

Deerham Nov. 2 P. 1 P. 40.

Dear Friend:

I have taken the liberty to ask
Johnson to send you the proof
of my N. 2. editorial to read for
me. I do not wish you to bother
yourself about spelling, slips &c, but
merely to see that the words & sense
are given correctly & that the types
play none of those fantastic tricks
which make writers fume. You
know well enough that accidents
will happen in the best regulated
printing offices, if they do it is at
the very place where you will
they did not. You may be sure I
will do as well for you.

I wrote you a long letter on
Sunday which I trust you
have rec^d & that it will bring

me in due time arrive from
New York. We had a very pleasant
concert of the slaves last night,
which I led.

I have much to say, but must
return to my farm. Next Sunday, if duly
encouraged, I will tell you sundry things, "some news", as
you call it. [Garrison pag. 1.]

Love to all

Truly yours

Samuel May.

M. W. Chapman.

I trust that the paper of the
Non-Resistant will be disseminated
by some M. W. C. S.
