Hardy Herbaceous, Rock
Garden, Native Plants
and Rare Shrubs

NIK-NAR NURSERY

G. LATTA CLEMENT

1934

U. S. Department of Agriculture

BILTMORE STATION.
ASHEVILLE, NORTH CAROLINA

PLEASE READ

All previous prices cancelled.

No single plant sold for less than 25c, 6 at one dozen rate. If interested in large quantities write for special prices.

Cash must accompany all orders unless credit has been established.

All plants are packed and delivered F. O. B. Biltmore Station, Asheville, N. C.

Our plants as a rule are field grown; however a few are shipped from pots for best results. Our native plants are also nursery grown. We reserve the right to ship collected plants should our supply be exhausted.

We guarantee all plants to be in a healthy condition but cannot be responsible for cultural results. We use the utmost care in shipping, but should an error be made, please notify us at once and we will be responsible to the extent of the item, either in replacement of plants or refunding the money. We list a greater variety of Native Plants than any dealer from this section. Inquiries for rare and unusual plants are invited.

CLIMATE—Our climate is very trying on many plants as we have very little snow. The constant freezing and thawing is worse than a steady cold, even though more severe. Our temperature varies from 97 degrees to zero. All plants listed are hardy here.

SEEDS—If interested in obtaining seeds from us please place your order early and we will endeavor to secure them for you in time for fall delivery. 25c per pk.

WE CO-OPERATE WITH THE STATE CHAIRMAN OF THE CONSERVATION DEPARTMENT OF THE GARDEN CLUBS OF AMERICA AND HAVE HER APPROVAL OF OUR COLLECTING METHODS.

We are located one mile from Biltmore Station, Asheville, N. C. Visitors are welcome at any time.

NIK-NAR NURSERY

NO SINGLE PLANT SOLD FOR LESS THAN 25c.

	3	12
ACHILLEA (Milfoil or Yarrow)—Any soil, full sun.		
<i>philipendula</i> —Heads of bright yellow, 3 ft.60	\$ 2.00

GAILLARDIA (<i>Blanket Flower</i>)—One of the best for cutting.		

	3	12
grandiflora—Yellow and brown single blooms60	2.00
GAULTHERIA (Aromatic Wintergreen)— Shade and very acid soil.		
R procumbens—Native. White bell-shaped flowers, followed by red berries, 3 in.....	.75	2.50
GENTIANA —Nothing else gives the intense blue of the gentians.		
R andrewsi—Native. Closed gentian. Shade and humus, 18 in.....	.75	2.50
R porphyrio—Native. Intense blue with green and yellow markings in throat. Unsurpassed for beauty. Easily grown in open sandy loam if acid. 8 in., 50c each.		
R decora—Native. Heavenly blue blossoms. Moisture75	2.50
GEUM (Avens)—Excellent for cutting.		
Lady Strathedon—Double yellow, 18 in.75	2.50
Mrs. Bradshaw—Semi-double, orange-red75	2.50
GERANIUM (Crane's Bill) — Good for naturalizing, or in shady border.		
maculatum — Native. Soft lavender flowers one inch across. 18 in.....	.60	2.00
sanguineum—Rosy-pink flowers, 12 in.	.75	2.50
GILLENIA (Indian Physic)		
trifoliata — Native. White stars in masses on wiry red stems. Effective75	2.50
GLOBULARIA (Globe Daisy)—Rosettes of handsome foliage.		
R cordifolia—Attractive blue flowers, 6 in.75	2.50
R bellidifolia—Violet blue balls, 6 in. Rare75	2.50
R trichosantha—Heads of blue on 6 in. stems75	2.50
GRASSES (Festuca)		
R glauca—Glaucous blue foliage, 10 in.75	2.50
GYPSOPHILA (Baby's Breath) — Unsurpassed for mixed bouquets and for drying.		
R cerastioides — Wonderful for rock work. White flowers. 2 in.....	.75	2.50
paniculata—Mists of white flowers, 3 ft.75	2.50
R repens (Chalk Plant)—Grey foliage, blooms all summer, 6 in.....	.75	2.50
HELENIUM (Sneezewort) — Showy fall blooming plants.		
autumnale superbum—Deep golden yellow, 3 ft.....	.75	2.50

	3	12
riverton beauty—Lemon yellow, disk of purple, 3 ft.....	.75	2.50
HELIANTHEMUM (Rock or Sun Rose)—Evergreen shrubby plants.		
R Buttercup—Deep green foliage, yellow flowers. One of the best. 6 in.	.75	2.50
R Bride—Silver grey foliage, white..	.75	2.50
R Fireball—Green foliage, double scarlet75	2.50
R Mutabile—Good foliage, pink, white or red75	2.50
R Rhodantha carneum—Silver foliage, pink flowers75	2.50
R Sudbury's Gem—Green foliage, bronze flowers75	2.50
HELIANTHUS (Sunflowers) — Handsome for mass planting and cutting.		
multiflorus fl. pl.—Clear yellow, 4 in. across, 3 ft. Not very hardy here..	.75	2.50
native—Mixture for naturalizing.....	.60	1.50
HELONIAS —Showy and unusual plants for bogs.		
bullata—Native. Broad leaves at base, 18 in. Scape covered with pink flowers. 50c each.		
HEMEROCALLIS (Day Lily)—Easily grown and showy plants for the hardy border.		
aurantiaca—Yellow, fragrant.....	.75	2.50
dumartieri—Orange75	2.50
flava—Lemon lily, clear yellow.....	.75	2.50
fulva—Brown day lily, common roadside lily60	1.50
kwanso—Large double flowers, coppery orange60	2.00
luteola—Yellow, late75	2.50
middendorfi—Orange-yellow75	2.50
thunbergi—Pale yellow, late.....	.75	2.50
HERNIARIA —		
R glabra—Excellent for carpeting. Sun or shade. Evergreen, turning red in winter75	2.50
HEPATICA (Liverwort) —No woodland garden is complete without these charming plants. Blues, pinks and whites can be supplied in separate colors but at advanced prices.		
R americana—Native. Blue flowers predominate, 4 in., marbled leaves....	.60	1.50
R acutiloba—Marbled foliage, white flowers as a rule.....	.60	1.50
HEUCHERA —Beautiful foliage and attractive bell-shaped flowers.		
americana—Native. Cream flowers, marbled leaves60	1.50
hybrids—Interesting colors in mixture.	.75	2.50

		3	12
	<i>sanguinea</i> —Pink spike, good for cutting	.75	2.50
	<i>villosa</i> —Native. White spikes in fall..	.60	2.00
HIBISCUS (Mallow)—Stately and showy plants. Red, pink or white.....		.75	2.50
HOLLYHOCK —No garden is complete without these old-fashioned flowers.			
Double—Yellow75	2.50
Single—Deeper shades in mixture.....		.75	2.50
HOUSTONIA (Blueets)—One of our daintiest flowers for rock gardens or naturalizing.			
R <i>caerulea</i> —Native. Biennial forget-me-not-like flowers, 4 in.....		.60	2.00
R <i>serpyllifolia</i> (Repens)—Native. A wonderful ground cover in damp or shady places. 1 in.....		.60	2.00
R <i>purpurea</i> —Native. Purple flowers on 6 in. stems.....		.60	2.00
R <i>montana</i> —Native. Clear pink waxy petals, branched, 4 in. Very rare and choice75	2.50
HYMENOCALLIS (Spider Lily)—The aristocrat of all native plants. The only hardy spider lily.			
<i>occidentalis</i> —Strap-shaped foliage. Four to six pure white spidery blooms on scapes two feet high. Very fragrant. \$1.50 each.

<i>graveolens</i> —Handsome yellow blossoms on stems 1-3 ft. Very rare. 75c each.			
R <i>reptans</i> —Dark green foliage. Large yellow flowers in abundance. One of the best75	2.50
See other species under shrubs.			
HYPOXIS (Yellow Star Grass)—Interesting bulbous plants for the rock garden.			
R <i>erecta</i> —Grass-like foliage, yellow flowers, 6 in.....		.60	1.50
IBERIS (Candytuft)—Very satisfactory plants for edgings and rock work. Evergreen foliage.			
R <i>gibraltarica</i> —Sheets of lavender blooms in spring. Usually a biennial with us60	2.00
R <i>sempervirens</i> — <i>nana compacta</i> —Glossy green foliage and masses of pure white flowers in spring.....		.75	2.50
INULA (Fleabane)—Giant yellow flowers similar to sunflowers on stiff stalks, 18 inches.			
<i>royleana</i> —From the Himalayan wilds.		.75	2.50

IRIS (Poor Man's Orchid)—So easily grown and showy that one cannot have too many.

(Bearded Varieties)

- Alcazar—Violet, purple.
- Ambassadeur—Lavender, maroon.
- Brooksiana—Light lavender self-color.
- Candlebra—Blend of yellow and lavender.
- Flavescens—Soft creamy yellow.
- Florentina—Pale blue, almost white.
- Gold Crest—Sky blue, gold beard.
- Gracchus—Yellow, purple.
- Her Majesty—Rose, pink.
- Honorabilis—Canary yellow, brown.
- Iris King—Yellow, maroon.
- Jacquesiana—Wine and plum color.
- Juanita—Blue.
- Lohengrin—Deep violet lavender.
- Lord of June—Clear light blue.
- Loreley—Yellow, blue.
- Madam Chereu—White edged blue.
- Mother of Pearl—Name describes.
- Pallida Dalmatica—Soft lavender, blue.
- Purple King—Dark violet purple.
- Quaker Lady—Smoky lavender with yellow.
- Queen of the May—Pink.
- Sherwin-Wright—Bright clear yellow.
- White Knight—Pure white, early.
- Mixture—10 of 10 varieties, \$5.00.
- Any of the above at \$1.00 per dozen.

(Dwarf Varieties)

- R Cristata—Native. Clear blue, 4 in..\$.60 \$ 1.50
- R Cristata alba—Pure white form of above, \$1.00 each.
- Pumila-cearulea—Light blue, 4 in..... .75 2.50
- R Pumila-Sambo—Deep violet, 4 in... .75 2.50
- R Prismatica—Native. Light blue; damp, 12 in..... .60 2.00
- R Verna—Native. Amethyst blue, fragrant60 1.50
- Versicolor—Native. Light blue and yellow; damp; 18 in..... .60 1.50

(Various Species)

- ochroleuca-gigantea—Creamy white flowers with wonderful texture. Yellow stripe on each petal..... .75 2.50
- pseudacorus—Deep golden yellow; dry or wet land..... .60 1.50
- sibirica—Deep rich blue..... .60 1.50
- sibirica alba—White form of above.... .60 1.50
- kaempferi—Japanese. Prefer damp soil; purple only75 2.50
- kaempferi—Mixed Choice75 2.50

ISATUS (Golden Gypsophila)—A great addition for the hardy border.		
<i>boissieriana</i> —Masses of yellow flowers in spring and lasting a long time...	.75	2.50
JASIONE (Sheep Scabious)—Blooms all summer.		
<i>R perenne</i> —Dainty blue flowers on 6 in. stems75	2.50

<i>vera</i> —Grey foliage, lavender flowers.		
LEPACHYS COLUMNARIS —		
The Obelisk—Flower Yellow with brown cones. Unsurpassed for constant bloom in hot, dry places.....	.75	2.50
LIATRIS (Gay Feather)—Showy plants for the border.		
<i>R Helleri</i> —Native. Very dwarf form for rock garden. Very rare and choice. 35c each.		
<i>pycnostachya</i> —Spikes of rich purple, 5 ft.75	2.50
<i>scariosa</i> —Native. A favorite of the gay feathers, 4 ft.....	.60	2.00
<i>spicata</i> —Native. Smaller than above..	.60	1.50
LILIES —Popular and showy border plants.		
<i>canadense</i> —Native. Yellow, 2-4 ft....	.75	2.50
<i>candidum</i> (Madonna Lily)—Pure white, fragrant75	2.50
<i>carolinianum</i> — Native. Deep orange flowers75	2.50
<i>Grayi</i> —Native. Slender, bright orange-red75	2.50
<i>philadelphicum</i> —Native. Orange-red, 2 ft.75	2.50
<i>regale</i> —White lined pink.....	.75	2.50
<i>superbum</i> —Native. Handsomest of all.	.75	2.50
<i>R tenuifolium</i> —Coral lily. Excellent for rock gardens60	2.00
<i>tigrinium</i> —Orange scarlet; very hardy.	.60	2.00
Spider Lily—See <i>Hymenocallis occidentalis</i> .		
LINARIA —Plants of easy culture.		
<i>R alpina</i> —Choice biennial from Switzerland; purple and orange. Snapdragon-like flowers, 4 in. Seeds freely60	2.00

	3	12
R <i>alpina rosea</i> —Rose-colored form of above75	2.50
<i>cymbalaria</i> —Kentworthy Ivy—Dainty trailing vine for rock walls or hanging baskets. Lavender blooms.....	.60	1.50
<i>dalmatica</i> —Butter and Eggs—Yellow and orange. Escaped.....	.60	1.50
LINUM (Flax) —Graceful plants for sunny situations.		
R <i>alpinum</i> —Prostrate form, blue, blooms all summer75	2.50
R <i>flavum</i> —Large golden blooms.....	.75	2.50
R <i>narbonense</i> —Very graceful and handsome75	2.50
<i>perenne</i> —Feathery foliage, blue.....	.75	2.50
<i>perenne alba</i> —White form of above...	.75	2.50
LOBELIA —Prefer damp sunny situations.		
<i>cardinalis</i> —Native. Cardinal Flowers. Fiery red spikes, 2 ft.....	.60	2.00
<i>syphilitica</i> —Native. Intense blue flowers, 2-4 ft.....	.60	2.00
LONICERA (Woodbine) —Native. Handsome vines with spring blooms.		
<i>sempervirens</i> —Clusters of "firecracker"-like flowers, 15-20 ft.....	.75	2.50
LYCHNIS (Campion) —Choice for sunny situations.		
R <i>alpina</i> —Very dwarf, spikes of rose, 4 in.75	2.50
R <i>arkwrighti</i> —Bright orange-scarlet, 8 in.75	2.50
<i>chalcedonica</i> —Heads of brilliant scarlet, 18 in.75	2.50
<i>chalcedonica alba</i> —White form of above	.75	2.50
R <i>viscaria splendens</i> —Bright rose, 12 in.75	2.50
LYCOPODIUM —Excellent evergreen plants for ground cover in deep shade.		
<i>complanatum</i> —Native. Trailing Christmas pine, 4 ft.....	.75	2.50
<i>lucidulum</i> —Native. Shining club moss	.75	2.50
<i>obscurum</i> —Native. Turkey brush, 6 in.	.60	2.00
<i>selago</i> —Native. Fir club moss, 2-4 in.	.75	2.50
<i>tristachyum</i> —Cedar moss, 6 in. Rare..	.75	2.50
LYSIMACHIA (Creeping Jennie) —Good ground cover, part shade.		
R <i>nummularia</i> —Bright yellow blooms in spring60	1.50
MELESSIA officinalis —Lemon balm. Very fragrant, crinkled foliage.....	.75	2.50
MENTHA (Spearmint) —Aromatic plants.		
<i>spicata</i> —Native. Good foliage, lavender flowers, 2 ft.....	.60	1.50
<i>piperita</i> (Peppermint)—For tea.....	.60	1.50

MERTENSIA (Virginia Blue Bells) — Heavenly blue flowers with pink buds. Moisture.		
<i>virginica</i> —One of the prettiest of our native plants60	2.00
MIMULUS (Monkey Flower)—Interesting plants for damp places.		
<i>ringens</i> —Native. Grinning blue flowers one inch across.....	.75	2.00
MITCHELLA (Turkey Berry)—Glaucous green leaves and bright red berries in winter. Good ground cover.		
<i>R repens</i> — Native. White blooms, creeping stems, 6-12 in.....	.60	1.50
MITELLA (Bishop's Cap)—Spikes of tiny cap-shaped flowers.		
<i>R diphylla</i> —Native. White flowers on 1 ft. stems.....	.75	2.50
MORNARDA —See bergamont.		
MYOSOTIS (Forget-Me-Not). Part shade and moisture.		
<i>R palustris</i> —Native. Blue flowers all summer60	2.00
NEPETA (Ground Ivy)		
<i>R mussini</i> —Grey foliage, lavender flowers all summer.....	.60	2.00
<i>R hederacea</i> — Native. Bright green foliage, lavender blooms, 3 ft. vines.	.60	2.00
<i>hederacea variegata</i> —Beautiful green foliage bordered with white. Unexcelled for hanging baskets.....	.75.	2.50
NIEREMBERGIA (Cup Flower)—Sheets of bloom all summer.		
<i>R fruticens</i> — Lavender blue flowers. 12 in. Very choice and rare.....	.75	2.50
<i>R rivularis</i> —Large white flowers. Part shade. 2 in.....	.75	2.50
NOTHOSCORDIUM —Similar to the <i>Alliums</i> but does not have the alliaceous odor.		
<i>bivalve</i> —Native. Umbels of cream-colored flowers with a purple stripe on the reverse of the petals. Very beautiful75	2.50
ORCHIDS (Native)		
<i>Aplectrum spicatum</i> (Putty root)..One large olive green leaf with white veins, in winter. Spike or purplish flowers in summer; 3 ft.....	.75	2.00
<i>Cypripedium acaule</i> (Moccasin flower)—Large pink lady slipper, 12 in. Acid soil75	2.50
<i>Cypripedium hirsutum</i> (Large Yellow Lady's Slipper)—Handsome bright yellow flowers, 18 in.....	.75	2.50

	3	12
<i>Cypripedium parviflorum</i> (Small Yellow Lady's Slipper)—Small form of above, 18 in.75	2.50
<i>Goodyera pubescens</i> (Rattlesnake Plant)—Handsome green and white foliage60	1.50
<i>Habenaria ciliaris</i> (Yellow Fringed Orchid)—Gorgeous orange flowers, 12 in.75	2.50
<i>Habenaria clavelleata</i> —Small yellow-green blooms, 8 in.....	.75	2.50
<i>Habenaria cristata</i> —Bright orange, crested, Very acid bog soil. 12 in., 35c each.		
<i>Habenaria psychodes</i> (Small Purple Fringed Orchid)—Spikes of bright lavender flowers, fragrant.....	.75	2.50
<i>Limodorum tuberosum</i> (Grass Pink)—Handsome lavender flower on 12 in. stems75	2.50
<i>Orchis spectabilis</i> (Showy Orchis)—Daintiest of all. Lavender and white, 5 in.....	.75	2.50
<i>Pogonia ophioglossoides</i> (Snake Mouth)—Charming pink flowers on 6 in. stems. Bogs.....	.75	2.50
<i>Spiranthes cernua</i> (Ladies Tresses)—White fragrant flowers, 8 in.....	.60	2.00
<i>Tipularia unifolia</i> —One leaf in winter, maroon underside. Spike of purple flowers in August.....	.60	2.00
OXALIS —		
<i>R. violacea</i> —Lavender flowers on 4 in. stems60	1.50
ORNITHOGALUM (Star of Bethlehem)—Escaped from Europe.		
<i>R. umbellatum</i> —White stars which close at night, 6 in.....	.50	1.00
PACHYSTIMA canbyi —See shrubs.		
PACHYSANDRA (Japanese Spurge)—Ground cover for shade.		
<i>terminalis</i> —Dark green foliage, evergreen, 6 in.....	.60	2.00
PAPAVER (Oriental Poppy) —Large flowers for summer.		
hybrids—Pinks, reds, salmons, orange..	.75	2.50
PARONYCHIS (Silver Whitlow-Wort)—Excellent for hot sun in rocky places.		
<i>argyrocoma</i> —Native. Mats of grey-white foliage with white flowers. Choice75	2.50
PASSIFLORA (The Crucifixion Plant)—Poor soil, 4 ft. vines.		
<i>incarnata</i> —Handsome lavender and white flowers60	2.00
<i>lutea</i> —Pale yellow.....	.60	2.00

PEDICALARIS (Wood Betony)—Fern-like leaves. Open woods.		
<i>canadensis</i> —Native. Brown and yellow flowers, 8 in.....	.60	2.00
PENTSTEMON (Beard Tongue) — Excellent for summer bloom in borders.		
<i>barbatus torryei</i> —Coral red spikes on 2 ft. stems.....	.75	2.50
<i>barbatus torryei</i> hybrids—Pale pink to purple75	2.50
<i>ovatus</i> —Shrubby and covered with rosy-purple flowers all summer.....	.75	2.50
<i>hirsutus</i> —Native. Purplish pink, 18 in.	.60	2.00
<i>pubescens</i> —Lavender flowers on spikes.	.60	2.00
<i>unilateralis</i> —Opalescent blue flowers, 18 in.75	2.50
PHLOX —The most satisfactory of all plants for show and ease of culture.		
DECUSSATA TYPE —Bloom all summer if old blossoms are kept cut off. 2-4 ft.		
<i>B. Compte</i> —Amaranth red; very showy	.75	2.50
<i>Enchantress</i> —Soft salmon75	2.50
<i>Graf Zeppelin</i> —White, large red eye...	.75	2.50
<i>Jules Sandeau</i> —Deep salmon pink.....	.75	2.50
<i>Mrs. Chas. Dorr</i> —Soft lavender.....	.75	2.50
<i>Mrs. Jenkins</i> —Pure white.....	.75	2.50
<i>Rijinstrom</i> —Bright rose pink.....	.75	2.50
<i>Thor</i> —Deep salmon pink.....	.75	2.50
<i>Widar</i> —Lavender-purple, white eye....	.75	2.50
<i>Sir Edwin Landseer</i> —Watermelon pink	.75	2.50
SUFFRUTICOSA TYPE —		
Alpha— <i>Lingard</i> foliage, rosy-pink ^d blooms75	2.50
Miss <i>Lingard</i> —White, pink eye, good bloomer75	2.50
SUBULATA TYPE (Moss Pinks)—Unsurpassed for rock work.		
R <i>australis</i> —Native. Shades of pink..	.60	2.00
R <i>Alba</i> —Pure white, yellow stamens..	.75	2.50
R <i>Peach Blossom</i> —Pink with white eyes	.75	2.50
R <i>Bride</i> —White, pink eye.....	.75	2.50
R <i>Fairy</i> —Small lavender blooms.....	.75	2.50
R <i>Lilacina</i> —Rank growth, lavender, purple eye75	2.50
R <i>Rosea</i> —Bright rose color.....	.60	2.00
R <i>Rosea-red</i> —Dark form of above....	.75	2.50
R <i>G. F. Wilson</i> —Soft lavender-blue...	.75	2.50
R <i>Vivid</i> —Pure pink. Slow growth. Choice75	2.50
R <i>BRITTONI</i> —Native. White with purple eye75	2.50
NIVALIS —Similar to the <i>sabulata</i> type. but more attractive in foliage and color. Two weeks later. Very rare and beautiful.		

- R **Anne Knight**—Native. Soft lavender-purple, 50c each.
- R **Col. Moore**—Native. Pure white, 50c each.
- R **Mary Alice**—Native. Fine spiny foliage, soft pink blooms with red eye, which completely smother the plant. 50c each.
- R **Sir Guilford**—Native. Coarse foliage, very large pink blooms with red eye; very handsome. 50c each.

VARIOUS TYPES—

- R **amoena**—Native. True variety of this handsome plant. Rose colored flowers, 12 in..... .60 2.00
- amplifolia**—Native. Pink to purple, 2-4 ft.75 2.50
- carolina**—Native. Bright rosy purple, 2-4 ft.60 2.00
- ovata**—Native. Large pink blooms, early, 18 in..... .75 2.50
- R **divaricata canadensis**—Native. Blue, creeping with upright stems, 8 in... .75 2.50
- pilosa**—Native. Deep pink blossoms, 12 in.75 2.50
- R **stolonifera (reptans)**—Native. Soft violet colors on creeping stems, 6 in.60 2.00

PHYSALIS (Chinese Lantern Plant)—
Handsome seed pods for drying.

- francheti**—Orange-scarlet fruits in fall .60 2.00

PHYSOSTEGIA (False Dragon's Head)—
Easily grown plants.

- virginiana**—Native. Spikes of lavender flowers, 2 ft..... .50 1.50
- virginiana alba**—White form of above. .50 1.50
- R **vidid**—Bright pink. Late blooming, 18 in.60 2.00

PLATYCODON (Japanese Balloon Flower)—Splendid for summer bloom.

- grandiflora**—Deep blue flowers, 2 ft.... .75 2.50
- R **mariesi**—Dwarf species. Blue, 12 in. .75 2.50

PLUMBAGO (Leadwort)—Shrubby plants for fall bloom.

- R **larpentae**—Intense blue flowers, 6 in. .75 2.50

PODOPHYLLUM (May-apple)—Part shade in damp places.

- R **peltatum**—Native. Large leaves, cream blossoms, fragrant..... .60 2.00

POLEMONIUM (Jacob's Ladder)—Beautiful ladder-like foliage.

- R **reptans**—Native. Showy clusters, blue, 8 in..... .75 2.50

- Richardsoni**—Erect stems of blue flowers, 2 ft.75 2.50

POLYGONATUM (Solomon's Seal)—For woodland planting.

	3	12
<i>biflorum</i> —Native. Dwarf, blue fruit, 12 in.60	1.50
<i>commutatum</i> —Native. Handsome foliage, white bells, 2-4 feet.....	.60	1.50

SALVIA (Meadow Sage)—Indispensible for borders.		
<i>azurea</i> —Sky-blue flowers, 3 ft.....	.75	2.50
<i>bracteata</i> —Large foliage, white or rose bracts. Very striking.....	.75	2.50
<i>farinacea</i> —Bright blue flowers all summer75	2.50
<i>pitcheri</i> —Gentian blue flowers, 4 ft....	.75	2.50
SANGUINARIA (Blood-root)—Plants of great beauty. Shade.		

	3	12
R canadensis—Native. Large waxy white flowers before the leaves appear60	1.50
SANTOLINA (Lavender Cotton) — Gray shrubby plants.		
R chamaecyparissus—Fragrant foliage, yellow flowers75	2.50
R SAPONARIA ocymoides (Soapwort)—Excellent for dry walls. Pink.....	.75	2.50
SARRACENIA (Pitcher Plants)—Interesting plants for bogs.		
flava—Native. Huge trumpets with yellow flowers75	2.50
Jonesi—Native. Tall narrow pitchers, red blooms; rare. 35c each.		
minus—Native. The most interesting and beautiful. Transparent windows in trumpet. 35c each.		
purpurea (venosa)—Native. The saddle-back plants; red.....	.75	2.50
SAXIFRAGA —Damp places.		
R micranthidifolia—Native. Lettuce saxifrage. Has reddish-bronze foliage; white, 2 3 ft.....	.60	1.50
R virginiensis—Native. White flowers, 12 in.50	1.00
R petilolaris—Mists of white flowers in late summer and fall. Rare.....	.75	2.50
SCABIOSA (Pincushion Flower)—Good for cutting.		
caucasica—Blue flowers on stiff stems, 2 ft.75	2.50
japonica—Lavender blooms in profusion	.75	2.50
SEDUMS (Stone Crop)—“The backbone of the rock garden.”		
R acre—Golden moss-creeping; yellow	.50	1.50
R acre Major—Large form of above....	.60	2.00
R album—White, 4 in.....	.50	1.50
R altissimum—Gray foliage, 6 in.....	.60	2.00
R brevifolium—Tiny gray leaves, purple stems; excellent60	2.00
R dasyphyllum—Small gray foliage; charming60	2.00
R ewersi—Coarse foliage, pink, 12 in.	.60	2.00
R glaucum—Mossy gray plants.....	.60	2.00
R kamchaticum—Bright orange, 8 in..	60.	2.00
R linera—Bright green, spiny foliage..	.50	1.50
R linera verigata—2½ in. pots.....	.60	2.00
R lydium—Mossy, bright red in winter	.60	2.00
R middendorffianum—Bright red foliage in winter60	2.00
R nevii—Gray-green rosettes, white..	.60	2.00
R pulchellum—Native. Bright green and red in winter; rose.....	.60	2.00
R pruinatum—Soft gray spines.....	.60	2.00

R Rhodiola roamensis —The rarest native sedium. The only plants in cultivation. Re-discovered recently after being lost for years. Rose, 10 in. 50c each.		
R rupestre —Blue-red leaves in winter. Good60	2.00
R sarmentosum —Stringy stone crop, yellow50	1.50
R sexangular —Golden blossoms. Good.	.60	2.00
R sieboldi (Nickels and Dimes)—Gray heart-shaped leaves bordered with red. Pink, 8 in.....	.60	2.00
spectabilis (House Leek)—Rose, 18 in.	.60	2.00
spectabilis brilliant —Red form of above	.75	2.50
R ternatum —Native. Good ground cover in shade. White to pink.....	.50	1.50
telephoides —Native. Glaucous blue foliage. White to pink flowers, 12 in.	.60	2.00
SEMPERVIVUM (Hen and Chicks)—Interesting rosettes for walls and well drained places.		
R arenarium —Small rosettes, green, cream flowers60	2.00
R arachnoideum —Cob-web house leek.	.75	2.50
R brauni —Bronze cushions, yellow blooms60	2.00
frimbriatum —Pointed leaves—pink.....	.75	2.50
R globiferum —Flat rosettes, tipped with red60	2.00
rubicundum —Large reddish rosettes...	.75	2.50
R tectorum —Large brown-tipped rosettes50	1.50
SENECIO (Ragwort)—Spring—		
aureus —Native. Bright yellow, 18 in..	.60	2.00
SHORTIA (Oconee Bells)—Charming woodland plant of easy culture. Acid soil and shade.		
R galacifolia —Glossy evergreen foliage and waxy white to pink bells, 6 in..	.75	2.50
SIDALCEA (Prairie Mallow)—Excellent plants for the border. Cutting.		
grandiflora —Rose colored, 2-3 ft.....	.75	2.50
rosy gem —Summer blooms, pink.....	.75	2.50
SILENE (Catchfly)—Sun loving plants.		
R alpina —Gray foliage, white bladder-like flowers, 6 in.....	.75	2.50
R carolinianum —Native. Masses of clear pink flowers. Very beautiful. 50c each.		
dianthifolia —Cream flowers, 2 ft. Excellent for cutting.....	.75	2.50
ovata —Native. Beautiful fringed white flowers, 2-3 ft.....	.75	2.50
R schafta —Orange scarlet, 8 in.....	.75	2.50
stellata —Native. White blossoms on 3 ft. stems.....	.75	2.50

	3	12
<i>R virginica</i> (Fire-pink)—Native. Brilliant scarlet. Our best red native plant75	2.50
<i>vulgarius</i> —Escaped. White on 3 ft. stems. Usually a pest but lovely..	.75	2.50
SMILACINA (False Solomon's Seal)— <i>racemosa</i> —Native. Feathery white flowers at tip of each stalk. Red fruit60	2.00
SISYRINCHIUM (Blue-eyed Grass)—Iris-like foliage. <i>R augustifolium</i> —Native. Bright blue flowers, .8 in.....	.60	2.00
STACHYS (Bunny's Ears)—Gray felt leaves. Sun. <i>R lanata</i> —Spikes of lavender bloom, 18 in.75	2.50
STATICE (Sea Lavender)—Excellent for cutting. <i>latifolia</i> —Mists of lavender flowers, 15 in.75	2.50
STOKESIA (Cornflower Aster) — Coarse foliage, summer bloom. <i>cyanea-caerulea</i> —Large blue flowers... <i>cyanea-alba</i> —White form of above....	.75 .75	2.50 2.50
TEUCRIUM —Evergreen shrubby plants of great value in rock gardens or for low hedges. <i>R chamaedrys</i> — Lavender blooms in summer, 10 in.....	.75	2.50

THALICTRUM (Meadow-rue) — Beautiful foliage plants for part shade. <i>dioicum</i> —Native. Greenish yellow flowers, 20 in.....	.60	2.00
<i>diptercarpum</i> —Soft lavender flowers, 2 ft.75	2.50
<i>glaucum</i> —Yellow flowers, 3 ft.....	.75	2.50
<i>polygamum</i> — Native. White flowers, 4 ft.60	2.00
THYMUS — <i>R citriodorus</i> — Golden leaves, lemon scented75	2.50
<i>R lanuginosum</i> —Gray wooly foliage. Lavender75	2.50
<i>R serpyllum</i> —Green foliage and lavender flowers60	2.00
<i>R .serpyllum coccineus</i> —Small foliage, bright red blooms.....	.75	2.50
<i>R serpyllum alba</i> —Light green foliage. White75	2.50
TIARELLA (Foam Flower)—False miterwort.		

	3	12
R cordifolia—Native. Feathery heads of white flowers, 12 in.....	.75	2.50
TRADESCANTIA (Job's Tears)—		
R brevicaulis—Native. Rose-colored flowers, 6-8 in.....	.75	2.50
virginiana—Native. Grass-like leaves lavender flowers, 2 ft.....	.60	2.00
TRILLIUM (Wake Robin)—Beautiful woodland plants. All native.		
catesbaei (Stylosum)—Bright pink flowers fading rose.....	.60	2.00
cernuum—White nodding flowers.....	.60	2.00
erectum—White to maroon.....	.60	2.00
grandiflorum—Handsome white flowers.	.60	2.00
hugeri—Purple fragrant flowers, marbled foliage75	2.50
luteum—Rare, yellow, fragrant blooms, mottled foliage75	2.50
sessile—Deep red flowers, foliage usually marbled60	2.00
simile—Large handsome white flowers with brown ovary; one of the showiest75	2.50
undulatum (Painted Lady)—White with red markings60	2.00
TRITOMA (Red Hot Poker)—Showy plants for borders.		
hybrids—Bright colors, 3-4 ft.....	.75	2.50
TROLLIUS (Globe Flower)—Part shade.		
europeus—Bright yellow globe-shaped flowers, 18 in.....	.75	2.50
TUNICA (Coat Flower)—Grass-like foliage. Blooms all summer.		
R saxifraga—Pink flowers, 6 in.....	.60	2.00
TYPHA (Cat-tail)—Bog plants.		
latifolia—Native. Dark brown seed spikes, 3 ft.....	.75	2.50
UVULARIA (Merry Bells)—Beautiful bell-shaped flowers for part shade and humus.		
grandiflora—Native. Bright yellow bells, 2 ft.60	2.00
perfoliata—Native. Cream bells, 12 in.	.60	2.00
R sessifolia—Native. Cream bells, 8 in.60	2.00
VALERIANA (Garden Heliotrope)—Good border plants.		
coccinea—Rose flowers in showy heads, 18 in.75	2.50
coccinea alba—White form of above, 18 in.75	2.50
officinalis—Old-fashioned heliotrope. Pink buds opening white, fragrant, 4 ft.75	2.50
VERONICA (Speedwell)—Very popular and satisfactory plants.		
R alpina—Gentian blue flowers, 6-8 in.	.75	2.50

	3	12
amethystina—Deep blue, 15 in.....	.75	2.50
R erica —Spikes of pink.....	.75	2.50
R incana —Gray foliage, blue spikes, 8 in.60	2.00
longifolia subsessilis —Handsome blue spikes, 2 ft.....	.75	2.50
R repens —Pale blue, creeping, part shade75	2.50
rupestris —Deep blue, prostrate, 3 in..	.60	2.00
R rupestris —Heavenly blue, 3 in.....	.75	2.50
R rupestris nana rosea —Dwarf, pink form of above, 2 in.....	.75	2.50
spicata —Spikes of blue all summer, 2 ft.60	2.00
spicata alba —White form of above....	.60	2.00
spicata rosea —Pink form of above....	.75	2.50
R teucrium —Bright blue, 8-12 in.....	.75	2.50
VERBASCUM (Mullen) —		
English hybrids—Spikes of bright colors, mostly pinks75	2.50
olympicum —Showy plants covered with bright yellow flowers for a long period, 5 ft.....	.75	2.50
VINCA —minor. Evergreen ground cover for shade. Blue blooms.....	.60	2.00
VIOLA —Old favorites. All listed are native.		
R affinis —Pale blue. Rare.....	.75	2.50
R canadensis —White, lavender tints, 2 in.60	2.00
R hastata —Bright yellow, 6 in.....	.60	2.00
R lanceolata —White, purple veins....	.75	2.50
R palmata —Early blue60	2.00
R papilionacea —Common blue60	2.00
R pedata —Bird's Foot. Blue.....	.60	2.00
R pidata bicolor —Blue and purple....	.75	2.50
R primulifolia —White, purple veined..	.60	2.00
R pubescens —Yellow, veined purple, 10 in. ..	.60	2.00
R rostrata —Long spurred, blue.....	.60	2.00
R rotundifolia —Bright yellow60	2.00
R striata —Branched, white. Excellent garden subject75	2.50
R villosa —Blue, marbled foliage.....	.60	2.00
R walteri —Mats of evergreen foliage, often 8 in. across. Small blue flowers. One of the most choice native violets. Rare. 35c each.		
VERBENA —Perfectly hardy here. Lavender, pink or red.....	.60	2.00
XEROPHYLLUM —		
asphodeloides —Native. Grass-like foliage. Spikes of creamy white flowers on 2 ft. stems.....	.75	2.50
YUCCA (Adam's Needle) —		
filamentosa —Native. Spikes of cream-colored flowers75	2.50

DECIDUOUS SHRUBS AND TREES

(NATIVE)

AESCULUS pavia (Dwarf or Red Buckeye)— Seldom growing more than 4 ft. Clusters of orange-red flowers, followed by "Buck- eyes." Each.....	\$1.00
AMELANCHER canadensis (Service Berry)— Covered with white flowers in spring; fol- lowed by red berries. Each.....	.75
AMORPHA montana —Locust-like foliage, clus- ters of purple racemes in Spring. Each..	.75
ARONIA arbutifolia —4-6 ft. Clusters of white fragrant flowers in spring. Handsome foliage in fall. Bright red berries. Each..	.75
" niger —1-2 ft. Black fruit in fall. Each..	.50
AZALEA —	
aborescens (Sweet Azalea)—Flowers white, tinged pink; fragrant. Each.....	.75
canledulacea (Flame Azalea)—From deep cream to orange-red. The showiest of all. Each75
canescens (Mountain Azalea)—Flowers usually a bright pink; very fragrant. Each.....	1.00
nudiflora (Wild Honeysuckle)—Bright pink flowers before the leaves appear. Each..	1.00
vaseyi (Shell Pink Azalea)—The most beauti- ful of all pink azaleas. Each.....	2.00
viscosa (Swamp Azalea)—Very fragrant white flowers. Damp positions. Each.....	1.00
BACCHARIS hallmifolia —Willow-like shrubs with shiny leaves. Downy white seed pods in fall. 4 to 8 ft. Each.....	.50
CALYCANTHUS carolina (Sweet Shrub)—A rare fragrance. Chocolate-colored flowers in summer. Each.....	.75
CERCIS canadensis (Judas Tree or Red Bud)— Covered in pink pea-shaped flowers before leaves appear. Each.....	.75
CLETHRA acuminata (Sweet Pepper Bush)— Racemes of white fragrant flowers in sum- mer. Each.....	.75
COMPTONIA peregrina (Sweet Fern)—Shrubby fern-like plants. Foliage very fragrant when bruised. Each.....	.50
CORNUS florida (Flowering Dogwood)—Large white flowers in early spring. Each.....	.50
CYRILLA racemiflora (Leatherwood)—Bright green foliage, turning orange and scarlet in fall. White racemes 4-6 in. long. Each.	1.00
EUONYMUS americanus (Strawberry Bush)— Rough coral-colored fruit in fall. Each...	.50
FOTHERGILLA monticola —8-10 ft. Large "balls" of fragrant white flowers before the leaves appear. Each.....	1.00

<i>parvifolia</i> —1-2 ft. Handsome white flowers in early spring. Very rare. Each.....	1.50
FRANKLINIA <i>altamaha</i> —Handsome wax-like blossoms in summer. Very choice and rare. These plants are three feet or more tall and bloomed last summer. Each.....	5.00
GORDONIA —See <i>Franklinia</i> .	
HALESIA <i>caroliniana</i> (Silver Bells)—White bells one inch across in spring. Each.....	.75
“ <i>diptera</i> —Corolla deeply lobed. Similar to above. Each.....	1.00
HAMAMELIS <i>virginiana</i> (Witch-hazel)—Yellow flowers in fall. Each.....	.75
HYDRANGEA <i>aborescens</i> —Deep green foliage. Each50
(Climbing)—See <i>Decumaria barbara</i> vines.	
<i>radiata</i> (Wild Hydrangea)—Silvery foliage, white blooms. Each.....	.50
<i>quercifolia</i> (Oak-leaved Hydrangea)—Large oak-like leaves. Panicles of white flowers. Each50
HYPERICUM (St. John's Wort)—Semi-evergreen shrubs of real merit.	
<i>buckleyi</i> —Dense shrub about 1 ft. Foliage turning scarlet in fall. Bright yellow flowers in spring. Rare. Each.....	1.00
<i>densiflorum</i> —4 ft. Dense clusters of bright yellow flowers in spring. Not common. Each	.75
<i>glomeratum</i> —3 ft. Cymes of bright yellow flowers in late spring. Extremely rare. Each	1.50
ILEX <i>verticillata</i> (Virginia Winterberry)—Bright red berries in winter. Each..	.75
ITEA <i>virginica</i> (Virginia Willow)—Shrub growing 2-3 ft. Terminal racemes of fragrant white flowers. Each.....	1.00
MAGNOLIA <i>acuminata</i> (Cucumber Tree)—Yellow-green flowers in May. Rose-colored fruit in fall. Each.....	.75
<i>fraseri</i> (Ear-leaved Umbrella Tree)—Cream flowers, rose-colored fruit. Each.....	.75
MENZIESIA <i>globularis</i> —2-4 ft. Pedicles of yellowish-red drooping flowers. Each....	.75
MALUS <i>glabrata</i> —Our common crab-apple. Clusters of clear pink flowers in spring. Each..	1.00
PAULOWNIA <i>tomentosa</i> (Catalpa or Empress Tree)—Large panicles of lavender flowers. Very showy and handsome. Each.....	1.00
PHILADELPHUS <i>floribundus</i> —Five inch racemes of white flowers 2 in. across. Fragrant. Each	1.00
“ <i>grandiflorus</i> —Large white flowers with bright yellow stamens. Handsome. Each..	1.00
“ <i>latifolius</i> —5 to 10 large white flowers in leafy racemes. Each.....	1.00

ROBINA boyntoni (Pink Locust)—Racemes of clear pink flowers. Stem nearly thornless. Rare. Each	1.00
hispid a (Pink Locust)—Bright pink flowers in spring. Each75
SAMBUCUS canadensis (American Elder)—Flowers white, fruit purple. Each.....	1.00
pubens (Red-berried Elder)—Scarlet fruit...	1.00
STEWARTIA pentagyna (Summer Dogwood)—Large white flowers in July. These were collected in the section which the purple stamened ones came from. One cannot tell whether they will be that type or not until they bloom. Each.....	2.00
VIBURNUM acerifolium (Maple-leaf Viburnum)—White flowers, black fruit. Each.....	.75

EVERGREEN SHRUBS AND TREES (NATIVE)

CLINOPODIUM carolinianum —Small evergreen shrubs, ideal for rock gardens, 12-18 in. tall. Clusters of pink flowers in late summer. Fragrant foliage. Rare. Each.....	\$1.00
CHAMAEDAPHNE calyculata (Leather-leaf Shrub)—1-3 ft. Beautiful dark green foliage on horizontal branches, small nodding white flowers. Each.....	1.00
DECUMARIA barbara (Climbing Hydrangea)—A vine reaching 20 ft. Clusters of white blooms in spring; 4 in. pots. Each.....	1.00
DENDRIUM (Leiophyllum) —Handsome shrubs for rock work. Covered with flowers in spring.	
huger i—Evergreen, pink buds opening white, 12 in. Each.....	.50
prostrat um—Very low growing form. Flowers pale pink. Each.....	.50
HUDSONIA montana —One of our rarest and most beautiful shrubs. 12 in Spiny foliage of light green. Sheets of bright yellow flowers in spring. Very difficult. Each	1.00
ILEX cassine —Handsome foliage, dull red fruit. Each	1.50
" glabra (Ink Berry)—Shiny green foliage, black fruit. Each.....	.50
" opaca (American Holly)—Our Christmas holly	1.00
" opaca xanthocarpa —Like above but with yellow fruit. Each.....	1.50
" vomit oria—Glabrous foliage, scarlet fruit. Each	1.50
JUNIPERUS nana —Very dwarf prostrate evergreen. Very unusual and beautiful. Each..	1.50

KALMIA angustifolia (Sheep Laurel)—Crimson flowers. Each.....	.50
carolinia —Similar to above but much more pubescent when young. Flowers in purple cormbs. Each.....	.75
latifolia (Mountain Laurel) — Rose - colored flowers in abundance. Each.....	1.00
LEUCOTHOE acuminata —Extremely handsome, glistening green foliage with white flowers. Each	1.00
axillaris (Downy Leucothoe)—Dense racemes of white flowers, 5 ft. Each.....	1.00
catesbaei —Shiny dark green foliage turning bronze in fall. Fragrant white flowers in pendant racemes. Each.....	1.00
MYRICA carolinensis (Byberry)—2-6 ft. Gray fruit. Each.....	.75
“ cerifera (Wax Myrtle)—Foliage larger than the preceding. Gray fruit.....	.75
“ gale —Usually evergreen in this climate. Fragrant, katkins on end of branches. Red fruit75
OSMANTHUS americanus —Small tree. Fragrant white flowers, followed by deep purple fruit. Each.....	1.00
PACHYSTIMA canbyi —Excellent ground cover. Shade or sun. Very rare. Each.....	.50
PIERIS floribunda (Andromeda)—White flowered panicles at tips of branches. Each.....	1.50
nitida —2-4 ft. Flowers in axillary, racemes; white. Each.....	1.00
RHODODENDRON —	
carolinianum —Very early, white to pink blooms. Each.....	1.00
catawbiense (Prple Rhododendron) — Huge clusters of bright lavender-pink flowers. Each	1.50
maximum (Great Rhododendron)—Pink to white flowers in large clusters. Each....	1.00
punctatum —Bright pink flowers; late; rare. Each	2.00
TSUGA canadensis (Canada Hemlock)—Hand some trees. Each.....	.75
caroliniana (Carolina Hemlock)—The hand- somest evergreen we have. Each.....	1.50
VACCINIUM crassifolium (Evergreen Huckle- berry)—Vine-like shrub with procumbent branches. Flowers, companulate, rose- red. Each.....	1.00
“ nitidum —1-2 ft. Branched shrub. Flowers rose-red, fruit black. Each.....	.75
ZENOBIA cassinifolia —2-4 ft. Half-evergreen bush. Handsome white nodding flowers in clusters. Each.....	.75

VINES—NATIVE

BEGNONIA crucigera (Cross Vine)—Evergreen climber, orange-red flowers. Each.....	\$.35
“ radicans —Shrubby stems, large orange campanulate flowers. Each.....	.35
CELASTRUS scandens (Bittersweet) — Bright orange berries. Used for winter bouquets. Each50
CLEMATIS paniculatta —Sheets of white fragrant blooms in summer. Each.....	.35
“ viorna (Leather Flower)—8-10 ft. One inch bell-shaped flowers of deep purple. Each..	.35
COCCULUS carolinus —12 ft. Dark green foliage. Masses of glistening red berries in fall. Very beautiful. Said to be hardy as far north as N. Y. Each.....	.50
GELSEMIUM sempervirens (Carolina Yellow Jessamine)—Climbing shrub with evergreen foliage. Large wax-like yellow fragrant flowers. Extremely beautiful. Excellent in conservatory. Each.....	.50
“ sempervirens fl. pl. —Double form of above. Each75
DECUMARIA barbara (Climbing Hydrangea)—A vine reaching 20 ft. Evergreen foliage, clusters of fragrant white flowers in summer. Very rare. 4 in. pots. Each.....	1.00
