

Bank information form for individuals receiving grants

Congratulations on your approved grant submission!

Please complete this form, which we will use to send you funds for this grant and future grants, and return it to the grants administrator. It is very important that you complete this entire form, and that you check with your banking institution to be sure that this information is complete and accurate, and also that you may receive a wire transfer from the US. Within the US, we may also send grant funds by check, but you will still need to provide your bank account information below and meet the requirements listed here.

Individuals receiving grants (except Travel and Participation grantees) are encouraged to establish a separate project-specific account used only for your project whenever that option is available. In some cases we may also consider sending funds to an individual's personal account, but we cannot send funds to an account in the name of a for-profit business. You should receive and store the funds in the same account unless you have received permission from WMF to do otherwise.

If you have questions about using this form, please visit http://meta.wikimedia.org/wiki/Grants:Bank_information_form.
