# Four Members and Fifteen Senators at Dublin Opening

### No Sinn Feiners at First Session of Parliament of Southern Ireland To-day; Ulster Cabinet Accepts Plan For a Conference.

Dublin, June 28.—The Southern Irish Parliament, established by the Home Rule Act, was opened here this afternoon. Comparatively few members were present, however, and the conference lasted only fifteen minutes.

Four imperialistic members of the Parliament from Trinity College and fifteen members of the Senate attended. The Lower House is comprised almost entirely of members of the Sinn Fein who ignored the summons to the opening of the Parliament. Lord Justice Maloney was present, but there was little public interest in the meeting.

Belfast, June 28.—Sir James Craig, the Ulster Premier, announced that the Ulster Cabinet had accepted the invitation of Premier Lloyd George for the proposed conference between representatives of Northern and Southern Ireland and the British Cabinet.

Sir James Craig will be accompanied by all the Ministers of the Ulster Cabinet with the exception of Home Secretary Sir Dawson Bates. Eamonn de Valera, the "republican" leader, is in Dublin still consulting with his colleagues regarding the invitation. It is understood here that he has paid a visit to Mount Joy prison to see Arthur Griffith, founder of the Sinn Fein, who is under confinement there.

Policy of Cabinet. London, June 28.—The parliamentary correspondent of The Times, discussing Premier Lloyd George's relations with Sir James Craig, said Eamonn de Valera declares that in judging the situation it is important to bear in mind that although the letter was signed by Mr. Lloyd George, it represents the policy of the Cabinet.

"A very strong minority of the Cabinet, including, it is believed, Austen Chamberlain, Winston Churchill and the Lord Chancellor, favored a similar policy a week ago," the correspondent continues. "Their views were overborne by the Prime Minister and the House of Lords last Tuesday represented the standpoint the Prime Minister and his more militant colleagues had then adopted."

A Change. The correspondent says that after the King's visit to Belfast the scene quickly changed and the invitation was issued. "A guarantee of stability in this later attitude," says the correspondent, "is believed to lie in the determination of some of the most important ministers to resign rather than to assent to any further occupation, tactical or otherwise."

Mrs. Skeffington. London, June 28.—Mrs. P. Sheehy Skeffington, widow of the Irish Nationalist leader who was executed following the Easter Monday riots in 1916, has played a prominent part in bringing about recent developments in municipal circles here. It is said in statements printed in The Graphic and The Sketch, Mrs. Skeffington is now in London and the two newspapers have named her as unofficial ambassador of Eamonn de Valera and has acted as an intermediary between him and Premier Lloyd George.

## QUESTIONS OF FINANCE DEBATED

### International Chamber of Commerce Meets

London, June 28.—High finance was the subject of discussion at today's session of the second congress of the International Chamber of Commerce, which opened here yesterday. The financial section was presided over by Dr. Walter Leaf, a prominent London banker and president of the Institute of Bankers.

Mr. Leaf described the financial section as the pivot of the whole congress, for he declared, on finance everywhere in Europe at the present moment turned, because the financial machine had ceased to operate in a large part of Europe. Lubrication was not so much needed as creative effort, he asserted.

### TORONTO STRIKE.

Toronto, June 28.—At a meeting of the striking members of the pressmen's union and pressmen's assistants here last night it was decided to continue the strike in the job printing offices until the employers were prepared to make a more favorable proposal than any yet offered. It was stated that only ten pressmen had gone back to work to date.

## Empire Service League Said to Have Great Field

Ottawa, June 28.—(Canadian Press) That the formation of the British Empire Service League as a result of the all-Empire conference of Great War veterans in Cape Town, South Africa, would prove one of the greatest moral forces the world ever knew was an opinion expressed here by R. B. Maxwell, president of the G. W. V. A., and one of the Canadian delegates to the convention.

The British Empire Service League will work for the good of the world," Mr. Maxwell said, "and against all disturbing influences." Pressed for a case in which the League would take action, Mr. Maxwell pointed out that it would be impossible to start a war unless the League approved. The men who were going to do the fighting would want to know what they were going to fight about, he said.

The conference in Cape Town linked up practically all the ex-service men in the Empire, all the commonwealths within the Empire being represented. The conference went on record as opposed to war but passed a strong resolution urging adequate defence of the British Empire. The League of Nations was endorsed and a resolution favoring regulated immigration from China was approved.

Treated Well. It developed, Mr. Maxwell said, that the Canadian soldiers had been exceptionally well treated, although in New Zealand a comprehensive scheme for industrial as well as land settlement for soldiers were being successfully worked out. The Canadian pension scheme was worked out to better advantage than in most of the other Dominions.

In Great Britain conditions could be improved, Mr. Maxwell said, but he added that since the British Legion had adopted a non-political constitution akin to that of the G. W. V. A. of Canada, that improvements were being made and that the greatest success was being looked for in the old country.

## RAILROAD MEN IN U. S. VOTE ON WAGE REDUCTION

Chicago, June 28.—Reports of an overwhelming vote for rejection of an eight per cent. wage reduction recently ordered for all railroad shop employees by the United States Railroad Labor Board were branded as misleading and unreliable to-day by B. M. Jewell, head of the shop crafts organizations. Only about two-thirds of the vote has been counted, according to Mr. Jewell, who added that a few votes might swing it either way.

## Lumber Exports and Immigration to Occupy Hon. T. D. Pattullo

To take up in British commercial circles the question of developing the lumber export trade, and in political and agricultural quarters the diversion of immigration of a high standard to British Columbia, Hon. T. D. Pattullo, Minister of Lands, stated to-day that he hopes to leave about July 10 for the Old Country.

The Minister, who will be accompanied by Lumber Commissioner William Turnbull, has set that date subject to the completion of a number of matters which are now in hand.

### Export Lumber Business.

Speaking of his proposed trip, the Minister said: "There are a number of matters of importance as to which it is thought we should have first hand information. A question of primary importance is that of the lumber industry. It may well be said that the lumber industry is a fair barometer of business conditions in the Province generally. I think it is well within the mark to say that at least a third of the Province is dependent upon the lumber industry. "From the time when I first took charge of the Department of Lands, in which is included the forest service, I have frequently made the statement that the lumber industry will never be upon the basis which it should be until it is stabilized through the medium of a permanent and steady export business. Just how much is involved in this statement and the difficulties to be overcome will probably be fully understood only by those engaged in the industry." (Concluded on page 15.)

## LAST CHANCE FOR CENSUS

### Help B. C.'s Per Capita Subsidy From Ottawa

The census for Victoria has been practically completed. In from most of the enumerators, and the last book will be filed to-day. While the Commissioner is checking up and tabulating the returns preparatory to sending them to Ottawa on Thursday, there is still time to take the names of persons who think they have been overlooked. Such persons should telephone up 4918.

No pains are being spared to have a full and accurate census taken. British Columbia's Dominion subsidy will be based for the next ten years on the population shown at this census. It is doubly desirable that "Vic" should have a complete enumeration.

Since the call of a week ago asking people to report, if overlooked, only forty-three calls have come in to the Commissioner's office. Mr. Gaunce can hardly believe that the work has been as thoroughly done as this figure implies, despite the great care taken, and he is still anxious to hear from those who were missed.

It has been found on examination of the sheets that data regarding several of those reporting had been taken already, the information having been obtained at the home. To such persons, however, the Commissioner has just as deeply indebted for their interest as to those who had actually been missed from any cause.

"The trouble to confirm or correct our sheets will be gladly undertaken," said Mr. Gaunce to-day.

## CHINESE RETURN BY WAY OF VICTORIA

Toronto, June 28.—Fifty-five citizens of China, including fifteen children, will arrive in Montreal to-day on the steamship Canadian Merchant Marine fleet on their way from Jamaica to Hongkong after having been on plantations for some time. They will travel under bonds on the Canadian Government Railway lines and allied services to Victoria, B. C., where they will board a steamship for China.

Officials of the Canadian National Railways stated that the movement might be extended to Cuba, various islands in the West Indies and points in South America.

## FATHER, DAUGHTER AND SON DROWNED

Quebec, June 28.—Georges Patri of this city, his daughter, Georgette, and his son, Henri, were drowned in the Jacques-River at Tawabury last evening.

In an effort to save the girl, who had fallen into the water, the father and son lost their lives.

## JUDGE APPOINTED TO HOLD QUEBEC HARBOR INQUIRY

Ottawa, June 28.—(Canadian Press) Mr. Justice Fannell, of Montreal, a judge of the Superior Court of Quebec, has been appointed a royal commissioner to investigate the charges made in Parliament by Hon. Rodolphe Lemieux with regard to the proposed payment of \$60,000 to the Park St. Charles Company for land expropriated at Quebec by the Quebec Harbor Commission.

## Stromboli Volcano Active; People Flee

Rome, June 28.—The volcano of Stromboli, situated on the island of the same name off the northern coast of Sicily, has burst into activity. The eruption began with a violent explosion, which was heard from the island, and the people are abandoning their homes and fleeing to Sicily.

Stromboli is a volcano remarkable for its activity, having been in eruption for the better part of the last 2,000 years. The two most violent outbreaks in recent years occurred in 1907 and in 1915. The activity of the volcano in 1907 was considered by some observers as a precursor of the great seismic convulsion which virtually destroyed Messina the next year.

At normal times the population of the island is approximately 2,000.

## TO VISIT RUSSIA.

Berlin, June 28.—United States Senator Joseph I. France has left for Riga, having received permission to enter Russia to study conditions.

## HUBBARD WINS RENEWED CONTRACT

### To Carry Aerial Mails For U.S. Post Office

Seattle, June 28.—Contract to carry mail by airplane between Seattle and Victoria was awarded to Edward Hubbard, the present carrier, according to a telegram received yesterday from Washington, D. C.

Hubbard's present contract expires July 1. The new contract is a renewal of the present one under the terms of which Hubbard carries 600 pounds of mail for \$200 a trip and makes ten trips a month. The trips are regulated by the arrival and departure of steamships from and to the Orient.

## GENERAL TO BE TRIED AT LEIPZIG

### Major Also Will Come Before War Court

Leipzig, June 28.—Lieut.-General Karl Stenger, former commander of the 23rd German Infantry Brigade, and Major Benno Crusius, charged by the French Government with the murder of prisoners of war, will be placed on trial before the Supreme Court on Wednesday. This will be the first French case tried in connection with the prosecution of German war criminals.

The trial promises sensational developments in view of the prominence of the defendants and the character of the indictments. Fifty-four witnesses have been called to testify. Among them several former generals and well-known experts will be present.

## OFFICE OF SINN FEIN PAPER IN DUBLIN SEARCHED

Dublin, June 28.—A military force last night raided the offices of The New Irelander, the Sinn Fein newspaper of Arthur Griffith, founder of the Sinn Fein, who is in Mount Joy prison. There was no one in the building when the soldiers arrived and they smashed the front door with a sledge-hammer. The offices were thoroughly wrecked.

## LABORERS TRAVELING FROM JAMAICA TO HONGKONG

Toronto, June 28.—Fifty-five citizens of China, including fifteen children, will arrive in Montreal to-day on the steamship Canadian Merchant Marine fleet on their way from Jamaica to Hongkong after having been on plantations for some time. They will travel under bonds on the Canadian Government Railway lines and allied services to Victoria, B. C., where they will board a steamship for China.

## CITY DRAWS UP BIG FINANCIAL DEMANDS

The Provincial Government will be asked by the city of Victoria to hand over to the municipalities of British Columbia the provincial income tax, personal property tax, half of all liquor profits, the amusement tax, half the motor tax and a number of license fees, or, as an alternative, to take over and maintain the hospitals and schools of the Province.

This, in brief, is the proposal which the civic Legislative Committee, acting on the instructions of the City Council, will forward to the Government immediately. These recommendations will be made to the Government for consideration in connection with its plans to draw up a new municipal finance policy at a Fall session of the Legislature. The Legislative Committee, it is understood, believes that the city must be allowed the financial concessions outlined if municipal finances are to be put on a sound basis.

## PHYSICIAN WENT BY AEROPLANE AND SAVED MAN'S LIFE

Saskatoon, June 28.—In fifty-seven minutes last night Dr. A. L. Lynch of this city flew seventy miles by aeroplane to Humboldt, Sask., where he had been called to attend a man stricken by heart trouble. The physician arrived in time to save the patient's life and flew back to Saskatoon in fifty-two minutes. The same journey by train would have occupied more than a day.

## CURFEW RULE TO BE ENFORCED IN CORK

Cork, June 28.—A proclamation issued by the military governor of Cork puts in force the curfew beginning July 1, between the hours of ten o'clock at night and five o'clock in the morning. The curfew will be effective throughout the East, West and middle divisions of County Cork. The proclamation says the crown forces will fire without preliminary challenge on any civilians out of doors during the curfew hours.

## Tax-Dodgers Must Pay or Big Penalties Await; Auditors Search Returns

Instructions to the taxation department strictly to enforce the provisions of the Taxation Act, without reference to results, were issued to-day by the Hon. John Hart, Minister of Finance. This is the opening of a campaign by British Columbia to get in some of the money that is owing to the Province.

Up until now, it was explained, the Department has been endeavoring to get people to make their returns and pay their taxes through a campaign of education.

"While this campaign has had splendid results, we find it is necessary to take this action," Hon. Mr. Hart said. "The Dominion Government has been very strict in the enforcement of penalties for non-compliance. Because of this we have found that the Dominion Government has collected in some cases where we have failed."

Many persons do not think it is even necessary to fill out their income tax returns, it was explained by the Department of Finance. These people, it was said, think that there is the chance of them being caught. Officials of the Department, however, have been busy lately conducting audits of taxation and other returns. They have been taking notes of salaries they find charged on these returns. With these they are now checking up the names of persons who have failed to make their returns or made the correct returns.

The idea is to make these people come through to the Province as they have received a major grade of the Malahat for the benefit of commercial motor service. The Malahat is looked upon as purely a scenic and tourist attraction and is intended for cars handling heavy freight, it is a costly proposition to operate over the summit, as it takes a good deal out of the cars and consumes much gasoline.

## GOAL MINE IGNORED B. C. WAGE LAW

Prosecution of the Pacific Coast Coal Mines, Ltd., for failing to comply with the provisions of the act requiring the semi-monthly payment of wages to employees, was ordered to-day by the Hon. William Sloan, Minister of Mines.

Action against the company was postponed by the Minister pending the action of the coal miners which was before the courts. The miners have now obtained judgment under the Mechanics Lien Act for their delinquent wages, amounting in all to \$52,000.

Hon. Mr. Sloan explained to-day that now that this litigation has been disposed of and the payment of the men in arrears assured, it is time to proceed against the company for its infraction of the terms of the law which compels the payment of workmen once every two weeks.

The action concerns the employees of the Morden at South Wellington mine, which has been closed for a couple of months. About 230 men were employed there.

## NEW BRUNSWICK HAS DROUGHT

St. John, N. B., June 28.—Reports from the surrounding country are to the effect that the vegetable crop will be light and the prices high this year on account of the drought.

## Stromboli Volcano Active; People Flee

The Malahat is looked upon as purely a scenic and tourist attraction and is intended for cars handling heavy freight, it is a costly proposition to operate over the summit, as it takes a good deal out of the cars and consumes much gasoline.

The hope is expressed by those who are interested in the scheme that the idea of establishing such a service in to overcome the steep grades of the Malahat for the benefit of commercial motor service. The Malahat is looked upon as purely a scenic and tourist attraction and is intended for cars handling heavy freight, it is a costly proposition to operate over the summit, as it takes a good deal out of the cars and consumes much gasoline.

Saanich, Cowichan District, and other up-Island shipping points are interested in the scheme, which it is considered would work a very considerable benefit to all concerned through the linking up of more efficient freight transportation facilities. It is not unlikely that the municipalities that would be benefited by such a scheme might contribute something toward the cost of installation or maintenance, and it is also probable that tolls would be collected from those using the ferry.

The establishment of such a ferry service would mean that cars could leave Victoria and run out to the end of Saanich Peninsula, making the ferry in a straight line across to Mill Bay on the other side of the Malahat.

In some places where auto ferries are operated, catamarans are used with side paddles driven by gasoline engines.

# Gardiner's Lead in By-Election in Medicine Hat 8,000

### Spencer, Meighen Party Candidate, Loses His Deposit; New Member of the House of Commons Is Representative of the Farmers.

Medicine Hat, June 28.—The United Farmers of Alberta forces scored a sweeping political victory in the Federal by-election here yesterday, Robert Gardiner, of Excel, defeating Lieut.-Colonel Nelson Spencer, the Meighen party candidate, by a huge majority which probably will reach the 8,000 mark when all the outlying polls are heard from. This is the greatest majority that has been recorded in any Federal election in Alberta. Spencer will lose his deposit.

It had been generally conceded that the Farmers would poll a large vote in the country districts but it was thought that the city of Medicine Hat would return a large majority for Spencer and that he would do more than break even in the smaller towns. The greatest surprise of the election came when the votes were counted at the twelve polls in the city and it was found that the Medicine Hat people had endorsed the Farmer candidate with a majority of 219. Spencer came out on top at five of the city polls, winning by a small majority in four of them and 154 at the City Hat station poll. Gardiner was given a handsome majority in seven polls, which placed him in the lead.

### PAPERS COMMENT ON VOTERS' CHOICE

What Press Says About Medicine Hat

Toronto, June 28.—In a front page editorial captioned "The Voice of the West," The Globe this morning said: "There are no safe seats for the Meighen Government between the head of the Great Lakes and the Strait of Juan de Fuca. Lieut.-Colonel Spencer in the by-election in Medicine Hat is an indication of how the people of the prairie provinces will vote when a general election can no longer be deferred."

"The voice of Medicine Hat is the voice of doom for the Meighen Government. The West will have none of it." Winnipeg Free Press.

Winnipeg, June 28.—Dealing with the Medicine Hat by-election The Manitoba Free Press says: "The political experts can now busy themselves with their interpretations of the meaning of the voting in Medicine Hat, but it will take considerable ingenuity to find in the figures anything that offers the least gleam of hope to the Meighen Government. Indeed, the Progressives have done something that the Liberals were unable to do, for in the contest the Medicine Hat was always good for a substantial conservative vote. It confirms all the estimates that the West will send a practically solid contingent to the new Parliament in victory. The energy and support of progressive policies."

Calgary, June 28.—The Calgary Albertan, dealing with the by-election in Medicine Hat, says: "The voters of Western Canada spoke at the polls in Medicine Hat condemning the Meighen Government in language which no one can fail to interpret. What Medicine Hat did yesterday, every other riding on the prairies with any considerable rural vote can and will do at the next opportunity. But that is not all. What will alarm the Meighen Government more than anything else is the vote from the urban parts of the riding where the farmer candidate polled much the larger vote. The Meighen Government, with a good campaign and ample campaign funds, has met with an overwhelming disaster. Once more the handwriting is on the wall." (Concluded on page 14.)

## AWAIT OTHER BY-ELECTIONS

### Ottawa Observers Not Anticipating General Election

Ottawa, June 28.—With the Medicine Hat by-election out of the way, interest now turns to the other seats in the Commons vacant, of which there are five, and their effect on the Meighen Government's decision to carry on until another session. In view of the Medicine Hat result there is considerable doubt as to whether or not the Government can snatch a victory in the Creech, J. A. Maharg's old seat, which is the only other Western vacancy. In some of the Ontario seats now vacant there will be strong farmer candidates. It is expected.

## C. J. BONAPARTE DIED IN STATES

Baltimore, Md., June 28.—Charles J. Bonaparte, Attorney-General during the Roosevelt administration, died here to-day. He was 80 years of age. Mr. Bonaparte had been in poor health for about a year. He was seventy years old of the late Jerome Napoleon Bonaparte and the late Susan May William Bonaparte. His paternal grandfather was Jerome Bonaparte, who was a close friend of the wedding to the beautiful Betsy Paterson, of this city, has become popular history.

The great Napoleon was his grandfather. The issuance of writs in the five constituencies now vacant is not expected before Premier Meighen returns from England. There is talk of a Fall redistribution of seats, following the warning of Premier Meighen to his followers at the close of last session that they should organize in the constituencies an election contest, but generally speaking Ottawa people are awaiting the results of some of the other by-elections before wondering whether or not the events of the Summer will hurry on a general election.

## BRITISH MINERS READY TO RESUME WORK ON MONDAY

London, June 28.—The British coal mine strike, in progress since April 1, has been settled, it was officially announced this afternoon.

It is understood Mr. Lloyd George will ask Parliament this afternoon to authorize the granting of £10,000,000 subsidy to the mining industry. The miners will resume work generally next Monday if the subsidy is granted. The Government offered this subsidy several weeks ago, but withdrew it after the recent proposal by the owners for a settlement had been voted down by the striking miners.

The general understanding is that the submission of the subsidy proposal to Parliament is a mere formality and that the grant will be voted.

Many Idle. Settlement of the coal dispute will end one of the greatest and most prolonged labor "circles" by which Great Britain ever has been affected. Nearly 1,000,000 miners in the South Wales and various other British coal pits were directly affected by the strike, which has been in progress nearly three months, while hundreds of thousands of other workers were thrown out of employment or forced to work part time because of the coal shortage.

A Threat. The strike threatened at one time in the Spring to bring about the gravest industrial war in the country's history, when the "Triple Alliance," composed of not only the coal miners but the railwaymen and transport workers, seemed on the verge of a general strike.

DISARMAMENT MOVEMENT GROWS

Advocates in Japan Becoming More Numerous. Tokyo, June 28.—According to the newspapers, the Navy Department has decided to reduce expenditures and to this end the following measures will be taken: 1. Abolition of the second squadron, the warships thereof to be united into a separate flotilla.

The National Chamber of Commerce in session here to-day adopted a resolution declaring: "The League of Nations now is established and armament restriction is important."

Strong arguments in favor of Japan's taking the initiative in proposing a disarmament agreement with the United States and Great Britain were made by prominent speakers. It also was argued that the Government reduce appropriations devoted to preparations for war.

The Asahi Shimbun quotes Government authorities as being eager to adjust themselves to the idea of international reduction of military expenses. New expenditures announced include appropriations for additional aeroplane corps and the extension of fortresses.

GREAT GRAIN CROP IS ANTICIPATED. Conditions on Prairies Outlined in Report. Winnipeg, June 28.—(Canadian Press) With the exception of a large area in Southern Alberta, the Canadian Prairies continue to give promise of a splendid grain crop, according to the weekly report of the Canadian Pacific Railway, issued here to-day. It is stated that practically all of the area from the Saskatchewan boundary west to Calgary and south to within a few miles of the international boundary needs rain urgently. Areas adjacent to Lethbridge and Macleod subdivisions are in particular need of rain.

MANITOBA. Manitoba is credited by the report with plenty of moisture and sunshine, crops making rapid growth, and there is nothing deterrent in the general situation in the absence of hail and rust and a big crop may be expected. Conditions in Saskatchewan are said to be just as good, with excellent growing weather and all grains showing well. The province is organized thoroughly against the grasshopper menace and very little damage has occurred up to this time.

Now it is Biscuit and Berries— Nothing so wholesome and nourishing as Shredded Wheat Biscuit with Strawberries. a dish that clears the brain and brings all the sluggish powers into action after the "sleep" of Winter—a Summer joy to the palate—so easy to serve and so cheap. Two Biscuits with berries make a complete, nourishing meal.

MEDICINE HAT AND PROSPECTS.

Nobody familiar with the strength of the National Progressive Party in the Prairie Provinces expected any other outcome of the by-election contest in Medicine Hat yesterday than the return of Mr. Crerar, follower, and the Government, particularly, had no reason to look for the election of its candidate. But few onlookers not on the ground anticipated so overwhelming a victory for the standard bearer of the Progressives. Mr. Gardiner's majority is believed to exceed 6,000, which means that Col. Spencer, his opponent, loses his deposit and also that all records for a political contest in that district have been broken.

In the general election of 1917 when the West was swept by the Unionists, Medicine Hat gave the Hon. A. L. Sifton a majority of 1,700 over W. A. Buchanan, Laurier Liberal, while in the contest of 1911 Mr. Buchanan was successful by a margin of 1,465. In 1908 the district returned C. A. Magrath, Conservative, by a majority of 352, that candidate gaining most of his strength from the city of Medicine Hat, where there always has been a fairly strong Conservative element. The returns in yesterday's election indicate that the two historic parties as political organizations have become almost extinct in that constituency.

On the result in Medicine Hat yesterday it may be safely predicted that in the next general election the three Prairie Provinces will be swept almost clean by the National Progressives. Apart from all other factors the hostility of the electors to the Government's fiscal policy is so strong that we doubt if there is a solitary seat between the Great Lakes and the Rocky Mountains which Mr. Meighen can call safe, and nobody can appreciate this fact more intimately than the Prime Minister, himself a Western man. Nor is Mr. Mackenzie King any better off in that territory on account of the pronounced protectionist tendencies of his Quebec following and some of his stalwarts from the Maritime Provinces. There are now forty-three seats in Manitoba, Saskatchewan and Alberta. After the redistribution which will be made by Parliament next session, it is not improbable that the representation of the three Prairie Provinces will be around fifty-five and it may be as high as sixty. Mr. Crerar thus will enter the next Dominion election with nearly fifty seats at least already, figuratively, in his pocket. The strength of the Progressive Party in Ontario suggests that Premier Drury, who it is expected will enter the Federal field as a colleague of Mr. Crerar, will be able to make a formidable contribution from the Progressive group from the rural and labor-strongholds in that Province, so it will be recognized that the National Progressive Party of Canada has become a very powerful factor in the political life of this country and one which, even if it did not command a majority in the House, could make it impossible for either Mr. Meighen or Mr. King to carry on.

Premier Meighen, however, is not without some good cards. If he persists in his present course at the Imperial Conference he unquestionably will increase the value of his political stock among the Canadian people, especially in the Province of Quebec always suspicious that the autonomy of the Dominion is in danger. Moreover, Quebec is historically and traditionally protectionist and temperamentally conservative, notwithstanding the fact that it followed its great son, Sir Wilfrid Laurier, for fifteen years, and is no doubt that Mr. Meighen will make a bold bid for its support in company with his call upon the protectionist sentiment in the manufacturing centres in the other provinces.

There is no question that the Progressives of the Western Provinces as well as of Ontario have drawn their following mainly from the Liberal ranks. Their policy, notably that part of it which calls for a reduction in the tariff and a substantial increase of the British preference, always has been advocated by Western Liberals in Parliament, and if it had not been for the opposition of the protectionist elements among the Eastern Liberals it is doubtful if they would have broken away. To be truly progressive Canadian Liberalism must look to Ontario and the West for its chief source of strength, for it is there that Liberal thought flourishes most freely. The line of cleavage between Western Liberalism and present Ottawa Liberalism is consistently definite; the line between Eastern Liberalism and Unionism is rather obscure in not a few places.

WILL VALERA ACCEPT?

Whatever suspicions may exist among the people and among the members of the Ulster Parliament it will afford the British Government a good deal of satisfaction to know that Sir James Craig and his colleagues are ready to take part in a conference between representatives of Northern and Southern Ireland and the Lloyd George Ministry. At this stage it is not known whether de Valera will accept the invitation to go to London; but the delay in announcing his intention may be accounted for by reason of the fact that at least four of his "cabinet" are undergoing periods of incarceration. In view of the genuine nature of the proposal of the British Prime Minister, however, refusal could be interpreted only in the nature of a gambler's last throw and a virtual insult to those of his supporters who have lost patience with Downing Street merely because of their belief that it had not given the people of Southern Ireland a fair chance to reach a settlement. British intentions have been doubted on this side of the Atlantic; but the Prime Minister's invitation to de Valera should be a fair implication of sincerity. At least it will provide the self-styled "President" with an opportunity to show whether he prefers to retain the plaudits of his irreconcilables at the expense of a possible settlement and what must be taken for the goodwill of those who view the controversy from afar. Everything favors acceptance.

MORE HOUSES WANTED.

There is reason for gratification and regret in the expressions of disappointment which are coming from the Victoria City Council in respect of its inability to obtain no more than thirty thousand dollars for a further expansion of its soldier housing plans. It may be that some of the other municipalities in the Province—which grabbed their own initial allocations and some part of those which would have gone to a number of cities who were slow to take advantage of the scheme—will not require an additional grant. In that case it ought to be possible for Victoria to take some of the resultant surplus. At any rate the desire to add to the city's residences under terms of ample security is a healthy conversion from the Council's former attitude and a progressive move in general.

THE STRIKE SETTLED.

Although nearly three months have elapsed since the coal miners of Great Britain brought the mining industry to a standstill the tight little isle is neither in the hands of revolutionaries nor even in a condition of industrial chaos such as would have appeared inevitable in contemplating so long a pause in its chief producing essential. On the other hand the end of the strike finds the general public and popular sentiment as a whole satisfied with the result of a well maintained determination to resist minority rule. To-day's announcement of a settlement synchronizes with a statement to the effect that the idle period has been responsible for the wasting of something like one thousand million dollars. No less a commentary

upon the folly of extremism is the virtually bankrupt state of the miners' exchequer. Similarly hopeful to the industrial future of the nation is the fact that many of the more influential sections of organized Labor are not in a position to experiment in trade stoppages by reason of their own monetary difficulties. It is not that the general public will gloat over the financial embarrassments of organized Labor. It has merely reached the point when it regards the full treasure chest as a tempting bait for the imported agitator. It recognizes a condition in the world-to-day in which the organized thousands who toil with their hands are too prone to follow the gleam and neglect the substance. The workers of Great Britain are by no means immune from the arts and wiles of the individual who has no respect for Trades Unionism—the visionary who is attempting to grab something out of a peculiar mental state which he does not and never will understand—and unless they pay an appropriate regard for the will of the majority they may find themselves amid the ruins of an edifice which has taken years of patience and industry to erect. Trades Unionism is the Magna Charta of the workers. Its basic principles and many of the benefits which it enjoys to-day are protected by the law of the land. But as soon as organized Labor attempts to snatch something to which it has not earned title the people who form the majority—and by whose vote the fundamental basis of Trades Unionism is protected—find their own method of objecting.

They do it by ranging themselves on the side of the State. And when State and public decree that a strike shall fail it will fail. This is the lesson that the coal miners should take to heart. It is the lesson which two partners in the Triple Alliance learned at the outset of the crisis in April.

NOTE AND COMMENT

Can Mr. Lloyd George produce another rabbit from the hat by settling the Irish question? The copyright of a film showing the British Prime Minister arm in arm with Sir James Craig and Bannan de Valera would be worth almost enough to pay the cost of the coal strike.

JOCK HUTCHISON'S VICTORY

Jock Hutchison's victory for the United States at St. Andrew's was not without its ironical features for those spectators who remembered Jock when he started his golfing career as a caddy at the famous links. But he is nineteen years an American now.

FAITH (The St. Paul Pioneer Press) "What is faith?" asks a St. Paul parson. Among other things we should say faith is what a man exhibits who takes a swing of moonshine before it has been analyzed for the presence of wood alcohol.

HOROSCOPE

TUESDAY, JUNE 28, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.) This day is unfavorable for all who seek important appointments of any sort and they should not push their claims at this time. While the Sun is in sinister sway all who desire to procure positions or employment of any sort should delay initiative. Venus is in a place held to be unlucky for love affairs. This is not a propitious wedding day. Treasures will find this an unfortunate time for any new venture and managers will confront serious business problems during the Summer. Changes in motion picture programmes seem to be foreshadowed by the stars and there is to be an improvement in the type of photoplays offered to the public. This is not a happy day for actors and actresses, who will find it difficult to obtain the right sort of engagements when Venus frowns. Mars presages rumors of wars and riots. The prospects of peace everywhere are not good at this time. Accidents to battleships are foretold for the early Fall. The seers declare that great changes affecting the whole world will follow the conjunction of Jupiter and Saturn, which takes place September 18. This conjunction rising at Constantinople is read as denoting the dismemberment of the Turkish Empire. Hygienic reforms will occupy attention during the Summer and Autumn. The Government will be able to start important reforms. Persons whose "circuits" it may have rather a troubled year. In business they will prosper if they avoid litigation or discussions with partners. Children born on this day may be quick-tempered and brilliant. Those subjects of Cancer usually require the wisest training for they are fond of experimenting with all that life offers.

CLOSING EXERCISES AT ST. GEORGE'S Lieut.-Col. Flick Presented Prizes at Plect Function Yesterday The lovely gardens adjoining St. George's School, Rockland Avenue, were filled with a throng of interested parents and friends of the students yesterday afternoon for the closing exercises preceding the Summer vacation. Seated on the tennis table the students made a pretty picture in their fresh white frocks, scarlet sashes and hair-ribbons, and enthusiasm was rife as each successful student rose to receive her award for perfect in studies or sports. Lieut.-Col. C. L. Flick, C. M. G., D. S. O., presented the prizes, and in a brief but inspiring address congratulated the successful students and the school on the excellent showing made. Mrs. Suttie, the principal, also spoke a few words to the assembled students. At the conclusion of the programme adjournment was made to the lawn in front of the school, where tea was served. The heat drill uniform of the girls, the pretty dresses of the visitors, with here and there the more sombre garb of the boys

law students are concerned, these courts of justice are a second consideration at the present. This is owing to the fact that this is the last time in which the present curriculum will be written, as the Benchers have thoroughly revised the subjects and at the next sitting day subjects will have made their appearance. The sudden change created a mild flurry in the law students societies all over the Province, owing to the fact that the students considered that they were entitled to at least a year's notice of such change, due to the fact that they had already covered certain books which have been thrown out by the new order of things, and thus set them back in writing their examinations. The Benchers have however, ruled otherwise, and the new order of things goes into effect at once. The Victoria students writing at the present exam. are: For call to the Bar—Gordon M. Chairman George McGregor, of the Royal Jubilee Hospital Board, with Secretary G. T. Carver and Miss MacKenzie, lady superintendent, will be delegates to the fourth annual convention of the B. C. Hospital Association to be held at Kamloops on July 6 to 8. It was announced to-day. Representatives from 90 hospitals in all will be present at the forthcoming meeting, which will be one of the busiest in the history of the association. Dr. H. C. Wrinch, of Hazelton, is president, with Dr. M. T. MacEachern, of the Vancouver General Hospital, as secretary. Officials of the Royal Inland Hospital at Kamloops are making arrangements for the convention. Chief subject of debate will be the financial situation of B. C. Hospitals, and what action is to be taken in this regard. According to Dr. MacEachern the three main features of the convention will be: First, few papers and many round-table conferences; second, a clearing house for hospital problems of all kinds; third, evolution of a definite financial scheme to be laid before the Legislature. There will also be a large commercial exhibit of supplies and diets in connection with the convention. Among those going from Vancouver will be Dr. A. S. Monro and other members of the hospital board. Dr.

TWENTY-FIVE YEARS AGO TO-DAY

The City Council decided last night to build a pile bridge across the Victoria Arm at Point Ellice. An appropriation of \$5,200 was passed for the purpose. Her Majesty's ship Comus is daily expected at Esquimalt from Corinth where, in conjunction with the American cruiser Alert, she landed men on May 2 to protect the Anglo-American people there from rebellion. The police have decided to enforce strictly the law regarding driving over city bridges at a pace faster than a walk. Officers have been stationed on the bridges for several days to warn drivers. The fourth anniversary of the induction of Rev. Dr. Campbell into the pastorate of the First Presbyterian Church, was celebrated under the auspices of the Ladies' Aid Society.

MacEachern, Miss E. I. Johns (nursing superintendent) and other officials of the General Hospital, Mrs. M. E. Johnson, of the Bute Street Hospital, and Dr. H. S. Storrs, of St. Paul's Hospital. From New Westminster will go Mayor A. Wells Gray, president of the Royal Columbian Hospital Board; Dr. G. E. Purves, superintendent, and Miss Stott, nursing superintendent. Nelson, Prince Rupert, and all leading hospital centres throughout the province will be represented. Two notable absentees will be the late R. S. Day, of this city, vice-president, and the late Dr. W. W. Large, of Fort Simpson, an active member, both of whom died during the past year.

GOOD SHOWING MADE BY SCHOOLS

Closing Exercises at Shawnigan and Sylvania

Shawnigan Lake—The closing exercises of the Shawnigan Lake School were in every way successful. Practically all the scholars were promoted.

Three rolls of honor were presented, one to Herbert Coull for proficiency, one to Theo. Eford for regularity and punctuality, and one to Irena Lukovich for deportment.

Special prizes were awarded to Dorothy Sam for regularity and punctuality, donated by Mrs. F. J. Eford; to Herbert Coull for highest standing in class, fourth prize donated by S. J. Heald; to Katherine Lukovich, highest standing in class.

Third Reader, headed by Mrs. S. J. Heald; to Charles Lewington, highest standing in class, Second Reader, donated by James Ford.

The annual school picnic of the Shawnigan School was held at the Strathcona ball grounds. This year the children themselves organized it and made it a great success.

The school room was comfortably filled with parents and friends. The meeting concluded with three hearty cheers for the teacher and trustees.

STEAMSHIP LINES PUZZLED BY NEW U.S. IMMIGRANT LAW

N. Y. K. in Quandary Over Polish Orphans Booked Through Seattle

The United States immigration law limiting admission of aliens into that country to five per cent. of the total number in the year 1910, may bar the entry of 50 Polish orphans and 71 Syrians listed as passengers to sail from Yokohama aboard the Nippon Yusen Kaisha liner Katori Maru on July 3.

Aboard the N. Y. K. liner Fushimi Maru, due here Thursday afternoon en route to Seattle, are immigrants of twelve nationalities, but as this vessel is due to arrive at Seattle on the first day of July, with difficulty is expected in the matter of verifying them for entry into the United States, as the new act provides that not more than 20 per cent. of the total number of the year may enter in any one month.

On Fushimi Maru. Included among the passengers coming in the Fushimi Maru are fifty-six Polish orphans, whose transportation to the United States has been arranged by the Polish-American Relief Association.

This organization will also interest itself in the case of the sixty war-stricken children due to arrive by the Katori Maru and is expected to succeed in arranging for their admission to the U. S., but as yet the Nippon Yusen Kaisha has had no assurances of this, hence the possibility of their not being brought by this vessel.

Placing the responsibility for exceeding the permitted quotas on the steamship companies works a decided hardship on the concerns operating on the Pacific for the reason that the vessels are removed from the list of Eastern centers of immigration that they are totally unable to keep in touch with the immigration arrivals and are governed thereby.

While the Fushimi Maru, like most of the trans-Pacific liners, also has many nationalities represented in her passenger lists, British, Russian, Norwegian, French, Swedish, Japanese, Chinese, Swiss, and others, she cannot embrace the nationalities represented aboard the vessel due here this week. That these will gain admission to the U. S., unless otherwise disqualified, seems quite likely.

Inter-Club Cruise. On Sunday there will be staged an inter-club cruise from Cadboro Bay to Port Angeles and return. On the morning of June 26, the program of events will open in the Royal Roads with various races for yachts, sloops and schooners, after which the second day's racing will be held at Port Angeles and the Sir Tom each will have to make the return to the Royal Roads on Saturday.

Big Motorboat Race Will Be Sailed From Tacoma to Brentwood

Annual Power Classic Promises to Be Most Successful Ever Held; Boats to Leave Tacoma Yacht Club on Thursday For Saanich Inlet.

The motor boat classic of the Pacific Northwest, which annually precedes the Cowichan Bay and Royal Roads regatta, will be run this season from Tacoma Yacht Club to Brentwood, on Saanich Inlet.

Every power boat of any consequence in the Northwest is expected to be entered for this race, in which two classes of motor boats are taking part. The motor boat race will be run June 30.

The regatta which will open at Cowichan Bay July 1 is attracting greater importance than any international water event in the Northwest in the past, chief interest being centred about the outcome of the contest for the Sir Thomas Lipton Cup between the Class R yachts Patricia and Sir Tom.

Captain Troup is Pleased With Work on Princess Louise

Vancouver, June 25.—Capt. J. W. Troup, manager of the B. C. Coast Steamship Service, is here to-day looking into the progress made on the new coastal steamer Princess Louise, now fast approaching the launching stage at the Wallace Shipyards.

Capt. Troup expressed himself as being well satisfied with the work on the latest addition to the C. P. R. coastwise fleet. The Princess Louise, which is to be launched in August, will be christened by Mrs. Troup.

The C. P. R. steamer Island Princess is now making regular Sunday trips to various points of interest in the Gulf Islands, in addition to her weekly Islands schedule, and is proving a very popular boat on the run.

The Island Princess will leave here at 10 o'clock next Sunday morning for Mayne Island, where special arrangements will be made by Bert Emery for the serving of refreshments. Meals are also served aboard the steamer.

The C. P. R. announced to-day that the steamer Charnier is to be temporarily laid up for refit and as a result the schedule sailing from Vancouver for Comox on July 7 has been cancelled.

YOSEMITE DISABLED. San Francisco, June 25.—The United States Shipping Board freighter Yosemite, bound from Seattle to Willapa Harbor, Wash., was yesterday anchored ten miles off the latter place with disabled engines, the Marine Department of the Chamber of Commerce reported. No cause for the trouble was given in the message to the Chamber. The Yosemite is operated between Seattle and Atlantic coast ports.

TEUCER'S DERRICKS WILL HOIST BIG YAWL INTO WATER

Cho Cho San, Flagship of Royal Victoria Yacht Club, Launched July 8

Commodore L. A. Genge, of the Royal Victoria Yacht Club, plans to launch his new auxiliary yawl on July 8, when the completed hull will be hoisted from the dock at the Outer Wharf and lowered into the water by one of the heavy-lifting derricks of the Blue Funnel liner Teucer.

Commodore Genge proposes to christen his yawl Cho Cho San after the heroine in the Oriental opera Madame Butterfly. The Cho Cho San will be the flagship of the Royal Victoria Yacht Club and will be the finest craft of her type on the North Pacific coast.

She is now being completed by Dick Bird, the well-known local boat-builder, from the design of the famous international racing wizard, Ted Geary.

The auxiliary yawl will not be rigged and fitted out until after she has been put into the water. Commodore Genge expects to have his yawl in commission by the early part of August.

IT'S EASY TO CLAIM PURE DRUGS
Every drug or chemical used here is actually tested either by us or by a reputable concern. We insist on purity—absolutely. It costs us more, of course, for our material than it does less particular druggists, but we are satisfied with the increased patronage that rewards the superior quality of our goods. Remember that this high quality costs you not a penny more than you are required to pay elsewhere. Isn't purity—prescription purity especially—worth coming to a Meridale Store for?

NECHACO LAND CASE AGAIN BEFORE COURT
Court of Appeal Hearing Case of Greenizen vs. Twigg
The appeal in Greenizen vs Twigg and others from the judgment handed down by Mr. Justice Clement on May 17, whereby nearly \$30,000 and interest was ordered returned by Isaac Greenizen, a practicing lawyer, of Petrolia, Ontario, to members of syndicate of British Columbians in connection with a 600-acre townsite deal at Nechaco, B. C. came before the Court of Appeal here yesterday, and the case is still proceeding.
The evidence given in the court below showed that in 1912 Captain J. Herriek McGregor, later killed in action, formed a partnership finally composed of himself, H. D. Twigg, a Victoria lawyer V. A. G. Elliott, W. Head and C. A. Holland, to purchase the Nechaco land for subdivision and sale. It was alleged that a secret arrangement was made between McGregor and Greenizen whereby the documents to be executed by Greenizen were to show the purchase price at \$75 an acre, Greenizen to get \$25 an acre and \$25 an acre to go as a secret commission to McGregor.
Counsel for Mr. Twigg explained that \$11,000.50 was received from the syndicate \$23,187.50 was given Greenizen and that one-third of the amount mentioned were to be returned to McGregor. Mr. Twigg, it was said, had been induced to agree to become the mortgagee as trustee for the members of the partnership. A number of years elapsed during which Greenizen received from the syndicate \$23,500 in cash and then sued for the balance.
Mr. Justice Clement dismissed Greenizen's action and ordered the return of the whole transaction and the return of the moneys paid with interest, and from this judgment Greenizen is appealing.
Mr. W. J. Taylor, K. C., who with John R. Green, is appearing for the plaintiff-appellant, opened the argument for the appellant's side yesterday with the contention that the learned trial judge had erred in finding that fraud had been committed or alternatively that if fraud had been committed it was not fraud of the plaintiff's making or connivance. The defendants were H. Despard Twigg, barrister and solicitor, of Victoria, for whom E. C. Mayers, of Vancouver, appeared; Henry Hesterman, represented by H. Robertson, and Mrs. E. P. McGregor, as executrix of the estate of the late Capt. J. Herriek McGregor, represented by H. A. Maclean, K. C., and J. E. Clearburn.

"FOUND DROWNED" GIVEN AS VERDICT
Inquest on Body of Late Albert Prudum Finds Open Verdict
An inquest on the body of the late Albert Prudum was held at the Thomson Undertaking establishment this morning. Corner E. C. Hart presiding. The jury after being out less than a minute returned an open verdict of "found drowned." The inquest was under the arrangement of the provincial police department, the body being found on the beach, at the foot of Cook Street.
John Irwin, William Robinson and Gerald Sandy gave evidence. It was stated that the late Mr. Prudum had been out of work for six weeks, and on the morning of May 22 had told his room mate that he was going to Saanich in connection with some work that had been promised. He left the house at 3:40, and slightly before 10:30 was seen at the edge of the water at the beach, near the Beacon Hill flagstaff. Gerald Sandy, one of the witnesses, stated he saw the man standing on the rocks, and later he saw him in the water. At first he appeared to be swimming, and then he commenced to shout. Before the witness could render aid the man had disappeared.
The body was identified by William Robinson, whom the late Mr. Prudum had been staying.

KIWANIANS TO HOLD BERRY FESTIVAL
Strawberry Feed at Mount Douglas Park Will Delight Large Party
As a variation of the regular weekly luncheon 150 members and adieu of the Kiwanis club to-day will journey out in motor cars to Mount Douglas Park, setting off at 6:15 p.m. from the City Hall. All members are requested to bring their cars and aid in taking those not so provided. The arrangements have been in charge of a committee headed by Dr. Howard Miller, with Messrs. McMoran, Hugh Allen, Victor Weston, and Andrew Saret, who promise a fine entertainment at the city park.
The proceedings are to take the nature of a strawberry festival with quantities of the fruit to be provided for the members and their ladies, who are to be especially welcome. The attendance prize will be donated to a lady. Darrel Spence has several prizes ready for the gathering. Sports will be under the direction of Harold Lewis, who can be relied upon to create the necessary entertainment. A fine programme of music has also been added to round out the whole.
The whole evening is to be spent at the Mount Douglas Park, where the members will first be regaled at a strawberry festival and then amuse themselves in as many different ways as they see fit. The committee in charge of the arrangements is anxious that as many as may wish bring their cars, as there will be large numbers of pedestrians to be taken to the grounds. The time set for the start is at 6:15 o'clock in front of the City Hall. The festivities at the park will commence immediately upon arrival there.

DATE OF "MOUNT ADELAIDE" GARDEN PARTY CHANGED
The garden party to be held in the lovely grounds of "Mount Adelaide" Chapter, I. O. O. E., has been postponed from July 4 to Wednesday, July 6, the postponement of the Church garden party permitting this change of date which it is thought will be more acceptable to the public. Mrs. Henry Croft is generously placing her beautiful gardens at the Chapter's disposal for the occasion and the affair will be continued during the evening for the convenience of business people. The mezz orchestra of the Canadian Scottish unit under bandmaster Lou Turner will render a programme of attractive music between the hours of 7 and 9 o'clock.
Losses Valuable Gloves.—Motor Cycle Constable Allen, of the city police force, reports that he dropped a pair of new gauntlets in the Hillside district recently. The finder would be conferring a favor in returning them to the owner. The gloves, it is explained, were worth a considerable sum of money, and were the personal property of a constable.
Chief of Police Away.—Chief of Police John Fry will sail to-night for the convention of Police Chiefs at Montreal, where it will be in session from July 4 to July 6. Mr. Fry is accompanying the Victoria Chief, Palmer will be Acting Chief in his place.
In Supreme Court.—In the Supreme Court this morning before Mr. Justice Clement the hearing of Fraser versus Megaw was opened, with Frank Higgins, K.C., for plaintiff, and E. L. Fair for the defendant. Plaintiff's claim is for \$2,900, being the balance alleged due from sale of some mortgaged property in dispute.
In County Court.—The hearing of the action of the B. C. Iron Works versus the Henshall Fish Products Company, was continued in the County Court to-day before His Honor Judge Lammiman, with D. W. P. Maunsell for the plaintiff and R. C. Lowe for the defendant. The action is one for payment for material alleged to have been supplied.

## Patton's Hit Gives Victoria Great Win

### Local Shortstop Connected Safely In Ninth and Drove In Winning Run; Game Seemed Hopelessly Lost In Early Innings, But Caps Gained Their Stride and Won In Wild Finish.

Patton's timely single over third base in the last half of the ninth inning and a bit of fast base running by Tony Rego broke up a hair-raising game at the Stadium last evening and sent the fans toddling homeward with their hats on the side of their heads and vamping all kinds of songs about the glories of being a live man these days.

The game certainly demonstrated the uncertainties of baseball and allowed the fans to entertain every emotion known from that of dejection and disgust to that of victory and joy unconfined.

### Prospects Looked Gloomy.

In the fourth inning when the score stood seven to two in favor of Yakima any fan in the stand would have said the game was over. It appeared as though the visitors would win the game. The game was as much trouble for the home team as it was for the visitors. The game was a struggle from start to finish. The home team was in a desperate struggle to stay in the game. The visitors were in a desperate struggle to win the game. The game was a struggle from start to finish. The home team was in a desperate struggle to stay in the game. ## Dempsey Uneasy and Cannot Remain Idle

### Champion Broke Training Rules and Engaged In Furious Workout Yesterday; Appears to Be Nervous and on Edge; London and Paris Are All Excited; Carpenter Is Working Hard.

Atlantic City, N.J., June 28.—Jack Dempsey to-day is within forty-eight hours of the end of his training grind. The champion is scheduled to do his last boxing in public this afternoon and tomorrow. Dempsey and his handlers had no explanation to offer to-day for the secret workout late yesterday afternoon when he toiled for fifty-five minutes at top speed with only three spectators watching him. Dempsey worked out in the stuffy old hangar a quarter of a mile back of his camp after announcement was made that he would take a day off.

### HUNDRED-FOOT DIVING TOWER TO BE ERECTED

V. I. A. A. Will Build One of Highest Platforms in Country at Curtis Point

Work commenced to-day on a new diving tower which is claimed by the V. I. A. A. will be the highest and most up-to-date of its kind on the continent. It is planned to be the tower 100 feet high and it will be constructed on the site of the old one which was situated on the rocks at the extreme end of Curtis Point at the afternoon. The local contractor, James kindly offered to erect the tower and will construct it on the principle of an oil well tower, which is broad on the base and tapers to 2 feet square on the top. The base of the tower will be embedded in concrete and several diving platforms will be constructed at various heights the first one at 20 feet. If the tower is completed by July 1, Buck Calder and Billy Muir will execute a series of dives in the late afternoon.

**TEMPORARY PLANS FOR SIDNEY FARM**

New Superintendent Will Be Here July 20

Sidney Experimental farm will continue to be open to the public, although there will be an interval before the arrival of the new superintendent, E. M. Streight, from Morden, Manitoba. The retiring superintendent, Professor Stevenson, left yesterday for Toronto to take up his position with the Ontario Department of Agriculture.

Any applications for information, or use of the farm should be made to W. H. Hicks, the Superintendent at Agassiz, until the arrival of Mr. Streight about July 20.

These announcements were made to The Times last evening by W. S. Moore, assistant at Agassiz, who arrived with Mrs. Moore yesterday on instructions from Mr. Hicks, who is in Winnipeg, and met Mr. Stevenson before he left the farm. Mr. Moore states that no check in the haymaking season, nor in the numerous experiments and tests which Mr. Stevenson inaugurated will be allowed, and the station will be kept running until Mr. Streight can reach Victoria.

The department will welcome, as has been the case in the past, farmers' Institutes and picnic parties at the farm. It is expected that Sidney farm will be asked to contribute to the composite exhibit to be staged at the British Columbia Fall fair, representative of the experimental farms throughout the Province.

F. C. Eiford, Dominion Poultry Husbandman, will be at Sidney Farm until Mr. Streight arrives.

Mr. Moore will remain in the city until Thursday. He is registered at the Dominion Hotel.

**MUSICAL RECITAL**

Miss B. Griffen's Pupils Show Ability.

An interesting students recital, given by the pupils of Miss B. Griffen, took place on Saturday evening last at Fletcher's Music Store, which was kindly loaned by Mr. Fletcher. **"DANAE" IS LOVELY PAGEANT OF COLOR AND POETIC MOTION**

Huge Audience Witnessed the First Production at "Gonzales"

The aesthetic beauty of ancient Greece with its lissome, dancing dryads, its gods and goddesses of Olympus, its mythological heroes and its dignified soldiery, finds re-creation in the play "Danae" or "The Birth of Perseus" produced for the first time last evening at "Gonzales," St. Charles Street.

No lovelier or more appropriate setting could have been found for this Greek pastorate. The natural amphitheatre formed by sloping lawns made an excellent auditorium, while the play was staged under the magnificent old trees. In this sylvan glade, the last rays of the dying sun striking through the delicate tracery of leaves quivering in the wind, giving place later to the soft haze of the after-glow, the illusion created by the dancing nymphs was so impressive that one almost involuntarily listened for the reed-like fluting of the pipes of Pan.

A Notable Episode.

Beautiful as an arabesque was the final episode in which the body of King Acrisius borne on a litter by stalwart eunuchs, passes through the weeping, wailing crowds of erstwhile merry-makers, the gay robes and white faces appearing like wraiths through the illusive half-light created by the torches of the King's attendants, while the distant notes of a solemn funeral march added the last impressive touch of aestheticism.

Primarily "Danae" is a pageant, its first appeal being rather to the eye than to the ear, for the difficulties of the acoustics in the open air detract

**GROUP OF NYMPHS IN "DANAE"**

GROUP of Nymphs taking part in Greek Myth—"Danae" or "Birth of Perseus" to be produced at Gonzales Gardens, on June 28 and 29. Reading left to right are Miss Harvey, Miss Briggs, Miss Roberta Balcom and Miss Vivian Coombe.

somewhat from the lines. But the succession of tableau-like scenes, full of color and motion, the graceful dancing of the Greek dancers and nymphs and the dignified presence of the principal characters weave themselves into an impressive picture of Greek mythology.

Two Leading Creations.

The outstanding figure in the production was Kink Akrisios, played by A. D. Ford with convincing realism and majesty. To a commanding presence and splendid histrionic ability he added that invaluable attribute, an artistic conception of the play and its demands. Miss Mabel Hickman was as charming "Danae" as Labos, Jack Fetch as the King's Fool, Bruce Bredin as the boy, Perseus, Major A. D. Macdonald as the Chief Herald, and Major Bryan T. Drake as the bucolic Bacchus, were among the outstanding figures of the production. Messrs. Mackenzie, Angus and Fetch also sang solos, adding much to the charm of the production.

Music Valuable Auxiliary.

A delightful feature was the incidental music played by Mrs. Gertrude Huntley Green, one of the most effective scenes being the final episode where the body of King Acrisius is borne away to the strains of a funeral march. The music of the prologue, written by J. Douglas Macey, was a peculiarly beautiful feature of the opening part of the performance.

The final curtain elicited cries of "author" but Mrs. L. A. Griffen-Brownlee failed to answer the call of those who sought to pay tribute to her facile.

Too much praise cannot be given to Major Bullock-Webster and his associates, particularly to Mrs. Mackenzie who deserves the credit for the meticulous care evidently bestowed upon the production of this delightful pastorate which is to be repeated to-night and again on Wednesday afternoon and evening.

**ATE NOTHING SOLID FOR THREE MONTHS**

For Seven Years Victoria Woman Suffered From Indigestion; Eats Anything Now

"For the first time in seven years I can eat anything I want without fear of indigestion afterwards," said Mrs. F. Russell, 3010 Cook Street, Victoria, B. C., in relating her remarkable experience with Tanlac.

"For three months before I began taking Tanlac I had lived entirely on oatmeal, as my stomach would retain no solid food. I had a feeling of nausea nearly all the time and a gnawing sensation in my stomach. I had headaches everyday and frequent spells of dizziness, and I was miserably nervous and, in fact, on the verge of a nervous breakdown.

"My condition began to improve almost with the first dose of Tanlac. In a few days I was off the oatmeal diet and eating heartily. It seemed to me that I received new strength and energy from every dose I took and I kept improving until I fully recovered my health. Tanlac not only made me well but it gave me a delightful feeling of buoyancy, and I never get tired now at my housework as I used to do. It's a wonderful medicine."

Tanlac is sold in Victoria by D. E. Campbell and other drug stores. (Advt.)

**DOMINION**

Roscoe (Fatty) Arbuttle smashes the old saying that "nobody loves a fat man," in his new Paramount starring vehicle, "The Traveling Salesman," which is now at the Dominion Theatre.

In this picture, which is adapted from James Forbes' noted play, the famous comedian is the central figure of a love romance and weds the girl in the story, after he had saved her property from the schemes of the unscrupulous villain.

It is interesting to note that in "The Round Up," the first Paramount picture in which the comedian starred, he played the part of the fat sheriff. In that picture, the object of his affections refused to take his love-making seriously and Fatty ends the picture with the statement: "Oh, what's the use? Nobody loves a fat man."

Betty Ross Clark is the girl in the new picture and Frank Holland, Wilton Taylor, Lucille Ward, Jim Blackwell, Richard Wayne and other favorites are also in the cast. Joseph Henabery handled the megaphone and Karl Brown was the cameraman, and the picture was directed by the Robertson-Cole motion picture depicting Sir Ernest Shackleton's recent South Polar expedition, was taken for the most part from the noted explorer's ship, the Endurance, caught in the ice, three degrees from the South Pole, where it had to be left in the ice.

"The Bottom of the World," which opened yesterday at the Dominion Theatre, shows the Endurance as she left Buenos Ayres for South Georgia, leaving the latter place, which is the southernmost inhabited land, and where she finally rested, smashed in the ice. The Endurance was made for Christians, the famous Norwegian designer of sailing vessels.

She was a vessel of 350 tons, made of pine, oak and greenheart, and cost about \$70,000 equipped. A committee of polar explorers approved her plans, and made suggestions about her construction. She was a masterpiece of rigging, had triple-expansion engines, and was capable of a speed of ten knots. This is the first of the series to be shown week by week until completed.

**VARIETY**

The civilized world has made rapid and stupendous progress in art and science. Inventions that are making life "worth while" are the order of the day. In order to supply the ever-increasing demand for the perfect realization of inventions nature is being harnessed. Man stops at nothing; progress, no matter what it costs, but is it progress; is it the age of enlightenment when community indifference ceases or falls to remedy conditions under which parents are forced to sell their children, and the open market in order to save them from grim warts. High profiteering with high rents are now the order of the day, and labor causes are neglected with the outcome that want appears in the world, and an unrest that is a calamity. Every labor man, woman and child should grasp the opportunity of going to the Variety Theatre, this week and see "A Child for Sale," the biggest production of heart interest that will be shown in this city for some time to come.

**PRINCESS**

The Mildred Page Players are repeating last week's clever play "Hello, Bill" with tuneful interpolations, which are right up to the moment. Scottish songs and sayings are scattered throughout the production, and at every performance the repeated encores given and the decided appreciation of those attending is a proof of the success of the play.

The next offering will be the justly famed musical comedy "The Time, the Place and the Girl," and altogether is a wise selection. In the first place it suits the perfecting of the talented company and is a little gem in the next, the music fits the play and is really beautiful and the scenic production will be all that should be desired in this artistic production.

"The Time, the Place and the Girl" will open Wednesday night with the usual cash prize of \$5, given Mr. Coof's part in "Hello, Bill."

Remember Captain Kidd's contest. The prize has grown to \$55. See the chest in Peden Bros' window, Yates Street, and guess its contents.

**ROYAL VICTORIA**

Sunny Spain has never been more colorfully or faithfully transplanted to the screen than in "The Passion Flower," in which Norma Talmadge takes to great dramatic and emotional heights and scores her most artistic and fascinating achievement in the silent drama to date.

"The Passion Flower" opened a week's engagement at the Royal Victoria Theatre last night to an audience which was held tense with interest throughout the showing of this truly remarkable photodrama. It is a worthy adaptation of the stage play of the same name by Jacinto Benavente, Spain's greatest living dramatist, and it is a credit to the artistry of the director, Herbert Brenson, as well as to the very charming and talented star.

On the stage Nanoo O'Neil delighted her audience in the role of "Raimunda," the mother, he is in the screen version Norma Talmadge is the entrancing and fiery "Acacia," the daughter, who spurns the love of her jealous step-father and is the centre of a most romantic and tragic tale. Norma Talmadge has an exceptional supporting cast, with two leading men, Courtenay Kent, who plays the role of Esteban, the step-father,

Science Proves the Danger of Bleeding Gums

Medical science proves that unhealthy gums cause serious ailments. People suffering from Porrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs.

Four out of five people over forty have Porrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Porrhoea germs.

Guard your health and your teeth. Keep Porrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Porrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S FOR THE GUMS Checks Porrhoea

WITNESS WILL NOT APPEAR AT ENQUIRY

Hears Paine Will Not Testify on Police Charges, Though Summoned

When two members of the City Police Commission meet to-night to investigate charges made by J. E. Paine against the City Detective Department, they probably will find that Paine is not present to give evidence.

Mayor Porter, chairman of the Commission, stated to-day that Paine has been formally summoned by the Police Commission to appear, but to-day the Mayor was informed by the police that Paine had left town and would not appear.

The Mayor himself reiterated his previous announcement that he would not attend to-night's meeting of the Police Board, but Police Commissioner Allan Macdonald has gone ahead with the investigation of Paine's charges. It is understood.

Decision to hold an investigation into the Police charges was reached by the Police Board at its last meeting. Dr. Hall and Mr. North outvoting the Mayor. Paine had also been summoned to appear in the Police Court, but he determined that he would not appear.

Does Not Want Probe

Later Paine told Chief of Police John Fry that he no longer wanted an investigation and that he had been advised by his relatives not to proceed for an enquiry. Paine later signed a document stating that he did not desire any investigation and that he had taken this course of his own accord. He also determined to get to the bottom of the city police force.

Commissioners Hall and North said that they have power to summon Paine under the authority of the Police Commission. The two commissioners, it is understood, are determined to get to the bottom of the city police force.

Mayor Will Not Attend

Whether Paine will appear to-night is still doubtful. The Mayor's statement seemed to indicate that Paine would not be present. "I shall not be present," the Mayor said. "I have always arranged meetings at the convenience of the other two commissioners, but I am busy to-night. In previous years we have met on Wednesday afternoon and the afternoon and there were business men sitting on the Board then, but the other two commissioners now have no business to attend."

As a matter of fact, the Commission takes too long over its business, continually wasting time with long speeches. The Commission could get through in fifteen minutes the business the Commission takes an hour or more to transact."

Ready For Games

Baseball, bats, lacrosse sticks and football were part of the sporting equipment and it rather looks as if all the boys figure on having a really good time during their stay here. A hospital corps is part of the camp. One of the outstanding features of the camp staff and instructional section is the number of decorations, honors and service ribbons earned by the different members during the late war.

Official Staff

Colonel Bennett, D.S.O., M.C., is commandant, with Capt. Woods, M.C., M.C.; Adj. Capt. Anderson, medical officer, and Nairn, Sister Saunders, R.R.C. of Victoria Permanent Force official, with Capt. Westmoreland in charge of transportation.

The Vancouver contingent is under the command of Capt. Bundy, with Capt. Steves as adjutant; Musketry Officer Major King, quartermaster; Capt. Moodie, transport; Lieut. O'Keane with Lieut. G. H. Bennett, Neabitt, Paquet, Gamey, Bennett and Wilson.

STILL OIL WELLS DESPITE SALT WATER

Mining Engineer Here From Mexico Looks For Big Canadian Field

Stories about the oil wells of Mexico petering out and filling with salt water are largely for the affect they will have on prices, according to C. H. Ellacott mining engineer, who has been handling oil properties in Mexico, and who has just arrived in Victoria.

"Salt water is coming up in some of the wells of the Mexican Petroleum and other companies," Mr. Ellacott said, "but that is what happens all wells in such a location as the oil at the top is drained off, and there is only so much oil in every well. But these companies own immense properties, and they are continually sinking new wells to take the place of those which become exhausted."

"Mexico is a wonderful oil country and none of the experts can tell just how much there is there. Some of those wells down there have a flow of 60,000 barrels a day, and the people think nothing of it."

"Political conditions there are still unstable, and it will be unstable for some time, it is Mexico, you know."

Mr. Ellacott believes there will be a big oil field opened up in Northern Canada. He and other engineers in the Mexican fields have been looking for it for some time. He said the Peace River ought to produce oil.

"I hear your Government is thinking of trying to work these fields itself," Mr. Ellacott went on. "I never heard of anything so ridiculous in the oil business. The oil game is a big game, and it is no game for a piker. It is only a gambler and one who has made money in it can afford to go into it. It costs around \$150,000 to sink a well, and one who can't afford to be sunk before he has made money in it is too big a proposition for a Government here to go into and gamble the people's money on, unless the Government has big sums of money to use."

Mr. Ellacott before going to Mexico was known as a mining engineer in the Kootenays and in the Grand Forks district.

PAPERS COMMENT ON VOTERS' CHOICE

(Continued from page 1.)

Regina Leader

Regina, June 28.—The Regina Leader says: "The tremendous majority accorded the National Progressive candidate in the Medicine Hat constituency, and especially the majority accorded to the Liberal candidate in the West, which is in favor of the Progressive movement and points to a co-operation of all Liberal elements in the West in the next general election. The folly of Assiniboia has been remedied."

Winnipeg Tribune

Winnipeg, June 28.—The Winnipeg Tribune says: "The by-election in Medicine Hat is evidence of a popular upheaval in the West which is likely to say that any leader controls for the purpose of his group or party. Mr. Crerar does not control the movement in the West which is in favor of the Progressive movement, but so far as it has gone it is nebulous and is without specific aims. For that very reason it is potent."

Edmonton Journal

Edmonton, June 28.—The victory in Medicine Hat is not one for the Progressives," says the Edmonton Journal. "Help from F. A. Crerar was welcome just as it was from organized labor, but at the outset his leadership was directly repudiated. Gardiner is the direct representative of the narrowest kind of a class movement. A few such triumphs must bring chaos in Canadian affairs."

Lethbridge Herald

Lethbridge, June 28.—Dealing with the Medicine Hat by-election, The Lethbridge Herald says: "At any rate the free trade bogey did not alarm the majority of the electors of one of the principal industrial cities of Western Canada, and the big majority for the Progressive candidate in Medicine Hat City stands out there as the most significant feature of the by-election."

Saskatoon Star

Saskatoon, June 28.—The Saskatoon Star says the result of the Medicine Hat by-election "is a striking indication of the solidarity of the West behind the new National Policy."

Montreal Canada

Montreal, June 28.—Le Canada says: "The decision in Medicine Hat shows the sentiment in general among the population of Canada—that everywhere people have, as it were, joined hands to make Mr. Meighen understand that he does not represent the people and that he has usurped power."

St. John Telegraph

St. John, N. B., June 28.—The St. John Telegraph says the outcome of the Medicine Hat by-election "is a smashing blow to the hopes of the Meighen administration, particularly in view of the canvass made in behalf of its standard-bearer."

St. John Standard

The St. John Standard says: "Opposition newspapers will be telling their readers to-day that it is another specimen of the hand-writing on the wall. Well, there is to be said about it, that no Liberal had pluck enough to attempt

Medicine Hat News

The magnificent victory which was secured at the polls in the Federal riding yesterday by Robert Gardiner, Minister of the Interior, in the West in pronouncement against tariff restrictions."

Want Income Tax

The Committee's memorandum will suggest that the Government either hand over to the cities the proceeds of the provincial income tax collected from residents of municipalities, or to allow the municipalities to collect the tax themselves.

Motor Tax

Some aldermen hold that the city should ask financial relief absolutely without reference to liquor profits. They feel that government liquor control is a purely a provincial matter and that it is for the Government to say what it will do with liquor profits. They believe, also, that government liquor control is a precarious business upon which it would be unwise to base a permanent municipal finance policy.

Object to Liquor Scheme

If the Government were to grant all the Legislative committee asks it would amount to a year to Victoria's revenues, provided liquor profits were as large as originally estimated, it is thought. If the Government's proposals and took over hospitals and schools it would benefit the city to the extent of \$500,000 a year, the civic authorities calculate.

AWAIT OTHER BY-ELECTIONS

(Continued from page 1.)

Ottawa, June 28.—With the holding of the by-election in Medicine Hat constituency there remain five vacancies in the House of Commons to be filled before the next session of Parliament. The seats now vacant are: West York, by the death of the late Captain Tom Wallace; St. Anthony, by the resignation of Sir Herbert Ames; Leamington, by the resignation of Sir Thomas White; Maple Creek, by the resignation of J. A. McHugh; and Durham, by the resignation of Hon. W. Rowell.

Garden Fete

Those wishing to attend the Garden-Head garden fete at the corner of Johnson and Douglas streets.
