Agenda

- Building the SSV
- Testing the SSV
- Adjusting the SSV

Agenda discussion

- Building the SSV

We started the building of the SSV Monday evening.

- Testing the SSV

There were a few problems with the gearbox and the steering during the testing in the basement.

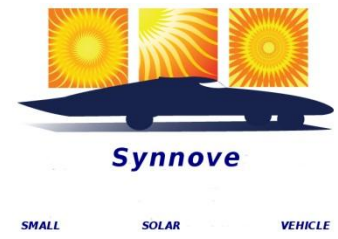

- Adjusting the SSV

We went to fablab to make a new frame. With this frame we didn't have any problem with the gearbox.

The steering isn't finished yet, it still needs some adjustments.

Tasks

Find a solution so that the SSV can steer. (everybody)
