10th December 1948

SUBJECT: Application for machines to carry in newly

TO : Kyoto Military Government Team

APPLICANT: :Yamshina Seikosho Ltd.

President.

61 Tsutsumidani-cho, Hino-oka, Yamashina, Higashiyama-ku, Kyoto

1. Name of Company : Yamashina Seikosho Ltd.

1. Name of Plant : Yamashina Seikosho Ltd. Higashino Plant.

1. Location : 16, Kitsumeyabu-cho, Higashino, Yamashina, Higashiyama-ku Kyoto

1. Particulars of machine for which we applicate as E.X.

Name of machine	Numbers	Capacity	Remarks	Purpose of use
Furanase Electric Arc. Accessary Transformer Switch Board	1	1 ton	Bought from Dido Seko Ltd.	For facilities of casting.
Winch with motor of 7.5 H.P.	1	5 tons	Borrow from Yokota Ltd.	"
Drop Hammer with motor of 5 H.P.	1	1 ton	Shop made	" (for crushing pig-iron)
Lathe(for Woodworking) with motor of 1 H.P.	1	Swing 400 Center distance 1200	Borrow from Sakane Kinzo-ku Ltd.	For facilities of casting (for making Pattern)
Circular Saw (for wood) with motor of 1 H.P.	1	Dia. of Saw 380 1800 r/m	"	"
Band Saw	1	Wheel dia. 660	"	"
Fret-sawing machine	1	Stepped pulley type	"	"
"	1	Foot power	"	"
Motor (5 H.P.)	2	1200 R/M 1700 R/M	"	"

8-3

Our Company was authorized to establish the new casting equipments for the production of automatic textile machine, and its part which is very important and exports, when our Company connected with Tyoda Automatic Textile Machine Company, the other day.

And we have been cast 30 tons for a month and used to work for the procession of casting and to make a machine.

But at present we can not produce the machine sufficiently, because this Textile Machine needs so many parts. And we must be cast 100 tons for a month.

By above reason we want to have a drop-hammer which is the crushing machine for pig-iron, the raw material of casting, and an electric furnace.

Then we should like to have new establishmet of the casting equipment again.

Also we want to accommodate the lathe for the carpenter, four machinary saws, and display the faculty of our Company, as the casting factory.

Would you please inspect our circumstances as soon as you can.

The End

Cupola	1	2tons	Bought from Sugiyama Iron Works.	For facilities of casting
Cupola	1	1 ton	"	"
Tampler	5	Muximum capacity 450 tons	Our own make	"
Tampler	4	- " - 90 tons	"	"
Blower with motor of 7.5 horse power	1	Blower bulb dia. 6 inches.	Bought from Taiyo Chuki Co., Ltd.	
Winch	1	1 ton	Bought from Takai Seisakusho	"

DECLASSIFIED E.O. 12065 SECTION 3 (E), NARS NO.

Crane Tower shape)	1	1 ton	Our own make	For facilities of casting
Tool grinder	6		"	"
Motor (30 horse power for tampler operation)	1		Bought from Sakane Sangyo Kabushiki Kaisha	"
- " - 7.5 horse power			"	"
Motor (5 horse power) for operation of tool grinder	1		"	"
Thread rolling machine	1	Largest 3 m/m	Bought from Nippon Kinzoku Seiko Kabushiki Kaisha.	For cutting wood screws.
Blower with motor of 2 horse power.	1	Blower bulb dia, 3 inches	Bought from Taiyo Chuki Kabushiki Kaisha	For coloring wood screws.
Augogenous	1	Largest 6.2 m/m	Bought from Sakane Sangyo Kabushiki Kaisha	For making wire.
High speed cutting machine with motor of	1	Size of grindstone 16"ØX3/32"X1 1/4"Ø	Bought from Asahi Kinzoku Seiko Kabushiki Kaisha	For cutting materials

1. The reason to install newly.

This plant has regained to our original task, peace industry after the surrender, and we have been handling spinning machines and parts (cotton combing machines, bolsters and rings), brass rivets, and wood screws, by which we have been in devoting our all efforts to rebuild life.

But we, in concert with Toyoda automatic weaving machine works, have got permission to install newly casting facilities for the purpose to manufacture authomatic weaving machines and parts which are the most important source in export industry. And by the permission, we have afforded 30 tons every month in all the course from casting to finishing up machines. We can not manufacture parts of weaving machines for the quantity we require in the present condition, and we are require 100 tons every month, so we are planning to install aforesaid facilities of casting in carrying out our productive plan.. To the next, referring to the production of rivets and wood screws, we desire to install and realize, for the purpose to produce small wood screws, thread rolling machines, autogenours welding (for wire) for facilities to make wire and high speed cutting machine for cutting materials of weaving machine.

In these circumstances, you would'kindly give us the permission of E.X. regarding installation of facilities.

YAMASHINA SEIKO SHO. LTD.

DECLASSIFIED E.O. 12065 SECTION 3 (E), NARS DEC

KYOTO MILITARY GOVERNMENT TEAM
APO 301 (Kyoto, Honshu)

ELC/RO/us
22 July 1948

SUBJECT: Use of Reparations Machines

TO : Commanding General
I Corps
APO 301
Attn: Military Government
Economics Division

1. Enclosed petition subj: "Additional Application for U Machines", dtd 25 June 48 from Yamashina Seikosho, Higashono Kojo (code nbr 22-43) id forwarded to your office for your consideration.

2. Investigation by this office reveals that subject plant is manufacturing parts of authomatic textile machines contracted by Toyoda Automatic Textile Machines Manufacturing Works with a maximum monthly production of 3,000 pcs. Above-mentioned plant has in use at present a total of thirty-eighth (38) machines among which seven (7) are drilling machines.

3. Factory officials states that monthly orders from contracted firm has currently been changed from 3,000 to 6,000 per month, and since majority of work consistes of drilling holes, without the use of the additional four (4) drilling machines, production cannot meet requirement.

4. Due to the above-mentioned fact, this office recommends approval of subject petition.

FOR THE COMMANDING OFFICER:

THOMAS R. HARBIN
1st Lt, Inf
Adjutant

1 Incl:
1. Petition from Yamashina Seisakusho (3cc)

3

DECLASSIFIED E.O. 12065 SECTION 3 (E), NARS DATE

KYOTO PREFECTURAL OFFICE
REPARATIONS SECTION

1 July 1948

SUBJECT: Application for Permission of Additional U Machinery

THRU : Kyoto Liaison Office

TO : Major Sheffield, Commanding Officer of K.M.G.T.

KK Yamshina Seikosho has submitted to us their application for permission of additional U machinery at Higashino Plant, as annexed papers.

We consider that they need the above machinery for their production.

We will ask you your kind disposition.

FOR THE GOVERNOR:

s/t/ N. Kuroyama
Chief of Reparations Section
Kyoto Prefectural Office

DECLASSIFIED E.O. 11652 SECTION 3 (E), NARS Date

1. The Reason to bring in new facilities.

Our plant has restored peace industry since the surrender, which is our original mission and has been manufacturing spinning machines, the parts (Cotton Comb and Bolster Rings). Brass Rivets and Wood Screws, by which we have been making great effort for the rehabilitation of life. Lately, we have settled our intention to manufacture, automatic textile machines and the parts which are most important things for exporting industry. In executing our new intention, we have concerted with Toyoda Authomatic Weaving Machine Manufacturing Co., and naturally, we must bring in casting facilities to our plant. Now we are going to take all operations from casting to finishing machines. To the next, we would like to prepare Thread Roling Machines to manufacture small screws in relation to Rivets and Wood Screws.

In these circumstances, you would kindly promtly approve E.X. of our application.
