BANK ROBBER WAS CAPTURED IN VAULT

YOUTH ARMED WITH SHOTGUN HELD UP BANK IN SASKATOON

Several Shots Were Fired, But No One Was Injured; John D. Lugos Was Seized by Three Employees of Bank of Commerce After He Had Entered Vault; Police Believe His Mind Unbalanced.

Saskatoon, April 9.—The Canadian Bank of Commerce main Saskatoon office was held up at 10:35 this morning by a young man at the point of a shotgun. The youth, afterwards identified as John D. Lugos, twenty of this city, is believed to be demented. He was captured by three employees of the bank and placed under arrest after he had got into the bank's vault. Several shots were fired, but no one was struck.

Lugos was identified as the same man who at 1 o'clock yesterday morning broke into the bank by breaking a window with his fist, calling upon A. S. Wright, probation officer, to assist him. He then escaped before the police arrived.

PREMIER DESCRIBES GROUNDS OF PRESENT OPTIMISM IN B.C.

New Westminster, April 9.—British Columbia has every reason for optimism at its present rate of growth in all industrial and commercial activities, and still more cause for optimism in looking to the immediate future, Premier Oliver assured the members of the New Westminster Board of Trade when he addressed in the City Hall last evening. The vast increase of shipping alone was evidence, he said, of a bright future.

LABOR LEADER FOUND DEAD OVER GAS JET

Body of Phil R. Smith Discovered When Employee Enters Locked Premises Had Been in Ill Health and Despondent For Some Weeks Past

Lying with his face pressed down into the aperture of a gas ring and a cloak muffled over his head to prevent the escape of fumes, Phil R. Smith, sixty-one, was found dead by an employee who broke his way into the premises of the Victoria Printing & Publishing Company, 521 Yates Street, at 7:30 this morning.

DOOR LOCKED

Sidney Townsend, Glen Road, Saanich, a seventeen-year-old employee of the firm, arrived on the scene shortly before 7:30 o'clock this morning. He tried the door of the premises only to find it locked from within. Townsend climbed a fire escape and made entry to the second story rooms through a window. As he raised the sash he was met with a rush of gas fumes which permeated the air of the room. The police were notified at once.

JET FULL ON

Responding to the call Constable Varney found the body of the elderly proprietor huddled up over the gas ring, half sitting, half lying on a bench before the table on which lay the "contrivance" which was still turned full on. The officer shut off the gas and opened the doors and windows, but all hope of resuscitating the victim of the tragedy passed when further examination revealed the enveloping cloak over the head and the position of the gas jet.

NERVOUS BREAKDOWN

The late Mr. Smith had been in delicate health some time past and had recently come out of hospital following a serious nervous breakdown. His friends advised him to take a rest and succeeded in getting him to leave for the country but he returned within twenty-four hours and went back to his business.

BUDGET SPEECH IN OLD COUNTRY SOON

Much Speculation on Percentage to be Cut From Income Tax

London, April 9.—(Canadian Press Cable)—The first and most important matter to be submitted to the re-assembly of Parliament on April 28 will be the budget. Right Hon. Winston Spencer Churchill, Chancellor of the Exchequer, is not taking counsel from anyone in the Cabinet regarding his budget, and even Premier Baldwin has undertaken to leave him absolutely free hand, only reserving the right to discuss the main outlines of the completed proposals a day or so before Parliament meets again after the recess at Easter.

FAVORABLE SOUTH AFRICAN TARIFF RATES ON TIMBER AND CANNED SALMON OF B.C.

Capetown, April 9.—(Canadian Press)—Cheers greeted N. C. Havenga, Finance Minister, in the House of Assembly to-day when he stated that in taking up the question of imperial preferences in the budget and substituting a quid pro quo basis, the Government had not been animated by anti-British feeling. A preponderating factor was that the interests of South Africa came first, he said.

BRITISH VIEWS

London, April 9.—(Canadian Press Cable)—Parliament of the South African Government's budget, placing the British preferential tariff on a quid pro quo basis, are prominently displayed in all British newspapers to-day, but opinion regarding the change apparently has not yet had time to crystallize.

PRINCE RUPERT HOME DESTROYED BY FIRE

Prince Rupert, April 9.—Fire which broke out in the home of Peter Gamulo, a Prince Rupert merchant, drove the family, all of whom had retired into the street shortly after midnight. The flames, which started in the kitchen, prevented escape down the stairs, necessitating flight through the upstairs window of the house to the veranda roof, whence a rescue was effected by neighbors who had arrived on the scene. The residence, situated on Seventh Avenue, English Hill, was completely gutted and will be practically a total loss.

Reeve Macticol Loses Fight to Replace Road Superintendent Girling

Reorganization of the entire Works Department of Saanich, with replacement of Roads Superintendent Girling by a certified engineer, failed to come to a head at last night's session of the Saanich Council. Instead the councillors, grown weary of three hours of successive deadlock on all proposals, at 1 o'clock this morning decided to discharge the entire staff of the waterworks department, giving the men the privilege of applying for reappointment. The dismissals will be effective at the end of this month, and advertisements will be issued calling for applications for the three vacancies.

ACQUIRES SITE TO BUILD NEW CHURCH UNION PLANT ON VANCOUVER ISLAND

Modern Plant for Reduction of Fish Meal and Oil From Pichards and Salting Herrings and Salmon to go up on Twenty Acres at Esperanza Inlet.

A. H. Carter, well known fertilizer manufacturer, has organized the Esperanza Fisheries Limited and has acquired a 20-acre site at Esperanza Inlet on the west coast of Vancouver Island for the purpose of erecting a modern plant for the reduction of fish meal and oil from pichards and also for salting herrings and salmon. Soundings of the inlet are now being made and construction of wharves and buildings will be started before the end of April. It is planned to begin production in July.

PROFITABLE INDUSTRY. A. A. Millidge of the B.C. Products Bureau of the Vancouver Board of Trade has investigated the question of markets and prices and in discussing the future outlook of this and similar plants says: "There is undoubtedly room for many such plants along the coast of British Columbia, Alaska, Puget Sound, Columbia River and California have forty-four such reduction plants, as compared with only two in this province. These foreign plants turn out annually about 13,787 tons of fish meal, 1,015,382 gallons of pichard oil and 215,951 gallons of fish oil. British Columbia is taking advantage of this highly profitable reduction industry to turn out only 615 tons of meal and 100,000 gallons of oil. The bulk of pichards has been lifted by Ottawa, an opportunity presents itself to those who desire to engage in a lucrative branch of our basic industries.

LAUNCH SAID TO BE OFFICIAL MAIL CARRIER FOR LIQUOR RUNNERS NOW HELD. New York, April 8.—Capture of the speed boat, Cigarette, described by customs officials as "the official mail boat and express carrier of the liquor runners," along rum row, has revealed an apparently elaborate system for delivering code orders for liquor to supply ships off the coast. The cigarette contained no liquor when captured, but searchers discovered a quantity of mail, some from Canada, which they said consisted of code orders to various rum row supply ships, as well as cancelled orders.

THOUSANDS EMPLOYED. France, India and Norway are among the countries that have developed this branch of the fishing industry into a highly profitable and efficient business giving employment to thousands of fishermen, increasing payrolls and adding to the general prosperity of the country. There is no reason why we in British Columbia should not do the same.

SOUTH AFRICAN TARIFF. (Continued from Page 1.) tial tariff on a quid pro quo basis. The revised schedule shows that the budget amount to \$290,000 as compared with \$260,000.

DELIVERED IN DUTCH. For the first time in history the budget speech was delivered in the Dutch language. It was of special interest because of its bearing on the original terms of preferential trade relations with Great Britain. It affirmed previous reports that the Government of Premier Hertzog was firm in its intention to reciprocate the preferential ideas of the British Conservative Government.

TO WITHDRAW REBATES. The Government, said the Minister, intended to place them as far as possible on a reciprocal basis and to withdraw rebates entirely from articles on which Britain predominantly held the market, or where a proprietary name or trademark was the determining factor in the sale of an article.

WIDER MARKETS. The Minister said there was a provision of maximum and minimum rates for certain commodities, made in order to enable the Government to negotiate with countries outside the British Commonwealth for most favored nation terms for South Africa produce and manufactures. This course, he declared, was very necessary if the Government was to proceed to open up the country's rapidly expanding production.

EXPLAINED DETAILS. In giving the list of preferential rebates granted to the United Kingdom, Australia, Canada and New Zealand, the Minister presented an example of how the new tariff policy would operate.

REORGANIZATION PLANNED. According to the information obtained in Cabinet circles, M. Painleve would refuse to form a Cabinet, and then M. Herriot would be designated for the premiership and organized a new ministry.

RELATIONS STRAINED. London, April 8.—The Dublin correspondent of The London Morning Post, referring to the announcement in Dublin that the Irish Free State Finance Minister is to have a share in the capital and management of the National Land Bank, says the relations between the Government and the Irish banks have been rather strained for some time. He adds that this is due partly to the lack of enthusiasm with reference to financing the Trade Facilities Act.

Halifax, April 8.—With the beginning of the sixth week of the Nova Scotia coal mine tie-up almost at hand, the differences between the British Empire Steel Corporation and its miners appear no nearer a settlement than when they began. The directors of the mine fields, as from the beginning, the greater severity of the situation, and further appeals to the people of Canada for aid have been sent out by the relief workers. Nearly 12,000 men are idle.

LABOR LEADER FOUND DEAD. (Continued from Page 1.) The late Mr. Smith resided at the home of his mother, Mrs. S. T. Hastings, 727 Herald Street, and had been in ill health for a considerable period. In recent months he had reorganized his business, closing a stationary store opened on Douglas Street about two years ago, and concentrating on the printing establishment on lower Douglas Street. He had been very satisfactorily completed and friends urged Mr. Smith to take a holiday.

HERIOT SPEAKS. (Continued from Page 1.) "I won't speak of our foreign debt," continued the Premier, "because you are aware of the uncertainty of the situation. You know how heavily it weighs upon our financial situation, even at times interfering with our very political liberty."

LEAVES FAMILY. The late Mr. Smith is survived by his wife, Mrs. F. R. Smith, resident at home and grown family of three daughters and one son; Mrs. T. Rognaas, Victoria; Mrs. J. Andrews, Angeles; and Mrs. Rodriguez, Los Angeles. He was also survived by his son, Mr. J. Smith, Vancouver, a son, a brother, Jack Smith, resides at Victoria, and is now on the way to the city. Mr. J. E. Johnson, Victoria, is a sister.

IRISH FREE STATE. Government Shares Capital and Directs Management of National Land Bank. Dublin, April 8.—Banking circles are perturbed over the announcement that the Finance Minister is to have a share of the capital and management of the National Land Bank, founded in 1920, now vested in the Finance Minister, and that the management of the bank is to be entrusted to a board of directors nominated by the Minister.

AT ST. MARY'S OAK BAY. At St. Mary's Church, Oak Bay, on Friday morning the choir will render the cantata "Olivet to Calvary." The soloists will be as follows: Tenor, Frank T. Tupman; baritone, F. J. Mitchell; organist, T. R. Myers; conductor, F. T. C. Wickett.

CONSISTENT DEVELOPMENT IN LUMBERING INDUSTRY IS EVIDENT IN COWICHAN

Further encouraging reports of logging operations are given in a monthly survey. Although demand for lumber is not very active much development in the lumbering industry is evident in the Cowichan Valley, the correspondent of the British Columbia Lumberman says.

At the mill of the Mayo Lumber Co., Limited, about eight miles West of Duncan, several improvements are being made. An additional planer and re-saw are being installed and a new machine shop and filing room have been built. An augmental track-laying gang is at present extending the company's standard gauge railway up Mount's Mountain, where logs are being obtained. Three switchbacks are necessary to climb the hill.

The company has some 6,000 acres of timber yet uncut, sufficient, it is estimated, to keep the mill running at full capacity for fifteen or twenty years. During 1924 the mill cut practically twenty million feet, an average of sixty thousand feet daily. It operated every working day of the year except for two weeks when bush fires prevented. The company has three locomotives. At present the largest, a fifty-ton engine, is the only one being used.

A company known as the Tansor Mills has leased the small mill of the Tansor Lumber Co., a subsidiary company of the Mayo concern, and the plant is being operated with considerable success. A cut of about ten thousand feet of lumber daily is being made.

The Tansor Mills have timber which they can obtain near at hand sufficient to keep the plant running for several years. The men interested in the company are Messrs. Alexander Jack, William Eveleigh and M. McGilvray.

RESUME OPERATIONS

Messrs. Horsfall and Co. have resumed logging operations along the Cowichan Lake road. Mr. T. H. S. Horsfall is in charge of operations. About five cars of logs are being shipped daily.

The logging camp of the Puget Sound Lumber Co., of Victoria, situated at Charter Sliding on the Cowichan Lake branch of the E. and N. Railway, is to resume operations shortly, after having been shut down for several weeks owing to alterations at the mill.

After being closed down for several months the Matson Lumber Co., in which Messrs. Malpas and Wilson of Nanaimo and Mr. D. Nicholson of Ladysmith are interested, resumed operations last month.

The mill cuts between fifteen and twenty thousand feet a day and the finished product is lowered down a steeply-inclined tramway to the E. and N. Railway siding below. The plant is situated high up the slopes of Hill 60, where the company controls a block of fine timber. Both horses and a donkey engine are used in the logging operations.

FORTY-SEVEN MILLS IS NANAIMO LEVY

Estimated Receipts For Year Submitted to City Council
 Special to The Times
 Nanaimo, April 9.—Estimated receipts for the city for the current year, submitted to the Nanaimo City Council by the Finance Committee last night. The receipts total \$260,013.25. The report of the committee was as follows:

The estimates are based on a tax levy of 47 mills, it being found impossible to come below that of last year without seriously handicapping the Public Works Committee in important works, which are very essential this year. Among these may be classed the Bastion Street Bridge, Nicol Street cave-in, the cleaning of No. 1 Reservoir and the purchase of a new truck.

SCHOOL EXPENDITURE
 In addition to the above allowance has also been made for an increased expenditure in the schools of over \$4,500 in general expenses and an extraordinary expenditure of \$2,000, so that we are very fortunate to be able to meet all these additional obligations without raising the tax rate, and were it not for a substantial surplus from last year, it would not have been possible.

Part of the surplus is, however, money brought over from last year but not completed. An instance of this is the public convenience building, on which not a cent was paid last year, but the money provided is brought over into this year. Again, in the Bastion Street Bridge expenditure \$1,250 is included for architects' fees, the cost of which has been met this year. The following grants were recommended:

Publicity and Advertising, Nanaimo Board of Trade, \$200
 Public Health Nursing Council 790
 Salvation Army Social Service Work, \$100

FIVE SAILORS KILLED
 Rome, April 9.—The official version of the explosion on the battleship Calo Dulio off Spinea yesterday, as given by the Stefani Agency, says it occurred during experimental firing from the turret 306-calibre guns. One of the projectiles exploded and five sailors were asphyxiated and fifteen suffered burns. Several of the latter were gravely injured. The damage to the vessel was almost insignificant.

Will Balloons Give the Mileage? Goodyears Will!

EVERYBODY concedes the comfort of balloon tires. But some people who have not used them are still doubtful of their mileage.

As far as Goodyear Balloons are concerned, the mileage question has been fully answered.

For a year we have kept a record of Goodyear Balloons in use on the cars of salesmen all over Canada—men who drove fifteen to twenty thousand miles last year. *The mileage given by Goodyear Balloons averages fully as high as that of former sizes.*

In other words, you sacrifice no mileage when you change to Goodyear Balloons.

Why? Because Goodyear Balloons are built of a new material—a

remarkable cord fabric called Supertwist. It is more elastic. It yields to the bumps without breaking.

Supertwist is the direct result of Goodyear's enormous, world-wide business. World-wide business demands constant development to meet new conditions in every part of the globe. Enormous demand makes possible constant improvements.

Supertwist is an exclusive development of Goodyear's own fabric mills and is used only in Goodyear Tires.

Goodyear Balloons to fit your present wheels or to fit the new, smaller wheels can be quickly secured from your nearest Goodyear Selected Dealer.

Goodyear builds a complete line of tires to meet varying needs as to price and size and maintains a chain of branches across Canada so that no Goodyear Selected Dealer need wait for tires.

Goodyear means Good Wear

Wherever automobiles run—there you will find Goodyear Tires.

Free trade in Great Britain is a very great deal more than a superstition

POOR STUFF

THERE MUST BE SOMETHING radically wrong with the Conservative Party of Canada

The average Canadian will not appreciate the "subtlety" of Senator Robertson's humor

There is this to be said about Senator Robertson's remarks. He made them in about the only place in Canada in which he could "get away with them"

DISILLUSIONED

MR. W. J. ROBB, VICE-president of the Canadian National Railways, says he has met many disillusioned natives of this Dominion

This is not the first time keen observers have returned from California after making similar discoveries

This obvious desire on the part of many excellent citizens to come back to Canada suggests the urgency of some sort of repatriation proposal

AEROPLANE MOVIES

SCEPTICS ABOUT THE future of the aeroplane have just had another jolt

It was thus possible for the passengers to gaze from a lost world of fact—stretched far below and occasionally blurred by masses of fleecy clouds—to the filmed phantasies of the novelist's creation

NO SUPERSTITION

ADVOCATES OF PRO-tectio in this country are impatient with Great Britain because she is slow to recognize a value in giving the Dominions a preference against all foreign competitors

Free trade in Great Britain is a very great deal more than a superstition. The present Prime Minister found the subject anything but ghostlike when he went to the country on a platform of Imperial Preference

There is an aspect of the subject which is not always considered by those who contend that Britain should reciprocate in Canada's favor for the consideration which this country shows for British imports

The answer to this very natural question would appear to be evident in the fact that Imperial Preference would certainly encourage Continental nations to increase their tariffs against Britain

It would, of course, be an excellent thing for Canada if this Dominion, by reason of a British protective duty against the foreigner, could increase her trade in those products which were originally selected for special treatment by the Baldwin Government

Canada can increase her trade with Great Britain by the normal process of education and advertising—plus an ocean freight rate schedule which would enable her to market her goods on at least an equal footing with her competitors

1925 TO SET TRAVEL RECORD IN NORTHWEST

Season Now Starting With Big Rush in June, Conference Learns

Tourist travel for 1925 is starting already and the big rush, which is estimated will start on June 1, will set new records for Summer travel

The conference concluded today: "We are going to have a wonderful season this year," said President L. S. Crosby of Banff

To get tourists to stay off longer at Victoria and other points in the Pacific Northwest was one of the objects of the conference

The Circle Tours, holding all C.P.R. excursions in the Pacific Northwest, are now operating at the conference

Just now the chemists of all lands are vying with each other to make new gas. The Bolshevik government is engineering a nationwide movement to foster public interest in the handling of traffic

The atmospheric fixation industry in Germany has forced imports of Chile saltpetre down to an extremely low level

The Italian government is encouraging the production of nitrogen

English soap makers are said to be making investments in Scandinavia and competing in the markets of Finland, Russia and the new Baltic republics

Every nation seems to be casting about to be ready to whip every other nation in the oncoming war

This was told us a long while ago by the Nazarene, and the world, after two thousand years, has not yet found out the truth of it

It will take another catastrophe as great as the late war to make us realize it

There is a wide variety of causes of nose bleed. First: One of the commonest is a small abrasion or ulcer on the septum or partition between the nostrils

Second: Often in fall blooded people there are enlarged veins and violent sneezing, coughing or blowing the nose may cause enough pressure in the vessels to rupture it

Fourth: In connection of the brain due to various factors and often accompanied by constipation and headache "spasms" occurs and gives much trouble

Sixth: Individuals with abnormal blood conditions, hemorrhages, in scurvy and purpura often lose blood by this route

Treatment—Since the point of bleeding is in great majority from the front part of the nose within easy reach, simple pressure between the thumb and finger of one hand is usually sufficient to control it

Seventh: In cases of hemorrhoids, hemorrhages, in scurvy and purpura often lose blood by this route

PREMIER SAYS DEVELOPMENT ERA IS HERE

Oliver Declares Indications of Greater B.C. Prosperity Now Are Unmistakeable

Addresses Board of Trade of City of New Westminster

New Westminster, April 9—"Never have I seen during my seven years as Premier of this Province such factors at work for a larger degree of prosperity than at the present time," said Premier Oliver in an address at a meeting of the New Westminster Board of Trade last night

He believed the Province was on the eve of a very great development

He referred to the growth and development of the mining, lumbering, fishing and agricultural industries during the past ten years

Referring to mining, the Premier declared there were great amounts of United States and Old Country capital available to develop the vast mineral resources of the Province

"The Premier Mines give an instance of the vast resources, and I venture to state there are hundreds of Premier in Central and Northern British Columbia only awaiting the necessary capital for development to begin their work," he said

Another salient point of the Premier's address was that he was averse to any railroad connection with the Peace River country unless the Federal Government was prepared to place settlers on that vast area of productive land

He contradicted alleged statements made by Sumas property owners that the Government intended to sell them on the capital cost of the Sumas reclamation scheme

"Sumas landowners are not going to get away with it," stated the Premier. "Not one cent of the scheme is going to be saddled on the Province of British Columbia, and the property owners here are well advised to be on their guard"

SAANICH REFUSES TO SHOULDER COST OF TOURIST HIGHWAY

Cancels All Betterments on Road to Butchart's Gardens

The Saanich Council revolted last night against solely bearing the cost of reconstructing the road to Butchart's Gardens

Convinced that expenditures of many thousands dollars upon reconstructing the road is only a temporary expedient, the Council refused to do anything further on the road, having already this year expended several hundred dollars upon graveling, for which no visible return exists

The Council unanimously regretted refusal of the Provincial Public Works Department to aid in serving tourist traffic, attracted by the widely advertised Gardens, and agreed that Saanich was absolved from obligation to contribute the \$2,000 promised

To properly fix up this half mile of tortuous and rocky roadway would cost about \$12,000. The Council had planned expenditure of about \$2,000 this year, making a good rock base and gravel surface, capable of further improvement next year

Saanich was prepared to contribute \$2,000 from general revenue and \$500 from Ward Six funds, and had anticipated a grant of \$5,000 from the Province, on representations made by a delegation from the Chamber of Commerce as to the attitude of Hon. Dr. Sutherland. The offer of the Provincial Public Works Department to contribute \$2,000, through a special grant to the Publicity Bureau, was contingent upon these Provincial grants

An outcry was anticipated by Councillor Kirkham, with the tourist organizations—and the citizens of Saanich—more insistent, as damaged automobiles multiply. A complete cessation of tourist travel to Butchart's Gardens was anticipated by the councillors, made by "Let them howl their heads off; the best thing we can do is to leave them alone"

Contribution of \$2,000 from Saanich general revenue was considered too high under the circumstances. The offer of the Provincial Public Works Department to contribute \$2,000, through a special grant to the Publicity Bureau, was contingent upon these Provincial grants

Another salient point of the Premier's address was that he was averse to any railroad connection with the Peace River country unless the Federal Government was prepared to place settlers on that vast area of productive land

A Young Man's Troubles

"Now, my boy, what you need is something to relieve that awful headache, something that will sweep the poisons out of your system and take away the cause of the lumbago, all due to the kidneys clogging up and the uric acid piling up in the system to an excess which poisons you"

The old family physician knew what he was talking about when he advised the young man to go to his nearest drug store and obtain that latest discovery of Dr. Pierce, called "An-uric" (anti-uric-acid) tablets

Whenever you have headache, feel dizzy, out of sorts generally take several of these tablets at night on going to bed. Drink plenty of hot water during the day, and one or two of the "An-uric" tablets—between meals. This will relieve your system of the poisons which cause the muscular rheumatism or the kidney difficulties

COUNCIL DIVIDED ON MERITS OF BUSINESS TAX

Saanich Merchants Renew Protest Against Levy; Council Deadlocked

A large deputation of Saanich storekeepers last night urged the Saanich Council to abolish business licenses of \$10 yearly.

made last week, stressing the injustice of the tax, the narrow margin of profit earned by Saanich stores, the great amount of credit business done in winter and the relief so given the municipal treasury from charity payments.

Councillor Hagan saw no reason for relief in view of the collection of similar taxes in other municipalities and urged the council to carry on. "We are imposing no hardship, and must get money from some source," he said.

Reeve Macnicol believed protection due Saanich businessmen, he saw no effective method and favored rescission of the business tax.

Councillor Oldfield was assured that relief to storekeepers would not affect collection of licenses from peddlers.

POLICY WRONG

Councillor Murphy said the council was adopting a wrong policy, and should cut down expenses rather than seek new revenue sources. He opposed the business tax.

Councillor Kirkham thought the merchants would later regret abolition of the license fee, and would be wiser to ask reduction to a nominal charge. "You gentlemen in the inner wards must come through with carry on," he said, after contrasting urban and rural family taxation and benefits.

NO DECISION

Councillor Graham later moved license fees be abolished. Councillor Hagan moved an amendment that the tax be reconsidered after six months, being collected meanwhile. Both motions failed on 4-4 votes, with Councillors Kirkham, Hagan, Stubbs and Oldfield favoring collection, and Reeve Macnicol, Councillors Graham, Murphy and Vantreight opposing continuance.

SAANICH ADOPTS ADVANCE TAX COLLECTION PLAN

Taxpayers Offered Privilege Similar to Victoria Plan

Advance payments of taxes will be received by Saanich after the next session of the Municipal Council, on a slightly different system to that operative in Victoria.

At last night's session a by-law, authorizing receipt of advance taxes by the treasurer, was put through preliminary readings, for final passage at the next session.

The Saanich system will allow credit of interest, on each full month in advance of the date of penalty imposition, of one-half of one per cent of the amount paid.

Further, general acceptance of taxes will not become effective until the tax rate by-law is finally adopted. This will prevent much detailed clerical work upon thousands of small tax payments.

Taxpayers who in the previous year have contributed at least \$100 to the municipal treasury will be permitted to pay their taxes immediately after the New Year, if they so desire.

CYMRODORION'S SEAT OFFICERS FOR YEAR

Dr. Clem Davies Points to Welsh Contribution to Empire Affairs

The annual election of officers took place at a meeting of the Victoria Cymrodorion Society last evening. David Evans heads the organization for the current year as president.

David Thomas is chosen first vice-president; Mrs. Lewis, second vice-president, and J. C. Williams, secretary-treasurer.

An executive of four is composed as follows: Mrs. J. C. Williams, Mrs. W. Jones and Messrs. Williams, W. P. Jones, Mrs. D. Thomas, Mrs. Jeanne and W. Jones act on the sick committee. Mrs. Mason is appointed organist.

Dr. Clem Davies spoke briefly last night, outlining the customs of Welsh home life. He declared that the Welsh people had given many leaders to the world, and had contributed some of the greatest minds to Empire affairs. It was largely through the preservation of home customs that the Welsh had maintained an outstanding group in the march of time, he said.

Cannot Install Electric Lights at McKenzie School

The Saanich School Board last night regretfully decided that installation of electric light at McKenzie Avenue School will be too costly at this time.

The B.C. Electric Company estimated the cost of bringing the power wires to the school at \$370, which would have to be paid by the board. In addition a contract to take service for five years, at a minimum yearly charge of \$92, was required by the company.

The trustees were informed that great efforts had proved unsuccessful in getting residents of the district to install electric lighting, thus adding to the cost to the board.

SUMS PAID BACK TO ONTARIO GOVERNMENT

Toronto, April 9.—Restitution amounting to \$13,000 has been made by W. W. Dunlop, former Ontario Inspector of Prisons and Public Charities, now on bail awaiting trial on charges of theft from the province. This is the second sum recovered by the province in connection with the arrests of the result of investigations into the defalcations and theft of stores, etc., at the Government's Mimico brick and tile plant. F. A. Williams, a sub-inspector under Dunlop, also under bail awaiting trial, has returned to the Government some \$2,500.

What You Get For The Last \$10

YES, there are lower-priced bicycles than the C. C. M., but the C. C. M. is by far the cheapest in the long run.

That last \$10 you pay for a C. C. M. is the most important part of your purchase. It assures you—

extra years of easy riding, extra reserve strength, extra durable finish, fewer repairs, a higher selling value for your "used" C. C. M.

For that last \$10, you get, among other things—the smooth-running Triplex Hanger, a frame of English Seamless Tubing, reinforced at the joints,

extra coats of rich, lustrous enamel, rustproof nickelling over copper, the classy Gibson Pedal with rustproof aluminum frame,

the new improved Hercules Brake, a bicycle with everyone of its 1761 parts made with watch-like accuracy, a bicycle "trued up" at the factory.

And, remember, five years from now your "used" C. C. M. will easily bring \$10 more than a five-year-old inferior machine—if the inferior machine has not already reached the scrap heap. You simply cannot lose by buying a C. C. M.

Prices Are Again Reduced

They're now \$20 to \$25 less than the "peak" prices. This year C. C. M. bicycles are the biggest values since pre-war days.

The Bank of British Columbia
 A Chapter in the Story of a Canadian Banking Family

Fraser Valley and on the Pacific Coast, including agencies at San Francisco (1864) and Portland, Ore. (1865).

At first the Bank's business consisted chiefly in purchasing gold dust, but a strong commercial connection was soon built up, and as the western industries of the Pacific slope developed—timbering and mining, wool-growing, lumbering and agriculture—the Bank's business expanded in character and volume. In 1870 it assumed the first shipment of Pacific wheat to Liverpool. In period of greatest growth, however, occurred during the railway construction of the '80's, the Vancouver branch being opened in 1886.

In 1898 the Canadian Bank of Commerce entered the Pacific Coast field, and by 1900 had established branches at Vancouver, Seattle, Dawson City, White Horse and elsewhere. As this Bank was sole agent in Eastern Canada of the Bank of British Columbia, a proposal was made to unite the two interests. The amalgamation of the Bank of British Columbia with The Canadian Bank of Commerce in 1901 gave the latter a London, England, office, and laid the foundation of the business now being conducted at over 60 branches on the Pacific Coast.

The Head Office of the Bank of British Columbia, established under Royal Charter in 1862 and amalgamated with The Canadian Bank of Commerce in 1901, owes its origin to the rich discoveries of gold along the Fraser River in the late '40's and '50's.

The Head Office was located in London, England, but the Victoria branch, opened in August, 1862, was the real centre from which the Bank's activities radiated. Branches were opened at a number of points along the

YOUR HEALTH

FIRST SIGN OF CANCER NEEDS ATTENTION OF A DOCTOR

By Royal S. Copeland, M.D.

In a recent issue of a great newspaper I read two long articles about cancer. One story told about the apparent increase in the disease. The other was an encouraging dispatch from Europe, saying the causative germ of cancer has been discovered.

There is hardly a family in the world but has been touched by this terrible disease. One of the discouraging things in medicine has been the helplessness of doctors in dealing with advanced cases of cancer.

Last year there were reported 48,144 deaths from this cause in the United States. This number represented an increase of 8,816 deaths over the preceding year.

Let me say in passing, however, that the deaths from tuberculosis decreased last year. That is a joy, isn't it?

The highest death rate from cancer was in New York, 102 per hundred thousand of the population. The lowest rate was in New Jersey, fifty-two per hundred thousand.

You must not be misled by these figures. I doubt if cancer is actually on the increase. Our improved methods of determining the nature of disease have brought to light hundreds of cases of cancer which would never have been suspected otherwise.

It has not been greatly helpful to make certain of the diagnosis. Unfortunately, the means of cure have not been at hand to make possible the successful management of the disease when once it is recognized. All this will change when the causative germ is found.

All stories relating to "discoveries" of the origin of the so-called "incurable disease" must be taken with a grain of salt. Yet we all share the hope and expectation that the causative factors will be discovered some day. Let us hope the discovery of cancer's cause has actually been made. Time will reveal the truth.

The important thing about cancer is to determine its presence as early as possible. There is much to be done with the X-ray, with radium and with surgery in the early stages. Thousands of persons are alive and entirely well who have been the victims of this dread disease.

It is a great mistake to dodge the doctor. He is the one person to be consulted, the instant when there arises a symptom which raises the fear of cancer. In all probability it is not cancer. The trouble will prove to be some perfectly harmless ailment. But should it be cancer, early treatment will be successful.

PRETTY EASTER WEDDING TO-DAY

Marriage of Miss Ronnie Gardler and Mr. Dallas W. Skillen

A quiet wedding at which only the immediate relatives of both families were present, took place at 2 o'clock to-day at St. Columba Church, Oak Bay, when the Rev. J. H. White united in marriage Rosalind (Ronnie) Mary, daughter of Mr. and Mrs. H. Gardler of 1612 Reelfoot Street and Mr. Dallas William Skillen, son of the late Mr. W. B. Skillen and of Mrs. Skillen 1811 Chandler Avenue. The bride who was given in marriage by her father looked very charming in her wedding dress of powder-blue tulle, simply fashioned in straight lines and with a silver wreath of leaves and orange blossoms was arranged as a coronet on the tulle.

A shower bouquet of Opheelia roses, and Easter lilies with silver streamers was carried by the bride, Miss Jean Dunsmuir, the bridesmaid was much admired in a frock of mauve crepe de Chine with lace panels. Her bouquet was composed of salmon pink Liddle carnations with mauve sweet peas and streamers to match. The groom was supported by Mr. Donald Gardler, brother of the bride.

Following the marriage service, a reception was held at the home of the bride's parents on Reelfoot Street. Late in the afternoon Mr. and Mrs. Skillen left for Seattle, the bride traveling in an ensemble suit of French blue cloth trimmed with fur and hat to match. On their return from the honeymoon they will reside in Chemainus for a time.

Among the many handsome wedding gifts was a silver tea service from the staff of the B.C. Telephone Company which company for the past five and a half years the bride has been a supervisor.

TO SPRING-CLEAN AT AGED WOMEN'S HOME

The management committee of the Aged and Infirm Women's Home held their monthly meeting at the home on Tuesday afternoon with a good attendance of members present, and the president, Mrs. Clay in the chair. The reports showed as usual, health of all inmates was as usual. Two deaths took place during the month. Arrangements were made for extensive renovating, and some alterations in the interior of the house.

The visiting committee for the month of April is Mrs. Lester, Mrs. Stabson and Mrs. Harold Grant. The following donations for March were gratefully received: Mrs. Mollard, fresh eggs; Mrs. Stobhill, magazines; A. Friend, magazines; Hibbons, Bone Co., reading matter; Mrs. Crim, hat; A. Friend, old linen; Mrs. Whittier, cake; Mrs. O'Brien, cake; Walter Walker and Sons, cash; Pollock Brothers and Mrs. Darwell, Corner Flower Shop, Mrs. Darwell, Grant, flowers.

Plan Garden Party—The regular monthly meeting of the Catholic Women's League was held in the assembly of St. Mary's Church on Friday evening, when it was decided to hold a garden party at the residence of Mr. Silver, who has kindly granted the use of his spacious ground for the occasion. The garden party will be held on the afternoon of Wednesday, June 17.

Beauty A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair-brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Danderine" and see how healthy and youthful your hair appears after this delightful, refreshing dressing.

OLGA NETHERSOLE TAKES TO SLUMMING

Famous Tragedienne to Start National Boarding School in England

London, April 9.—Miss Olga Nethersole, who came into prominence in New York in 1900 as Fanny Legrand in "Sapho" announced recently that in the Spring she would establish in England a national boarding school for delicate children which is to be conducted as a model institution.

Miss Nethersole plans to take 100 sickly children at a time from the slums of London and to bring them back to normal health by providing proper food and plenty of outdoor exercise. Her aim is to interest Government health officials who, she hopes, in time may build similar institutions on a large scale for the benefit of the population at large.

"I hope we shall prove to the state authorities within four or five years," said Miss Nethersole recently, "that our national boarding school scheme is not only a humane and common sense project, but also an economic one."

One of the prettiest weddings of the season took place last evening at "Redalbane," 1185 Fort Street, when the Rev. J. Campbell, D.D., in the presence of a large assembly of friends of the principals, celebrated the marriage of Mr. Weston Holland and Miss Winnifred Inghelt, both of this city. The bride, who was given in marriage by her mother, Mrs. Edward Inghelt, was handsome in a fawn tricot gown with picture of a rose and maidenhair fern. She was attended as bridesmaid by Miss Nancie Simister in a navy blue suit with hat to match. The groomsmen were Mr. Norman Holland, the bridegroom's brother. After the ceremony a reception and supper took place at the Cadboro Bay Hotel on the premises of the bride's parents. Mr. and Mrs. Holland left for Vancouver by the midnight boat, where they will enjoy a honeymoon, and on return will make their home in Victoria.

LAKE HILL FAVORS SEPTEMBER FOR W.I. CONFERENCE

The regular monthly meeting of the Lake Hill W.I. was held in the Community Hall on Tuesday afternoon with a good attendance. Mrs. Mercier, the president, was in the chair. Reports on card parties held during the month were given by Mrs. Walter Peddie and Mrs. Service reported on business transacted at the Local Council of Women's monthly meeting. The meeting was unanimously in the choice of September as a suitable time for the Federation W.I. conference to be held in Victoria, and agreed to pay the required per capita levy towards same. Mrs. W. Webster was chosen as convener of a fair to be held in the Fall. Mrs. Currie and Mrs. Walter Peddie entertained the mothers at the well baby clinic last Friday. Members are again entering the competition of the demonstration of washing with an "Easy" electric washing machine proved of interest to the members. Mrs. Service and Mrs. Simpson were the hostesses of the afternoon.

The institute held an enjoyable day evening in the Community Hall. The winners of the first prize, with a score of 28, were Mrs. Wm. Peddie, Miss Lowe, Mr. Cockerill and Mr. Lowe; second, Mrs. Knowlton, Mr. Watson, Mr. Wm. Peddie and Mr. Knowlton; consolation, Mrs. Walter Peddie, Mrs. Watson, Mr. Douglas and Mr. Service; ten bids, Mrs. Service and Mr. Calvert. The final drive of the season will take the form of a social evening, and be held on Monday, April 13, when the Community Hall and Lake Hill W.I. will hold a joint card party in aid of the Centre. Special prizes for the highest scores of the season will be awarded. Refreshments will be served at the close of the game.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble

FRIDAY, APRIL 10

Although this day's planetary operations are of an unfavorable nature in many directions, yet there may be some saving situation of a subtle or unusual nature—a benign interference of some sort, to tide over an unsteady or perplexing state of affairs. The health may prove a factor of disturbance and there may be delays and obstructions. It is enjoined that particular care be taken in the matter of all papers and writings, lest they lead to misunderstanding and dispute.

Those whose birthday it is may have an unsettled year, of uncertainty and perplexities, but there is promise of some subtle intervention which may turn these to good account. The health should be well protected and there should be precaution in signing or approving all writings. A child born on this day should be given excellent training in order that it may be equipped to surmount many difficulties in life.

On account of this being Holy week there will be no 500 tournament in St. Luke's Parish Hall. The winners last week were as follows: First table—Mrs. McEwen, Miss Phyllis Knapp, Mr. H. Lester, Mr. W. Richards; second table—Miss D. Lowe, Mrs. W. Mortimer, Mr. Service and Mr. Knowlton, Mrs. Geo. Gooch, Libby and Mr. Watkins. The next tournament will be held on Thursday, April 16 at 8.30 p.m.

The NEWER Corsetry

—bringing to your figure the smooth, unbroken lines that must underlie the modern mode.

(Above)—This closed back, front closing girdle, with side panels of patent elastic, gives the desired close fitting, clinging lines. Made in elastic and jersey—\$2.50 to \$5.

(Left)—This closed combination girdle and brassiere, light in weight to give new grace to figure. Made in elastic and jersey fabric—\$2.50 to \$5.

Now every woman insists on being straight and slender—her figure firmly yet flexibly held in. Yet she, herself, must be just as much at ease as if she had no corset on at all.

And so, to please the most fastidious, the famous House of Nemo now offers under the name of "NEMO-FLEX", a wide variety of these easy fitting, yet firmly controlling, underthings.

Flexible GIRDLES—back band and without bones—generously padded with pliant elastic webbing to provide ample support and comfortable control.

BRASSIERES—in beautiful beaded and novelty striped fabrics that lend new elegance and control in "above-the-waist" support.

Smart COMBINATIONS—girdle and brassiere deftly joined to furnish faultless foundations for the new "straight-line" gowns.

Exquisite garments, every one, that will at once surprise and delight you. See the new "Nemo-flex" garments now on special display.

HALF A CENT A DAY FOR GOOD HEALTH

"Cheap!" says Grandpa. "It's a gift!"

"Two figured it out. Kruschen at a half a cent a dose is from 4 to 16 times cheaper than any of those fizzy drinks that protest so noisily."

"And then think what you get for your half-cent. Not just a single salt. Kruschen is a perfect blend of those six natural salts which are vital to your bodily well-being. Every day you must have these salts, or things go wrong inside you."

"The analysis is on the bottle. There are sodium and magnesium to clear away the waste matter that clogs your system and poisons your blood. Besides, they increase the flow of the fluids that stimulate the organs of elimination. To feed your tissues, there's the ionic potassium."

You will do well to listen to Grandpa. So long as you get the right proportion of these salts each day, your blood is pure and virile, your system is kept clean, your tissues have their proper allowance of oxygen. But once the supply fails, when your system is overtaxed through lack of fresh air and exercise, errors of diet, and a sedentary occupation, then you become a prey to all the little ills that make life just not worth while.

As much as will cover a ten cent piece every morning, tasteless in your breakfast cup of coffee or tea, makes good every deficiency. It sends clear, vigorous blood pounding gloriously through every vein, priming you with a singular vitality that you have never known before—that "Kruschen feeling" of which you've heard so much.

A 75c bottle contains 160 morning "pinches." Get a bottle at once and start to-morrow. You'll feel many years younger before you're many days older.

Kruschen Salts

Tasteless in Coffee or Tea. Put as much in your breakfast cup as will be on a 10 cent piece. It's the little daily miracle that does it.

sucker struck fast to the gold plate, the new dish could be pulled up out of the hole by means of the string. "Hurrah!" cried Uncle Wiggily as he carried the plate to his bungalow. "I'm glad you made your litter, Toodle, even if you did play with it in school. But you mustn't do it again."

MANY CANADIANS IN CALIFORNIA WISH TO RETURN HOME

Montreal, April 9.—There are many disillusioned Canadians in California, and they would gladly return to the Dominion, but there is a great deal of unemployment in that state and many lack the means of making the move back to their native country, said W. D. Robb, vice-president of the Canadian National Railway, who returned to Montreal yesterday after an extensive journey to the Pacific Coast and through the Western States, including a brief stay in California. "I have been told there are 200,000 Canadians in California," said Mr. Robb, "and I believe the figure is a fair one, because wherever you go in that state you will meet Canadians. The majority of them have learned the place is not an earthly paradise. They have discovered taxes are heavy, and aside from the irrigated land, farmers in California are as much subject to drought

BEDTIME STORY

Uncle Wiggily and Toodle's Lifter

Copyright, 1925, by McClure Newspaper Syndicate.

Uncle Wiggily was hopping past the Hollow Stump School one day, on his way to the seven and eight cent store to do an errand for Nurse Jane Puszy Wuzzy. The errand was to buy the muskrat lady housekeeper a gold plate. "Of course, I know you can't get a real gold plate in the seven and eight cent store," Nurse Jane said with a laugh, "but they look like gold and will do as well as if they were set with diamonds." "I shall bring you one," promised Uncle Wiggily. But when he reached the Hollow Stump School he looked at the clock and saw that he was quite early. "I'll go in school and hear the animal children recite their lessons," said the beaver gentleman to himself, "and I shall still have plenty of time to hop to the store and buy Nurse Jane the gold plate she wants." So Uncle Wiggily hopped inside the school, and the Lady Mouse Teacher was very glad to see him. "Only you come at rather a sad time, Uncle Wiggily," she squeaked, for that was her way of talking. "A sad time? What do you mean?" asked the bunny gentleman. "I hope the school isn't going to burn down, so the children will have no place to study." "Not quite as sad as that," said the Lady Mouse. "But Toodle Flat-tail, the beaver boy, had his litter out in school, doing tricks with it, and he made the other pupils laugh. So Toodle must stay in." "Do you mean that Toodle took the stove lifter and hit some one with it?" asked Uncle Wiggily, shocked-like and apprehensive. "Oh, no!" quickly said the Lady Mouse. "See, this is what Toodle calls his litter. I had to take it away from him." The Lady Mouse held out a round, soft wet piece of leather, with a string through a hole in the middle. "I know what that is," said Uncle Wiggily. "When I was a rabbit boy we used to call them suckers. You take a piece of leather, soak it in water until it is soft, after you put a strong string through the centre, by using a knot in the end of the string so it won't slip out. Then, if you put the round piece of leather down on a flat stone or piece of glass, you press it flat with your paw, the lifter will stick to the stone, and you can pull the stone up by the string. That's what a sucker or lifter will do." "Yes, Toodle was trying to lift up one of his school books that way, when I saw him and made him bring his sucker up to my desk," went on the lady mouse. "Outside of that Toodle is a pretty good boy. But I shall have to keep him in after school."

TEX HOWARD BAND PROVES DRAWING CARD AT DOMINION

There is no doubt as to the popularity of "Tex" Howard and his band of syncopaters playing at the Dominion Theatre this week, as is evidenced by the capacity houses that are attracted, says Manager Robertson.

Howard's programme for the week includes a fine selection of melodies, both popular and classical. The rendering of Liszt's "Hungarian Rhapsody" is resplendent with brilliant technique and is a gem of musical expression; "Vision D'Amour," a saxophone solo played by West Gilland in pleasing manner testifies again the versatility of this band. Other popular melodies included in the programme: "Sweet Little You," a foxtrot, and "Song of Love," the fascinating waltz from "Blossom Time."

The feature attraction for this week is from Ethel M. Dell's novel, "The Top of the World," featuring James Kirkwood and Anna Q. Nilsson. Harry Langdon in his latest comedy, "The Luck of the Foolish," provides the comedy end of this very entertaining show.

HOW COLISEUM FILM CAME TO BE NAMED INVOLVES A STORY

Why the name of Owen Davis' stage melodrama, "Nellie, the Beautiful Cloak Model," was not changed as the title of the Goldwyn picture, is described by Emmett Flynn, who directed the production.

The director wanted to use the original title, but had to fight for it, as many Goldwyn officials and salesmen and theatre owners wanted a new one.

When Flynn took the company to New York to film scenes for the picture, however, he unknowingly proved the worth of the title.

For a scene in the picture he had the electric lights in front of the Capitol Theatre changed to read, "Nellie, the Beautiful Cloak Model—All Star Cast."

Even though it was late at night, passers by on the street showed a great deal of curiosity, and several scores attempted to buy tickets for it. Thus Flynn proved that he was right, and the original name was retained. "Nellie, the Beautiful Cloak Model" will be at the Coliseum all week.

"BIRTH OF A NATION" IS PLAYHOUSE FILM WITH COMEDY EXTRA

"The Birth of a Nation," now showing at the Playhouse, tells the story of a nation re-born through the storm and stress of civil war. Instead of the four to six scenes of the conventional plays, its technique permits of filming literally thousands of scenes and covering a wide range of history and characters. Slavery, the primal cause of the war; Lincoln's call for troops to subdue the Southern States; the battle on the eve of Bull Run, and the first triumph of Confederate arms; the devastation wrought by Sherman's march; and the order of the Siege of Petersburg; Lee's surrender to Grant at Appomattox; the assassination of the great president; the harsh radical policy toward the stricken South; the uprising of the Ku Klux Klan, and the overthrow of the carpet-bagger regime—these great factors and events pass in review.

The love interest of the play is based on the friendships between the Camerons of South Carolina and the Strommans of Pennsylvania, two families involved in the struggle. Ben Cameron, the gallant clansman of the Dixon stories, appears again in the role of romantic hero; the piquant Northern girl, Elsie Stoneman, as the heroine.

The current offering of the Frank Morton Company is proving a laughing "hit," with Morton again seen as the irresistible "Casey," supported by a capable cast.

TOM MIX STARS IN HIGHWAYMAN STORY AT CAPITOL THEATRE

"What would you do at dog?" roared big Tom King, a highwayman bold as the even bolder one, Dick Turpin, presented a horn pistol at his head on the road near York in England, 175 years ago, and demanded his money.

"Ye may not know me, Mister Turpin, but I know you. I'm Tom King, and being in the same employment would know you better and share fortunes with you."

So Dick lowered his pistol and extended his hand. Thereafter for a number of years this bold pair worked together.

In the screen story of "Dick Turpin," which William Fox is presenting at the Capitol Theatre now, the famous Western star, Tom Mix, does the best work of his career as "Turpin," and Alan Hale adds immensely to his already great fame in the role of "Tom King." Kathleen Myers and Lucille Hutton are charming in picturesque roles.

"THIEF IN PARADISE" COMING TO CAPITOL, HOLLYWOOD CHORUS

Hollywood may soon have a "Follies" that will rival that of Zigfeld. The idea arose during the filming of the new Goldwyn-Pitman picture, "A Thief in Paradise," which which First National will offer at the Capitol Theatre next Monday. Producer Fitzmaurice was recruiting a polo team of blondes to play against a team of brunettes as one of the picture's novel sequences.

No fewer than six hundred girls were interviewed before finally the necessary eight were found.

Most of the girls had had chorus experience, and many of them beautiful voices. While neither Samuel Goldwyn nor Fitzmaurice have any intentions of entering Zigfeld's field, a syndicate of West Coast theatrical producers, who heard of the polo incident, sent representatives to take the names and addresses of the applicants, and their qualifications for stage appearance. Hollywood is all agog over the prospect of having a "Follies" of its own, and picture producers welcome the idea, in that it will provide employment for extra girls when no studio work is available.

Doris Kenyon, Ronald Colman and Aileen Pringle are co-featured in "A Thief in Paradise," which was adapted from Leonard Merrick's novel, "The Worldlings."

"CHARLEY'S AUNT" IS COMING TO SCREEN AT DOMINION SOON

It is a strange thing but true that "Charley's Aunt," the play which has been going continuously for thirty-three years on the stage, has never had a star, and the film presenting Syd Chaplin, which comes to the Dominion Theatre next week, is the first time the piece has ever been done with a star in the title role.

"Charley's Aunt" has been played in England with 166 different "Charleys," and according to Mrs. Brandon Thomas, wife of the author, who now controls the enormous estate which the play has built up, every one of the Charleys has been good.

"Charley's Aunt," according to the producers, is an actor-proof play; by that is meant that it is funny no matter how badly played. This is not said to discredit any of those who appear in the picture, because from all reports, from the star, Syd Chaplin, on down, every member of the cast does excellent work.

The reason that "Charley's Aunt"

was never advertised with a star is probably due to the fact that it has generally been a stock company play.

"Charley's Aunt" may be said to be the "mother" of all farce comedies on the stage and screen. It is the real old-timer which has stood the test of many years of playing. The picture is promised as a real treat.

Wife and Husband Both Ill With Gas
For years I had gas on the stomach. The first dose of Adierika helped. I now sleep well and all gas is gone. It also helped my husband. (signed) Mrs. B. Brinkley, ONE spoonful Adierika removes gas and often brings astonishing relief to the stomach. Stops that full, bloated feeling. Brings out old waste matter you never thought was in your system. This excellent intestinal evacuant is wonderful for constipation. Hatt & Co., druggists (Adv't.)

Programme of Functions Includes Tour of Nearby Cities
When in 1923, the six "Queens" of Victoria toured the Georgian Circuit following the Victoria Day celebrations, admiration and praise echoing in their wake was a tribute to Victoria as a city of beautiful women. That trip may be repeated this year in connection with the Victoria Crystal Garden Carnival. Under the system of eliminating all but six of the hundreds who will enter the contest, the management felt assured that the high standard of womanly charm associated with Victoria's Queens will be more than maintained. Hospitality and entertainment, lavished on the fortunate six on their journey around the circuit will be but a preliminary to honors and homage which will be their lot on their return to their native town.

That he had been robbed of \$15 in a downtown rooming house while he slept, was the complaint of Charles, a seventy-year-old Indian, to the city police this morning. The police are investigating the case.
A concert will be given on April 16 at 8 o'clock by the choir of the First Presbyterian Church under the leadership of Jackson Hanby. The concert will be staged under the auspices of the young people of St. Paul's Presbyterian Church.

A special service has been arranged for to-morrow by the Victoria Ministerial Association. It will last for one hour from 11 o'clock till noon and will take place in St. Andrew's Presbyterian Church. The president of the association will preside.
Catholic Women's Sale—Mrs. R. A. Duncan, 425 Kerr Avenue, is holding a silver tea and home-cooking sale at her home on Wednesday afternoon, April 15 from 2 to 6, in aid of the Social Welfare section of the Catholic Women's League of St. Joseph's and St. Mary's churches.

Linklater Heads \$1,500,000 Mine
With P. M. Linklater of this city as its president, incorporation was today granted at the Parliament Buildings during the last week of the company on the Bear River, British Columbia. The mine is owned by the Linklater company, limited, of which Mr. Linklater is president. The mine is situated on the coast of British Columbia, about 100 miles from Vancouver. The mine is expected to produce 1,500,000 tons of coal per year.

Telephone Charge of Theft is Laid
Vancouver, April 9.—Suspected by the police of having made away with six telephones in Vancouver, a man named Roy Crate, aged twenty-nine, is now lodged at headquarters charged with the theft of a telephone and \$10 it contained. He was arrested early this morning, shortly after the telephones had been taken from a downtown hotel. Telephone company officials place the value of the telephones at \$10, exclusive of approximately \$100 taken from the toll boxes.

Longheed Expects Federal Election In June or July
Calgary, April 9.—Sir James Longheed, Conservative leader in the Senate, who returned to Calgary yesterday for the vacation, stated to the Canadian Press in an interview that the general impression at Ottawa was that the Federal general election would take place very probably late in June or early in July. Sir James said his personal opinion was that prorogation would follow shortly after the passing of the budget and the estimates.

ISLAND BOARDS STRESS NEED OF MILLS HERE
Log Shipments to Mainland of Enormous Payroll
Important Matter Discussed at Representative Meeting in Nanaimo
Milling on Vancouver Island of logs cut on the island and the developments that would result if this course were adopted was emphasized at the meeting of the Associated Boards of Trade of Vancouver Island held at Nanaimo yesterday. In the course of a lengthy discussion on this subject it was pointed out that if the logs from the immense timber areas were milled here, it would create a payroll of considerable proportions, the establishment of thousands of homes for mill workers and business and industrial developments generally by the circulation of millions of extra dollars.

A VITAL QUESTION
The question from an economic standpoint was one of the most vital of the big stands on the West and East Coasts of Vancouver Island and on the southern end of the island. It was pointed out that in two separate instances where the timber limits were being exploited on a huge scale the logs would be sent to the mainland to be milled in White Rock and in the other to a point on the Fraser River. Complimentary reference was made to the Victoria Lumber Company at Chemainus for expedition with which they are rushing to completion one of the largest lumber mills on Vancouver Island at Chemainus.

ISLAND HIGHWAY
C. P. W. Schwengers, president Victoria Chamber of Commerce, reported on recommendations as to the Island Highway at the meeting of the Associated Boards of Trade of Vancouver Island held at Nanaimo yesterday. The latter had said his idea was to build a road surface covering a series of years. A few days ago he had seen Dr. Sutherland, who said it was the intention to make a start on the highway. The programme was not settled, but he believed it might be possible to treat from Malahat to Nanaimo and perhaps from Courtenay to Nanaimo.

WILL MEET MINISTER
Mr. Schwengers felt it might be wise to have a delegation meet Dr. Sutherland in a spirit of co-operation. His motion that the president appoint a committee to act with himself in waiting upon Dr. Sutherland and urging prompt action upon the Island Highway at the meeting of the Associated Boards of Trade of Vancouver Island held at Nanaimo yesterday was adopted. The committee will report to the next meeting of the Associated Boards of Trade of Vancouver Island held at Nanaimo.

ON POLICE DOCKET
Premier Oliver, who addressed the New Westminster Board of Trade last night, returned to the Parliament Buildings this morning, after having experienced just before midnight what he termed as the most pleasant twelve-mile automobile ride he has had in years. After his New Westminster address, the Premier was taken in charge by C. P. W. Major, of the Victoria Police, on the mainland, and Mayor Annandale of New Westminster. He escorted him to Vancouver on to the Victoria boat. "I very much appreciate the honor these pioneers conferred upon me," the Premier said today. "I have been fortunate in knowing them for upwards of half a century."

FOR PRODUCTS FAIR
DOMINION GOVERNMENT WILL HAVE COMPREHENSIVE POULTRY EXHIBIT
Information was received today that the Dominion Government will stage an exhibit at the Home Products Fair at the Armories April 21 to 25 in which Vancouver Island poultry will be featured. The exhibit will have a sixty-foot frontage and all phases of the poultry and egg industry will be demonstrated. Prize birds of the Island holding egg-laying records for the Dominion will be on show. Demonstrations of dressing and cooking birds and egg testing demonstrations will be given daily. The first night of the fair will be a grand night when the Boys' Naval Brigade Band will play. There will also be a fashion show on elaborate lines, preparations for which are now being made. The fair will wind up with a fancy dress ball for which prizes will be given to the dancers in the costumes best representing some Victoria industry.

CANADA HAS DRILLING RECORD AND BRIGHT FUTURE
Rotarians Hear B.C. Nicholas Examine National Progress
Rotarians attending today's luncheon at the Chamber of Commerce were addressed by B. C. Nicholas on comparisons of national progress in Canada and the United States. The speaker was glad that such organizations as Rotary Clubs made a practice of devoting time to consideration of national progress. Important knowledge of which have an important bearing on increase of national consciousness among Canadians. "It is increasingly necessary that youthful and growing Canada develop a dominant love of country, in view of close contact with a neighbor nation, speaking the same language and having similar ideas and methods of commerce, already vastly developed," he said.

PRIDE IN ANTIDOTE
"I believe the 5,000,000 people in Canada have a sense of pride in achievement that any other country of similar population in the world," he said, declaring that comparisons between Canada and the United States are often made on an improper basis. He compared the achievements of Canada today with those of the United States when it had a population of 25,000,000. "Our production of wheat and manufactures, railroad mileage, export trade and many other factors of national growth are much greater than those of our neighbor when it had four times our present population," he said. Mr. Nicholas stated that American capital, by economic penetration, controlled Canadian industry and finance. He showed that Canadians own sixty-four per cent of their own industrial securities, while United States capital had less than twenty-five per cent.

REGRETTED EXPERIMENT
The vast immigration into the United States, which marked the middle and close of the nineteenth century was pointed out as a discovered error, which would not be permitted to-day. "What we want is quality rather than quantity. I do not anticipate that Canada is going to gain population at a comparable rate with United States experience," he said. The compromises forced by Canada's French and English population compels that the prime effort for unity should be devoted to development of a Canadian national spirit and pride, the speaker asserted. "Such a spirit would greatly limit the emigration of young people, who would place their duty to Canada ahead of temporary personal benefits to be attained," he said in closing.

OLD-EST PIONEERS HONOR PREMIER

Seven Runners Will Start In Road Race

Keen Competition Looked for in Annual G.W.V.A. Race To-morrow; Jimmy Buckett in Fine Shape and Hopes to Repeat Previous Victories; Garrison Runners Expected to Make Good Showing This Year

Seven runners will start off in the G.W.V.A. senior road race to-morrow. At present only two contestants have sent in their entry forms for the junior event but it is expected that several more will be in to-night.

Keen interest is being taken in the senior race. Jimmy Buckett who has carried off the honors for several years, has entered and will make a great attempt to keep the cup in his possession.

Visiting Teams All Knocked Out In Semi-finals

Duncan Falls Before Falcons and James Bay Outlaws Defeat Jordan River

C.P.R. Girls Eliminate Keatings; Finals For Championships on Saturday

Three visiting teams crashed to defeat last night in the semi-finals of the Victoria and District Basketball championships being staged by the Y.M.C.A. at their gymnasium.

The great Duncan team, which defeated Victoria last year, were the B.C. open title, but lost out to B.C. Varsity in the finals, were conquered by the fast Falcons, re-instated in the finals. Boy why? The decisiveness of the score, 53-29, left no doubt as to the superiority of the locals.

Jordan River, another hope of the outside to cop the honors, were bumped out of a place in the finals by the James Bay Outlaws, who won by 51-37. The margin of victory was the same as in the Duncan-Falcons game.

The local ladies followed the good example of the men when they repulsed the last threat of Keatings. The C.P.R. girls ran through the visitors for a 15-5 victory.

FINALS ON SATURDAY

The championships, both ladies and men's, will now be decided between local teams. These games will be played on Saturday night, the Falcons meeting the James Bay Outlaws and the C.P.R. playing the Fideles. A third game is to be arranged to round out the programme.

The deadly shooting of Stan Moore and Tommy Wichter caused the downfall of Jordan River. Moore ran in 38 points, while Wichter accounted for 15. In the first half the Outlaws were just able to hold the edge on the visitors, the while finding the clubs with the score at 25-24. In the second half the Outlaw sharpshooters picked off baskets from all angles, and secured a commanding lead.

WILL BE FOLLOWED

Frank is drawn with Bon Stein, the Seattle champion, in the qualifying round, and this pair will attract the gallery. They are both splendid golfers and a treat to watch in action.

QUOITING CLUB

The Victoria Quoit Club will open for the season at the club headquarters, 818 Hillside Avenue, on Good Friday at 1:30 o'clock.

Amateur Baseball In Canada Will be Made Major Sport

Montreal, April 9.—Plans to unite amateur baseball in Canada by a Dominion-wide organization which were begun at the recent meeting of the Amateur Athletic Leaders in Winnipeg, were further strengthened last night when the Quebec Amateur Baseball Association decided to affiliate with the newly-formed National Baseball Association of Canada.

Great Field Here Seeking B. C. Title

Golfers From England, Scotland, United States and Many Parts of Canada Will Tee Off in Morning in B.C. Amateur Golf Championship; Bon Stein of Seattle, Drawn Against Frank Thomas, of Victoria, in Feature Event of Qualifying Round To-morrow; Vancouver Strongly Represented

One of the most representative fields that has ever competed in the B.C. amateur golf championship will tee off in the qualifying round to-morrow morning at the Colwood Golf Club. Players from Scotland, England, United States and Eastern and Western Canada have entered and a real international color has been given the tournament.

The draw for the qualifying round was made last night and issued by Walter Parry, secretary of the Colwood Club. One hundred and sixteen names went into the draw. The qualifying round is set for to-morrow, eighteen holes in the morning and another eighteen in the afternoon. The thirty-two low men will enter the championship final.

CADDIES WANTED

In view of the large number of entries for the British Columbia Amateur Golf Championship at the Colwood Golf and Country Club this week-end, a plentiful supply of caddies will be required, and it has been arranged that the fee for a round of eighteen holes shall be one dollar. Caddies are asked to note this and make their way to Colwood to-morrow.

Bon Stein constitutes a serious threat from the American side of the line. Four other U.S. subjects are here for the tournament, but Bon Stein is the one that is most feared. Bon has been gunning for the B.C. title for years, but he has never won it. He has won a flock of other titles, but the B.C. title has proved very elusive for him.

Vancouver is determined to retain the honors and has sent over a great contingent. In addition to Champion Jones, Vancouver has such noted golfers as Jack Fraser, who lost out to Jones in the finals last year; Knox Walker, captain of the Shaughnessy club, and even Philmie and H. Styan, who starred for the visitors.

The Victoria Golf Club has several promising young golfers in the tournament, and Uplands is pinning much hope on Y. Price, a former titleholder, to repeat.

The first and second rounds of the flights will be played on Saturday with the third round and semi-finals on Sunday. The finals, 36 holes, will be decided on Monday.

After Holiday To-morrow 20 Race Meets Will be Staged; Queen's Prize Monday

London, April 9 (Canadian Press cable)—Horse racing, both cross-country and on the flat, will be suspended throughout the British Isles to-morrow, Good Friday, but on Saturday and Monday lovers of the "sport of kings" will have ample opportunity to pick and choose the best for their day's outing, no less than twenty race meetings being scheduled during the week-end.

EVANDER INCLUDED

SLUGGED TO A DRAW

Bellingham, Wash., April 9.—Al Gallagher, bantamweight of Vancouver, B.C., and Billy Quilter, Seattle, slugged their way to a six-round draw decision in the main event here last night. Jackie Johnson, Everett bantamweight, shot a left to the stomach after a sharp exchange of blows and knocked out Frankie Green, Seattle negro, in the fifth round of a scheduled six-round affair.

Billy Sneddon Won Easily From Mason At U.S. Tournament

Gained Decision Over Seaman in Ten Fast Rounds at Armories Last Night

Preliminary Bouts Provided Excitement; Lieut.-Governor Presented Prizes

Billy Sneddon, well known local boxer, staged a great comeback at the Armories last night, when he gained the decision over Leading Seaman Mason in ten fast rounds. The welterweights mixed things well with Sneddon having the best of the battle from the start. The other bouts all proved very even and provided plenty of excitement for the 300 fans present.

ONLY ONE KNOCKOUT

God mixing was seen in all the preliminary bouts and one technical knockout was awarded. The first bout, between Seaman Freeman, R.C.N., and A. B. Pest, R.C.N., was good. Pest proved too smart for his opponent, and forced the fighting all the way, making a decision at the end of the three rounds.

DECISION FOR THE STOKER

A good battle was seen when Stoker Telfer and Boy Dick of the R.C.N. mixed. Telfer led all the way, and several times had his opponent groggy, but Dick managed to hold his feet for the six rounds, although he was no match for the hard hitting stoker. Telfer received the decision.

A. B. Hobday, R.C.N., and Private Morrison, P.F.C.L.L., provided plenty of entertainment in their welterweight bout. Morrison had a decided edge in the first round, but in the next two Hobday came back, gaining the decision on the judges.

The only knockout of the tournament came in the preliminary bout between Ordinary Seaman Stubbing and Stoker O. Ashton, the former batter being, a technical K.O. in the second round, when he sent his man to the floor with a stiff right to the chin.

Suspension of Champ Walker of Dominion Called an Injustice

Hamilton, Ont., April 9.—Thomas H. Grempton, former manager of Phil Granville, Canadian champion walker, declared that the suspension of Granville in an Irish boxing contest was an insult to the president of the American Walkers' Association.

Grempton claims that during Granville's stay in New York, he was quartered at the Y.M.C.A. and his living has been of the plainest kind.

SEATTLE COMES BACK

Seattle, April 9.—Seattle won the second game of its series with the Seals 11-6 here yesterday in a contest in which the San Francisco team used four men on the mound. The series is now even. Plummer was relieved by Dumovich in the fourth inning. Miljus replaced Dumovich in the eighth.

London, April 9.—Rugby games played in the Old County yesterday: Bristol 23, London Irish 15, Torquay 7, Crowhays 25.

Washington Soccer Team Playing Vets

Interesting Game Will be Played To-morrow Afternoon Between Two Smart, Well-balanced Sides; Teamsters and Esquimalt Will Perform in Morning in Exhibition Game for Benefit of Injured Player

Two exhibition football games have been placed on to-morrow's sport card and both should prove attractive to the fans. The game in the morning will be between Esquimalt and the Teamsters and will be staged at the Royal Athletic Park with the kick-off at 10.30 o'clock. The proceeds of this game will be devoted to the funds being raised by the Esquimalt club for Bendall, one of their players who was hurt in a shooting accident.

The second game of the holiday will have a strong appeal from the point of good football, as a side that will carry the colors of the Veterans will play against the pick of the State of Washington. The Veterans have been strengthened by the inclusion of several local stars and they hope to give a good account of themselves against the visitors.

Yanks Pinch-Hitter

NICK CULLOP

New York, April 9.—For a number of years the only apparent weakness of the Yankees was a capable right-handed batter who could hit in the pinch. So hard pressed had the club been for such a man that most of the time Fitcher Joe Bush was called upon to perform.

In Nick Culllop, who aside from being a capable right-handed hitter, can play first base, the outfield or take a turn at pitching, Huggins believes he has such a chap. Culllop was with Omaha last season and was a fence-buster in that company.

Sacramento And Salt Lake Have Yet to Be Beaten

Los Angeles and Seattle Come Back and Win Their First Games in Coast League

Los Angeles, April 9.—George Payne, pitching excellent ball, held Portland to seven scattered hits here yesterday, and Los Angeles evened the series with 4-0 victory. The Angels, though not hitting heavily, bunched them in the fourth, and scored three tallies. Portland made three errors, one of which cost a run.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, April 9 (By R. P. Clark & Co.)—The stock market to-day was rather typically pre-holiday affair and price changes carried no particular significance.

We continue to feel that the next important swing in prices will be in an upward direction with perhaps the rails and oils the more popular issues.

New York, April 9 (By B.C. Bond Corporation's direct Wall Street Wire)—The Wall Street Journal's stock market section to-day says: Stocks gave another demonstration of technical strength in a quiet pre-holiday market.

International Nickel was active the year's best levels around 29 1/2. Morgan investment has been credited with being big accumulators of this stock for several months.

Chicago, April 9 (By R. P. Clark & Co.)—Wheat: Pressure on wheat was heavy at the start on the lower cables and favorable weather conditions.

Recent Wheat Crash Stirs Pool Leaders

Winnipeg, April 9.—The Manitoba Free Press says to-day: "That the crash in wheat prices which has caused a flurry on the market recently was an organized effort on the part of big wheat manipulators to destroy the wheat pool is the effect of a statement, which has been made public and purports to come from George W. Robertson, secretary of the Saskatchewan pool, who was in Winnipeg Tuesday in conference with officials of the central office."

Mr. Robertson declared that the pool was strong enough to withstand attacks from any quarter, however, and that their agency sold wheat at five to seven cents above the quoted market price.

which is more than a full shipping difference. Sentiment appears more or less bullish, and the majority of the trade are looking for a rather bullish report. We believe that the general situation favors investment.

Want U.S. Coal Into B.C. Taxed

Vancouver, April 9.—Alarmed by the increase of 58¢ per cent in coal imports from the United States to British Columbia last year, displacing almost 50,000 tons of British Columbia coal, members of the B.C. Chamber of Mines directors, at a meeting to-day decided to call on the Department of Customs and Excise of Canada to make coal from Bellingham, Wash., dutiable.

PARACHUTE JUMP

Vancouver, April 9.—Flying Officer A. Carter, parachute expert of the Canadian Air Force, again yesterday demonstrated the feasibility of using parachutes in landing from aeroplanes, when he dropped 1,500 feet from a swiftly moving machine and alighted safely on Lulu Island.

WHEAT REPORT VERY BULLISH

Chicago, April 9.—(R. P. Clark Leased Wire)—The grain trade considers the Government report on Winter wheat as very and unexpectedly bullish.

Washington, April 9.—The Department of Agriculture at 2 o'clock this afternoon issued its report on the condition of Winter wheat as on April 1, 1924, and 75.2 on April 1, 1923.

With a Winter wheat condition of 68.7, the estimated production is 474,255,000 or almost 26,000,000 bushels under the lowest estimates by local experts.

Yield condition is estimated at 84.0 with a production of 61,652,000.

Chicago, April 9.—Estimates on the Winter wheat crop to-day before the report was issued ranged from 500,000,000 to 534,000,000 with the trade mostly looking for around 510,000,000 to 515,000,000, The Chicago Tribune says.

Last year's harvest was 590,000,000. The condition of Winter wheat was expected to show between 70 and 75 compared with 81 in December and 83 in April last year and a ten-year average of 81.2.

Pre-report rye estimates were around 63,000,000 or about the same as last year. The condition last year was 83.5 and the ten-year average 87.1.

67,700,000 BUSHELS LEFT IN CANADA

Winnipeg, April 9.—After allowing for feed and seed requirements, Sanford Evans statistician estimates that on April 1 Canada had 67,700,000 bushels remaining for export for the remainder of the season. He allows for a carry-over of 22,500,000 bushels on August 1.

WHEAT SPURTS UP BEFORE HOLIDAY

Winnipeg, April 9.—Unsettled sentiment characterized to-day's session of the Winnipeg wheat market, prices fluctuating briskly within a range of about 5/4 cents. Weakness developed on early trading but during the last half hour improved demand pushed prices upward, May closing at 128, declined 3/4 below Wednesday's final quotations.

Exporters were in the market on a small scale, offerings being light throughout the session. Some local traders were bullish inclined, giving the market good support on the breaks.

Money Market To-day

New York, April 9.—Call money firm; high 4; low 4; ruling rate 4; closing bid 4; offered at 4 1/4; last loan 4 1/4; call loans against acceptance 2 1/2.

New York, April 9 (By R.C. Bond Corporation's direct wire)—Call money rate clings close to 4 per cent despite the abundance of funds in this district.

Winnipeg, April 9 (By R.C. Bond Corporation's direct wire)—Market opened sharply lower due to weakness in Liverpool and heavy rains throughout support was countered on the break, buying being practically for houses with seaboard connections.

Padlocking the Jazz Palaces Means Nothing to Jeff

Jeff, here's some bad news for you: What is it, mutt? It states that the district attorney of New York City is gonna padlock all the jazz palaces and clubs that have been violating prohibition!

What of it? It means that from now on you can sit at home and put in your evenings playing solitaire!

Is that so? I'll step out like I always have!

A lot of good it'll do you! All the lively dumps will have big padlocks on the doors!

Locks or no locks, it's all the same to me!

I'm chumming with Houdini the handcuff king now and a flock of padlocks means nothing to his young life! I'll get in!

TIMES CROSS-WORD PUZZLE

The I's have it in this puzzle. Four words begin with I, three end with the letter and quite a few have it tucked away in the middle. The three words ending in I are the ones that will bother, if any.

Cross-word Puzzle 0223

HOW TO SOLVE THE CROSSWORD PUZZLE

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may occur both horizontally and vertically. The directions for the correct words to fill the form are found below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly it should read both horizontally and vertically with words corresponding to the definitions. The correct solution of to-day's puzzle will be printed in the next issue of The Times.

Answer to Cross-word Puzzle 0222

"The Circular Staircase"

By MARY ROBERTS RINEHART

"Lord have mercy!" gasped Liddy, and turned to run.

"Liddy," I called, "go through the house at once and see who is missing, or if any one is. We'll have to clear this thing at once. Mr. Jamieson, if you will watch here I will go to the lodge and find Warner. Thomas would be of no use. Together you may be able to force the door."

"A good idea," he assented. "But there are windows of course, and there is nothing to prevent whoever that is in there from getting out that way."

"Then lock the door at the top of the basement stairs," I said, "and patrol the house from the outside."

We agreed to take the matter as it came. We agreed to take the matter as it came. We agreed to take the matter as it came.

"You have hurt yourself," I said sharply.

"I fell over the carriage block," she explained. "I thought perhaps I might see Halsey coming home. He ought to be here."

I hurried on down the drive. The lodge was some distance from the house, in a grove of trees where the drive met the country road. There were two white stone pillars to mark the entrance, but the iron gates, once closed and tended by the lodge-keeper, now stood permanently open. The day of the motor-car had come, no one had time for closed gates and lodge-keepers. The lodge at Sunnyside was merely a sort of supplementary servants' quarters; it was as convenient in its appointments as the big house and infinitely more cozy.

As I went down the drive, my thoughts were busy. Who could it be that Mr. Jamieson had trapped in the cellar? Would we find a body of some one badly injured? Scarcely either. Whoever had fallen had been able to lock the laundry door on the inside. If the fugitive had come from outside the house, how did he get in? If it was some member of the household, who could it have been? And then—a feeling of horror almost overwhelmed me. Gertrude! Gertrude and her injured ankle! Gertrude found limping slowly up the drive when I had thought she was in bed!

I tried to put the thought away, but it would not go. If Gertrude had been on the circular staircase that night, why had she fled from Mr. Jamieson? The idea, puzzling as it was, seemed borne out by this circumstance. Whoever had taken refuge at the head of the stairs could scarcely have been familiar with the house, or with the location of the chute. The mystery seemed to deepen constantly. What possible connection could there be between

Halsey and Gertrude, and the murder of Arnold Armstrong? And yet, every way I turned I seemed to find something that pointed to such a connection.

At the foot of the drive the road described a long, sloping, horseshoe-shaped curve around the lodge. There were lights there, streaming cheerfully out on to the trees, and from an upper room came wavering shadows, as if some one with a lamp was moving around. I had come almost silently in my evening slippers, and I had my second collision of the evening on the road just above the house. I ran full into a man in a long coat, who was standing with his back to me watching the lighted windows.

"What the hell!" he ejaculated furiously, and turned around. When he saw me, however, he did not wait for any retort on my part. He faded away—this is not slang; he did—absolutely disappeared in the dusk without my getting more than a glimpse of his face. I had a vague impression of unfamiliar features and of a sort of cap with a visor. Then he was gone.

I went to the lodge and rapped. It required two or three poundings to bring Thomas to the door, and he opened it only an inch or so.

"Where is Warner?" I asked.

"—I think he's in bed, ma'am."

"Get him up," I said, "and for goodness' sake open the door, Thomas. I'll wait for Warner."

"It's kind of close in here, ma'am," he said, obeying gingerly, and disclosing a cool and comfortable-looking interior. "Perhaps you'd better to set on the porch an' rest yo'self."

It was so evident that Thomas did not want me inside that I went in.

"Tell Warner he is needed in a hurry," I repeated, and turned into the little sitting-room. I could hear Thomas going up the stairs, could hear him rouse Warner, and the steps of the chauffeur as he hurriedly dressed. But my attention was busy with the room below.

On the traveling bag, open, was a seakink container bag. It was filled with gold-topped bottles and brushes, and it breathed opulence, luxury, femininity from every inch of surface. How did it get there? I was still asking myself the question when Warner came running down the stairs and into the room. He was completely but somewhat incongruously dressed, and his open, boyish face looked abashed. He was a country boy, absolutely frank, and reliable, of fair education and intelligence—one of the small army of American youths who turn a natural aptitude for mechanics into the special field of the automobile, and

earn good salaries in a congenial occupation.

"What is it, Miss Innes?" he asked anxiously.

"There is some one locked in the laundry," I replied. "Mr. Jamieson wants you to help him to break the lock. Warner whose bag is this?"

He was in the doorway by this time, and he pretended not to hear.

"Warner," I called, "come back here. Whose bag is this?"

He stopped then, but he did not turn around.

"It's—it belongs to Thomas," he said, and fed up the drive.

To Thomas: A London bag with mirrors and cosmetic jars of which Thomas could not even have guessed the use! However, I put the bag in the back of my mind, which was fast becoming stored with anomalous and apparently irreconcilable facts, and followed Warner to the house.

Liddy had come back to the kitchen; the door to the basement stairs was double-barred, and had a table pushed against it; and beside her on the table was most of the kitchen paraphernalia.

"Did you see if there was any one missing in the house?" I asked, ignoring the array of sauce-pans, rolling pins, and the holder of the range.

To be continued.

Navigation Will Open on Eastern Lakes April 18

Winnipeg, April 9.—Opening of freight navigation on the Great Lakes will probably be Saturday, April 18, it was announced by the freight department of the C.P.R. here yesterday. This is a week earlier than in 1924, it was stated. The first steamer this season will leave Port McNicoll for Fort William on the date mentioned and will be followed by at least five sailings each week thereafter. There are no indications at the present time that weather or ice conditions should in any way interfere with traffic, freight officials declared.

Price Level Control Sought by Commons

Ottawa, April 9.—Stabilization of purchasing power and the control of price levels will be the first order of reference to be discussed in the budgeting and commerce committee of the House of Commons. Its delving into finance which has spread over two previous sessions will be crystallized in a motion to be drafted by W. C. Good, Progressive, Brant, for the consideration of the committee. The exact motion was not revealed to-day and may include a recommendation for an international conference on currency.

LADY CECILIA, FIRST OF UNION STEAMSHIP COMPANY'S VESSELS FOR COAST SERVICE, NEAR PORT

One of Three Vessels Which Will Swell Total of Ships Operating on Coast; Company Plans to Run Vessel Out of Vancouver; Has Good Accommodation for 850 Passengers.

The Lady Cecilia, first of three new coast steamships which are coming here from the Old Country to join the fleet of the Union Steamship Company, is expected to arrive at William Head to-morrow, according to the officers of the company here. The ship is within short steaming time of Victoria to-day and she will make the quarantine station to-morrow.

The probability is that she will go directly to Vancouver from quarantine station.

The coming of the Lady Cecilia marks a new era of development of coast navigation. The Union Steamship Company is forging ahead in its progressive policy, and its purchase of three new ships will put the company in a better position to expand its trade in and out of British Columbia ports.

The Lady Cecilia is commanded by Capt. C. B. Smith of Vancouver, and will start operating almost immediately upon her arrival in the mainland port. She will make a daily trip to resorts within a 100-mile radius of Vancouver. She has accommodation for 850.

The vessel is 220 feet in length, with a 22-foot beam, and she is capable of a speed of 17 knots, when pressed. Her sister ship, the Lady Cynthia, will follow the Cecilia within a short time, and the two vessels will add much to the passenger-carrying service out of Vancouver.

The Catala, the third and larger vessel, will maintain a service to farther northern points, together with the Venture.

The coming of the Lady Cecilia marks a new era of development of coast navigation. The Union Steamship Company is forging ahead in its progressive policy, and its purchase of three new ships will put the company in a better position to expand its trade in and out of British Columbia ports.

Abandoned Craft Sighted at Sea

San Francisco, April 9.—The Japanese liner Tenyo Maru, bound from Japan to San Francisco, broadcast a message to the San Francisco office of the Radio Corporation of America yesterday reporting she had sighted an abandoned fishing vessel last night in latitude 38° north and longitude 128° 52' west.

COURT FINDS TUG OWNERS AT FAULT

Damages Awarded to Owner of Scow Ramm'd in Nanaimo Harbor

Vancouver, April 9.—"One of these hit-and-run cases," was the comment of Chief Justice Hunter yesterday, while trying the suit of Joseph Mayers of New Westminster against the Pacific Tug & Barge Company. Mr. Mayers alleged that the Pacific Monarch, a tugboat owned by the defendant, ran down his scow, the Mayers No. 2, in Nanaimo harbor early in the morning of November 7, 1924, before daylight, damaged the scow, and proceeded on its way without leaving any trace of its identity.

Proof of identity, damaged the scow, and proceeded on its way without leaving any trace of its identity. The scow was at anchor when the collision occurred.

Two members of the crew of the Pacific Monarch testified for the plaintiff, however, and the court gave judgment against the Pacific Tug & Barge Company for \$4,490.

FOREIGN TRADE CAMPAIGN'S URGED BY M.P.

A. B. Hudson, Winnipeg, Tells Commons Canada Needs More Agents Abroad

Addresses Delivered by W. Irvine, M. E. Maybee and J. L. Brown

Ottawa, April 9.—An aggressive policy with a view to extending the foreign trade of Canada was advocated in the House of Commons yesterday afternoon by A. B. Hudson, Liberal, South Winnipeg, in the course of a speech on the budget.

He pointed out that Canada had but one trade representative in the United States, and that the United States had 100 representatives in Canada.

Blown to Pieces By Heavy Blast

Rio de Janeiro, April 9.—It is believed several workmen were killed and nearly fifty injured in the explosion yesterday on a lighter from which fireworks were being unloaded for the celebration of the forthcoming Feast of St. John. The police are unable to supply a list of the dead because the force of the explosion destroyed most of the bodies.

The cargo was being transferred to a small steamer for coastwise shipment. Forty-six persons received emergency hospital treatment after the disaster.

protect the masses from being exploited by the protected manufacturers of Canada?

Apparently, stated Mr. Irvine, Canada was not going to have free trade, but if the country was going to have protection he would like to know how high it was going to be, and other particulars.

The farmers were heavily burdened, and many of them thought this burden might be relieved by free trade, or a "bow" to it. The Government, however, had not even made a "nod" to it.

NATIONAL CREDIT
He considered that a solution of Canadian difficulties might be made by a proper arrangement of national credit, and suggested that it was also stated that the amount required by the Government for current expenses next year could be obtained by issuing that amount of money on the strength of the national credit instead of borrowing it from New York.

Mr. Irvine further advocated the principle of single tax.

HIGHER DUTIES
M. E. Maybee, Conservative, Northumberland, Ont., advocated an increase in the duties on boots and shoes, dairy produce and fruit. Thousands of industries in this country had been forced to stop operations, he said, and the Government was showing a constant change of front.

RAILWAY DEBT
J. L. Brown, Progressive, Lisgar, Manitoba, expressed the opinion that the railway debt should be continued as distinct from the ordinary debt of the country. He also believed there should be a separate accounting for liabilities incurred during the war. This system would permit the people to know just what sacrifice Canada had made in regard to the war, and also how much indebtedness was incurred as a result of the situation the people found themselves in on account of the railways.

The exportation of electrical power to the United States was a step which might lead to difficulties in the future, he thought. Industries in the United States might be built up in the United States through power exported from Canada, and later if Canada desired to stop such exportation, she would probably find herself in an involved situation.

Mr. Brown spoke in favor of a Government policy of reforestation.

The debate was adjourned until Tuesday next by Hon. James Murdoch, Minister of Labor.

W. William Irvine, Labor, East Calgary, thought the present tariff was the "most pernicious kind" of a financial policy. It was not high enough, really to protect Canadian industry, and it was not low enough to reduce the cost of living.

Mr. Irvine said the Labor Party never enforced protection, but was willing to experiment with free trade with protection, with free trade with protection, with free trade with protection.

"If I were Premier and believed in free trade, I would take a chance at it," said Mr. Irvine. "If I lost out, I would at least have a lesson in history to all that follow."

Did the Conservative Party really propose to give to the country a policy which would protect Canadian industry? he asked. If the Conservative Party did intend to do this, would it not result in doing away with the revenue raised through the tariff? Would goods be sold in Canada at prices equal to those in other countries? And, finally, how did the Leader of the Opposition propose to

President Jefferson Leaves Outbound To-night With Huge Cotton Cargo

President Grant Expected Here at 7.30 To-morrow Morning

The Admiral Oriental liner President Jefferson is outbound this evening and the President Grant, of the same line, will arrive to-morrow morning at the Ribbet pier, according to an announcement made here to-day. The President Jefferson has one of the heaviest cotton cargoes to be carried to the Orient by any vessel out of a Pacific port. She also has a good list of passengers outbound.

This ship will arrive here from Seattle, according to wireless advice, at 4 o'clock this afternoon, and will call again for the Orient at about 5.30 o'clock. She will take on mail and freight here and several passengers.

The President Grant, with a good list in her saloon and heavy freight for this port and the mainland, will arrive alongside the Ribbet pier at 7.30 o'clock to-morrow morning. She has a valuable cargo for discharge at Seattle.

From the offices of the Admiral Line here this morning it was also stated that the Ruth Alexander was due this evening from the south at 10 o'clock. She has a good passenger list for Victoria and a full cargo of freight. She is in the service of the Pacific Steamship Company.
