DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

GHQ/SCAP Records (RG 331, National Archives and Records Service)

Description of contents

(1) Box no. 2873

(2) Folder title/number: (20)
No Title

(3) Date: June 1946 - Jan. 1951

(4) Subject:

Classification	Type of record
9450	C

(5) Item description and comment:
Ishikawa

(6) Reproduction: (Yes) No

(7) Film no. Sheet no.

(Compiled by *National Diet Library*)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Ishikawa Prefectural Gov't.

Jan. 7 1948

Subject: Diaster plan

To : Commanding Officer, Ishikawa M G Team

Thru : Liaison Section, Ishikawa Pref. Gov't.

Regarding the subject above dtd Dec. 31, 1947, we beg to submit to your Hqs. the report as per attached.

E. Nishimura

Nishimura Eimatsu
Welfare Section, Ishikawa
Prefectural Government.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

a. Hospital or building to be dwellt in.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

WELFACRE SECTION,
ISHIKAWA PREFECTURAL GOVERNMENT

31 July 1948

SUBJECT: Ishikawa Prefectural Disaster Plan for 1948

TO : Chief, Welfare Section, Ishikawa M G Team

Enclosed you will find a copy of the Ishikawa Prefectural Disaster Plan for 1948, the presentation of which was ordered on 13 May.

E. Nishimura
Eimatsu Nishimura
Chief of Welfare Section,
Ishikawa Prefectural Gov't.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 475013

1. Administration

(1) Organization

a. The office of Chairman of Ishikawa-ken Disaster Relief Counter-Measures Committee shall be held by the person who holds office of Governor of Ishikawa Prefecture, and he presides over the business of the Committee.

b. In case where Chairman is unable to take the office under unavoidable circumstances the committeeman who has been previously designated by Chairman takes Chairman's office in proxy for him.

c. Members of this Committee shall be appointed by Chairman from among those persons listed below, and each member shall be posted according to his professional standing to any of the following seven departments respectively:

(a) General Affairs and Welfare, (b) Public Safety and Fire-brigade, (c) Economics, (d) Public Health (e) Technics, (f) Transportations, and (g) Cooperations, and each member shall be made to draw up the disaster relief plan in his responsibility.

1) Chief of Governmental organization concerned whose jurisdiction is over this Prefecture and who is designated by Prime Minister.

2) Chief of Ishikawa Subdivision of Japan Red Cross Society.

3) Those persons who are of learning and experiences.

4) Those citizens who are concerned with the Governmental Organization as listed in 1) above.

5) Vice-Governor and Chief of each Department of Ishikawa Prefectural Government.

d. In case where Chairman deems it necessary to do so, Disaster Relief Actual Spot Counter-Measures Headquarters will be installed in the disaster-stricken place for thorough-going relief being effected.

e. There shall be the Business Office for this Committee, whose business it is to draw up concrete plans for relief under the Disaster Relief Law and to handle the business pertaining to this Committee.

(2) Contact and Report

3) Those persons who are of learning and experiences.

4) Those citizens who are concerned with the Governmental Organization as listed in 1) above.

5) Vice-Governor and Chief of each Department of Ishikawa Prefectural Government.

d. In case where Chairman deems it necessary to do so, Disaster Relief Actual Spot Counter-Measures Headquarters will be installed in the disaster-stricken place for thorough-going relief being effected.

e. There shall be the Business Office for this Committee, whose business it is to draw up concrete plans for relief under the Disaster Relief Law and to handle the business pertaining to this Committee.

(2) Contact and Report

a. The information and plan concerning the disaster and relief shall be reported whenever it has been obtained and drawn up, to the Occupation Force, Japanese Government, each member of this Committee and Ishikawa-ken Disaster Relief Corps.

b. In case where such a great disaster has occured as the sole strength of this Prefecture being regarded unable to effect the thoroughgoing relief, aid and assistance will be requested to the Central Disaster Relief Counter-Measures Committee and other prefectural governments.

In case where other prefecture or prefectures also have been attacked by the same disaster, this Prefecture will cooperate with it or them in relief work. In case where other prefecture has been stricken by a disaster, when ordered by Minister of Welfare or requested by the Prefecture to aid in relief, this Prefecture will send the disaster relief corps to the Prefecture to aid in relief work there.

c. The collection of disaster informations shall be effected through police-telephone services, wireless telegraphy for ordinary use and for emergency use, and the emergency operation of wire and wireless services under the sole jurisdiction of the Communication Bureau.

d. As to the activities for relief of disaster, the informations reaching each Department will be put together, arranged and recorded chronologically.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDC No. 475013

e. Not only the activities performed when a disaster has occurred but also the relief training performed in the ordinary times shall be evaluated in details by the authorities of each Department concerned for the improvements of the future relief plans.

f. In case where any defect be found in the established disaster relief plan in the course of any relief activity being performed, it will be corrected as soon as possible.

(3) Supplies:

a. When supplies are requested by the disaster-stricken places or each relief agency, the adequacy of each request is investigated to avoid supplies in duplicate or at random, or omission of supplies, etc.

b. In transportation of goods, the first priority is given to such goods as for relief and aid to the disaster-stricken places and as requiring the expeditious transportation, and when the situation requires, the transportation of such goods is effected at free or at fuse or at reduced fee, under the provisions of Paragraph 4, Article 10, Transportation Ministry Ordinance concerning Freight Transportation Procedures.

The provisions of the previous paragraph shall apply with necessary modifications to the transportation of the disaster-suffered people and of materials for prevention of disasters.

2. Phases of disaster relief activities:

(1) Preparation phase:

(a) Ever-going studies and researches on the phenomena pertaining to disasters are made by each Department of the Headquarters for the thoroughgoing relief measures being taken, should any disaster arise.

(b) The disaster relief plan will be drawn up at the beginning of every year.

(c) The guidance will be given to the activities and training of Ishikawa-ken Disaster Relief Corps from time to time for the proper development of the Corps.

(d) The Telephone Exhange Office is equipped with the fire-alarm and theft-alarm telephone services, so that direct contact can be taken to the Fire-brigade Office at the outbreak of a fire, and to any police station at

The provisions of the previous paragraph shall apply with necessary modifications to the transportation of the disaster-suffered people and of materials for prevention of disasters.

2. Phases of disaster relief activities:

(1) Preparation phase:

(a) Ever-going studies and researches on the phenomena pertaining to disasters are made by each Department of the Headquarters for the thoroughgoing relief measures being taken, should any disaster arise.

(b) The disaster relief plan will be drawn up at the beginning of every year.

(c) The guidance will be given to the activities and training of Ishikawa-ken Disaster Relief Corps from time to time for the proper development of the Corps.

(d) The Telephone Exhange Office is equipped with the fire-alarm and theft-alarm telephone services, so that direct contact can be taken to the Fire-brigade Office at the outbreak of a fire, and to any police station at the time of a theft being committed.

(2) Warning phase:

(a) Meteorological observatories will report promptly on typhoons and other natural disasters approaching, to Prefectural Government and other organizations concerned, and will display the established signs on the signal-tower, and taking close contact with other observatories and observing the changes following, will report promptly on the result of the observation from time to time to Prefectural Government and other organizations concerned.

Weekly weather forecast and weather-charts also will be regularly submitted to Governor of Ishikawa Prefecture.

(b) When Prefectural Government has received any information of a disaster being likely to occur, from meteorological observatories and other lines, the information will be promptly sent to Mayor of City, Town and Village concerned and the responsible person of each Department of the Headquarters, and a warning will be given to the general public through radio and newspapers.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(c) Detached Offices of Prefectural Public Works Department as placed in three cities and eight "gun" (counties) are in charge of maintenance of roads, bridges, rivers, ports, etc. in each respective sphere, under the guidance and superintendence of Chief of Prefectural Public Works Department, making investigations over such districts as likely to be attacked by a disaster and every necessary investigation pertaining to public works, and give the direct guidance concerning the public works to cities, towns and villages in its sphere.

In the organization of Ishikawa-ken Disaster Relief Corps, the office of Chief of Technical Department of the said Corps is taken by Chief of Prefectural Public Works Department, and each Detached Office of Prefectural Public Works Department is in charge of technical works of each respective detached corps. Therefore, it is the manifest duty held by each of the above-mentioned parties to make usual investigations and superintendence as mentioned above, and to warn about the locality which is likely to be exposed to a disaster in case of its occurrence, and to take preventive measures against it.

Close contact will be taken with police stations concerned in the above-mentioned matters.

(3) Emergency and rehabilitation phases

(a) Concerning general affairs and welfare. (under charge of General affairs and Welfare Department)

(1) Committee-member in charge of general affairs and welfare will place two secretaries under his jurisdiction in the Business Office as full-time contact members, in order to keep close contact with each of other Committee-members, for the thoroughgoing contacts both prior to, and at the actual time of, the occurrence of any emergency.

(2) He will be in charge of the business concerning the preparing and delivering of the public order forms requisite for custody and expropriation of materials necessary for relief and for administration of accommodation facilities, and of work order forms to be delivered to the laborers who are to be put to relief works.

(3) He will be in charge of the business concerning the estimating of expenditures for disaster relief, accumulation of disaster relief funds, custody and expropriation of materials, compensation of actual expenses for the labor as under the written work order, and payment of the living assistance grant for those who have been injured, taken ill, or died in the pursuit of the relief work.

(4) He will be in charge of the business concerning payment of expendi-

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(a) Concerning general affairs and welfare. (under charge of General affairs and Welfare Department)

(1) Committee-member in charge of general affairs and welfare will place two secretaries under his jurisdiction in the Business Office as full-time contact members, in order to keep close contact with each of other Committee-members, for the thoroughgoing contacts both prior to, and at the actual time of, the occurrence of any emergency.

(2) He will be in charge of the business concerning the preparing and delivering of the public order forms requisite for custody and expropriation of materials necessary for relief and for administration of accommodation facilities, and of work order forms to be delivered to the laborers who are to be put to relief works.

(3) He will be in charge of the business concerning the estimating of expenditures for disaster relief, accumulation of disaster relief funds, custody and expropriation of materials, compensation of actual expenses for the labor as under the written work order, and payment of the living assistance grant for those who have been injured, taken ill, or died in the pursuit of the relief work.

(4) He will be in charge of the business concerning payment of expenditures for funerals of those who died in the calamity.

(5) He will carry out the following relief works, with the cooperation by the Committee member in charge of Economics Department.

(a) Supplying of boiled rice and other food-stuffs.

(b) Supplying or lending of clothings, beddings and other daily necessaries.

(c) Supplying of students' school things.

(d) Supplying of fuels.

(6) In order to accommodate the disaster-sufferers to the fullest extent, each hospital, school-house, and temple throughout this prefecture shall be opened as disaster-sufferers accommodation facilities in the time of an emergency disaster.

(7) He will be in charge of the business concerning supplying or lending of the fund, implements or materials necessary for the disaster-sufferers to keep their livings and occupations.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(8) He will be in charge of the business concerning payment of expenses for medical treatment, and for mid-wife service in the child-birth, of the disaster-sufferers.

(9) As the financial measures for the sufferers in the time of an emergency disaster, temporary post offices will be opened throught prefecture, where simple handling and emergency payment of postal savings will be effected.

(10) Relief under the Daily Living Assistance Law is given to any one who has been thrown out of living in an emergency disaster.

(11) Telephone and telegraphy services are under the jurisdiction of Communication Ministry, and in case an emergency disaster should happen, emergency telephone and telegraphy services shall be operated.

(12) In case any damage should be done to telephone and telegraphy service facilities, technical corps under the jurisdiction of Communication Ministry shall be dispatched promptly for rehabilitation thereof. However when requested by the authorities of Communication Ministry to do so, the necessary labor will be supplied to them from the sphere under the jurisdiction of this Committee.

(13) With regard to the supply of telephone and telegraphy service facilities and materials for rehabilitation thereof, when requested by the authorities of Communication Ministry to do so, they will be supplied from the sphere under the jurisdiction of this Committee, as with the case in the supply of labor.

(14) The rehabilitation of the damages done to the postal service facilities shall be carried out by Communication Ministry. However, when requested by the authorities of Communication Ministry, the requisite labor and materials will be supplied from the sphere under the jurisdiction of this Committee.

(15) The committee-member in charge of General Affairs and Welfare shall report on the whole process to the Disaster Relief Counter-Measures Headquarters.

(16) He shall be in charge of such businesses as not coming under the responsibility of the other Committee-members.

Those who are related with the Fire-brigade for the maintenance of the public peace shall report to the Ishikawa-ken counter plot Headquarter of reconstruction for the disaster every time about the outbreak and process of the disaster.

Economic Relation (Economical Committee)

1. It is difficult at ordinary times to be well stocked with clothing to meet any emergency under the present conditions of demand and supply.

But at the time of any emergency, we are going to secure the necessary quantity by the following means.

(1) We replenish with holdings which belong to the Ishikawa-ken Union of Clothing retailers' Guild and with those of the members of the same union.

For this purpose, the Ishikawa-ken Union of Clothing retailers'association shall make in reports about the accurate amount of their stocks in ordinary times.

(2) According to the statement in the 5th Article No.1 of the Distribution Law. The producers, the wholesale dealers and retailers of bedding and Clothing shall hand over their stocks to the organizations authorized by the Prefectural Governor.

(3) The Ishikawa-ken Clothing retailers' Union shall take charge of distribution of clothing in case of emergency, and herewith they shall make up an emergency plan of distribution, and always considering to keep in touch with the Prefectural authorities, they shall be expected to take good care of leaving nothing to be desired in the course of accurate acquisition and distribution of bedding and clothing, in case of emergency.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. We make them arrange the following articles as indispensable commodities to be used at the outbreak of disaster.

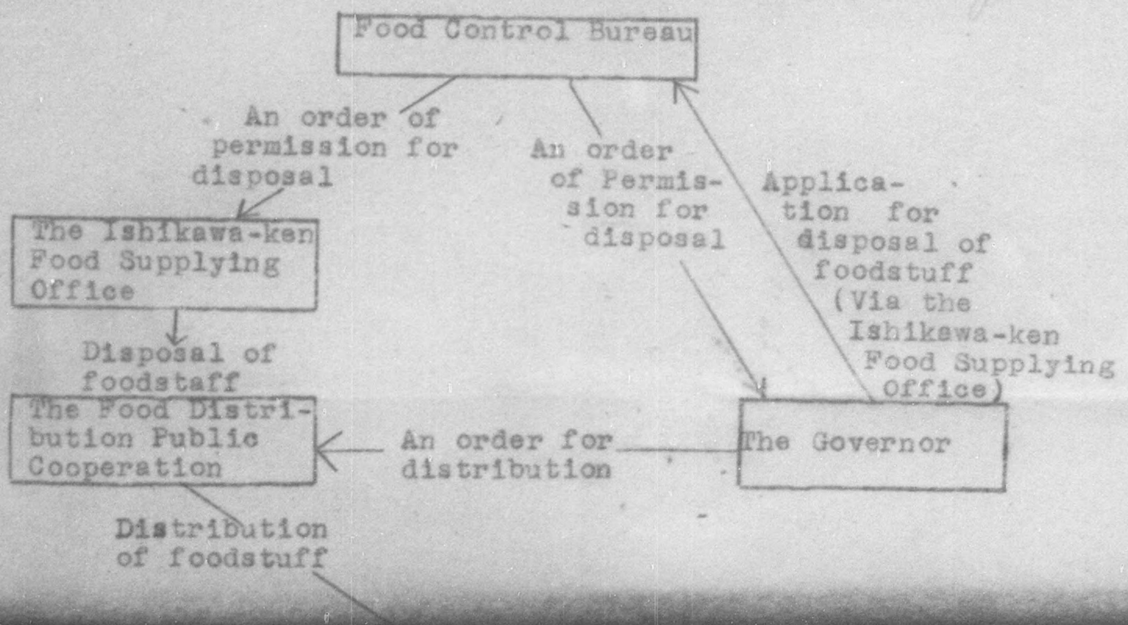
As to the reserving amount and quantity as well as places of safe keeping, they are ordered to decide them, according to the conditions of demand and supply, always acting in concert with the Prefectural Authorities after consultation.

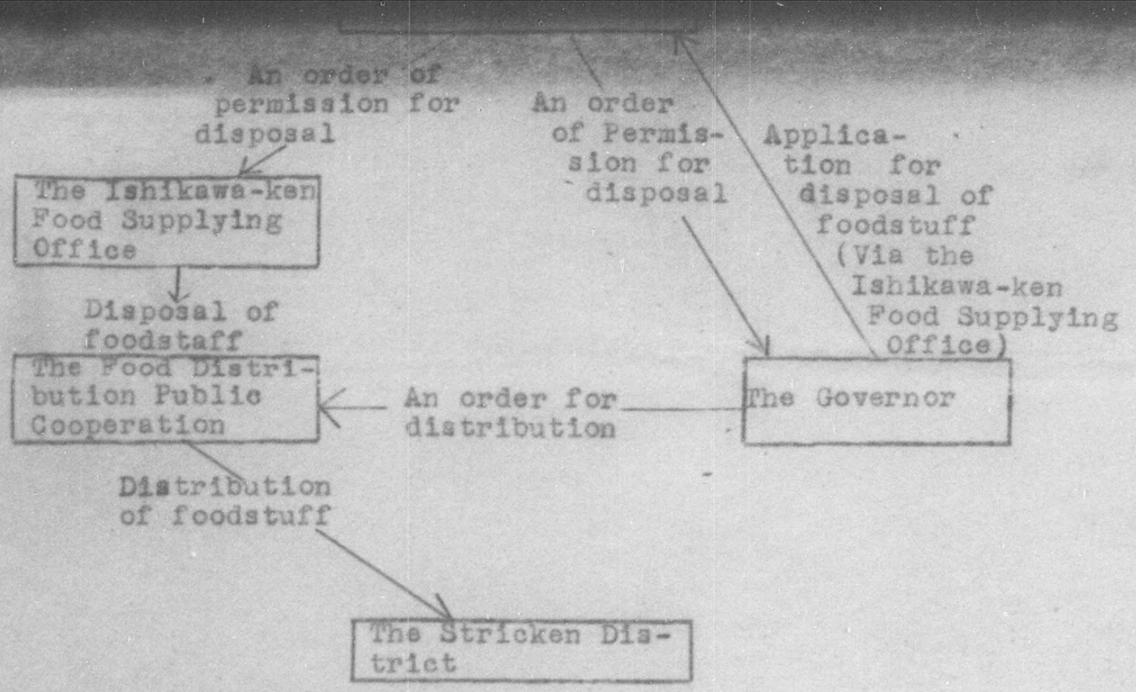
As to matches..... Ishikawa-ken Match Distribution Joint Stock Company.

As to candles..... Ishikawa-ken Household Harberdashery Union.

3. As to the urgent acquisition of food at the time of emergency, it may seem very difficult to accumulate and in make arrangement for emergency, considering various circumstances at present. But at this crises, they must manage this business immediately, in order to meet the want.

However, as an emergency measure, the relief rice must be distributed. And the mode of procedure of its distribution is as follows.





4. As soon as the Governor receives the rice for disposal he shall immediately communicate with the Public Organization and make them distribute in proper way at the right times. Therefore the Public Organization must make the urgent plans for distribution in case of emergency beforehand, and always keep in contact with the Prefectural Government.

5. As for the supply of boiled rice, so calles "Takidashi" for the sufferers, it must be done no sooner than fuel or charcoal acquired.

Those Public Food Supplying Organizations shall distribute the boiled rice as quickly and properly as possible, in concert with the prefectural officials in charge.

6. Emergency materials for reconstruction of buildings as well as emergency fuel for cooking shall be acquired as are shown in the following table.

The dealers of those materials and fuel are shown in the other table.

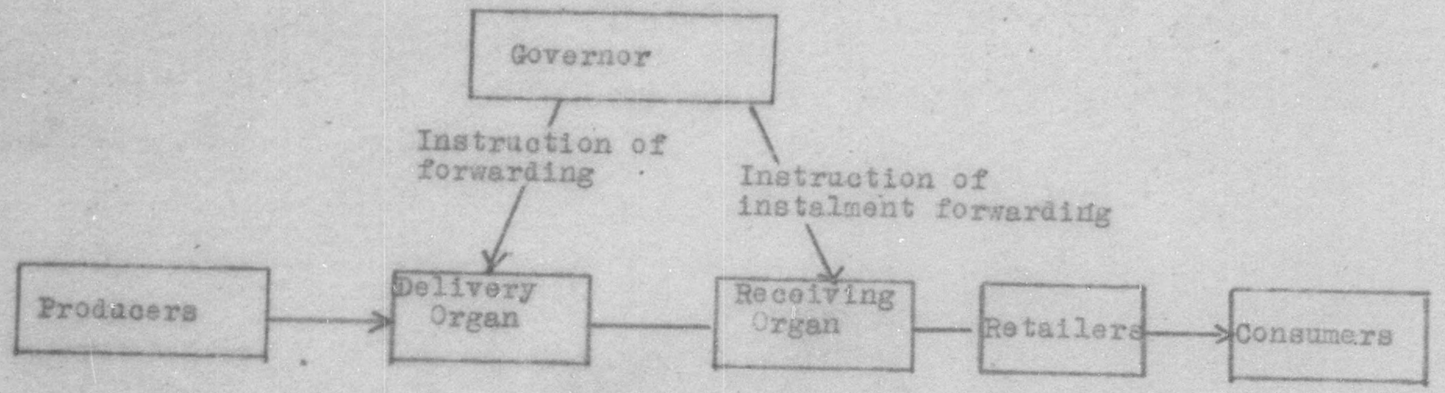
(7) Fresh fish and Shell fish as well as Manufactured Aquatic Products go from the producers to the consumers by the rule which is shown in the following way.



Under the made of ruling by this organization.

There is none in stock, but as to fresh fish and shell fish, we can always keep them in stock at the rate of about 10% of products as frozen fish through the organ of farwarding. But through the organ of freight receiving, we can appropriate all the quantity of receipts, by way of instalment forwarding. As to the preservation of manufactured aquatic products, we must have recognition of the Minister of Agriculture and Forestry, but we are allowed to appropriate for storage about 5% of products at any time. Regarding to the organ of freight receiving, we can manage by the made of instalment forwarding, as in the case of fresh fish.

At the time of disaster, timber is urgently needed.
The Relief Corps, the detachment and the squad must report the necessary amount of timber and other matters, and shall acquire them in concert with the timber dealers and men of sawing industry in their districts.

If it is impossible to gather the necessary amount in their districts, they shall apply to the association of Forestry.
The Association of Forestry shall acquire the necessary amount of them from the cooperations under their charge in their districts, and after consultation with

the organ of farwarding. But through the organ of freight receiving, we can appropriate all the quantity of receipts, by way of instalment forwarding. As to the preservation of manufactured aquatic products, we must have recognition of the Minister of Agriculture and Forestry, but we are allowed to appropriate for storage about 5% of products at any time. Regarding to the organ of freight receiving, we can manage by the made of instalment forwarding, as in the case of fresh fish.

At the time of disaster, timber is urgently needed.
The Relief Corps, the detachment and the squad must report the necessary amount of timber and other matters, and shall acquire them in concert with the timber dealers and men of sawing industry in their districts.

If it is impossible to gather the necessary amount in their districts, they shall apply to the association of Forestry.
The Association of Forestry shall acquire the necessary amount of them from the cooperations under their charge in their districts, and after consultation with the Prefectural Relief Corps they are to send the necessaries to the Relief Corps in the districts.

Owing to the traffic stoppage, if it is impossible to correspond with the relief Corps, the Association of Forestry shall take an emergency measure, in concert with the cooperations under their charge in their districts.

The association of Forestry are ordered to inspect always the accumlation of timber beforehand.

(9) When the Japanese Government, the Military Goverument of Occupation Army and S.C.A.P. demend the following Supplimentary commercial supply, they are ready to make general arrangement.

1. They are always keeping in stock the materials to be distributed legally and are ready to supply immediately in case of emergency.

2. As to the timber and other materials, they are ready in the same way as the above.

3. The Ishikawa Road Traffic Inspection Office shall make provision of gasolin and oil.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

4. As to the materials for Fishery, in order to meet the demand at the time of emergency, they always have in stock a certain settled amount of them which is all under the charge of the minister of agriculture and Forestry. And so, in case of the outbreak of a disaster they shall take steps to apply to the Department of Agriculture and Forestry for the materials of the kind to be distributed for restoration.

(5) Farming materials (Farming tools, chemicals and rubber goods for farming)

A. In accordance with the provisions of article 10 of the Farming materials & tools distribution regulation, it shall be unnecessary to issue the official documents with regard to the distribution of farming materials and tools in such cases as (1) the P.D. for the above mentioned materials and tools is issued by SCAP (2) Minister of Agricultural Forestry (Governor of To,Do,Fu, Ken when farming tools is concerned) gives permission in case of any natural calamity).

B. According to the demand & supply adjustment purport based on this regulation, governors of To, Do, Fu and Ken are requested alway to reserve 10 per cent of these alloted commodities for the purpose of providing against future natural disaster.

C. Illustration of distribution channel.
