MEMORANDUM FOR: JAPANESE GOVERNMENT

**SUBJECT: Transfer of Proceeds of Imported Petroleum
Products to the Counterpart Fund**

2. With regard to the request contained in paragraph 3 of letter referred to in paragraph 1a above, the following instructions apply:

b. It is not considered necessary to issue to the Japanese Government a delivery order for each specific delivery of petroleum products. However, arrangements have been made for advance notice on individual imports of petroleum products to be furnished by the Sub-Area Petroleum Officer, Japan, Headquarters Eighth Army, or his representative at ports of discharge to the Japanese Government representative at the port of discharge. This advance notice will specify name of the vessel, expected time of arrival, type and quantity of products aboard, and port of discharge. Further, the Japanese Government representative at port of discharge will be advised of any charges in advance notices subsequent to their issuance. It must be clearly understood that this advance notice does not constitute authority for representatives of the Japanese Government to make any arrangements for discharge of cargoes with the ship's captain or chief mate. Such arrangements will be made with the appropriate United States Army representative at each port of discharge.
