Mr William De Kraft, of Merion, who was active in organizing the unit in our neighboring town, stated that the purpose of the Reserve was nonmilitary in character and was primarily intended to affect only those whom for various reasons, such as BRYN MAWR HOSPITAL age limit, dependents, etc., were ineligible to join the active military forces. The following lines, so effectively quoted by Hon. Fletcher W. Stites, in his ringing speech, accepting the office of director of the Narberth Unit of the Home Defense Reserve, fittingly express the sentiments of the great majority of our people:

The question has been asked in connection with the formation of a Narberth Unit of the Home Defense What trouble or disturbance is anticipated that would necessitate the formation of such a

There is no specific disturbance expected, but the underlying thought is to be prepared for any contingency that might arise. These units also give our citizens an opportunity to show loyalty to our government. Those of us who are born American citizens, have never had any occasion to affirm their allegiance, unless they have been enrolled in military service, or held public office. One clause in the anplication to become a member of the Home Reserve Unit reads as follows:

"The undersigned swears to support and defend the Constitution of the United States against all enemies. foreign and domestic, and bear true allegience to all those in authority."

This opportunity to declare allegiance should not be neglected at this time, when our beloved country looks to each individual to show loyalty by word, thought and deed.

The following article regarding our own Fletcher Stites, is taken from "The Scranton Times" of April 21:

Harrisburg, Pa., April 21.—With the hase ball season in full swing, it occurs to one that there is a gentleman in the house, Hon. Fletcher W. The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsman, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
