NEW OFFICERS OF CIVIC ASSOCIATION

Mr. Loos Elected President

The annual meeting of the Narberth Civic Association held Monday evening in the Community Room of the Y. M. C. A., resulted in the election of the following officers:

President, A. J. Loos.
Vice-presidents, A. C. Shand, J. B. Williams, James Artman.
Secretary and treasurer, Frank J. Wisse.

Directors, Frederick Rose, George M. Henry, W. Arthur Cole, George M. Colesworthy, Mrs. William S. Horner, A. E. Wohlert, Mrs. George M. Henry, Fletcher W. Stites, E. A. Muschamp, H. C. Gara, Henry Rose, Edward S. Haws, Mrs. Roy E. Clark, Mrs. Lester W. Nickerson, William D. Smedley.

Talk on School Gardens.

The retiring president opened the meeting with a review of the year's work, and then introduced Robert Edwards, of Philadelphia, who delivered an interesting talk on the part that school gardens are playing in civil development in many cities throughout the country. He spoke of the beginning of the work in Cleveland, how it had spread West, how there were 11,000 school gardens in Portland, Oregon, last year, and how the idea had been taken up and fostered in Philadelphia.

Mr. Edwards said that while the situation in Narberth was different from that in metropolitan communities, still he believed that much good would be accomplished if the school children could be interested in gardens. He pointed out the interesting

benefits that come to children from garden work and urged the starting of school gardens in our borough.

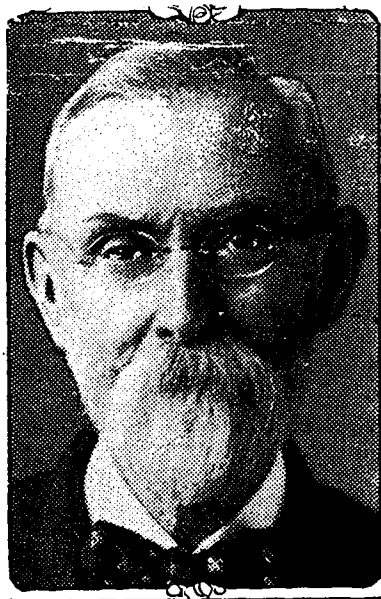

Report on Narbrook.

In addition to the report of the retiring secretary and treasurer of the association, and the cashier of Our Town, both of which showed balances on the right side of the ledger, Mr. Loos, who has served as chairman of the Park Development Committee throughout the past year, gave an interesting although informal report on the progress that is being made with Narbrook. He called attention to the fact that this development was an entirely new idea and explained that in the very nature of things conditions arose which could not have been foreseen. However, the major difficulties of the work had all been overcome and adjusted and the way was now clear for pushing the work to a conclusion. With anything like favorable weather conditions, Mr. Loos said he hoped to see Narbrook, so far as the park development was concerned, completed by July 1st.

D. Knickerbacker Boyd, the association's advisory architect, was present and told of the building operations that are under way and the houses that are contemplated.

Finally Mr. Henry introduced the new president, Mr. Loos, and the new secretary and treasurer, Mr. Wisse, who made brief talks, thanking the members of the association for electing them and promising a year of community activities.

NARBERTH COUPLE CELEBRATE SIXTIETH WEDDING ANNIVERSARY

VICENZA WETHERILL

MRS. VICENZA WETHERILL

The sixtieth wedding anniversary of Mr. and Mrs. Vicenza Wetherill was celebrated on Monday, March 27th, at their home on Dudley avenue. Owing to Mrs. Wetherill having recently been in rather poor health, the occasion was celebrated in a quiet way, taking the form of a reception from 3 to 6 P. M. During this time there was an almost constant stream of friends calling upon the venerable pair, congratulating them and invariably bringing some token emphasizing the great respect with which they are regarded. Mrs. Wetherill is seventy-nine and Mr. Wetherill eighty-four years of age, and in spite of his age, Mr. Wetherill is quite active and able to discuss the affairs of the day, whether it be politics or any other interesting subject. This bride and groom are very genially disposed. In answer to a remark that sixty years is a long time to live together, Mr. Wetherill said, "Well, we got along pretty smoothly the first twenty years or so, there wasn't a great deal of friction, but things began to loom up a little differently about that time, so I just decided to let Mrs. Wetherill have her way about things, and we have been getting along very nicely ever since." To this the bride replied, "That is his side of the story." The guests enjoyed the neat repartee.

EVERYBODY INVITED TO THE COMMUNITY BIBLE CLASS

The Community Bible Class will begin its spring series of lessons on the Book of Hebrews on next Tuesday evening, April the fourth. The Rev. W. W. Rugh, of the National Bible Institute will again be the leader, and all who are interested in Bible study, no matter what may be their denomination, are cordially urged to attend. The studies are held in the Y. M. C. A. Community Room each Tuesday evening at 8 o'clock.—Y. M. C. A. Committee on Religious Affairs.

Davis, Walter Humphreys, Turner, Bill Simpson, Bowen, Richard Wallace, Barker, Stuart McClellan, Bill Darbin and the "Veteran" Flick Stites.

No doubt the above list will bear some changes both ways before long.

SAVE YOUR WASTE

PAPER AND RAGS

William C. Redfield, secretary of the Department of Commerce, Washington, D. C., has sent out notices to be displayed in the lobbies of all post offices, calling attention to the serious shortage of raw material for manufacturing paper. This includes old papers and rags. He urges that the department should make it known that the collecting and saving of rags and old paper would greatly better existing conditions for American manufacturers. What becomes of all the old paper? About 15,000 tons is manufactured every day, of different kinds. A large proportion of this could be used over again for some class of paper. A little attention to the saving of rags and papers will mean genuine relief to our paper industry, and a diminishing drain up our sources of supply for new materials. It may be disposed of to any one dealing in paper and rags, or given to any charitable organization which collects such matter, so that it finds its way back to the paper manufacturers.

Edward S. Haws,
Postmaster.

THE "5.15."

Many of us who have been in the habit of using the 5.15 train from Broad Street Station every afternoon, are not at all pleased to find the Pennsylvania Railroad has gone back to steam on that particular train.

Since the "electrics" have been running, it has spoiled us for the steam, and particularly the heavy locals with eight cars that cannot keep up to the schedule made for the electric trains.

It takes the 5.15 so long to get away from each station that it is always from five to seven minutes late at Narberth, time enough for most of us to walk to our homes.

Perhaps some Pennsylvania Railroad man will read this article and use his influence to have the electric trains restored on run No. 5377.

COMMUNITY CLUB.

There was a very enjoyable meeting of the ladies on Tuesday at the club room. Mrs. Alexander (Chambley, as hostess, made every one feel glad they came.

Come over next Tuesday and meet your friends.

OUR TOWN will gladly print any news item about any subject that is of interest to Narberth folks, but in order to meet the printing schedule, all "copy" manuscripts—must reach the editor by 6 P. M. Monday each week.

After transacting routine business, and spending some time in social intercourse, the pleasure of which was enhanced by the good things provided by the hostess, the members departed,

feeling "that it was good to have been there."

Plans have been drawn and are being drawn for additional houses in Narbrook, the development of the Civic Association. Mr. Wm. T. Harris has had plans drawn by D. Knickerbacker Boyd, for another house, and expects to start work before the end of this week. Sketches have also been submitted by D. Knickerbacker Boyd to Mr. John B. Williams for a house on one of his lots, and the working drawings will be gone on with at once.

Robert Martin, formerly baggage clerk at the Narberth station, died Sunday at the home of his parents in West Philadelphia.

"WHERE ARE WE AT?"

Editor of Our Town:

A few days ago a neighbor said to me: "In two or three years my little girl will be old enough to go to school and if I have to send her up to the present school building at the top of the hill, I will simply have to move."

I suppose I might have answered my neighbor to the effect that he ought to be very thankful to have public schools that his children can attend; with the reminder that it wasn't much more than a hundred years ago that the only good schools were private schools.

But the order of the day is not simply to be thankful that we have things that our grandfathers didn't have, but to strive to get the very best that is possible for the present-day generation.

Now then the public school is a matter that concerns all the people. It is a public, not a private enterprise, and the people at large provide the financial means that make the school possible.

Hence it seems to me that the very decisive vote cast by the majority of the citizens on the school question is conclusive proof that most of the Narberth folks want something like a centrally-located school for the lower grades.

Therefore, this school question seems to resolve itself down to something like this: Either the majority of the people of Narberth are right in their objection to building additional schoolrooms on the site of the present school or, being sane, fair-minded folks, they are amenable to intelligent argument.

If the Board of Education is convinced that it would be a mistake to

locate the lower grades on a more central site, or that such a site cannot be secured (if that is the case) why not lay the matter before the people of Narberth in a series of meetings or talks through the columns of Our Town?

So far as any recent public statement on the matter is concerned, the school question is at a standstill. Is anything being done to relieve Principal Melchior of the handicap under which he is laboring?

Two or three years ago when the school question first came up, it was stated that more room and equipment were needed. In the meanwhile the town has been growing steadily. But what has been done to improve conditions; what is likely to be done between now and the opening of the school term in the fall?

I should like to see a statement from the Board of Education as to just what has been done and what is being done, and what is planned to be done.

Yours very truly,

E. A. Muschamp.

To the Editor of Our Town:

I read with much interest your editorial castigation of the unfortunate commuter on the 5.45 P. M. train whose language was of such a vitriolic—or sulphurous—character as to be unprintable. Such intemperate language in public would, it seems to me, indicate either an irresponsible mental condition or one suffering from some great wrongs either real or fancied.

If irresponsible, good ink and paper were wasted on him; if responsible, it might be of interest to know the reasons for his grudge against us, for no responsible being acts without a reason, either good or bad. Whilst it would be idle to claim that Narberth is above just criticism, the town is not so bad that it and its inhabitants deserve to be so unmercifully consigned to the "everlasting howlows." There are worse places and worse people. And whilst perfection is not to be found here any more than anywhere else, yet as long as we have so many active committees and organizations of men and women working towards the same end—the betterment of the community socially and morally, not forgetting the physical welfare of the babies—the possibilities of Narberth are not to be underrated, especially when you add to these a live town paper to stir up the civic conscience occasionally, and whose columns are open to all for the discussion of matters of general interest to the community whether by "kickers" or "boosters."

The expression "If you can't boost, don't kick," is misleading and the suggestion should not be taken literally. There are evils in every community that must be exposed in order to be eradicated, and the best and only way to get rid of some community ills is by kicking vigorously, but not according to the method of the kicker on the 5.45, although doubtless this method brings great relief, at least temporarily, to those who know no better way.

At the risk of being set down as a "kicker," but with no other motive than to help my town, I want to register a complaint against a practice which is hardly a credit to the community and which should not be tolerated in any place claiming the distinction of being known as a "home town," unless indeed by the word "home" in this case we are to understand "hometown" with the memories that cling to that dear old spot "way down on the farm." The fowl of the barnyard and chicken pen are all right in their place, down on the farm, but in a town like Narberth they are out of place and a nuisance to all except the owners. I am against all noise nuisance, but particularly the rooster nuisance because there is no let up on it day or night, and because of the suffering it thereby causes to the sick, the convalescent and other invalids. To such as these it is a real evil that the town authorities should abolish. My own experience which I am about to cite, is only a mild case in comparison with that experienced by those mentioned, and besides I can get away when they must stay. It is, therefore, for these I speak when I ask "Our Town," that live "moulder of public opinion," to lend its valuable aid in relegating the rooster business to the barnyard or poultry farm, where it properly belongs.

As a traveling man, I spend a great deal of time "on the road," and it has been my custom, as it is that of many others who are more or less worn out by the week's toil of brawn or brain to sleep late on Sunday morn-

ings. Literally speaking, Sunday is my one and only day of rest. I need and have a right to the rest which that day brings, and I naturally object to being deprived of it without necessity for any man engaging in carpentry work in his back yard at 7.30 o'clock on a clear, crisp Sunday morning, whether to build new chicken coops or demolish old ones, making a racket that could be heard squares away, when he has ample time to do this work any other day of the week. It is bad enough to have to pay toll at other times, in broken rest, to the shrieking of rooster soloists and the shrill chorus of cackling hen; but when this takes place in the early hours of a quiet Sabbath morn, to the accompaniment of a hatchet wielded by the fowl breeder, who apparently is oblivious of the fact that he is not among the heathen of Zulu land or the Andaman Islands, but in the finest residential section of an "all the year 'round home town," is it not enough to make any good man resort to language calculated to "spoil a lot of good air?" Would it not make him feel like taking the law into his own hands against the whole combination of nerve-wrecking, Sabbath-breaking disturbers of the peace?

Thank heaven, the coops are built and this unnecessary servile labor and breaking of the Sabbath and Sabbath rest has ceased, but the lusty chanticleers are still on the job, working day and night as though to make up for lost time.

The Philadelphia papers of last week informed us that Director Krusen, of the Department of Health, is about to begin a campaign against the "noise nuisances" of that city, and has threatened to enforce the law against "owners of dogs and roosters" as well as other nuisances detrimental to the "health and comfort" of the community. Among other statements he says, "Neighborly quarrels over the barking of dogs and crowing of fowls result frequently in appeals to the courts to abate such nuisances." The Philadelphia courts have recently sustained appeals against the rooster nuisance and have ordered the owners to do away with the fowl. Narberth in the past had her neighborhood quarrels over the same nuisance to the detriment of her good name. Let us hope there will be no cause for them in the future. Let us hope that the Council's Committee on Public Health will do for Narberth what the Department of Health is doing for Philadelphia and what other towns no larger than ours are doing for their communities. But in any event, it is to be hoped that "Our Town" will take the matter up at once and make it a case of "Booster vs. Rooster."

Hopeful.

To the Editor of Our Town:

It has been reported that spring was postponed one month this year, but we don't want Council to take that seriously, for it is our desire that they get busy at once and call attention to the State Highway Department that it is time to notify Pugh and Hubbard, the contractors, to get their material and machinery on the job and proceed with the work of rebuilding Wynnewood avenue.

Never have we known a public highway used as much as Wynnewood Road that is in such a dreadful condition. The section between Woodside avenue and the tunnel under the Pennsylvania Railroad is so full of ruts and grooves, some of them eleven inches deep, that it is with the greatest difficulty that machines are able to navigate it, and it is almost impossible for two automobiles to pass each other.

The condition of this road has done more to hurt Narberth than anything else in the whole town. There have been more automobiles damaged than you could imagine, some with broken springs, axles, steering equipment and tires, and it has been impossible to record the cuss words hurled at our townspeople.

There is also another side of this question, and that is the discomforts of the residents who live along or near Wynnewood avenue. The heavy trucks and machines come speeding along, strike the ruts and holes and make enough noise to waken the dead. Then the dust from every kind of a vehicle blows in all the residences from Elmwood to Rockland avenues, and not only ruins the furnishings of the house, but is very detrimental to the health of the residents who live near this much used highway.

Let us hope the NEW CONCRETE ROAD will be built during this coming month of APRIL, 1916.

Y. M. C. A. NEWS OF WEEK

Men's Night a Big Success.

The affair which was held last Thursday night proved quite a success. Nearly 150 men and older boys gathered in the "gym" for the entertainment, which was furnished by a group of members from the Philadelphia Central Y. M. C. A.

The entertainment consisted of gymnastic work, parallel bar and ring work, club swinging, acrobatic stunts, fancy gymnastic drills and features by the strong man. All the features were very attractive, but the exhibition of muscular development and one-arm work by Anton Matysek, the strong man, brought forth unusual applause.

Mr. G. W. Braden, secretary of the instruction department at Central, gave a most valuable talk for men on "Keeping Physically Fit." We feel safe in saying several of the men are taking daily some of the exercises he suggested.

The local attraction caused much excitement and enthusiasm and consisted in an indoor base ball game and volley ball game. The participants were as follows: Messrs. H. C. Gara, W. A. Cole, W. M. Cameron, R. J. Nash, K. B. Matthews, H. A. Seymour and O. L. Hampton.

After this exhibition game the men gathered in the community room for a social time. Refreshments, consisting of coffee, rolls and "hot dogs," were served by a few of the ladies.

If you did not attend this feature, keep your eyes open for the next announcement of a "Men's Night."

Result of Men's Meeting.

The men's meeting in the theatre Sunday afternoon was addressed by Hon. Frank J. Cannon, former U. S. Senator of Utah. His subject was the "Mormon Kingdom" and all who heard him fearlessly expose the facts concerning this kingdom, were convinced that the Senator knew his subject and had the facts. It was an unusually interesting and instructive subject and a straightforward Christian appeal to every man present.

In order to take and record definite action at this meeting, four resolutions were read and unanimously adopted by the assembly. The resolutions in brief are as follows:

1. To Senate and House of Representatives:—Polygamy and polygamous habitation shall not exist within the U. S. or any place subject to their jurisdiction.

2. Postmaster General of U. S.:—We respectfully urge the Postmaster General that he deny all privileges of the mails to the Mormon Church and its responsible authorities for the teaching of crime or treason.

3. Attorney General of U. S.:—We respectfully urge upon the Department of Justice that it institute a prompt and effective accounting of all property granted them by Congress.

4. President and members of U. S. Senate:—We respectfully petition the Senate to conduct an investigation into the right of Apostle Reed Smoot to hold a seat in the U. S. Senate, and if the report be supported by the facts, to deprive Apostle Reed Smoot of his seat in Senate.

Don't forget the next big meeting April 30th. Speaker, Dr. F. H. Green, W. C. State Normal School.

Walking Club.

Would you be interested in a Saturday afternoon hiking club? Let's get together and start something. Here it, brief is a plan we suggest: Meet at Y. M. C. A. each Saturday afternoon (men and women) for a good hike out into the country. You'll feel better physically, mentally, socially and spiritually for having done it.

If you are interested, see Secretary Hampton, or phone 694-W.

Community Bible Class.

Tuesday, April 4.—Dr. Hugh will start another Bible course, covering a period of twelve weeks. This course will be a study of Hebrews.

You can't afford to miss these most instructive and interesting meetings.

Official Meeting.

The regular monthly board meeting of the directors of the Y. M. C. A. will be held Monday evening, April 3rd.

Attleboro spends each year:

Public schools\$ 98,170
Tobacco 240,000
Tobacco average per boy and man 30
Fire department 27,911
Y. M. C. A. 8,500
Cigarettes 31,600
Cigarettes, average per boy and man 11

In other words, money spent for tobacco in Attleboro each year would pay for any of the following:

Twenty-seven Y. M. C. A.'s.
Nine fire departments.
Five times as many churches.

These facts are astounding, to say the least. We wonder what the results would be if Narberth were to make a similar statistical study?

WITH REGRET.

The minister and members of the Narberth Methodist Episcopal Church regret the loss they are about to sustain through the removal to Miller-ville of Mr. J. H. Sauder and his family. For six years he and his wife have been active members in the little church on the hill. Mrs. Sauder having been one of the leading spirits of the Ladies' Aid Society, that organization planned a surprise party in her honor. The event occurred on Thursday night of last week and was a success in every particular.

The victim was taken completely unaware when a group of the "Aiders" accompanied by their obedient other halves, swung open the door of the Sauder home and took possession.

Mrs. A. W. Ward, president of the society, was generalissimo. Mrs. "Bob" Patterson was chief of staff in charge of the amusement part of program. Mrs. James A. Scott proved an effective commander of the joke-smith.

Mrs. Sauder was presented with a beautiful basket of Easter flowers as a token of the high esteem in which she is held by the ladies of the church. After dainty refreshments had been served by the "Aiders," the company departed, leaving many expressions of good will for the Sauders in their new home.

WHY CLEAN SILVER With polishes that wear away the surface—blacken the hands—and actually AID in producing TARNISH?

WHY CLEAN SILVER With salt and soda pans that in a short time give a dead, lusterless appearance to the silver and finally makes it necessary to have it replated?

WHY CLEAN SILVER With U-Kan-Plate Silver Polish (label blue) that positively does NOT wear away the surface—that does NOT blacken the hands—that actually RESISTS the return of tarnish, keeping the silver bright, and saving labor—that makes the silver wear longer—that is very sanitary and clean to use?

NATIONAL FLOWER SHOW

Secretary Civic Club, Narberth, Pa.: There is to be held in Philadelphia, from March 25 to April 2, the National Flower Show, which, without a doubt, will be the largest flower show ever held in the United States.

As chairman of the Bureau of Information, I would like to draw your attention to the object of this committee. We are getting together a corps of assistants, who are experts in their respective profession, men who can talk intelligently on orchids, greenhouse and stove plants, Roses, in fact, anything pertaining to floriculture. These men will be at the disposal of the visitors, and any club, society or delegation wishing to visit the show at any specified time, can be notified by the undersigned, have one or more of these men reserved, who will act as guide, so as to make the visit profitable both from an educational and entertaining standpoint.

Trusting that some of your members will be able to take advantage of this service and assuring you it will be time well spent, I am,
 Yours very truly,

Chairman, Information Committee.
 Note—Those wishing to go please get in touch with Mr. Stites.

EVERYBODY WELCOME.

The Community Bible Study Class which has been held every Tuesday evening in the Community room of the Y. M. C. A. has aroused a great deal of interest, and so much has been manifested that the members have almost unanimously voted to have the Rev. W. W. Rugh continue the class for another series of lessons on the book of Hebrews. The first lesson of the new course will be given Tuesday evening, April 4, at 8 o'clock. In the meantime all those interested in Bible study are cordially invited to hear the closing lessons of the present series on the Tabernacle. It is not denominational and everybody is welcome.

PROTECT YOUR DOG.

Have you paid your dog tax? Put the tag on the dog collar. All dogs not wearing tag will be destroyed.
 Do you value your dog enough to pay tax and get tag?
 All tramp dogs will be taken up in the spring not wearing a tag.
 This is a good law to get rid of dogs that are dumped into Narberth. The law requires to have published in a local paper the names of all persons that have paid 1916 tax on their dog or dogs.
