Dr. E. W. Boak Placed In the Penitentiary

Vancouver, Oct. 23.—Dr. Eric W. Boak, whose long fight against conviction for manslaughter has apparently ended in failure, was taken to the New Westminster penitentiary this morning and went through the process of being entered on the records.

What his work will be there is problematical, but it is likely he will be attached to the hospital staff in some connection.

The prisoner, in charge of Constable Richard Harvey of Victoria, arrived on the morning boat from the Island.

Dr. Boak's term is four years.

The New, Easy Way to Have Beautiful Waxed Floors and Linoleum

THE new, easy way to wax linoleum is with Johnson's Liquid Wax, applied with a Johnson Wax Mop and polished with a Weighted Brush.

JOHNSON'S POLISHING WAX

Your linoleum will look more beautiful—clean much easier—and last years longer if you polish it occasionally with Johnson's Liquid Wax. It brings out the pattern and color—protects linoleum from wear and imparts a beautiful, dry, dirt-repellent surface which washes off like a piece of glass. Johnson's Liquid Wax is recommended by all the leading manufacturers of linoleum.

Waxed floors, besides being the most beautiful and distinctive, have many practical advantages. They are, by far, the most economical—they do not show scratches or heel prints—are not slippery—and traffic spots can easily be re-waxed without going over the entire floor. Johnson's Liquid Wax is a complete finish and polish for floors of all kinds—wood, linoleum, rubber, tile, marble, etc.

\$6.75—Floor Polishing Outfit—\$5.00

- This Outfit Consists of:
- 1 Quart of Johnson's Liquid Wax . . . \$1.50

ROAD TO PROSPERITY ASSURED FOR CANADA

Nationwide Observations Convinced Travelers of Healthy Future

Canada Progressing Steadily Along Road Marked With Attainments

Fifty members and guests of the United Commercial Travelers were addressed by R. C. Nicholas at Spencer's Restaurant to-day.

Mr. Nicholas complimented the Commercial Travelers for the spirit of optimism which bounded in them, and upon the influential position their organization has attained, not only in this community but throughout the entire country.

He showed that they had every reason for their optimism, not only on the basis of what Canada had accomplished from consideration to the present, but also because of her remarkable resources and the progressiveness and courage of her people.

PROUD RECORD

The speaker quoted statistics to show that Canada had developed in a material way more rapidly in proportion to her population than any other country in the world, and that in trade, manufacturing and transportation she was much farther ahead to-day than her neighbor, the United States, when that country had five or six times her population.

RIVALRY BRINGS PROGRESS

Mr. Nicholas had confidence that Canada would solve her problems in a characteristically efficient way. He did not see any cause for apprehension in the controversies and differences some political—some geographical, which arose from time to time. Cooperation was the product of controversy, in fact, difference of opinion and rivalry was responsible for most of the progress which this Dominion as well as the other Anglo-Saxon democracies had accomplished.

RESERVES HIS JUDGMENT IN CHINESE CASE

Magistrate Jay Hears Conclusion of Evidence For Defence To-day

In their fight to avoid a conviction, Ying Show and twenty-eight other Chinese, charged with being the inmates of a common gaming house, to-day heard the conclusion of evidence offered by the counsel. One of the points which the counsel for the defence brought forward was that a witness had told Wong Wa Chee threatening Lee Yow with a raid by police officers unless he was paid \$100.

Three police informers were used in the case. Yesterday the court listened to evidence and cross-examination until 5 o'clock in the evening. To-day the case was finished by 12.30, after having taken up most of the morning.

Tuesday is the day set for the judgment of Magistrate Jay. Stuart Henderson, acting with H. W. R. Moore, appeared for the defendants.

PLANS PREPARED FOR ELEVATOR AT OGDEN POINT

(Continued from page 1)

The railway people are very much impressed with the possibilities of Victoria as a grain shipping port, and are ready to do everything in their power to promote the success of the enterprise.

PRODUCERS' ELEVATOR

"I would like it to be clearly understood that this is to be a producers' elevator," said Mr. Mooney to The Times this morning. "The great bulk of the stock is being held by the farmers who naturally will see that the elevator is in their interest."

"We have received offers from private interests in the United States and Europe to finance and control this undertaking, but we intend to make it a purely producers' concern."

"Incidentally I may add that Victoria received a considerable amount of advertising on the prairies in connection with our enterprise."

While in the city, Mr. Mooney expects to get in touch with various concerns which supply materials for elevator construction with a view to obtaining quotations.

FORMER VICTORIAN KILLED IN PLANE

Cadet Terence G. Mathews Crashed at Camp Borden

Crashing while flying solo in an Avro training aeroplane, Terence G. Mathews, formerly of Victoria, was killed at Camp Borden yesterday. According to a report received from the Department of National Defence, the young airman was trying a landing test during the course of his qualification for pilot, when on approaching the ground the machine stalled and fell, Mr. Mathews being instantly killed.

He was born in Macleod, Alta., the son of Major and Mrs. Robert G. Mathews, and was a nephew of Mrs. F. W. B. George of Victoria. He was educated at the University School here before proceeding to Trinity College, Port Hope, Ont. He graduated from there to the Kingston Military College, where he recently completed his course, and only last month began his cadet training at Camp Borden for the Canadian Air Service. His parents now reside at Kallispell, Montana. The burial will probably be made at Colborne, Ontario.

Popular Singer Heard by Three Hundred People at Empress Last Night

Eva Baird's song recital last evening at the Empress Hotel ballroom proved unusually interesting and enjoyable. Those present, there were over 300 of the city's musical people in attendance, heard for themselves the advance made in her art of a singer, who, for a number of years, occupied a prominent position on local concert platforms.

UMA CALVERT ENCORED

Uma Calvert, assisting in the programme, is a compelling pianist. She has abundant technique, temperament and imaginative facilities. She plays as if her art is a very part of herself, and her tone, rhythmic and expressive results all make her even greater than a mere worthwhile player. Her reception was proof of what is thought of her attainment at the conclusion of her two groups she was applauded vigorously.

Indigestion When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills.

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills.

Ottawa, Oct. 22.—Permanent headquarters of the Association of Canadian Clubs have been located in Ottawa. At the recent convention held in Port William and Port Arthur certain changes were made with a view to centralizing the active direction of the Canadian Club movement and furnishing an element of permanency.

The following executive committee will have charge of the association's affairs for the present year: C. G. Cowan, president of the association; Mrs. C. H. Theobald, president of the Ottawa Women's Canadian Club; Mr. Justice Rinfret of the Supreme Court of Canada; Dr. S. J. McLean, assistant chief of the Railway Commission, and C. A. Gray, treasurer of the association.

BALDWIN SUPPORTS LOCARNO TREATIES

Colechester, Eng., Oct. 22.—"The miracle of Locarno is that a will for peace has been created in Europe for the first time since the World War," declared Premier Baldwin in a speech here yesterday. "We have, therefore, been able," he continued, "to build a solid foundation which will bear any superstructure erected upon it, and if the promise of Locarno is fulfilled, as I believe every hope it will be, the peace we have built up in Western Europe is a prelude to peace throughout the whole of Europe."

FIVE CENTS DAMAGES ORDERED BY JUDGE

Vancouver, Oct. 22.—Damages of five cents, with the question of costs to be argued later, was the judgment given by Mr. Justice Gregory in Supreme Court here yesterday in favor of Walter J. Now — Hot Breakfasts every morning

Doctors urge oats for breakfast, because oats start the digestive organs functioning naturally and regularly for the day. Combined with milk or cream, they furnish nature's most nicely-balanced nourishment. Wisely select the food, and you will promote sound health in all the family. Now you may have hot porridge every morning, no matter how rushed the breakfast hour is, for Quick Quaker cooks while coffee boils. From 3 to 5 minutes is all you need to make wholesome, appetizing porridge. Quaker Oats and Quick Quaker are made from the cream of the oats crop. Only ten pounds in each bushel of the finest oats are sufficiently rich and plump to be placed in the Quaker cartons. Quaker Oats for those who like the large, regular-cooking flake. Quick Quaker for those who want the Quaker Oats quality and flavour—but quick cooking.

Only in sealed, dust-proof cartons, bearing the picture of the well-known Quaker. Your grocer has both kinds. Use the one you like best.

INTERESTING COMPARISONS

CANADIANS ARE URGED BY CONSERVATIVE speakers all over the country to turn the King Government out and put in a government headed by Mr. Meighen because they say such a change would see an end of Canada's export of raw products to the United States and the beginning of a new era of industrial development in this Dominion.

What happened in this connection under Mr. Meighen? In 1921 Canada exported 1,615,467 cords of unmanufactured pulpwood. In 1924 Canada exported only 1,444,693 cords of the same material. Anybody can see from this comparison that THE EXPORT OF PULPWOOD WAS HIGHER IN 1921 THAN IT WAS IN 1924.

You never hear any of these facts and figures from Dr. Tormie or his supporters. All they talk about is the exodus of Canadians to the United States as if that exodus was increasing every month. They never tell you that the exodus was caused by the operation of Meighen policies, that it has now almost stopped, and that the return of five thousand Canadians a month is evidence that conditions here are worth coming to.

Mr. Dickie said some months ago it was natural that many Canadians should have gone South in the immediate post-war years because the republic was enjoying the first flush of the prosperity of that period. But, said the Tory candidate for Nanaimo, Canada's sons are now hearing the call to come back—and are coming. He was addressing a non-political audience then, of course.

THE CASE OF COLONEL MITCHELL

STUDENTS OF AERIAL NAVIGATION from both civil and military standpoints will watch with interest the court-martial proceedings which the Government of the United States has instituted against Colonel Mitchell. References to the subject in our neighbor's newspapers very naturally assume more or less of a political character. Those opposed to the present Administration at Washington see much to commend in the stand which Colonel Mitchell has taken and are critical of the course now about to be followed.

THE FIGURES EXPLAINED

SOME CONSERVATIVE NEWSPAPERS and a few Conservative speakers apparently refuse to believe the statistics relating to the number of Canadians returning from the United States which are issued from time to time by the Department of Immigration and Colonization. These are quite unsuited to their editorial and platform arguments and are consequently replaced by figures issued by the Department of Labor at Washington.

The Dominion Government keeps a record of those who come into Canada from the United States, but does not keep a record of those who go from Canada to the United States. The Washington Government keeps a record of those who enter the United States from Canada, but does not keep a record of those who go from the United States to Canada. Both governments, however, keep a record of all rejections and deportations.

It is also to be noted that 733 former Canadians returned to this country during the first nine days of this month. In the same period 479 immigrants from the United States crossed the border, while no fewer than 376,255 tourists and non-immigrants likewise came to Canada from the neighboring republic during the same nine-day period. It will thus be obvious to the fair-minded that there are,

without question, thousands of Canadians returning to Canada from the United States every month. Any attempt to conflict these figures with the figures relating to rejections at the border can only be interpreted as efforts to manufacture political capital out of the thinnest form of material.

USING SPURS AND WHIP

PEOPLE WHO ARE AT ALL SUBJECT to cracked lips should hesitate before reading the morning paper's suggestion that Mr. Mackenzie King's "visits to the United States during his term of office" have tended to give his policies a pro-American touch lest their mirth cause them additional discomfort in that particular part of their physiognomy. The Conservative cause is indeed in a sorry plight if it has to depend upon this sort of campaign material to cheer its doubting supporters.

TARIFF RAISES PRICES

ONE MANUFACTURER IN THE EAST is endeavoring to persuade the people of this country that neither a reduction nor an increase in the tariff would affect the selling price of a single article of Canadian-made clothing. Mr. Meighen has said something similar in effect. "Granting a bigger share of the Canadian market to the Canadian producer," according to the Conservative leader, "should be no excuse for an increase in the price to the consumer."

How does the tariff work out in practice? Take automobiles, for instance, and see the effect of the thirty-five per cent. duty. A Ford touring car which costs \$510 on the United States side of the Detroit river costs \$690 on the Canadian side of the river—only a mile away. Thirty-five per cent. of \$510 is \$178.50. The difference in price is just the amount of the tariff duty. It will perhaps be argued that the automobile parts are imported. But that does not account for the whole of the difference in price charged to the Canadian purchaser.

The point to be remembered, and the people of the country know it, is that the tariff means increased prices to the consumer—and no amount of argument will alter that fact. And the voter is asking himself whether the prices of tariff-protected Canadian-made products are lower than those which are imported. Generally speaking, however, they are not. As a matter of fact they are higher in quite a number of cases.

There are many signs that the local Conservative campaign promoters are worrying over the prospects of Dr. Tormie. The appearance of specially selected Tory hecklers at Liberal meetings is one of them. It is poor stuff and can not help Dr. Tormie, since it makes him the victim of an unfavorable contrast with his opponent in this respect.

A celebrated British public man once said that whenever he heard politicians using the loyalty cry for the purpose of getting votes he always watched their hands, not their mouths, and kept his own pockets tightly closed.

WHAT OTHER PAPERS SAY

HIGH FINANCE From The Wall Street Journal The cashier in one of the downtown banks was daydreaming on his approaching vacation, when an ordinary looking individual sauntered up to the window requesting the bank to loan him \$10. The cashier smiled, and apprised the visitor that the bank did not lend such small sums; but with some fun in mind he asked the man if he could give security for the loan. The visitor answered in the affirmative.

STANLEY PARK SQUATTERS

To the Editor:—In your issue of the 20th inst. attention is called to the fact of this matter having been finally settled by the Supreme Court of Canada, the Attorney-General and Vancouver City having won out. The next proceeding will be the election of some helpless women, who were born at Brockton Point and who have lived there all their lives.

In the form of an open letter to the City of Vancouver and the Attorney-General of this Province permit me to say that upwards of fifty years ago Burrard Inlet was part of my parish, and Brockton Point was one of my appointments. I found the parents of those people who are to be ejected, comfortably settled in their little homes. The parents are dead, the children and grandchildren remain. They have changed the shacks of their fathers into comfortable cottages, with well kept flower and fruit gardens. Surely as British subjects, and as a Christian people, we cannot be so callous as to turn those poor people out of their homes without making provision for suitable housing. I would suggest letting them live at free in their own little homes, and give them some employment about the park.

Long before Vancouver was ever thought of, I knew other squatters on what is now the townsite, whose right was acknowledged by the Government, and who were given a title to the land on which they were squatted, the sale of which brought large money to the owners; but the settlers on Brockton Point, who are largely of Indian extraction, and ignorant of our laws, must now suffer for their ignorance, unless we show them a little of the spirit of the Divine Author of the Golden Rule, and of British fair play. C. M. TATE, Missionary, U.C.C.

WHICH HE PREFERS

To the Editor:—The many prairie people resident in Victoria, who have the privilege of recording their vote at the coming Federal election, will be weighing in the balance of judgment, which policy presented by the two opposing parties should be supported. That of Mr. Mackenzie King should make the primary and natural resources of all Canadians, and to Western people particularly, urging as he does the reduction of tariff to the lowest possible level, and which must certainly tend to aid the general producer and consumer, while creating no burden or injustice on others. More than ever it has to be recognized that the primary and natural resources of this country will have to be developed and to find a world market, labor must to the widest possible extent be unshackled.

Mr. King's policy also rises true and emphatic on the most important question of freight rates equalization throughout the Dominion. There is no doubt that the present system of rates and unjust has been the discrimination against certain sections of the country, in which the Western Provinces have unduly participated. A granting of equity which will fairly apply to all parts of our wide lands will confer tangible benefits, which no tinkering with tariffs may compare with. The Crown's Nest Agency in the nature of things could never be considered a permanent settlement, being of too local a character. Nor can any system of transportation rates be final, which does not recognize the rights and fair dues of the country as a common unit.

Again, on the tremendously important question of railway problems Mr. King's policy is to be recommended. The national system of a square and unbiased opportunity of making good. Burdened from the first as it has been with influences so detrimental to success, there is ample margin still, that if treated in a bona-fide manner by the Canadian people it will in due time become one of the country's richest assets. And British Columbia will also reflect the Canadian-Pacific Railway ever comes to dominate and control our transportation, then there will be the creation of a private monopoly in this country, the sinister results of which no one can foresee.

Another potent reason for supporting the Liberal Party is because of the very definite stand its leader takes for the promotion of national unity. Far too long has our national struggle, for progress and contentment over our wide land. Not for sections for east or west—but for the common good of all must be the motto of Canada is to go forward to desired population and advancement. To see our far-spreading prairies with their marvelous possibilities of agricultural wealth and resources, linked hand in hand with the rest of our great Dominion, going forward together with one aim and one purpose—to develop material wealth; and more important still a spirit of national unity which, while bringing strength and peace within her own borders will also reflect healing influence for international peace and good will.

It is because I believe that the Liberal Party with all its faults and failings, is the one to best help in bringing about such results, that my support is given. All human agencies are disappointing, and every

As a Liberal member, acting in alliance with a Liberal member from Victoria City, I could and would be of great service. The electors of the Island should show five active support to the Liberals as the supporters of Western development. The return of a clear majority of Liberal members in the next Parliament means development and prosperity on Vancouver Island. There is no alternative, no other hope, and I confidently ask for your vote and your support.

thoughtful citizen regrets the shortcomings of both our political parties; but of two horses it is the sanest action to choose in one's opinion the one with the fewest blemishes.

To the Electors of NANAIMO DISTRICT

RESIDENTS of Vancouver Island have a direct and vital interest in the election of a clear majority of Liberal members in the next Parliament of Canada, because the Liberal Party is irrevocably committed to a policy of Western Canadian development based on the wiping out of discrimination and inequalities which, as a holdover from Conservative, reactionary, policies, prevent the growth and extension of Western Canadian commerce.

The Electoral District of Nanaimo, for which I am a candidate under nomination from the Liberal Party, comprises the southern area of Vancouver Island, commencing at Nanaimo and extending northward to the limits of Victoria City, so that I address myself to electors residing at great distances under circumstances rendering closer personal acquaintance difficult. The binding tie, however, is that Vancouver Island is a commercial unit; the progress of any country depends on the whole island, and the prosperity of every community on the island is from every motive, including commercial self-interest, our necessary aim.

The two members elected for Victoria City and for Nanaimo Electoral District will represent at Ottawa the opinions and needs of the entire southern area of Vancouver Island. The King Liberal Administration is rendering closer personal acquaintance difficult. The binding tie, however, is that Vancouver Island is a commercial unit; the progress of any country depends on the whole island, and the prosperity of every community on the island is from every motive, including commercial self-interest, our necessary aim.

Under this general doctrine I advocate and will actively work for the following lines of policy: 1. Complete equalization of freight rates so that our industries may be developed by access to all Western Canadian markets, and our costs of living be equalized as compared with all other parts of Canada.

2. Aggressive policy of securing business for the Esquimalt drydock and for the Victoria elevators so that more vessels be brought to the ports of this island for the handling of commerce and to the coal mines of this island for the purchase of bunker coal.

3. Continuous policy of port and harbor improvements, aids to navigation, fishery development and agricultural development.

My personal interests are all on Vancouver Island, which as said above, is a commercial unit, and my ambition is to help in bringing the Island into its own rightful status of prosperity, extending to every community and every home.

Big Loan For Tokio Postponed in N.Y.

New York, Oct. 23.—Negotiations for a loan to the City of Tokio, for which inquiries were recently placed before American bankers, have been deferred until later in the year, it was learned officially today.

After the 1923 earthquake a reconstruction loan of 100,000,000 yen for Tokio, bearing the guaranty of the Japanese Government, was authorized and American bankers were approached several weeks ago with a request for its flotation this fall.

The main portion of the issue, it is understood, will be sold here eventually by J. P. Morgan & Co., and the remainder will be used to repay private bank advances from London.

DRIVING FORCE IS NEEDS OF THE WEST

Perseverance of G. G. McGeer, Vancouver Candidate, Commended by Oliver

Premier King's Policies Uniting Canada, Says B.C. Government Head

Vancouver, Oct. 23.—Right Hon. Arthur Meighen in Halifax stirring up sectional bitterness for political advantage by denouncing the relief offered Western Canada in railway freight rates; the Conservative Party ignoring conditions on the prairies and in the Maritime Provinces offering tariff increases as a panacea for all Canada's economic ills; and Hon. H. H. Stevens in 1924 stumping the province denouncing equalized freight rates as against the interests of this province.

These were the conditions with which Canada was faced, said Premier Oliver at a meeting in the Royal Theatre here last night at which he and G. G. McGeer, K.C., Liberal-Federal candidate in Vancouver Centre, were the speakers.

SECTIONAL EFFORTS

Following Mr. Meighen at Halifax, Premier King spoke in St. John, and replying to the opposition leader, said the relief granted to the West was simple justice and he would not depart from that policy simply to curry favor in the Maritime Provinces, declared Premier Oliver. "The next day The Montreal Star, the leading Conservative paper in the East, launched a vitriolic attack on Mr. King, which shows Mr. Meighen and his friends are not above taking advantage of locality to make political capital by stirring up sectional strife."

LOWER COSTS

Against the Conservative high tariff policy Premier Oliver set up the declaration of Premier King that free trade was impossible in Canada and that the Liberal Party had no intention of disturbing the traditional tariff policy of Canada, but that the Liberal Party recognized the need of cheapening the cost of production in Canada's basic industries, which no tariff could assist.

"That is a policy that will unite Canada instead of creating dissension," said Mr. Oliver.

Referring to Mr. McGeer, British Columbia's Government freight rate counsel, the Premier said he had succeeded in having "half the mountain scale removed" and the grain rate from Calgary to the British Columbia Coast reduced from 21 cents, where it was when he started, to 21 cents.

DRIVING FORCE

"If Mr. McGeer has one good quality," he has energy and perseverance," said Premier Oliver. He may lack the suavity and Sunday School manner of Mr. Stevens, but it is energy and driving force that Western Canada needs to-day."

Pigeons by Hundreds Pick Out Their Friend On Fifth Avenue

New York, Oct. 23.—The pigeons in front of the Public Library have a great advantage over many human beings who pass their busy corner at Forty-second Street and Fifth Avenue.

They know where their next meal is coming from. It is coming from their friend, Frank Reeber. Reeber is seventy-six, yet for five years he scarcely has missed a day. He stops on his way downtown in the morning and again before he goes home in the evening. The birds flutter around his head as he approaches and eat from his hands. And there are hundreds of pigeons in his family home where there were none when he began.

He feeds them, he says, because he likes them.

Gangsters Die Young, Average Age Only 26

New York, Oct. 23.—"Those whom the gods love die young."

Therefore, it might be argued in the formal method of a text book on logic, the gods surely love New York gangsters.

The lives are brief. A statistician has just gone into the records of 200 of the city's most famous gunmen and gang leaders, all now dead. The average age at death was twenty-four years, eight months. The youngest was fourteen and the oldest a trich of forty-seven. In addition to those "rubbed out" by pistol, knife or club, twenty were executed by the law and their average age at death twenty-six.

"It's all part of the game," remarked one in a hospital. "we give and take, and when we give we get ready to take."

It would appear a war of extermination, yet a new crop of gunmen keeps springing up and just last week occurred a shooting and its swift reprisal as melodramatic as any they credit to the "Kid Dropper" gang.

Waldorf Restores "Peacock Alley"

New York, Oct. 23.—Peacock Alley lives again.

This historic corridor of the Waldorf-Astoria, famed in fiction and real life romances of "the old New York," which recently vanished in the inexorable march of progress and prohibition has been re-born.

The Waldorf management, forced to put in shops along the 34th Street front because it is axiomatic that no hotel in New York can meet expenses now-a-days without this expedient, has reconstructed the famous "alley"—rendezvous of stage, society and lookers-on.

As soon as the lathes and plaster which accompanied the transition of the ground floor of the ancient hostelry were swept aside, New Yorkers found that Peacock Alley had been restored.

If something of its pristine glory was lost, the "alley" has blossomed nevertheless in new and equally comfortable plush sofas and chairs, whence one can observe the bearers and waiters of all that is newest in the world of fashion.

ACTRESS BREAKS HER FINGER BUT SHE CARRIED ON

Bessie Love, feminine lead appearing opposite Owen Moore in Maurice Tourneur's "Torment," the exciting First National picture showing at the Playhouse Theatre this week, sustained a painful injury during the filming of this production.

While appearing in an earthquake scene being filmed at the United Studios in Los Angeles, Miss Love broke the small finger on her right hand when it caught in a door during the height of the excitement.

The accident, though painful, was not serious, and Bessie showed great pluck. Unlike other stars, who would have been "rushed home" to remain a week, she continued her work just the same until the scene was completed.

STOCK COMPANY AT COLISEUM IS DELIVERING GOODS

Before the play started at the Coliseum last night there was not a vacant seat in the house. Gilbert and Sullivan's "Yeoman of the Guard," as presented by the Coliseum Stock Company, has created more talk in the city than any play presented for years. It is presented with the finish, scenery, costumes and stage effects of a road company presenting the same play for a year or more, rather than as the offering of a stock company offering something new every week. The actors and actresses were letter perfect. Their singing has drawn rounds of

applause that have literally rocked the theatre. This is another one of those plays which would have to run for more than one week if all in Victoria who wished to see were given the opportunity. It is also another demonstration of the fact that Victoria loves good music. The rounding out of the programme with the Victoria-made picture, "Romantic Rowena," and the offering of Margaret Livingston in "The Chorus Lady," the famous stage success of James Forbes, makes this week a red-letter week.

ONE MAN POWER IN CHAPLIN FILM "THE GOLD RUSH"

In these days of stupendous and hurried effort on the part of producers in the studios, a motion picture of ten parts written, directed and produced by one man at his necessary leisure constitutes a distinct novelty.

Such a production is "The Gold Rush," Charlie Chaplin's new feature comedy-drama of Alaska at the Dominion Theatre next week, under a United Artists Corporation release.

Chaplin started filming the picture on February 7, 1924, after months of preparation, and the final scenes were taken on April 16, 1925. More than 100,000 feet of film was used in the making, and the task of cutting and editing, the synchronization of scenes and action, said to be one of the secrets of Chaplin's success, required months more.

In contrast to ordinary methods of production, there are no time-clock schedules in the Chaplin studio, as filming is not done when the master comedian is not there.

It is said that "The Gold Rush" was made by Chaplin largely through inspiration, the time being devoted mostly on the production for days at a time, calling for the utmost efforts from his studio staff to meet his requirements. He is said to have worked for weeks of studied perfection, until the necessary urge brought him to activity with new ideas for the picture.

Usually Chaplin needs very little story structure to his comedy, but in "The Gold Rush" he is the centre of a drama of the frozen North in the role of a hardy prospector, dressed in the baggy pants, the floppy shoes, the old derby and cane of early association. Chaplin is credited with a keen sense of the affinity between the ludicrous and the pathetic, and his ten-part comedy is hailed as an innovation in photodrama.

The comedian himself directed practically every foot of the film even to handling an army of 2,500 men on location in seeking the gold seekers climbing Chilkoot Pass, a spectacular feature of the picture.

New York Knew Tunes Before Show

New York, Oct. 23.—New York was nearly two years behind the rest of the country in seeing the musical comedy, "No, No, Nanette."

It came to town just a few weeks ago. Which explains the remark of one brand of gum to another, "I don't know it, but it's a good show, but it's a shame they have to use all those old tunes. Why didn't they get new ones?"

WOMAN EVANGELIST CONTINUES CAMPAIGN

Mrs. Booth-Clibborn, wife of Evangelist W. E. Booth-Clibborn, will continue the campaign which has been conducted by her husband during the last six weeks, at the old Victoria Theatre, Government Street, now known as Victory Temple. She is a very gifted speaker and her ministry has met with unusual success in the past. She not only assists her husband in his full charge of the continuation of the campaign, but she conducts campaigns independently.

Mrs. Booth-Clibborn will speak to-night at 7:30 at the Victoria Theatre. The evangelist will bring out much from the Scriptures concerning lipstick, rouge, bobbed hair, etc.

On Tuesday, October 27, Mrs. Booth-Clibborn will relate the story of her life, which is one of romance, tragedy and of intense interest. The meetings will continue each evening.

A large crowd bid farewell to Evangelist Booth-Clibborn on Wednesday evening last, as he boarded the midnight boat for Vancouver. He left for New Westminster, B.C., where another campaign commenced on October 22.

NEW DEAN OF YORK

London, Oct. 23.—Rev. Lionel Ford, head master of Harrow School since 1910 and previously head master of Boston School for ten years, has been appointed Dean of York. Mr. Ford, who is sixty years of age, succeeds Very Rev. Wm. Foxley Norris, the latter having been appointed two days ago as Dean of Westminster Abbey in succession to Rt. Rev. Herbert E. Ryle, who died on August 20 last.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating, are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid stomachs." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often acid present in the formation and there is no sourness or pain. Disrupted Magnesia (in powder or tablet form) goes to the stomach, neutralizes the excessive acid which has no neutralizing effect on the stomach acids. Instead, it forms a great quantity of a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the acid, often acid present in the formation and there is no sourness or pain. An absolute decree of divorce was granted by the Honorable Mr. Justice Murray in the Supreme Court on Monday the 19th inst. to the petitioner, John Edward Roberts against Christella Roberts, respondent. Stanley Levy was named as co-respondent. Mr. F. L. Shaw appeared as counsel for the petitioner.

At the meeting of the local society of Eagles on Wednesday night it was decided to donate \$50 towards the civic fund for the relief of the sufferers by the loss of the *Hig Hope*. A committee has been appointed to consider the advancing of plans for the new Eagles' home.

On Monday evening next, October 26, the Very Rev. Dean C. S. Quantin of Christ Church Cathedral, will give a lecture in the Emmanuel Baptist Church commencing at 8 o'clock. The dean's subject for the evening will be "The Humor and the Pathos of a Parson's Life." D. L. MacLaurin will be the chairman. The lecture is under the auspices of the Young People's Society of the church.

Judgment has been reserved in the British Columbia Court of Appeal in which James Rutherford Walker argued against a judgment of Judge Sampson. Appealants obtained judgment against the B.C. Electric Company, following a collision with his car and a street car. The defendant company before Judge Lampan afterwards argued that he had no status as a driver as he was not in possession of a driver's license and the judge upheld the contention.

OBITUARY

The funeral of the late William Ellbeck Wilson, who passed away in San Diego on Sunday last, will take place from the B.C. Funeral Chapel to-morrow at 3.15, proceeding to Christ Church Cathedral for services at 3.30. Interment will be made in Ross Bay cemetery.

The funeral of the late George Frederick Dunn, who passed away at the family residence, 3246 Douglas Street, last Wednesday, will take place to-morrow afternoon, at 2 o'clock from the Sands Funeral Chapel. Rev. H. V. Hitchcock will officiate and the remains will be laid to rest at the Royal Oak Burial Park.

The late Mr. Dunn was born near Dublin, Ireland, eighty-four years ago, and is survived by, besides his widow at home, one daughter, Mrs. A. N. Heaslip of Vancouver; also a sister in New York.

Funeral services were conducted yesterday afternoon for the late Miss Minnie Helen Oldrey, who passed away at the family residence, 3025 Tillicum Road, last Monday. Relatives and a gathering of sympathizers were in attendance, and the floral tributes were many and beautiful. Rev. Daniel Walker conducted the service and the hymn sung was "Jesus, Lover of My Soul." Messrs. J. C. Brodie, E. Hamilton, Wm. Wain and T. S. Eastman acted as pallbearers. The remains were laid to rest at the Royal Oak Burial Park.

The death occurred last evening, at St. Joseph's Hospital, of Ernest Francis Fletcher, aged twenty-six years, born at Otter Point. He is survived by his mother and step-father, Mr. and Mrs. A. B. Watkinson, of Cobble Hill; one brother, Mr. F. A. Fletcher, of Nanaimo; two sisters, Mrs. A. Pappenberger of Port Haney, and Miss Mildred Louise at home in Cobble Hill. The funeral will take place on Monday, October 26, the remains will be laid to rest in the Sands Funeral Chapel at 3.50 o'clock, and ten minutes later mass will be celebrated at St. Andrew's Cathedral. The remains will be laid to rest in Ross Bay Cemetery.

Premier King Defends His Citizenship

Newmarket, Ont., Oct. 22.—Beyond confirming its accuracy, Premier King declined last night to make any comment on the report that he had given instructions to have a writ issued against Lieut.-Col. A. F. Hatch of Hamilton, Ont., unless Col. Hatch retracted a statement attributed to him that Premier King had applied for and obtained United States citizenship papers.

Girl Shared in Vancouver Robbery

Vancouver, Oct. 22.—Jack Singleton, a taxi driver, was held up and robbed of \$6, all the money he carried, by a pretty young girl and her escort whom he had driven out to Point Grey, a suburb, late last night, according to a story he told the police. After taking his money, Singleton said, the couple marched him to a vacant lot and tied him to a tree with his hands bound together. He broke away and a resident of the district loosened his hands, he said.

The bandit's sweetest drove away in Singleton's taxi, which the police found abandoned in the downtown section early this morning.

ACCIDENT DEATH IS JURY'S VERDICT IN RISLEY TRAGEDY

Woman Burned to Death When Clothing Caught Fire By Accident, is Belief

Verdict of accidental death was brought in this morning by a court jury investigating the death of Mrs. Alice Risley, whose badly burned body was discovered Wednesday outside her home at 626 Rothwell Street. I am sure that you will have no difficulty in arriving at a satisfactory verdict," said Dr. E. C. Hart, coroner, in pointing out to the jury that Mrs. Risley was apparently alone when her clothing caught fire. Harry Risley, husband of the dead woman, recited his experiences on the night of the tragedy.

Mrs. Risley was at home alone and it is believed that she caught fire and that her clothing ablaze ran out of the house and succumbed from the effects of the serious burns. Risley had gone to a theatre early in the evening and had not seen Mrs. Risley since that morning. In the morning, he went outside and found his wife's burned body at the side of the house. She had been dressed only in nightgown, kimono, shoes and stockings during the fire, Risley stated. Risley, on finding the body, rushed for help and the police were notified.

DAUGHTER'S STORY

Mrs. Lauretta Stony, daughter of Mrs. Risley, told her mother having procured a bottle of whisky from a soldier and of the three of them drinking this in the course of the evening. Mrs. Risley stated that she left with her father and her flight from the house late at night to the Metropolitan Hotel. She had left her father alone in the house in the early hours of Wednesday morning, and had not known where her mother was at the time she left the house.

Constable George Claire, attending and having given orders that nothing should be moved or touched, he sent word to the city detective office and brought the departmental heads to the scene.

DEATH FROM BURNS

Dr. Allen Frasse, who conducted a post mortem examination following Mrs. Risley's death, stated at the inquest to-day that death had been caused by burning and that the lungs were covered by a result of inhaled fumes and flame. These were the only organs not normal.

Mrs. Risley's funeral will take place next Thursday afternoon, it being necessary to hasten the date in order that two sons from Detroit may be present. Mrs. Risley was forty-seven years of age and a native of Nova Scotia. She leaves to mourn her loss, two sons, Weston Baldwin and Joseph Baldwin, both of Detroit and two daughters, Mrs. Russell and Mrs. Seton, besides her husband, Harry Risley.

582 CANDIDATES FOR THE COMMONS

Federal List For October 29 Completed With Official Nominations Yesterday

Thirty-five Candidates For British Columbia's Fourteen Seats

Ottawa, Oct. 23.—As a result of the official nominations yesterday there are 582 candidates standing in the 241 constituencies in Canada for election to the 245 seats in the House of Commons on October 29. The Liberal Party has 216 official nominees in the field, the Conservative Party has 239, and the Progressive Party sixty-nine. Laborites, including Farmer-Labor candidates, number twenty-one, and Independent candidates total thirty-seven.

In British Columbia there are eleven Liberals in the field, fourteen Conservatives, five Laborites and five Independent candidates. British Columbia has fourteen seats.

In the Yukon territory a single Liberal and a single Conservative will confront each other at the polls. In Alberta there are fourteen Liberals, fifteen Conservatives, twelve Progressives, three Labor representatives and one Independent. Alberta has sixteen seats.

Saskatchewan has nineteen Liberals, nineteen Conservatives, twenty-one Progressives and two Independents. There are twenty-one seats.

In Manitoba, eleven Liberals, six Progressives and five Laborites are standing for election. There are seventeen seats.

Ontario has 186 contestants for eighty-two seats, there being sixty-four Liberals, eighty-two Conservatives, twenty-three Progressives, six Laborites and eleven Independents.

In Quebec, 149 candidates are contesting the sixty-five seats. There are sixty-eight Liberal nominees, six by three Conservatives, four Independent-Liberal-Protectionists, eleven Independent-Liberals, one candidate of each of the Labor and Progressive parties, and one standing as merely Independent.

In the three Maritime Provinces, twenty-eight Liberals are standing for election and twenty-nine Conservatives. There are twenty-nine seats.

Throughout the whole of Canada not a single acclamation was recorded yesterday. The records show that was also the case in the 1921 general election, when a contest developed in every one of the Federal constituencies.

In North York, Ontario, Premier King is opposed by Lieut.-Col. T. H. Lennox Conservative. Rt. Hon. Arthur Meighen, Conservative leader, again meets Harry Leader, Progressive and former member for the riding in the constituency of Portage la Prairie. In Brandon, Robert Furke, Progressive leader, is opposed by David W. Beaubien, conservative.

TOURISTS IMPORTANT COMMERCIAL FACTOR

Frank Waring Tells Group of Chamber of Commerce

Regular Forum and Membership Meetings Recommended

"Vancouver Island commercially can offer opportunities which few other parts of the world are able to offer," said Frank Waring, president at a meeting of the tourist trade group of the Chamber of Commerce this afternoon in the absence of Dan Campbell, president.

"Bring the tourists here, and when they arrive you can talk industry to them," said Mr. Waring. "Victoria is the show window for the Island. You have to bring them in through the magnetism of the window display and talk business when you get them inside."

Regular monthly forum meetings of the Chamber of Commerce followed by social evenings on some occasions were advocated by the group. James H. Beatty expressed the opinion that scheduled forum meetings would give the members an opportunity to express their views on many matters of general interest. Full discussion on any subject brought up should be called for.

A resolution was passed in favor of one forum meeting and one general meeting of the Chamber of Commerce every month.

The group decided to co-operate with the Victoria Historical Society in their efforts to bring points of historical interest before visitors to Victoria.

Thanks were extended to Mr. and Mrs. P. R. Bitchart for allowing the thousands of visitors who visited Victoria during the Summer to visit their beautiful gardens.

A proposal to recommend the establishment of safety zones for pedestrians awaiting street cars in the business section of the city was left over for future discussion.

Frank Waring was unanimously elected vice-chairman of the group.

CITY HALL NOW OPEN NIGHTLY TO REGISTER HOUSEHOLDER VOTERS

Registration of householders for the municipal franchise has been remarkably slender this year, according to City Clerk B. B. Brley. Less than 500 householders and licenseholders are at present entitled to vote at the civic elections on December 10, whereas last year there were over 2,000 voters who qualified by registration.

To enable all householders and licenseholders to register, the office of the city clerk will be open nightly until the end of this month, when the lists close. The additional hours made available to registrants will be from 7 to 9 o'clock, save on Saturday, when the usual half-holiday closure at 1 o'clock will be observed.

TO HEAR EVIDENCE

Vancouver, Oct. 22.—Following the return by the grand jury here of a true bill on an indictment charging Oscar B. V. Robinson and his son, William, with complicity in the kidnapping of Wong Fook Sing, permission for the two Robinsons and Mrs. Mary Robinson, wife and mother of the accused, to testify before the grand jury was obtained from Mr. Justice D. A. McDonald. The grand jury is hearing evidence on the same charge against J. S. Cowper and three Point Grey police officials, John Murdoch, H. O. McDonald and Percy Kirkham.

RADIO EXHIBITION OPENS WITH GREAT ATTENDANCE

The Fall Radio Exhibition of the Victoria Radio Club opened last night at the Crystal Garden with a splendid attendance of citizens, the banquet hall being congested at 8 o'clock when Alderman Marchant, on behalf of Mayor Carl Pendray, declared the Show open to the public.

Alderman Marchant explained that Mayor Pendray had been suddenly called out of town on civic affairs, and gave high praise to the officers of the Victoria Radio Club and the exhibitors for the very fine collection on view. "What I do not know about radio would fill a library, but I recall that it is as yesterday when the oil lamp was considered wonderful. I remember that the introduction of electric light was met by the prediction that the innovation would be a failure. To-day we realize that, with all our advances of recent years, we are only at the alpha of progress, the treasure house of nature is only beginning to be exploited."

"I have to congratulate the friends of radio on staging such an exhibition as we have to-night, and in the name of Victoria, and on behalf of Mayor Pendray, I have great pleasure in declaring this exhibition open to the public," said the Alderman.

Introducing Alderman Marchant, President Grant outlined the work being done by the Victoria Radio Club, and stated that the club's aim was to educate the public and eliminate interference. He pointed out that the city had received much publicity in Eastern electrical and radio journals as a result of the work of the Radio Club, and invited radio owners to become members of the club.

The banquet hall of the Crystal Garden was a colorful sight, the well decorated booths of the exhibitors being supported by bunting and flags. Practically all the radio dealers in Victoria are represented at the exhibition, and in addition a number of Vancouver firms have stands. The progress in design is a notable feature of the show, the trend towards incorporation of the receiver in beautiful furniture being almost as marked as is the tendency to eliminate the multitude of controls so necessary a year ago.

This evening at 8 o'clock, the visitors will witness the broadcasting over Station CKCT of Fletcher Brothers' regular radio program, which will include the Victoria Radio orchestra and a number of vocal artists.

Over 500 visitors enjoyed the entertainment provided by Stocker's Nightbirds, whose fortnightly radio broadcast took place at the exhibition at 10 o'clock and lasted until 11.30. The audience greatly enjoyed the snappy program, and at times forgot the advice of silence, and broke into bursts of applause.

See the Super-Zenith at the Radio Show

It COSTS More But It DOES More

Visit the Radio Show at the Crystal Garden and see the great Super-Zenith that radio enthusiasts everywhere admit is "The Rolls-Royce of Radio."

No other radio set equals the Zenith performance. This is the radio set that MacMillan took on both his expeditions to the North Pole and astounded the world by keeping in daily touch with stations as far distant as Honolulu.

Don't fail to see the Super-Zenith. It's the surprise of the show.

Cougar's Dynamo Is Returning To Team

"Gizzy" Hart, Player Wanted by Both Calgary and Canadiens, Will Spend His Third Season in Professional Hockey With Victoria; Has Been a Star Ever Since His Leap From Amateur Ranks; Walker, Anderson, Fraser and Holmes Other Men Signed

Harold "Gizzy" Hart, the dynamo of the Cougars, world's hockey champion, will return to his first and only love in professional hockey this season. Lester Patrick, manager of the Victoria club, announced this morning that he had received a wire from "Gizzy" stating that everything was satisfactory and that he would leave his fruit store in Weyburn and join the team in Winnipeg early in November.

Hart is a regular prize packet and the Cougars would be in a hole without him. Besides being a sterling hockey player he is extremely popular with the fans, due to his gentlemanly conduct on and off the ice and the fact that he always gives his best.

LEAVES FRUIT STAND

"GIZZY" HART who will join Cougars in Winnipeg for 1925-26 campaign. Gizzy has a fruit-stand in Weyburn, Sask.

A SPLENDID MARKSMAN Hart is one of the cleverest stick-handlers in the league and has the knack of laying all his shots, if not in the net, on the goalie's armor. He seldom shoots wide. Add to this his wonderful stamina and back-checking ability, together with the fact that he spends practically no time on the penalty bench, and you have the reason for his popularity.

Some of the finest goals ever scored in the local arena have come off Hart's stick. The fans will recall two years ago when Hart wormed his way through the sturdy Vancouver defence and duplicated Hughes-Lehman to score the winning goal in two overtime matches. He also scored the goal which won the Stanley Cup for Victoria last year.

Hart has attracted much attention from managers all over the country, and several of them have asked Lester what he would take for his protégé. Lloyd Turner, of the Calgary Tigers, raved like a college student over Hart's showing last year and made offers to Lester, Leo Dandurand, leader of the Canadiens and a shrewd judge of hockey players, said after the world's series last year that if offered his pick of the Victoria team, he would take Hart.

But Lester Patrick refused the custard pie of Turner and Dandurand. He knows that hockey stars are hard to get hands on and in Hart, he sees a player who is good, not only for this year, but perhaps for another ten. Hart is only a youngster and each year makes him more valuable to the club.

Walker is in Vancouver and is ready to hop eastward the minute the bugle call sounds. Jack, the "miracle man" of the Cougars last year, is in the veteran stage now, but he knows how to look after himself and has lots of good hockey left in him.

Anderson, all of whom are on the Coast, have signified their intention of pulling on the clothes of the world's champions.

Draw is Announced For Uplands Ladies' Bogey Competition

Following is the draw for the ladies' bogey competition to be staged at the Uplands Golf Club on Saturday afternoon:

If Confidence Means Anything Here's Next Lightweight King

Los Angeles, Oct. 22—"I can lick any man my size in the world!" Bold words from the average man. But easy language from Ace Hudkins. Ace is the whiffling lightweight from Nebraska. But his wildness isn't confined to the ring—he's wild about himself outside of it.

Of all the chesty fighters who ever came to Los Angeles, Ace is the ace. He is a good fighter. If confidence, or that "I love me" spirit suits much figure, Ace should be a world's champion in no time at all.

Hudkins first came into the limelight last Spring when he won the Pacific Coast lightweight crown from Joe Benjamin, the Hollywood Skeik. Hudkins handed Joe the worst lacing he ever had in his life. In fact, Joe has not been in the ring since that fateful night in Jack Doyle's Vernon arena.

Ace just returned from the middle west where he copped a newspaper decision over Sid Terry. His first workout was mostly one of the mouth. Ace could no more keep from telling his fighting friends what a sensation he was in Chicago than he could keep from eating.

"Honestly," he said, "no lightweight ever created a bigger sensation working out in years."

Hudkins is getting down to business on the coast again and is ready to fight any and all comers. "Just give me a shot at Jimmy Goodrich and there'll be a new king of the lightweights," he boasts.

More bold words. But the funny part is there is a lot of truth in them. Ace is slated for that crown once again by Benny Leonard.

He is not yet "punch proof." But he is just crazy enough to kick himself out on the throne—and off of it into oblivion again within the next two or three years.

Seals Prove Easy Victims In First Battle of Series

Louisville Blanks Coast Ball Champs; Tyson, Giants' Recruit, Hero of Game

San Francisco, Oct. 23.—The Louisville Colonels, champions of the American Association, walked away with all the honors in the first of a nine game series with the San Francisco Seals here yesterday, by shutting out the champions of the Pacific Baseball League, 7 to 0.

The Louisville club started from the first inning like champions and played the role throughout. Big Chief Ben Tincup sounded the battle cry at Kentucky, pitched his tribe of hitting warriors before him, pulled into position the "Big Bertha" of the Colonels, a batter by the name of Ty Tyson, and when the smoke cleared, the coast champions couldn't seem to find their stride, although they touched Tincup often, little pop-ups were the best they could get off of his puzzling curve ball.

McWeeny, leading pitcher of the Coast League, was not in form and the Colonels knocked him out of the box in the seventh inning. He was relieved by Griffin who gave way to Pfeffer as a pinch-hitter in the last of the eighth.

Both Jacob and Dr. A. H. Fyfe, another member of the Davis Cup team, were suspended by the English Association last April, but in May it was reported that the association council had lifted their suspension. They were charged with failure to adjust hotel expenses in Paris incurred during their play there last year.

MARCART IS BEATEN New York, Oct. 23.—Lew Hurley, New York boxer, gained the judge's decision over Edouard Marcart, French featherweight champion, after French fast rounds here last night. Marcart weighed 125 pounds, Hurley 124 1/2.

VERDICT IS FAVORITE London, Oct. 23.—In the betting today for the Cambridge ships, second of the Autumn handicaps, verdict is quoted at nine to one against Conquistador, one hundred to six; Cors M., two to one, and Sunderland, twenty-five to one.

First Division Teams Meet In Cup Series

Opening Matches for Combination Cup Will Be Played To-morrow Afternoon; Victoria Wests Clash With Esquimalt; S.O.E. Meet Victoria United While Veterans Will Leave for Westminster To-night to Play With Royals

First Division football clubs will begin a new series to-morrow afternoon. The six clubs are drawn in the first round of the Combination Cup tourney and interest is very keen.

The First Division clubs will have the field to themselves. The Veterans have been stealing all the thunder from the First Division this season, but that club will be on the Mainland to-morrow and the fans will have to split their attention over the three games.

To-morrow's matches will be as follows: Victoria Wests vs. Esquimalt at Royal Athletic Park, Referee, Stokes; Sons of England vs. Victoria United at Beacon Hill, Referee, McMillan; United Services vs. James Island at James Island, Referee, Payne. All games will start at 3 o'clock sharp.

When the Wests and Esquimalt clash at the Royal Athletic a great game is expected. These clubs have always been keen rivals and put up a fine exhibition whenever they meet. They have met once this season and the Dockers came out on the long end of the score. The greenhairs are out to even things up. Last week the Wests downed the Victoria United while Esquimalt continued their string of victory by defeating the Sons of England. The Dockers have yet to taste defeat this year.

Another good match should be seen when the Sons of England and Victoria United come together at the B.H. The Sons defeated the United in their last meeting and are confident of repeating the dose. The United held a work-out last night and will have a formidable line-up on hand for the match.

Last week when the United Services journeyed to James Island they were given their hardest game of the season and it was only through the fine playing of Couiter, centre-forward, that they were able to defeat the Island eleven by the close score of 2-2. The Islanders are showing great improvement in every appearance and are sure to be in the running as the season advances.

To-night the Veterans will leave for West Westminster where they will meet the Royals to-morrow afternoon in a Pacific Coast League match. This is the initial appearance of the locals on Mainland ground, also marks the first time the Vets have stacked up against the Sidmouths. According to reports coming from the Mainland New Westminster are making it a real rally day and a large crowd will attend the match. All the children from the New Westminster district schools will be present.

In view of the fact that the Vets scored such a decisive victory over Nanaimo last week the Royals are looking for a tough battle. The locals will take the same team across to the Mainland and defend the Cup. Islanders, Taylor, Reo, Manager Blom and secretary Dr. Grutchy will accompany the team on the trip.

Some of to-morrow's teams will be as follows: Victoria United—Holman; Taylor and Newlands; Whyte, Barton and Dows; Saville, Groves, Auchvale J. Taylor and Allen; Victoria Wests—Whyte; Dunn and Copas; Passmore, Thomas and Popham; J. Sherratt—Mulachy; Ken Wright and Waddington; spares, S. Sherratt and Toole.

The Esquimalt junior football team will meet the Navy in a friendly match to-morrow afternoon at the Canteen grounds, commencing at 2:45 o'clock.

To-morrow's teams will be as follows: Esquimalt Juniors—Banks, Sweeney, Wagland, Knight, Cochran, Smith, Stewart, Thompson, Burnett, Bain and Williams.

London, Oct. 23 (Canadian Press Cable)—Football games played yesterday had the following results: SOCCER Northampton Nomads 3, Cambridge 3; Oxford 5, Southern Amateur League 7.

RUGBY County Championship Leicester 9, East Midlands 6 (at Leicester). NORTHERN UNION CUP Second Round St. Helen's Rescs. 7, Swinton 8; Barrow 8, Leigh 6.

INDIAN NET STAR SUSPENDED FOR A YEAR IN THE EAST

Lahore, British India, Oct. 23.—The All-India Tennis Association has suspended H. M. Jacob, member of the Davis Cup team, until October 31, 1926.

Both Jacob and Dr. A. H. Fyfe, another member of the Davis Cup team, were suspended by the English Association last April, but in May it was reported that the association council had lifted their suspension. They were charged with failure to adjust hotel expenses in Paris incurred during their play there last year.

Sunderland Likely To Retain First Place

First Division Leaders Have Bolton Wanderers on Their Hands To-morrow; Huddersfield, Only Undeclared Team This Season, Weakened for Match With Newcastle United; Bury May Be Able to Improve at Villa's Expense

London, Oct. 23 (Canadian Press Cable)—Sunderland, the leaders of the First Division of the English Football League, are presented with another opportunity on Saturday to add to their laurels when they entertain Bolton Wanderers. Sunderland have yet to lose a game at home, and judging by their present tremendous run of fortune, they are considered capable of taking care of that spotless record when Bolton "comes to town."

The Wanderers are in indifferent form, although in the last three weeks they have improved considerably. Huddersfield, who are running up to Sunderland, will be without Wadsworth, their left back, when they play hosts to Newcastle, and this will weaken their defence to some extent. Wadsworth is aiding England against Ireland in the international game at Belfast. Huddersfield are the only combination of the First Division that have not been defeated this year.

VILLA ALSO WEAKENED It will be a much weakened Aston Villa that faces Bury, for Smart, the Villa's right back, and Walker and Dorrell, their left wing, are engaged at Belfast. This should give Bury an opportunity to drag themselves away from the basement, at the entrance to which they have been hovering.

Only one First Division game is scheduled for the Metropolitan area when Tottenham play Liverpool. The latter are contributing Bromilow, their left halfback, to the international cause at Belfast. The Spurs have not done very well in the past month, and have faltered to a great extent the hopes that were placed in them at the beginning of the season.

From the opening game, when Leicester defeated Liverpool, until the first Saturday in October, when Burnley took them into camp, Liverpool had not lost a game and had only divided two.

JAPAN TO WELCOME CHINESE BUDDHISTS TO BIG GATHERING

Religious Leaders of Two Countries Open Convention November 1

Tokio, Oct. 23.—A convention, seeking to bring together Japanese and Chinese students of Buddhism for further study and discussion of their religion, will open in Tokio November 1 and continue for three days. Delegates from various parts of Japan, as well as from all parts of China, are expected to be in attendance. The meeting is to be held under the auspices of the General Federation of Buddhist Temples in Japan and is to be known as the Eastern Asia Buddhist Convention. It is to be held in the main building of the Zojo temple in Shiba. Approximately 1,000 priests of that faith are expected to attend.

Following the meeting the delegates, both Chinese and Japanese, will make a short tour of Japan, visiting famous Buddhist temples. This tour is expected to take about two weeks, following which the Chinese delegates will return to China. Japanese officials of the convention expect representatives here of all the various sects of the religion coming from all parts of this country and many provinces of China. OFFICIALLY ENDORSED

The convention has been endorsed by both the Japanese and Chinese Governments. The Chinese Government recently appropriated funds with which to defray the expenses of the Chinese delegates while coming to and from Japan. The Japanese railway department has also arranged to give the delegates passes which will enable them to travel into any part of this country without expense.

The convention has no political significance, according to Mr. Tatsu Satomi, official of the convention. Reports have recently been made in vernacular papers that political questions would be discussed by the convention, but Mr. Satomi stated all such reports are erroneous. The chief aim of the meeting is to promote closer relations between the Japanese and Chinese Buddhists, he stated.

The business of the convention, continued Mr. Satomi, "is classified into four sections, including the discussions on Buddhist educational and social activities, Buddhist propaganda research work on Buddhism, I am much interested in the section last named because it brings out the particular method of research work on Buddhism followed by Chinese scholars and priests.

The Sino-Japanese Buddhist convention is merely the outgrowth of a Summer lecture course on Buddhism held last year at Loshan, China, and attended by many Chinese Buddhist leaders and foreign students of Buddhism resident in China. The Rev.

Mr. Saogi, the Lord Abbot of the Horyu Temple in Nara, and Professor Taken Kimura, professor of Hindi philosophy of Tokio Imperial University, were invited to the meeting to deliver series of lectures. CHINESE WANT PARLEY

The lecture meeting was called the International Buddhist Convention because it was attended by Buddhists and students of Buddhism representing many nationalities. The proposed convention was suggested by Chinese Buddhist leaders who requested the Japanese representatives to promote the movement. Under the circumstances, the proposed convention is born of religious motives pure and simple.

Practically all prominent Buddhist scholars and priests in all sections of the country are members of committee of the various sections of the convention. The committee made arrangements that the members of the convention make their homes at large temples in Tokio and its suburbs while in the city. The authorities of the Zojo Temple in Tsurumi and the Zojo Temple in Shiba have employed special cooks to prepare special food for the Chinese priests who are assigned to stay at those temples.

The officials of the General Federation of Buddhist Temples are busy making preparations for the coming parley. Each Chinese guest will be presented with a wooden sculpture of the image of Buddha. They are being carved at the Tokyo Art School under the supervision of Mr. Koun Takamura, famous Japanese sculptor. The image is seven inches high. In addition to this, the Federation edited a Buddhist year book written in Chinese to present to the Chinese priests as gifts commemorating the occasion.

JAPAN TOUR PLANNED
After the convention, the Chinese priests will visit various temples in Tokio and its vicinity. The Tokio Museum in Ueno will display an exhibit showing the relations of Japanese and Chinese Buddhists since the religion was introduced into Japan. The Chinese priests will leave Tokio on November 7 for the Kansai district escorted by the officials of the convention.

The Chinese guests will first visit Nagoya where they will be given a reception by the Japanese Buddhist priests in that city. While in Kyoto, where they will arrive November 9, they will make their home at the Nanzen Temple. They will make a pilgrimage to the Chion-in, Kiomizu Temple, Ken-nin Temple, the Sanjusandou, the Kyoto Museum and other important temples in that city. The Horyu temple and other famous Buddhist temples in Nara and its vicinity are of special interest to the Chinese guests and they will stay in this district until they leave Japan for China November 21.

The Shoso Temple, which is not open to the public, will be opened and the treasures will be exhibited to the Chinese guests. The contents of the temple are national treasures, including many writings of emperors who lived during various periods of Japanese history.

Two More Bodies Recovered From Sunken Submarine

Newport, R.I., Oct. 23.—Two more bodies were recovered to-day from the sunken submarine S-51 by navy divers.

The two bodies recovered this morning were found in the engine room, according to information received at the torpedo station here.

Sa. Princes John will leave Vancouver fortnightly for Queen Charlotte Island points.

Feel Splendid! Nicest Laxative, "Cascarets" 10c

Don't stay headachy, dizzy, bilious, constipated, sick!

One or two pleasant candy-like "Cascarets" taken any time will mildly stimulate your liver and start your bowels. Then you will both look and feel clean, sweet and refreshed. Your head will be clear, stomach sweet, tongue pink and your skin rosy.

Because "Cascarets" never gripe or sicken, it has become the largest selling laxative in the world.

COLOMBIANS SEIZED GAYMAN SCHOONERS

Jamaican Government Protests Against Arrest of Sailors From Islands

Kingston, Jamaica, Oct. 23.—The seizure of two Caymanian schooners most the arrest of their crews, numbering thirteen, by the Colombian Government was brought up at a session of the Legislative Council here. The Government has decided to ask the British Foreign Office to inquire into the circumstances of the case.

The Colombian Government has alleged the vessels were catching turtles in a prohibited zone, but it is reported a British warship may proceed to Cartagena, Colombia, to investigate the occurrence.

The Cayman Islands, lying about 200 miles northwest of Jamaica, are included under the government of that colony.

Survivors of Comanche Before Inspection Board

New York, Oct. 23.—Conflicting stories were told by survivors of the "Clayde" fire Comanche at the hearing before the United States steamboat inspection board in the customs house Thursday. The vessel was destroyed off the coast of Florida Saturday night. October 17. Several passengers told of drinking by members of the crew. Others denied they had seen any drinking and insisted that the crew behaved in a most reasonable manner.

John C. Moore of St. Petersburg, Fla., and Thomas F. Fanning of New York, both told inspectors Harry C. Colgin and A. J. Chapman that the passengers saved the crew. William W. Mitchell of New York, although denying that he saw any drinking or abusive conduct among the crew, declared the passengers saved themselves and the crew saved themselves.

James C. Wilkey of West New Brighton, second steward of the ship, said he had seen in his department intoxicated, but denied there was excitement, drinking or any lack of seamanlike behavior on the part of the crew.

The hearing adjourned yesterday afternoon after Charles Tobey, assistant general manager of the Clayde and Mallory lines, introduced the records of the licensed personnel of the ship and declared Captain Curry of the Comanche was the strictest disciplinarian in the employ of the company.

Railroad Line Being Built in Quebec

Montreal, Oct. 23.—The following statement has been issued by Sir Henry Thornton, president of the Canadian National Railways, from the headquarters of the system here:

"There has been more or less discussion in the press with respect to the construction of a railway from O'Brien, on the National Transcontinental, to Rouyn, Quebec, for the purpose of serving a large mining development which important interests propose to make. An investigation some time ago by experts of the Canadian National Railways disclosed the importance of the district and the necessity for the provision of transportation facilities for new enterprises and the development of the traffic interests of the Canadian National Railway system. More than one project for the construction of a railway into the Rouyn district seemed to be under promotion, and prompt action was essential if the National Railway system was not to find itself eliminated from the field. For these reasons it was decided a line should be built by a separate company and financed without calling upon the resources of the Canadian National.

"The line into the Rouyn district and work has commenced, the contract having been let to the lowest bidder among a number of well-known contractors. The estimated cost of the line is somewhat less than \$1,000,000, and arrangements have been made to finance it through prominent bankers. As the work proceeds the funds necessary for the payment of the contractors will be advanced by the bankers. Interest will be paid at the rate of four and a half per cent per annum, but will be paid only as and when the funds are drawn. Upon completion of the work and the determination of the exact cost, bonds

JACKSON SAILS FROM YOKOHAMA

Admiral Oriental Line Steamship Expected to Arrive Here November 1

Seattle, Oct. 23.—The Admiral Oriental Line agents for the American Orient-Map Line, were advised today that the steamer President Jackson had sailed from Yokohama for Seattle to reach here November 1. She has 228 passengers and a cargo valued at \$6,000,000.

The Admiral Oriental Line freighter Wheelock Montano arrived here yesterday from the Far East with a large shipment of hardwood lumber brought from the Philippine Islands. A large quantity of the wood was mahogany.

The steamer Katrina Luckenbach docked for her annual overhauling and inspection. She is to be loaded and sent to Tacoma to load a cargo for Gulf of Mexico ports.

Capt. E. C. Genereux Jr. of the Shipowner and Merchants' Trust Company of San Francisco was in Seattle today. He is visiting friends and associates in shipping and allied industries.

The Shipping Board to-day assigned the steamship Cuprum to the American Orient-Map Line's service between here and the Far East. The Cuprum is to be ready for service within the next few days.

LEAGUE COUNCIL TO HOLD BALKAN SESSION MONDAY

(Continued from page 1)

A Greek official communication admits the entry of Greek troops into Bulgarian territory, but says the move was of "strategic necessity" to prevent further incursions of Bulgarians on Greek soil.

From Sofia comes the word that the Greeks are advancing on a fifteen-kilometre front on both banks of the Struma, and that in addition to the use of artillery, aeroplanes have bombarded the bridges, barracks, roads and stations.

CROWDED WITH REFUGEES

Advices reaching Vienna declare Patrik, crowded with Macedonian refugees, has finally been abandoned in flames and that other towns, including Maripole and Mareskostinovo, are under bombardment.

The capital of the neighboring countries are displaying the gravest concern over the outcome. A Cabinet meeting was called in Belgrade, the Yugoslav capital, and at its conclusion the situation was described as "most serious and complicated" because "a terrible conflagration," if the Greek advance continued. An Athens dispatch this morning said the Greek Government had ordered its forces to halt their advance and to make no further move against the Bulgarians unless there was a fresh attempt to attack them.

The Bulgarians are said to have evacuated the positions they held in Greek territory.

MOTORSHIP ATAGO MARU OF N.Y.K. LINE DOCKS HERE

With a full cargo of general freight in her holds for discharge at Seattle, the motorship Atago Maru, Captain Enya, of the N.Y.K. Line, docked at the Outer Wharves this morning at 10:30 o'clock from Yokohama. She left for Seattle at 12:30 o'clock. Seventy-five tons of freight were discharged here.

The Shidzuka Maru of the same line left Yokohama on October 15 and is expected here on November 1. She has 105 tons of general freight for Victoria, including one case of silk. There are four third-class passengers for Victoria and two first class and seven third class for Seattle.

Britain Forced To Scrap Third of Steel Plants

London, Oct. 23 (Canadian Press Cable).—If we do not scrap well-nigh one-third of our existing iron and steel plants in the near future, circumstances will force us to do so, declared H. J. Skelton, chairman of the management committee of the Iron and Steel Institute, "and probably this will occur before two years are past."

WINNIPEG GRAIN

Winnipeg, Oct. 23.—After experiencing a "sinking" spell in sympathy with lower United States markets, wheat prices came back strong near the close to-day. Trading was active throughout the session, and there was an excellent class of buying. At the close quotations were 1/4c to 3/4c higher, October closing at 127 3/4, November 126 1/2, May 122 1/2, and December 126 1/4.

Last Minute News on Stocks and Financial Affairs

New York, Oct. 23 (By R. P. Clark & Co.).—The resumption of an aggressive buying-power was responsible for a sharp-price recovery in various sections of the list. One of the most important features, however, was the heavy demand for Steel common which carried the stock close to the year's high figures.

Wheat market was one of the encouraging market influences, also the industrial section gathered its chief impetus from the remarks of Judge Gary who stated that we are on the eve of great prosperity.

New groups are being propelled in an upward direction by the increasing outside demand for stocks, and it appears as if this enthusiasm will still further assert itself, particularly in the groups that have been overlooked during the recent demonstrations of strength.

New York, Oct. 23 (By B.C. Bond Corporation's direct Wall Street edition).—The evening stock market edition of The Wall Street Journal says:

Judge Gary gave impetus to the forward movement on the stock exchange by declaring before the American Iron and Steel Institute that the nation was on the threshold of great prosperity.

CHICAGO GRAIN

Chicago, Oct. 23 (By R. P. Clark & Co.).—Wheat: Swung irregularly much of the session with the December strong near the last, and the late monthly following somewhat. Liquidation ran its course and scattered buying on weak spots gradually ran the market into short covering. The firming of cash premiums in southwest wheat business, north-west Export demand was little changed, the seaboard confirming a mediocre inquiry. Weather conditions in Argentina were said to be unfavorable.

The unloading of long lines the previous day was fairly well digested and technical conditions fair. Weather conditions northwest were still unfavorable, but marketings were large. North American clearances of wheat and flour for week aggregated 9,225,000 bushels compared with 12,784,000 bushels the previous week and 17,740,000 bushels last year.

Liverpool closed higher in face of distinct weakness in American markets the previous day. Wheat shows ability to react from pressure, and we believe the cereal should be bought on recessions.

Corn: Hit new low prices for session, but rallied on short covering in last hour. Commission houses were fair buyers on decline. The movement of corn from the country is showing some increase. Reports from the interior as to how rapidly farmers will market their new crop corn are mixed. Many districts infer they will not sell freely at this price. Believe corn is a purchase on recessions.

Oats: Finished lower. Trade light and price swings narrow. Strength in wheat caused some short covering. The movement of oats are falling off gradually and spot demand satisfactory.

Rye: Registered fair exports finally. Flavored wheat, Export demand fair.

Chicago, Oct. 23 (By R.C. Bond Corporation's direct pit-wire).—Wheat was uneasy early due to news in Liverpool. Houses with Eastern connections sold and caused a sharp decline. Trade paid little attention to Liverpool's strength. Still think that on any further advance May options may be sold again.

Corn sold off to a new crop low all-day, but rallied fairly well on short covering and buying on resting orders. Underdone easy.

Canadian Business Now Good, Mabee Says In Analysis Of Upward Trend of Bond Prices

By ROBERT S. MABEE Bond Expert of Victoria and Manager, Pemberton & Son Bond Department

There are those who hold that the prices of Government and municipal bonds are too high.

When the arguments in respect to this view are thoroughly reviewed there would seem to be only one thing which is worthy of serious analysis.

This argument is that Canadian chartered banks have been a very important factor in the advance of the market during the past five years, but the conditions which caused them to purchase bonds heavily are rapidly giving way to new conditions.

Business in Canada to-day is not stagnant. Business in Canada to-day is good. There has been a little more unemployment in Canada in 1925 than the average unemployment of the post-war period, but this is not a new phenomenon.

Guardians of Commerce

To promote saving—to foster industry and the development of natural resources—to guide and assist the progress of growing concerns, large and small—in short, to act as the mentors and guardians of the Nation's commerce and business—this is the function of a Bank.

The Imperial Bank of Canada was founded fifty years ago by men who had already played important parts in the development of Canada.

The tradition which they handed on, and which is strongly developed within the institution today, is that care must accompany development and sound growth is more desirable than great size.

MUNICIPAL VOTERS' LIST 1925-26

All non-property owners, whether male or female, who desire to qualify as voters at the next municipal election, must file the necessary declaration with the City Clerk, City Hall, not later than 5:00 o'clock p.m. on the 31st day of October, 1925.

For the convenience of those who cannot register during the daytime, the office of the City Clerk will be kept open in the evenings between the hours of seven and nine o'clock, until the close of the Voters' List.

E. W. BRADLEY, Clerk of Municipal Council. City Clerk's Office, Victoria, B.C., October 22, 1925.

FEWER LIQUOR CASES FOR COURT RULINGS

Washington, Oct. 23.—The Department of Justice has decided heretofore to withhold from the Supreme Court of the United States the prohibition cases which might make the court impatient of their consideration.

GRAND ACT SUIT SUDDENLY ENDED

Judicial Committee of British Privy Council Refuses Canada Leave to Appeal Ottawa, Oct. 23.—The Department of Justice declined to-day to make any comment on the refusal by the Judicial Committee of the Privy Council in London of the petition of the Canadian Government for leave to appeal in connection with the Canadian Grain Act, which, as amended in 1919, enacted that a certain amount of the revenue from the grain sold at elevators should be applied toward the cost of administering the act by the Board of Grain Commissioners.

STATE GASOLINE BUSINESS OPPOSED

Chicago, Oct. 23.—Practice of some Mid-West states of dealing in gasoline and selling it at lower than the "market" price was condemned last night by Andrew A. Bruce, professor of law in the Northwestern University.

THE TIME-WORN TOWN

By J. S. Fletcher

He was already familiar with most of the evidence; he knew what each witness was likely to tell before any other entered the box. Bunning came next after himself. Bunning had nothing new to tell. Nor was there anything new in the medical evidence given by Dr. Wellesley and Dr. Barber; all the towns knew and the purely scientific explanation as to the cause of death were merely details. More interest came when Hawthwaite produced the fragment of handkerchief picked up on the hearth of the mayor's parlor, half-burnt; and when he brought forward the rapier which had been discovered behind the bookcase; still more when a man who kept an old curiosity shop in a back street of the town—Waltingford only a few days before the murder. But interest died down again while the borough surveyor produced elaborate plans and diagrams, illustrating the various corridors, passages, entrances and exits of the Moot Hall, with a view of showing the difficult access to the mayor's parlor. It revived once more when the policeman who had been on duty at the office in the basement stepped into the box and was questioned as to the possibilities of entrance to the Moot Hall through the door near which his desk was posted. For on pressure by the coroner he admitted that between six and eight o'clock on the fatal evening he had twice been absent from the neighborhood of five or six minutes; it was therefore possible that the murderer had slipped in and slipped out without attracting attention.

"Why, now?"
"Because, sir, the door opening into St. Lawrence Lane is a very heavy one, and I never heard it either open or close. The latch is a heavy one, too, sir, and uncommonly stiff."
"Still, anybody might," observed the coroner. "Now, what is the length of the passage between that door (the door at the foot of the stairs leading to this court) by which anybody would have to come to get that way to the mayor's parlor?"
"The witness reflected for a moment. "Well, about ten yards, sir," he answered.
The coroner looked at the plan which the borough surveyor had placed before him and the jury a few minutes previously. Before he could say anything further, Hawthwaite rose from his seat and making his way to him exchanged a few whispered remarks with him. Presently the coroner nodded, as if in assent to some suggestion.
"Oh, very well," he said. "Then perhaps we'd better have her at once. Call—what's her name, did you say?"
"Yes, yes—Sarah Jane Spizey."
From amidst a heterogeneous collection of folk, men and women, congregated at the rear of the witness box, a woman came forward; one of the most extraordinary creatures that he had ever seen, thought Brent. She was nearly six feet in height; her arms appeared to be as brawny as a navvy's; her face was of the shape and roundness of a full moon; her mouth was a wide slit, her nose as hard as they were small and close set. A very grenadier of a woman!—and apparently quite unimpaired by the knowledge that every body was staring at her.
"Sarah Jane Spizey—yes, wife of the Town Bellman, Resident in St. Lawrence Lane. Went out charring sometimes; sometimes worked at Marriner's laundry. Odd-job woman, in fact."
"Mrs. Spizey," said the coroner, "I understand that on the evening of Mr. Wallingford's death you were engaged in some work in the Moot Hall?"
"Yes, sir. Which I was a-washing the floor of this very court."
"What time was that, Mrs. Spizey?"
"Which I was at it, your worshipful, from six o'clock to eight."
"Did you leave this place at all during that time?"
"Not once, sir; not for a minute."
"Now during the whole of that time, Mrs. Spizey, did you see anybody come up those stairs, across the court, and so towards the mayor's parlor?"

Old Chiffonier Hides Fortune in Securities

Akron, Ohio, Oct. 23.—Never buy second hand furniture without looking it over for possible hidden treasures. This is the advice to-day of Mrs. J. T. Rheinfeld of this city. She had \$3,000 right under her nose for nearly two months, and didn't know it. Last July Mrs. Rheinfeld purchased a second hand chiffonier. She placed it in her bedroom. It was in daily use. Then one day the man who delivered the chiffonier called on Mrs. Rheinfeld.
"I want to examine that chiffonier," she said.
"Why do you want to explain it?" Mrs. Rheinfeld asked. "I paid for it and it is mine."
"There is a treasure hidden in it," the man replied.
"That I cleaned out all the drawers and scrubbed them, and I found nothing," Mrs. Rheinfeld said.
The man persisted in his demands. She led him to the chiffonier.
"Without delay the man removed the backing from the mirror. A large envelope bearing the name 'Miss Jessie Vaughan' was disclosed. Inside the envelope were Liberty Bonds valued at \$3,000.
"Before Mrs. Rheinfeld recovered her faculty of speech, the man and the bonds had disappeared.

VERDICTS AGAINST FRANK FERNANDEZ

Vancouver, Oct. 23.—Frank Fernandez, found guilty by an Assize Court jury here Wednesday of conspiring to rob the Government liquor stores in Chilliwack and Abbotsford and grocery stores in South Vancouver and Point Grey, was convicted yesterday on another count when a jury found him guilty of being unlawfully in possession of stolen goods.
Another charge against him, one of breaking and entering, is still to be heard.

BRINGING UP FATHER

Chinese Logger Killed in Forest

Nanaimo, Oct. 23.—Leaping from a runaway logging train on a hillside at the Frank Bebban Logging Company's camp near Extension, six miles from here, Chong Mok, thirty-five years old, was killed yesterday afternoon and two other passengers sustained slight injuries.
The Chinaman jumped from the wildly-carousing train, on which there were fourteen other men, struck against a tree and sustained a fracture of the skull. The two injured were hurt when they also jumped from the cars, while several who leaped to the ground escaped unscathed.
Others who remained on the train arrived safely at the bottom of a hill, where it was brought to a stop.
Traffic Cop—Hey, you! Didn't you hear me yelling for you to stop?
Auto Friend—Oh! Was that you yelling? I thought that was just somebody I had run over.
