20 PER CENT DISCOUNT FROM ENCLOSED PRICES.

WHY IS THIS? Simply we give you the commission that goes to agents; we do business direct with each other and you save 20 cents on every dollar and we make just the same, in fact more than we do selling through agents, as they sometimes make bad bills; this is obviated by your sending us the money with the order, so if you think as we do, that this is a good plan to deal direct with us, and save the 20 per cent. we allow you from the bill. Recollect that our list prices are not made that much higher to cover this 20 per cent. discount but will compare favorably with any, being much lower than some. DO YOU APPRECIATE THIS? If so order your trees from us.

ADVICE AND TERMS

Orders from unknown parties must be accompanied with the cash or cash before shipment, or satisfactory references.

Remit by Money Order on Bridgeton, N. J., registered letter, draft or express. Address all letters WEST JERSEY NURSERY CO.

Payments *invariably in advance*—Goods sent C. O. D. only when one-fourth the amount is sent with the order, with charges for returning money added to bill.

GUARANTEE—We warrant our stock true to name, and it is mutually agreed between us and the purchaser that should any not prove so, we will refund the money paid or replace it with other stock, but are not liable for damages other than herein named.

Packing is executed with the utmost care. Special pains are taken to pack *lightly*, thereby reducing the expenses of transportation to a minimum. All goods are packed free. Everything is carefully and distinctly labeled.

VARIETIES—It is our custom, should the supply of a variety be exhausted (which will occasionally occur in all nurseries) to substitute in its stead a sort of the same season in ripening and similar in other respects or to give the value of another grade of the variety named. When it is desired that we shall not do this it must be so stated in the order. To simply affix the words "no substitution" is all that is necessary.

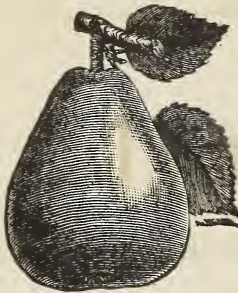

ORDERS—No change or countermand of an order can be considered as final without our written consent. Small favors thankfully received always, but we cannot undertake to fill an order of less amount than one dollar, as the cost of recording and filling the same would exceed the amount received.

TEAS' WEEPING MULBERRY.

The cut is an exact copy from a photograph of a tree budded about six feet high. The top as shown is the second season's growth entirely, natural form, without any cutting or trimming. This is the most beautiful Hardy Weeping Tree in cultivation, as well as the most delicate and graceful in foliage and habit. "Purely Russian, it possesses wonderful vigor and hardiness, enduring without injury great extremes of cold and heat, wet and drouth. It is most successfully transplanted, and will please everyone."

\$3.00 each. \$5.00 per pair.
