TURKS TO BE ASKED TO SIGN PACT DRAWN UP BY THE ALLIES

Terms Will Be Presented Within Two Weeks, It Is Stated, and Turks Will Be Told to Sign Document or Tear It Up and Take Consequences.

London, Jan. 8.—A draft of the Near East Treaty will be presented to the Turks at Lausanne within a fortnight, it was said in official circles to-day. The Turks will be told to sign the document or to tear it in pieces and take the consequences.

London, Jan. 8.—The Daily Mail says the Greeks are reported to be preparing for immediate action in case the Lausanne Conference results in failure. It is believed they contemplate a new campaign to recover Eastern Thrace.

According to a dispatch to The Daily Express from Constantinople, the 11th Division occupied Karagatch, opposite Adrianople, notwithstanding the protest of the French colonel in charge of the town in behalf of the Allies.

Karagatch is in the neutral zone along the Maritza River, which divides Thrace from Eastern Thrace. The Greek 11th Division until recently was eleven miles away from the neutral zone.

DR. E. G. HIRSCH DIED IN CHICAGO

Chicago, Jan. 8.—Dr. Emil G. Hirsch, seventy-one, noted Jewish scholar, educator and rabbi, and pastor of the Sinai Congregation here since 1880, died yesterday of pneumonia. Dr. Hirsch was born in the Duchy of Luxembourg May 22, 1852.

GROWS STEADILY IN NATIONHOOD

Canada's Position and Future Dealt With by A. R. McMaster, M.P.

New York Canadian Club Hears Address

New York, Jan. 8.—(Canadian Press)—"I fondly cherish the hope that step by step, gradually, with the best of feeling to other British peoples, and with their most cordial co-operation and consent, Canada will, at no distant date, achieve the full status of a sovereign state," said A. R. McMaster, K. C., member of the Canadian House of Commons for Brome, Quebec, in an address to the Canadian Club of New York, on "Some Canadian Constitutional Developments."

Mr. McMaster declared himself as belonging to the school of thought which believed that the history of Canada was the history of a movement in which Canada had led other overseas peoples owing allegiance to the British Crown from colonization to the enjoyment of an even larger national life, and that Canada could improve her constitutional position by insisting upon all those sovereign rights which she does not now possess.

Cordial Consent. "I believe we shall achieve these further rights," said Mr. McMaster, "by the cordial consent of all British people no matter in what quarter of the globe they may live, as the ties which bind all British people together are not found in statute books or legal documents, but in common ideals and common hopes for the peace and well-being of mankind."

The luncheon at which Mr. McMaster spoke was held on Saturday.

MRS. E. THOMPSON TO BE EXECUTED

She and F. Bywaters Will Be Hanged in London

Appeals Denied by the Home Secretary

London, Jan. 8.—The Secretary for Home Affairs, Rt. Hon. William C. Briggeman, stated this afternoon that he could not depart from his decision denying the appeals in both the cases of Mrs. Edith Thompson and Frederick Bywaters, convicted of the murder of the woman's husband, Percy Thompson. Consequently the executions, which will be by hanging, will be carried out to-morrow.

The Home Office informed the Associated Press this afternoon that it had issued no statement regarding the appeal for a stay of execution in the case of Mrs. Thompson.

SIR J. MACDONALD MEMORIAL HALL IN TORONTO PLANNED

Toronto, Jan. 8.—In remembrance of Sir John A. Macdonald, the Conservative chief, Toronto citizens will erect a party headquarters and hall in this city to cost \$75,000 as a memorial, if a proposal laid before the executive of the central executive association of Toronto on Saturday night is carried out.

FAIR BUSINESS SETTLEMENT ASKED

Baldwin States Britain's Debt Attitude to U. S.

Two Nations' Commissions Meet in Washington

Washington, Jan. 8.—Great Britain wants a fair business settlement of her \$5,000,000,000 war debt to the United States on such terms as will produce the least possible disturbance in the trade relations of the two countries, Rt. Hon. Stanley Baldwin, the British Chancellor of the Exchequer, declared to-day in an address before the joint meeting of the British and United States Debt Funding Commissions.

Mr. Baldwin's address was in reply to one of welcome by Secretary Mellon, chairman of the United States Commission, who expressed particular appreciation of the courtesy of the British Government in having designated, as its delegates men so distinguished. He called attention to the fact that this was the first time a Chancellor of the Exchequer had left his country to participate in a mission of this character.

With Approval of Congress. The chief significance of the demonstration lay in the fact that it was the first time the General Council of the Trades Union Congress had lent its support of the unemployed workers' movement. This council is the ruling inner circle of British labor, and while rendering the extremest support to the unemployed lip service and sympathetic good wishes, never before had lent them the solid support of the nation's 8,000,000 organized workers. The Council leaders consistently had soft-pedaled on street marching, heckling public speakers and other more spectacular direct action tactics, urging in their stead the putting of spokesmen in the Commons who would quickly attain their objectives by legislative means.

Made Demands. Their advice was followed by the workers who at the election sent to Parliament 138 Labourites. But many of them, it was seen, held too extreme views to tolerate the kid-glove modern ways of the older Labor leaders in the Commons. The newcomers showed little willingness to beg remedial legislation; they demanded. What is more important, they were sufficiently strong numerically to compel the preachers of modern moderation within their ranks to join in the vigorous howl from the Labor benches when Bonar Law's supporters denounced Parliament just before Christmas until the middle of February without taking what they regarded as satisfactory measures for the relief of the steadily increasing ranks of workless people. There are now 1,500,000 men subsisting on small unemployment doles from the national treasury and additional handouts that marching deputations of the workless have drawn from municipal authorities by forcing them to open public houses and infirmaries for food and lodging.

So the joint auspices of Sunday's demonstration marked the commencement of the Communist wing of the Labor movement had forced endorsement of its plans from such constitutional standbys as Rt. Hon. J. H. Thomas, O. W. Gwynne, Harry Campbell and other members of the Trade Union Council and from old-time parliamentarians.

SIR H. THORNTON SEES ELEVATORS

C.N.R. Head Visits Port Arthur and Fort William

Coming West on an Inspection Trip

Port Arthur, Ont., Jan. 8.—Sir Henry Thornton, president of the Canadian National Railways, arrived here this morning, accompanied by many of the principal officers of the system, to begin an inspection of the western lines which will extend over three weeks. Immediately on arrival he examined the elevators, terminal facilities and industries and was greatly impressed with the arrangements for handling the prairie crop. The survey of the existing facilities and those under construction was a complete one, the president being accompanied by his technical advisers.

At noon Sir Henry went to Fort William, where he was the guest of the Canadian Club, and later inspected the terminals there. To-night he will meet the business men of Port Arthur at a dinner given by the Chamber of Commerce.

Tokyo, Jan. 8.—Admiral Daron Simamura, chief of the General Naval Staff, died to-day.

Admiral Simamura was born in 1855. He was wounded in the war between Japan and China. During the Russo-Japanese War he was chief of staff to Admiral Togo.

CHURCH UNION GIVEN SUPPORT

Montreal, Jan. 8.—In an address delivered here Sunday, E. H. Oliver, of Saskatchewan College, declared the West would be united by the war. The West already had it to some extent, he said, and there could be no turning back.

MASONS HONOR HERO BROTHERS

Unveil Memorial Tablet to Those Who Fell in the Great War

Many Witness Impressive Ceremony in Masonic Temple Here

Victoria Masons did honor to members of Victoria lodges who died in the Great War by unveiling a memorial tablet in the Masonic Temple here yesterday afternoon.

The unveiling ceremony was simple but impressive. "We may not know personally these men to whose memory this tablet is consecrated, but all Britishers may join in such a ceremony for few names within the Empire were untouchable by the war in which they died," said Most Worshipful Brother Andrew McCree, of Vancouver, Grand Master of the Masonic Jurisdiction of British Columbia, as he drew aside the flag which draped the beautiful bronze memorial tablet. "One touch of a hero makes the whole world kin."

"In unveiling this tablet," Mr. McCree went on, "I can do no better than quote the words of the King, as inscribed on the scroll sent to the nearest of kin of British soldiers who died in the war: 'He whom this scroll commemorates is remembered among those who, at the call of King and country left all that was dear to them, endured hardship, faced danger and finally passed out of the sight of men by the path of duty and sacrifice, giving up their own lives that others might live in freedom. Let those who come afterwards see that their names be not forgotten.'"

"This tablet," Mr. McCree concluded, "will keep green the memory (Concluded on page 6.)

DEMONSTRATION BY WORKLESS PEOPLE

Big Gatherings in London and Other British Cities

Government Urged to Call Session of Parliament

Special to The Times London, Jan. 8.—British workers and workless yesterday voiced the loudest cry in behalf of the unemployed and what they term the Government's callousness towards the starving that has been heard in this country since the Chartist Riots nearly a century ago. From 200 platforms in as many cities and towns throughout England, Scotland and Wales, speakers representing every shade of political thought and the Socialist rainbow addressed immense audiences.

PREMIER'S FATHER DIES, AGED 90

He Pioneered Grey County, Ontario, Farm and Raised Family of Twelve

Hon. John Oliver to Start East To-morrow on Freight Rates Fight

As he was making his final preparations to leave for Ottawa to fight before the Privy Council the case of British Columbia for lower freight rates, Premier Oliver received a message telling of the death of his father, at the old Oliver family farm, at Flesherton, Grey County, Ontario.

The Premier's father, Robert Oliver, was 90 years old. The Premier himself is 66 years of age. There were 12 children in the family, five boys and seven girls. Ten of the children are living, mostly in Ontario. One sister of the Premier is living in Nelson, B. C.

Robert Oliver came across the Atlantic to the new World from England in 1870. He and his family settled in the Owen Sound district about 50 miles from Toronto. There while pioneering and hewing out their farm, the Premier's father regularly during his trips to Ottawa during the last few years. On each visit right up until that of last year the Premier was impressed by the vitality of his father, pioneer as he kept getting closer and closer to the status of centenarian.

His plans to leave Victoria to-morrow afternoon for the East, the Premier will not change. He will go straight to Edmonton and stop off there Thursday, where he will confer with Premier Greenfield on the (Concluded on page 8.)

FRENCH CONSIDER U. S. SUGGESTION

Washington Awaits Reply Regarding Reparations

Investigation by International Commission Proposed

Washington, Jan. 8.—The plan for settlement of the reparations controversy between France and Britain outlined by Secretary Hughes in his New Haven address was communicated to the French Government through official channels.

No final reply has been made by Paris, although it was learned to-day that a preliminary answer had been received here from the French Foreign Office. The statement at the State Department that the proposal was regarded as still before the French Government for decision.

It was not stated that the American communication was sent, but indications were that it was transmitted through diplomatic channels before Mr. Hughes delivered his address at New Haven.

Not Rejected. Official comment as to the nature of the reply already received from Paris was withheld. The statement that the American suggestion still was definitely before the French Government, however, was interpreted to mean that the French had not yet made an unqualified rejection of the scheme.

EMBASSIES' LIQUOR BEING CHECKED UP

U. S. Officials Will Discover If Law Violated

Washington, Jan. 8.—A close check has been inaugurated by federal police officers on liquor shipments consigned to foreign Embassies and Legations here with a view to determining whether disproportionate supplies are being brought through the United States customs to these favored destinations.

An effort to trace possible "leaks" through which they claimed to have found indications of liquor stores or consignments were finding their way into the illicit traffic here in large quantities were started a few days ago by the District of Columbia police.

Raids Made. Rumors of an organized traffic in liquor brought in by some of the Embassies and Legations reached the police some time ago. It was said and indications that these were more than rumors were said to have been found during successive raids in three apartment houses in the fashionable Northwest section. Lieut. O. T. Davis, chief of the vice squad, under whose direction the raids were conducted, declared information had reached the police that attaches of some of these establishments had been parties to the traffic.

During the latest raid by the vice squad, which included federal officers, a large quantity of imported wines and whiskey was seized and a man who said he was Joaquin Mendes, former Minister of Guatemala, was taken into custody.

Made Protest. Lieut. Davis said the man arrested claimed ownership of the liquor and protested against its seizure on the ground that it was the property of a diplomat.

A Mrs. Elizabeth Hecht, also taken into custody, was said to have admitted that the liquor found in her apartment were from foreign sources.

Inquiry at both the State Department and the Guatemalan Legation, Lieut. Davis said, brought the information Joaquin Mendes had no present connection with that establishment.

Chinese children who speak English and who have been given special certificates allowing them entrance into white schools intended to end their boycott to-day made members of the School Board expect that the general boycott also would be ended this morning. No pupils, however, appeared at the separate Chinese schools.

So far as the School Trustees know the Chinese have no intention now of attending the separate schools and for that reason they see no reason to keep these classes open any longer. These schools, it was explained to-day, were closed last fall when the Chinese boycott started, but were re-opened to-day so that the Chinese might start work again if they wished. The schools will be closed to-morrow, and will remain closed.

M. POINCARÉ DECLINED TO MEET STINNES

Paris, Jan. 8.—In a last effort to save the Ruhr Valley from French seizure, an attempt was made last Friday to arrange an interview in Paris between Premier Poincaré and Hugo Stinnes, at which the head of the French Government and the chief of the German capitalists might make peace. Premier Poincaré rejected the offer.

REPARATIONS GROUP HEARS GERMAN'S AND TO DECIDE TO-MORROW

Berlin Spokesman Makes Statement in Paris on Coal Deliveries; Commission to Vote To-morrow on Default; French Occupation of Essen Expected.

Paris, Jan. 8.—The Allied Reparations Commission gave the German experts a hearing lasting nearly three hours this afternoon on the subject of the German default in coal deliveries. The Commission then adjourned until to-morrow morning. It expects to take a vote about noon to-morrow on the French demand that Germany be declared in voluntary default.

Paris, Jan. 8.—The occupation of Essen by a small French force, accompanied by engineers and customs officers, is now slated for Thursday morning, it was stated on good authority to-day.

Belgian and Italian engineers and technical experts will accompany the French, but only the Belgians, it is understood, will contribute to the force of occupation.

Paris, Jan. 8.—Premier Poincaré will inform Parliament on Thursday regarding his policy toward the Ruhr district. This was decided upon at to-day's Cabinet meeting.

It seemed certain this afternoon that the Reparations Commission would vote Germany in voluntary default in coal deliveries for last year after a final hearing of the German experts, which was set for three o'clock this afternoon.

A Formality. The appearance of the Germans was considered a mere formality, as their arguments were already known to the Commission.

The question will be decided, it is said, by the affirmative votes of France, Belgium and Italy, with Sir John Bradbury, the British member, probably not voting.

It was uncertain whether the vote would be taken late this evening or to-morrow morning, this depending upon the length of the hearing given the Germans.

Will Quote Decision. The French plans for independent action are bound up in the Commission's decision, since Premier Poincaré has planned to take advantage of the Chamber of Deputies on Thursday, it is said, that the default entitles France to take punitive measures against Germany under the Treaty of Versailles.

It is considered probable that R. W. Boyden, the United States representative with the Reparations Commission, will have something to say on the question before the final vote is taken.

In connection with the declaration that no additional forces were to be sent out for the Ruhr operations, it was pointed out in military circles that such a step was not necessary because not more than 60,000 of the French and Belgian troops on the Rhine are being actually used in service of an imperative nature. The remainder are available for any use Marshal Foch may have for them under the French-Italian-Belgian plan of action.

ENGINEERS ARE ALREADY AT WORK

The engineers, coal mining experts and others of the mechanical branches required for the control of the mines and customs services that Premier Poincaré has planned to send to the Ruhr, are already at work.

The silence of the Government regarding its plan to seize guarantees concealed no design to make a great show of military force. It was affirmed in official circles this morning that the regular army and special arms, nor call out a single additional railroad man to effect the operation, it was declared.

ASKS FOR DOMINIONS GAVE APPROVAL

W. A. Hewins Inquires If Bonar Law's Reparations Plan Endorsed

London, Jan. 8.—(Canadian Press Cable)—Had Premier Bonar Law's reparations plan the approval of the Dominions?

This question is asked in a letter to The Times by Professor W. A. Hewins, ex-M. P., Under-Secretary of State for the Colonies, 1917-18, and a well known professor of economic science and statistics, who points out that the question is recognized as being of vital concern to the Dominions as well as to Great Britain. He says it assumes even greater importance in view of the fact that the Cabinet seems at present to be pursuing a policy of "cordial disagreement" with France, while Canada, on the other hand, has just signed a commercial treaty with France.

TO TELL CHAMBER STEPS TAKEN

Opinion in political circles and among those coming in close contact with the Premier here, that he will inform the Chamber Thursday afternoon that the occupation of the mines regarded as necessary for the Allies to hold already has been accomplished.

TROOPS ORDERED TO RHINE AREA

Paris, Jan. 8.—Forty naval and mining engineers left Paris for Düsseldorf by train Sunday night, there to await instructions designating the different Ruhr mines they are to take control of, according to the morning newspapers.

The 14th Infantry, the 82nd Field Artillery, stationed at Toul, have been ordered to the Rhineland, where they must arrive before Wednesday, says The Petit Parisien.

LIFEBOAT FOUND ON WEST COAST FROM NEAR BAY

Seattle, Jan. 8.—The lifeboat washed up on the West Coast of Vancouver Island yesterday bearing the markings of U. S. Coast Guard Station No. 23, was evidently from the United States Coast Guard Station at Neah Bay, Wash., according to officials of the service here. No report had been made from Neah Bay of a missing boat, they said.

STORM MAROONS BOYS ON ISLAND

Raging Seas Force Lads to Spend Wet Night on Trial Island

Richard White and D. Patrick, two Victoria boys, went out duck shooting in their little flat-bottomed boat early yesterday morning. When they reached Trial Island off Oak Bay and started to shoot ducks such a terrific storm arose that they rowed to the island and waited for the wind to die down. At the end of the day the gale was blowing more furiously than ever, and the lads did not dare to launch their boat into the angry waves. By this time the boys' families were frantic with fear, and telephoned to the Provincial Police. Constable Owens and a party of police went down to Oak Bay last night and tried to signal to Trial Island with flashlights, but they received no response. At dawn this morning the two boys arrived home. They explained that they had spent the night on Trial Island, and had not been in danger, although they were soaked by the rain and chilled by the wind. When the waves subsided this morning, they said, they launched their boat and rowed ashore.

A. T. GOWARD WINS OAK BAY AURELS

Various matters were dealt with by the directors of the Chamber of Commerce at luncheon to-day. An intimation was given that the wishes of the Chamber would be largely met by the Provincial Government with regard to the paving of the East Saanich Road. Arrangements were announced for the entertainment of visitors to the city. This work will be taken in hand by a number of organizations in turn.

East Road Paving. Hon. F. A. Pauline, M.P.P., spoke with regard to the extension of the paving of East Saanich Road. He had not yet been able to have an interview with the Minister of Public Works on the subject but the minister had promised to find time within a few days to meet a delegation from the Chamber. Mr. Pauline added that he had reason to believe that the request of the Chamber would be in large measure complied with by the minister. No Longer Local Branch. The Canadian Fairbanks-Morse Co. wrote regretting that for the present they would be compelled to continue doing their Island business from the Vancouver office. Malaspina Removal. Regarding the removal of the "Malaspina" from Victoria a specially selected committee will take the matter up with the Ottawa authorities and see if anything can be done. On motion of H. C. Hall, Premier Oliver's approaching visit to the East in connection with the effort to secure reduced freight rates, was endorsed and he was wished every success. Frank Waring reported on the tourist group plans for the entertainment of visitors. The first entertainment of visitors will be next Monday night. Two applications for membership were received and accepted. The president was authorized to appoint a membership committee.

OBITUARY RECORD

There passed away yesterday afternoon at the family residence, 408 Edward Street, Victoria West, Sarah Jane Walker, aged eighty years, a native of Kitley, Ontario, and a resident of this city for the past twelve years. The late Mrs. Walker was pre-deceased by her husband in August, 1916. She leaves to mourn her loss an adopted daughter, M. H. Beattie; two sisters, Mrs. A. Kirkwood, of Courtenay, and Mrs. E. Scott, of Sudbury, Ontario. The late Mrs. Walker had many friends who will regret to hear of her demise. The remains are reposing at the Thomson Funeral Home, 1525 Quadra Street, from where the funeral will take place Wednesday afternoon at 2:30 o'clock. Rev. J. F. Dimmick will conduct the service. The remains will be laid to rest in the family plot at Ross Bay Cemetery.

The funeral of the late Mrs. Anne Kehler took place from the B. C. Funeral Chapel this morning proceeding to St. Andrew's Cathedral where Rev. Father Wood celebrated Requiem High Mass at 9:15. The pallbearers were J. Kermode, A. H. Shotbolt, W. H. Richdale, A. Manson, D. Mackereith and N. Doyle. After the service the remains were removed to the B. C. Funeral Chapel to await shipment later in the week to San Francisco, where interment will take place.

Impressive funeral services were held on Saturday afternoon at 12:45 at the family residence, 852 St. Patrick Street, Oak Bay, over the remains of Marguerite Gladys Fahrni, Rev. Dr. W. J. Sippell, assisted by the Rev. W. C. Frank officiated. The hymn sung was "Nearer My God to Thee." Miss Lugin rendered two solos, "Oh Gentle Presence Peace and Joy" and "I Look to Thee in Every Need." Mrs. Nalemitte presided at the piano. There were many friends present, and a profusion of beautiful floral designs covered the casket and hearse, showing the high esteem in which the late Miss Fahrni was held by her many friends. The following acted as pallbearers: F. H. Blashfield, E. E. Larson, G. Kirkendale, W. E. Niblock, G. D. Christie and E. H. Hudson. After the service the remains were forwarded by the Thomson Funeral Home to Gladstone, Manitoba, where the remains will be laid to rest in the family plot.

TO MEET WISHES AS TO PAVEMENT

Intimation by Mr. Speaker Pauline Regarding Saanich Road

Various matters were dealt with by the directors of the Chamber of Commerce at luncheon to-day. An intimation was given that the wishes of the Chamber would be largely met by the Provincial Government with regard to the paving of the East Saanich Road. Arrangements were announced for the entertainment of visitors to the city. This work will be taken in hand by a number of organizations in turn.

TOMATO MEN JOIN FRUITGROWERS IN FIGHT FOR PROFITS

Tomato growers on Vancouver Island to-day followed the fruit men in taking steps to have something done so that profits and not losses will meet them in their operations this year. Robert Peters, secretary of the Greenhouse Association, and W. Brown, who both are heavily interested in the tomato-growing industry near Victoria, held a conference with Premier Oliver at the Parliament Buildings to-day and discussed plans for turning the industry into a money-maker. As a result of to-day's conference the question of tomato shipments from Vancouver Island will be taken up by the freight rates bureau of the

INDIA DISCUSSES PARIS BREAKDOWN

Allies' Reparations Differences Add to Near East Complications

Delhi, Jan. 7.—(Canadian Press Cable via Reuters).—The failure of the Paris conference on German reparations has caused anxiety mixed with pessimism in official and political circles here. It is recognized that the road to the recovery of Europe is temporarily blocked, thus augmenting complications in the Near East.

The mass of Hindu opinion undoubtedly supports the reasonable British policy in dealing with Germany, while moderate Moslems are deeply concerned at a possible Franco-Turkish-Italian combination which would be calculated to delay the Anglo-Mohammedan union so essential to the interests of the British Empire and they will support Turkey only in fair demands.

The Caliphists, on the other hand, are jubilant at the breakdown and foresee an eventual rupture at Lausanne.

A dispatch from Calcutta says Moslem opposition in Bengal generally welcomes the rupture at Paris as calculated to produce disunion among the Allies at Lausanne.

PRINTING PRESSES SEIZED IN DUBLIN

Dublin, Jan. 8.—Free state troops on Saturday night raided the premises of The Bulletin, the republican organ, and seized the printing presses and a quantity of ammunition.

The republicans have started securing signatures to public protests against reprisal action.

NO NEW DUTY ON IMPORTED FLOUR

British Government Makes Attitude Plain to Farmers

Special to The Times.

London, Jan. 8.—A definite contradiction has been issued to a report that the British Government intended to place an embargo on Canadian and other imported flour.

The matter was recently placed informally before Cabinet Ministers at the instance of British farming associations, but was turned down forthwith. The agriculturists complained of the scarcity and dearth of wheat of a substantial stock and asked for a substantial duty on imported flour, with preferential rebates to Canada and other Dominions.

The Minister of Agriculture said the Government's policy was opposed to protective food duties.

This ends the matter for the present Parliament.

The Government does, however, contemplate legislation during the coming session to help the British farmer and to protect the consumer against false or misleading labels.

Last week a magistrate at Driffield fined a butcher £5 because Argentinian meat he exposed for sale was not labelled as imported. He said future punishments for this offence would be more severe.

The farmers, having been defeated on the Canadian cattle embargo demand, propose legislation to compel more exact labels stating the country of origin and affording a complete guarantee against the passing off of meat from imported store cattle under the deceptive description of English killed.

The Queensland Government is preparing plan for system of Australian sheep in England to be financed jointly by Australian meat interests and the Federal and State Governments.

OUTLINES NEEDS OF OBSERVATORY

Sum of \$30,000 Will Be Required

Administrative and Other Buildings Needed

At the directors' meeting to-day of the Chamber of Commerce a communication was received from Dr. J. S. Plaskett, Director, regarding the proposed improvements to the Dominion Astrophysical Observatory.

He asked the Chamber to use its influence at Ottawa in securing for the Observatory additional buildings urgently needed.

A separate office building is needed for administrative purposes, and for a place for making computations. He estimated the cost at about \$30,000, also there should be more residential accommodation for the staff.

A committee will be appointed to look into the matter.

CHURCH UNION IS OPPOSED

Rev. R. G. Macbeath, Vancouver, Is a Presbyterian Anti-Unionist

Toronto, Jan. 8.—"A mechanical merger and a sad heap of compromises" are the terms Rev. R. G. Macbeath, of Vancouver, one of the Presbyterian anti-unionists, uses to describe in a letter to The Christian Guardian (Methodist) the proposed union of the Methodist, Presbyterian and Congregational Churches. He protests against the "coercion" of the Presbyterians in a free country.

Rev. W. B. Creighton, D.D., editor of The Guardian, in reply declares that no coercion is attempted. He continues: "If the majority of the membership in the three churches desire union and make full provision for the rights and needs of the minority that does not desire it, wherein lies the wicked hardship?"

NO HONORS FOR POLITICAL GAIN

British Labor M.P.'s Support Henderson's View

London, Jan. 8 (Canadian Press Cable).—A conference of university Labor members of Parliament in Liverpool, representing all British universities except Edinburgh and St. Andrew's, a resolution was passed unanimously welcoming Right Hon. Arthur Henderson's minority report on the conferring of honors and supporting his recommendation that political honors should be abolished.

Arthur Greenwood, M.P., who moved the resolution, said the whole philosophy of the Labor Party was against political honors, indeed, against "absurd distinctions of any kind." There had been attempts to destroy the Labor Party by means of a measure which would have prevented trade union funds from being used for political purposes. Trade unions, he said, ought to be free to dispose of the funds as were employers' associations or any other voluntary body. The Labor Party raised its money openly, but now it was clear that other political parties relied almost entirely for their resources on revenues from honors "sold" by them when they were in power.

The proposals of the Royal Commission which had investigated the honors question were quite inadequate to deal with the evil, he said, they only threw a little carbolic acid on the system so it might smell sweeter in the future.

ENDORSE MOTION ON GRAIN ISSUE

Chamber of Commerce Discusses Question

Members Shows Interest in Important Project

Cordial endorsement was given to-day by the directors of the Chamber of Commerce at their regular luncheon to the telegram sent by Mayor Hayward to the Federal Minister of Public Works with regard to the establishing of a grain elevator at Victoria. The feeling among the speakers was that if such elevators were working it would mean the stirring up of other traffic along the Government railway line on the Island, and would thus provide the Outer Wharf with business now lacking. The idea will be placed before Sir Henry Thornton on the occasion of his approaching visit to the city.

Must Use Influence.

George Tripp spoke on the question of handling grain on the southern part of the Island. The people, he said, were generally in favor of an elevator on the outer wharf as a means of providing revenue for the wharf. It is a question of influence could be brought to bear.

Ready to Aid.

John Wood, chairman of the Industrial Group, said he would encourage the idea that the Victoria Chamber of Commerce would function from Sooke to Deep Bay. He intended to advocate this idea at the Tuesday evening meeting as to the outer dock and the grain elevator. "We are standing by ready to give any possible assistance within our power."

five bargaining on a day work basis in the new organization, known as the Associated Employees of Beech Grove, Inc. The labor corporation is incorporated under the laws of Indiana, is not for profit and has about 1,800 members.

Instead of limiting the day's output per man, the primary aim of the new organization is to increase the daily output of individuals and thus increase their earning power.

SAANICH PROFITS BY CLINIC.

One interesting point contained in the report of the Medical Health Officer for Saanich Municipality is that which refers to the fact that during the year which has just closed fourteen cases of tuberculosis were reported in comparison with only two in 1921. To the casual observer this state of affairs might be regarded as a serious increase in the number of sufferers from one of the most dreaded of maladies. But it is nothing of the sort. It simply means that the people of the neighboring community appreciate and use a modern convenience by whose employment any suspect worried by some form of chest disorder may go and have his fears allayed or his suspicions confirmed without cost.

GETTING NEW SETTLERS.

It is an elementary fact that Great Britain is at a loss to know what to do with her unemployed and Canada is wondering how she can increase her population. In a general sense there are many members of the Old Country's surplus who would make admirable Canadian citizens if they could be brought to this country and given the means of a start. How to make the transfer as quickly as possible has only been partially solved. Both Governments are prepared to spend considerable sums of money and there is a fairly insistent demand that the Dominion Government resort to "assisted immigration."

NOTE AND COMMENT

At least the Soviet Government has a sense of humor. It has asked that Marshal Joffre be sent to reorganize the "red" army. It is expected that a draft of the Near East Treaty will be submitted to the Turk in about two weeks. The Angora Government will be told to sign it or tear it up. It will be signed. Australian newspapers do not seem to like the French plan for collecting reparations. France may get less enjoyment out of the procedure than she expects. Premier Poincare has announced that he does not propose to mobilize a single soldier in addition to the regular forces under arms for the Ruhr venture. Well, 736,000 ought to be enough to start something. Mr. Stefansson says he has finished with exploration work and is going to devote his remaining years to the task of convincing sceptics that within a decade or so the North Polar Ocean will be crossed by a network of commercial aviation routes. Why not? Who would have said twenty years ago that a heavier-than-air machine would cross the Atlantic in sixteen hours?

OUR CONTEMPORARIES

ANTI-RADIAL FODDER. Stratford Herald:—Sir Henry Thornton may be quite innocent of any intention to aid the game of the anti-Hydro forces in Toronto and the Niagara Peninsula, but he certainly "fell" for an electrification statement that was sought by those elements for that very purpose. THE WAY IT LOOKS. Saskatoon Star:—Evidence seems to be accumulating that it's the high cost of distribution that makes us the high cost of living. THE ROBERTS CASE. London Free Press:—Roberts may be an unworthy character, and The Axe may be a paper which thrives upon the sensational and the sordid in life. However, this does not make any the less serious the autocratic action of the Quebec Legislature. Mr. Roberts is in jail to-day without a proper trial and without any criminal charge against him. HARDER BUT BETTER. Winnipeg Tribune:—By all means encourage the study of ways and means to lessen taxation. It is so comparatively easy to pass legislation to increase the tax evil. Harder, but much better, is it to devise means to run the public machinery, just as efficiently as at present, at much less cost.

gration proposals have been translated into working form the various transportation concerns will adjust their West-bound rates to a point that will at least be some incentive for the intending settler to consider this country in as favorable a light as various important inducements have enabled him to turn his attention to Australia and other parts of the Empire. After all Canada would more readily welcome the man who prefers to come at his own expense rather than in battalions virtually labelled with a Government mark.

AN ATTITUDE OF MIND.

When Mr. Lloyd George declares that armaments are the direct cause of war he is right up to the point that as long as naval and military organizations exist in comparatively large proportions there is always the danger that some justification for their use will be found. But it is necessary to dig a good deal deeper to get at the root cause. Armies and navies are established by the various nations of the world because their respective peoples agree to pay for them. They find the money because they recognize human conflict as the most direct agency of extracting something which their particular outlook on life considers necessary to national progress. This is the prime danger to be feared by the existence of armaments. Before naval and military organizations are done away with it will be necessary to re-focus the minds of men. The spirit of the League of Nations, with its principle of the brotherhood of man, will have to be strong enough to chloroform the god of Mars. And when people will agree to make the subject of peace as fashionable as that of politics the battle-ship and the howitzer will be smashed by sheer weight of a mental attitude that will be just the very reverse of that which was responsible for their creation—and frequent use.

LACKING A REPRESENTATIVE.

It is a matter for regret that the invitation from Ottawa to the provincial Government should have arrived too late to permit of the sending of an official representative from this Province to the conference on immigration which is to commence on Wednesday of this week. If sufficient time had been given it is altogether likely that Mr. Pattullo would have arranged to be there in person. He is obviously the one provincial minister who could have given the gathering useful information and suggestions by reason of the thorough study he has given to the question and especially because of his intimate knowledge of British plans for co-operation with the Dominions. It is important also that the British Columbia point of view should be understood by the Federal Government and other provincial ministers on account of the somewhat differing conditions which obtain in the Provinces in relation to settlement in general. We have no fear that there will be any repetition of the haphazard methods which the Dominion Soldier Settlement Board adopted in the early part of its career. That body has long since realized the futility of blanket plans and orders and regulations which took no stock of varied agricultural opportunities and possibilities on the Prairies and in British Columbia. Even a comprehensive memorandum from Mr. Pattullo would have given the gathering valuable information. Apparently there was insufficient time for this.

SAANICH POLITICS

To the Editor:—Mr. E. G. Kingwell has addressed an open letter to me through your columns in regard to the Saanich re-election contest. It is woven about a conversation which I had with him on an occasion when I called upon him in regard to business matters. He has misquoted me in certain regards, and has by his various statements endeavored to leave with you an entirely erroneous impression for the purpose of discrediting me in the municipality. These tactics are not those which, in my opinion, reputable men should utilize in endeavoring to secure public office. To explain just what I did say to Mr. Kingwell and to deny in detail that which has set out in his letter would no doubt be the correct step in an involved argument which should not usurp the time and interest of those who are given to the real issues in the present campaign. I thought that Reeve Watson intended to retire this year, and I endeavored to be a supporter of his policies. Mr. Kingwell, in regard to his candidature as one who might be assumed to be generally speaking, opposed to the policy which both Mr. Kingwell and I advocated. A three-cornered fight was not, in my opinion, a fair one for Saanich, as the result of such a contest would not show clearly what the majority of the people desired. I would have been glad to oppose Mr. Kingwell in order that the electorate might be made aware of the merits of his policies or mine. On the other hand, I felt that Reeve Watson had promised to remain out of the field and I thought it should be so. I believed, however, that if the Reeve did not stand aside, but decided to try for another term, Mr. Kingwell, who had had his opportunity last year to do so, should stand aside and had failed, should drop out. Mr. Kingwell remained in the field, and Mr. Watson entered it. I saw ahead a three-cornered fight, and myself a bad thing for Saanich—and, furthermore, a chance that Mr. Kingwell, with his policies opposed to mine, might be elected to office through the vote in support of the policies upheld by myself and the Reeve being split. With these two major possibilities in mind, I agreed to the suggestion that the Reeve and I submit to the decision of a meeting of representative citizens from each ward. When the gathering decided against me I dropped out and am now supporting Reeve Watson. I wish to dispel a slur which has been cast upon me by Mr. Kingwell, and by George Hornsey in regard to his arranging of the meeting which decided whether it would be the Reeve or myself who would stand aside in the fight. Mr. Hornsey did not know enough of the facts to judge in this matter. I sat with Mr. Ormond at the Council table one year and there began a friendship which has continued to grow and will still continue to do so. A more fair-minded citizen, working for the good of his city, could not find. I need not go into the details—they have been well taken up by others who think themselves competent to judge. I would only like to say that I am satisfied with the way Mr. Ormond handled this (and I say I am) why should not the others be also? The Reeve and I agreed to abide by the finding of the committee so far as we two were concerned, and I can assure the ratepayers who were standing behind me in this fight that it was done entirely for the best interests of the municipality. Everything was above board and clean, and I can come back again into the fight for the re-election another year if so be I am still in the land of the living. GEORGE McWILLIAM. P.O. Box 829, Victoria, B.C., January 6, 1923.

A WEEK OF PRAYER

To the Editor:—I would once again call the attention of your readers to the annual "Week of Prayer" that is to be held in Victoria, under the auspices of the Evangelical Alliance, in the First Presbyterian Church, Quadra Street, which the Rev. W. A. Wilson, D.D., is the pastor, from Monday, January 8, to Friday, January 12, both days inclusive (the meeting on each day commencing at 8 p.m.). For visitors and others in the city who might be interested in the subject, I would say that the Evangelical Alliance has its headquarters in London, England, and is composed of members of many different denominations, and that thousands in different parts of the world attend these annual meetings of the "week of prayer" under its auspices, and that at these meetings in different parts of the world there are the same subjects for prayers and addresses on the same days, so that it will be seen at once that a great volume of prayer is ascending up to Almighty God throughout the world on 14,000,000 days, which we may be sure cannot fail to be productive of some real blessing. These meetings in Victoria of late years have been well attended, and a source of blessing, and I trust that the same may be the case at the next series of meetings, and that many will seize this fitting opportunity of acknowledging God at the beginning of a New Year, by rendering thanks to Him for His goodness in the past, and seeking His strength and guidance for the future. STEPHEN SWABEY. 316 Douglas Street, Victoria, B.C., January 3, 1923.

OUR DIVORCE LAWS

To the Editor:—I would beg to suggest for your consideration that the time is now ripe for the press to confer with the people of Canada with a view to ascertaining whether or not the present divorce law and its administration represents a national consensus of opinion. In the year 1858, the British House of Commons passed its first Divorce Act, and with a few subsequent minor modifications this Act is still in force in Canada. This law is based, in theory, upon various statements in the New Testament; and with due respect to the Bibliolatries of 1858, it must be pointed out that the original lawgivers of Bible times were addressing themselves to an essentially polygamous community. The applicability under modern conditions of such theories of law and divorce might appear to some as open to the very gravest suspicion. It is found in practice that the law as it now stands affords an amount of encouragement to concubinage.

INSTALL OFFICERS FOR DISTRICT BRANCH OF P. W. ASSOCIATION. At the last meeting of the Victoria and District Dominion Public Works Association, the following officers were duly installed by Past President, W. C. Hoey: T. J. Arnall, president; Wm. Johnson, vice-president; Wm. McKay, secretary-treasurer; the executive officers being composed of the elected officers, with F. N. Jones and H. Ward. A communication was read from A. W. Neill, M.P. Comox-Alberni, stating that he had communicated with the Department of Public Works, Ottawa, with reference to the permanent status of the employees of the Department, as requested by the association, and that he was informed that the list has been approved, and was assured that immediate action would be taken as soon as it has been signed by the Minister of Public Works and submitted to the Governor-General-in-Council. A report was read from S. McGarry, secretary-treasurer, Dominion Public Works Federation, Montreal, of the meetings held in Ottawa of the executive of the Public Works Federation and the executive of the Public Works Association of Ottawa, with the Hon. Dr. King, Minister of Public Works, and with Rt. Hon. W. L. Mackenzie King, Premier, dealing with the permanent appointments of all the civil servants in the Public Works Department and salary questions. The Premier promised them that he would place the matters before the Cabinet to be dealt with promptly. At the next meeting of the association a social evening will be held. There will be tables for games of whist and five hundred, vocal and instrumental music. Refreshments will also be served. A cubic foot of water is convertible into 1,562 cubic feet of steam. NEWS IN BRIEF

The Jubilee Hospital Sewing Society will meet on Wednesday at 2.30 in the Nurses' Home for its weekly sewing party.

The Rev. Dr. Campbell will begin Dominion Civil Service examinations to-morrow at the Post Office for Assistant Postmaster.

A building permit covering the construction of a new \$9,000 public garage at 948 Yates Street was issued at the City Hall to-day. Luney Brothers, the well-known contractors, are building the garage, which they will own themselves. C. E. Watkins drew the plans for the building.

The Rev. T. E. Rows will address the members and friends of the Guild of Health on Wednesday evening at 8 o'clock in the Cathedral school-room. Mr. Rows may be consulted between 10.30 and 12.30 Wednesday morning at the headquarters, 1124 Richardson Street.

No. 1 and 2 Companies, Fifth Regiment, Canadian Garrison Artillery, will parade at the armories, Bay Street, to-morrow evening at eight o'clock for special instruction. All members undergoing special instruction are particularly urged to attend. Dress is drill order. These special instructions will continue daily until further notice.

That her home had been entered \$480 taken, was reported to the city police station by Mrs. Low Lee, 1826 Government at 5.25 p.m. on Saturday. The thief secured the door by means of a pass key, and made a careful selection of valuables from the premises.

The first regular quarterly meeting of the British Columbia Historical Society will be held in the Provincial Archives on Friday, at 8 p.m. Some interesting points of literary and local historical interest will be discussed. Members of the Authors' Association, the Natural History Society, and persons interested in this work, are cordially invited to attend.

A special New Year's Communion service was held in the First Congregational Church yesterday morning with a record attendance of members. Twenty-two new members received the Communion and were given the right hand of fellowship. Seven others whose names were absent and who were unavoidably absent and will be formally received next Sunday.

The Social Five Club held the second of its series of invitation dances at the Liberal Hall on Saturday evening. A large number were present and appeared to enjoy themselves immensely. Neary's Orchestra supplied the music which was of a high order and constantly applauded. The dancing of the hall and the moonlight effects gave the hall a hospitable appearance. The next dance of the series will be held Saturday.

At the general meeting of the Tuberculosis Veterans' Association to be held this evening at 8 o'clock in the G. W. V. A. rooms, Bastion Street, a delegation of five will be appointed to meet C. G. McNeill, Dominion Secretary of the G. W. V. A., in preparation for the forthcoming visit of the Royal Commission on Pensions. The election of officers will also take place at this meeting and a statement of the first annual hall will be given. The meeting will be preceded by an executive meeting at 7.15 p. m.

Charged with parking cars improperly at an angle to the curb seven motorists were fined \$1 each in the City Police Court to-day. T. P. Cowley, John Ross, E. C. Benbridge, L. Glazen, T. Humphries, V. R. Craiver, and J. B. Warnicker, admitting the charge were each fined as stated. A similar charge preferred against Frederick B. Pemberton was withdrawn when Mr. Pemberton stated it was one of his office cars which had offended. John C. McIntosh, similarly charged, upon explanation had the charge withdrawn.

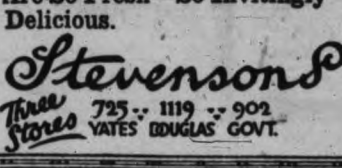

Charged in the city police court to-day with committing an assault upon William McGregor, occasioning grievous bodily harm, Alfred Smith pleaded not guilty, and was remanded for hearing on Tuesday. He was granted in the sum of \$500 cash security. R. C. Brethour appeared for the accused. For the Crown C. L. Harrison stated that the defendant was accused of striking the complainant with the result that the latter hit another object and sustained a wound that necessitated six stitches. The hearing was remanded until Wednesday.

A very enjoyable five hundred party was held at the home of Mrs. F. W. Baird, 1875 Government Street, by the St. Jude's Social Guild, on Thursday night, Mrs. Ball, president, convener. The prize-winners were as follows: Ladies, Mrs. Scott, Mrs. Miss Cameron, second; Mrs. Parker, con-

SAYS B. C. LAW REPORTS DELAYED

"The B. C. law reports are good—as ancient history, but they are no good as an assistance to the Court," remarked Mr. Justice Gregory this morning, when a case was cited before him that was decided last June, but has not yet been reported.

"The last number of the B. C. report," continued His Lordship, "doesn't contain one single case that was decided last January. I actually saw in one number of our reports, cases reported that had been reserved by the Privy Council, and there was not the slightest intimation that the decision was valueless."

His Lordship expressed the hope that the benchers would do something to make the reports of some value.

SHERIFF BEREAVED BY DEATH OF WIFE

After a period of ill-health extending over several years, death came suddenly on Saturday to Mrs. Elizabeth Richards, wife of Sheriff F. G. Richards, who succumbed to a cerebral hemorrhage at the family residence 1900 Craigdarroch Road.

The late Mrs. Richards was born in Waukesha, Wisconsin, seventy-three years ago, coming to Victoria in 1875. During her long residence she made a host of friends who will learn with sincere regret of her demise. She is survived by her husband, one daughter, Miss Louise (Blanche) Richards, and two sons, Dr. Clarence Richards of Louisville, Kentucky, and Dr. Burt C. Richards of this city. The funeral will take place to-morrow afternoon at 2.15 from the family residence, proceeding to the Metropolitan Methodist Church where services will be held. Interment will be made at Ross Bay Cemetery.

TRAPPED ON BREAKWATER

Telephone calls to the City Police Station at 4.10 p.m. on Sunday brought the patrol out in response to word that a woman and three children were trapped on the end of the breakwater, their escape cut off by high waves. It was found on examination that all had reached land, though volumes of water were breaking over the breakwater in an angry sea.

SAYS B. C. LAW REPORTS DELAYED

"The B. C. law reports are good—as ancient history, but they are no good as an assistance to the Court," remarked Mr. Justice Gregory this morning, when a case was cited before him that was decided last June, but has not yet been reported.

"The last number of the B. C. report," continued His Lordship, "doesn't contain one single case that was decided last January. I actually saw in one number of our reports, cases reported that had been reserved by the Privy Council, and there was not the slightest intimation that the decision was valueless."

His Lordship expressed the hope that the benchers would do something to make the reports of some value.

INSTALL OFFICERS OF GYRO CLUB

New President Unable to Attend Owing to Illness

At the regular weekly luncheon of the Gyro Club to-day the officers elected at the annual meeting last Thursday were formally introduced. Gyro Harold Smith, president, Cuthbert Holmes, the new president, was unable to attend owing to illness. Eimer V. Finland, vice-president, spoke briefly asking for the solid support of the club members during the coming year. Owing to the fact that the directors had not held a meeting he was unable to make any statement as to the future activities of the club.

The Gyros were asked by Gyro Christy to back the elevator project.

WILL ADDRESS KIWANIS.

Dr. A. G. Price, Medical Health Officer of the City of Victoria, will be heard in an address before the Kiwanis Club at the regular luncheon at 12.15 p. m. to-morrow at the Dominion Hotel. Dr. Price has a message on health conditions in this city, and will touch on the causes of the population viewed from this angle.

Sequel Is Launch Fire, Reported on Saturday

Maynard Blaauw, central figure in an exciting drama that nearly turned into a tragedy on the beach at West Bay Saturday afternoon, appeared in the city police court to-day to answer to a charge of committing an assault upon Charles de Macedo, process server of the sheriff's staff, occasioning actual bodily harm. The accused was undefended and pleaded not guilty, stating he did not understand the term "bodily harm."

"I did not do him any injury," stated the accused in answer to the charge, "though I might have caused him inconvenience."

"Do you elect to be tried by me?" asked the court. "I'm quite satisfied; I think you will give me a square deal," replied the accused simply, the case being set over for hearing later in the day.

The history of the incident which led to the present situation of Maynard Blaauw goes back to differences alleged to have taken place between the accused and his landlady, the landlady issued proceedings against the tenant for a sum of \$80 alleged due as rent.

Mr. de Macedo stated that on Saturday morning accused was on board his launch and was called ashore by one of his children. He rowed to the beach at a point near the Starline home at West Bay, and there was randed the blue paper by witness.

It will be alleged that Blaauw then seized the accused by the neck of the throat and carried him bodily into the water. Wading in, it is alleged, the accused ducked the sheriff's man and threatened him with an oar. His wife tried to get the axe, but the accused, it is alleged, became violent again and waved it anew.

Then it was that Chief Fry, it is alleged, was told by Blaauw, in the presence of the two officers, that he had burned the boat with his own hands, so that nobody would "get anything out of it."

Conversation followed in which the accused told the officers freely of the circumstances, and all was well until the police made a move to arrest the man. Then a knife with a six-inch blade was whipped from the pocket by the accused, it is alleged, and was confiscated.

Examined by Dr. Arthur G. Price, Medical Health Officer, to-day, the accused was pronounced fit to stand trial, though in the course of his residence in Esquimalt accused had been known to be of an exceedingly excitable temperament and was watched for some time on Tuesday evening on other occasions by the local police.

Events to Come

The Young Men's Club of the Y. M. C. A. will resume the weekly meetings again, commencing to-morrow night. They were suspended for a short period during the holiday season, but with to-morrow night's supper, there will be a surprise programme and endorsement of the club's constitution, the club's programme will begin again.

January 17 has been set aside as an indoor picnic for the friends and relatives of the members of the Y. M. C. A. The picnic will be held in the gymnasium at the association building, and an enjoyable time is assured all who attend.

Gonzales Chapter, I. O. O. F., will hold its regular monthly meeting to-morrow at 10.30 at the headquarters when a good attendance is requested as officers will be nominated.

There will be important meetings of the Ward One and Ward Five Liberal Associations at the Liberal Club to-night at 8 o'clock. At the same place and at the same time on Tuesday evening Wards Four and Three will convene. Liberals of Ward Five are holding their monthly social to-night, until 1 a.m., with George O'Connell and his popular orchestra supplying the music. Refreshments will be served at 11 o'clock. The committee in charge is again working hard to make the affair an even greater success than the three previous dances and has promised something new in the way of novelty events. Admission by invitation only and any friends of the swimming club who wish to attend and who have not yet received an invitation can do so by phoning the secretary, Mr. Stewart, at 491.

The programme committee of the Gaelic Society is busy arranging a social and dance to be held in the Orange Hall, Courtney Street, on January 17, at 8 p.m. Haggis will be served and Robbie Burns will be duly honored.

The usual weekly practice of the Welsh Choral Society will take place at the Drake Hall, Douglas Street, Tuesday evening at 8 o'clock sharp.

IS REMANDED FOR JUDGMENT

Charged on remand in the City Police Court to-day with being in charge of a car while under the influence of liquor, Francis Dixon was remanded for judgment on Wednesday at the conclusion of further evidence. On the stand to-day Dr. E. C. Hart denied stating, as alleged by two police officers, that the accused had been "very much under the influence." He did not remember making any such accusation, stated witness. Constable Allen testified that the accused emitted an odor of liquor at the station, and stated he heard Dr. Hart say that the man was certainly under the influence.

Sergeant Walker, thirty-four years of age, a police officer, stated the accused was under the influence of liquor, and had every appearance of a man who had been drinking hard all night.

The accused, in the box, stated he had been working twenty-four hours without intermission, was ill, and shaky from the blow on the head. The milk cart, which he was accused of striking, was without lights, and the night dark from rain. He had one drink, but was sober.

Magistrate Jay reserved judgment after Dr. Sinclair had been called, but pressed non-committal on the results of his examination.

Frank Higgins, K. C. appeared for the accused, who brought four witnesses to prove his good conduct and sobriety on the night in question.

SHERLOCK HOLMES NOW AT DOMINION

Will Appear in Film Based on Well-known Play

The name of John Barrymore possesses enough of the magic charm to create unusual interest in the presentation of "Sherlock Holmes," the picture founded on the exploits of fiction's greatest detective, which is to take place at the Dominion Theatre all this week.

'THE DANGEROUS AGE' IS GREAT DRAMA

Realistic Portrayal of American Life at Royal

Excellent drama is "The Dangerous Age," the John M. Stahl-First National attraction which began a six-day engagement at the Royal Victoria Theatre to-day. It is a masterpiece of realistic portrayal of American family life, and decidedly one of the "bigger and better" pictures toward which all producers are striving.

We have often read of "all star" casts, but we've never seen one which came nearer earning that appellation than the one which enacts this picture. It consists of such remarkable actors and actresses as Lewis S. Stone, Cleo Madison, James Morrison, Helen Lynch, Edward Burns, Edith Roberts, Myrtle Sted-

One of the scenes shows a fashionable modiste shop in New York City which is modeled after the big shops of Paris.

ANIMAL HERO WORSHIP SHOWN

"The Silent Call" Is Columbia Offering This Week

Hero worship is an attribute of nature to which animals are just as prone as human beings. BAND CONCERT PROVES MAGNET

Excellent Programme Last Evening; Miss Hart and Vaughan Jones, Soloists

Last evening at the Capitol the sixth Sunday evening band concert was given by the Sixteenth Canadian Scottish band, under Bandmaster James M. Miller. Interest as usual was well maintained throughout the evening, and the large audience present gave many evidences of their delight and satisfaction. The band played exceptionally well in all their seven numbers, several seemingly being old favorites, containing such numbers as the overture, "Morning, Noon and Night" (Suppe), the Strauss selection, "Merry Widow," the "Down South" (Myddleton) descriptive selection, and the weirdly written Czardas from Grossman's opera "Ghost in the Woods." Particularly applauded was the "Down South" number, wherein Bandmaster Janson displayed the pleasing use of a song whistle with such effect that another number similar in results had to be given. Bandmaster Miller is accomplishing much in the realm of band music, in spite of the difficulties he experiences in keeping his forces together.

Miss Eva Hart is no stranger to the audiences at these concerts, and of her popularity and sterling vocal equipment there can be no doubt. Her reception was distinctly flattering, and there is no mistaking the position she occupies in the hearts of her fellow-citizens. The gifted soprano gave the famous Bach-Gounod "Ave Maria" with distinguishing style and beautifully executed phrases fittingly appropriate to this beautiful setting of the great religious text "Ave Maria." At its conclusion there was an insistent demand for her re-appearance, the singer responding with "Little Miss Melody" from Lionel Monckton's "The Boy."

W. Vaughan Jones has of late been much in demand, and it is pleasing to note that he is one of the few tenor solo singers that seem to be in rapport with his listeners. Equipped with a vibrant and robust tenor voice he sings his way to his audience in a convincing manner. He uses his vocal powers with discretion, and the genuine quality of his voice asserts itself whenever he chooses. He, too, met with a rous-

MISCHA ELMAN TO APPEAR HERE

Will Be Heard in Recital on Friday Evening

There was a big demand at Fletcher Bros., at the opening of the box office this morning, for seats for the Mischa Elman violin recital, on Friday evening next at the Capitol. This celebrated violinist is a great favorite to Victoria audiences, and from present indications he will again receive a most flattering reception. A feature with the music houses of the city will be the Victor record recital to be given throughout the week, as Fletcher Bros., the Heintzman Piano Co., and Spencer's, Ltd., music department, have invited the public generally to attend their arranged for recitals of the records by this famous violinist.

ARTHUR G. YOUNG AGAIN A CANDIDATE

Councillor of Esquimalt Seeks a Second Term

Arthur George Young, who has been a member of the Esquimalt Council for the past year, announced today that he would be a candidate for a second term.

Mr. Young is looked upon as one of the live-wire business men of Esquimalt. He has been in business in the municipality for the past ten years and, in fact, is the second oldest business man in Esquimalt so far as years in business is concerned. Mr. Young was nominated by A. E. Kent, one of the heaviest taxpayers in the municipality and by Mrs. A. E. Whittier, another big taxpayer.

As Esquimalt has been urging the establishment of industries for some time it is felt by Mr. Young's friends that he should continue to serve on the Council, as he has always been a strong advocate of industry. In fact Mr. Young himself has demonstrated that he believes in home industry by raising a very large percentage of the beef and poultry used in his Esquimalt meat market.

MOISEWITSCH COMING TO CITY

Noted Russian Pianist Will Play on January 15

Benno Moiseiwitsch, the Russian pianist engaged by Mrs. Ricardo to appear at the Empress Hotel on January 15, returned from an Australian concert tour early in October. His recitals in America last season made a return visit a foregone conclusion, and the quiet unassuming genius is reaping fresh honors on this present tour, which began on the Pacific Coast. In Australia, where he was entirely unknown until his arrival here last Summer, he instantly became a sensation; not since the days of Paderewski's great fame has a pianist stirred the public as did this young Russian performer. In the city of Sydney alone he gave eight concerts during a period of a few weeks, each one to a crowded house at the Town Hall, which has a capacity of 3,000. Other recitals throughout Australia to the number of thirty or more so thoroughly aroused the public that the firm of Tali's, his Australian manager, called to the Wolfsohn Bureau in New York, asking for an extension of time in which to arrange additional concerts. This, however, was impossible to grant, because recitals in America called for the pianist's re-appearance in that country early in October.

Mr. Moiseiwitsch made a profound impression at his New York debut in 1919, and his second concert in Carnegie Hall brought the city to his feet. Subsequent appearances in the other large cities left no doubt that the new artist would quickly establish a following to rival the one he has enjoyed in England for several seasons, and with the close of his first tour he had the unusual distinction of already being re-engaged for a score of concerts in 1920-21.

PLAN FOR WORK OF PRESENT YEAR

Automobile Club Members to Meet Wednesday

A general meeting of the Victoria Automobile Club has been called for Wednesday night. The meeting will be held in room 311, Pemberton Building, at 8.30 o'clock. President N. A. Yarrow will occupy the chair, and a large attendance is expected.

The club has had a very active year in the interests of motorists generally, and in furnishing touring information to its members and to visitors. It is now planned to enter into a comprehensive programme of definite benefits to members during the coming year. The adoption of a club official journal, the institution of free towing service, mutual insurance benefits and the systematic signing of all island roads are among the items on the agenda for discussion at this meeting. The club already furnishes free legal advice to its members, and with the new benefits that are to be added, membership will be a distinct asset.

The membership of the club is now two hundred and fifty, and an energetic campaign for members which will be planned in conjunction with the new interesting features, will doubtless result in a greatly increased enrollment. There are some five thousand cars in Victoria now, and as it is obvious that good service cannot be rendered without money and influence created by large numbers of members the club appeals to motorists to join, to help along in the work of protecting their own interests. Motorists wishing to join the club are invited to attend

"I Was Run Down"

"Body was completely covered with Boils"

"If you have ever had boils, you know how painful and annoying even one or two can be. But imagine having your whole body almost entirely covered with them. I am a watchmaker by trade, making a specialty of repairing the highest grade movements. This is probably the most trying of any mechanical work, particularly for a nervous individual like me. Working under great strain both day and night for three months, brought me almost to a state of collapse. I was so irritable and nervous that the slightest thing would 'send me up in the air.' If I managed to get a few hours of sleep at night I was lucky. I had no appetite for food. I certainly was miserable. During this time boils began to appear on different parts of my body and the pain from them made life a misery. My suffering was so great at times that I felt there was nothing left for me to do but to end it all. I consulted doctors but they all told me that if I didn't give up my work and live out of doors, I would go into a decline. As I had no money I couldn't do this. In fact paying doctors' bills and buying medicines used up all the money I made. Finally in desperation, I decided that I would either kill or cure myself, so I began to study my case. I realized that I was as completely run down as any one could possibly be with a bad case of nerves. What I needed was building up. After reading descriptions of different preparations, the one which appeared to be the best for me was Carnol. It has simply performed miracles for me. Four bottles have done more than months of travel abroad. I feel like a two-year old. I sleep eight hours every night and eat three good meals a day. My skin is like a baby's, free from blemishes of any kind and I have now almost forgotten that I have ever had such things as nerves. I want everybody who is willing to know about Carnol, because I have such faith in it I believe it will cure any human ill."

Mr. J. H. Mc C.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

ATTEMPT TO FLOAT LINER HOLSATIA

German Liner Is Resting Easily on Florida Coast

320 Passengers Were Transferred to French Ship

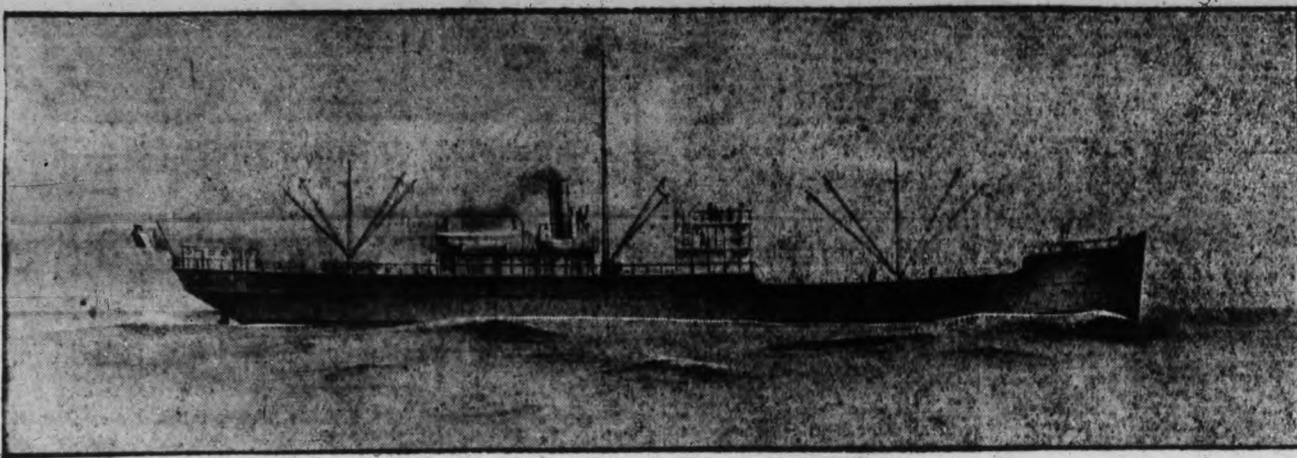

Miami, Fla., Jan. 8.—Attempts were made to-day to float the German trans-Atlantic liner Holsatia, aground near Carya Point Reef, about thirty miles south of Miami.

The liner was reported resting easily with an easy sea, and the wrecking tug Relief, which sped to her rescue upon receipt of distress calls picked up by the Key West naval radio station was to aid in the rescue work.

Passengers Transferred. The 320 passengers aboard the stranded vessel were to reach Havana to-day aboard the French liner De La Salle, which carried most of the passengers and the Esperanza.

The vessel is not believed to be damaged, and is expected to be towed to a berth in Hamburg to Havana.

SNAPPY SPORT HEAD 'COWICHAN SWAMPED' STARTED SOMETHING

Misadventures of Football Team Disassociated With Coast Steamer

Vancouver, B. C., Jan. 8.—A rumor that the Union Steamship Company's steamer Cowichan from Vancouver with passengers for Powell River and way points had sunk in Northern British Columbia waters stirred Vancouver last night and set steamship officials and wireless stations agog to discover the Cowichan's trouble.

The Cowichan was safely ploughing her way into Powell River, the origin of the rumor was revealed. A relative of one of the Cowichan's passengers had read in a sport edition of a Saturday night paper a headline which said "Cowichan swamped" and didn't wait to read further into the adventures of the Cowichan football team which the headline referred to.

BELGIAN SEAMEN PLANNING STRIKE

Brussels, Jan. 8.—A general strike of seamen has been set for next Thursday at Antwerp. The walkout is to be made in an effort to force the demands of the sailors for an increase in wages to compensate them for the depreciation of the value of the franc.

FRENCH SHIP TAKES PASSENGERS FROM STRANDED GERMAN

Havana, Jan. 8.—Three hundred and twenty-three passengers from the German trans-Atlantic steamship Holsatia, which is stranded on a sand bar in the Florida Channel near Carya Point Reef, have been taken on board the French liner La Salle, according to wireless messages picked up here last evening.

FORAGER WAS REPORTED LOST

Despite Rumors, However, the Craft Made Port Yesterday From Seattle

The little steamer Forager came into port at 2 o'clock yesterday afternoon from Seattle and disposed of the rumors that had been afloat during the earlier part of the day to the effect that she had been sunk in the Gulf of Active Pass.

Capt. H. A. Lund, master of the Forager, was naturally surprised in passing the Outer Docks yesterday afternoon to be hailed by men standing on the wharf with "You were supposed to have been lost."

LIFEBOAT FOUND NEAR CLO-OOSE DEEPENS MYSTERY

Lifesaving Craft Located Yesterday On West Coast Was Marked "U. S. Coastguard Station No. 332" and Fully Equipped, But No Life Sighted; Another Buoy From Alaskan Picked Up.

Fresh evidence of disaster on the West Coast was indicated but not generally credited yesterday afternoon by the discovery of a fully equipped lifeboat off Clo-oose by search parties scouring the rockbound coast for bodies from the ill-fated steamer Alaskan.

The discovery was made at 2.30 p.m. A lifebuoy was also found near the scene with "Alaskan" on the other.

Col. A. W. R. Wilby, Dominion Government agent of marine here, who was notified by telegraph last evening of the finding of the coast-guard boat at Clo-oose, is of the opinion that the craft had gone adrift from one of the lifesaving stations on the Alaskan side and had been cast up by the storm on the West Coast.

As it would be impossible to take the body aboard a vessel owing to the tremendous breakers that have been lashing the coast off Pachena, it is assumed that the attempt was made to transport the body overland either to Bamfield, or some other point on the Alberni Canal.

In an inquest on the body will be held by the Provincial Police either at Bamfield, Port Alberni or Nanaimo. The case is being handled by the Provincial Police Department at Nanaimo.

Soundings. Congratulations are being showered upon Fred O. Finn, agent for the Chicago-Milwaukee line here, who yesterday became the father of a bouncing baby boy.

The southwest squalls which swept over Victoria yesterday afternoon reached a velocity of 38 miles an hour.

Capt. H. Shillito, master of the Royal Mail steamship Nichterow, which passed out to sea from this port yesterday on her homeward trip, took part in the destruction of the German fleet under von Speer off the Falklands. He was a gunnery lieutenant aboard H. M. S. Carnarvon.

Don't waver. Advertiser your radio.

Alaskan News Lacking. No further news of the Alaskan disaster had been received up to noon to-day at the offices of the Marine Department here.

The lack of information over the week-end indicates that the Bamfield lifeboat with Coxswain Brady at the tiller has been almost continuously searching the coastline in an effort to get additional traces of the disaster without putting back to the station at Bamfield.

The Provincial Police are also co-operating with Coxswain Brady, and a constable went out with the lifeboat on her last search.

Col. Wilby this forenoon telegraphed Coxswain Brady at Bamfield immediately to wire more details.

SEAMEN'S BOYCOTT IN AUSTRALIA OVER

Sydney, N. S. W., Jan. 8.—(Canadian Press Cable).—The seamen's boycott which began three months ago following a wage dispute, has ended and there is now much activity on the waterfront. Many vessels belonging to Australian and New Zealand lines were tied up for a considerable period owing to the inability to get crews.

water datum for hydrographic charts and time tables. The type of tide, of which there are several in the region of the survey, was, he stated, a controlling feature in determining the datum.

Reviewing the history of the hydrographic surveys, Mr. Stewart said that the assumption that the Asia had been wrecked on an uncharted rock in waters of which no accurate chart was in existence, brought forth an agitation for the charting of the Great Lakes. The Government of the day took action and obtained from the British Admiralty the loan of one of their hydrographic officers, Capt. J. G. Boulton, R. N., and he, with a Canadian assistant, commenced the surveying of these waters. This likable English naval officer, who throughout his sojourn in Canada, made the acquaintance of a host of friends, set a standard of excellence in this branch of surveying, which has been ably upheld by his successor and an intensively trained staff whose aim is to carry on the work of charting the territorial waters of Canada's thousands of miles of coastline.

CANADIAN IMPORTER ARRIVES AT HAVANA

Skater Makes Faster Time in Hundred Yards Than a Runner

Lake Placid, N. Y., Jan. 8.—Charles Jewtraw, of Lake Placid, skating in the amateur races here Saturday, broke the world's record for 100 yards by skating the distance in nine and two-fifths seconds. Jewtraw also equalled the world's record of 19 seconds for the 250-yard event. Both records were made in open competition on a certified track with the required timers and other officials present.

Six Straight Aim Of Lester's Boys

Cougars Will Link Up In Another Argument With Seattle at Vancouver To-night; If They Win It Will Make Five Straight Victories Within Nine Days, a Phenomenal Record; Vancouver Will Play In Saskatoon; Calgary Here Friday

Six straight! That's the aim of the Cougars. They left this afternoon for Vancouver to take on the Mets in the first game staged in the history of the P. C. H. A. on neutral ice. It's a tall order to ask the Cougars to step on the Mets again this evening, but they are game and feel quite confident that they will be able to pull the trick. They have had a very heavy schedule of late, playing five games within nine days. All the games have been fast and hard ones and have taken their toll from the players' speed and strength.

Seattle is smarming under the recent reverses and Pete Muldoon promises the Cougars plenty of action to-night. He has been putting his crew through "skull practice" and has been giving them some hot penny lectures.

Know Victoria Has Something. The Mets know that the Cougars have some new system and they are trying to fathom it. They know there is a four-man defence and on Friday night they tried to work a system similar to Victoria's but they fell down hopelessly when it came to carrying out the offensive part of the programme.

Frank Foynton did not engage in much of Friday night's game, sitting on the bench and watching the play. He gave as his reason for laying off that his legs had given out on him but it is believed that Frank sat there for the sole purpose of figuring out how Victoria is carrying out its two-man rushes which are bearing fruit.

The teams will link up in a fierce fight to-night and the Cougars can be counted on giving all they have. If they should win it will mark a new Coast League record in regard to victories and it will keep the Cougars up on the top rung as Vancouver is expected to defeat Saskatoon to-night.

May Find the Key. A loss for the Mets will put them down in the cellar two games to the bad. It is possible that they may find the key to the Cougars' system in which case Lester Patrick will have to find some new scheme. The Cougars and Mets are playing in Vancouver in order to fulfill the Monday night engagement. The Vancouver team is making its swing around the prairie loop and will not be back until the end of the week. When Victoria goes to the prairies in February the Mets and Maroons will perform here.

Much interest is being taken here in the game on Friday night when Calgary will furnish the opposition for Victoria. The Tigers will open their coast tour in Seattle on Wednesday and will wrap up with a game in Vancouver on Monday night next.

A full house will undoubtedly glimpse the struggle here on Friday as Victoria has proven a strong drawing card as a result of its recent successes and Calgary has a strong following in this city.

BRITISH BOWLERS BEATEN IN AFRICA

Port Elizabeth, South Africa, Jan. 8.—(Canadian Press Cable.)—A side representing South Africa defeated the touring British bowling team in the first test match here on Saturday by 88 to 59.

WILLARD WILL TALK UP BOAT WITH JACK

Former Champion Due in New York To-day to Try and Land Bout in Summer

New York, Jan. 8.—(See Willard's expected to arrive from California to-day. Big Jess is trailing Jack Dempsey for a try for the heavyweight boxing championship last night over Ward who won from him in Toledo in 1919 and so is arriving a few days before Dempsey and his manager are expected from the coast. Willard will submit himself to interviews with boxing critics this afternoon in preparation for a conference with Tex Rickard, the promoter who also is expected to come back later in the week from Columbus, Ohio. I sporting circles it has been the understanding that Rickard is prepared to stage a championship bout between Dempsey and Willard early this summer.

Old Country Teams Show Form on Eve of Cup Tie

London, Jan. 8.—(Canadian Press Cable.)—On the eve of the first round proper of the cup competition most of the league teams showed their true form on Saturday. There were few surprises and no changes among the leaders of the first division. Liverpool, Sunderland and Huddersfield won again, but the champions beat the greatly improved Chelsea team by only one goal, scored in the closing moments.

The Liverpool team, at home in the cup tie with Arsenal, who Saturday lost to Stoke where they failed to score for the first time in many weeks. Sunderland will go to Norwich and on form should win easily but some of the famous sides have fallen there badly in the cup ties so the result is no wise a certainty. Liverpool is hard pressed. Liverpool, in the fight to win the championship for the second year in succession, can not afford to lose a point for Sunderland is only one behind and Huddersfield is coming on strong while Sheffield United is showing great form. The latter team won a sensational four to one victory at Burnley on Saturday where the Hotspurs had previously been the only successful team.

Marsden, Preston reserve centre forward, scored three goals against Aston Villa. London's second league teams have been steadily improving and for the first Saturday this season, not one was beaten on Saturday. Crystal Palace's 2 to 0 defeat of Bradford City, which would have been very much heavier but for the remarkable goalkeeping of the Scottish international, Ewart, was the best performance. West Ham United are rapidly ascending the table. Derby's defeat of Notts County was the best match of the day in this division. Bury also lost, so Notts remain at the top of the table. As regards the southern section of the Third League, Bristol City now seems to have only Swansea Town to fear.

Home Teams Successful. Of Saturday's 43 league matches, only eight were won away from home, 23 home teams were successful, while there were a dozen draws. The total goals scored was 103.

WESTS STILL HOLD FOUR-POINT LEAD

Defeated Crusaders Easily and Looks Like Winners of First Division

Jack Youson's Wests continued their triumphant march in the First Division on Saturday by turning in a 4-1 victory over the Crusaders. The Sons of England are still four points ahead in the Wests. They won their game by default from the Sons of Canada. The Metropolis obtained the verdict over the Thistles by 5-0. These clubs are making a spirited bid for third place. The Thistles were only able to field a team of nine men, while the Mets were at full strength.

Although the Wests have only a four-point lead it is expected that it will be sufficient to bring them through to their second consecutive defeat once this year, the Sons of England taking them into camp, while the Crusaders managed to hold them to a draw. The season opened the Wests have had to make a number of changes in their line-up due to players leaving town and others retiring, but the side has maintained its original strength and is fighting off the advances of all the other clubs. The Sons and Wests will meet again and if the leaders succeed in trimming the Englishmen the league officials can hand over the silverware to Jack Youson.

Won With Ease. The Wests did not have any trouble defeating the Crusaders on Saturday, the rushing attack of the latter being the first half on shots by Merfield, Sherratt and Clarkson, while in the second half Johnny Peden bulged the netting. The Crusaders were unable to get a shot on goal until the end of the game.

The Thistles made a game fight against the Metropolis but with two men absent they were unable to stop the rushes of the youngsters in the first half. The Mets scored four times in the first half, McKensie netting first. Hayward the second and Scotty Dows the third and fourth. In the second half the Scotsmen made a better stand until just before the final whistle when Brynch sent the ball skimming into the net for the Mets' fifth goal.

First Division was defeated by the Sons of Canada to the Sons of England. Both Junior Division games went by default. Oakland and the Saanich Thistles winning the points.

GLADYS ROBINSON IS BEATEN BY ICELANDER

Toronto Champion Lady Skater Loses Honors Joe Moore Is the Men's Champion

Yonkers, N. Y., Jan. 8.—Joe Moore, New York, won the men's title, and Hattie Dose, New York, captured the women's laurels in the annual tournament of the Metropolitan ice skating championships yesterday. Moore scored 190 points, and won the half mile and mile races, and Miss Dose totalled 50 points, and won the half mile for women.

Gladys Robinson, of Toronto, won the three-quarter mile race for girls, one of two special events in connection with the Metropolitan outdoor skating events here yesterday. Her time was three minutes one and three-fifths seconds. Elsie Muller, of Toronto, was second, and Hattie Dose, Iceland, third.

The 440-yard dash for girls found Miss Robinson in second place, the event being won by Miss Muller in 51 2-5 seconds.

Something Like an Old Time Bout— 51 Rounds Before K. O. Is Landed

Mexico City, Jan. 8.—Jimmy Dundee lost the lightweight boxing championship of Mexico, Saturday night, to Marciel Montes of San Antonio, in the fifty-first round of their bout here, when he was sent down for the count by a blow to the jaw. The men tore at each other incessantly but were comparatively fresh when they answered the bell for the final round.

Rep Fifteen Fails In Its First Game

Varsity Accounted For Victoria In Spirited Game On Saturday; Collegians Admit That It Was the Hardest Game They Have Had In McKechnie Cup Series This Season; Capitals Showed Good Form and Are Quite Pleased

Victoria's rep ruggers made a good try in their initial appearance in the McKechnie Cup series but they had to admit defeat at the hands of the fleet-footed 'Varsity fifteen. The teams met at Oak Bay Park on Saturday afternoon before 1,500 spectators and after a long, grim struggle the collegians tramped off the field with their fourth straight victory in the series. The score was 7 points to nil, a field goal by Geo. Ternan, the visiting skipper, in the first half, and a touch in the second half by Gunning making up the collegians' total.

WINNIPEG LEAGUE IS BARRED FROM SERIES

Manitoba Hockey League's Orders to Play in Portage la Prairie Ignored

Winnipeg, Jan. 8.—Failure to comply with the wishes of the Manitoba Amateur Hockey Association to play games at Portage la Prairie to-day resulted in the official suspension of the Winnipeg Senior Amateur Hockey League from the Manitoba Association. Announcement of the suspension was made by J. S. Smith, president of the Manitoba Association. This action will bar the Winnipeg League from participating in championship or Allan Cup games under the direction of the Manitoba Association.

PORT ARTHUR LEADS IN MANITOBA LEAGUE

Made It Four Straight, Defeating Selkirks 10-4, Other Hockey Games

Port Arthur, Ont., Jan. 8.—The Port Arthur team took a close and exciting lead in the Manitoba Hockey League race when they defeated the Selkirks team here Saturday evening 10 to 4. It was their fourth win in as many starts.

Cleveland Wins. Cleveland, Ohio, Jan. 8.—Cleveland defeated Pittsburgh in a hockey game here last night, 2 to 1.

Westminster Boston. Boston, Mass., Jan. 8.—The Boston hockey team defeated the Westminster team in the Boston Hockey League last night when they defeated the Selkirks team here Saturday evening 10 to 4. It was their fourth win in as many starts.

Rosetown Losses Out. Saskatoon, Sask., Jan. 8.—University of Saskatchewan defeated Rosetown in the opening game of the Saskatchewan Senior Amateur Hockey League at Rosetown Saturday afternoon, 6 to 3.

Kitchener Beat Varsity. Toronto, Jan. 8.—Kitchener defeated University of Toronto, 8 to 7 here Saturday in one of the best games in the senior O. H. A. seen here this season. The visitors were the favorites before the game, but the blue and white took the lead after five minutes of play, and were not headed until the final period.

pected that Victoria would be able to capitalize the absence of a man, but 'Varsity showed invincible form. Penderay started another dribble, but the collegians were falling and blocking too well to let him get far.

A Great Race. In the loose Gunning secured the ball, evaded a couple of men, and had an opening run for the line. Humber, the speedster man on the local side, gave chase, and rapidly overhauled the collegian. The distance was too short to prevent a try. Humber made a flying tackle, and caught Gunning by the neck. Terry, both went down in a pool of water, but the collegian had the ball across the line. Gwyther failed to lift the soggy ball on the kick to convert.

The Final Effort. Victoria's spirits rose when Penderay and Johnson rushed the ball to within five yards of 'Varsity's line. The collegians' defence was sound, but a few minutes before the end went with the play again in Victoria's half. Dal Davis, although late for the start, took over the game, and handled it to the satisfaction of both spectators and players. The teams were: B.C. University—Dominey, Palmer, Penwill, Purdy and Cameron; Buchanan and Tierman; Cameron, Hodgson, Greig, Gwyther, Carlisle, Gunning, Gregor and Ramsell.

Victoria—Johnson, Humber, McInnes, Taylor and Totty; Goodacre and G. Grant; MacLean, Penderay, Miller, Brynjolfsson, Sweeney, Davis, Herman and Colman.

Prior to the rep game the J. B. A. and 'Varsity senior rugby teams engaged in a hard tussle in the mud and the collegians winning out by a lone try, 3-0. The try was made by Eber Jones, a local boy attending 'Varsity, a few minutes before the end, after some fast play around the local goal line. The Bays had the advantage in the first half, while 'Varsity was the better in the closing period.

The teams were: 'Varsity—Bain, Price, Gyles, Russell, Rowan, Taylor, Lewis; Edgett, Giblin, Choate, Hooper, Jones, McFie, Hardie and Hign, Jones, J. B. A.—Scott, Mathews, Struggess, Watson, C. Walls, McMillan, Barberie, Adams, Bond, Shaw, Cameron, Taylor, DeBully, Collinson and Ker.

Referee—Billy Ellis. Between the two games a three-hour relay race was held, and was won by 'Varsity when Johnson, one of the local runners, collapsed and had to quit.

'Varsity on the majority of the events of the two-day sports programme. The collegians won two rugby games, the relay race, three badminton games and three basketball games. Victoria's share included the swimming, two rowing races and two basketball games.

NEW ZEALANDER SETS NEW HURDLE RECORD

Wilson Clips One-fifth of Second Off Old Mark and Beat Star American

Wellington, N. Z., Jan. 8.—George Krogness, former Harvard University hurdler, was defeated here last Saturday in the 120-yard hurdles by H. E. Wilson, a New Zealander, who made a new Australasian record of 15 seconds flat in the event. Wilson clipped one-fifth of a second from the old mark, which he also holds. Krogness finished three yards behind.

Towards the close of the first half Victoria showed its best form, and put 'Varsity on the defensive. MacLean and Humber carried the ball to the hearts of the fans by following up a kick. He blocked Dominy's return on the line, and flopped on the ball. Referee Davis, however, called a knock-on and a five-yard scrum was ordered. Victoria continued to press, and the whistle found the play close to the visitors' uprights.

In the second half 'Varsity tried to force the play, but Penderay led the Victoria pack on a dribbling rush, and only a lucky spear by Ternan prevented the boys from gaining much ground. A hard tackle put Penderay on the ground, and he was carried from the field. It was expected that Victoria would be able to capitalize the absence of a man, but 'Varsity showed invincible form.

Princeton, N. J., Jan. 8.—Princeton University basketball team on Saturday defeated University of Toronto 48 to 20.

AQUATIC GALA WON BY LOCAL SWIMMERS

Men Gain Enough Lead to Overcome 'Varsity Ladies' Win Over V.A.S.C.

Local swimmers succeeded in defeating the visiting 'Varsity aquatic team in the gala held in U.S. Y. M. C. A. tank on Saturday afternoon. The Y. M. C. A. ran up a total of eighteen points to the 'Varsity nine which was large enough to offset the 'Varsity lead on the ladies from the V. A. S. C. The visiting co-eds won by 21-17.

The two most thrilling events of the meet were the men's backstroke and the ladies' relay race. In the backstroke race J. Larsen, of the "Y," and Jones, of the 'Varsity, swam the 50 yards in a dead heat, but the distance in 33 1-5 seconds. In the swim-off Jones succeeded in winning by about a foot. Jones again came into prominence when he swam a clean-cut victory over Barrett in the 50 yards breast stroke.

In the ladies' relay race 'Varsity succeeded in beating nearly half a length of a lead in the first heat. They retained this in the second heat and the race looked like an easy win for the visiting ladies. Grace Wellburn, in a dead heat with the visiting lady, but it was too late and the 'Varsity won by a few feet.

In the 100 yards free style for ladies, Grace Wellburn swam her way to a good lead and won easily. In the 100 yards breast stroke for ladies, Dorothy Melville showed class when she swam away from her 'Varsity opponents and finished with a good lead.

In the 50 yards free style for men, Jamie Cameron pulled off a well timed race to beat the finish and won by a small margin. 50 yards free style, men—1st, Jamie Cameron, Y. M. C. A., time 29 1-5; 2nd, McVittie, Varsity. 100 yards breast stroke, ladies—1st, Kathleen Wellburn, V. A. S. C., time 3:25; 2nd, Mary Chapman, Varsity; 3rd, Beth Tingley, Varsity.

SPANISH HOLDS GOOD RECORD

Healthy Conditions Are Reported; Fire Loss Small

Several annual reports were received by the Spanish Council on Saturday.

Dr. J. P. Vye, medical officer, reported that the number of malaria deaths was 66, females 57, and 29 males had died, and 20 females. Thirty-two marriages had taken place.

The year 1922 has been comparatively free from reportable acute contagious diseases. A few cases of contagious conjunctivitis "pink eye" occurred in Cedar Hill district, principally among the school children.

A case of diphtheria occurred in a schoolboy who had just returned from Winnipeg, where he was exposed to the disease.

Two cases of influenza were reported, one of which died.

Three acute cases were treated at the Isolation Hospital, being the same number as last year.

The following cases were reported: Diphtheria, 1; leprosy, 1; tuberculosis, 14; measles, 5; scarlet fever, 3; chickenpox, 20; mumps, 88.

The latter patient was a Chinese who was turned over to the Federal Government authorities at William Head Quarantine Station.

Victorian Order.

The annual statistical report of the Victorian branch of the Order of Nurses was laid before the Council. It showed that the nurses had made 13,771 visits, including telephone consultations, 446 new cases had been attended, and 499 cases had been dismissed. Of the new medical cases 6 were pneumonia, 145 communicable, 37 tuberculosis, and 5 chronic.

Fires.

The annual report of the Spanish Fire Department shows the protective value provided by location within the water area of the municipality. In 1922 there were 27 fires within the water area, with damage resulting to the extent of \$5,055, while outside the area there were nine fires, with damage amounting to \$31,409 in the former case and \$1,400 in the latter. The total value of the property involved in the fires was \$63,350, with the damage amounting to \$36,630.

PRAIRIES WESTWARD

TIDE NEARS FLOOD

Most of Tourists Coming Are Already on Way to Coast

The movement of travel from the Prairies for this Winter is about due to reach its peak according to inquiries made at the Victoria hotels yesterday from tourists who are staying here. Much of this business is directed to the Dominion and Strathcona Hotels.

There has been an extensive movement from Saskatchewan this Winter, they agree, but the majority have gone through to California. Business during the last few months in that province has not been good, and that has been the primary cause of the falling off in the aggregate. The weather has been exceedingly cold, and this would have diverted a large movement in the January and February months, but as one Regina man put it to the Times yesterday, the farmers simply "have not got the money to travel."

Many have heard of the effort made by Commissioner Warren during his recent tour for the Victoria and Island Publicity Bureau, and apparently this effort has proved a valuable asset to Victoria at a time when the hotels are badly in need of business.

The Prairie Club is extending a hearty welcome to the visitors, and as already announced has an entertainment planned for this week to entertain those visitors who come from the three provinces. This will be something in the nature of a house warming for the new club quarters recently occupied.

CHURCH UNION IS GROWING TENDENCY

Triple Alliance of Denominations in Canada Foretold by Dr. E. L. Pidgeon

In one of the most able addresses heard by a local audience recently, Dr. E. Leslie Pidgeon, Minister of the Augustinian Presbyterian Church, Winnipeg, advanced the claims of the pro-union supporters before an audience of 200 at the First Presbyterian Church lecture hall on Saturday night. Premier Oliver presided, while the Rev. W. G. Wilson opened the proceedings in a brief preliminary address.

That church unity was already taking place in some of the churches and that if the General Assembly of the Presbyterian Church were to recant the action previously passed by the Assembly of 1916 disaster would follow, was the firm conviction expressed by Dr. Pidgeon. To such length had action resulted from the vote in favor of union that even in the suburbs of some Western cities congregations were insisting that no further denominational churches be built, and that their place be taken by Union edifices.

Controversial Subject.

In opening Dr. Pidgeon stated he was fully aware of the keen interest which had led to the present union movement, and that he had attended church on the Delta for over thirty years, and had been present under both Presbyterian and Methodist preachers without noting any difference in the service or thoughts expressed. He complimented the speakers on the absence of discord in the discussion, and the speaker on his able and succinct address.

The attention of the public was taken considerable in public appeals, and it would be well for union advocates to follow suit if they wished to see their cause upheld, he declared, and the whole question would be before the General Assembly shortly, at which time would come the crisis of the matter.

Church Union had been mooted as far back as 1875, said the speaker, and all that could be said pro or con had been told and recounted time and again. He did not propose to go back to 1875, but the vote passed by the General Assembly in 1916 called the union movement into action and set in motion a chain of subsequent events which now constituted a new question entirely.

Union could not be re-considered, for it was now a matter of the decision to unite plus a partial union already affected through the natural course of events following on the Assembly's edict. It was those after-circumstances which he proposed to deal with briefly.

As for the Prairie provinces were concerned if organic and absolute union did not follow he would not like to contemplate what would be the result.

Internal union in the separate churches themselves had come into being in the last century, and been a great success. The success of internal union and its support to each church was one factor now leading to inter-denominational unity. The modification of denominational differences which were not those of principle also tended to bring the three churches more nearly on common ground.

The old differences of pre-destination, atonement, conversion, deity and perseverance of saints was falling into disrepute, and pulpit orations to-day left more freedom to the interpretation of the individual for himself.

The speaker pointed out that there was to be reckoned as a union factor, the toning down of temperamental differences as to religious worship, now very marked, and it was a common practice for Presbyterian and Methodist ministers to alternate in using in the same church every other week and the same congregation attend both services with no very serious effect to their conscience.

Common work in the mission field in the new land of Canada brought co-religionists into closer touch with a modification of differences and a greater mutual understanding, he urged.

Unity is Natural.

Every tendency that pointed to a natural union in the due course of time was a symptom of the minds of the congregations themselves and not the urging by the leaders as had been charged.

The churches were drawing closer together in the eyes of the public, especially in the Prairie Provinces. The public saw that each of the three churches spoken of in connection with union required the same qualities of citizenship and made for the same common end, irrespective of churches and creeds the viewpoints of all good men were closely allied.

These and other factors led to the growth of the spirit of unity which was now sweeping Canada, and this was particularly marked in the West where if the Assembly did not recant its former stand of 1916 there would be a split in the churches of Canada at the Great Lakes and the East would remain separate and the West united.

This would be disastrous for East and West alike, as missionary co-interest would collapse and the West, where lay the main field of missionary work, would be the sufferer. Here the speaker quoted figures on the proportion of union charges and congregations in the three Prairie Provinces, which showed the pro-union charges heavily in the lead.

In Canada to-day there were 384 charges including between 2,500 and 3,000 congregations in favor of union. In the face of that it would be impossible to re-consider the basic principles of union among the Presbyterian, Methodist and Congregational churches, as action had already got under way, and it was the voice of the people calling for the change.

The whole tendency of the times showed that it was merely a matter of years before the union was demanded by the people of Canada, and he believed that far greater and more complete union, one embracing even denominational differences of principle would be effected by Christian Churches getting back into one simple organization in the years that lay ahead. (applause).

"I feel perfectly certain that when the vote comes in the General Assembly the majority will be the same in favor of union." (applause).

The speaker here dealt briefly with the vote on the order of the Assembly which would be submitted to it for consideration in due course, and answered a number of questions. The Methodist Church was a body

incorporated; the Presbyterian Church was non-corporate. Federation would be but a step in the proceedings towards union, not an end. All bodies incorporated had the right to vote themselves out of existence, as had all bodies ruled by majority. Legal opinion differed on the status of a possible Presbyterian minority retaining its church name. It was proposed the union under the name of the name of the United Church of Canada.

Anglicans and Baptists.

Overtures had been made to the Baptist Church and courteously declined. Overtures had not been made to the Anglican Church in view of the positive stand taken by the Lambeth Conference. Other denominations had not been approached as in the majority of cases differences of religious principles would be involved. The speaker believed even that would be overcome by the people themselves in the years to come.

"I am perfectly certain that all churches are going to come back and unite in one, as they were formerly until they grew complicated by separation. They will get down to simplicity again, but it will be some time before that point is reached."

It was suggested from the floor of the meeting that the Methodist and Congregational churches viewed union proposals as a whole favorably and that it would be a pity if the Presbyterian Church could not do likewise. This met with general applause. Dr. Pidgeon was given warm ovation at the close of his remarks.

In introducing the speaker Premier Oliver dealt in brief with the keen interest which had led to the present union movement, and that he had attended church on the Delta for over thirty years, and had been present under both Presbyterian and Methodist preachers without noting any difference in the service or thoughts expressed. He complimented the speakers on the absence of discord in the discussion, and the speaker on his able and succinct address.

TO DEBATE ISSUE OF INDUSTRIES

Work of Chamber of Commerce Will Be Reviewed

A lively discussion is anticipated at the industrial conference to be held in the Chamber of Commerce auditorium to-morrow evening. Critics of the Chamber of Commerce and of the Publicity Bureau have promised to attend, while the supporters of these organizations will point out that a continuous campaign has been carried on to secure new industries and to encourage those already existing.

Representatives of the Esquimalt Board of Trade will be the first speakers. They will be followed by the Spanish Central Freeholders' Association, after which an explanation will be given of what has been done by the Chamber and the Publicity Bureau. The meeting will then be thrown open for general discussion.

The committee having in charge the drafting of a programme for the evening consisted of Mr. J. E. Carmichael, chairman; Alderman John Harvey, G. E. Hodgson, Fred Moore, Geo. Tripp, Joe Wood, James Nicol, R. E. Collis, Capt. H. Matheson and R. B. Price.

Sound Teeth

An Asset Worth Taking Care of

If you are fortunate enough to still possess your own natural teeth you will be well advised to give them dental attention at least twice a year.

Why not do it now? See us this week and have those minor defects remedied. To ignore them is a poor policy for they are sure to cause you greater trouble and expense later on.

YUKON NEEDS MORE POPULATION

Visitor Here From Whitehorse; Trapping Situation

Some revival in the Yukon mining is essential to fill the Yukon territory again, and that revival may come from an enhanced production of copper. F. G. Wilson, of Whitehorse, stated to the Times yesterday.

Mr. Wilson, who is at the Dominion Hotel, recently came south, said that while the trapping season on the White Pass & Yukon Railway, by which he is employed, was very good in 1922, the residents of that section were looking anxiously to other lines of activity to hold the dwindling population of the Yukon. The mining situation, he said, is more hopeful, with prospects of things being much better in 1923, owing to the Keno Hill activity. The outlook so far for the trapping season, of which Whitehorse is an important centre, is better. The small game has been more plentiful, and this has brought back the fur-bearing animals which had deserted the area during the two previous winters owing to poor sources of food supply. It is as yet too early to indicate how the trapping season will go, but it is expected that the returns will be much better than were the case in the past two winters.

Mr. Wilson indicated there is more optimism in the North than indications based on recent reports would show. In answer to a question on the liquor situation, he observed that there was a considerable supply sent in last May before the United States embargo on import by way of Skagway, and until that embargo is lifted the bulk of the supply reaching the Yukon is reported to come in by way of the Government Vendor's store at Atlin.
