Suggestions and Recommendations

for the Benefit of Patrons
purchasing Goods through our

MAIL ORDER DEPARTMENT.

By carefully observing our suggestions and recommendations customers may rely upon the prompt execution of their requirements, as the staff and facilities of our MAIL ORDER DEPARTMENT are very complete.

When Placing an Order,

write anything that does not pertain directly to the same subject, such as inquiries, complaints, etc., on a separate sheet, so that each can be transferred directly to the department to which it belongs for prompt attention without conflicting with each other and causing vexatious delay.

When sending for any article it is not necessary to cut the leaves of the catalogue for enclosure. Simply quoting catalogue page and number and designating size, color and finish, as the case may be, will be sufficient.

Any article not represented in our catalogue can be supplied at the same price and frequently from five to twenty per cent. less than charged elsewhere.

Substitution.

It is simply impossible in every case to supply the exact goods illustrated, especially as the demand gradually absorbs the supply obtainable; therefore permit us, in order to avoid delay, to substitute, relying on our good taste and judgment to send as good or a better article than ordered.

When granting permission, use the phrase, "substitution allowed," but unless so instructed we shall not feel at liberty to vary from the order.

Correspondence.

All correspondence must be addressed to **LUDWIG BAUMANN & COMPANY, Nos. 500-514 Eighth Avenue, New York City, N. Y.**, in order to receive prompt attention. We will not be responsible for orders sent to any of our employees.

Count everything you put in your letter; checks, orders or whatever form it is in, whether intended for goods, prepaid expressage, or both, and tell us what the amount is and your wishes as to its disposition.

By almost every mail we receive letters which bear neither date, signature nor address, some of which contain money. Too great care cannot be taken in respect to distinctness of name and address.

Every time you write to us, no matter how often, it is necessary you should sign your name legibly and give your full address—Post-office, County and State.

Married ladies will save confusion of accounts by invariably using their husband's initials, as we have no way of knowing that Mrs. Charles Jackson and Mrs. Anna Jackson are one and the same person.

If Mr., Miss or Mrs. is not given, we are liable to call a gentleman "Madame" or a lady "Sir," a mistake which the customer can assist us to avoid.

Avoid sending money by open mail. It exposes to temptation every one through whose hands the letter may pass, and is liable to a loss without a chance of recovery, while Post-office or Express money orders, bank drafts and certified checks can be replaced with but little trouble or delay.

Special Notice—Agents.

Make no payments to any agent, solicitor, salesman or ployee. All remittances should be made direct to **LUDWIG BAUMANN & COMPANY, Nos. 500-514 Eighth Avenue, New York City, N. Y.**

We employ no agents.

C. O. D.

Where the bill amounts to over \$5.00, we will ship C. O. D. by express if one-fifth of the amount is remitted with the order as a guarantee of good faith. This, however, is not a desirable way of buying goods, as the expense includes all charges, both for expressage on goods to you and for return of money to you. This adds materially to the cost of your purchase without corresponding advantage to you, as express companies do not permit packages to be opened before delivery. Goods cannot be sent by freight C. O. D.

Shipment of Goods.

Daily deliveries of furniture by our own trucks to points New York, New Jersey, Long Island, Staten Island, Westchester County and other suburbs without charge.

Beyond, subject to special arrangement where a sufficient large quantity of furniture is purchased. See inside back cover and read our special offer.

We cannot send goods on approval or subject to inspection as the railroad companies decline to accept shipments on understanding. We guarantee all goods as represented.

State clearly in your order how you wish goods to be sent, whether by freight or express, naming the line, if any preference exists.

We pack all goods carefully and mark packages plainly and properly according to instructions, making delivery to the express or freight company in this city in person, without charge for boxing or cartage, but with this our responsibility ends.

Prices

Prices have been fixed for strict **CASH PURCHASES**; but good only in our **MAIL ORDER DEPARTMENT**, and are subject to changes and fluctuations of the market.

Terms in our Mail Order Department

are invariably ready cash with order, or C. O. D. (Collect on Delivery). No goods sent C. O. D. without a deposit of at least one-fifth of the amount of order as a guarantee of good faith, which deposit will be deducted from the total amount bill and goods sent C. O. D. for the balance.

Small orders amounting to \$5.00 or under cannot be sent C. O. D. On such pre-payment in full is therefore required.

Introduction.

WITH this we submit, for the inspection of our friends and the public at large, a new edition completely revised from beginning to end of our now famous "GUIDE TO HOUSEFURNISHING," comprising Section 11.

The time which has intervened between the publication of our preceding editions in connection with the fact that articles of furniture, like many other necessary commodities, are subject to the ever-changing dictates of fashion—which exacts from the manufacturer the constant production of new styles and designs on the advent of each new season—has rendered the compilation of a new **UP-TO-DATE EDITION** an imperative necessity.

Particular attention is called to the fact that **never before** have such goods as we illustrate here been thrown on the market to sell at the **EXCEPTIONALLY LOW** prices quoted.

Many **NEW SPECIALTIES** have been added to our already extensive stock, all of which are fully described in these pages under their respective departments.

We are open to Cash or Time propositions from any State of the Union. Having all requisite facilities for the handling, packing and dispatching of shipments to remote sections or foreign ports, we make this one of our **DISTINCTIVE SPECIALTIES**.

When filling orders from parties whose distant location precludes all possibility of a call in person, it is our rule to be doubly particular by making the choicest possible selection that stock on hand will permit. This invariably insures perfect and entire satisfaction, and as we are the only firm who do not hesitate to guarantee our goods to be substantial, durable, well-finished and in every respect exactly as represented, or "**MONEY REFUNDED**," purchasers will find it to their advantage to entrust us with the execution of their orders.

Again, it makes no difference whether articles intended for transportation are delicate or bulky, our methods of packing are so perfect and our packers so skillful that shipment can be made anywhere with absolute safety.

This was so clearly and forcibly expressed by one of our out-of-town patrons that, for the benefit of all concerned, we are tempted to reproduce the letter here, which reads as follows:

Wallingford, Conn.

DEAR SIR: I received furniture from you yesterday, and am very well satisfied with the way it was shipped, for I think the packing would have been good enough to send it around the world.

Yours respectfully,

A. G—t.

In all respects we shall continue, as in the past, to sell at close prices for **CASH** or **CN TIME**, making **TERMS** and **PAYMENTS** to meet the requirements of all who call and arrange matters in person.

With appreciative acknowledgment for the countless letters of commendation received from gratified customers from all parts of the country, at home and abroad, whom we have succeeded in pleasing, we print a few for which room can be found, and tender our sincere thanks for past patronage to the many whose wants have been supplied through our **MAIL ORDER DEPARTMENT**. That redoubled efforts will be made to merit its continuance is our fixed determination.

A ten-story fire-proof annex with elevator service, electric light, steam heat, automatic fire-alarm and sprinkler system has been added to our main block of buildings, thereby giving more room and affording greater opportunities for the proper display of the large and varied stock we carry, comprising **CARPETS, CROCKERY, BEDDING, GLASS, KITCHEN and STOVE WARE** combined with **HOUSE FURNISHINGS** in general, in fact everything and anything required for **COMPLETE HOUSEKEEPING**, all under one roof. From the top of our building a beautiful bird's-eye view of the city, river and surrounding territory can be obtained. Visiting strangers are cordially invited to call, when in town. Special attention and courteous treatment accorded to all without any obligation to purchase unless so inclined.

Repeating our grateful acknowledgments for past favors, we remain,

REGARDING errors, everybody makes them. It is, therefore, not surprising that in a business of our magnitude mistakes will sometimes occur in spite of all conceivable precautions. In such case, write us as pleasantly as possible on the subject, when any rectification required will be made the moment the matter is called to our attention.

A MOST LIBERAL PROPOSITION is our offer to ship purchases amounting to \$5.00 CHARGES PREPAID. (See inside back cover page.)

Dry goods to this amount can be compressed into a very small package, on which the cost of delivery averages almost next to nothing, but the delivery charges on weighty goods of such bulk as chiffoniers, tables, lounges, etc., selling at no more, are much heavier in proportion.

Every such sale is a positive loss to us, which we cheerfully assume, knowing from experience that each transaction invariably leads to many others, much more extensive, with pleased buyers, who are quick to take advantage of the opportunity to place a trial order and test our wares at the small outlay involved.

No. 3484A—A Marie Antoinette three-piece gold gilt Parlor Suite, of a very artistic and highly ornamental design. The entire frames, besides being exquisitely hand-carved all over, top, center, legs and arms (only but imperfectly reproduced in the cut), are burnished with pure gold leaf and lacquered; when treated in this way the frames are everlasting, retaining their lustre power for ever. This is an expensive process and must not be confounded with the cheap imitations, usually made of plaster of Paris composition covered with Dutch metal, which begins to tarnish, crack or break and look dingy soon after use. Made with soft spring seats stuffed with the best upholstery, covered with a high-grade figured tapestry and finished with tufted backs and padded arm-rests, mounted on fancy curved French legs.

Suggestions and Recommendations

(Continued from Inside Front Cover.)

Remittances.

Better send too much than too little. All sent in excess is refunded with bill, and having too much saves delay in writing for balance due before goods can be shipped. When money is insufficient, we shall omit goods from the order, or if this is impossible, delay articles until the deficiency for which we shall write has been received.

We prefer that remittances should be made to us when possible by drafts on New York, Post-office money orders or certified checks. Either of these methods affords perfect security, and duplicates can easily be obtained if the originals are lost. Post notes cannot be duplicated if lost. Checks, unless certified, will not be received except on the understanding that shipment will be delayed pending collection. Postage stamps, money and silver are unsafe unless in registered letters. Express money orders, are also desirable, and can be obtained from any office of the American, Wells Fargo & Co. or United States Express Companies, at the following rates:

1 cent to \$5.00.. 5 cents.	Over \$20.00 to \$30.00.. 12 cents.
\$5.00 to 10.00.. 8 cents.	Over 30.00 to 40.00.. 15 cents.
10.00 to 20.00.. 10 cents.	Over 40.00 to 50.00.. 20 cents.
Over \$50.00, in proportion.
