life. So will men be truly educated as leaders of the community and that righteousness which alone exalteth a nation is fostered amongst us.

The way is now open to start our provincial theological college, and as soon as the actual location of the site is fixed, there is no reason why the building should not be begun. There is at our disposal about \$60,000, including the generous grant of \$25,000 from the Pan-Canadian thank-offering. Representatives of the four dioceses have already met to consider a constitution, and I propose that a committee of this synod shall be appointed with power to act. In a short time we hope that the college may be incorporated, and the right man found for the office of principal. The association in England is prepared to bear the expense of the stipend if not more than \$3,000 a year. Much will depend (humanly speaking) upon the choice. He must have certain definite qualifications in scholarship and in the power of influencing the students committed to his charge. To

R. H. CHAPMAN GIVES INTERESTING LECTURE
Told Members of Natural History Society of Journey Across Desert

The members and friends of the Natural History Society almost experienced the pangs of thirst and were oppressed with heat last night as they travelled in company with R. H. Chapman, of the Dominion government topographical survey, over the arid plains of Nevada, across the barren mountain ranges and through the horrible Death Valley as they crossed the boundary and entered California. There were times of refreshment as they stopped at some of the oases which relieve the monotony of the desert and save the traveller from a miserable death.

Mr. Chapman passed through the valley some years ago when engaged in topographical work on behalf of the United States government, and secured a very fine series of pictures. It was of this tour that he told his hearers last night. The photographs were unique, and the lecture intensely interesting.

Previous to the lecture the ordinary business of the society was conducted. Dr. Hewitt, whose lecture on the relation to health attracted so much attention last week, was elected an honorary member of the society. A fine collection of floral specimens gathered in Ontario was presented to the Canadian society by Miss "Chouteau." A protest was made against the use of the name Shot-bull's Hill instead of Ganakies Hill. Captain Walbran also drew attention to the fact that Active Pass was also often wrongly called Pumper's Pass, and other old names were being abandoned.

DISMISSED WITH COSTS.
Outcome of Interesting Action by a Passenger Against P. R.
That the company that carries you is not supposed to insure your clothes is the effect of a judgment handed down at Vancouver by His Honor Judge Grant in the case of Weldon Reagin against the C. P. R. The complainant was a passenger from Victoria to Vancouver on the steamer Chamier on July 22nd last. He took a berth and on retiring at night hung up his clothes by the window, which was wide open at the time. He took no pains to examine it, but locked the door and went to bed. When he rose in the morning he found that his suit of clothes containing his pocketbook and other articles had disappeared, presumably through the window. He estimated his loss at \$60, and brought suit against the company to recover the same. His lawyer contended that the company was an insurer for a passenger's clothes as well as for his baggage. His Honor, however, did not take that view, but in concluding his judgment he says:

"As I view it, the plaintiff's neglect and the pilot's unkind act are the only elements in this unpleasant occurrence, and that the defendant company is in no way chargeable or responsible. The action is dismissed with costs."

CONCERT AT DRILL HALL

Next Friday, the anniversary of Trafalgar Day, the band of the Fifth Regiment, C. G. A., will give a free popular promenade band concert at the drill hall. Several well known vocalists will assist the band. It is expected that there will be a large attendance on the occasion of this notable anniversary. If the attendance is satisfactory it is probable that regular promenade concerts will be given by the regimental band at the drill hall.

The McLaughlin Buick Car Still Leads

MR. ERNEST G. MAYNARD, 216 Park Boulevard, Victoria, writes the following: Western Motor Supply Co., Victoria, B. C. Gentlemen—I have driven my McLaughlin Buick car continually since May 15th, 1909, covering OVER 5,000 MILES, and during this period my repairs and replacement account has only been \$7.00 for one spark plug and one spring. My car is running as well now as when I purchased it. I have travelled over some of the roughest roads on this island, also been over the Summit several times, and still running on the same tires I got with the car. I feel safe in saying it is the BEST CAR ON THE MARKET FOR THE MONEY. This is only one of the many un-solicited testimonials that have been received. Better come in and let us demonstrate one for you.

Wanted

Manual Training Teachers

WANTED—For the manual training department of the public schools of Victoria, two teachers who have had experience in the teaching of that subject. Applications must be sent in to the office of the Board of School Trustees not later than Tuesday, the 18th. Salary \$20 per month. Ed. B. Paul, superintendent.

ED. HOUSEHOLDER AS VICTORIA'S MANAGER

Vancouver's Rightfielder Posts \$1,000 With Northwestern League for Franchise

Seattle, Oct. 18.—Victoria wants a franchise in the Northwestern League, and is going about getting it in a business like way. Already \$5,000 has been raised to support a club, and a certified cheque for \$1,000 as a guarantee has been brought here by Eddie Householder, of the Vancouver team, who it is said is acting for the Victoria interests, and will be the manager of the Victoria team if the franchise is allowed.

That cheque for \$1,000 will talk a lot louder than street corner boosters when the directors get to considering the situation. If Victoria is admitted, Eddie Householder will very likely be the manager. Eddie has the promise of Bob Brown to get away from Vancouver if he gets a chance to run a club. Ed should make good as a manager, for he has been in the game long enough to know all the ins and outs of the pastime.

PROGRESS IS MADE IN WESTERN CLUB

Building Fund Concert Takes Place 26th—Membership Makes Advance

Last evening the weekly meeting of the Victoria West Athletic Association was held in the club rooms, when general business was transacted. The committee in charge of installing the hot water connections reported the stove and boiler were already in place, and it now only needed the plumbing part of the work to be done when the shower would be in operation. Several other needed repairs to the building were ordered to be attended to.

Mr. Harby reported that the concert in aid of the building fund, to be held in Semple's hall on the evening of the 25th, would be well worth hearing. The very best performers, vocal and otherwise, of the city, had been secured, and a real treat was in store for all those who would attend. Tickets were selling splendidly, and from all indications the affair was going to be a signal success.

It was decided to commence regular basketball practices at once so as to be in real good shape by the commencement of the season. The secretary reported that many new members had paid their dues, and that the club was in a healthier state at the present time than at any previous year.

The football players of the Wests are reminded that a general run takes place to-night and also Thursday night, when every member of the team is asked to be sure and be present.

ACCIDENT HAPPENS TO EDMUND BEANEY

Victoria West Goal-Tender Suffering From Injured Hand But Will Play Saturday

That strapping, white-haired goal tender of the Victoria West soccer team, whom it was generally believed was impregnable, is, like the famous Roman, Achilles, laid low with a minor hurt. Beaney did not get an arrow in the heel, no; it is on the finger this time, and yesterday the Victoria West man was suffering the most kinds of original agony there are, but it is not believed he will die.

Yesterday he was able to walk and to talk. His talk told of pain and suffering and a sleepless night. He carried a bound hand, sore to the touch, stiff and intensely painful. The accident happened at Royal Park on Saturday afternoon before the Victoria West-Forsters game commenced. Beaney was taking his usual eye-trimmer and warm-up in goal, when Crawford from the penalty line sent in a hot shot. Beaney says he kicked like a cannon. The ball caught Beaney on the finger-tips, spread his second and third fingers, and did something to something right down in the knuckles. The physician whom Beaney saw yesterday has a long Latin name for it, and when Beaney heard what was the matter with his hand, pronounced fluently in Latin, he almost fainted. He did not think so much could be confined to so small a space. He took a little picture from his pocket, a picture he always carries, gazed rapturously upon it, and was about to breathe "farewell, farewell, for ever," when the doctor translated the awful sentence into "strained ligaments."

The white-haired boy of Victoria West held his hand over his heart, felt it pulsing, and decided that life was still possible, so he has decided to live and not start the biggest sporting funeral of modern times.

Last night he was taken in hand by several members of the club, and what they and the doctor cannot do between them by Saturday is not worth talking about. They are going to patch up the wounded hero, and the crowd of girls that follows the Empress football team will be able to see him at the net on the Royal Athletic ground Saturday, where Victoria West plays the hot item, perhaps with a bandaged hand, which will make it all the more thrilling and exciting.

COMMENTS ON FIRST CHAMPIONSHIP GAME

(Times Leased Wire.) New York, Oct. 18.—The following bouquets and criticisms were culled today by the United Press from the extended comments of leading men and baseball writers: Fielder Jones—The masterful pitching of Bender; the solid hitting of Baker, and the fast, smooth defence of Mack's great infield tells the story. Ty Cobb—Bender's wonderful pitching and Baker's offensive work won the game. A. C. Anson—Speed, ginger and youth triumphed. The Athletics outplayed the Chicago machine. Bill Lange—No team in history could have beaten Bender yesterday. Outside of the pitching department the Athletics outplayed the Cubs. Hugh Fullerton—The Athletics won on pitching. The Cubs look as good to me today as they did yesterday. Doc White—The game displayed rare judgment and great fielding ability. The Athletics showed to better advantage from the start.

The total import and export trade of Japan during 1909 was 1 per cent less than that in the previous year, and 12.3 per cent less than 1907.

EASTERN VIEW OF MANN CUP FARCE

Vancouver Amateurs the Only Team Entitled to Hold the Trophy

That the claims of the Vancouver amateur lacrosse team in regard to the Mann cup are not without foundation is evident from the attitude of the eastern press. The Toronto Globe comments on the farcical series as follows under the caption: "Send the cup to Vancouver."

The Vancouver lacrosse team went home last week feeling that they had been shabbily treated in the blundering and farcical "management" of the Mann cup competition. The representations on which they made their long journey were not carried out, and their complaint seems to have much justice in it. Under the impression that they were to meet representative teams for "the amateur championship of the world," the latter being wholly gratuitous, since nobody around here has the disposing of championships in this haphazard fashion—they were put into a competition with teams that represented nothing except inability to win in their own company. The Young Torontos had failed to win their series, and were not eligible to play for the cup under the trustees' own announcement. The Maitlands had not won anything, and the playing of the seniors under the right of the juniors, who had won in the city league, was something more than a farce. It was an imposition on the Vancouver team. Of the ridiculous aggregation passing under the name of Cornwall, and furnishing only a peccadillo game for the Maitlands, the less said the better.

Where the Vancouver team have the greatest cause to feel that their long and expensive journey was useless, lies in the fact that the other teams allowed to play for the cup had no right to be in the competition, unless the trustees made some other condition after declaring to the Canadian Lacrosse Association that "the trustees are now open to accept challenges for the Mann cup from any club which has won its series with players who can qualify as amateurs under the following rules."

Inasmuch as the Young Torontos did not win their series at all, it seems only just to the Vancouver team, who did meet the conditions, that the trustees should send the cup, when it is made, to the boys from the Pacific coast. It will not represent a championship in any case, since championships are not manufactured by the say-so of any self-appointed committee, but it is the trophy they came here to play for, and they are the only team that seem to have any claim on it.

SPORT NOTES

Thursday night next there will be a meeting of the executive of the Victoria and District Association Football League at the Y. M. C. A. rooms, where all league meetings will be held for the future. The protest of the Esquimalt club against the goal disallowed in the match with the James Bay team last Saturday is the principal business to be dealt with.

Matches and referees for Saturday are as follows: First division—Garrison and Cedar Hill at Work Point, A. Lockley; Esquimalt and Forsters at Canteen ground, F. Waters; North Ward and James Bay at North Ward park, G. Allison; Victoria West and Empress at Royal Park, W. Lorimer.

Second division—Oak Bay and Baraca at Oak Bay, R. Morrison; Beacon Hill and North Ward at Beacon Hill, J. Allen; Fifth Regiment and Victoria West at Beacon Hill, R. Locke; Esquimalt and Garrison at Esquimalt, G. Sawyer.

The Esquimalt and Garrison game at the Canteen ground in the second division will commence at 2.15, to make way for the first division match on the same ground between Esquimalt and Forster at 3.15 p.m.

George Hackenschmidt, the Russian wrestler, will arrive in Montreal next month under the management of Geo. Kennedy. In the United States he will be under the management of Jack Curley, who wants to see the Russian matched once more with Frank Gotch, the world's champion.

Chandler, the long distance runner, reinstated as an amateur by the B. C. A. A. U. at the general meeting last month, will run in the Thanksgiving Day road race at Vancouver. The Gold Seal is the long distance event of B. C. athletics. No Victoria runner has yet come forward to represent the Capital.

Walter McCredie's statement that the "Coast League is crooked all the way through, always has been crooked and will continue to be so until the present officers are ousted," is not to go unchallenged. In addition to sending a personal telegram to McCredie asking him if he was correctly quoted, Judge Graham, as head of the league, has instructed Secretary D. W. Long to call a meeting of the league directors for Thursday evening, October 20, at which time he will seek to have the charges investigated.

At a meeting of the North Vancouver Yacht Club it was practically decided to challenge for the Alexandra cup next year, presumably with an international rule boat. This announcement does not mean that the club intends building a challenger, however. Capt. Deane's Alexandra is now registered in the N. Y. Y. C. and will compete in the trial races next year for the honor of sailing for the cup in case the Royal Vancouver Yacht Club should build a challenger for next year's annual regatta at Victoria.

The Vancouver High school team comes to Victoria December 3 to play the Victoria High school Rugby team. On the same day the Vancouver High school basketball team and the girls' basketball team come over to play the

Hunyadi Janos

Natural Laxative Water

Quickly Relieves:—
Biliousness,
Sick Headache,
Stomach Disorders,
and
CONSTIPATION

respective teams of the Victoria High school.

The North Ward soccer club will hold a full practice this evening in view of its game against the James Bay team by Saturday. Having defeated Lady-smith last Sunday, the North Ward officials look for a winning streak, and being only a point away from the two leading teams, the first place looks more than a possibility to them. Players who are not in the pink of condition will not get placed on Saturday's North Ward team. This announcement is from the manager.

At Ottawa Queen's and University are leaders in the Intercollegiate Rugby League; Hamilton and Montreal head the interprovincial, and Grand Trunk and Montreal 2nd are top of the Quebec union.

The Y. M. C. A. senior basketball team will practice at the Assembly rink 6 p.m. to 7.45 p.m. on Tuesdays and Thursdays. No arrangements have been announced for the intermediate and junior teams of the association this season.

The same agitation has started this year in the basketball league. The athletic clubs and players want the season opened this month instead of waiting until the end of next month or thereabouts. E. Christopher is secretary of the basketball league, and after having consulted with the other officials he will see what can be done.

The name of friend is common, but faith in friendship is rare.—Phaedrus

Shiloh's Cure

quickly stops coughs, cures colds, hoarseness, throat and lungs. 25 cents.

PASSING SHOW

New Grand Theatre. The Grand has it this week, without any mistake. May Orietta and Fred W. Taylor have in "The Butterfly and the Prince," an operetta they are staging with special scenery, the best singing act since Will Bovis and Florence Darley were here. Added to the singing qualities of the act, is brilliant and spectacular scenery, and the complete staging with the light effects and dressing making it superlatively attractive as a drawing card to musical Victoria.

The operetta lasts twenty minutes. There are two changes of costume, Miss Orietta and Mr. Taylor appearing in ordinary dress at the opening, the lady's dress being very striking. In the change Miss Orietta is magnificently gowned but as this is a man's description, call it hobbie skirt and let it go at that, only it is much more, and Mr. Taylor, with his patent to nobility, is dressed in the princely costume of the story book prince.

At the conclusion of the act, which drew an insistent encore, the artists rendered "La Bonna Mobile," and another encore was rendered impossible only by the dropping of the curtain.

For "Fun" and acrobatics, Scott and Wilson, the latter from the audience, have a high old time of it, and when the audience finally gets on, it is to see some startling man-handling. The act gets right home and take it either way, it is all a success and should be.

John Higgins, the English jumper, is limited by the stage, but what he does is a revelation to jumpers in Victoria. While in the air he put out lights by touching them with his feet, rings a bell and ends his act by making a series of sixteen jumps over chairs without stopping.

"The Town Fiddler," played by Joseph Kettler and Marie Nelson, is a pathetic little heart interest story that goes well and carries a moral as well. Julia Miller and Charles Breshna, with new songs and jingle and some dancing, please mightily and are one of the strong acts. Thomas J. Price has a song and moving pictures and the strongest bill that has been staged at the Grand in the last six months.

SUED FOR MILLION

New York, Oct. 1.—The grand jury yesterday returned an indictment against Henry P. Duveen, an art dealer, who figured in the customs

scandal which became public here several days ago. The bill charged that the Duveen brothers defrauded the government by undervaluing art goods imported by the firm. True bills were returned simultaneously against Joseph L. Duveen and other members of the family living abroad. Suit for a million dollars against the Duveens was filed in the federal court yesterday by United States Attorney Wise.

Prescribed and Sold Hundreds of Bottles

Dr. J. C. Convery, a Physician and Chemist of High Standing, Extols the Virtue of the Great Health Restorer.

"There is always a great and lasting satisfaction to be derived from administering a remedy and obtaining the result desired and expected. I have been engaged in the practice since I graduated, over 45 years ago, both in pharmacy and medicine, and have sold and prescribed hundreds of bottles of Duffy's Pure Malt Whiskey in cases to maintain and build up a patient's bodily resistance, and shorten the period of convalescence, and patients who complain of headache, biliousness, want of appetite, lack of vigor and ambition, and a general run down and exhausted feeling. I have found nothing more beneficial than Duffy's Malt Whiskey. I am positive of its being pure and unadulterated. Dr. J. C. Convery, 119 Sixth Ave., N. Nashville, Tenn."

Be sure you get the genuine—imitations are impure and dangerous. All druggists, grocers and liquor merchants, or direct, \$1.50 a bottle. Write us if you are sick, it will cost you nothing to learn how to treat yourself. Medical booklet and testimonials sent free.

LYE

THE ADVANCE MAN

"The Blue Mouse" Tonight.

The character of "The Blue Mouse" will live for many seasons to come, it being an extremely unique and interesting type of stage portraiture. The late Mr. Fitch, who adapted the farce from the German, has made her a vaudeville performer, who, when the story begins, is a headliner at the most prominent variety theatre on Broadway.

Augustus Rollette, secretary to President Lewellyn of the Inter State railway, is anxious of being promoted. He realizes the weakness of his employer, which is to flirt with every pretty girl he meets. He hits upon a plan, therefore, of employing the much-talked-of "Blue Mouse" and having her pose as his wife and, while in this guise, wheedle from the president his promotion. The scheme works excellently until Mrs. Lewellyn, a faded-out lady of middle age, discovers the alleged Mrs. Rollette in the embrace of her husband. Lewellyn very graciously introduces the lady as the wife of his secretary, not knowing that she has met the real Mrs. Rollette. Complications follow each other so swiftly that the audience has great difficulty in keeping pace with the situation. The cast includes Grace Merritt, Wilton Taylor, Inda Palmer, Guy D'Enaney, Miss Tracy, John E. Hynes, Gordon Mendelsohn, W. G. Reiner, Frank Holbach, John Dunne, Mary MacGregor, Doris Kraker, Manuel Alexander and others.

"The Blue Mouse" will be presented at the Victoria theatre this and tomorrow evenings.

"The Whirlwind."

As every one knows, Margaret Illington, who will be seen in her new French drama, "The Whirlwind," at the Victoria theatre on Thursday next, is considered one of the foremost emotional actresses in this country. When she left the stage two years ago, broken in health, her retirement was commented upon as a distinct loss. Her health now being completely regained, she returns to stage work with greater physical force and renewed ambition. Henri Bernstein, who wrote "The Whirlwind," also wrote "The Thief" for Miss Illington.

The company in support of Miss Illington numbers many well-known players, foremost among them being Walter Edwards, Charles Swickard, David Edwin, Melville Rosenow, C. M. Lynton, Miss Georgia Cooper-Woodthorpe and

News of the Night

As the enamelled metal bed is to the wooden bedstead, so the "Ideal" Guaranteed Metal Bed is to ordinary metal beds. If it were not above the average in every detail, the "Ideal" Guarantee would not be on the footrail.

For while any metal bed is sanitary, sensible, practical, the "Ideal" Metal Bed is all these and more besides. The Guarantee label means satisfaction to the buyer.

Because "Ideal" Metal Beds retain the snowiness of their enamel—no chance of its turning yellow or dingy. Take it down or set it up without risk of breaking it, and with no need for a mallet and much muscle—the parts fit snugly. Forty inspections make us so sure of that that we can afford to guarantee it to you.

Maybe you will be asked a little more for "Ideal" quality—perhaps forty cents more. But that cannot weigh against the certainty the "Ideal" Guarantee gives you of genuine value—and of the same quality in material and workmanship, even though you pay but four dollars for your "Ideal" Metal Bed. WOULD PROTECT TRADE ROUTES

BERESFORD'S SECOND LETTER TO ASQUITH

On Saturday last the Times reproduced an open letter written by Lord Charles Beresford to Premier Asquith, advocating an increase in the number of warships. This has been followed by another letter dealing with the protection of trade routes, which is also of great interest coming from such a source. It is in part as follows:

The British trade routes of the world are at this moment almost wholly unguarded; and there exists no practicable arrangement whatever for providing increased defence in time of war, British trade in the event of war would, therefore, be exposed to the attacks of privateers on all routes.

The immediate result would be:

1. A sharp rise in the rates of insurance.
2. A sharp rise in the prices of raw material and the necessaries of life.
3. Refusal of shipowners to allow their vessels to leave port.
4. A heavy fall in the price of securities.

The privateering of the future will be conducted, as it was in the past, by merchantmen transformed into duly licensed privateers. Privateering (except in the case of the United States) was abolished by the Declaration of Paris of 1856. It was permitted to be revived in practice by Russia during the Russo-Japanese war, and an attempt has since been made to legalize privateering by the Declaration of London of 1909. But the legal aspect of the question is immaterial, except in so far as it provides an unmistakable indication of the policy to be pursued by foreign nations in the event of a maritime war. That policy is secretly to equip swift merchantmen with guns and guns crews prior to the declaration of war, to provide their captains with the necessary formal documents required to transform a merchant vessel on the high seas into a privateer; and to telegraph orders to begin operations to all ports at a given moment. After the declaration of war, such merchant ships, until they are thus transformed into privateers, can, of course, use neutral ports closed in time of war (except for twenty-four hours) to regular warships.

Privateering has been revived under conditions which enormously enlarge its powers to injure British trade. No measures of any kind have been taken by the British government to guard against this danger. In the year 1896 there were in commission 284 frigates and sloops—the cruisers of their day—of which all save about forty were disposed upon the trade routes. In those days attacks on commerce were conducted by regular warships and not by vessels carrying letters of marque. After the Declaration of Paris of 1856 it was supposed that the only danger to apprehend with regard to commerce was the guerre de course conducted by regular warships. Under these circumstances the Royal Commission on the Supply of Food and Raw Material in Time of War, of 1905, entirely omitted the consideration of privateering, confining their researches solely to the possibility of commerce-destroying by regular vessels of war. The evidence submitted to the commission revealed the gravest misgiving, even under these favorable conditions, on the part of many witnesses.

The position to-day may be defined as an almost total inability to guard against a sudden and an insidious method of attack, secretly organized, which might inflict a vital injury before any decisive action could be fought, and which does not depend for its first success upon obtaining the command of the sea.

I proceed to give my reasons for our inability to meet the deprivations of privateers. In order to repel such attacks it is necessary that ships of war be stationed where they can control a certain area. These areas being continuous, what is practically a completely effective control is established. Such was actually the system in use before the reduction of the cruiser force occurred to which the commissioners refer with some appearance of a not unreasonable consternation.

The armed patrol at present existing to control the trade routes and the whole contiguous area is as follows:

Thirty cruisers to guard waters in transportation (ships and cargoes), which on any given day is worth 150,000,000; or annually some £1,200,000,000 carried in British bottoms to a volume of 12,333,354 tons. Upon those thirty cruisers, distributed in various parts of the world, depends the security of the greater part of the food supply, raw material, and wealth of these islands.

The protection of the trade routes of the world is distributed as follows:

Atlantic coast of North America and West Indies—Four training cruisers, three attached cruisers, occasionally on station.

India and Persian Gulf—Five cruisers, five subsidiary vessels.

Australia and New Zealand—Nine cruisers.

Eastern Pacific, West Coast of America—Two small sloops.

Southeast coast of America—None.

Cape of Good Hope, British South Africa, west coast of Africa—Three cruisers.

China, Japan, Singapore and Western Pacific—Six cruisers, two sloops, three gunboats.

The writer goes on to show that he considers these quite inadequate, but takes no account of the vessels to be built for or by Canada, Australia or other outlying parts of the Empire, whose business would be to protect trade routes.

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-tives"—The Famous Fruit Medicines

Fruit Juice consists of about 91 per cent. water, 8 per cent. of sweet matter and only 1 per cent. of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juices.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicines—"Fruit-a-tives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-tives" is the only medicine in the world made of fruit juices; 50¢ a box, 6 for \$2.50 or trial size, 25¢.

DRY WEATHER IS A MENACE TO HEALTH

Government Will Not Appoint a Commission to Inquire Into Causes of Epidemic

An important communication relative to the recent epidemic outbreak in this city of dysentery and infantile paralysis from Hon. Dr. Young, provincial secretary, was read at last evening's meeting of the city council. The provincial authorities refuse to entertain the request of the civic board of health that a royal commission be appointed with a view of tracing the causes responsible for the outbreak, it being explained that the government, during the past summer, has been itself making every necessary investigation in the interest of public health. The communication from Dr. Young was ordered sent to the medical health officer, Dr. G. A. B. Hall, for report.

The provincial secretary enclosed a report by the provincial health officer, Dr. Fagan, dealing with the matter particularly with the epidemic of dysentery. Dr. Young points out that a perusal of this report will show that the remedy lies in the hands of the city health board, and if proper sanitary precautions are observed there is no reason why there should be a continuance of the trouble. With the advent of the fall rains, the provincial board looks for an entire cessation of the difficulty, but the board at the same time would point out that if the summer of 1911 is as dry as that of the present year the city must expect, if proper sanitary precautions are not taken, a repetition and an accentuation of the trouble which has been experienced.

Referring to infantile paralysis, this, the minister states, is a matter which is receiving the careful attention of the provincial board of health, which is in communication with the leading laboratorians and specialists in the east in order to determine, if possible, what has been the cause of the general epidemic throughout the continent. The government is of the opinion that in view of the steps already taken by the provincial board of health it would not serve any good purpose to appoint a royal commission at this time. The appointment of such a commission would necessitate the bringing from the east expert laboratory men and men expert in the investigation and treatment of the condition. These experts are at the present engaged throughout the Dominion and the United States upon an investigation, and the results of this investigation will be available from time to time.

MAYOR EXPLAINS BOARD CONTROL FURTHER CONSIDERATION DEFERRED FOR A TIME

Aldermen Want Information as to How System Has Worked in Other Places

There was but little discussion at last evening's meeting of the city council over the proposition advanced by Mayor Morley that the time had arrived when Victoria should inaugurate the board of control system in addition to the city council, most of the talking being done by his worship, who outlined the proposal at some length.

Those aldermen who had information to say on the matter were unenthusiastic to the proposed innovation. Finally, on motion of Alderman Fullerton, further consideration of the matter was deferred to a later date.

His worship expressed himself as not entirely in accord with the legislation passed by the government making it possible for the municipality of Victoria to inaugurate the board of control system. The act was in some of its provisions very ambiguous. But in his opinion the time had arrived when the people of Victoria should consider a change in the system of civic government. He had been informed that Vancouver was considering the idea of adopting the board of control idea. Should the mainland city go in for the change it would be desirable for Victoria to do so simultaneously, if at all, as the two cities working together could get such changes in the act as would make it more workable.

While his worship was firmly convinced that the members of the present council had worked faithfully for the best interests of the city, it was, he said, obvious to all that better results could be obtained if a system were introduced which would enable those responsible for the direction of the public affairs of the city to do so free from all sentimental considerations. The best results were only to be obtained when the legislative and administrative branches of the city did not overlap. In many cities in Eastern Canada, where the board of control system had been adopted, it had given great satisfaction.

In his opinion the present provincial act was lame in that it added another branch to the civic governing body, but did not give either a free hand. The administrative end of the council was called upon to meet weekly, acting with the legislative body, in order to get the necessary authority for proceeding with the various works. Were a proper board of control in office it would probably not be necessary for the council to meet more frequently than once a month for legislative work.

His worship concluded by denying that he was "fishin'" for a place on the board of control, were that system adopted. He had nothing in mind but the best interests of the city.

Ald. Langley, while he thought there were many admirable features about the board of control system, felt that the council ought not to be asked to come to any decision in so important a matter without getting the fullest information as to the experience of other cities where the system had been tried. He was not sure that the system would work well in Victoria. In Toronto, where it had been in force, for some years, there was a difference of opinion as to its merits.

To this his worship remarked that there was no doubt that the aldermen of Toronto objected to having their prerogatives curtailed, but the people on the whole approved of the altered system.

Ald. Fullerton moved that further consideration of the proposal be deferred to a later date. This carried.

ANNUAL CHARGE TO THE SYNOD

appoint a clergyman without such experience, if one could be found willing to accept such a post, would be to court failure, May God guide us aright.

Self-Constituted College Body.

I feel it my bounden duty to enter a solemn protest against the action of three clergymen and an influential body of laymen in Vancouver, in having started Latimer College. An entirely self-constituted body without any consultation with the bishop or synod of the diocese of New Westminster, has appointed a principal and actually commenced work. In spite of the protest of the late Bishop Dart, they have taken upon themselves this responsibility, with the full knowledge of the fact that the formation of a provincial theological college was only awaiting until the site of the university had been definitely settled. Recognizing to the full existence of different schools of thought in the Anglican church, nothing in my opinion could justify such a course of action, and my condemnation would be equally strong if the college had been founded by extreme men of any other party in the church. If they had waited until the provincial college had been in existence, and were dissatisfied with its teaching, they might have been able to show some reason for their action.

The provincial theological college will be kept free from all party spirit, and its teaching will be that of the prayer book in its entirety. I know that by extreme men our prayer book is spoken of as a compromise. It is not true—if by compromise you mean the retention of a vague colorless residuum—No! the teaching of the prayer book is clear and definite. It is not the work of one man or one age. Cranmer and Ridley—and Latimer—compiled it, but such men as Archbishop Laud, Bishop Andrews, Bishop Sanderson, Bishop Cosin, and a host of others defended the prayer book from attacks that were made upon it for 100 years. Its enemies wished to remove the word priest, to deny the efficacy of the sacraments, to abolish Episcopal ordination. Exactly in the same way that some would not listen for a moment. They stood fast—and 100 years after the publication of the first prayer book in the reign of Edward VI, the book of common prayer was set forth with full authority in 1662. Be it ours to hold fast to its teaching, and to take care that all who are being prepared for the sacred ministry of the church shall be faithfully grounded in the Catholic doctrine and discipline taught therein.

Church Extension.

His lordship went on to speak of the jubilee services in connection with the diocese held in London last year, the extension of the church in the northern part of the province, the clergy pension scheme by the purchase of government annuities, mission work among non-Christian peoples, the progressive work of the Woman's Auxiliary and the excellent results being achieved by the Brotherhood of St. Andrew, the Boy Scout movement, religious instruction in schools, need for earnest and persistent work for the improvement of social and moral conditions, the necessity for grappling with the question of impurity and Sabbath observance.

An essay on Egypt by an eleven-year-old Blackburn schoolgirl; Pharaoh was noted for making bricks and he had his name stamped on every brick. He was a very extravagant ruler, and in 1873 he brought the country into debt and oppressed the people and they had to work for nothing. He was very cruel. England then sent Lord Cromer and he has ruled Egypt wisely and well. To-day it is a wealthy country.

Piping Hot Water Always Ready

for every occasion, with the Kootenay Steel Range, without "driving" the fire or wasting fuel. The generous firebox is built so that the water heats very rapidly as it passes through the water front, and gives a plentiful supply. One bath usually empties the boiler heated by an ordinary range with the result that the rest of the family must wait for more water to heat. Not so with the boiler attached to the water front of a

KOOTENAY steel Range

because the Kootenay never fails to heat as much water as is required and as fast as it is used. The nearest McClary Agent, will make clear to you the reasons why you ought to own a Kootenay.

JOHN REDMOND'S DENIAL

Does Not Favor Scheme For "Home Rule All Round."

London, Oct. 18.—The Lloyd George-Birrell scheme of "Home Rule all round"—in other words, subordinate parliaments for the British Isles, was reported by the press to have gained another adherent—John Redmond, leader of the Irish Nationalist party.

Certain speeches made by Mr. Redmond in America were quoted in proof of the press assertion. Mr. Redmond, however, has just cabled to the headquarters of the United Irish League in Dublin, declaring that he favors no scheme of general devolution of local power. The Irish leader could hardly do otherwise, for when Mr. Birrell, in 1907, introduced his devolution bill for Ireland (called by his enemies a "Devil-Union bill") Mr. Redmond, at the Dublin Mansion House, declared his opposition to the scheme.

William O'Brien now comes forward to declare that Mr. Redmond's repudiation is refuted by the fact that T. P. O'Connor, in Canada, on the very same day, made the same declaration as that attributed to Mr. Redmond.

Mr. O'Brien is, of course, the leader of the independent Nationalists, who are a thorn in the side of the official party, both in and out of parliament.

What T. P. O'Connor has to say on the subject, therefore, would be listened to with great attention in Irish Nationalist circles.

THE LATE SENATOR DOLLIVER

Fort Dodge, Iowa, Oct. 18.—Arrangements for the funeral of Senator J. P. Dolliver, who died suddenly at his home here Saturday night, have been completed and if carried out will present one of the most imposing ceremonies ever held here.

Bishop L. B. Wilson, of Pennsylvania; Dr. Frank H. Gunsalus, of Chicago; Dr. N. D. Hillis, of New York; and Governor H. P. Carroll, of Iowa, have been invited to deliver orations. Twelve United States senators will attend the funeral in a body as representatives of the senate. Rev. W. H. Spence will have charge of the ceremonies which will be held on the lawn of the Dolliver home. Interment will be in Oakland cemetery, Fort Dodge, by the side of Senator Dolliver's parents. Business will be suspended in Fort Dodge on the day of the funeral.

ALASKA COAL LAND CASES

Prosecutions Cause Deadlock in Adjusting of Claims.

Seattle, Wash., Oct. 1.—The prosecution of persons alleged to be implicated in vast frauds in the matter of government coal lands in Alaska is causing a complete deadlock in the matter of adjusting claims and making final proofs on such lands by other interests.

This is the claim made by C. A. McKenzie and Attorney John W. Roberts, who have just returned from Alaska, after a fruitless attempt to pay \$40,000 for final proof and to rescue patents on two groups of coal claims, consolidated by purchaser for cash, from the original locators under the law of 1908.

On the ground twenty-four hours before the expiration of the time for final payment, Mr. Roberts tendered \$20,000 on behalf of the Carbon Mountain Anthracite Coal Company, and Mr. McKenzie a similar amount for the McKenzie Anthracite Coal Company. Receiver of Public Moneys Mullen, at Juneau, threw up his hands as he refused to take the money and bind the government to anything, but offered to give them receipts for so much money. This the Seattle men declined to do and their journey to the north was fruitless.

"We are waiting here," said Mr. Mullen, "for the government to enact some legislation whereby we can make a move."

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for such and such ailments as itching, bleeding and protruding piles. See testimonials in the Evening Star and ask your neighbors about it. You can use it at all dealers of Dr. Chase's Ointment, BATES & CO., TORONTO.

DR. CHASE'S OINTMENT

The German Emperor has presented gold watches to H. Mackay, a Leith doctor; A. McGregor and R. Sutherland, boatmen, of Leith, in recognition of their services on the occasion of the capsizing of a boat belonging to the German schooner Heinrich in the Firth of Forth.

COME--SEE!

We ask the pleasure of showing you our handsome new models in Fall and Winter Suits and Overcoats. While we are already noted for having the best clothes, we've rather outstepped ourselves this season in providing for our trade, and we want you to "see."

The idea of selecting clothes where there's nothing but the best clothes to select from—where every garment is fairly priced and you're sure of getting a full measure of clothes quality for every dollar you pay is a good idea to say the least, and a feature of this store that is fully appreciated by all its patrons.

BEAUTIFUL DRESDEN DESIGNS

Bead Purses and Handbags

Our showing of those will be appreciated by any lady who is desirous of having something in this line entirely different. Each design is exclusive, in many very attractive effects. In fact, words could hardly do them justice. A visit would be appreciated. Prices are indeed modest.

Challoner & Mitchell Co., Ltd.

JEWELLERS, 1077 Government St., Victoria, B.C.

third Wednesdays, commencing tomorrow.

Mrs. Musgrave has returned to town after spending the summer at Prince Rupert.

Mrs. Hyland, Kingston street, has returned from a visit to her daughter, Mrs. George McCurdy, Vancouver.

Mr. and Mrs. A. C. Mitchell-Innes have arrived here from Vancouver to take up their residence for the winter.

Mrs. Waikie and Mrs. D. G. Proby will receive at 1210 Fort street on first and third Wednesdays, commencing tomorrow.

Mrs. Pemberton, ar., intends leaving next week for England, where she will be the guest of honor of Canon and Mrs. Beanlands.

Mrs. Falls left yesterday afternoon on the Princess Victoria for Vancouver, where she will spend a few days visiting friends.

Mrs. Harrison, 1223 Harrison street, accompanied by Miss Harrison and H. R. Harrison, leaves shortly for Southern California.

Miss Bell and her sister, Mrs. Roland, 1636 Edmonton road, will receive on Friday afternoon and thereafter on the third Friday of each month.

Miss Jessie, of the public school teaching staff, resumed her duties at Kingston street school yesterday after a week's absence through illness.

Mrs. Pidcock has returned from England, after a visit of a year and a half, and is staying with her son-in-law, E. Purcell Johnston, Dominion road.

Mrs. Bell and her sister, Miss Roland, will receive on Friday at their home, 1636 Edmonton road, and afterwards on the first and third Fridays of each month.

Mrs. J. M. Hollins, "Del Monte," Third street, is receiving this afternoon, and will hereafter be at home to her friends on the third Wednesday of each month.

Mrs. H. Stanley Beaton and Miss Beaton, who have been spending the past few months in Canada, were in Victoria for the week-end, and have left on their return to their home in London, Eng.

Mrs. E. J. Christie and daughter have returned to Victoria, after an absence of several months. Mrs. Christie was accompanied by her nephew, Rev. W. L. Raynes, who goes to Duncan to take charge of St. Andrew's church.

Mrs. H. F. Bishop will hold a reception at her home, 922 John street tomorrow afternoon from 3 to 5, and in the evening from 8 to 10, in honor of her daughter, Mrs. Evans (nee Clara Bishop), prior to Mrs. Evans departure to her new home in Duncan.

Mr. and Mrs. J. S. Clute, New Westminster, will come to Victoria shortly to take up their residence here for the winter with their daughter, Mrs. Beauchamp Tye, who has just returned to town after an extended stay with them.

John A. Hibberson, of this city, and Miss Mabel Revill, late of Blackpool, Eng., were united in marriage last evening at the home of the groom's sister, Mrs. W. Hibberson, Northampton street, Oak Bay. Rev. T. E. Hollings officiated. The honeymoon will be spent on the Mainland.

A very enjoyable evening was spent at the home of Mr. and Mrs. W. R. Findlay, Princess avenue, when a number of young people were entertained by Mrs. Stewart Findlay. The evening was spent with games and music, in which all took a part, after which a dainty supper was served. The house was prettily arranged for the occasion. Among those present were the Misses Hill, Violet Evans, Jean Rutledge, Rio Beattie, Rosie Homans, Mrs. Watson, and Messrs. Findlay, Wood, Mitchell, Gerow and Hill.

Captain William Hunter and his niece, Miss Armstrong, who have been spending the summer with old Ontario friends at Toronto, Belleville, Barrie and other points, stopping at their former home, Winnipeg, returned to the city yesterday afternoon and have taken up their residence again in their handsome home on Government street. Captain Hunter reports a most enjoyable and interesting trip, but admits that after all he has seen no place which quite compares with Victoria.

Mrs. Rowlands, Phoenix place, received yesterday for the first time this season, and quite a number of old friends found their way to the home of this popular hostess. Mrs. Rowlands has just returned from an enjoyable trip to Edmonton and the Okanagan, whither she accompanied her husband and son. While in Edmonton, the party had the great pleasure of attending the concert given by the Melba company. An additional interest was lent to the occasion by the fact that their host, Mr. Richardson, had known Madame Melba and the tenor singer, Lemeuse, in their early days in Australia.

Makers of the famous "2 in 1" Shoe Polish. 20

The Evening Chit-Chat

BY RUTH CAMERON

"Look, I've made the biggest hole," announced a shrill childish voice.

"You have not, either. Just stick your heel in mine and see if it don't go in much further," responded a softer one.

Pause, while the shrill voice experimented. Thereat the shrill voice dug a determined heel into the soft concrete, and from the appearance of the tremendous gouge that she produced, I should say she amply made good her bet.

That was a little scene that I witnessed some six months ago.

To-day, when I passed down that same street and saw the gouges of those competing heels still there and always to be there as long as the concrete lasts, I smiled—and then sighed. Destructiveness is a natural instinct of childhood, of course, but it seems to me it ought to be possible for parents to curb it somewhat more than they do.

Notice of Removal

The fur business so long conducted by J. Boscowitz & Sons of Victoria, British Columbia, has been removed to 628 Granville street, Vancouver, British Columbia.

MOTHERS! MOTHERS! Cuticura Soap and Cuticura Ointment afford instant relief, permit rest and sleep and point to a speedy cure of torturing, disgusting eczemas, itchings, irritations and chafings of infants and children.

about damaging anyone's property, you will have given him a habit of thought that will probably keep him from all forms of our American vice-vandalism.

Ruth Cameron

THIS WILL STOP YOUR COUGH IN A HURRY.

Save \$2 by Making This Cough Syrup at Home.

This recipe makes 16 ounces of better cough syrup than you could buy ready-made for \$2.50. A few doses usually conquer the most obstinate cough—stops even whooping cough, quickly. Simple as it is, no better remedy can be had at any price.

Mix two cups of granulated sugar with one cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16 oz. bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in gualcol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Room 8, Mahon Block, Government Street.

WITH the rapidly increasing popularity of Victoria as a residential city and tourist resort, it has been apparent for some time that increased Hotel and Boarding House accommodation of the best and most up-to-date character is necessary.

This Company is being formed with the intention of filling this need, and to take advantage of an opportunity that has arisen of acquiring by purchase that portion of "Burleith," now owned by Dr. Frank Hall, comprising Mr. James Dunsmuir's late residence and 22 lots, including a water-frontage on Victoria Arm.

The building now on the property contains 32 rooms, and it is proposed to construct 41 additional rooms, as shown on the tentative plans submitted by Mr. S. Maclure, Architect.

The grounds are beautiful in themselves, and ideally located for the purpose intended, situated moreover, within one and one-half miles of the City Hall, close to the Gorge car. It will therefore, be readily seen that the opportunity now presented is a splendid one, and not likely to be again available, since it would be difficult not only to find such ample grounds, so admirably situated, but to secure them at so moderate a figure.

Flower Gardens Below Music Room.

MANY visitors to Victoria would be induced to remain over for a longer period if they could secure accommodation such as it is now intended to provide an up-to-date commodious and well-furnished house, and where tennis, boating, bathing, etc., can be enjoyed amid lovely surroundings. Special inducements will be offered to permanent boarders, who may at will enjoy practically the privacies of home life or mingle with the transient guests or travellers, for whom ample accommodation is provided. The rates proposed are extremely reasonable, taking into consideration those charged by other hotels possessing fewer attractions than Burleith will possess.

It is proposed to augment the present facilities for reaching Burleith by placing a motor launch in service on the waters of the Arm, which will ply between James Bay Causeway and Burleith at stated intervals, extending the trip to the Gorge and beyond in the summer months. It is intended also that the Company's conveyances shall meet the steamers and trains.

With these advantages, added to efficient management, an attentive and obliging staff, a first-rate table, and a comfortable house, there should not be the slightest difficulty in keeping the hotel filled the year round.

Hall and Stairway, Finished in Oak, Beautifully Carved.

"Burleith," Front View.

Our offices will be open each evening this week from 7.30 to 9.30 for the convenience of those who cannot get in during the day.

CURED OF CONSTIPATION. Mr. Andrews praises Dr. Morse's Indian Root Pills. Mr. George Andrews of Halifax, N. S. writes: "For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. I seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills. That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial. They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine. For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box."

TACOMA MAKES VIGOROUS KICK. FULL RECOUNT OF CENSUS DEMANDED. Chamber of Commerce Declares City Has Suffered Great Injustice. (Times Leased Wire.) Tacoma, Wash., Oct. 18.—Washington, D. C., is being deluged to-day with telegrams from Tacoma civic organizations, city officials, banks, manufacturers and influential business houses, protesting against Census Director Durand's announcement of the reduction of Tacoma's population to 32,972 and demanding that a recount be allowed at once.

IN CONFERENCE WITH PREMIER. (Continued from page 1.) progress of which section had greatly impressed him since his last visit. He had no announcement to make regarding the date when the Atlantic Empresses would be transferred to the Pacific route, nor could he say that it was the intention of the company to extend the E. & N. railway to the north end of the Island in the near future. "I can only assure you," said Sir Thomas, "that the C. P. R. is fully alive to the needs and requirements of British Columbia and Vancouver Island in the matter of improved transportation facilities to keep pace with the development of the country, and that it will meet the situation promptly."

NEW CITY HALL PLAN OUTLINED. (Concluded on page 11.) "If the city did not wish to expropriate the block the new hall could be built in the centre of the roadway, as is done in the Old Country." Ald. Langley questioned the mayor as to whether he had considered the advisability of erecting the building in a more central neighborhood and whether he considered the present more central than the proposed site. Mayor Morley pointed out that it was close to the junction of the two prominent thoroughfares of Douglas and Yates streets. By the time the building would be completed the car line there was no rock on the site and the excavation work would be carried out without any difficulty. He did not favor a scheme for the remodeling of the present hall as he thought that this would be spending money foolishly. Ald. Langley asked the mayor if he

A New Laxative - the best known to modern medicine - is the active principle which makes NA-DRU-CO LAXATIVES so much better than ordinary physics. While thoroughly effective, they never gripe, purge or cause nausea, and never lose their effectiveness. One of the best of the NA-DRU-CO line. 25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. National Drug and Chemical Company of Canada, Limited, Montreal. The Envied Owner of this Range. There is more real beauty - combined with highest quality - in this Chancellor range than you'll find in any other range in all Canada. The design is perfect - the finish is fittingly beautiful. Note, rich effect of mirror on door of warming closet - note dainty, sanitary white tile back - handsome nickel trimmings everywhere. And remember that the Chancellor's work is just as satisfactory as it looks, besides being a perfect baker, with broiler top, ash-door-guard, and every other late device for economy and good service. The OXFORD ECONOMIZER Saves 20% of Your Coal Bill. Come to the store and let us demonstrate to you just how this regulator controls the fire. Keeps it running at lowest cost - guides all cooking odors up chimney. Leaves the air in your kitchen pure and clear - Saves one ton out of every six in your coal bin. This "Chancellor," with other Gurney-Oxford stoves for all purposes and every kind of fuel, is on display in our store. Please give us the pleasure of showing them to you soon. SIR WILFRID AT MONTREAL PRIME MINISTER STILL SUPREME IN QUEBEC

Rebukes Offensive Catholics and Exposes Fallacy of Bourassa's Race Agitation

The demonstration for Sir Wilfrid Laurier at Montreal last week in the Monument National was one of the most spontaneous and enthusiastic receptions ever accorded a public man in Canada. He returned recently from a triumphant tour throughout the west, but nothing in his western trip, or in fact at any time in his life, according to the eastern press, matched the splendid welcome which greeted him on this occasion. The Monument National was packed to the doors by cheering thousands long before the hour for which he was announced to speak.

In his opening speech Sir Wilfrid Laurier said: "You will believe me, I am sure, when I tell you that I shall seek in vain for words to express all the gratitude which I feel for this enthusiastic welcome, the most memorable of all those which have been accorded to me in my long political career. I have, as you know, just visited the western provinces of our country. Echoes have carried to you some idea of the demonstration of which my colleagues and myself have been the object. I can tell you without any vain boasting that these echoes were not in the least exaggerated. I have often thought in the course of certain manifestations that it would be impossible for me to meet with any superior to the one I saw at the time, but I am obliged to say, and I say it with pleasure, that all that I have seen in the west does not approach what I have seen to-day in the city of Montreal. But, gentlemen, however flattering this welcome may be the principle object which this occasion affords to me, in my opinion, is to outline the political situation of our country.

The Conservative Party. "We are evidently in the midst of a series of important events, and the most remarkable fact at the present time on the political horizon is that the Conservative party is in process of disorganization, and that in a short time it will be fairly dissolved, even if dissolution is not already accomplished. This is a very significant fact to which I am going to refer. During last session at Ottawa it had been decided by the chiefs of the Conservative party to hold a convention during the year which is now about to close, and it is a fact no less remarkable that this convention after having been decided upon had to be abandoned. I was not at this convention, I shall not surprise anyone if I tell you that I was not there, but I know what took place as if I had been present. I am pretty well experienced in the trade, and I know the moves on the board perfectly. I know those who were present; I could give you the speech of Mr. Borden, the chief of the party. It could give you the speech of his lieutenant, Mr. Foster, I could tell you of the speech of his ex-lieutenant, Mr. Monk. Some wanted a programme which would have pleased the west but would not have pleased the east; others wanted a programme which would have pleased Ontario but not Quebec, but to which Ontario could not agree. Some wanted an increase of the tariff; others wanted a lowering of the tariff. Some wanted a contribution to the Imperial navy; others wanted neither contribution nor navy. And then, gentlemen, finding it impossible to do anything, they decided that the best thing to do was to do nothing at all.

"The Conservative party, therefore, has no programme, and in the struggle which will take place before long there will be as many programmes as there are provinces. In the province of British Columbia, which I visited with a few of my friends some time ago, a battle will be waged against the government on the question of Asiatic immigration. In the provinces of the west - Alberta, Manitoba and Saskatchewan - the question will be fiscal and the lowering of the tariff will be demanded.

The Fight in Ontario. "In certain portions of the province of Ontario the question will be on fiscal matters, and it will not be the lowering of the tariff that will be demanded, but the increasing of the tariff. In Ontario also war will be made on the government on the question of the navy, with the assertion - note this assertion well in the province of Quebec - that the navy is going to lead us not to the enslaving of our province, as we are told here, but to the separation of Canada from Great Britain.

"In the province of Quebec war will also be made. It is already begun, as you know, on this question of the navy, but with the assertion that the navy is going to lead our country to the loss of her autonomy and to enslaving our province to Great Britain. In the maritime provinces I do not yet know what will be the plan of attack, but I am certain that it will be as absurd as elsewhere. In every province the methods of attack will cross one another, and it will simply be fishing in troubled waters with the hope that in these troubled waters some good morsel may be found. Gentlemen, in the province of Quebec, as you know better than I, you who are from the city of Montreal, this internal disintegration of the Conservative party began a long time ago. As you know, it is a long time ago since the sensible elements, the healthy minds of the Conservative party separated themselves from the party and became part of ours. I say that they separated themselves from it; I ought to say, perhaps, that they were excluded from it.

Pharisees of Catholicism. "This violent section you know it - comprises the Pharisee end of Canadian Catholicism; those who have constituted themselves the defenders of the religion which no one

attacked; those who handle the holy water sprinkler as though it were a club; those who have arrogated to themselves the monopoly of orthodoxy; those who, excommunicating and left all those whose status is a little greater than theirs; those who only seem to have hatred and envy for motive and instinct; those who insulted Cardinal Taschereau when he was alive, and who now that he is dead, attack his memory; those who made Chapleau's life bitter; those, finally, whom the people with their picturesque language have designated under the name of 'saints.' That is what remains, as you know, gentlemen, in the province of Quebec of the old Conservative party, the party of Macdonald, of Cartier and of Chadeau. To this group have been joined - I must say it - certain young Liberals whom chance of birth had thrown into the ranks of the Liberal party, but who had nothing Liberal in their nature, and who after a few struggles found their true mentality in the waters of the Castors.

"There is meanwhile one of their tactics whose foolishness I must expose; that is where at all their meetings they affirm that the Laurier of 1910 is quite different from the Laurier of 1902. They affirm with a sob and a tear that Laurier has fallen from the high position that he would have held in 1902 had he not been elected. This is what is heard at all their meetings. Well, gentlemen, I am here to tell you in effect that there is something of a change; there has been a change since 1902. But I declare to you that those who have changed are not those who made the naval law, which I am going to discuss in a minute, but those who are opposing it.

Conference of 1902. "What was the situation in 1902? In 1902 there was a convention, the Imperial Conference of London, at which there were present representatives of Canada, Newfoundland, Australia, the Cape of Good Hope and Natal. The secretary of state for war came before the conference and demanded that all the powers - I say powers because I no longer feel that the name of colonies applies to Canada; I would use the word Dominion, but that has been translated by Sir George Etienne Cartier by the word 'power' - the secretary of state for war proposed that all the powers, all the young nations who make part of the Empire, should build, equip and maintain a reserve force of the army, which would be always at the disposition of the war office at London. At the same time the secretary of state for the marine demanded that the same powers should contribute a sum of money annually for the maintenance of an Imperial fleet. There, indeed, was the entrance to militarism. But the Canadian ministers who were at London - and I was one of them - opposed this demand of the Imperial government in a categorical, absolute, a refusal respectful in form, but absolute in meaning.

The Naval Law. "But we did more than that; we placed before the conference our policy which we intend to follow. We declared our intention to sustain the obligation incumbent upon all nations of defending their own territory; that we had already organized a militia, and that we were equally ready to undertake our naval defence; but that we would at all times follow and maintain the principle of our local autonomy. I feel quite assured that you will now approve this policy, and that you will see that Messrs. Monk and Bourassa, and even the chiefs of the party who attacked the naval law, were perfectly in-accord with this policy. Our policy of 1902 was a wise one, and had the approval of Mr. Bourassa. But if it had not the approval of Messrs. Bourassa and Monk, I knew nothing about it at that time. Mr. Monk, for all his facile speech, said nothing on the floor of the House, and as to Mr. Bourassa, if he had that idea, it was hermetically sealed in his bosom. But, aside from that policy which we proposed in 1902 was wise and sane, and had the approval of Mr. Bourassa and of the others who are now attacking our policy.

Who Have Changed. "Yes, there are some things which have changed, but it is not the ministers, it is not those who have passed the law or those who have voted upon it. Those who have changed are those who approved the policy which I come to enunciate, and who now disapprove of this law which they formerly approved. At the conference of 1907 Dr. Swart of Cape Colony proposed a resolution which in part of all the dominions which compose the British Empire to adopt a common system of defence. Now, gentlemen, for my part, I opposed with all my strength this proposition, and why? Because it was an obligation to recognize the duty of contributing, and that was an obligation which did not conform perfectly to our policy of 1902, and on my opposition the proposition was not pushed any farther.

Accused of Treason. "Now, let us examine the conference of 1907, and see if we remain on the same ground, if we have always had the same policy, which was to develop our defence on land and on sea, but at the same time to preserve our autonomy, and not to contribute to the Imperial defence unless we guarded our autonomy in this matter as in all

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

Tenders for Brass Goods, Pipe and Fittings.
Separate tenders endorsed, sealed and addressed to Wm. W. Northcott, Purchasing Agent, will be received up to 4 p. m. on Monday, the 24th day of October, 1910, for the following:
First, Brass Goods.
Second, Galvanized Fittings.
Third, Lead-lined Iron Pipe.
Fourth, Gas Pipe.
Specifications can be seen and had at the office of the undersigned. The lowest or any tender not necessarily accepted.
WM. W. NORTHCOTT, Purchasing Agent, City Hall, September 14, 1910.

Local Improvement Works
The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:
1. To grade, drain and pave with bituminous macadam Blanchard street, between Humboldt street and Douglas street, and to construct permanent sidewalks with curbs and gutters on both sides of said street, including cost of sewer, surface drain and water laterals.
2. To pave with asphalt Vancouver street, from the south side of Burdette street to Humboldt street (roadway 22 feet wide), including cost of sewer, surface drain and water laterals.
3. To pave with asphalt Menzies street, from Belleville street to Simcoe street, including cost of sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement Acts and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:
NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such

terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.
WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., Sept. 21st, 1910.

Local Improvement Notice
The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:
1. To grade, drain and pave with asphalt Queen's Avenue (roadway 26 feet wide) from Quadra Street to Cook Street, and construct a permanent sidewalk, with curbs and gutters, on the north side of said avenue, from Quadra Street to Cook Street, and on the south side of said avenue from Vancouver Street to Cook Street, and to construct permanent sidewalks on both sides of said avenue from Cook Street to Chambers Street, and to construct a curb and gutter along the northern boundary of the North Park, including cost of sewer, surface drain and water laterals.
2. To grade, drain and macadamize with bitumen Vancouver Street, between Queen's Avenue and Bay Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), also cost for main sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:
NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such

tion of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.
WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., September 27th, 1910.

CIVIC NOTICE
Re Municipal Election, 1911.
The attention of persons desiring to qualify as "Householders" or "Holders of Trade Licenses," or to vote at the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a trade license, or in the case of a householder, he, or she, shall, during the month of October in each year, make, and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act from the case of the holder of a trade license, and of Form 2 in said Schedule in the case of a householder." "HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel, or boarding-house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (17) of Section 29 of Chapter 22 of the Statutes of 1906, being the "Municipal Clauses Act" as amended (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs."
Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it be delivered within 48 hours after it is made."
Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."
Forms of Declaration may be obtained, and the necessary Declarations made, at the Office of the City Assessor, 2nd floor, City Hall, Douglas Street.
WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., September 23rd, 1910.

This beautiful large 12 roomed residence on car line, with half an acre of the very best of soil and absolutely free from rock, is being sacrificed. Fine lawns and shrubbery, all modern plumbing and lighting and fine large airy rooms, lately thoroughly renovated. Call and let us show you this. It can be purchased on any reasonable terms.

**California
Bungalow**

Just the little home that you have been looking for for so long. Oak Bay district, new, 5 rooms, on lot 50x120; very well finished inside, electric light, fire-places, concrete foundation with full sized basement, etc.

Price, \$3,350
\$500 Cash; Balance \$20 Monthly.

EDSON

The townsite that has of late caused all the excitement on account of the enormous deposits of ore found in the vicinity. Local improvements are going along in bounds and with three hotels and six lodging houses already completed and two new hotels under construction, the finding of homes for the new comers is as far from solution as ever. It is predicted that on completion of the railroad Edson will rival Edmonton and Calgary and become one of the largest coal centres of Canada. Look into the future and lay the foundation for later comforts by buying now.

Lots in above and other G. T. P. townsites for sale by us on easy terms at the original prices.

ence toward England. That policy has been a benefit to the commerce of the Dominion, and we do not intend to abolish it. On the other hand, we must not forget that we are behind the United States in the matter of industrial development by at least fifty years. I believe it is possible to make a treaty with the United States which will not only be of great advantage to us, but equally to the United States, and would not have a treaty which was not at least equally profitable to one as the other.

An odd coincidence was that the orchestra played a march entitled "Reciprocity" as Sir Wilfrid entered the building. Later, speaking of this question, he said that British jingoes had accused him of treason because he had accused them of reciprocity with the United States, and to seek to open the way to their great market. The first duty of a government, he declared, was to work for the prosperity of the people. The American market was worth having. He reviewed briefly past pilgrimages to Washington, and made it plain that would be no more, but that there would be a discussion of this question, and no treaty would be concluded unless it were favorable to both countries.

**SIR WILFRID
AT MONTREAL**

(Continued from page 12.)

others. But, gentlemen, what is the consequence of this attitude? The consequence of this attitude is that the man you now have before you is accused of crime, is accused of treason. We are accused of treason in this province, treason towards our country and treason towards the British Empire. I have been accused of treason, but I have grown accustomed to that charge during the past four years; in fact, I have been accused of that all my life. In 1896 I was accused of treason towards my race and towards my religion because I recognized the rights of the Federal government not to impose on a sister province a system of schools which they did not want. And now I am accused of treason, again by the jingoes of Toronto, by the Imperial jingoes, of the crime of violating the national integrity, and of wishing to negotiate a treaty of reciprocity with the United States.

"Gentlemen, there are those who exaggerate, no matter to what race they belong, or to what party or what country they belong. They outrage reason and good sense, and they always accuse those who speak with moderation of treason."

Become a Nation.

Sir Wilfrid, referring to the growth of Canada from a population of 5,375,000 in 1902, to an estimated population of 8,000,000 in the present year, said: "The revenue in 1902 was \$38,000,000. For the fiscal year which closed on the 31st of March of last year our revenue showed a total of more than \$100,000,000, and this year, the year which finished on the 31st of March, a revenue of at least \$112,000,000, and that is why I now say to you, without any doubt whatever, that we have become a nation. It is the duty of every powerful nation to defend its territory. It is the duty of every nation which has a maritime territory to organize a naval defence. This obligation is accepted by all the great powers, by England, Germany, Austria-Hungary, France and Italy, and even by the poor countries of the second order, according to their rank and the extent of their territory. Sweden, Norway, Denmark, and even Portugal, maintain their powers and recognize that they ought to have a territorial defence, and that

it is their duty to maintain an organized naval service.

"And now, gentlemen, this is the position that we maintain; that each nation is obliged to provide for its national defence; and this position is so strong, so sane, and so practical that Mr. Bourassa thinks the only means to combat it is to affirm that we are not a nation. In a speech which he delivered at Antigonish, Mr. Bourassa said—I will quote his words: "That we are not a country, that we are not even the smallest nation, that we cannot govern ourselves without having permission; and that we are subject to the decisions of the British Empire."

"And this after the struggles we have sustained in order that we might have the right to govern ourselves.

"Gentlemen, according to Mr. Bourassa, we are no more a nation.

Why We Need a Navy.

"Gentlemen, the motive for which we have decided to organize a naval defence is that we fear war. We live on the Atlantic and Pacific coasts thousands of miles of territory, which we are obliged to control for the protection of our citizens. I do not believe in war. I believe that war between civilized countries will become more and more rare. It is a hundred years since we have known war and I hope that before long we and our neighbors will celebrate this hundred years of peace between us.

All Are Equal.

"The Liberal party knows no distinction of race or religion. We are all equals in this country. Gentlemen, our rights were in peril, but my English colleagues came forward and offered themselves in defence of those rights. And if the rights of our fellow-citizens of English origin were to be imperilled, I would address myself to you to defend those rights as you would defend your own. I have been accused of being a traitor to my race; but such accusations do not concern me. And if it is treason to work for this end, then I am ready to accept that reproach.

Trade Negotiations.

"In 1896 I sent two of my colleagues to Washington to negotiate for a treaty of reciprocity. We were received with much politeness, but our proposals were not accepted. I said we would make no more pilgrimages to Washington, but we were invited there was a pilgrimage from Washington to Ottawa. Since that time we have adopted a new policy of prefer-

LARGE INCREASE IN LEAD SHIPMENTS
Number of New Mines Are Now Sending Ore to Trail Smelter

Nelson, Oct. 17.—The report made by the Trail smelter to G. O. Buchanan, Dominion lead bounty commissioner, on the amount of lead ores and lead contents received during the month of September contains the names of a number of properties which have not previously shipped for some months and several which have not been on the list for over a year. Among these are the Enterprise, the Fidelity, the Hewitt and the Standard.
The report shows a considerable increase over the former months of the present year and is an indication of the changes which have taken place in the mining situation in this part of British Columbia during the past summer months. It will be seen that the percentage of lead in the ores varies from as low as an eighth of 1 per cent. to as high as 70 per cent. An interesting feature of the past month's report is that for the first time in many years the St. Eugene takes second place in the totals of lead ore sent to Trail. The Sullivan heads the list with approximately 3,600 short tons. The figures in the following report represent:

Mine.	Weight.	Lead.
Bluebird (Rossland) ..	48,566	2,095
Bismarck ..	34,823	1,731
Emerald ..	344,484	122,325
Enterprise ..	46,155	15,142
Eastmount ..	135,658	18,092
Ferguson ..	56,789	18,524
Fidelity ..	663	243
Hewitt ..	42,385	3,095
Highland ..	132,961	79,498
Idaho Alamo ..	142,234	39,556

FIRST BOX CURED HIS LAME BACK
High Praise for GIN PILLS.
Smithville, Ont.
"I suffered for three years with a Pain in My Back. I am now taking GIN PILLS and find a great relief after taking only one box."
"W. J. BALDWIN."
Is it any wonder that we sell GIN PILLS with an iron-clad guarantee of money back if they fail to give relief? We know that GIN PILLS will stop the pain in the back—relieve the bladder—and cure every trace of Kidney Trouble and Rheumatism.
GIN PILLS have cured thousands of cases of Kidney Trouble that were regarded as hopeless.
We don't ask you to buy GIN PILLS to find out what they will do for you. Simply write us, mentioning this paper, and we will send you a sample box free. If you are unable to get the regular size boxes at your dealer, write us, and we will supply you at the retail price—50c a box, 6 for \$2.50. GIN PILLS are made and guaranteed by the largest wholesale drug house in the British Empire.
National Drug and Chemical Co., Dept. V. T. Toronto.

RUSHING WORK ON KETTLE VALLEY LINE
First Ten Miles of Steel Will Be Laid by End of the Year

Merritt, Oct. 17.—Now that the location line of the Kettle Valley railway for the first thirty miles has been completed and the stations have been appointed, construction work is being rushed forward as fast as the different crews are capable of rushing it. The first ten miles of steel will be laid by the end of December, according to Jas. Macdonnell, head of the contracting firm.
A siding will be installed at the Sloux Smith ranch about ten miles up the river. The first station of importance will be that of Kingston, is situated on Del King's ranch and Mr. King's house will be used as the depot. There will be another station known as Coldwater Junction, where the local line will meet the through line from the boundary.

SURVEYORS RETURNING FROM THE NORTH
Work on Boundary of Southeastern Alaska Now Practically Completed

Vancouver, Oct. 17.—The Dominion government survey of the international boundary is practically finished, so far as southeastern Alaska is concerned, according to J. M. Bates, who is now on his way east. The work done this summer is the first that has been done in that locality for five years and it was the most difficult. Mr. Bates says that he has at least three years' work ahead of him in the production of the maps.
The boundary line, according to the present survey, will follow the contour of the coast to a very great extent, and will be along the height of land. So far as the topography of the country is concerned, it is excessively rough, rocky and mountainous, and is completely useless except for mining purposes. But viewed from that point it is full of minerals.
There is practically no merchantable timber, though most of what there is consists of spruce and cedar which sparsely covers the valleys.
The survey party was in charge of Mr. Mackie, to whom Mr. Bates was assistant, that of the United States being in charge of Fremont Morse. The work was done in the region of the head waters of the Chickamin river, which flows into the Pacific southeast of Ketchikan.

INDUSTRIAL PEACE ASSOCIATION.
Vancouver, Oct. 17.—At the meeting of the executive committee of the Industrial Peace Association, it was unanimously decided to inaugurate a campaign of wholesale economic education throughout the Dominion of Canada, together with the organization of branches of the Industrial Peace Association throughout the entire country. Vancouver to take the initiative by inaugurating the first industrial peace pamphlet on or about January 1, 1911.
On motion, a testimonial signed by the president, secretary and executive committee, was, by unanimous vote, presented to Mr. Scullin in recognition of his humane and patriotic efforts in behalf of permanent industrial peace, and the gratifying success of his efforts in Vancouver, B. C., and pledge of support in his future efforts throughout Canada.

Uncle Walt
The Poet Philosopher

When the famous William James quit this world and all its games, for the country where in time we all must flit, he assured us that he'd send word of some kind to a friend, if the rules and regulations would permit. People say that he has tried to converse from t'other side, but the wires in bad condition seem to be; if no sooner makes a start than connections fall apart, and the only thing we've heard is "Hully Chee!" If he does arrange to talk you can bet a pound of chalk that the message will be silly and absurd; for the ghosts will never tell of the regions where they dwell, never send to eager ears a helpful word. Men whose thoughts had sterling worth when they lived upon the earth seem to deal in empty twaddle when they're dead; and the words they send us back seem to indicate a crack in the thinking part of every spectre's head. Men whose words were spiced with wit ere this weary world they quit are as dull as circus barkers when they die; and they send us dreary dope from the shining starry slope, and I often scratch my head and wonder why. If a ghost had any sense it would know that we're intense in our longing for some knowledge of that shore, where we find the journey's end—but the spirits only send stale remarks that jar our souls and make us sore.

CAMPAIGN TO WIPE OUT HOSPITAL DEBT
Effort Will Be Made at Nelson to Raise \$5,000 Before Close of Year

Nelson, Oct. 17.—It was decided at the monthly meeting of the board of directors of the Kootenay Lake General hospital that a vigorous campaign for the collection of subscriptions to cover the debts amounting to \$5,000 under which that institution is now groaning should be initiated at the earliest possible date. It is hoped that this amount, or a very large portion of it, will be obtained before January 1, so that the hospital may start the new year free of debt.
J. M. Lay brought up the subject of raising funds to pay off the debts, amounting to about \$5,000, which the institution has at present against it. He pointed out that there would be ample time before Christmas to organize a thorough campaign for the raising of funds by subscription or other methods. The hospital would be on an excellent financial footing if the new year could be commenced with all debts paid. Of course, the board had incurred a great deal of extra expense this year through taking over the Home hospital and the addition of a first class maternity ward.
The president agreed that there could be no better time than the present for taking this matter up and it was decided that an appeal should be issued to the public to contribute to the cause. This appeal will be published as soon as possible, and a vigorous campaign commenced at once.

ACCIDENTAL DEATH.
Prince Rupert, Oct. 17.—An accident occurred on Forcher Island by which Fred O. Hersching lost his life by the discharge of a rifle. He was in the act of clearing or fixing the rifle when it went off. He died shortly afterwards. The facts were gone into by the coroner, who decided that the man's death was purely one of accident, and that an inquest was unnecessary. Hersching had been engaged as a rancher on Forcher Island.

PENTICTON'S PROGRESS.
Penticton, Oct. 17.—Penticton, according to the announcement of a prominent barrister, is soon to have a registry office. The registrar for the South Okanagan district is at present located at Fairview, where the post was created in the days of the big mining boom, when a score of freight teams left Fairview every day.

ECZEMA ON HEAD AND ARM
Four Doctors Effected After Fair Trial—Cure Effected by DR. CHASE'S OINTMENT
The average physician is helpless in the presence of skin diseases such as eczema and salt piles. Some make the mistake of treating eczema as a blood disease and advise internal treatment. Others think only relief is possible and recommend a lotion to afford relief from the itching.
Whatever the cause may be local treatment is necessary to heal up the sores, which otherwise spread over the body and produce the greatest suffering imaginable.
By far the most successful treatment for eczema is the use of Dr. A. W. Chase's Ointment. You can verify this statement by enquiring of any druggist. This letter is a fair sample of what we are receiving about every day.
Mr. Geo. Peterson, South Bay, Ont., writes: "I wish to communicate to you the great benefit I received from using Dr. Chase's Ointment. For years I suffered with a skin disease on my head, a sort of eczema. I tried four doctors, giving each a fair trial, but got no better. In fact, the disease spread to my left arm.
"I saw Dr. Chase's Ointment advertised and began using it. Persistent use of this treatment has entirely cured me and I give you a statement of my case with pleasure as I hope thereby to induce some other sufferer to try the same Dr. Chase's Ointment."
There is a wonderful satisfaction in using Dr. Chase's Ointment for you can see from day to day just what results are being accomplished. Sixty cents a box, all dealers, or Edmondson, Bates & Co., Toronto.

BUILDING FUND CAMPAIGN.
Vancouver, Oct. 17.—There is every prospect of an up-to-date modern Y. M. C. A. building for Vancouver being erected at an early date. At a meeting of the directors of the association the building committee, who have the preparatory work in hand, reported good progress all along the line. It is, therefore, expected that the campaign for raising a fund of half a million dollars will be started within the next two or three weeks. If this is as successful as the directors of the association have every reason to believe it will be, there is a possibility of the new headquarters being ready for the work of next winter. Branch quarters for the suburban districts are also included in the scheme.
Secretary J. M. Graham reported 141 applications for membership received during the month—85 senior and 46 boys, all of which were uncollected. The gymnasium work for this season has commenced to an auspicious start.

FATAL FALL.
Vancouver, Oct. 17.—The fall from a ladder resulted in the death of James Lewis, a carpenter, while working on the new Canada Life building on the south side of Hastings street near Granville. Lewis was descending a ladder between the fifth and sixth floors when he lost his balance and fell backwards, striking his head on an iron bar on the lower floor. He was picked up unconscious and rushed to the General hospital in the city ambulance. There it was found that his skull was fractured and an operation was attempted, but without any result, as the unfortunate man died an hour later.

"HONEY, BOY! HONEY, BOY!"

Medical men the wide world over agree that there is nothing more beneficial to the lungs than good, pure honey. Mothers should see that the kiddies eat plenty of honey during the fall season and eat it, too, themselves to keep the doctor away.

SETTLERS COME FROM SCOTLAND

LAST YEAR 14,700; 1910, OVER 30,000

Dominion Emigration Agent Malcolm McIntyre Visits Victoria on Behalf of Scottish People

Emigration from Scotland to Canada this year will exceed 30,000 people as against 14,700 last year, said Malcolm McIntyre, Canadian Government emigration agent, this morning. Mr. McIntyre is on a tour of Canada and arrived at Victoria yesterday.

Mr. McIntyre is in charge of the southern half of Scotland on behalf of the Dominion Government. He has taken a trip lasting now about two months, across Canada, to refresh himself on Canadian affairs, and is visiting Vancouver Island to obtain information on its resources with which to satisfy the homeseekers and settlers back in southern Scotland who are eager to strike out for the new land.

He says there has of late been great enquiry regarding Vancouver Island and British Columbia, in Scotland, all eyes turning in the westerly direction for agricultural and investment purposes.

The present year will be a record for emigration from Scotland to Canada, the number coming here this year more than doubling the 14,700 who embarked upon the new life during 1909 and are now settled in Canada.

The settlers coming out this year, says Mr. McIntyre, are all of the better class as compared to many that left the year previously. Enquiries have been frequent regarding Vancouver Island and the province of which it is part. Those who are now established here have proved the advance guard. They have written to their relatives and friends in Scotland reporting on the possibilities of the country, and these letters, with the work of the Canadian officials here, says Mr. McIntyre, been the cause of the increased demand for information about this part of the Empire.

The Dominion agent is acting for the whole of Canada and has on his way west gathered information on affairs and development from many who came out last year and in previous years. The experiences of these, he says, help wonderfully in the work of satisfying those still in Scotland who desire to emigrate but who have hesitated before making the step.

On his winter lecturing tours, which will be resumed as soon as he returns to Scotland, Mr. McIntyre has much information to give to those in the different localities in Scotland, as first-hand knowledge from friends of the Scottish people who have tried the new country and succeeded beyond their hopes.

While enquiries come to him as Dominion agent regarding all parts of Canada, Mr. McIntyre says the demand for knowledge regarding the far west forms the basis of the great majority of the writers who address him on the subject. To go to Canada, and to western Canada, is the desire strong in the agricultural districts of Canada and increased emigration of the well-to-do class of settlers with ambition and resources can be looked for every year, he says.

Mr. McIntyre will return east, probably to-morrow, having completed his trip and obtained much useful information regarding this province and Vancouver Island.

ANNUAL POLICE BALL ON THURSDAY, NOV. 17

Committees Struck Yesterday Afternoon—Tickets on Sale This Week

The annual police ball, which was inaugurated last year, will be held this year on Thursday, November 17, in the women's building at the exhibition ground. The committees to take charge of the different branches of the preparations were struck yesterday afternoon at a special meeting. Tickets are now being printed and will be distributed for sale by the end of this week.

The police department officers intend this year to make the ball even a bigger success than that of last year. The committees struck yesterday are as follows: Executive—Hon. president, George Jay; president, Chief of Police John M. Langley; vice-presidents, Inspector Thomas Palmer and Constable Blackstock; treasurer, Sergt. R. H. Walker; secretary, Detective W. H. Handley. Reception committee—The executive, Sub-Inspector S. L. Redgrave and Detective-Sergt. Perdue. Refreshment committee—Detectives Perdue, O'Leary and Carlow and Constable Florence. Decoration and hall committee—Sergts. Clayards and Carson and Constables Blackstock, Fry, Harner, MacDonald, Ireland, Baxter, Littlefield, Cromer, Beckton, Smith and Wright. Floor committee—Sergt. Carson, Detectives O'Leary, Carlow, Handley and Hutchison, and Constables Webb, Baxter and Hastings. Ticket committee—Detectives Perdue, Heather and O'Leary and Constable James Palmer. Master of ceremonies—Sub-Inspector S. L. Redgrave. Cloak room committee—Constables Duncan, Forster and Bradley. Ticket and door committee—Constables Ireland, Smith, Littlefield and Cromer. Carriage and traffic committee—Constables Fry and MacDonald.

The Metropolitan Methodist Sunday school orchestra will give an orchestral concert in the schoolroom on November 17.

THE DINING-ROOM

Furniture of Quality and Reasonable Price

little house-maid says your children's manners will be nicer in a nice dining room

WE HAVE EVERYTHING IN OUR STORE YOUR TABLE NEEDS.

COME AND SEE WHAT WE HAVE FOR YOUR DINING ROOM.

Everything you require from our store and at a price saving that makes it doubly worth your while. Neighbors who like to spread about a good thing are telling their friends about the remarkable opportunities at Weiler's. Not a thing you can think of is missing. Just what you want, to be had for less money than something almost like it were you to go elsewhere. To save your life you cannot figure on the necessities for the house. It's either waste of a whole lot of time running about to many different stores and mostly making unsatisfactory purchases or coming to Weiler's and completing your list from one immense stock and reaping their respective price savings on every article you buy.

Try Our Dining-Room Chairs in Your Own Dining-Room

We have a large and varied assortment of these chairs. They are of the very best material and workmanship, and are very reasonably priced. You want something that will stand a bit of knocking about, a staunch strong chair that is also smart in design. No matter how careful you are with your chairs, you are sure to have some caller that has no pity for them. Ours stand lots of hard usage. We believe that our dining room chairs combine these desirable features with a fairness of price that makes them an ideal chair for your dining room. We want you to come up to our fourth floor and see our splendid display. We have dozens of samples for you to inspect.

OBITUARY RECORD

This morning the funeral of the infant daughter of Mr. and Mrs. Thomas Bourne, 50 Flanagan street, which was strictly private, took place from the Hanna chapel at 10 o'clock. The remains were laid to rest in Ross Bay cemetery.

The remains of the late Miss Mary Payne Le Sueur will be interred in Ross Bay cemetery to-morrow afternoon. The funeral has been arranged to take place at 2:45 o'clock from the parlors of the B.C. Funeral Company, and fifteen minutes later at Christ Church cathedral.

Leaving the family residence, Saanichton, this afternoon at 2 o'clock, the cortege of the late Arthur Nicholson proceeded to St. Stephen's church, where services were conducted by Rev. J. W. Pilbton. A funeral was largely attended and the casket was covered with beautiful floral offerings. Interment was made in the graveyard of the church.

There passed away on Sunday at the family residence, 115 Bunsdale road, Mrs. Mary Iredale, relict of the late Wilson Iredale, after a lingering illness. Deceased was one of the old-timers of this city, having resided here for many years. For five years she conducted the business of the Maywood P. O., and only retired from that work two months ago, owing to ill health. She was well known throughout this city, and the news of her death will be received with general regret. The late Mrs. Iredale was born in Cumberland

Eng., and was 73 years of age. She is survived by two daughters, Mrs. J. W. Crighton and Mrs. A. L. Brownlie, both of this city. The funeral will take place to-morrow afternoon at 2:30 o'clock from the residence of J. W. Crighton, Bunsdale road. Rev. Dr. Campbell will officiate.

Interment of the remains of the late John Wignmore Ferrabee, who was drowned near the entrance to the inner harbor about a month ago, was made in Ross Bay cemetery yesterday afternoon. The funeral took place from the B.C. Funeral Company's parlors at 2:45 o'clock, from where the cortege proceeded to Christ Church cathedral. Services were conducted at the church by Rev. W. Baugh Allan, who also read the burial service at the graveside. The funeral was private, only intimate friends of the family attending. The floral offerings were numerous, among them being a large wreath from his fellow employees at the Victoria Machinery Depot, where he was employed before his death. The following acted as pall-bearers: Mr. Clements, Mr. Farmer, R. Anker and D. Robertson. A coroner's jury yesterday returned a verdict that the deceased was accidentally drowned.

BASEBALL IN JAPAN

Tokio, Oct. 18.—The University of Chicago baseball team defeated the University of Waseda in the final contest between the two teams at Waseda to-day. The score was 15 to 4.

The latest estimate of the earth's age is between 55 million and 70 million years.
