MEMORANDUM FOR: Reparations Agency, Tokyo

SUBJECT: Application for Movement and Authorized Use of Items Listed for Reparations

1. Reference is R.A.R. No. 1844(MS), 16 December 1950, subject: Application for Movement and Authorized Use of Reparations Equipment of Takarazuka Seisakusho (Code No. 13-13), Meiwa Kogyo K.K. (Former Kawanishi Kokuki K.K.) Filed by Kyoritsu Seisakusho K.K. (Non-reparations plant).

2. The application requesting permission for the transfer and authorized use of the five (5) items of reparations machinery and equipment listed in reference 1, above, is approved as indicated in inclosure 1.

3. This permit is issued subject to any and all directives affecting reparations plants which have been issued or may hereafter be issued by the Supreme Commander for the Allied Powers. Reports will be rendered as required by current directives and instructions.

DECLASSIFIED - Per NARA Memo dated 10-07-

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Movement and Authorized Use of Reparations Equipment of Takaraguka Seisakusho (Code No. 13-13), Meiwa Kogyo K.K. (Former Kawanishi Kokuki K.K.) Filed by Kyoritsu Seisakusho K.K. (Non-reparations plant).

R.A.E. No. 1244 (WS) 16 December 1950.

1. The Reparations Agency, hereby submits to your Headquarters an application for movement and authorized use of 5 items of reparations equipment now lying idle in the Takaraguka Seisakusho (Code No. 13-13), Meiwa Kogyo K.K. (Former Kawanishi Kokuki K.K.) filed by the Kyoritsu Seisakusho K.K. (Non-reparations plant), together with an application of the Ministry of International Trade and Industry, as enclosed herewith.

2. This application has been investigated and has been coordinated with other interested government agencies.

3. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsuno)
Director, Reparations Division,
Reparations Agency.

APPLICATION FOR MOVEMENT AND AUTHORIZED
USE OF DESIGNATED REPARATION MACHINERY AND EQUIPMENT

Date 28 October 1950.

TO : Ministry of International Trade and Industry.

FROM : Kyoritsu Seisaku-sho K.K.
Address: 276, 3-chome, Ikue-cho, Asahi-ku, Osaka

1). Name and Location of the plant which intends to use designated reparation machinery and equipment.

Name of Plant: Kyoritsu Seisaku-sho K.K.
(Non-reparation Plant)

Location : 276, 3-chome, Ikue-cho, Asahi-ku, Osaka.

2). Name (Code No., Category)and Location of the plant where designated reparation machinery and equipment to be used actually exist.

Name of Plant: Meiwa Kogyo K.K. (Former-name: Kawanishi Kokuki K.K.), Takarazuka Seisaku-sho.

Code No. : 13 - 13

Category : Aircraft

Location : 1000, Kurando aza Nigawa, Ryogen-mura, Muko-gun, Hyogo-ken.

3). List of designated reparation machinery and equipment to be moved and used.

We desire to move and use 5 machine tools which are at present, dead storaged in Meiwa Kogyo K.K. (Former-name: Kawanishi Kokuki K.K.), Takarazuka Seisaku-sho.

Details of items are mentioned in attached list.

4). Necessity for movement and use of machinery and equipment.

1. Historical Sketch

January 1942: Production was started as private concern by Shigeo Nishimura, mainly of cutting tools.

August 1943 : Disignated as a co-worker of Kawanishi Kokuki K.K. (the old name), our plant was specialized in the production of jig tools for aircraft.

August 1945 : The work was temporarily suspended simultaneously with the surrender.

KRLCO
: AM
: PM
Received: 11/12/50

January 1946: The work was reopened and the production of accessories of spinning machines was started.

January 1948: The production of capbars, the accessory of spinning machine, was ordered by Osaka Kiko K.K. In April that year, our plant was reorganized to be a joint-stock company. The superiority being recognized of technical skill and products, our plant has been attached importance to as the specialized plant in the production of capbars.

Further we want to add that as we have produced unimitatable jigs as the accessories of spinning machine with much experience and high technical skill acquired in the production of jigs for aircrafts for the former Kawanishi Kokuki K.K. and we have had no equal in the production of precisely gauged and superior products and in large production amount and low cost possibly owing to the adoption of mass production process, our plant has been much trusted and thought much of by every spinning machine plant. It is said our plant is the only specialized plant in capbar production in Kansai, and a sign is noticed of imitation of our way of production by other plants. Therefore we are having our jig products patented.

2. Existing Machinery Equipments and Number of Workers.

Machinery Equipments

Milling machines, Various kinds of	6
Lathes, Various kinds of	8
Drilling machines, Various kinds of	4
Grinders, Various kinds of	3
Electric motors, Various kinds of	9
Dynamo Engine, of 6 HP	1
Number of Workers	25

3. Present Products and Amount (Monthly)

Items	Orderer	Amount Ordered	Amount Produced	Amount Planned
Capbar Fingers & Nebs	Osaka Kiko K.K.	¥1,100,000.-	¥ 700,000.-	¥1,100,000.-
"	Kubota Kosakusho	¥ 200,000.-	¥ 150,000.-	¥ 200,000.-
Spinning m/c Accessories of all kinds	Osaka Kiko K.K.	¥ 150,000.-	¥ 150,000.-	¥ 150,000.-
TOTAL		¥1,450,000.-	¥1,000,000.-	¥1,450,000.-

4. Planned

Present amount of orders, including those notified beforehand, necessitates monthly production of ¥1,450,000.- at the minimum but the production with the existing equipments is limited at ¥1,000,000.- however the working staff may be increased.

Hence the pressing necessity of prompt increase of equipments. Machines driven with belt, as got at open market, however, have not satisfactory production power. As to the machines used at present in our plant, all the machines that constitute the pivot of work are of direct coupling, which are all reparation exception machines loaned by the former Kawanishi Kokuki K.K. In case we are loaned the machines of the kind, for the use of which we are applying here, we are going to contribute to the production of spinning machines for export and for domestic use, by realizing the planned production amount.

5. Object of Using the Machines, whose transfer and use we are applying for.

In order to proceed with the plan arranged in the above article 4, we have to meet such difficulty in the boring and milling process as retards our work. To make our work smooth, we apply for the use of the following machines:

DRILLING MACHINES (Hand feed, Upright): For boring of Capbar Finger and Neb.

MILLING MACHINES: For groove sutting of capbar Finger and Neb.

Signed: Shigeo Nishimura

(Shigeo Nishimura)
President,
Kyoritsu Seisaku-sho K.K.

DECLASSIFIED - E.O. 12065 - SECTION 3 (E)(1)

LETTER OF ASSENT

Date, 27, Oct. 1950

TO : Ministry of International Trade and Industry.

FROM : Chief Custodian of Takarazuka Seisaku-sho, Meiwa Kogyo K.K.
(Former-name: Kawanishi Kokuki K.K.)

I have no objection pertaining to rent of the reparation designated machinery and equipment, belonging to Takarazuka Seisaku-sho (Code No. 13 - 13), Meiwa Kogyo K.K. (Former-name: Kawanishi Kokuki K.K.) list of which is attached to the application herein and movement of the same to Kyoritsu Seisaku-sho K.K.

DECLASSIFIED E.O. 12065 SECTION 3 (b), NND 963

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Intra-Company Movement and Authorized Use of Reparations Equipment of Four (4) Plants, Filed by Shimazu Sanjo Works East Section (Non-reparations plant), Shimazu Seisakusho.

R.A.R. No. 1867 (MS) 21 December 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for intra-company movement and authorized use of 132 items of reparations equipment now lying idle in the following four (4) plants, filed by the Shimazu Sanjo Works East Section (Non-reparations plant), Shimazu Seisakusho, together with an application of the Ministry of International Trade and Industry, as enclosed herewith.

Name of Plant	Code No.	No. of Item
Shimazu Seisakusho		
a. Sanjo Works	22-18 & (Including 22-18 (a) items which had been concentrated to (22-18) from dispersed area)	101
b. Shijo Works	22-19	13
c. Takano Works	22-31 & (Including 22-31 (c) items which had been concentrated to (22-31) from dispersed area)	14
d. Terada Works	22-33	4
	Total:	132 items

Remarks:

132 items of machinery for which this application was submitted are actually concentrated in Sanjo Works West Section and Kikka Warehouse under the permission granted by the occupation authorities.

2. This application has been investigated and has been coordinated with other interested government agencies.

DECLASSIFIED E.O. 12065 SECTION 3 (b)

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Intra-Company Movement and Authorized Use of Reparations Equipment of Four (4) Plants, Filed by Shimazu Sanjo Works East Section (Non-reparations plant), Shimazu Seisakusho.

R.A.R. No. 1867 (MS) 21 December 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for intra-company movement and authorized use of 132 items of reparations equipment now lying idle in the following four (4) plants, filed by the Shimazu Sanjo Works East Section (Non-reparations plant), Shimazu Seisakusho, together with an application of the Ministry of International Trade and Industry, as enclosed herewith.

Name of Plant	Code No.	No. of Item
Shimazu Seisakusho		
a. Sanjo Works	22-18 & 22-18 (a)	101 (Including items which had been concentrated to (22-18) from dispersed area)
b. Shijo Works	22-19	13
c. Takano Works	22-31 & 22-31 (c)	14 (Including items which had been concentrated to (22-31) from dispersed area)
d. Terada Works	22-33	4
	Total:	132 items

Remarks:

132 items of machinery for which this application was submitted are actually concentrated in Sanjo Works West Section and Kikka Warehouse under the permission granted by the occupation authorities.

2. This application has been investigated and has been coordinated with other interested government agencies.

Enclosure 2

DECLASSIFIED - E.O. 12065 SECTION 3 (E)(1) NND 969078

3. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsuno)
Director, Reparations Division,
Reparations Agency.

Incls:
a. ~~Application of the Ministry of International Trade & Industry.~~
b. Application of the subject plant.

SHIMADZU SEISAKUSHO LTD.

(Established 1875)

HEAD OFFICE: KYOTO, JAPAN.

Branch Offices:
Tokyo, Osaka, Fukuoka,
Nagoya, Sapporo.

Cable Address:
"SHIMADZU KYOTO"

Codes Used:
ABC 6th Ed., Bentley's &
Western Union.

Kyoto, 17 October 1950

Application for Movement and Autherized Use of
Designated Reparation Machinery and Equipments

To : Ministry of International Trade and Industry.

From: Shimadzu Seisakusho Ltd.

Address: 18 Kuwabara-cho, Nishinokyo, Nakagyo-ku, Kyoto-shi.

1. Name, Code No. and Location of the Plant which intends to use designated Reparation Machinery and Equipments.

Shimadzu Sanjo Works East Section (Non-Reparation Plant)

18 Kuwabara-cho, Nishinokyo, Nakagyo-ku, Kyoto-shi.

2. Name Code No. Category and Location of the Plant where designated Reparation Machinery and Equipment to be used actually exist.

Name of Plant where Rep. Mach. Belong	Address	Code No.	Category	Remarks
Shimadzu Sanjo Works West Section	18 Kuwabara-cho Nishinokyo, Nakagyo-ku, Kyoto-shi.	22-18	Aircraft	Under Permission dated June 4, 1947, almost of 22-18(a) removed and now stored in Kikka Warehouse, Igui-cho, Fukakusa, Fushimi-ku, Kyoto-shi.

KMLC
Received: 9/12/50 AM PM

Name of Plant where Rep. Mach. Belong	Address	Code No.	Category	Remarks
Shimadzu Shijo Works	3 Hanai-cho, Mibu, Nakagyo-Ku, Kyoto-shi	22-19	Aircraft	Under permission dated April 3, 1948, removed and now stored in Sanjo Works West Section
Shimadzu Takano Works	12 Takano Kamihiraki-cho, Sakyo-Ku, Kyoto-shi.	22-31	Aircraft	Under permission dated April 3, 1948, removed and now stored in Kikka Warehouse. Also under permission dated Feb. 10, 1949(22-31(e)) removed and now stored in Sanjo Works West Section.
Shimadzu Terada Works	51 Terada Koaza Murano-Kuchi, Terada-mura, Kuze-gun, Kyoto-Fu.	22-53	Machine Tools	Some of them, under permission dated Feb. 14, 1947, removed and now stored in Kikka Warehouse, and others under permission dated April 24, 1947, removed and stored now in Sanjo Works West Section.

Note: The above 4 works and the petitioner works all belong to same company.

Sanjo Works, Shijo Works and Takano Works are not evaluated yet, but Terada Works was evaluated at November, 1947.

3. List of designated reparation Machinery and Equipment to be removed and used.

Plant where Machines belong	Location at present	Quantity		Remarks
Shimadzu Sanjo Works	Sanjo Works	79		
	Kikka Warehouse	22	101	
Shimadzu Shijo Works	Sanjo Works	13	13	
Shimadzu Takano Works	Sanjo Works	3		
	Kikka Warehouse	11	14	
Shimadzu Terada Works	Sanjo Works	1		
	Kikka Warehouse	3	4	
Total		132	132	

The above 132 Idle reparation machines are wished to be removed and used, and these machines are for replacement and new installations, the particulars of which are as follows.

For replacement	44
For new installation	88
Total	132

The details of these machines are to be referred to the attached papers.

4. Necessity for movement and use of machinery and equipment.

The plants wishing to use these machines are making various kinds of products, and the reason why each workshop of these plants wants the machine is explained respectively as follows:

(A) Workshop of X'ray apparatus.

Machine tools here have been used for some many years, and they are mostly too much worn to meet the required production which is much increasing after the war, and they should be replaced and or newly installed.

(1) 6 lathes in present operation should be replaced urgently because they are too old with very low efficiency, and the production cost is getting higher.

(2) There are comparatively small number of drilling machines, shapers and electric furnaces in operations. All of them are too old and too small capacity to meet the requirement, and through the whole course of production, we are having much trouble, and all of them should be replaced.

(3) Present capacity can not meet the increased demand for the generators and controllers of X-ray apparatus, and turret machines are urgently wanted. and drilling

(4) For grinding the targets of anode for X-ray tubes, a bench grinding machine is now being used, but it gives bad finish, and new installation of a surface grinding machine is wanted.

(5) The lack of air compresser here is giving us much bad effect to the glass work for X-ray tubes, and for the increase of the tube production to meet the demand, the air compresser is required.

(B) Workshop of fluorescent and intensifying screens.

Here we are now going to make in large quantity the fluorescent and intensifying screens for X-ray, and besides the screens, we have started to make synthetic resins (Silicones).

(1) For synthetic resins plant, gas and electric furnaces, motors, drilling machines, press, sawing machine, motor-generators, air-compressor, grinding machines and hardness testing machine are wanted.

(2) Here practically no machine operable as the only machines installed here are drilling and grinding which are too old and no more can operate without much trouble, and they should be replaced as soon as possible.

(C) Workshop of precision optical instruments & Electonic Microscopes.

Here we are producing our most precision instruments which require most accurate machine tools, and we are now compelled to take up suitable steps to meet the condition.

(1) For production of the parts for comparators, reading microscopes, spectra analizing apparatus and reflecting telescopes, lathes, milling machines, shapers, drilling machines and gear cutting machines should be replaced to keep up or to improve the accuracy of the parts.

(2) To meet the demands on the new models of amalitical X-ray apparatus and super-sonic wave generators, more lathes, milling machines planer, and drilling machines are wanted in addition.

(3) For increasing the production of electronic-microscopes to meet the demand, lathes, milling machines, drilling machines, motor, and gear cutting machines are wanted.

(D) Workshop of Gear Operating Machines.

After the war, under the fact that much more gear operating machines have been adopted for mining and other industries, the demand for gear couplings, geared motors and winches, etc. is greatly increasing, and we should be ready to meet this ever increasing demand.

(1) The most lathes in operation here having been used for overwork for so many years since the workshop was opened have lost their accuracy so much that the required accuracy of the shafts and bearings which are the hearts of the products can be hardly secured with those old machines and a considerable number of their middle and large types should be replaced urgently.

(2) To meet the increasing demand for small geared apparatus, small gear cutting machines, gear lapping machines, milling machines and electric furnace are wanted.

(E) Workshop of spinnerets.

After the war, the fibre industry is recovering very quickly, and the demand for the spinnerets has suddenly increased.

and the scale of our present production being unable to meet this increasing demand, several lathes, presses, forging-roll and air-compressor are wanted.

(F) Workshop of metal casting, moulding and welding.

The equipments of machines for this workshop has not been considered much as secondary importance, but under the consideration of the great effects of the works here on the complete products, the betterment of the equipment is urgently required.

(1) Here, while only a few machines are now being used, all of them are too old and no more suitable for operation, and therefore, lathe, milling machine, boring machine, shaper, sawing machine and motor, etc. are required.

(2) The material testing machines in operation at present are not sufficient to meet the increasing work, hardness tester and impact tester are wanted.

(3) For die-casting and metal forming, high pressure pump is wanted.

(4) To meet the increasing iron-sheet work at welding workshop, more hand press is wanted.

(5) Due to the present un-sufficent carrying equipment for foundry, the casting work can not be carried on smoothly and hoist is wanted.

Under the present conditions of our company, it is very difficult to buy those machines from the market, and we wish to remove and use these idle reparation machines, and your kind and prompt approval shall be much appreciated.

When we can use these idle reparation machines, our productions will be improved as follows:

Production Items	Present Monthly Production	Future Monthly Production	Remarks
X-ray apparatus	50	100	
Precision Optical Instruments	100	120	
Electronic Microscopes	2	6	
Gear Operating Machines	30	75	
Spinnerets	10,000	20,000	

SHIMADZU SEISAKUSHO LTD.

for Yosuke Suzuki, President.

List of the Desired Reparation Designated Machinery and Equipment

Applicant Shimadzu Seisakusho Co., Ltd. Sanjo Works (East Section)

MEMORANDUM FOR: Reparations Agency, Tokyo

SUBJECT: Application for Movement and Authorized Use of Items Listed for Reparations

1. Reference is R.A.R. No.1729 (MS), 6 December 1950, subject: Application for Movement and Authorized Use of Reparations Equipment of 6 Plants Filed by Akashi Plant (Non-reparetions plant), Kawasaki Kikai Kogyo K.K.

2. The application requesting permission for the transfer and authorized use of the (48) items of reparations machinery and equipment listed in reference 1, above, is approved as indicated in inclosure 1.

3. This permit is issued subject to any and all directives affecting reparations plants which have been issued or may hereafter be issued by the Supreme Commander for the Allied Powers. Reports will be rendered as required by current directives and instructions.

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Movement and Authorized Use of Reparations Equipment of 6 Plants Filed by Akashi Plant (Non-reparations plant), Kawasaki Kikai Kogyo K.K.

R.A.R. No. 1729 (MS) 6 December 1950.

1. Reference:

a. ESS Memorandum dated 8 February 1950 subject: "Application for Movement and Authorized Use of Equipment Listed for Reparations."
b. R.A.R. Letter No. 120 (MS), dated 17 December 1949, subject: "Application for Transference and Additional Authorized Use of Reparations Equipment of the Kawasaki Sangyo K.K."

2. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of 48 items of reparations equipment now located in the following 6 Plants filed by the Akashi Plant (Non-reparations plant) of the Kawasaki Kikai Kogyo K.K., together with an application of the Ministry of International Trade and Industry, as enclosed herewith:

Name of Plant	Code No.	No. of Item		
		Idle	AU	Total
a. Kawasaki Sangyo K.K. Akashi Kitai Plant	13-16	14	1	15
b. " , Akashi Natsuioki Plant	13-17	3	0	3
c. " , Futami Plant	13-18	0	9	9
d. " , Nishinomiya Plant	13-24	1	2	3
e. " , Suma Plant	13-25	0	14	14
f. Kawasaki Zoki K.K. Yao Plant	32-52	4	0	4
Total:		22	26	48

Incl 2

Note: It is desired that the above 26 items of AU machine, authorized by the reference memorandum to the Kawasaki Sangyo K.K. Kobe Plant, be transferred to the applicant plant, as they are no longer necessary for the operation of the Kobe plant.

3. This application has been investigated and has coordinated with other interested government agencies.

4. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsumo)
Director, Reparations Division,
Reparations Agency.

MEMORANDUM FOR: Reparations Agency, Tokyo

SUBJECT: Application for Movement and Authorized Use of Items Listed for Reparations

1. Reference is R.A.R. No.1789 (MS), 6 December 1950, subject: Application for Movement and Authorized Use of Reparations Equipment of 6 Plants Filed by Akashi Plant (Non-reparations plant), Kawasaki Kikai Kogyo K.K.

2. The application requesting permission for the transfer and authorized use of the (48) items of reparations machinery and equipment listed in reference 1, above, is approved as indicated in inclosure 1.

3. This permit is issued subject to any and all directives affecting reparations plants which have been issued or may hereafter be issued by the Supreme Commander for the Allied Powers. Reports will be rendered as required by current directives and instructions.

DECLASSIFIED E.O. 11652 SECTION 3 (E), NARS

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Movement and Authorized Use of Reparations Equipment of 6 Plants Filed by Akashi Plant (Non-reparations plant), Kawasaki Kikai Kogyo K.K.

R.A.R. No. 1729 (NS) 6 December 1950.

1. Reference:

a. ESS Memorandum dated 8 February 1950 subject: "Application for Movement and Authorized Use of Equipment Listed for Reparations."
b. R.A.R. Letter No. 120 (NS), dated 17 December 1949, subject: "Application for Transference and Additional Authorized Use of Reparations Equipment of the Kawasaki Sangyo K.K."

2. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of 48 items of reparations equipment now located in the following 6 Plants filed by the Akashi Plant (Non-reparations plant) of the Kawasaki Kikai Kogyo K.K., together with an application of the Ministry of International Trade and Industry, as enclosed herewith:

Name of Plant	Code No.	No. of Item		
		Idle	All	Total
a. Kawasaki Sangyo K.K. Akashi Kitai Plant	13-16	14	1	15
b. " , Akashi Natsudoki Plant	13-17	3	0	3
c. " , Futami Plant	13-18	0	9	9
d. " , Nishinomiya Plant	13-24	1	2	3
e. " , Suma Plant	13-25	0	14	14
f. Kawasaki Zoki K.K. Yao Plant	32-52	4	0	4
Total:		22	26	48

Incl 2

DECLASSIFIED - E.O. 12065 SECTION 3 (b)

Note: It is desired that the above 26 items of AV machine, authorized by the reference memorandum to the Kawasaki Sangyo K.K. Kobe Plant, be transferred to the applicant plant, as they are no longer necessary for the operation of the Kobe plant.

3. This application has been investigated and has coordinated with other interested government agencies.

4. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsumo)
Director, Reparations Division,
Reparations Agency.

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF DESIGNATED REPARATION MACHINERY AND EQUIPMENT

Date: 10 Oct. 1950

TO : Ministry of International Trade and Industry.

FROM : Kawasaki Kikai Kogyo K.K.
(The Second Company of Kawasaki Sangyo K.K.)
Address: 1, 2-chome, Wadayama-dori, Hyogo-ku, Kobe City.

1) Name and Location of the plant which intends to use designated reparation machinery and equipment.

Name : Akashi Plant, Kawasaki Kikai Kogyo K.K.
(Formerly: Akashi Sanki Plant, Kawasaki Sangyo K.K.)
(Non-designated plant)

Location: 1-1609, Chaenba-cho, Akashi City, Hyogo Pref.

2) Name and Location of the plant where designated reparation machinery and equipment to be used actually exist.

Name of Plant	Location	Code No	Category	Remarks
Kawasaki Sangyo K.K. (Formerly: Kawasaki Kokuki Kogyo K.K.) Akashi Kitai Plant	Hyogo Pref.	13-16	Aircraft	
Akashi Hatsudoki Plant	Hyogo Pref.	13-17	ditto	
Futami Plant	ditto	13-18	ditto	
Nishinomiya Plant	ditto	13-24	ditto	
Suma Plant	ditto	13-25	ditto	
Kawasaki Zoki K.K. Yao Plant	Osaka Pref.	32-52	Private Munition	

3) List of designated reparation machinery and equipment to be moved and used.

Name of Plant where Items now exist	Classification of Items	No. of Items	Remarks
Kawasaki Sangyo K.K. Akashi Kitai Plant (13-16)	Machine tools	1	Idle M/C
	Second Metal working M/C	14 Total 15	
	Transportation equipment	0	
Akashi Hatsudoki Plant (13-17)	Machine tools	0

GRAND TOTAL		Machine tools	25		
		Second Metal working M/C	21	Total 48	
		Transportation equipment	2		

Details of Items given in attached list of machinery and equipment.

4) Necessity for movement and use of machinery and equipment.

1. Outline of the plant

a. Kawasaki Kikai Kogyo K.K. is the secondary company of Kawasaki Sangyo K.K. (Former Name, Kawasaki Kokuki Kogyo K.K.) established in May 1950.
Akashi Kojo had been called as Akashi Sanki Kojo Kawasaki Sangyo K.K.

b. Main products of the plant are preservative machine and equipment or apparatus for coal mines and other mines. Fire extinguishers, fire fighting equipment and sheet metal works are present products. Present production status and future production plan are given on the annexed list No. 1

c. Present existing machinery and equipment, 277.
Number of employees at present, 400.

d. On intention of better quality and efficient production for lowering cost, we applied for an authorized use of 35 reparation machines to replace old or worn machines in our plant, before, and the permission was granted by SCAP GHQ on 26 August 1950.

2. Secondary Project.

a. Special demand of fire-extinguishers contained Co_2 and CTC increased in number 1,000 sets monthly. Also, a large quantity order of an auxiliary gasoline tank (Napalm) have been given to the company for the first order, 8,100 sets. For those reasons, a quantity production has been required on fire-extinguishers and sheet metal works as annexed list No. 1 shows.

b. In order to realise above plan, the following machinery are necessary.

1. Machine tools:

Required number	41
Existing number	16
Balance required	25

Remarks:
Lathe, milling machine, drilling machine, slotter, facing lathe and grinder are necessary to make fire-extinguisher parts and moulds and gauges for "Napalm" manufacturing.

2. Sheet metal working machine:

Required number	24
Existing number	3
Balance required	21

Remarks:
The number of sheet metal working machines are very small in our plant at present, we therefore, intend to install more welding machines, shearing machines, and at the same time, we should newly equip vasious kinds of bending machines, miscellaneous shrinking.

3. Hauling equipment
In order to save time and labor, simultaneously with that, to expect efficiency work, two hauling cars are necessary at our plant.

c. With this new plan being practised, we will increase 70 more workers.

3. Those fourty eight machines of which to be used for increased production to supply for special demand, will be very difficult for us to buy them at the market, because of short funds and no time. We therefore, wish to use reparation designated machinery and equipment by kind permission be grated.

Masashi Isano

Masashi Isano
President,
Kawasaki Kikai Kogyo K.K.

DECLASSIFIED E.O. 12065 Section 3.3(b)(1)

LETTER OF ASSENT

Date: 3 October 1950.

TO : Ministry of International Trade and Industry.

Application for Movement and Authorized Use of
Designated Reparation Machinery and Equipment.

Date: 26 Sept 1950

TO : Ministry of International Trade and Industry.

FROM : Osaka Kiko K.K. Yoshimi Boshoku Plant.
Address: No. 4 Toyosaki Nishidori Itchome, Oyodoku, Osaka.

1. Name (Code No.) and Location of the plant which intends to use designated reparation machinery and equipment.

Name: Osaka Kiko K.K. Yoshimi Boshoku (spinning) Plant.
(Non-designated reparation plant)
Location: 883-1 Oaza Kashoji Tajirimura, Sennangun, Osaka Pref.

2. Name (Code No. Category) and Location of the plant where designated reparation machinery and equipment to be used actually exist.

Name: Osaka Kiko K.K. Yoshimi Plant.
Code No.: 32 - 65
Category: Munition
Location: No.1131 Oaza Yoshimi Tajirimura, Sennangun, Osaka Pref.

3. List of designated reparation machinery and equipment to be moved and used.

Electric Machinery 9 sets (refer to attached list)

4. Necessity for movement and use of machinery and equipment.

a. A breif history of Yoshimi Boshoku Plant:

This plant was established in July, 1949, with the equipment of 5000 spindles, after shutting down our Yoshimi Plant, as an experimental plant for the spinning machinery manufactured by our company for its technical improvement, the production of the said machinery being rapidly grown up along with the activity of the spinning circle after the war.

b. Status of present production at Yoshimi Boshoku Plant:

The plant is engaging in production of pure cotton yarn and thread with the equipment of 5,000 spindles and is keeping busy day and night to meet the demand both for home and export trades.

Received: 4/12/50 AM PM

c. Monthly productive capacity:

Pure Cotton yarn 250 packages per month

d. Total number of employees:

200 persons.

e. To fulfill the execution of rapidly increasing orders for export and domestic trade, as above explained, the plant has been setting up further 15,000 spindles which installation is now getting near to the completion and hereby applies to utilize the electric machines idly located at Yoshimi Plant of the same company for operating purpose of the said increased spindles.
Your kind and favorable approval is earnestly requested.

Shikajiro Hoshizumi
President, Canba Kiko K.K.

MEMORANDUM FOR: Reparations Agency, Tokyo

SUBJECT: Application for Movement and Authorized Use of Items Listed for Reparations

1. Reference is R.A.R. No 1937 (MS), 28 December 1950, subject: Application for Movement and Authorized Use of Reparations Equipment of Hirakata Factory, Osaka Military Arsenal (Code No. 32-31) Filed by Mukogawa Plant, Sakae Kogyo K.K. (Non-Reparations plant).

2. The application requesting permission for the transfer and authorized use of the (31) items of reparations machinery and equipment listed in reference 1, above, is approved as indicated in inclosure 1.

3. A rental fee shall be established for the authorized use of the equipment listed in reference 1, above, based upon current valuation and comparable to rental charges assessed by private interests for the use of similar equipment.

4. This permit is issued subject to any and all directives affecting reparations plants which have been issued or may hereafter be issued by the Supreme Commander for the Allied Powers. Reports will be rendered as required by current directives and instructions.

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Movement and Authorized Use of Reparations Equipment of Hirakata Factory, Osaka Military Arsenal (Code No. 32-31) Filed by Nakagawa Plant, Sakae Kogyo K.K. (Non-Reparations plant).

R.A.R. No. 1937 (NS) 28 December 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of 3½ items of reparations equipment now lying idle in the Hirakata Factory, Osaka Military Arsenal (Code No. 32-31) filed by the Nakagawa Plant, Sakae Kogyo K.K. (non-reparations plant), together with an application of the Ministry of Finance and a recommendation of the Ministry of International Trade and Industry as enclosed herewith.

2. Such type of equipment as applied for herein have been proved to be hardly available in the privately-owned sources in Japan.

3. This application has been investigated and has been coordinated with other interested government agencies.

4. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(T. Enterno)
Director, Reparations Division,
Reparations Agency.

Encls:

1. Application of the Ministry of Finance.
2. Recommendation of the Ministry of International Trade and Industry.
3. Application of the subject plant.
