TERMS on Florists' stock: To customers of approved credit, 60 Days, except on certain Cash items. Special 3 per cent. discount for cash in Ten days (from these list prices only) not from the "Special" quotations and excepting Net Cash Items.

New Accounts: New customers, if not already well-known, will please send cash with first order if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For reference please name wholesale seedsmen or other well-known business men with whom you have had dealings—such information will be held in confidence.

Our Responsibility; While we always aim to have the best SEEDS, BULBS AND PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the price given, or will we be responsible for the crop. We assume our customers to be acquainted with

these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express; we cannot assume any responsibility whatever for safe arrival when ordered by freight. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all the aid we can.

We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order. PERISHABLE stock, plants, etc., are Positively NOT SENT C. O. D.

LOW EXPRESS RATES ON PLANTS.

We ship plants by all express lines to any part of the country Under the ruling of the leading express companies plants packed closed boxes or baskets are now being carried at the "GENERAL SPECIAL" rate, which means a reduction of 20 per cent. from the regular merchandise rate. Boxes weighing less than 100 pounds are charged at pound rates, but the minimum charge is 45c. For example, if the general rate is \$5.00 per 100 lbs., a box containing 25 lbs. will cost \$1.00, which is a saving of 25c.

JAPAN LILIUM LONGIFLORUM

REGULAR TYPE.

LILIUM LONGIFLORUM. JAPAN GROWN.

Our Japan growers are instructed to avoid early digging and give us only ripened bulbs such as should with reasonable care give good results when forced under glass. While we cannot make any guarantee as to the result of forcing Lily Bulbs our Japanese growers understand this stock as well as any exporters from that country.

LILIUM HARRISII.

L. LONGIFLORUM MULTIFLORUM (Early.)

The true variety under this name will produce more flowers per bulb than other types but it is difficult to secure true stock of this unmixd with other grades. Our Japan growers promise that our stock shall contain 80 per cent true type.

PRICES: 6 to 8 inch.....Per 100, \$3 00 Per 1000, \$27 00

L. LONGIFLORUM GIGANTEUM (Dark Stem.)

While ordinarily considered later than the other three varieties of Longiflorum, it has proven with our customers as early as any and when shipped and planted fairly late has formed fine plants even in growth and fairly early in season. The type is free flowering and true. The dark stems readily prevent mixture in the growing crop.

LILIUM HARRISII

Indispensable for Early Forcing.

We must repeat our former remarks that the stocks we are offering have all been grown from the smallest bulblets in fields owned and controlled by one firm, stocks have been carefully rogued and diseased and untrue bulbs weeded out. It is only fair that we ask buyers to consider these facts in comparing our stock with commission bulbs picked up promiscuously on the Island and grown with as little care as a crop of Potatoes or Onion Sets.

LILIUM LONGIFLORUM DOEII.

We offer a limited quantity of this healthiest type of lilies grown on the Island of Bermuda. While the plants resemble the best types of Longiflorum they produce more flowers than that kind, in fact, nearly as many as Harrisii and they are more healthy.

VAUGHAN'S PROLIFIC CALLA.

This new variety produces 1/2 more flowers than the ordinary Calla, and while the flowers are equally as large they are a little more round and decidedly pure white. The improvement in color is plainly marked as they grow side by side in the field or greenhouse.

Price, bulbs 1 1/4 to 1 1/2 inch diameter, doz. \$3.50; per 100 \$25.00.

CALLA BULB.

LILIUM CANDIDUM "Thick Petaled."

This has been very satisfactory and profitably forced by several customers this past season. It comes free from disease, even and pays. We furnish cultural directions for forcing.

It is known to most growers of this Lily that there are two strains. The flowers of each show in substance a marked difference. The better one shows a wider flower, with petals much more firm and greater substance. We import at a much larger cost the true "THICK PETALED" bulbs and they have given our customers excellent satisfaction. We offer it as the best and most substantial type of Liliium Candidum.

FRENCH ROMAN HYACINTHS.

Buyers should remember that while these prices seem high compared with the last two years, those former rates were below the cost of production. The present prices asked by the French growers we believe to be reasonable and our opinion at this writing is that there will not be enough Romans of medium and large sizes to supply the demand this fall.

SINGLE TULIP.

VAUGHAN'S "NEW PINK"

For Easter Forcing
(not for early use.)

This Tulip is unsurpassed by any other variety of its color. As a cut-flower or as pot plant for Easter sales there is no single tulip that can compare with it.

Per 100, \$1.25; Per 1000, \$11.00; per 5000, \$52.50.

VAUGHAN'S LA REINE

"PICKED BULBS,"

For the past six years we have made a specialty of supplying a superior grade of La-Reine Tulips and which are picked by our Dutch growers very carefully for our Florists' Trade each season.

Per 100, \$1.00, per 1000, \$8.50; per 5000, \$40.00.

SINGLE TULIPS.

All our single early tulips of varieties suitable for Forcing under glass are picked bulbs strictly first size. No others are sure to produce an even crop of fine flowers all blooming at the same time and height. The prices for these selected bulbs cannot be compared with ordinary stocks of these kinds suitable only for bedding out doors.

The number preceding the name of variety denotes the height in inches, those marked "A" are the earliest and flower together. Those marked "B" flower together but somewhat later.

Independence, Mo., May 26th, 1902
I must say that your Tulips and Hyacinths of last year were all I could expect and average good.
Also Daffodils and Paper White's turned out well.
Yours truly, ALFRED BROMAN.

SAMPLE BUNCH OF VAUGHAN'S "LONDON MARKET" VALLEY PIPS.

LILY OF THE VALLEY.

We offer the three highest grades of Lily of the Valley Pips which the Berlin and Hamburg district produce. Our "London Market" brand is the same select pip as is forced for Christmas sales by the London Growers. It is the finest selection made, producing often 12 to 15 bells and well worth the price asked for it. That "Cheap Valley" is always dear has been proven by every experienced grower. For medium and late forcing our "Premium" brand will satisfy every one. We shall deliver this stock as early as the same can be secured from the growers after maturity. Pips will be of the best quality which the season affords, carefully grown, as well as ripened and of full size. Such as with proper handling ought to give most satisfactory results. We pay our growers more than the market price to be sure of picked stock.

VAUGHAN'S LONDON MARKET BRAND.

FOR CHRISTMAS FORCING.

We introduced this select Christmas forcing pip to our Florist customers some years ago, and it has given excellent satisfaction. The pips are large and plump with long fibrous roots and if given proper treatment can easily be had in flower by Christmas. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited

Lady Bountiful (Dorner & Son.)

Color, pure glistening white. Size, full 3 x 3½ inches. Form perfect, ideal for a high-grade commercial carnation. Stem, 25 inches and over, stiff and wiry. Fragrance, spicy clove. Substance, of the very best, a very strong feature is its excellent keeping and shipping qualities. Habit, ideal, strong, clean, healthy, upright growth. Early, free and continuous flowering, and also an early and easy propagator.

The Belle (Dorner & Sons.)

A companion to Lady Bountiful, with equally strong points to bring it into popular favor with the grower. We have long been looking for a white carnation possessing all the good qualities of Flora Hill but entirely eliminating its weak points. We offer it to you in The Belle, a strong, clean, healthy growth; a long, stiff stem, a large flower of best form and a non-bursting calyx.

VASE OF ALBATROSS

Indianapolis (Baur & Smith.)

Indianapolis is the result of a cross between Armazindy and Mrs. F. Joost. The color is a very bright shade of clear pink without a trace of either blue or salmon, and the color holds its brightness until the bloom goes to sleep, something no other pink variety will do. In size it ranks with the largest, 3 to 3¾ inches. The form is round and high built, forming a half sphere. The calyx is perfect. The stem is long and strong, holding the large bloom up gracefully.

A Seedling from the two well known varieties, Lawson and Crane. Form is always perfect. Produces strong stems from 20 to 30 inches in length, according to the season. It is a more robust and quicker grower than even the Lawson, and freer bloomer. Color the same as Crane, and average size of bloom three to three and one-half inches, very full and slightly fringed.

Reliance [C. C. Co.]

Pure White, the largest and finest white Carnation that has ever been offered. The form and size of bloom are its best points and as a free bloomer it is hard to beat. Habit of growth is similar to Lawson, though grass is finer and stems more wiry. Size of flowers three and one-half inches though it looks much larger on account of its ideal form and fullness; petals serrated.

Nelson Fisher [Fisher.]

Large flowers of cerise pink. Claimed to be an improved Lawson, which it closely resembles.

Mrs. M. A. Patten Fisher.)

A splendid new variegated variety; white with distinct red stripes. It is said to be an improvement over Mrs. G. M. Bradt both in form and color, and in habit of growth.

Strong rooted cuttings for January delivery of both varieties.

"Vaughan's Best" Mixture of Verbenas.

This mixture contains all that is choice and desirable in Verbenas. It includes the Mammoth Flowered strains of three celebrated Verbena specialists, the beautiful and dazzling Defiance; the Snow-Whites, Purple, Striped and all the Auricula Flowered varieties with their large umbels of white-eyed flowers, the New Giant Striped and the Fordhook Mammoth Verbenas. We feel perfectly safe in stating that this mixture of Verbenas will eclipse every other strain offered by any other house. Oz., \$2 00; ¼ oz., 50c.; trade pkt., 25c.

VAUGHAN'S PANSIES.

MASTERPIECE—NEW GIANT CURLED.

This strain comes nearer to "Double Pansies" than anything ever introduced under that name. In reality the number of petals is the same as that in other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. Trade Pkt., 50c.; 1/2 oz., \$1.00.

PSYCHE. Not one of the many Pansy varieties has such a winning appearance as Psyche. The plant is perfect in habit and very floriferous. Each flower is elegantly curled and undulated and in every respect a beauty in form and color. The characteristic five velvety violet blotches or eyes are surrounded by a broad white edge. Comes true from seed. Trade Pkt., 50c.; 1-16 oz., \$1.50.

BRIDESMAID. The flowers of this new interesting variety are very large and of fine form. Its ground color is a Rosy White, rivaling in delicacy and beauty with the finest Apple-blossom, and most strikingly setting off the dark blotches of the centre. Trade Pkt., 25c.; 1/2 oz., 50c.

RUBY. This new variety embraces the richest shades of red colors from scarlet, scarlet-orange, wine-red to rose. Originating from the Giant Cassier class it possesses the same regular dwarf habit of the plants and the large size and fine form of the flowers. Trade Pkt. (250 seeds) 25c.

GIANT PRETIOSA. The flowers of this novelty are similar to those of the Masterpiece Pansy, each petal is marked with a very large blotch of deep violet color, these blotches are surrounded by a brilliant crimson rose background and the ground color is margined with a pure white edge. A very effective and bright variety and we are sure that this novelty will please our customers. Trade Pkt. (250 seeds), 30c.

NEW ORCHID--FLOWERED PANSIES. A most interesting type of Pansies of the Giant Flowered Class, containing a mixture of the most surprising novel, unique and beautiful color combinations, entirely new among Pansies. The ground color of nearly all the flowers is in light shades, the petals are marked with large brown or golden yellow blotches which diffuse into rays and veins toward the edge. The upper petals are upright and sort of plaited, which gives the flowers their resemblance to orchids. The colors range in the terra cotta shadings as well as in the flesh, orange, rose, pink and lilac. Trade Pkt. (250 seeds), 25c.

VAUGHAN'S "ELITE" MIXTURE OF PANSIES. This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors, nor any other of the well-known kinds. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures and such new and novel kinds as listed above. It is a mixture that will please everybody who knows and likes Pansies and can appreciate quality in color, shape, size and substance, in fact everything that makes a perfect Pansy. Trade Pkt., 50c.; 1/2 oz., \$1.50.

VAUGHAN'S INTERNATIONAL PANSIES

—THE WORLD'S BEST. This is a combination of as many separate colors, types, blendings and unique kinds as can be found in the world. It has been made up and sold by us for fourteen years; it is the best general mixture in existence and is most widely known and popular. It is used by most florists. It received the highest award at the Columbian Exposition and was awarded the gold medal at Omaha in 1898, and a medal at the Buffalo Exposition in 1901. It contains the cream of the Pansies listed on this page and besides 8 different strains, the crack selections of noted Pansy specialists, which we purchase every year especially for this mixture and which cannot be had in any other way. We beat the world on Pansies.

IMMORTELE CHRISTMAS WREATHS.

VAUGHAN'S DEEPWOODS

INDIAN PICKED

BOUQUET GREEN (LYCOPODIUM.)

CRATE OF BOUQUET GREEN.

Also called Ground Pine, Club Moss, etc.

Bouquet Green is gathered by two classes of pickers, the families of white settlers and by the Chippewa and Menominee Indians. The former class gather nearer home on higher and more open ground and the Lycopodium is lighter in color and often of short, stubby growth and carelessly put up and handled. The Indians live and pick in the deep unsettled woods and gather only the dark green, long, feathery sprays, put up in clean bunches and kept from drying out. Our contracts are made mostly in localities near Indian camps on Evergreen Creek, Little Rib River, Red River and Black River and the stock is carefully inspected by experienced buyers when it is brought in, and by ourselves when crating and shipping.

WRITE OR WIRE US for prices whenever you are ready to buy. Prices are quoted by mail for prompt acceptance, and customers are especially desired to ask us for new prices just when ready to buy, as values on this fluctuate greatly and almost daily. We keep in close touch with the market and supply at right prices.

VAUGHAN'S CHRISTMAS BELLS.

CHRISTMAS BELLS.

We have secured a supply of what we consider to be the best Xmas Bell on the market. They are made of ground Luffa pressed to shape, dyed scarlet outside, green inside and are light, strong and inexpensive. The small sizes are specially useful for home decoration or placing in center of Holly Wreaths, while the large sizes can be used for church or store decoration. We believe these bells will find a ready sale and would advise every Florist to carry a stock of all sizes. They are beautiful and should sell easily at double the price they cost.
