CHANTS AS USED IN WESTMINSTER ABBEY.
 Edited by JAMES TURLE.

This Collection of Chants has been compiled under the
 direction of the Rev. the Sub-dean of Westminster, and is
 authorized by him for daily service in Westminster Abbey.

The object of it is to combine sufficient choice with order,
 and, by publication of the arrangement, to enable the congrega-
 tion to join in the Psalms.

The first Chant for each service throughout the month is
 adapted from the well-known compilation of the late Mr.
 Robert Cooke, Organist of Westminster Abbey; the second
 and third are selected from ancient and modern composers.
 Some Chants have been written expressly for this work, and
 presented by the Authors, to whom the Sub-dean of West-
 minster desires to offer his best thanks. His acknowledgments
 are likewise due to those gentlemen in whom the copyright of
 certain other Chants is vested, for their obliging readiness in
 giving permission for their introduction into this publication.

The Sub-dean of Westminster is also much indebted to Mr.
 Turlé, both for his valuable assistance in preparing the work
 for publication, and for his acceptable contributions to it.

The Chants specially provided for the “Venite exultemus,”
 are for use when the Psalms for the morning are penitential,
 and the Chant for the day therefore unsuited to the character
 of the 95th Psalm.

With such exception, the Chants will accord with the
 printed arrangement.

Copies may be had of the Vergers of the Abbey, and of the
 publisher, Mr. J. A. Novello, 69, Dean-street, Soho, and
 35, Poultry

THE NEW
ALEXANDRE HARMONIUM
FOR
THE DRAWING - ROOM.

ALEXANDRE & SON have just taken out a new Patent for the Drawing-Room Harmonium, which effects the greatest improvement they have ever made in the Instrument. The Drawing-Room Models will be found of a softer, purer, and in all respects more agreeable tone than any other instruments. They have a perfect and easy means of producing a diminuendo or crescendo on any one note or more; the bass can be perfectly subdued, without even the use of the Expression Stop, the great difficulty in other Harmoniums. To each of the New Models an additional blower is attached at the back, so that the wind can be supplied (if preferred) by a second person, and still, *under the New Patent*, the performer can play with perfect expression.

THE DRAWING-ROOM MODEL

IS MADE IN THREE VARIETIES:—
