BUDGET NOTE IN COMMONS AWAITED

May Be Closest Division of the Session

Debate Continued in House This Afternoon

Ottawa, June 9.—Estimates on the vote on the budget in the House of Commons next week vary widely.

The defeat of the Drayton Conservative amendment on a joint vote of Liberals and Progressives is regarded as being practically a foregone conclusion. The test will come on the subsequent division on the main motion. While it is stated there is a possibility of three or four Progressives voting with the Government, the remainder of the Progressives in opposition to the budget, thereby forcing what probably will be the closest vote of the session.

A Government defeat is generally regarded as highly improbable, but the Government majority, according to to-day's computations, may be less than ten.

Conservative will oppose the budget because of its reductions in customs duties and other provisions they have criticized. Progressives will oppose because the reductions are not great enough and because they claim it is essentially a protectionist budget.

Debate on the budget will be continued in the House this afternoon, mainly, it is expected, by Progressive members.

But following to-day's speeches and adopting a rather unusual course, the House will suspend the budget debate. Supply and other Government business will be taken up to-morrow and Monday. The budget division will come Tuesday night.

The original plans for the vote have now been changed. It was first understood that the debate would end last Tuesday, but the number of speakers on the list made that impossible. Then arrangements were made for the debate to continue through the night and through the early hours of this morning if necessary, to bring the debate to a conclusion at the end of the week, and also asking the speaker still on the list and the fact that Hon. W. S. Fielding, Minister of Finance, had an announcement to make on his resignation proposals again necessitated a change.

Speculation. What Mr. Fielding's announcement will be is creating considerable speculation to-day. That he has some modifications to make in the King's virtual announcement in the House yesterday and the general expectation is that they will touch on the proposed stamp tax on cheques, and possibly also on the proposed and depreciated currency. These have all come in for wide comment since the budget was brought down.

MUNICIPALITIES ASK FOR FAIR SCHOOLS

Want Income Tax to Help Cut Municipal Rates

Urge Uniformity in Accounting Methods in Western Provinces

Facing heavily increased school costs, Western Canadian cities and towns are generally asking for a share in provincial income taxes so that they may reduce municipal tax rates, the Council of Western Canadian Municipalities declared in a resolution passed this morning, as follows:

"Whereas the cost of educating our children is constantly increasing and whereas many municipalities are unable to meet this cost without imposing a tax which can be placed upon them without amounting to confiscation."

"And whereas many persons are escaping all municipal and provincial taxation;

"Therefore be it resolved that the government of the four Western Provinces be requested to levy an income tax so imposed that all persons capable of paying taxation will be required to bear their due share of the cost of administering public affairs, and that such income tax be imposed, be returned to the municipalities on a basis of school population for the purpose of reducing municipal rates."

Municipal Unions of the four Western Provinces will urge this resolution upon their Provincial Governments, modifying it according to local conditions. In British Columbia, for instance, the municipalities do not expect for a moment that the Provincial Government will hand over the whole income tax receipts to them.

Cost of Education. During a lengthy discussion of taxation problems to-day it developed that municipalities all over the West are facing practically the same financial problem as that which is troubling British Columbia cities and towns. Delegates seemed to agree that school boards were spending too much money and that municipal taxpayers were carrying too large a tax burden for educational purposes. Unless some relief in this connection was forthcoming schools in some Manitoba municipalities would be forced to close, said J. Haddon, of Winnipeg.

RIVER FLOOD AT NICOMEN ISLAND NOW FALLING

Mission City, B. C., June 9.—Although the gauge here, according to Captain McKenzie's measurements, registered 19 feet 8 inches at eight o'clock, one inch higher than yesterday, reports from the east end of Nicomen Island agree that the water is dropping.

The big drop recorded at Quenael yesterday will not be felt here under 48 hours, old observers of the river declare.

Two Canadians to Fight Out Ladies' Title As Result of To-day's Play

In the semi-final round of the Pacific Northwest Women's Championship at Colwood this morning, Mrs. Hutchings of Winnipeg, and victor over Miss Doreen Kavanagh, champion of California, beat Mrs. Crane, of England, 4 up and 3 to play.

Mrs. Hutchings out: 566, 465, 346-45.

Mrs. Hutchings in: 746, 553-30.

Mrs. Crane out: 654, 567, 356-47.

Mrs. Crane in: 655, 675-34.

Although the men's amateur golfing laurels will cross the border, the semi-finals of the Pacific Northwest Women's Championship will be decided between two Canadians. Mrs. Hutchings' victory over Mrs. Crane this morning and Miss Anderson's triumph over Mrs. Jackson, of Seattle, makes this a certainty. While both games were of considerable interest, this morning the gallery selected the fight between Mrs. Hutchings and Mrs. Crane, both of whom were considered favorites in the remaining field.

BELFAST REQUEST SENT TO GENEVA

Hospital Informed World Red Cross of Attack

Protection of British Army Force Asked

London, June 9.—The incident in Belfast Monday night, when the Mater Hospital was fired upon, continues to agitate the Ulster capital, according to press dispatches. The hospital authorities telegraphed the International Red Cross headquarters in Geneva, Switzerland, protesting against the occurrence, demanding the immediate protection of British troops and also asking the Red Cross to come to the help of "our sick and wounded."

The Geneva office replied that it was ready to take all necessary steps and asked to whom the Red Cross communication should be addressed, to which the hospital authorities replied that the note should be sent to the British Government.

One Struck. It was not suggested that anybody within the hospital had been struck during the fusillade, the word "wounded" used in the message to Geneva referring to sufferers from previous street fighting being cared for in the hospital. The blame for the accident had not yet been placed.

The Times to-day prints the results of its investigation. It declares all concerned lost their heads and the whole affair is symptomatic of the lamentable chaos existing in Belfast.

Cardinal Logue. Dublin, June 9.—Writing to the press about his second experience at being held up by Ulster constables, Cardinal Logue, Primate of Ireland, says he objected very strongly to having the letters and documents in his grip scrutinized. Describing Wednesday's affair, he writes:

"The order was given to 'cover that man with a rifle, and immediately a rifle was thrust under my nose. I was also covered with a revolver. Believing that the young country lad who had the revolver was unaccustomed to firearms and that anything which stirred him might cause the revolver to go off, I asked him repeatedly to keep his point turned up, but he gave no heed and so I sat under rifle and revolver while the search proceeded."

CHANG'S TROOPS GO TO MUKDEN

Withdraw Under Armistice With Wu's Forces

Changes in Situation in China Reported

Tientsin, June 9.—(Associated Press)—Chang Tso Lin has accepted the terms of an armistice prescribed by Wu Pei Fu, and will withdraw all his forces to Mukden within three days, according to reports received to-day from Wu Pei Fu's general headquarters at Paoing. Chang Tso Lin also has agreed to return the railroad cars he seized upon his retreat into Manchuria after his defeat near Peiking at the hands of Wu.

A report from headquarters of the Chinese troops says the Fengtian troops of Ch. H. Tso Lin evacuated Shantung yesterday in their retreat northward.

"ADAM AND EVE" TAKEN FROM MAINE WOODS TO JAIL

Houlton, Maine, June 8.—Carl A. Sutter and his wife, who, as the modern "Adam and Eve," had been living in the Maine woods for some time, were arrested by Game Warden yesterday charged with violating the state game laws.

ULSTER CONSTABLES CARRIED AWAY BY "REPUBLICAN" GROUP

Belfast, June 9.—It was learned to-day that the "republican" forces, evacuating Pettigo, took with them the constables of the Government in the Enniskillen Fusiliers and now head constable of the Ulster B. Specials, Thomas E. Roy, George Hall and Robert Irome, constables of the same force, were also taken. None of the captives has been heard from.

KATO ASKED TO FORM CABINET FOR JAPANESE

Tokio, June 9.—Admiral Baron Kato to-day was offered the Premiership of Japan. He asked time to consider whether he would undertake to form a Cabinet to succeed that of Premier Takahashi, which resigned Tuesday.

Admiral Kato headed the Japanese delegation to the Washington Conference.

WINNIPEG MAYOR DIED HERE TO-DAY

Mr. Edward Parnell Had Come to Recuperate

Had Been Prominent in Business and Municipal Life

Mayor Edward Parnell, of Winnipeg, passed away here at 2:30 o'clock this morning, following a protracted illness. He came to Victoria from Winnipeg on April 14 last on three months' leave of absence in the hope that he might recuperate his health, but despite everything that could be done for him he continued to fall. He was 63 years of age.

Mayor and Mrs. Parnell took up their residence at 1182 St. Patrick Street, Oak Bay, having taken a lease of the Allan H. Wylie property. Doctors Wasson, Ridewood and Fraser were in frequent consultation over the case, and used every possible means that medical science could devise to restore Mr. Parnell to health.

For some time past friends of the late Mayor were denied the privilege of seeing him, and though his condition was low, yet hope was held out to yesterday that he might recover. His death is keenly regretted by people in Ontario, and throughout the western provinces. For Victoria he had a warm regard.

His Mayoralty. The late Mr. Parnell was deeply interested in the unemployment question, and he devoted a great deal of his time to endeavoring to find a solution of this problem. He took office as Mayor of Winnipeg at the beginning of last year. His investigations regarding the unemployment situation took him to all parts of Canada, and as a result of his inquiries he was able to give the Federal and Provincial Governments a great deal of valuable advice on the question.

Archdeacon R. B. McElheran, of Winnipeg, is on his way to Victoria, and will arrive here Sunday. Until new arrangements will be made respecting a funeral.

His Career. Edward Parnell was born in Dover, England, April 8, 1859, the son of Edward and Mary Jane Turner Parnell. He came out to Canada in childhood and was educated at the public schools at London Ontario.

He began his life's occupation—the bakery business—quite early, and rose rapidly to the position of manager of the Parnell Baking Company in London in 1881, and soon advanced his standing in the city.

For seven years he was an alderman of London, and was an unsuccessful candidate for the Mayoralty against Sir Adam Beck.

In 1901 he organized the Coleman Baking Company at Toronto, and continued as president of that company until the year 1910, when he turned his attention to the West a dozen years ago, and in 1910 he organized the Speirs-Parnell Baking Company at Winnipeg. This business, one of the leading bread manufacturing firms in the prairie capital, at 666 Elgin Avenue, grew quickly to its present dimensions.

Mr. Parnell's bread making interests Mr. Parnell was associated with a number of other companies, while his chief public work, apart from that of municipal affairs was done as an officer of the Legion of Honor, in which body he had served the high office of Supreme Grand President.

Mr. Parnell married Emily Elizabeth Victoria Lowe, daughter of the late Joseph Lowe, and is survived by his widow, four sons and three daughters.

TWO HOTTENTOT LEADERS KILLED

Rebels in Southwest Africa Were Captured

London, June 9.—(Canadian Press Cable)—All the fugitive ringleaders and 150 of the followers of the Bondelawart Hottentots were captured and two leaders who led the fighting before the Government forces routed the insurgents were killed, according to a Reuter dispatch from Cape Town quoting from a speech made by Premier Smuts in the Legislative Assembly of South Africa.

One of the Hottentot chiefs killed was Abraham Morris, who fought valiantly against the Government forces on the Union of South Africa in the Great War. Premier Smuts made a feeling reference to this.

GREAT LOAN TO BE FLOATED IN FRANCE SHORTLY

Paris, June 9.—Another Interior loan of 4,000,000,000 to 5,000,000,000 francs will be floated shortly for continuation of the work of reconstruction in the devastated regions, it was announced to the Cabinet yesterday by Finance Minister de Lasteyrie.

WINNIPEG MAN HEAD OF MUNICIPAL UNION

John Haddon, of Winnipeg, President of the Union of Manitoba Municipalities, was elected President of the Council of Western Canadian Municipalities at the Executive Committee convention here to-day. A. W. Gray, of New Westminster and Commissioner of South Vancouver, was re-elected Vice-President.

The Executive Committee elected to-day is composed of: Dr. R. J. Chrystal, Alberta; A. J. H. Donahoe, Alberta; S. R. Henderson, Manitoba; the President of the Union of Saskatchewan Municipalities; W. J. Jackson, Alberta; was re-appointed Secretary-Treasurer.

DELORME TRIAL IS ADJOURNED TILL NEXT WEEK

Montreal, June 9.—The trial of Adelard Delorme, charged with the murder of his half-brother, Raoul, and yet to be seen free, of the Longue Pointe Asylum staff, have completed their examinations and their reports are awaiting formal presentation.

Delorme appeared in court this morning, garbed in a clerical collar and in formal church dress. His garments suggested heavy mourning.

SIR W. D. OTTER HONORED

Ottawa, June 9.—It is announced officially that Major-General Sir W. D. Otter has been promoted to the rank of general in recognition of his long and meritorious service in the active militia, in which he served since 1861, over sixty years.

EVEREST CLIMBERS AT 26,800 FEET

New World's Altitude Record for Mountaineers

Three Men Within 2,200 Feet of Summit

London, June 9.—The Times announces in its editorial columns that three members of the Mount Everest party succeeded in reaching the highest land altitude ever reached by man. It says:

"Three members of the Everest expedition, Mallory, Somerville and Norton, on May 21 reached an altitude of 28,800 feet, the highest ever reached by man, and just 2,200 feet below the summit."

The news came in three messages which reached London yesterday from General Bruce, commander of the expedition. On May 21 the three members named, leaving the camp established on May 20 at 25,000 feet, climbed nearly 2,000 feet and on the third day were back at what is known as Camp Three, at Changtze, 21,000 feet above sea level and three miles north of the summit of the peak.

Excellent Promise. "To have got so far in a climb which was merely a kind of preliminary reconnaissance was a fine achievement and seems to augur well for the success of the final effort."

The Times notes that the point reached, about 2,200 feet below the summit, exceeds by almost the same margin the previous world's record of 24,583 feet made by the Duke of the Abruzzi in 1910.

The world's aeroplane record is claimed by Lieut. McCready, of the United States army, at 27,800 feet. His flight was made September 28, 1931.

HARD TO SETTLE MAN'S RIGHTS NOW

Henry Hall Tells of Justice and Government Problems

Magna Charta Advocates Celebrate 107th Anniversary

The king is subject to the law of the land and this was brought about by Magna Charta, Henry C. Hall, K. C., said in his Magna Charta Day luncheon oration at the Hudson's Bay Building to-day in celebration of the 707th anniversary of the pact.

The celebration was under the Anglo-American League. Major Wendell Shaw, who is also one of the strong advocates of Magna Charta, had charge of the details.

"At the Meadow of Runnymede in this month of June, seven hundred and sixty-five years ago, the forces of the king in that greatest battle of history—a battle that ended not in rout or disaster, but in a compact, an agreement that agreement was the Magna Charta, the foundation of the liberties of England and of the world," said Mr. Hall.

"It established for all time two great fundamental principles: one that the king was not above but subject to the law, and in this way founded that type of government hitherto unknown—a limited monarchy."

History Changed. "Secondly, by its reference vague, but stronger, and capable of greater development for its very vagueness, to the people, the Magna Charta, an abstract principle of justice, to which an Englishman is inalienably entitled—a growing justice, as the idea of justice must grow—but the greater the better, that comprehension of justice, it was so soon as comprehended, the Englishman's right."

"So by these two great principles was the course of history of all times and all nations changed. A way was found to maintain central authority and yet to let the men free."

"The signers of the Magna Charta did not see, nor begin to see, the results that would flow from it. They (Concluded on page 16.)"

CANADA LEADS IN VOLUME OF EXPORTS PER HEAD

Ottawa, June 9.—Canada leads the world in volume of exports per head of population. Figures made public by the Department of Trade and Commerce show that Canada's exports now amount in value to \$145 per capita as compared with \$93 for the United Kingdom and \$65 for the United States. During the year 1922 Canada exported products to the value of \$28 per capita, as compared with \$40 per capita for the United Kingdom and \$15 per capita for the United States.

LENINE REPORTED TO BE DYING

Cerebral Paralysis Overtook Soviet Premier

Trotzky's Faction Gains Strength in Country

London, June 9.—From sources which cannot be doubted, it is learned that Premier Lenine's condition has deteriorated to such an extent that he is now reported to be dying. These sources state that the recent stroke of the Soviet Premier was one of cerebral paralysis. He had lost speech entirely on June 1, and was expected to die any day, those about him being certain that the end could not be prolonged beyond a few weeks.

Trotzky's Power Grows. "Leon Trotsky, the Berlin correspondent of the London Times attributes to a usually well informed source the information that Lenine, head of the Russian Soviet Government, had another apoplectic stroke Monday night and that Professor Forester, a noted German medical authority, declared that his condition was very serious."

Trotzky has virtually assumed the leadership of the state, and as a consequence the less moderate wing is rapidly gaining ground."

A dispatch from Riga last night said: "A statement denying that Lenine, the Russian Soviet Premier, is suffering from apoplexy or seriously ill was issued to-day in celebration of the revolution here upon receipt of detailed telegrams from Moscow. M. Yureneff, the Soviet Ambassador to Latvia, said that Premier Lenine was being treated by a German doctor."

The closing hours of to-day's session are expected to be a busy one for the new officers following the report of the committee on elections.

Friendly Relations. International good will depends upon better understanding between peoples and nations and important means to this end are sport, support of public men and the education of the public, it was declared at this forenoon's session by Lieut.-Colonel Ralston, noted barrister of Halifax, N. S., twice a member of the Nova Scotia Legislature. Decorated for distinguished service in the Canadian forces during the war Mr. Ralston is well known through Canada and the United States.

He declared world peace was dependent upon the wiping out of public ignorance regarding international affairs.

"We are doing better about our internal affairs, but when it comes to foreign affairs the motto seems to be 'Let George do it,' and we do not act as though we intend to do what 'George' has done," he said.

Ought to Know. "I am saying it is our duty as plain, ordinary citizens to know what machinery is available should we be called upon to do it. It is our duty to see that our neighbors have this information."

"You may say the United States is not interested in this machinery because she is not a member of the League of Nations, and you may say that certain documents, taken by the United States in this machinery, are on what was an expeditionally as possible and asked the Assembly further to instruct the legal committee to continue its activities with the last legation to ascertain how the property right of congregations desiring to transfer of Presbyterian Church property held for present use to the proposed united church, was necessary for the transfer of Presbyterian Church property held for present use to the proposed united church.

SAATCHI TO DEBATE GREATER VICTORIA

Scheme to Feature Tillicum Meeting

Sewer By-laws May Be Redrawn

The first public discussion of the Greater Victoria scheme will take place in Saanich next week, the Tillicum Voters' Association having called a meeting at Tillicum School on Tuesday evening, when this project will be proposed on the agenda.

New aspects of the sewer by-law question in Saanich are also expected to be laid before the meeting, as ratepayers have taken legal opinions on the legality of some of the provisions of both by-laws.

To Defer Action. The Saanich Council some weeks ago decided to take advice upon the by-law to raise \$61,000 on the general municipal credit to pay the city. The opinion of Municipal Solicitor H. B. Roberts, K. C., was laid before the Municipal Council at last night's session at Royal Oak, and was passed, without being formally read, through a number of the Councilors perusing the document.

This course was taken in view of the Greater Victoria proposals. These proposals, which are being read week until the air is cleared.

It is understood that the larger by-law is believed to be untenable without a shortening of the life of the bond issue from the proposed fifty years, to accord with the Municipal Act limitation of thirty years, and this may also be brought before the meeting in the form of a legal opinion.

The Tillicum gathering will also be addressed by Miss Booth of Esquimalt, who will explain child hygiene work.

Question of Union Before Assembly of Presbyterian Church

Committee Advises Forward Steps in Reporting to Gathering at Winnipeg; Views of Opposing Section Set Forth By Dr. Scott, Montreal.

Winnipeg, June 9.—Progress in the adjustment of technical details attendant upon the consummation of church union was reported to the General Assembly of the Presbyterian Church in Canada here this morning by the special Church Union Committee, through Dr. Pidgeon, Toronto, its chairman.

The committee recommended that its own existence be continued for another year and that it report again at the 1923 Assembly. In the meantime it proposed to obtain the best legal advice with a view to necessary enabling legislation from the Federal Parliament.

The report made it plain that the property rights of individual churches which declined to be bound by the general decision to enter a united church would be protected in the settlement.

Adoption of the report was moved by Dr. Pidgeon and seconded by Rev. Dr. C. W. Forster, Moderator, who said it was not committing the Assembly to any new expression of opinion.

Dr. Ephraim Scott, of Montreal, suggested that the report be printed and distributed among the commissioners before it was acted upon and it was decided that this should be done.

Rev. Dr. Pidgeon declared that no legislation was required for an ecclesiastical union as the Presbyterian Church was not a federally incorporated body, and as a corporation owned no property. Property rights were vested in the individual churches and legislation was necessary to transfer these rights to the proposed United Church of Canada.

Bills to be submitted to Parliament and to the Legislatures should be prepared, the report recommended, and submitted to the Assembly at next year's sessions.

The report expressed gratification at the growth of the union spirit as shown by larger co-operation and increased organization of union churches. It was said that 57 churches were now working under some form of union. It was hoped that a committee on co-operation would be appointed.

An Amendment. (Winnipeg, June 9 (Canadian Press).—An amendment to the church union report submitted this morning which will ask for a full survey of the legal and legislative aspects of church union will be moved at this afternoon's session of the Presbyterian General Assembly by Dr. Ephraim Scott, of Montreal, it became known at noon.

Dr. Scott started to read the preamble to his proposed amendment at the close of the afternoon session, which was interrupted when a delegation from the Methodist Church arrived.

Will Spread. "It is impossible for the assembly to take away from the Presbyterian Church of Canada its right to exist," Dr. Scott declared. "Only one-third of the adherents of the church voted in favor of severing connection with the church, and the decision may be reached by the assembly. 'Nothing can stop the activities of the church; it will continue to spread the Gospel no matter what decision may be reached by the assembly.'"

"It was one of the hardest things in the world to speak to the contrary of what was an expeditionally as possible and asked the Assembly further to instruct the legal committee to continue its activities with the last legation to ascertain how the property right of congregations desiring to transfer of Presbyterian Church property held for present use to the proposed united church, was necessary for the transfer of Presbyterian Church property held for present use to the proposed united church.

For Continuation. The Presbyterian Church associations, continued the preamble, from the beginning of the church union movement, and the present union of the church union probably will be put over until the printed form is available.

Steps Advised. "The report was a reiteration of last year's Assembly decision to take such steps as were deemed best to effect organic union as expeditiously as possible and asked the Assembly further to instruct the legal committee to continue its activities with the last legation to ascertain how the property right of congregations desiring to transfer of Presbyterian Church property held for present use to the proposed united church, was necessary for the transfer of Presbyterian Church property held for present use to the proposed united church.

Clauses Debated by Committee of Commons

Ottawa, June 9 (Canadian Press).—We are trying to accept the restrictions gracefully."

This was the reply of E. G. Long, of the Dominion Mortgage and Investment Company, when asked regarding amendments to the Loan Companies Act and the Trust Companies Act and the Bank and Commerce Committee of the Commons this morning.

"Admitting the principle of restriction, the amendment is not objectionable," he added.

The amendment concerns the margin of security on loans made by a trust or a loan company out of its own funds. It permits loans on stocks "provided the market value of the security on which the loan is made is at least 20 per cent. of such market value, or 20 per cent. of the par value, whichever is less."

It was explained that when the market value of a stock was above par, the margin must be 20 points; if the market value was below par, the margin must be at least 20 per cent. of the market value.

An amendment in these terms was inserted in both the Loan Companies Act and the Trust Companies Act. Net on Real Estate. The loan and investment by a loan company of its own funds in real estate is now restricted.

The bill contained a provision that a loan company might require ninety days' notice for the withdrawal of its funds.

Von Elm and Spiers Gain Leads in First Half of Semi-Finals

George Von Elm, of Salt Lake, finished the first eighteen holes of his match with Forest Watson, of Seattle, three up this morning. The champion was again playing excellent golf and appears to be pretty sure of getting into the finals.

In the other semi-finals for the Pacific Northwest championship, Spiers, of Seattle, was two up on Stein, also of Seattle, at the end of the first eighteen holes.

While there is a possibility of both Watson and Stein pulling up, there was a general opinion at Colwood after the first round that Von Elm and Spiers would be the finalists.

In the ladies' championship Miss Anderson defeated Mrs. Jackson, of Seattle, by 3 up. This is the first tournament in which Mrs. Jackson has played and her golf has been exceptionally good. Yesterday she eliminated Mrs. Sweeney, of Vancouver.

U.S. Relief Worker Tells Of Russian Cannibalism

London, June 9.—(Associated Press)—A shocking story of despair, death and cannibalism in Russia was narrated to the Associated Press to-day by William Shafroth, son of former Governor Shafroth of Colorado, who has arrived here after a year's work with the American Relief Administration in the Russian famine regions.

The desperate people are eating human beings, diseased horses, dogs and cats, he said. Cemeteries are being dug up and long buried bodies snatched as food.

"I know of one instance," he said, "where a distracted mother of five children killed the youngest to appease the pangs of the rest of her youngsters; but the oldest, a boy, cried bitterly when he saw his mother sever his little brother's head and place the body in a pot. He refused to eat the flesh."

The appeals of Newlands Sawmills, Ltd., versus Bateman, and Hart versus Battie, are also on the peremptory list.

COURT OF APPEAL HEARS TWO CASES

Question of Financial Transaction in Dispute

The appeal of the Northern Pacific Financial Corporation, Ltd., versus Jersey, entered upon its second day when the Court of Appeal opened this morning. The hearing is involved dealing with the business transactions of the respective parties. The hearing is involved dealing with the business transactions of the respective parties. The hearing is involved dealing with the business transactions of the respective parties.

The appeal of Clarke versus the Corporation of Chilliwack will follow, being an appeal from a judgment of Judge Howay in the County Court at New Westminster in which the plaintiff-appellant was granted an action for \$100 damages. The plaintiff, it was claimed in the trial in the lower courts, stepped into a hole in a municipal sidewalk at Chilliwack and sustained injuries which led to a bill of expenses for some \$100. That amount was claimed. The action was dismissed.

TO-DAY

In medicine, as in every other necessity, the public is attracted with nothing but the best. This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.

Zam-Buk's superiority is due to the fact that it is all medicine, containing none of the coarse animal fats or harsh mineral drugs found in ordinary ointments. Again, the medicinal properties are so highly concentrated that they contain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.

Another reason why Zam-Buk is most economical. It will keep indefinitely and retain to the last its strength and purity. Best for skin diseases and injuries, blood-poisoning and piles. All dealers, 50c box.

George Jay Pupils Present Cot to Jubilee Hospital

Touching tribute was paid to-day to the memory of Miss Leah F. Westwood, a former teacher of the George Jay School, when five hundred children from the school gathered in the grounds of the Provincial Jubilee Hospital for the formal presentation of a cot to her memory.

The cot and its furnishings have been bought by the children with funds raised on a special fund through the medium of concerts and other entertainments, and will be for use in the children's ward.

The children accompanied by their teachers, arrived at 1.30 in tally-hoes, kindly loaned for the occasion by the Veterans' Sightseeing Co. and Cameron and Caldwell, and were welcomed on arrival by Miss Jessie McKenzie, Lady Superintendent.

SEVENTEEN YEARS APART; REUNITED AT LOCAL WHARF

Shrine Party Brought Pleasure to Local Bandmaster

The saying, often expressed, to the effect that the world is a small place after all, found two additional supporters yesterday in the persons of J. M. Miller, Bandmaster of the 16th Canadian Scottish Battalion, and Jack Smith, of Columbus, Ohio, the latter visiting this city for the day.

Parted for seventeen years, after Mr. Smith left Newcastle, England, the men, inseparable school chums until that parting, had fallen to be one another in the intervening years. Smith knew that Miller was somewhere in Western Canada but did not know at what point. Mr. Miller, on the other hand, had lost all trace of his school friend, and what happened yesterday was in the nature of an unexpected delight.

Mr. Miller had gone to the C.P.R. docks to watch the arrival of the Laddin Band of the Shriners, and while standing there, he came face to face with Mr. Smith, a bandsman in that organization. Recognition was mutual, and a happy reunion followed. Mr. Miller left Newcastle over fifteen years ago.

It appears that Mr. Smith had inquired at every place since his departure from the city, but he could locate his old friend.

VICTORIANS RETURN FROM EUROPE

Mrs. and the Misses Dunsmuir Land at Quebec

Quebec, June 9.—The Canadian Pacific liner Empress of France, from Hamburg, Cherbourg and Southampton, in command of Capt. E. Griffiths, R.N.R., arrived at Quebec at 2.30 o'clock this afternoon with 429 passengers, including 216 in the first class.

Among the prominent passengers were Lady Margaret Boscawen, London, England, sister of Lord Bynoe, Governor-General of Canada; Sir Herbert Ames, Financial Director of the League of Nations, who leaves for London to-day; Sir William and Lady Price, of Quebec; Lady Davis, of Montreal; Mrs. and Misses Dunsmuir, of Victoria; B.C. Major R. D. Hon. N. Peroudeau, Montreal; Miss E. Reid, Prescott, Ont.; and Hon. John D. Reid, former Federal Minister of Railways and Canals, who met Miss Reid on her arrival.

Lady Margaret Boscawen was met on the ship's arrival by Captain J. H. A.D.C. to the Governor-General, the Lieutenant-Governor of Quebec, Sir Charles Fitzpatrick, and will remain in Quebec for several days as the guest of Sir Charles and Lady Fitzpatrick at Spencerwood. Lady Margaret Boscawen will make a tour of Canada, which has been specially arranged in advance over the Canadian Pacific Railway, and as she takes a great interest in agriculture, she will visit a number of farms and up-to-date dairies in Ontario and the West.

On a Vacation.
Sir Herbert Ames, ex-M. P. for the St. Antoine division of Montreal, and since the organization of the League of Nations Financial Director and Administrator of the League's expenditures, is now on leave of absence to Canada. In the course of an interview he said he would first proceed to Ottawa to attend a meeting on League of Nations matters there, and confer with the Prime Minister. Sir Herbert was away from Ottawa for several days as the guest of Sir Charles and Lady Fitzpatrick at Spencerwood. Lady Margaret Boscawen will make a tour of Canada, which has been specially arranged in advance over the Canadian Pacific Railway, and as she takes a great interest in agriculture, she will visit a number of farms and up-to-date dairies in Ontario and the West.

APPROVES SCHEME FOR CHILD HOSPITAL

Victoria Place For It, Says Acting Mayor Harvey

That Victoria is the logical place for the establishment of a hospital for destitute and crippled children of the Province is the emphatic opinion expressed by Acting Mayor John Harvey to The Times this morning. He heartily approves the efforts of the Shriners, the Hospital Board and others to see that such a hospital is established in the city.

"As president of the Children's Aid Society and in other ways connected with that phase of the work, I am deeply interested in a proposal to establish a hospital 'somewhere on the coast' for the care of destitute and crippled children and I believe that from a climatic and indeed from every point of view Victoria is the logical place for the establishment of such an institution. From the point of view of the local Shriners, the hospital board and others are interesting themselves in a most energetic way and I cannot conceive of a greater humanitarian step than to work for such a worthy object," said Acting Mayor Harvey.

The Garden Wonder Worker

Gardeners who want unusual gardens will surprise themselves with the results obtained by the use of a new scientific fertilizer, very much richer than fertilizers formerly used. The best grades of fertilizers, which are difficult to obtain, contain no more than 2 to 5 per cent. nitrogen, 6 to 10 per cent. phosphoric acid and 5 to 5 per cent. potash.

The new fertilizer is rich in concentrated plant food—large tablets in wax paper, containing 11 per cent. nitrogen, 12 per cent. phosphoric acid, and 15 per cent. potash. They are clean, odorless.

For crops in rows, set the tablets a foot apart along the rows. In flower beds and borders, place the tablets a foot apart.

Three tablets once a week or every ten days, in the hills, make Cucumbers, Squashes, and Climbing Ornamental Plants fairly plump. For Bush Fruits and Shrubs, use three to five tablets, placed in the soil about each plant.

For fruit or ornamental trees place tablets two feet apart, extending from the trunk as far as the end of the longest branches.

Four tablets dissolved in a gallon of water, used in place of liquid manure, is less costly, gives better results and has no odor. Used in this manner on lawns makes them thick, velvety and permanent.

Each tablet contains highly concentrated, immediately available plant food. They increase production, improve color and improve quality. Absolutely safe. Thelives bear profitable demonstration by the fact that professional gardeners all over the country are using them in increasing quantities. The name of these tablets is Stim-U-Plant. No matter how fertile the soil, Stim-U-Plant is effective in feeding and forwarding crops. Order name. There is no substitute. Price delivered, 35c, \$1.00 and \$4.25. Order from your seed dealer or United Distributing Co., 228 Pemberton Building, Victoria, B.C.

SIR A. E. GEDDES

SPEAKS IN TORONTO

Says Nations Need More University Trained Statesmen

Toronto, June 9.—That mainly due to the war, there was a great scarcity of men trained and capable of assuming positions in control of the foreign affairs of the nations, and that the universities must do their part in overcoming this scarcity by placing young men in the field, was the plea made by Sir Auckland Geddes, British Ambassador to the United States, in addressing an audience last night on the occasion of a special convocation of the University of Toronto for the presentation of honorary degrees to himself and several other notables, including Sao-Ke Sze,

Chinese Ambassador to the United States. Sir Auckland declared that never before in history had the diplomatic relations of the United States and Great Britain been so frank, cordial and free from antipathy.

There are thirteen separate charges.

ONTARIO LIQUOR.

Toronto, June 9.—Since December 1, 1919, the Government of Ontario has purchased 753,819 gallons of liquor at a total cost of \$6,625,000 for the Government dispensaries. It was stated by Attorney-General Lacey in the Legislature yesterday. There was \$369,000 worth of liquor on hand on December 1, 1919.

DEBATED CANADA'S STATUS IN EMPIRE

Senators Expressed Views on Question of Nationhood

Ottawa, June 9.—(Canadian Press)—Discussion of the League of Nations changed in the Senate yesterday afternoon to a debate on Canada's status within the Empire. Referring to the disarmament conference recently held at Washington, it was questioned whether or not Canada had any legal right to representation there.

Resuming the debate on Sir George Foster's motion, Senator David said the question of Canada's status in the League of Nations was a big one and would come up for review before Parliament. He endorsed the work of the League of Nations.

Senator Belcourt thought Canada had no specific right in the League of Nations delegation. He declared that the status had not changed, but discussions indicated that Canada had enlarged the scope of her interests, the true status remaining undefined.

The appointment of Sir Robert Borden as delegate to the Washington Conference had been made through Ottawa, but had to bear the King's signature, obtained through the Secretary of State for the Colonies.

Senator Dandurand Government Leader, dealing with Canada's status at Washington, declared that the status had not changed, but discussions indicated that Canada had enlarged the scope of her interests, the true status remaining undefined.

Senator Casgrain thought the League of Nations a beautiful dream. He did not believe in coaxing the United States to enter the League of Nations.

Sir George Foster, in closing the debate, said that people must be educated to the aims of the League if it was to succeed. He asked the Government to assume responsibility for distributing literature concerning the League among members of the Federal Parliament and Provincial Legislatures.

Another new departure was the approval of the appointment of a business committee. Those named for the business committee include F. W. Marsh, Vancouver, B. C. President, Mr. Justice W. R. Riddell, Toronto; vice-presidents, W. Halpin, Winnipeg; Arthur Murphy, Edmonton; Dr. M. M. Seymour, Regina.

The executive includes, Rev. H. T. Archbold, Victoria, and F. W. Marsh, Vancouver.

The reports from the provinces showed that there had been great activity, particularly in Ontario and British Columbia.

British Columbia had two strong committees, one on Vancouver Island and one in Vancouver. Much literature was distributed. The result of this educational campaign had been that the clinic in Vancouver had had so many patients that caution was being used in further propaganda.

St. John, N. B., June 9.—The annual meeting of the Canadian National Council for Combating Venereal Diseases was held here yesterday. It was decided to change the name of the Council to the Canadian Social Hygiene Council or Association.

NEWS FROM THE OTHER SIDE

Interesting Letter From Woman in South Africa

Johannesburg, South Africa.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and because I felt run down. I tried a lot of medicines before I tried yours. One day I was standing on my stoop when a boy came up to me and handed me one of your little books. I read the book and the next day my husband went to the chemist's and bought me a bottle of Lydia E. Pinkham's Vegetable Compound. I have taken the medicine ever since and I feel quite strong and well now as I am on the sixth bottle. I have written to my sister and told her all about the wonders it has done for me, and I am quite willing for you to use my name as I can not thank you enough for what it has done for me."—Mrs. W. F. RUSH, 123 6th Ave., Mayfair, Fordeburg, Johannesburg, South Africa.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by letter or verbally, one woman to another, that ought to commend this splendid medicine to you.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments (in use nearly fifty years), and the fact that it has helped thousands of other women, should cause you to give it a trial. It can be safely taken by any woman—young or old.

Winnipeg, June 9.—The Doukhobors will not emulate the Menopites who have removed from Canada, according to W. M. Czakoff, general manager of the Christian Community of the Universal Brotherhood, Ltd., of Vegreville, Sask., interviewed here. They are so content that, if anything, they have made fuller plans for remaining here.

Mr. Czakoff says that while the Doukhobors continue to lead their lives of restraint and industry, they want, if they may, to become all the better Canadians. They look for citizenship. They wish to acquire the desired right in the land and hope that it will be arranged with concessions permitting these people to conform to the laws.

He indicated that Peter Vevegin, the head of the Doukhobors, was trying to induce a settlement at Blain Lake, Man., to join the Brotherhood.

Mr. Czakoff says that while the Doukhobors continue to lead their lives of restraint and industry, they want, if they may, to become all the better Canadians. They look for citizenship. They wish to acquire the desired right in the land and hope that it will be arranged with concessions permitting these people to conform to the laws.

He indicated that Peter Vevegin, the head of the Doukhobors, was trying to induce a settlement at Blain Lake, Man., to join the Brotherhood.

Winnipeg, June 9.—The Doukhobors will not emulate the Menopites who have removed from Canada, according to W. M. Czakoff, general manager of the Christian Community of the Universal Brotherhood, Ltd., of Vegreville, Sask., interviewed here. They are so content that, if anything, they have made fuller plans for remaining here.

Coal Miners' to Declare Attitude Toward Board's Award

Sydney, N.S., June 9.—A referendum to decide whether or not the award of the Scott Conciliation Board on mine wages and conditions in Nova Scotia is acceptable to the 12,000 union coal miners of Nova Scotia will be held on June 28.

This decision was reached yesterday by the United Mine district executive sitting at Glace Bay under the chairmanship of President Robert Baxter. The annual district convention is called for Truro on June 29, and it is likely that important recommendations bearing upon the referendum will be made by the rank and file.

"NEVER AGAIN"

There is something tragically ironical in the announcement that the Twenty-second International Peace Congress will culminate its deliberations in the last week of July with a mammoth "No-More-War" demonstration in London.

The fact that twenty-one assemblies of the International Peace Congress have not succeeded in shattering the god of War does not imply that its business has been conducted in vain.

One of the melancholy circumstances which the last three years of the world's progress will have to record is the fact that the League of Nations and its lofty ideals have not been endowed with one-tenth of the popularity that seems to have been imported to the various phases of international discussion and commercial rivalry.

What is wanted is a branch of the League of Nations Union in every city, town and village in the Old and New Worlds. The people should understand that wars are authorized by a handful of men who are public servants in receipt of salaries paid by the people.

TRADE UNION MEMBERSHIP IN CHIEF CITIES

There are in Canada 31 cities, a decrease of four, having not less than 20 local branch unions of international and non-international organizations and independent units.

Monton, 60 branches, 35 reporting 3,323 members; Calgary, 60 branches, 43 reporting 3,941 members; St. John, 44 branches, 29 reporting 3,031 members; Victoria, 44 branches, 34 reporting 2,047 members; Saskatoon, 37 branches, 23 reporting 1,215 members; Regina, 33 branches, 26 reporting 963 members; Halifax, 32 branches, 18 reporting 2,125 members; Moose Jaw, 31 branches, 21 reporting 1,633 members; St. Thomas, 30 branches, 21 reporting 1,325 members; Fort William, 28 branches, 18 reporting 918 members; Sault Ste. Marie, 26 branches, 12 reporting 953 members; Brantford, 26 branches, 15 reporting 690 members; Moncton, 23 branches, 13 reporting 2,425 members; Kingston, 23 branches, 15 reporting 756 members; Peterborough, 23 branches, 15 reporting 470 members; Niagara Falls, 22 branches, 15 reporting 1,127 members; St. Catharines, 22 branches, 14 reporting 902 members; Belleville, 22 branches, 16 reporting 1,192 members; Stratford, 21 branches, 15 reporting 1,545 members; Lethbridge, 20 branches, 17 reporting 1,641 members; North Bay, 20 branches, 14 reporting 1,275 members.

OUR GAME.

There can be no doubt that the preservation of British Columbia's game should be the first care of a body that is fully competent to discharge such an important task.

Both methods have been tried and expert opinion is by no means enthusiastic over the policeman-game warden system. It can be set down that a blacksmith would be out of his element in a bakery.

ANOTHER "SCARE."

Because Japan has announced that her naval programme within the terms of the Washington agreement will include a fleet of the more mobile type of craft some enterprising journalist in New South Wales has taken the trouble to inform the world that the Antipodean Commonwealth has taken on new concern in respect of Japanese ambitions.

LENINE ILL?

The effect of Lenin's illness—whether he is seriously afflicted or otherwise does not seem to be clear—is believed in some quarters to be that Trotzky will assume power and overthrow all recent reforms.

and the War Minister would find himself out in the cold. Of this he is fully aware. For that reason he will probably walk very warily if Lenin's star should set.

MR. MANSON'S POSITION.

It is satisfactory to observe that the Attorney-General has made it perfectly plain that he will concern himself with the administration of the Liquor Control Act between now and the assembly of the Legislature in the Fall. He has likewise stated that he is not in a position to say what changes in the law or what policies may be submitted for the consideration of the House.

ORGANIC AND INORGANIC.

To the Editor:—In answering Bishop MacDonald's letter in this evening's Times re Inorganic and Organic Life, I quote from H. Haeckel's "Wonders of Life," where he states: "Modern science has shown that the sharp distinction formerly drawn between the organic and inorganic cannot be sustained."

AMERICANS TO BE PRESENTED AT FIRST COURT OF SEASON

London, June 9.—Twenty-one American women and girls will be presented to King George and Queen Mary by Mrs. George Harvey, wife of the American Ambassador, this evening at the first of three court functions to be held this season at Buckingham Palace. The event will be distinguished by the return of all the pre-war pomp associated with such occasions. From the palace has gone forth the edict for the return to trains and feathers which were discarded after the war in conformity with the court economic ruling.

IN WOMAN'S DOMAIN

TO TELL VICTORIA WOMEN THREEFOLD MESSAGE NEXT WEEK

Mrs. Blair to Preach Doctrine of Health, Beauty and Dress

Mrs. Margaret J. Blair, recognized throughout Canada and the United States as authority on dress and the development of beauty in figure and complexion, will lecture to the women of Victoria at 2:30 on Monday afternoon next at the Hudson's Bay Company's store and daily throughout the week, excepting Wednesday, presenting each day a different topic.

Mrs. Blair's talks are designed to give women a better understanding of themselves and their possibilities and duties. They are arranged in a sequence beginning with the subject of good health and how to develop it. Besides having good health a woman, to be happy, must be correctly groomed. Mrs. Blair believes that to appear harmoniously clad is no more expensive than to dress unbecomingly. She contends that all women may make a pleasing appearance and acquire the priceless gift magnetism if, in addition to the careful choosing of suitable attire, they take proper exercise. So she begins her series with health lectures in which she demonstrates the particular uses of her health dances.

The idea of putting physical culture and corrective calisthenics into the form of health dances is original with Mrs. Blair. She found it impossible to practice physical exercises faithfully until she embodied them in graceful dances done to an accompaniment of music. When they became a pleasure instead of merely a duty she never missed them.

She will dance in classic costume Monday afternoon, presenting twelve dances, each one designed to correct some physical weakness or defect and, incidentally, to delight the dancer.

Tuesday she will talk on "Beauty in Dress."

Thursday her subject will be pertaining to the home.

Friday, "The Care of the Skin and Body."

Saturday's subject will be announced later.

The entire series of these entertaining and instructive lectures will be free to all women at the store of the Hudson's Bay Company. Invitation cards may be obtained at the Information Bureau on the mezzanine floor of the Hudson's Bay store.

Will Lecture to Victoria Women

MRS. MARGARET J. BLAIR

Social & Personal

Miss Violet Russell, of Vancouver, is a visitor in the city, the guest of Miss Madge Knott.

Mrs. Hale and Mr. Maris Hale have returned from Duncan and are now resident on Macleod Street.

Mrs. Eric Innes-Noad and Miss Marion Innes-Noad, of Vancouver, have been visitors in town for a few days.

Mr. Basil Ridgway Wilson left this afternoon for Vancouver, where he will be the guest of his sister, Mrs. Mellander, for a short holiday.

Mr. and Mrs. Friedrichs, of California, have arrived in Victoria to spend a lengthy holiday and are guests at the Oak Bay Hotel.

Miss Balotti, of the nursing staff of St. Joseph's Hospital, leaves tomorrow to spend her holidays at her home in Nanaimo.

Mr. and Mrs. Gerald May have taken the residence of Mrs. George Johnston on Chamberlain Street for the summer months.

The many friends of Mr. J. Virtue, of the Oak Bay Hotel, will be pleased to hear he is recovering favorably from his recent operation at the Jubilee Hospital.

Mr. Lucius Hamilton, of Somenos, and Mr. Fred Hamilton, of Shawinigan, passed through Victoria yesterday on their way to Vancouver to meet their father and mother, who are on their way from England to reside in Victoria.

Mr. and Mrs. Biggestaff Wilson were hosts at a delightful dinner party at the Union Club last evening, covers being laid for thirty guests, including many of the visiting golfers. Last evening the party went on to the ball at Government House.

Lady Eaton, widow of the late Sir John Eaton, of Toronto, is leaving there shortly for the Pacific Coast, where she will spend some time visiting in this city and Victoria. Lady Eaton will be accompanied by her three sons.

Mrs. Hubert Lee, who has since her marriage a few weeks ago been the guest in Victoria of Capt. and Mrs. E. Lee, is now visiting her parents, Mr. and Mrs. Kierstead, at Mitchell's Island. Mrs. Lee expects to leave on Saturday to join her husband in Hynen, near Los Angeles, where they will make their home.

An interesting event occurred at the home of Mr. and Mrs. R. A. Scott, 2619 Blackwood Avenue, on Tuesday afternoon, June 6, when the Rev. John Robson, of Mountain View Church, Vancouver, an old friend of the family, christened their little daughter, Jean Margaret, and their little nephew, John Leslie Vernon, of 760 Esquimalt Road. Only the immediate relatives were present.

Mr. and Mrs. James Hooper, 629 Battery Street announce the engagement of their youngest daughter, Myrtle Lillian, to James Harris Medcalf, of Winnipeg. The marriage will be quietly solemnized on Wednesday afternoon at the home of the parents, who are temporarily residents in Victoria during the illness of the father, who is one of the pioneer editors of Manitoba, and an ex-King's Printer of the province.

The Misses Annabelle and Jean McKay, of Victoria, left this afternoon on the "Rutland Alexander" for a short vacation in California.

Prior to the ball at Government House last evening, Mr. and Mrs. Dugald Gillespie entertained at dinner at the Union Club, in honor of Mr. and Miss Merrill, of Seattle. Covers were laid for eight.

At Breadalbane, 1185 Fort Street, yesterday afternoon, a quiet wedding took place, when the Rev. Dr. Campbell celebrated the marriage of Mr. Holger Jensen and Miss Matilda Bertha Dorothy Christensen, both of Olympia, Washington. After a holiday in this city they will reside in Olympia.

Mrs. H. M. Dumbleton, of "Avonlea," Michigan Street, announces the engagement of her elder daughter, Lorna Kathleen, to Edgar H. P. Pollard, only son of Mr. and Mrs. H. E. Pollard, Barbourne, Worcestershire, England. The marriage will take place shortly.

At the conclusion of the Y. W. C. A. two-day birthday festival at the Armories last evening, Miss Kate Hemming, who arranged the pageant was presented with a bouquet of pink roses and snapdragons by Chas. W. Bishop on behalf of the directors and members of the Association.

Prior to the ball at Government House last evening, Mr. and Mrs. Chas. E. Wilson entertained at dinner at their home at The Uplands, when their guests included Dr. and Mrs. E. H. Bouffeur, Mr. and Mrs. Farrar, Mrs. Thos. Boudoux, Mrs. Bauer and Mr. J. T. Heffernan, all of Seattle.

Mrs. Walter O. Nichol has kindly consented to open the garden party to be held under the auspices of the St. Andrew's Ladies' Aid at the home of Mrs. W. J. Bowser on Saturday, June 24. In addition to the usual attractions, Mrs. Wendall Shaw's pupils will dance, and an orchestra will be in attendance during the afternoon.

A marriage has been arranged and will take place on Saturday, June 10, at the Roman Catholic Cathedral, Victoria, between Guida Olivette, only daughter of Mrs. Oakley-Moand, of 123 Victoria Street, Westminster, London, England, and Austin, second son of Mr. and Mrs. S. Hess, late of Southampton, England. After the ceremony at 10 a. m. the happy pair will leave for Montreal, where they will reside in future. Mr. Austin Hess, who is a brother of Mrs. F. R. Aldersey, of Duncan, was with the 15th Battalion, First Canadian Contingent in France, subsequently flying seaplanes with the R. N. A. F. and R. A. F.

A quiet wedding took place at the Reformed Episcopal Church in this city on Saturday afternoon last when Mr. Arthur Banks was married to Miss Sarah J. Devoy. Both are well known in this city and were the recipients of numerous presents from their many friends, among them being one from Victoria Lodge, No. 1, I. O. O. F., and another from the employees of Weller Bros., with which firm the bride has been connected. The happy couple spent several days with friends at New Westminster and Vancouver, and will leave on Friday for Los Angeles, where they will make their future home.

GOVERNMENT HOUSE BALL FOR GOLFERS

His Honor and Mrs. Nichol Delightful Hosts Last Night

Government House was on fete last evening when His Honor the Lieutenant-Governor and Mrs. Nichol entertained at a ball in honor of the visitors in town for the Pacific Northwest golf tournament. The guests, who numbered between two and three hundred were received in the drawing room. Mrs. Nichol wearing a handsome gown of ivory crepe beaute heavily embroidered with crystal beads, a diamond set Spanish comb completing her toilette. Major R. H. B. Ker and Mr. H. J. S. The One Unwanted

By RUBY M. AYRES
 INSTALMENT No. 12

The sudden shock of finding him so near, when I had not even known that he had followed me, brought me to a standstill, but I went on again immediately.

"Yes, it's cold. I want to get back to the fire."

"It's always chilly when there's been a thaw," he said. Though I quickened my steps, he kept beside me, and followed me into the kitchen. It was not my house, and, therefore, it was utterly impossible for me to shut the door in his face.

"There was nobody in the kitchen. I knew Mrs. Alberry had gone across the fields to see a neighbor who was sick, and as I did not fancy a tete-a-tete conversation with Mr. Anderson I made for the door that led to the stairs and up to my room.

"I thought you said you wished to get back to the fire and warm yourself," Mr. Anderson said.

There was a hint of laughter in his voice, and it suddenly dawned on me that he would think I was afraid to meet him. So I turned and answered as carelessly as I could.

"I was only going to take off my coat."

I went back to the fire and held my hands to its warmth, but when I saw how they were trembling I dragged up a chair, and sitting down, fidgeted them in my lap.

"Won't you sit down?" I asked politely.

"Thank you," but he remained standing.

"You had visitors this afternoon," he said after a moment.

"Yes. Did you see them?"

"I did. One of them did me the honor of calling at my house."

I looked up with a desperate effort. "Oh, you mean Lionel Champion?"

He told me he knew you.

"I am flattered," he answered dryly.

I shrugged my shoulders.

"Oh, you need not be," I said. "He wasn't at all complimentary when he spoke of you."

"So I should imagine."

"There was a little silence. Then he stooped suddenly, putting a hand on either arm of my chair so that I was imprisoned.

"Look at me, Sally."

I wanted to fume—I tried my hardest, but for the life of me I could not, and our eyes met.

But I put my hand out and tried to push him away. He immediately said, "Let me go. How dare you keep me here? Please let me go!" I said, "In a moment—When you have answered one question, I will let you draw back as far from him as possible."

"I shall not answer any questions. I think—I think it's—the limit, you're coming here and—and behaving like this," I said angrily.

He laughed, but he raised himself and moved away, going back to his old position on the rug.

"How long have you known Champion?"

It was on the tip of my tongue to say that I had never seen him in my life until to-day, but something made me hesitate.

"I don't see what it has to do with you," I said coldly.

He did not reply to that—seemed not to have heard it—for almost immediately he asked another question. "Are you going to marry him?"

"I said 'What' in capital letters, and for a moment I forgot that we were supposed to be enemies, and I laughed in amazement.

"Whatever do you mean?"

But he did not smile.

"I overheard something that was said, that is all. It's—the limit," he said. "Your father and Champion both came to my house after they left here."

"Lionel Champion is a very charming man," I said. "Oh—what are you doing?"

He had caught my hands in his and was dragging me.

"Are you going to marry him?" he asked.

"I tried to temporize."

"It hasn't got anything to do with you. I wonder you dare speak to me at all after the way you have behaved."

"What do you mean—because I kissed you?" He drew me to him with a fierce moment, and before I could guess his intention he had kissed me again on my mouth.

"Now perhaps you'll answer," he said, and his voice was quick and breathless. "Are you going to marry him?"

I felt as if all my strength had oozed through my finger-tips.

"No," I whispered helplessly.

He put his hand beneath my chin, tilting my face up.

"Then will you marry me?" he asked.

"You!" I spoke the word in a breathless whisper. My heart seemed to stop beating. Then once again I remembered the strange manner in which he had treated me since that day on the ice, and I made a desperate effort to recover my dignity.

"Of course, I won't!—I don't even think of it."

like you. Let me go! Oh, let me go! How dare you?"

He took his arms away so suddenly that I almost fell. I was trembling all over, and for a moment neither of us spoke; then he said, in a curiously level sort of voice.

"You mean you don't like me, or is it that I'm not rich enough, or perhaps not sufficiently a gentleman to suit you?"

My heart cried out: "No, no, no!" in swift denial of his words. He sounded so hurt, but I would not speak them aloud.

He waited a moment; then he picked up the hat he had flung down on the table.

"Good night!" he said abruptly.

"Oh, are you going?" I faltered.

My voice should have told him a great deal, but if it did he took no notice. He strode across the kitchen, opened the back door, shut it again with a heavy slam, and the next moment I heard his steps retreating across the wet, sloshy yard.

I felt as if those invisible hands that had seemed to tug at me before, drawing me back to him, were pushing me now, urging me after him, begging me to follow, and before I knew it I was out in the dark, chilly night, running through the slush, splashing my ankles and skirt with wet, cold mud, calling his name:

"Mark! Oh, Mark, come back!"

He must have heard, but he did not slacken his pace in the least, and he was out in the road, striding away towards his own house before I overtook him.

"You are—rude!" I panted. "You might have waited for me!" And then, to my infinite disgust I burst into tears.

Mr. Anderson stopped dead. He said "Sally!" in a queer, choked sort of voice, and the next moment I was in his arms.

"Do you love me?"

"You know I do!" I sobbed.

"Will you be my wife?"

"If you really want me."

"And that man Champion, he's nothing to you?"

I shook my head.

"I never saw him in my life until to-day. He's going to marry my sister."

"Then—kiss me, Sally!"

But I held back. The tears were wet on my face, but I was so happy I hardly knew what to do.

"Why have you stayed away since ever since I fell into the river?"

"I thought you did not know your own mind. It seemed unfair."

"I'm only four days older now than I was then," I told him.

"I know; but it's different. At least—Isn't it different, Sally?"

"Not to me—because I have always loved you."

"Kiss me then."

"Wait—wait! These are your cousin's arms. I felt his arms relax their hold a little."

"My cousin isn't anything to me."

"Mrs. Alberry said people think you are going to marry her."

"I am not responsible for what people think."

"But I thought so too," I insisted.

"You don't think so any more?" he asked, but I would not answer and he said again: "Sally! Do you think so?"

"No."

"Then who am I going to marry?" he demanded.

My eyes had grown accustomed to the darkness now, and when I looked up I could see his face faintly in the light of the stars.

He was my first love—my last, as I confidently believed, and with a sudden passionate impulse I put my arms round his neck.

"Me!" I said.

He kissed me then, many times and I kissed him, and I don't know how long we might have stayed out there in the mud and darkness but for the striking of the church clock, which roused me from my dreaming with a shock.

CANADIAN LEGION

The Canadian Legion, Amalgamated Veterans' Association, announces it will stage the first of a series of monthly smoking concerts for members and their friends to-morrow at 8 o'clock.

An energetic committee under the chairmanship of Comrade H. Deardard Twigg has completed arrangements to place a full and varied programme of local talent before the members.

It is felt that an effort in the direction of stimulating the social side of the many activities of the Legion would be productive of the best results in the interests of unifying the returned men of this city.

Suitable refreshments will be served during the evening for which a nominal charge will be made. The members are requested to give their undivided support to make this initial venture the success it deserves. The programme promises to be one of the best that has been staged in Victoria, including several artists who are new to Victoria audiences.

The executive council of the Legion, Victoria branch, wishes to promote friendly relations between the organization and the other ex-service bodies on Vancouver. It is with that object in view that every effort should be made to promote entertainments of this description in furthering the well-being of ex-service men.

NEWS AND NOTES OF THE MINES

Trail Shipments.

Five months' ore receipts at the Trail smelter total 186,253 tons this year, against 175,621 for the first five months of last year, the current year thus having a lead at present of 10,632 tons.

The statement for the final ten days of May shows 12,495 tons received, the largest for any month-end this year. One new shipper for the year, the Spokane-Trinket, of Alton, takes its place in the lineup.

Premier Ore Shipments.

During two weeks the Premier shipped about 2,500 tons of ore (high grade low grade) and concentrates, to Anyox and Tacoma. Thus bringing the total shipments from the first of the year up to approximately 28,495 tons.—Portland Canal News

NEWS IN BRIEF

11 C. M. G. Brigade—Members of the Brigade Rifle Assn. are advised that the Saturday shoots are being held at Heat's Ranges, for the present.

Renaming Saanich Streets.—The Saanich Council last night received and tabled for a week a long list of street name changes suggested by a special committee.

Favors Extension.—The Saanich Council last night went on record as not opposed to taking into Saanich a portion of the Craighflower School district, bisected by Burnside Road. It is planned by residents affected to circulate a petition forthwith.

Fowl Bay P. T. Dance.—The Fowl Bay Parent-Teachers' Association will hold a dance to-night in the Margaret Jenkins School auditorium from 9 until 1. An orchestra has been engaged for the occasion, which may become a popular monthly affair for residents of the district.

Decree Absolute Granted.—Before Mr. Justice Macdonald in the divorce action of Le Mare versus Le Mare, came on for hearing, C. L. Harrison acted for Percy Le Mare, petitioner, who obtained a decree absolute of his wife, Sarah Le Mare. The action was undefended.

More Fines.—Indicating that the Sunday Closing question is still an active one in police circles, 147 additional fines were granted yesterday by Attorney-General Manson. It is understood that this brings the number of fines pending to 150, the first three of which are now awaiting judgment in the city police court.

Judgment Reserved.—At the conclusion of argument by counsel in the County Court action of Nicholson versus Cook, an agreed-to order in the Small Debts Court, judgment was reserved. Mrs. Martha Matilda Nicholson, gave evidence for the plaintiff respondent, while George J. Cook, Mrs. G. J. Cook, and J. Quarmby testified on behalf of the appellant.

Nominal Fine.—Pleading guilty to driving a motor for hire without first securing a chauffeur's license, Harold Mayer was this morning fined \$1 by Magistrate Jay in the city police court. The nominal fine was imposed after Mayer had told of unemployment, and had agreed to at once take out a license. "Other men have taken out licenses, your failure to do so is not fair to them," the Court pointed out.

Agreement Needs By-Law.—The Saanich Council last night instructed the Municipal Clerk to prepare a by-law giving effect to the arrangement with Victoria by which submission of sewer by-laws in 1922 is postponed for three months. This course was deemed necessary to give legal effect to the concordance of the city's letter of agreement, by stressing claims to re-submission of the by-law in 1923, appeared to foresee failure this year.

More Publicity.—The C. P. R. movie picture department will have W. G. King visit Vancouver Island next week to take pictures of logging and other scenes in the city police for showing in various parts of the world, the publicity bureau is advised. The Spokane & Eastern Railway Company also advises the bureau that it is putting out in the Victoria-Anacortes motor car ferry to Victoria and the Island.

The Women's Conservative Club.—The Women's Conservative Club, Pemberton Building, held a most enjoyable dance on Tuesday last. The rooms were prettily decorated with the club colors and the floor was in excellent condition. There was a large number present. Flanders' orchestra played up-to-date music. Dainty refreshments were served and dancing was indulged in until midnight. Preceding the dance a short business meeting was held, and Mrs. W. W. Douglas was elected secretary in the place of Mrs. Fairley, who has left for California.

Army and Navy.—The Army and Navy Veterans' Association last night decided to send three delegates to the Chamber of Commerce conference to discuss the advisability of erecting a statue to General Sir Arthur Currie. The membership and financial report of the association was approved and it was reported that there had been a considerable increase in membership since the first of the year. It was also decided to make arrangements for a picnic this Summer, probably some time next month.

Won Candy Contest.—Announcement is made of the result of the candy-guessing contest conducted by Mrs. Rathorn in connection with the Y. W. C. A. birthday festival at the Armories. The number of candies in the jar was 282 and Mr. J. Shyman, of 372 Quadra Street, who guessed 281, won the first prize, a box of toilet requisites presented by the Marinello Beauty Parlors. The next nearest guess of 256 was given by H. Becker, of 4 Quadra Apartments, and Miss Cooke, 907 Blanshard Street, who will accordingly share the lovely box of chocolates presented by Ramsay Bros.

Ward Work in Saanich.—The Saanich Council was last night informed that up to May 27, \$16,630 had been expended on roadwork chargeable to wards, and \$4,901 on relief work for the year. The roadwork appropriation is \$25,000, divisible between the wards in accordance with the assessments. Expenditures by wards are: Ward One, \$1,580; Ward Two, \$2,912; Ward Three, \$78,400; Ward Four, \$4,115; Ward Five, \$1,374; Ward Six, \$2,006; Ward Seven, \$2,483; general, \$223; Hagans Bridge, \$202; relief wood-cutting net \$1,250; relief rock breaking, \$215; and Wilkinson Road relief, \$2,134; a total of \$20,231, inclusive of general fund expenditures.

Held Pleasing Concert.—An excellent concert was given by the choir of the Emmanuel Baptist Church, on Tuesday evening last, in which a number of well-known local artists assisted. Mrs. Styles Sehl, soprano; Miss Mason, contralto, and Messrs. Deaville, Draper, Gilder, Sedgeman and A. Parfitt—assisted in an arrangement of "The Rose Tree" by Green. G. H. E. Green contributed a cornet solo in an acceptable manner. Miss Violet Parfitt and Ivor Parfitt played the accompaniment, while Frederick Parfitt led the choir. The concert was keenly enjoyed by a large attendance.

Foresee Unemployment.—Anticipating much unemployment next Winter, the Saanich Council last night refused to stand timber on a tract of municipally owned land at Prospect Lake. P. H. Sundin had offered to pay 50 cents per cord stump removal. Should the need arise the Council proposes to put gangs of men employed to work in this timber later in

In County Court.—Before His Honor Judge McIntosh in the County Court to-day the action of Gott versus Scouler came on for hearing. Joseph H. Gott is suing out of an automobile collision between the respective parties recently. W. A. Brethour acts for the plaintiff, and F. G. Fowkes for the defendant. The action continues.

St. George's School.—The closing of the Summer term at St. George's School will be marked by a series of interesting and entertaining events. On Thursday, June 22, at 7.45 p. m., there will be a drill competition. On Friday, from 2 until 5 p. m., the annual school sports will be held, while Speech Day and the distribution of prizes will take place on Thursday, June 29, at 3 o'clock. Very Rev. Dean Quanton officiating.

Central W. C. T. U.—At the meeting of the Central W. C. T. U. yesterday a number of votes of sympathy were passed to Mr. Henry Norman in the death of his wife, an ex-president and valued worker in the organization. As the attendance of members at yesterday's meeting was small, the election of departmental superintendents was postponed until a future meeting. A parlor meeting will be held at the home of Mrs. Lumsden, Cook Street, on Thursday, June 22.

Veterans of France.—At a well attended meeting of the Veterans of France held in their club rooms last evening, the following comrades were elected: Comrades W. Lawrence, W. Lindsay, C. C. Crawford, J. Wright, J. Dempsey, F. E. Turner, A. Larsen, A. Selier, A. Wilson and W. Thomson. In consequence of complaints that British Columbia seamen are discriminated against by the Dominion Government Merchant Marine, outsiders being given positions over the heads of local applicants, the meeting strongly protested against such actions, and ordered a copy of their protest to be sent to Ottawa.

"A Nice Crop."—Discussing Memorial Avenue as it is to-day, with three hundred trees growing amid millions of flowering mustard plants, members of the Saanich Council agreed last night that the only remedy is immediate weed pulling by hand, on a scale needing many organized working parties at once. The Council decided to urge the Chamber of Commerce to give attention to the condition which its project has created on the boulevards of Shelbourne Street. "This is a nice crop, and I have personally appealed to Chamber of Commerce officers about its harvesting, but without result," remarked Reeve Watson.

WILL RECOMMEND HOLLAND SETTLERS

Dutch Bulb Growers Expected Here in Numbers

Following the announcement in The Times of May 29 that J. A. Smidt, a former Netherlands official was paying a visit to Victoria and Vancouver Island for the purpose of investigating the possibilities of this district for the promotion of the bulb growing industry, and the proposal to bring numbers of Holland settlers to this country to undertake the industry, comes the report from the Franco-Canadian Company, Limited, that Mr. Smidt has purchased a plot of six acres of land at Saanichton, the company's new rural acreage townsite at Sooke Harbor, for the express purpose of starting the bulb and cut-flower industry.

At the same time, Mr. Smidt's report to the Dutch Government is most favorable and it is expected that others will arrive in Victoria in due course to take up further areas in the surrounding district.

Mr. Smidt comes to Victoria with the highest credentials from the Dutch East Indies, and also the Dutch West Indies, where he held Government appointments.

He has made a very close investigation of the soil, climate, transportation, marketing and other features of the business of bulb production, and is satisfied that the lower end of Vancouver Island is admirably adapted to the purpose.

ASSIZE LIST IS GROWING RAPIDLY

Emilia Tom Charged With Being in Unlawful Possession of Much Gold

Before His Honor Judge McIntosh in the County Court to-day Emilia Tom, committed for trial following a preliminary hearing in the police court recently on a charge of theft of gold and other currency from William Nye, elected trial by judge and jury in the vacation Assizes. The plea makes the seventh case that will go before the Grand Jury when it convenes on July 17.

Tom O'Connell, Dominion constable in the Indian Service, interpreted the court proceeding to the accused to-day.

J. S. Brandon acted for the Crown. The accused was arrested as a second suspect following complaints entered by William Nye, a longshoreman, who on Sunday last claimed to have been robbed of some \$400 in Russian, Australian, British and Canadian currency, mostly in gold pieces. Nye told the police that he was conversing with an Indian woman beneath the Johnson Street bridge, when suddenly she called "Police" and ran off. Shortly afterwards Nye missed a wallet containing some \$400 in gold pieces. The first woman arrested was released.

APPRECIATIVE OF WELCOME HERE

Harold B. Splading, Industrial Co-ordinator, sends to Harry Charlesworth, president of the Canadian Teachers' Association, the following appreciation of Seattle teachers for the welcome last Saturday here:

"On behalf of the teachers and executives of the Seattle public schools, I wish to thank you for the hospitality shown us on our visit to Victoria last Saturday. To say we enjoyed our visit, but half expresses it.

"The teachers were very enthusiastic over the trip, and equally appreciative of the trouble to which the Victoria people put themselves to make the day a pleasant one. The kindest trip was well worth while for the good-will alone, quite aside from the interesting things learned during the day.

"We are hoping for the pleasure of entertaining the Victoria teachers next Spring, and in a measure returning the enjoyable day which you have given us."

YOUTHFUL ARTISTS IN RECITAL

"Probably never in the history of the Canadian Academy of Music has the annual concert of that institution reached a higher artistic standard than it did last night," says The Toronto Star of May 31.

"Only a small group of students took part, and the programme lasted a little longer than the average recital given in the course of the year at Massey Hall. It rose with a gradual crescendo of interest until it reached a climax in the superb playing of Mr. Colin McPhee, a young pianist of unusual brilliance, and the duet from the first act of 'Madame Butterfly,' which Mr. Victor Edmonds and Miss Nelly Gill sang with all the finish of professional singing actors. In fact, the famous scene has been done here in less satisfying manner by opera companies on more than one occasion. Mention has already been made of Miss Gill and Mr. Victor Edmonds. These two young singers are widely known in Toronto, and have been heard before at Massey Hall. Mr. Edmonds has a beautiful tenor voice, and sings with a wealth of color, and continues to gain steadily in feeling. These are Signor Morando's pupils."

GIRL GUIDE NOTES

The first regular meeting of the Esquimalt company of Girl Guides was held on Tuesday afternoon, June 6, at the Lamson Street School. Miss Douglas-Crompton, the captain, and Miss Robinson, the lieutenant, were in charge. Nine prospective guides were present and were instructed in the following: The history of the Union Jack, woodcraft signs and knots. The names of twelve other girls were received, who wished to join the company, but were unable

SHRINERS STIR CITY WITH BIG DEMONSTRATION

Hundreds of Red-fezed Visitors Arrive Here on Way to Frisco

Crowds of red-fezed Shriners, to the number of 450, invaded Victoria yesterday afternoon on their way to the annual Shrine meeting in San Francisco, and made their presence known to nearly everyone in town. The group which arrived here yesterday was from the Aladdin Shrine, Columbus, Ohio, but large numbers from other shrines all over the Continent will be through to-day and tomorrow.

The Ohio Shriners arrived shortly before 3 o'clock on the Princess Charlotte, specially chartered for the occasion, accompanied by their band of fifty pieces, which is one-half of the musical organization which the Columbus delegation is taking along to Frisco. In addition, there were the chanters and patrol corps. The visitors were met at the wharves by a local reception committee, headed by Potentate Dr. H. E. Young and including Nobles E. E. Leason, J. H. Hudson, G. D. Christie and many others. After fraternal greetings the visitors marched with their band to the Empress Hotel. Then they were taken for a drive about the city and adjacent districts. About 4 o'clock the Aladdin Band and chanters rendered a concert on the steps of the hotel before a large crowd which packed the grounds and greeted the Shriners' efforts with thunderous applause.

The choruses by the Shriners chanters were particularly delightful. Solos by Jack Richards and William Church, formerly members of the famous Al G. Fields minstrel aggregation, were fully appreciated, and the singers were encored again and again.

In addition to the Columbus delegation there were some 300 other

Shriners bound for San Francisco. They, too, were welcomed by their local brethren and entertained with the Aladdin members.

Ladies Entertained.

Wives of the visiting Shriners were entertained by a special reception committee composed of Mesdames J. O. Cameron, G. D. Christie, K. Peden, A. Brown, Mr. Jackson, Humphries and Hawkins. Each visiting lady was presented with a beautiful bouquet on arriving, and after the ladies were driven about the city.

Later in the afternoon the Shriners returned to Vancouver. Thence they will go South to their destination, San Francisco. Most of the visitors are going South direct from Vancouver, 2,500 of them having arrived in the Terminal City yesterday, by special train.

Motion pictures of yesterday's celebration were taken by Young's Studios, and will be shown all over Canada.

Alderman R. W. Perry, representing the City Council, officially welcomed the Shriners here in a few well-chosen words.

TO SPEAK ON MOUNTAIN RANGE ACROSS THE STRAIT

R. L. Fromme, of the United States Forest Service, who has charge of the forest reserve on the Olympic Peninsula will lecture to the Natural History Society on Monday. He will speak on the Olympic National Park, and the address will be illustrated with fine lantern slides, showing every aspect of the mountains, alpine "climbing," lumbering, trail building, fire fighting, conservation and the animals and birds.

The lecture will be given at the Girls' Central School, at 8 o'clock. Invitations to Alpha Phi, Boy Scouts and Girl Guides are extended.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

THREE CHINA ANIMALS

Three china animals sat on the mantel of the playroom. At one end sat a red china dog; at the other end, a blue china pussy cat; they never quarreled those two, but perhaps the reason was that in the middle of the mantel stood a china lion. The lion was yellow, and his mane looked very much like molasses candy after it has been pulled a while. The candy, not the mane, I mean. The three china animals had stood there a long time, and when the

magic hour came around at night they had remained silent, while the toys that lived on the floor around the playroom played and talked. But one night the Lion spoke to the two china animals beside him. "It is time we took part in this nightly frolic," he said. "Here we sit, night in and night out, and never do a thing."

Blue Pussy stretched and yawned. "I quite agree with you, Mr. Lion," she said. "I am tired of watching that calico cat show off while I sit here, and no one notices me at all. I have a much glossier coat than hers."

China Dog did not say a word. Something told him that his place was on the mantel, and not on the floor, so he did not even bark while the talk between his companions went on.

"I am king of all beasts," said the Lion, "and I am going to show the toys on the floor—that I am to be noticed. Why, I heard Calico Cat making fun of us the other night."

She said I could not harm a fly. And that China Dog could not bark if he saw a cat, and that blue china cat was enough to make any dog bark—even a china one.

"Did she say that about me?" inquired Blue Pussy.

"She did, and more, too," said Mr. Lion. "She said if it wasn't so far up here she would give us all a cuff and see what we would do then."

Blue China Dog leaned over the side of the mantel. "She is right under here," she said to Mr. Lion. "I will show her how funny I am."

"I am going to show those toys I am of some importance, too," said China Lion. "I will give a loud roar and jump down and scare them."

China Dog did more then, for his companions jumped and crash they went on the bricks in front of the fireplace.

China Cat did tip Calico Cat over, but there was nothing left of China Puss but the broken bits of blue scattered about the floor.

China Dog looked down on the broken lion and cat and was glad he was satisfied to sit on the mantel. "Why should I worry if the toys do make fun of me," he said. "I am better off then they are; no one ever tumbles me about the floor and steps on me, and up here I can look down on every one. What more can a king want than that? I wonder Mr. Lion did not think of that; he was so wise. Well, that is what comes of belonging to a family that is wild. I have heard that Puss belongs to that class of animals, too, so I expect that is the reason she was not contented here on the shelf."

"High-ho! I am glad I am not wild," yawned China Dog. "I expect to live up here the rest of my days, and what more can a dog want than to be comfortable? King of beasts! Why, I'd rather be a dog than anything else in the world, and China Dog closed his eyes for a good long nap."

WITH WELCOME SHRUBS FROM HERE

Desire to Use Canadian Plants on Battle Memorial Sites in Europe

To the Canadian Battle Exploits Memorials Commission, with headquarters in Belgium, is entrusted the work of designing monuments and plans for the beautification of grounds for the battle memorial sites in Europe. In this connection it is proposed to use as far as possible shrubs and flowering plants which are distinctly Canadian. This idea seems to have appealed to a number of enthusiasts in Canada, who have forwarded seeds for the use of the commission. Most of these donations were from Eastern Canada and the prairies, and some were sent by people who thought the seeds were from Canadian flowers and trees, but which proved to be only European varieties which have been grown in gardens everywhere for years, and not distinctively Canadian.

Lieut.-Colonel M. N. Ross, who is in charge of this work in France wished to have shrubs and plants from each of the Provinces, but found considerable difficulty in obtaining native B. C. species. Very few were to be found in the province owing to difficulties of collection and cultivation during the war, and the only way of securing specimens seemed to be to get them from this Province. But, as is well known, the nurseries here do not cater to those who desire showy native species, being satisfied to import European, American, or Oriental species. It is not surprising therefore that Colonel Ross found difficulty in having British Columbia represented by its flora on the battle memorials. He appealed to the Agent-General for B. C., in London, and was referred to Dr. L. S. Klink, President of the University of British Columbia, and fortunately the University Botanical Gardens at Point Grey, which has many thousands of native plants from all parts of the Province, had some which were eminently suited for the work of the Memorials Commission. One section of the nursery contains several thousands of ornamental native shrubs which some day, soon it is hoped, will be used in the beautification of the university site. These shrubs have been grown, and transplanted like regular nursery stock, for several years so that they have each a fine

ball of roots, thus differing from plants taken directly from the bush.

Trial Shipment Results.

A trial shipment of 150 white-flowering shrubs comprising *Holodiscus discolor* (ocean spray), *Phytoscarpus opulifolius*, nine-bark, and *Philadelphus Lewisii* (mock orange), was sent to Belgium in time for planting this Spring, and in a letter from Colonel Ross, he states that they arrived in perfect condition and he says "the fact that plants have come from Canada will add much to the interest of the ground to people here."

In all probability other B. C. species will be forwarded for planting next Fall and the succeeding Spring, and an opportunity will be given to enthusiasts in B. C. who wish to assist in this work by contributing desirable species. Oregon grape, young plants of wild roses and salmon-berry, and large showy perennial herbaceous plants are desired. Persons wishing to co-operate should communicate with J. Davidson, P.L.S., Botanist in Charge, Botanical Gardens and Herbarium, University of British Columbia, Vancouver, to whom this work has been referred and who has been asked to give advice as to suitable B. C. plants for the climate and soil of the battle memorial sites.

PACIFIC NORTHWEST SECURES VALUABLE PUBLICITY NOTICE

"There is no other resort region in the world that has the immense snow-capped mountains and rugged ranges equal to thirty Switzerland as well as beautiful inland seas, automobile roads, forests, streams, rivers and harbors for aquatic sports, golf links, and sandy bathing beaches as the Pacific Northwest," says The Omaha Evening World Herald, of June 1, in a half column article headed "Nebraska and Iowa People are Taking Advantage of New Summer Railroad Rates to Visit Northwest." Succeeding paragraphs describe in glowing terms the natural attractions of this region, tell of its cycle

and industrial development, and praise its climate. "Its summer climate is the climax of its lure," it continues. "Every hour of the twenty-four is pleasant, comfortable and refreshing. The supreme delight of living in the Pacific Northwest is to be out in the open when every breath brings new life and renewed vigor."

This generous tribute to the charms of the Pacific Northwest—a message of stirring appeal to residents of the super-heated prairie states—is one of the by-products of the advertising campaign of the Pacific Northwest Tourist Association, for on the same page with this story appears one of the big, attractive advertisements of the association, featuring the special reduced fares to this region. It is one of a series which is being carried in about fifty of the leading papers of the United States and Canada, selected to reach the greatest number of people in the districts from which summer tourists are most easily attracted. The copy for this series is particularly strong, and in nearly every paper in which it appears it dominates the entire resort page, such headings being used as "28 Per Cent Lower Railway Fares This Year," "Special Reduced Railway Fares," "The Lure of the Great Pacific Northwest," etc. It usually runs

BEECHAM'S Sweeten the Stomach PILLS

along side some of the railway advertising of this region and is expected to have a big influence in deciding many summer vacationists to visit the Pacific Northwest this year.

BETTING ON DUMPLINGS

The tidal wave of money shortage had caught the poor old bookmaker and landed him, high and dry, in the workhouse. But the ruling spirit still swayed him, and he started a "book" inside. A friend asked him how he was getting on, but he shook his head sadly. "The business is too much for me, and I shall have to get a clerk," he replied. "I can reckon two to one in cigarettes, or four to one in an ounce of tobacco or a quarter of tea, but when it comes to working out eleven to eight on a sweet dumpling—well, I'm done."

EATS ANYTHING SHE WANTS AND GAINS WEIGHT

After Long Suffering From Serious Stomach Trouble, Following Flu, Mrs. T. W. White Says She Was Completely Restored by Taking Tanlac

"The benefit I got from taking Tanlac is greater than I can ever express," declared Mrs. T. W. White, 1940 Boucher Street, Victoria, B. C. "After a severe attack of the flu I was so weak for a long time that I could hardly get around. I had no appetite and the little I forced myself to eat caused me such severe pains I could hardly stand it. I got very little sleep nights, suffered a great deal from headaches and my nerves were so unstrung any unusual noise made me tremble all over. But, Tanlac has built me up to where I am like a different woman. I can eat anything, have gained weight right along and never have pains any more. My husband has also taken Tanlac with splendid results, and we both think there is nothing like it."

Tanlac is sold by all good drug-gists.

Your Little Boy and Girl ---and Mine

"My little child climbed up into my lap the other evening, and in characteristic fashion said, 'How much do you love me, Daddy?'"

"Why, I love you so much I'd never let anything harm you, as long as I live."

"In childlike innocence, back came the response, 'Well, I hope you live as long as I do, Daddy.'"

"Like a dart the reply pierced through to my heart."

SIDNEY WINS FIRST GAME IN NEW LOOP

Sons of Canada Put Up Plucky Fight, But Could Not Hold Visiting Stars

Bill Patchell Turned Out Three Mann Cup Players; Final Score 11-5

Bill Patchell's bustling crew of mill-hands and farmers came into town last evening to look over the opening game of the Victoria and District Lacrosse League...

Keep Your Heads Up, Sons. The Sons need not be the least bit discouraged over their loss. They put up a remarkable fight and even Bill Patchell and his tribe admired the spirit of the youngsters...

The Sons were a bit shy on the finer points of the game. They were scored against mostly through letting the odd man slip through and not filling some of the Mann Cuppers' shoes which the next season or two...

Leonard Tait, principal of the Lamson Street School and one of the daddies in the lacrosse team in this city, faced off the puck. He gave the boys a little advice and asked them to remember at all times that the national game did not call for rough-neck tactics...

The Sons showed an early burst and notched the first goal but from that point on Sidney held the whip hand. The local home had no fear of boring in but they were shooting against a master in Simpson, Mamy Norton and McClure were a tower of strength on the attack and were the main source of worry to the local defence.

The teams lined up as follows: Sons of Canada Position: Sidney Geiger, Point, Anderson, Straith, Cover Point, E. Norton, Moses, First Defence, W. Crossley, Collinson, Second Defence, J. Jennison, Third Defence, Burton, Cowan, Centre, M. Norton, Sturgess, Third Home, Reid, Allen, Second Home, Robertson, Catterall, Fourth Home, Benton, Cameron, Inside Home, McClure, Jones, Spare, J. Crossley, Moody, Spare, McIntyre, Taylor, Spare.

First period—1, Sons, Cameron; 2, Sidney, W. Crossley; 3, Sidney, W. Crossley; 4, Sidney, Norton; 5, Sidney, McClure. Second period—6, Sidney, Benton; 7, Sons, Allen. Third period—8, Sons, Cameron; 9, Sons, Cowan; 10, Sidney, Norton; 11, Sidney, Sturgess. Fourth period—12, Sidney, Benton; 13, Sidney, E. Norton; 14, Sidney, E. Norton; 15, Sons, Brown; 16, Sidney, Reid.

Penalties. Sidney—M. Norton, 6 min; Sons—Moses, 3 min.

BARRETT WINS FIRST V.A.S.C. HANDICAP

The first event of the Summer programme of the Victoria Amateur Swimming Club was held last evening at the club house at the Gorge. The race was a fifty-yard handicap, and it drew twelve entries and a number of spectators.

RAY AND MITCHELL MEETING IN FINAL

Glencraig, Scotland, June 9.—Edward Ray, former open golf champion of Great Britain, and Abe Mitchell, one of Britain's best on the links, will play each other for final honors in the Thousand Guineas golf tournament here...

REDS PUT END TO REUTHER'S RECORD

Dutch's Tastes Defeat After Winning Eight Straight; Ruth Hits Fourth

New York, June 9.—The suspension and fine imposed upon Earl Smith, catcher for the Giants, apparently will be a good tonic for the young firebrand, reinstated Wednesday, for he cracked out a homer and a single, aiding greatly in the Giants' victory over Chicago, eleven to five.

WON ANYHOW

St. Thomas, Ont., June 9.—Handicapped to the utmost yesterday, Sam G. Vance, Tilsonburg, won the Grand International Handicap, the feature and closing event of the Grand International Trapshooting of the St. Thomas Gun Club. Vance was forced to shoot from the 22-yard line. He made a score of 94 out of a possible 100 targets.

Von Elm's Superb Golf Pleases All

Champion Equalled Course Record in His Round Yesterday Afternoon at Colwood; Portland's Last Players Eliminated; Seattle Is Assured of at Least One Place in Finals; Von Elm Is Favored.

George Von Elm Pacific Northwest golf champion, had his opposition further reduced at Colwood yesterday. At the commencement of the third round the Salt Lake player found five Seattle and two Portland golfers keeping company with him, but when the round was finished both the Rose City representatives and two of the Sound stars had been eliminated.

Stell (Seattle), 3 and 1. R. E. Stein (Seattle) beat H. A. Fleeger (Seattle), 3 and 1. R. Bone (Vancouver) beat C. Nelson (Waverley), 6 and 5. E. J. Bragg (Waverley) beat A. V. Price (United Services), 5 and 4. N. J. Smilie (Shaughnessy) beat B. Wilson (Victoria), 3 and 1. F. Thomas (Colwood) beat W. Bone (Vancouver), 3 and 7.

Seattle is bound to figure in the finals to-morrow. Whether it will be two Sound players or an inter-city battle with Salt Lake and Seattle as the participants is a matter of speculation. Most golfers conceded Von Elm a place. The match to-day between Stein and Speirs is expected to prove one of the most thrilling of the tournament. Stein appears to have a strong following, but Speirs is also well backed.

Polka Dot Defeats English Entry, Endeavor, by Three-quarters of a Mile

United States yesterday took the first event in the start of the international races between model yachts in the Polka Dot, Yankee miniature craft built and designed by E. A. Hull, of Brooklyn, defeated the Endeavor, the entry of W. J. Daniels, of London.

Yankees Model Yacht Successful in Race

Vancouver, June 9.—Mose Solomon, who has been out of the game for the past month because of an injury, stepped on the field yesterday wearing the livery of the Tacoma Tealey Raymond's gag of Bengals taking the game from the Beavers, 2-1.

OH MY! BECKETT IS TO TRY ONCE MORE

London, June 9.—Georges Carpentier, according to Sporting Life to-day, has verbally agreed to a return match with Joe Beckett, the English heavyweight whom Carpentier knocked out in a fight in London two years ago, and will sign a contract soon.

CUP-HOLDERS PLAY FOURTH GAME OF SERIES TO-MORROW

The Victoria lacrosse team will leave for Vancouver this evening to meet the challengers for the Mann Cup. The locals will be strongly represented and are extremely anxious to win this game.

LEAGUE GAMES

National League. At Boston—R. H. E. St. Louis—5 15 4. Batteries—Doak and Clemens; Quinn, Marquard, Watson and O'Neill. At Philadelphia—R. H. E. Pittsburgh—7 16 0. Chicago—6 12 0. Batteries—Aldridge, Kaufman and Hartnett; J. Barnes, Causey and Smith.

CAME THROUGH IN NINTH

Vancouver, June 9.—Mose Solomon, who has been out of the game for the past month because of an injury, stepped on the field yesterday wearing the livery of the Tacoma Tealey Raymond's gag of Bengals taking the game from the Beavers, 2-1.

EXHIBITION LACROSSE

All members of the V. I. A. A. and Garrison lacrosse teams are requested to turn out this evening at 7 o'clock at an exhibition game, which is to be played at Work Point Park.

KNIGHTS WANT TO GET BACK ON TOP

C.P.R. Must Be Disposed of in Ball Game To-morrow If They Get Up

Table with columns: The Standing, P, W, L, Pct. Elks 4 3 1 .750, Knights 3 2 1 .667, Eagles 5 1 4 .250, C. P. R. 4 1 3 .250

In an endeavor to bring the ball games back to the standard maintained in previous years, the officials of the Amateur League have decided to start to-morrow night's game between the Knights of Columbus and the C. P. R. clubs at 6.30 instead of 2 o'clock, as has been the custom on Saturdays so far this season.

Present indications point to a grand old tussle to-morrow night. Manager Francis reporting that the C. P. R. will be out in full strength and ready to hand the Knights a real lesson. The railroaders have been unfortunate so far this season in being unable to field their best players.

SECOND TEACHER AT THE METCHOSIN SCHOOL DESIRED

(Times Correspondence.)
 Metchosin—The monthly meeting of the Metchosin Women's Institute was held Wednesday afternoon, at Metchosin Hall, the vice-president, Mrs. M. Brown, in the chair. There was a good attendance of members, and visitors from Colwood, Luxton and Happy Valley Women's Institute were present.

The secretary presented the financial statement of the Children's Fancy Dress Ball, held last Friday, which showed a balance of \$37.60 after all expenses had been paid. The report was adopted on motion, and it was moved and seconded that the balance as shown be given to the Pianola Fund. The motion was carried unanimously.

Correspondence was read by the secretary, which contained the resignation of Mrs. W. Pears from the position of president, indifferent to health being the reason given. The matter of electing a new president was left over until the next meeting. On motion of Mrs. H. C. Heisen, seconded by Mrs. Brown, it was decided that the sum of \$5 should be given towards starting the Boy Scout patrol in the district.

Mrs. T. Barclay brought up the matter of a second teacher in the Metchosin School, it being the opinion of a great many people in the district, that a second should be obtained as there are now almost forty children on the roll and the children's ages ranging from 6 to 16, it is considered by many to be far too heavy a task for one teacher. Mrs. Barclay suggested that a special meeting of ratepayers be called at once to consider the matter.

Mrs. Henderson, chairman of the Advisory Board of Women's Institutes, who was present to give an address, replied to the question, giving some necessary legal information regarding the subject, and advising that a petition be drawn up and signed by as many of the ratepayers of the district as can be prevailed upon to do so. Afterwards a delegation should be appointed to wait upon the trustees, armed with

the petition, and endeavor to point out to them the advisability of meeting the wishes of the majority, should that be proved to be the case. It was decided to ask the Farmers' Institute to co-operate in this matter. A committee was appointed to attend to the matter, consisting of Mrs. M. Brown, Mrs. H. B. Brown, Mrs. Milne and Mrs. Ellwood, with Mrs. T. Barclay as chairman, the committee to report back at a special meeting to be called for the purpose of receiving the report.

Better Schools.
 Mrs. Henderson then gave a very interesting address on education and better schools, stating in the course of her remarks that the present day education of children is deficient, inasmuch as a very high percentage of entrance pupils do not enter High School, and therefore the majority of children leave school insufficiently educated, and unfitted to take responsible positions. To obtain better results and more thoroughly to fit the children for the battle of life, the present curriculum, which embraces little more than book learning and memory work, up to the entrance class, should include industrial and technical education.

Referring to the large number of children attending rural schools, Mrs. Henderson was of the opinion that a class of twenty pupils should be the limit for one teacher.

The subject of hot lunches has ever been a theme of interest to all who are interested in the welfare of growing children, and it is the opinion of Mrs. Henderson that the Government, which compel children to be away from home at the lunch hour, very often after a hasty and scanty breakfast, should make provision whereby the children could be served a better meal, by supplying hot lunch equipments in the schools.

A very hearty vote of thanks was accorded the speaker at the close of her address, moved by Mrs. Howard with a few graceful compliments and seconded by Mrs. T. Barclay. Afternoon tea was served by members of the Institute.

MANY ATTENDED METCHOSIN FUNERAL

(Times Correspondence.)
 Metchosin—The funeral of the late Herbert Taylor, of Happy Valley, son of the late Dr. Herbert Taylor, of the Isle of Wight, who died as a result of an accident which occurred last Saturday during logging operations at Happy Valley, took place at Metchosin Wednesday afternoon, leaving the Sands Funeral Parlors in Victoria at 1 o'clock and proceeding to St. Mary's Church, Metchosin, where service was conducted by the Rev. F. Comley, vicar of Metchosin Parish, assisted by Rev. W. W. Winters, of Happy Valley. The pallbearers were Dr. H. H. Barker, A. Hall, A. E. Taylor, J. W. Baker, S. J. C. Brice and J. Creighton, and the body was followed to its last resting place by the widow, the sons, Duke from Alberta and John, and Dorothy from Marlon, daughters. Other sons were living too far away to reach here in time.

The hymns "Pleasant Are Thy Courts Above" and "Where the Light Forever Shinneth" were sung and an address given by the Rev. Mr. Comley in which he spoke words of comfort to the bereaved family. The church was crowded with friends and sympathizers from Colwood, Luxton, Happy Valley and Metchosin, and the many beautiful floral tributes testified to the esteem in which the deceased was held. Among the tributes, besides the beautiful wreath from the family, were a floral broken wheel from Mr. and Mrs. G. Schofield and family, a wreath in the form of the Masonic badge from the Masonic Lodge No. 42, Alberta, and tributes from the school children at Metchosin, the Colwood, Luxton and Happy Valley Women's Institutes, the night nurses at the Royal Victoria Jubilee Hospital, Happy Valley friends, Miss Gawley, Mrs. Stockand, H. Hollins, "The Camp," Mr. and Mrs. W. O. Sweetman, Mrs. Smart, Mrs. Eng, Mrs. Murray and Mrs. J. D. and Fergus Reid.

The Dead March in "Saul" was played by the organist, H. G. Pierce, during which everyone stood in respectful silence. The sympathies of all who reside in the district are with Mrs. Taylor and family.

DUNCAN SCENE OF PRETTY WEDDING

(Times Correspondence.)
 Duncan—A very simple and pleasant ceremony took place at St. John's Church, Duncan, when Grace, third daughter of Canon Marcon, of Norwich, England, became the bride of Victor Charles Scholey, son of the late C. D. Scholey, of Cheltenham, England, and Mrs. Scholey, of Cowichan Lake.

The bride, who wore a lovely silver grey frock of silk marocain with a ruffle of Joffre blue panne velvet, was given away by Mr. J. P. Fischer, Rev. A. Beschlag, with Miss Monk at the organ and the full choir in attendance. The bride was attended by little Paul Aldersey as page, and Mr. H. Parker-Smith was best man. Mrs. Scholey, mother of the groom, wore a navy blue satin gown with overdress of sequins. A reception was held at the Tea Kettle Inn, where, as in the church,

the decorations were of roses, double white narcissi and lilies, arranged by friends of the bride under Mrs. Garrard's direction. The bridal bouquet was of pink and mauve augelelia.

SOOKE HARBOR ATTRACTS VISITING GOLF CONTESTANTS

(Times Correspondence.)
 Sooke Harbor—Several of the competitors in the Pacific Northwest Golf Tournament at the Colwood Links are making their headquarters at the Sooke Harbor Hotel during the contest, and are enjoying this delightful spot at the entrance to the Sooke River.

Osborne Scott, of Vancouver, chief passenger agent of the Canadian National Railways on this coast, spent some days at the Sooke Harbor Hotel with his wife. They were charmed with the district and intimated their intention of securing a Summer home upon the waters of the Inner Harbor at Saseneos in the near future. Mr. Scott stated that he hoped that some regular daily service upon this completed section of the line would be given before long, and thought there were great possibilities for the development of a beautiful Summer resort here.

E. H. Riley and family, of Calgary, will arrive next week to spend a Summer vacation, and have booked rooms at the hotel here. Charles H. Bender, of Grand Rapids, Michigan, who has considerable interests in the lumber business, was a recent visitor to Sooke Harbor.

DUNCAN TEAMS PLAYED BASEBALL

(Times Correspondence.)
 Duncan—Quite a large crowd witnessed the baseball match between the Giants and Cubs Tuesday evening. It was the best game of the season so far, and went to nine innings. Up to the sixth innings play was exceptionally good, but after that it got a bit raged, and the big ones beat the Cubs 12-5.

Dr. French acted as umpire. The teams were:
 Cubs: Brown, C.; Lovell, Henderson, P.; Drom, Shorman, B.; McNeil, Doney, S.; Fennell, McNichol, S.; F. Evans, Price, S.; Chaister, Phillips, S.; Beckwith, McKee, S.; Baines, Mayea, S.; If, Woodward.

MAY QUEEN IS GIVEN MEMENTO

(Times Correspondence.)
 Sidney—The monthly meeting of the North Saanich Women's Institute was held on Tuesday afternoon in Wesley Hall, the president, Mrs. Veitch, being in the chair. The secretary, Mrs. Speedie, read the minutes of the last meeting, which were adopted. The actual result of Children's Day could not be given. It was decided that all bills should be paid, that an enlarged photo of the May Queen and her attendants should be framed and presented to her as a memento, and that a hearty vote of thanks should be given to all who so kindly helped to the success of Children's Day.

Three new members were proposed and accepted. Eighteen members were present.

Many cars continue to pass through Sidney on their way to Victoria from the Anacortes-Sidney Ferry, several stopped at the Sidney Hotel at the week-end, where there was a small dance on Saturday evening.

SUMMER FETE IN DUNCAN SOON

(Times Correspondence.)
 Duncan—The St. Peter's Sewing Society of Quamichan has decided to hold its annual Summer fete at the Duncan Lawn Tennis Grounds, on Tuesday, June 27. There will be an American roundabout (handicap) tournament, entries to be sent to E. W. Carr-Hilton; tea, sale of work, fun for the kiddies and other attractions.

FRUITGROWERS APPOINT MANAGER

(Times Correspondence.)
 Metchosin—F. C. Blake has been appointed manager of the Metchosin District Fruit Growers' Co-operative Association and will receive all fruits for sale at his farm, Metchosin.

The association also is on record as appreciating very heartily the support given in starting this movement by the Metchosin Farmers' Institute, having passed a particular vote of thanks to the president, C. E. Whitney-Griffiths, and the secretary, R. L. Van der Byl, and expressing appreciation of the visit of Mr. Ronavia, secretary of the Department of Agriculture, and Mr. White, District Horticulturist, and Mr. Robertson, Provincial Horticulturist.

SOOKE WILL HAVE LARGE HAY CROP

(Times Correspondence.)
 Sooke Harbor—Haying operations have already commenced in Sooke and excellent crops are looked for. Mr. Curtis Muir reports that his hay is well ahead of preceding years and that it will go between four and five tons to the acre.

Major P. Campbell, Provincial Road Superintendent, visited this district and found the main Sooke Road in excellent shape considering the ever increasing traffic of cars to and from Sooke Harbor.

BALL GAME WON BY CHEMAINUS

(Times Correspondence.)
 Duncan—When the Chemainus baseball team met the Ladysmith team at Chemainus a very good game resulted, Chemainus winning by 12 runs to 4. McGregor pitched the first innings for Chemainus, but was replaced by Emery, H. Brown catching to both in fine style. Brown also batted well, lining out three baggers and registering 1 tally.

Both pitchers were hit a number of times, but the Chemainus twister had excellent support. Ladysmith's fielding was weaker.

For Chemainus Horton scored 3 runs, McBride 2, Howe 2, H. Brown 1, E. Brown 1, Robinson 1, Emery 1, and Rice lined out a two-bagger and came home, making the 12.

For Ladysmith Sheppard scored 2, Lloyd 1, and Murray 1.

The teams were: Chemainus—H. Brown, c.; McGregor (replaced by Emery after first), p.; Howe, 1b.; G. Robinson, 2b.; McEwan, 3b.; Rice, s.s.; Horton, 1f.; E. Brown, c.f.; McBride, r.f.; Ladysmith—Richardson, c.; Lloyd, p.; Sheppard, 1b.; Rotherbaek, 2b.; Murray, 3b.; Gibbons, s.s.; Zybisky, 1f.; Simpson, c.f.; Nickson, r.f.

THE BRIDE'S JOKE.
 "Mercy!" said the bridesmaid impatiently to the bride, "are you going to stand there before that mirror all day? Come on, they're waiting for you."
 The bride did not move from the glass, but continued gazing at her counterfeit presentation. "Let them wait," she said calmly. "It is well to indulge in some reflection before one gets married, you know."—Boston Transcript.

A Medal for Service to Humanity

Until the poisonous match was legislated for the world, annually there were deaths amongst match workers and children from match poisoning.

The Diamond Match Company ended the suffering with its invention of the non-poisonous match and was awarded the Louis Livingston Seaman Medal for service to humanity.

The combined resources, patents and processes of the world's three greatest match makers—The Diamond Match Company, the biggest—Bryant & May, Ltd., the largest in the British Empire—and Maguire, Paterson & Palmer, Ltd., of Liverpool, England, the second largest in Great Britain.

are in the hands of the Canadian Match Company, makers of the new Maple Leaf Match.

Your first glance at the new match will surprise you. It is different and better. The sturdier, stronger, longer sticks—the perfectly finished heads—are something new to Canada.

Sponsored by the match masters of the world; Maple Leaf Matches are a product worthy of their name. They are NOT poisonous, the sticks are longer and stronger, the heads do not fly off, no live sparks when extinguished, a light every time, they withstand more wind and moisture.

Take any match from any Maple Leaf box and examine and test it against any other match that you can buy.

Sunny-San Owned By a Syndicate

College Students Grub-Staked Japanese Girl For Life, But She Followed Them to New York; An Amusing Story By Onoto Watanna, a Famous Alberta Author; Several New Volumes of Verse.

(By Professor W. T. Allison.)

Now that world problems seem to be taking on a Pacific setting, we shall hear more and more of Japan and China. In view of the fact that we see so many missionaries to the Orient it seems strange that we have not had more fiction from India, Japan and China, but I dare say that the average teacher or preacher thinks that his job is to breathe through his fingers, as murmured a stanza from the well-known hymn, "From Greenland's Icy Mountains." In her "What though those icy breezes, blow down to wood and stone."

SUNNY-SAN'S TRIUMPHS IN NEW YORK

Sunny's heart was nearly broken when the genial old professor and the four slangy jolly students sailed for America. The boys hated to leave her behind with the missionary, but it was impossible for them to do so. They were still struggling with the English language and the "catty-kussum" in far-off Japan. But one day Jerry Hammond, by this time an architect living in a handsome studio in an apartment block in New York, received a telephone message that a Miss Sincidutt, newly arrived from India, had a letter for him. He called for her and she handed him a letter from the superintendent to know if he should send her over to his address. He sat there at the phone like one who had received a galvanic shock, and then sent out a S.O.S. call to his colleagues who were assembled for a council of war they were all "up in the air." She, Sunny San, grown up now, was told in New York that it was impossible for her to have to two fallen madly in love with her. And it was this quixotic situation that Mrs. Hammond treated in her very entertaining style. It would spoil the story for my readers to hint at its development, but I wish to testify that Sunny San's heart has been of love and her comical English is one of the most attractive characters that anyone could wish to meet in the pages of fiction. I should not be surprised if the world would become as popular as Pollyanna.

THE AUTHOR OF "SUNNY-SAN" IS WORLD-FAMOUS

While reading "Sunny San" by Onoto Watanna (McClelland & Stewart, Toronto) the thought occurred to me that the mission board of the Presbyterian Church might, with great propriety, issue a book of "Sunny San" to Mrs. Francis P. Reeve, who lives on a ranch near Calgary, to persuade her to live in China or Japan for a few years in the interest of the evangelization of the East. No one is better fitted by birth or training to undertake such a commission, for Mrs. Reeve, who has written for many years over the pen-name of Onoto Watanna, has some Oriental blood in her veins. Her father, the late Edward Eaton, was at one time the wealthiest Englishman in Japan. He married a beautiful Oriental and ultimately settled in Montreal. Mrs. Reeve was born in that city but began her literary career in New York, where she achieved her first great success with "The Japanese Nightingale." In this story she wove local color and descriptions of native life, which she had at first-hand from her father and mother. This book had a sale of over 100,000, was translated into French, German, Swedish, Italian, Spanish and Japanese, and was produced as a play in New York, Paris, and Berlin. Since then this talented author has produced hundreds of short stories and several scenarios, one of which captured a \$10,000 prize offered by The Chicago Tribune. In 1915 Mrs. Reeve's second big success, a story entitled "No," was published as a serial in the Century Magazine and later in book form. For several years Onoto Watanna has produced almost nothing in the story line, but has now returned to her old field with "Sunny San" another Japanese tale. Although it has just appeared in the book form, its success in other directions is remarkable, for it has been accepted for stage production in New York next Fall and Mrs. Hammond will play the role of the heroine on the silent screen. Seldom has a book written by a Canadian secured such substantial preliminary endorsement.

AN UNKIND REMARK.

A scenario writer experienced great difficulty in getting his plots accepted. As a rule, they were so uninteresting that a complete re-writing was seldom granted. At last he managed to persuade a weary producer to listen to the synopsis of his latest play. "Imagine," he began, "midnight, all silent as the grave. Two burglars force open library windows, and eventually commence operations on the safe. The clock strikes twelve. Which one?" yawned the producer. "Which one?" yawned the producer. "Which one?" yawned the producer. "Which one?" yawned the producer.

GREAT HELP

Mrs. Brown—"We're so glad to see you give all the scraps to the cat. Suppose the New Treasure—"Wot I see, mum, is, be good to cats and you save 'arf your washing-up."

AMUSING RENDERING OF MISSIONARY HYMN

The chapters in which Onoto Watanna describes the progress of Sunny's studies and her talks with the American students severally and collectively are full of excellent fun. She referred to the U. S. A. as being "ever cross those west water, wis grade flag of striped stars." The missionary was overjoyed when she declared her conversion to Christian-

volume of verse. In all he has produced four books of poetry. He has now gathered the best of his lyrics from these earlier works and has added to them a number of poems written during the war. Dr. O'Hagan is not a great poet, but there is a good deal of verse in this book which will please the average reader, especially those who enjoy patriotic songs. The author divides his poems into half a dozen groups dealing with the following themes: Canadian patriotism, love and nature, the settlement, Irish patriotic poems, poems of heroic days, commemorative poems, and memory, meditation and fancy. This post of old Ontario is a great admirer of the pioneers of the early days. He celebrates one of them in the following poem, which is a fair sample of his homely style:

A Dirge of the Settlement The wind sweeps through the forest aisles In requiem notes of grief and woe, For the great strong heart of the pioneer, Hushed in death, as an oak laid low. Chanting a dirge at every door— Dirge for the Oak the Storm-King Arose: "Here at rest is our pioneer— In his little log cabin beside the hill— The stream flowing on though his heart be still: Here at rest is our pioneer, Wake not his slumber with Sorrow's tear!" Where shall we bury this good, great man Who tolled in the heart of the forest wild? Out in the field that is writ with his name, Lay him down as a dream-tired child: "Here shall we bury our pioneer In his little log cabin beside the hill— The stream flowing on though his heart be still; Here shall we bury our pioneer, Break not his rest with sorrow's tear!" What would ye build to his narrow fame That knew not glory, nor gift, nor gain? His life touched God in a simple way: "Till then shall slumber our pioneer— In his little log cabin beside the hill— The stream flowing on though his heart be still; Till then shall slumber our pioneer, Break not his rest with sorrow's tear!"

CONTEMPORARY ENGLISH POETS

J. E. Wetherell, B.A., of Toronto, has selected over seventy poems by Georgian writers and, along with valuable biographical and bibliographical notes, has published them under the title "Later English Poems, 1901-1922" (McClelland & Stewart, Toronto). In style and arrangement this is an excellent volume and will no doubt enable many Canadians to make the acquaintance of some of the best poems written during the present century. Judging by the rich variety of this anthology, poetry is certainly not in decline. Mr. Wetherell tells us in his preface that there are over 1,000 poets in Great Britain at the present day and he has been embarrassed with the wide choice of material from which he has had to choose the contents of this volume. He confesses that he has excluded course or fantastic poems; moreover, he has refused to admit any poems "which set at naught or even sneered at the established doctrines and traditions of the past, whether in the region of ethics or in that golden demense which birds in fealty to Apollo hold."

LITERARY NOTES.

In a summary of the "really noticeable books" of historical biography published during the past year the London "Times" divides first place between Lytton Strachey's "Queen Victoria" and Frederick Chamberlain's "Private Character of Queen Elizabeth."

There is nothing like being cheerful in difficult circumstances. Henry L. Foster, author of "The Adventures of a Tropical Tramp," is a prince of optimists. Recently he came back home with a case of tropical malaria, and says that he is "enjoying chills and fevers on Mondays, Wednesdays and Fridays from 11.30 a. m. until 3.15 p. m.," and is taking complete repose on his condition for future use in his magazine stories. He says he has always wanted to curse his villains with this malady, at psychological moments, but has hitherto refrained through ignorance of the symptoms.

The latest recruit to the anti-Stimian army of General W. J. Bryan is Mr. A. W. McCann, who has just written a book with this interesting title, "God—or Gorilla."

Here is some good news for book-lovers. Countess Russell, better known as "Elizabeth of the German Wood," is just putting the finishing touches to another long story which we may expect next Fall.

In England everybody is talking about the psychological teachings of Professor Coue. Coue has much to say of the effect of the mind's curative power. "John O'London's Weekly" has given first prize to the author of the following limerick:

"A young highbrow on Coue intent His time to some purpose had spent, When he found that his stockings Had holes that were shocking He said they were gone, and they went."

For your Silk Sweater

Your silk sweater can be made dainty and clean, and as new as new if you wash it in the gentle Lux suds. Make a rich suds by whisking a teaspoonful of Lux into half a bowlful of very hot water. Add cold water until lukewarm. Dip the sweater up and down, pressing suds repeatedly through soiled spots. Rinse in three lukewarm waters. Squeeze water out—do not twist or wring. Roll in a towel, and when nearly dry, press with a warm iron, gently pulling the garment into shape as you do so. The thin, white, satin-like fibres of Lux are made by our own exclusive process, and quickly dissolve into a rich bubbling lather. Lux is sold only in sealed packages—anti-proof!

Canadian Daily Newspapers Association, 902 Excelsior Life Bldg., Toronto, Ont. Canada. Gentlemen:-

In considering our advertising media, we have made a careful analysis of each class, and after several years of continuous effort, we have demonstrated to our satisfaction that for Canadian merchandising the daily newspapers are the basic media through which to educate the users of a product that is sold to the masses.

We feel that the daily newspaper is just as essential to our merchandising as is our sales force and our direct dealer work, for through it we are enabled to tell our story to those whom we desire to reach, at a smaller per capita cost than is possible through any other media, and by mass selling, it has enabled us to reduce our prices.

Manufacturing the highest standard of quality and backing it with our entire organization for performance, we feel that the daily newspaper has been only secondary to these factors in its importance in gaining for Champion Dependable Spark Plugs the enviable position of market domination.

Needless to say, we expect to continue to place daily newspapers first on our lists of media.

Yours very truly,

CHAMPION SPARK PLUG CO. of Canada Limited J. C. Coswell Vice-President & General Manager.

High testimony, this, from the makers of Champion Spark Plugs. They say that Daily Newspaper Advertising has been second only to the factors of organization and management in securing for them domination of the Canadian market for Champion Spark Plugs. What more convincing testimony could there be to the all powerful influence of Daily Newspaper Advertising? Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

LOAN COMPANIES ACT AMENDED

(Continued from page 1)
deposits. This was strongly objected to by Sir Henry Drayton and Sir R. McMaster, Sir Henry arguing that the proposal would provide no protection for the depositor, as he would have no knowledge that notice was required.

Mr. McMaster moved to amend so as to provide that notice of the requirement of the law must be given to the depositor by the loan company.

Chairman Voted.
The vote on the amendment was a tie and Chairman Maclean gave his casting vote against it.

SHORT COVERING IN WHEAT TO-DAY

(By Burdick Bros. Ltd.)

Chicago, June 9.—The wheat market opened a sharp recovery in values today. After starting off some lower, there was general covering by shorts which forced prices to the high point, with July wheat at 115 and Sept. 114. Cash premiums were a shade higher and export sales showed a slight improvement.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, June 9.—While there was not a great deal of business worked in the futures the wheat market was steady throughout and showed a strong uptrend.

Winnipeg opening 1/2 to 1/4 lower at 125 1/2 to 127 1/2, July fluctuated between 127 1/2 and 128 1/2, closed at 127 1/2, same as yesterday. October opened 1/2 to 3/4 lower at 117 1/2 to 117 3/4, closed at 117 1/2, same as yesterday.

MUNICIPALITIES ASK AID FOR SCHOOLS

(Concluded from page 1)
Uniformity in Accounting.
Uniformity in accounting systems in all western provinces was advocated by the Council in this resolution.

"Whereas the present accounting systems and forms of financial statements in each municipality of the four western provinces are widely diverse, and in this resolution—

"Whereas it is the opinion of the Council of Western Canadian Municipal Unions that it is highly desirable and would be of immense value to have comparable statistics—

Apples + Crust = Pie
That is a simple problem in addition that every man knows, BUT every man does not know that
Need + Want Ad = Result
Equals result that is altogether satisfactory.
It is very simple, that problem, and it can be proved; whether the Need is in your business or your home, the Want Ad can solve it.
Intelligent and efficient men and women use the Want Ad columns as a matter of course just as they do typewriters or telephones. They have need of something; a car, a partner, an errand boy; they add to that need, a want ad, and they get the desired result.
READ the Want Ad Columns of this newspaper and act upon its opportunities.
Use our Want Ad column for your PROFIT.

Cord Hose Does 'nt "Kink"

This is one of the reasons why cord hose will outlast any ordinary hose. A twist or "kink" in the hose means an unnecessary strain at one spot, and this is eventually the breaking point. Cord hose is reasonably priced at, per foot, .22c

CHINAMEN RUMOR DENIED BY GROWERS

Report Growers Importing Several Hundred Celestials Denied

"Admitting that commercial strawberry growers have to protect their crops and marketing standards, surely they can absorb a large number of the unemployed men of Saanich," protested Councilor Dooley last night. The Saanich Council had been informed that unemployment in Wards Two and Seven is at this time worse than for weeks past, and a rumor of the exodus of 300 Chinamen to the berry fields had been mentioned.

"The growers will have to train many of the girls they put to work, the majority of these Chinamen will be green hands, and surely the berry men could not employ a large number," argued Councilor Macnicol, after admitting that the farmers could not be expected to hazard their returns.

FORUM MEETING ADJOURNS FOR WEEK

Discussion of Lord's Day Act Suggested Amendments Postponed

Called to consider the resolution advanced by the Victoria City Council urging amendments in the Lord's Day Act, upon which endorsement was asked at a meeting of the Forum of the Chamber of Commerce adjourned after a brief period last night due to a lack of response in attendance. Difficulty in obtaining an adequate meeting place, and some confusion as to the date of the meeting made it advisable to adjourn until a more representative gathering could be called it was said. C. T. Cross, in the chair, accepted a motion to adjourn, after a brief informal discussion of the resolution which was to have been considered for endorsement. Friday next was fixed as the date of the meeting. The resolution in question follows:

"Whereas, in the interest of good government and proper administration of laws, it is desirable that the frequently recurring controversies, agitation, and uncertainties, in connection with the administration of the Lord's Day Act, shall cease:

"Be it resolved that the necessary steps be taken to urge upon the Dominion authorities the amendment of the Act in the following, self-explanatory manner:

"That clause (2) of clause 12, be cancelled, and the following substituted:

"(2) The hiring of horses, carriages, automobiles, launchers, or small boats for the personal use of the hirer, or his family, and the sale of gasoline, oil, automobile and launch accessories for any purpose not prohibited by this Act, and including the right to render assistance and make necessary repairs in case of emergency."

"That clause 17 be amended by the following additions at the end thereof:

"Excepting that as regard cities and municipalities of the Province of British Columbia, having a population of ten thousand or over, and having a properly elected Board of Commissioners of Police, the discretionary powers hereinbefore in this clause set out, of the Attorney-General of the Province, shall be vested in the Board of Commissioners of Police, of the said British Columbia City, or municipality, providing that:

"(A) In any such British Columbia City or municipality upon petition to the municipal council, signed by ten per cent of those qualified to vote at an annual election for municipal council a referendum vote shall be taken at the next following annual election, upon enforcement or otherwise, in whole or in part, in that community; of any part of the Act.

"(B) The decision of the majority voting at such referendum shall be communicated, in writing, by the returning officer, to the Board of Commissioners of Police and to the Chief of Police of the said City or municipality, and such referendum decision shall immediately supersede and cancel any previous conflicting ruling or decision of the Board of Commissioners of Police.

"(C) Such referendum decision not to be cancelled, varied or altered, excepting by further referendum vote."

Appended to the resolution are instructions as to the channels through which it is to be sent, and a request for the endorsement of the Directors of the Chamber of Commerce.

SAANICH THISTLES

Leaving to each councillor decision as to how the Canada and Scotch thistles shall be kept down on roadways, the Saanich Council last night discussed in humorous vein the trouble caused by these pests. "Put salt on 'em when hoeing," advised Councilor Pim when his colleagues had refused Councilor Brooks' advice to hoe persistently for three years. "Cover them with tar paper and take your ease from grief" was another suggestion, while Reeve Watson said every thistle head seen on his farm for the past score years had been smitten off. Yet Canada thistle thriving of an "overnight" despite his roughness. The council then abandoned the task of finding a remedy.

"Excepting that as regard cities and municipalities of the Province of British Columbia, having a population of ten thousand or over, and having a properly elected Board of Commissioners of Police, the discretionary powers hereinbefore in this clause set out, of the Attorney-General of the Province, shall be vested in the Board of Commissioners of Police, of the said British Columbia City, or municipality, providing that:

"(A) In any such British Columbia City or municipality upon petition to the municipal council, signed by ten per cent of those qualified to vote at an annual election for municipal council a referendum vote shall be taken at the next following annual election, upon enforcement or otherwise, in whole or in part, in that community; of any part of the Act.

"(B) The decision of the majority voting at such referendum shall be communicated, in writing, by the returning officer, to the Board of Commissioners of Police and to the Chief of Police of the said City or municipality, and such referendum decision shall immediately supersede and cancel any previous conflicting ruling or decision of the Board of Commissioners of Police.

"(C) Such referendum decision not to be cancelled, varied or altered, excepting by further referendum vote."

Appended to the resolution are instructions as to the channels through which it is to be sent, and a request for the endorsement of the Directors of the Chamber of Commerce.

Relative Value to Municipalities Is Subject of Paper

President M. Freeman, of Lethbridge, presented a paper on "A Uniform System of Accounting, and Its Effect on Efficiency of Government," to the Council of Western Canadian Municipal Union yesterday afternoon.

How can anyone know if his system is working efficiently unless he knows what other similar systems are doing? And how can he find out what other systems are doing if he cannot get a comparable statement?

How often do we see a favorable report as to the earnings of some municipality, when it is well known, by those whose business it is to know, that it is not charged up with taxes, street maintenance, its proper proportion of sinking fund interest, etc.? Or perhaps is receiving benefits such as service at less than cost from some other department?

To compare one department of a community with a similar department

ner of performing the work and acts of Providence.

"Why, then, should we shut our eyes to the fact that there are more efficient ways of doing things than we employ, and why should we not do all in our power to so systematize things that we may each learn from one another the most efficient way of doing things?"

"I do not hesitate to say that this lack of information is costing Western Canada to-day millions of dollars," he said.

Expert Needed After reading some figures which

had come under his notice, the speaker proceeded.

"Now the question is, what are we going to do about it? Are we going to sit back and do nothing, or are we going to try and do better?"

"Evidently we require an expert accountant, and it is also evident that it is going to cost a lot of money to start with."

"Governments are very closely interested to-day in the financial conditions of all communities within our boundaries."

"Can we secure the assistance of our governments, and to what extent?"

TOO EXPENSIVE

While enjoying a short holiday in the country, a very famous artist made a study of a farmer's barn.

The farmer happened to come along, and stood for some time admiring the artist's work.

At last he announced his desire to buy the sketch, providing it was not too expensive.

"Oh," said the artist, "I won't charge you anything for the sketch, but you can give me one of those young pigs I see in the sty over there."

GREATER BARGAINS THAN EVER

The farmer frowned.

"Why, man," he cried, "do you know that those pigs are worth five bob each."

"That's what I mean," said the artist, "Saskatchewan now has a man"
