

An outstanding date...

...the day you join the
NAVY NURSE CORPS

U. S. National Naval Medical Center, Bethesda, Md.

... FOR A CAREER

Yes — it will, indeed, be a memorable day in your life when you begin your nursing career with the Navy. For, on that day, you start out on a *planned* career — *planned* especially for your *continuous* professional progress.

When you're a Navy Nurse, you practice nursing in all its phases — caring for the men and women of the U. S. Navy and Marine Corps. But you may also specialize, if you prefer. In fact, you are *encouraged* to develop your talents and skills in some specialized field of nursing — anesthesia, dietetics, physical therapy . . . And to further your *planned* career, you have opportunity for postgraduate study at American colleges and universities.

... FOR SECURITY

Your pay as a Navy Nurse compares favorably with what you get in civilian nursing. You begin your career in the Navy Nurse Corps as an Ensign — with base pay of \$213.75 per month; to this add \$42 for subsistence; and \$60 for quarters — if Government quarters are not furnished. Your pay increases with promotion; and also after each two years of service.

And although it may not seem important to you now — you *do* have retirement benefits for your later years.

... FOR TRAVEL

You find the Navy everywhere — at home, abroad — on land, sea, and in the air. And everywhere the Navy goes, it takes its Nurses. So when you're a Navy Nurse, you

Hospital Ship USS Consolation

always have the added thrill of "going places" — a chance to serve in Navy's many hospitals ashore — in hospital ships afloat — and to enjoy the culture and the customs of foreign lands.

... FOR MEMBERSHIP in the *White Task Force* — the Navy Nurse Corps — you must have certain qualifications — age — education — training. To find out all the details, visit — or write the nearest Office of Naval Officer Procurement; or perhaps you'd like to read about the interesting life you lead when you're a Navy Nurse? Then send for a copy of the new illustrated book "White Task Force." Just mail a postcard to BUMED, Washington 25, D. C.
