OPTIMISM AIDS THE CONFERENCE

Harding Gives Constant and Valuable Support

Desire of United States is World Peace

President Still Urges Yearly Discussion

Washington, Jan. 4.—(Canadian Press)—President Harding is still the buoyant optimist of the International Conference. Those near him say his principal regret is that the delegates to the conference are too much inclined to view the future from the possibility of war instead of assuming that peace is hereafter to be the order of the world. He is reported as saying the United States views the future through glasses of prospective peace, and would like to have all other nations use the same spectacles. He adheres to the belief that nearly all the disputes between nations can be settled by their leading men face to face and talking frankly together around a conference table. He still believes that something like normal international conferences should be inaugurated annually which would bring together the active men of the leading countries into close personal contact. Nearly every war, he says, could be prevented if the nations really understood the standpoint of each other.

SHOOTING IN BELFAST CAUSE OF SIX DEATHS

Belfast, Jan. 4.—Six deaths have resulted from the present series of disorders in Belfast, one of those killed being a child who was shot while in its mother's arms. Firing continued last night, the fiercest being in the York Street area, which comes under the 8 o'clock curfew law. A heavy snow and frost did not deter the rioters. In the Sinn Féin Garrison Hill district late yesterday the police arrested two men who fired on them. One had a rifle and the other a number of bombs.

BUSINESS FAILURES IN GREAT BRITAIN

London, Jan. 4.—(Canadian Press Cable)—How the trade slump hit the manufacturing centres in the north of England is shown in a report just made of the bankruptcies in that part of the country. In the Manchester district there were 343 failures last year, compared with 95 in 1920. The proportion of large failures was exceptionally high in 1922 in the textile industries.

BANKS AS PART OF RESTORATION PLAN

Economic Scheme Urged by U.S. Senator

U. S. Federal Reserve System Would Own Bank

Washington, Jan. 4.—The establishment of a European federal reserve bank, providing a gold secured currency and working inseparably with the American reserve system, from which it would draw its resources and reserves, was advocated to-day by Senator Owen Democrat, Oklahoma, as a basic move towards restoration of stable economic conditions throughout the world.

J. DIXON DIED IN SASKATCHEWAN; WAS PROMINENT

Lethbridge, Jan. 4.—John Dixon, formerly Mayor of Maple Creek, Lib. member of the Saskatchewan Legislature, a member of the Board of Economics of Saskatchewan University; president of the Alberta Clay Products, Medicine Hat, an extensive rancher and a leading merchant of Maple Creek, died suddenly yesterday at Maple Creek, where he had resided since 1883. He was a native of Peterboro, Ont. He was one of the most prominent men in Saskatchewan.

CANADIAN JOINS PARTY TO CLIMB MOUNT EVEREST

Sherbrooke, Que., Jan. 4.—Dr. A. W. Wakefield, of Lake Megantic, Que., will be a member of the British Mount Everest expedition. He received a request by cable to join the expedition and has accepted the invitation.

VILLAGES IN PANAMA ARE VISITED BY FLOODS

Panama, Jan. 4.—Torrential rains have flooded the River Tuira, in the province of Darien, and the villages of Pinogana and Yavisa are inundated. The authorities of Real de Santa Maria report that two lives have been lost and there is heavy property damage. They have asked for assistance.

PEOPLE DRIVEN INTO STREET BY FLAMES

Montreal, Jan. 4.—Two hundred people, mostly lightly clad for dancing, were forced to run into the street in below-zero weather when fire broke out on the second floor of a building in the West End of the city at an early hour this morning. The fire started in the premises occupied by the Villeneuve Dress Company and spread to those adjoining by the Empire Dress Company. The damage is estimated at \$75,000.

FEWER DEATHS WERE REPORTED

Canada's Vital Statistics For February, 1921

Ottawa, Jan. 4.—(Canadian Press)—The stress of modern life is reflected in vital statistics compiled by the Bureau of Statistics. The figures cover Canada with the exception of Quebec and were compiled as the result of conferences held during 1919 between the Federal Bureau of Statistics and the Registrar-Generals of the eight provinces. Owing to difficulties in the collection of such figures the present compilation applies only to last February. However, it has an interesting story to tell. It shows that deaths for Canada, aside from Quebec, totalled 5,895 in February, 1921, or a monthly rate of 3 per one thousand estimated population.

Prince Edward Island with 1.3 had the highest provincial rate for the month, while British Columbia, Saskatchewan and Alberta, tied with .6 per 1,000 for the low level rate. In comparing the Western and Eastern provinces, attention is drawn to the younger population of the prairie provinces. In the East, the death rate is naturally higher where "old age" figures highly in the record of causes of death.

Heart Organic diseases of the heart led in February last among the six diseases ranking highest in cause of death. As compared with February of the previous year, the figures for the six diseases were:

Organic diseases of the heart.....	475	418
Pneumonia.....	1,142	337
Senility.....	417	295
Tuberculosis of Lungs.....	442	339
Arterio Sclerosis.....	257	230
Bronchial Pneumonia.....	445	274
Totals.....	3,178	1,943

Deaths as compared with February of the previous year showed a heavy decrease, although there were then 10,238 deaths in Canada, or a rate of 2.2 per 1,000 population. Excluding 608 deaths in early infancy, there were 9,670 deaths in eight provinces, and of these 4,770 or almost half were due to influenza, pneumonia and tuberculosis of the lungs. Influenza alone was responsible for 2,741 deaths. Birth rates were higher in the cities and towns than in the rural districts with the exception of New Brunswick and Saskatchewan, where the rural communities gave the largest birth returns for the month.

TWO AVIATORS KILLED IN CRASH

Pensacola, Fla., Jan. 4.—Lieut. F. Sioman, of Oakland, Cal., and Lieut. E. C. Hersman, Weston, W. Va., aviators from the naval air station here, were killed late yesterday when their aeroplane went into a nose dive at an altitude of 1,000 feet and crashed off Fort Barrancas wharf. Lieut. Sioman was acting as instructor and Lieut. Hersman was making his first flight at the station, having arrived here during the day.

FIST FIGHT IN COUNCIL CHAMBER

Chicago, Jan. 4.—Argument on a motion dealing with the resolution passed by the City Council last week calling for an amendment to the prohibition laws to allow sale of beer and wine, resulted in a fist fight in the Council Chamber between two aldermen yesterday. The motion provided for the sending of copies of the resolution to every city of 25,000 or over, and was finally passed by 50 to 40. Alderman John H. Lyle, who had discussed the merits of prohibition, attempted repeatedly to strike Alderman John Tomasi who followed him to the floor and criticized the prohibition movement. Friends separated them.

POWERS OF CHEKA TO BE LIMITED

Moscow, Jan. 3.—The change designed to limit the powers of the Cheka, or Soviet secret service, which is regarded as the most complex achievement of the ninth All-Russian Soviet Congress, will be eagerly watched by Russians, who regard the change of policy as an effort to make the Soviet court system win approval and ultimate recognition by foreign powers. The Cheka has occupied 170 buildings in Moscow. Its ramifications have been great, and throughout Russia it has generally been feared. The resolution of the Congress adopting Premier Lenin's plan provides that the courts shall speedily assume the task of combating violations of the Soviet Republic's laws.

JOINS BROKERS.

Montreal, Jan. 4.—It was announced here yesterday that D. C. Macarow, formerly general manager of the Merchants' Bank, had associated himself with the firm of E. & C. Randolph, of New York, well-known brokers, and would for the present take up duties with that firm's Montreal office.

TIRPITZ DESCRIBES HIS DOWNFALL

Was Slighted So He Quit German Navy

Berlin, Jan. 4.—Admiral von Tirpitz Minister of the Navy during the world war, in an article in the periodical Die Grenzboten characterizes the reasons for his resignation as announced in the late Dr. Bethmann-Holweg's book as "fairly story." Von Tirpitz declares the real explanation lay in the intrigue which shut him out of the Kaiser's councils and caused the monarch to slight him. While von Tirpitz was urging continuance of the submarine warfare, the decision was reached to abandon it without consulting him. Embarrassed by the action, which he considered presaged disaster, he says he decided to resign.

ONTARIO WHISKY WILL COST MORE

Toronto, Jan. 4.—An increase in the prices of Scotch and Irish whiskeys at the Ontario Government dispensaries is announced effective January 9. Yesterday the prices of Canadian ales and porters were reduced. It is also probable that the prices of Canadian whiskeys will be increased, as the distillers have advised that they will charge more to the dispensaries.

BODIES RECOVERED.

Campbell River, B.C., Jan. 3.—The bodies of George and Fred Yeatman, brothers, were recovered at Heriot Bay to-day. They were drowned apparently when their boat capsized.

KILLED HIMSELF.

Calgary, Jan. 4.—Constable Hugh McKellar, of the Regina detachment of the Royal Canadian Mounted Police, committed suicide by shooting himself through the head at the home of his father, Rev. Hugh McKellar, here yesterday. He had been ill for months.

HORSE RACING BARRED.

Lansing, Mich., Jan. 4.—Horse racing is to be barred from the programmes of the Michigan State Fair and other fair associations "unless just suspicion of the sport" is removed, according to H. H. Halladay, head of the State Department of Agriculture.

RUSSIANS IN GERMANY.

Berlin, Jan. 3.—A semi-official statement issued to-day said 200,000 Russians had crossed the German border since the war, making five "vacances" the most stringent passport regulations.

SCHOOL ELECTION.

New Westminster, Jan. 4.—Dr. G. T. Wilson has resigned from the School Board, making five "vacances" to be filled at the impending election.

VANCOUVER ISLAND NEWS

DUNCAN DANCE WAS A SUCCESS

Firemen Were Hosts at Pleasant Event

Duncan, Jan. 3.—The Agricultural Hall presented a very gay appearance last evening on the occasion of the annual ball given by the Duncan Firemen. They had spared no effort or expense, and the result was a great success, nearly 400 people being present at this first festivity of the New Year. The hall was well decorated with red and white streamers, with ladder, hose and hatchets, to give the right touch. Heaton's seven-piece orchestra played for the dancing, the music leaving nothing to be desired. The floor was perfect, and the supper, under Leyland's capable management, was extremely good, so that the Firemen's advertisement of "Good Music, Good Floor, Good Eats" was certainly carried out.

Women's Institute. The annual general meeting of the Cowichan Women's Institute will take place on Tuesday, January 10, the principal business being the election of directors for the year 1922. Mrs. Fitzgerald, who has been visiting her daughter, Mrs. R. G. Macbean, for the last few months, will leave for her home in England on Saturday next. Miss Fitzgerald intends to remain here until about May.

Charles Pannell, who lived for 27 years in Cowichan, died at the King's Daughters' Hospital on Monday, December 26. He leaves three sons, one in the upper country and two in Cowichan. He was buried on Thursday, December 29, in the Cobble Hill cemetery where his wife and sister were buried.

Injured. C. Thornton, whose flat over the Cowichan Garage was gutted by fire Monday, was badly burned about the arms and legs and was taken to the King's Daughters' Hospital. The only way out of the flat is through the kitchen and two children, Pamela Thornton and Gwen Owen, who were in another room, were cut off from the stairs, and Mr. Pourier, one of the firemen, had great difficulty in rescuing them.

Mr. Thornton is reported as progressing favorably, though besides the burns the shock was very great.

METCHOSIN FARMERS PLANNING EVENTS

Metchosin, Jan. 4.—The Metchosin Farmers' Institute is commencing its activities for 1922 with a series of meetings and socials. On Tuesday, January 10, at 8 p. m., a meeting will be held at Luxton Hall in the form of a campaign meeting to outline the work and objects of the Farmers' Institute for 1922, and to discuss taxation and other questions. The meeting will be followed by a concert given by the Metchosin concert party and an informal dance. There will be no charge for admission. The same programme will be repeated at Langford, January 12, at 8 p. m.

January 13 at Metchosin Hall, the Cowichan with a concert party from Victoria will give an entertainment under the auspices of the Metchosin Farmers' Institute. In this case there will be a small charge for admission.

January 17 at Metchosin Hall there will be a special meeting of outstanding importance held to appoint delegates to the annual conference of Vancouver Island Farmers' Institutes to be held January 20 and to receive reports of the special committee appointed at the Metchosin Farmers' annual meeting in connection with the adoption of new by-laws. Advisory Board suggestions for farm taxation and other matters will be discussed. A short concert by the local concert party will be given to conclude with the laughable fifteen-minute farce, "Packing Up," by Ned and Vera Ashe. The evening will close with a dance and there will be no charge for admission, but it is hoped that the ladies of the district will donate cakes for refreshments.

The annual meeting of the Hall Committee will be held Monday, January 9, at 8 p. m. It is the intention of the Committee to make the evening sociable and pleasant and a dance will follow the meeting.

DIED IN VANCOUVER.

Vancouver, Jan. 4.—Henri Larose died here yesterday, aged 85. He was a conductor for the Canadian Pacific Railway for forty years, and was superannuated five years ago. Born in Quebec city, he spent a great part of his life on the run from Winnipeg west. He was formerly a member of the council of the Knights of Columbus in Winnipeg.

The Dawn of 1922

"All before us lies the way;
Give the past unto the wind.
All before us is the day,
Night and Darkness are behind."

THE dawn of 1922 opens for Canada and for the world a new era of peace, progress and prosperity. Who can doubt it?

The dark years of war, of pestilence and famine have been passed and left behind. Who, in Canada lacks faith?

To the great principle of Mutualism—Mutual understanding—Mutual co-operation—Mutual protection—Mutual trust—humanity owes its real progress and truest happiness.

What to her own sorrow Imperial Germany refused, the Great Allied Powers have joined to consider. National armament for war has become a subject for mutual understanding in friendly counsel.

That the Mutual principle in the dealings of nations will demonstrate its beneficence even as it has done amidst the ever-widening field of life insurance, is the settled conviction of all Mutualists.

To Canada and to all the world comes, with the dawn of 1922, a new meaning to the old New Year's wish—peace, happiness and prosperity.

MAKES INAUGURAL COUNCIL ADDRESS

Mayor Marchant Explains Reason for Fewer Committees

Work Consolidated Into Three Branches

Definite Reverted Lands Policy Urged

Mayor Marchant's inaugural address to the new City Council last evening, explanatory of the functions of the three consolidated committees which he desires to see carry on the municipal business in place of the numerous committees of the past, was of a comprehensive character. It dealt not only with fulfillment of his pre-election promises, as for instance an inquiry into the sinking fund shortage, the Rock Bay Bridge project, and a revision of assessments, and also with the methods in which the new committees could expedite public business, and carry out important projects at little additional cost.

His Worship favored the appointment of an independent auditor by the Executive Council. He recommended a conference with the School Board, looking to economy in the estimates. The Mayor laid particular emphasis on the necessity for a definite policy with regard to the reverted lands, and the setting aside of suitable lots for public and industrial purposes before sales are proceeded with.

In addition to the three standing committees, the Council appointed Alderman Gillespie as its representative on the Library Board, and James H. Hill and Mrs. Graves as public representatives to that Board.

The Court of Revision this year will be composed of the Mayor, Aldermen Gillespie, Leeming, Todd, and Woodward.

The committees will be composed as follows:

Finance Committee—Legislative committee (including by-laws), unemployment committee; Aldermen Gillespie, Leeming, Woodward.

Public Works Committee—To include streets, roads, bridges, sewers, waterworks construction. The same committee to act as reverted lands committee, soldiers' housing committee, inter-municipal committee; Aldermen Dewar, Hayward, Todd.

Public Utilities and Civic Institutions Committee—This committee is hereby declared to be the fire wardens, and shall also be the committee on parks, beaches and boulevards, industries, market and pound, cemetery, home for aged and infirm, and representatives of the City Council for all institutions or societies receiving grants of aid from the Council, unless otherwise provided for; Aldermen Harvey, Lineham, Patrick, Perry.

Three Standing Committees.

Dealing with the composition of the committees His Worship said in part: "I propose to appoint three standing committees—finance committee, a public works committee, to consist of three members; a public utilities and civic institutions committee, to consist of four members—the Mayor to be ex officio member of all committees, and to be summoned to all meetings of the committee. I shall convene the first meeting of each committee for organization at a time convenient to the members. Each committee is requested to keep records of its proceedings, and each member to sign all reports made to the Council.

The names given to the committees do not fully indicate all the duties and work assigned to them, which I desire to state more in detail.

Finance Committee
"In addition to the charge of the City's finances, I desire that this committee shall be constituted as the Inter-Municipal Committee, Victoria-Saanich Beaches and Parks Committee, and as the Unemployment Committee. I suggest also (to be confirmed by resolution of the Council) that the members of this committee, together with Alderman Hayward, shall be constituted as the Court of Revision for assessment purposes.

"At the earliest possible opportunity, I would request that this same committee, if approved by the Council, shall investigate, under Sections 47 and 48 of the 'Municipal Act,' into the admitted diversion of the Sinking Funds, which were collected in the years 1920 and 1921 (or earlier, if any) and which were used for current expenditure in express contravention of the Statutes passed in 1917 and 1918 to Amend the 'Municipal Act,' Sections 4, 5 and 6," such investigation to be minute and thorough, and a report to be made to the Council as promptly as possible.

"I commend for consideration and report by the Finance Committee, the appointment of an independent Auditor by the Lieutenant-Governor-in-Council, under Sections 383 and 384 of the 'Municipal Act.'

New Assessment

"Under Sections 17, 18, 19 and 20 of the 'Victoria City Relief Act, 1915' (No. 2), authority was given to the assessors for the years 1918 and 1919 to assess the land values of the City of Victoria, and it was provided that the aggregate assessed values should not be less than \$45,000,000. It is quite obvious that this amount exceeds the true value of the lands, and I would, therefore, request that the Finance Committee report upon the best means to secure a just and equitable revaluation of the real estate of the City."

"The minimum charge of \$1.50 for water service for small cottages and lots appears to be excessive, and I would request the Finance Committee to report on this matter also."

"As the Finance Committee will have special duties in regard to revenue as well as expenditure, I shall ask the members to carefully examine into the incidence of taxation, especially in regard to the water frontage, sewer, sewer frontage and boulevard taxes, and report whether the abolition of these taxes and the collection of the amount required upon land values would work any injustice to the tax-payers. It is obvious that there is considerable clerical work involved which might be saved if it were deemed desirable to abolish these taxes.

Advance Tax Payment.
"I commend also to the attention of the Committee the enormous amount expended in interest upon temporary loans, which last year

Sloan's Liniment

amounted to no less a sum than \$51,013.71. The major part of this amount would be saved if the taxes were collected at an earlier period of the year, and I recommend that a By-law be prepared fixing the date of payment one month or more earlier each year, until the date of payment shall finally reach March 31 in each year.

"I need scarcely say that the depleted state of the City Exchequer, the enormous amount of unpaid taxes, the insistent demands occasioned by unemployment, and the upward trend of taxation, call for most drastic economy in every branch of the City administration. It may be desirable for the Committee to seek an early conference with the Board of School Trustees, in order to secure co-operation in effort along similar lines. I protest against any impairment of efficiency in the educational work of the City, and as strongly protest against any inordinately expensive expenditure by either City Council or School Board. Both bodies are elected by the same electorate, possess distinct functions, draw from the same treasury, and should be equally animated by economic purposes.

Public Works Committee

"To include supervision of Streets, Roads, Bridges, Sewers, Water Works construction. The same committee to be constituted as the Reverted Lands Committee, the Legislative Committee, the Soldiers' Housing Committee.

"I request that as early as possible this Committee consider and report upon the feasibility of the removal of the abandoned Johnson Street Bridge to Rock Bay. It may be necessary to obtain the advice of experts as to the stability of the structure, the cost of removal, and the cost of the substructures required. It would appear a waste of public money to place such a valuable property upon the scrap-heap if it can be put to profitable use. The present condition of Store Street at Rock Bay is not only an eyesore, but is also a disgrace to a thriving and beautiful City, whose interests the Council has been elected to guard.

"The City's share of the Motor Tax Revenue must be ear-marked and used for the improvement of streets and roads. In this connection I trust that some arranged programme may be prepared which shall specially designate the improvement of certain streets or trails under this grant. A most necessary and suitable beginning might be made in the continuation of the improvement of the City Limits to Haultain Street, or to such point provided for by the appropriation. Preparatory to this work being carried out, tree-planting might be continued through this street by the Parks Committee, if approved by the City Engineer.

Reverted Lands Policy.

"In respect to reverted lands, I would request that the Committee report, as early as practicable, a settled policy in regard to the same. I suggest that the following lines should be carefully considered:

"1. The appropriation by By-law of suitable sites for school purposes, seeking the co-operation of the Board of School Trustees for this purpose.

"2. The use of vacant lots on lease for a period not exceeding ten years, for industrial purposes, such, for instance, as small fruits, choice vegetables, minor industries requiring cheap space, and similar undertakings.

"3. A fixed purchase price of all properties which should not be less than adjacent lots, the Reverted Land Commission being thereby authorized to arrange sales without further reference to the Council.

"The 'Building By-law' should be amended so as to provide that, in residence districts, no building should be erected within six feet of the front line of the lot. Garages especially have been erected, thus having dispersed a whole neighborhood, and a policy should be adopted restraining owners in this respect.

"Referring briefly to the legislative duties of this Committee, I would earnestly request that the By-laws of the City should be revised and consolidated, and that copy of same, when completed, be placed in the hands of each officer charged with the several duties under the By-laws. This is essential in the case of the Police Force, the personnel of which is constantly changing, and whose duties are very important for the welfare and good government of the City.

Public Utilities Committee

"This Committee is appointed as, and declared to be, the Fire Wardens, and to function as Parks, Beaches and Boulevards Committee, Increased Production Committee, Industrial Committee, Market Committee, Cemetery Committee, Light and (Concluded on page 4.)

THE AFTERMATH.

The aftermath of the Dominion election is producing some entertaining and significant, though expected, features. A veritable torrent of advice, admonition, threat and cajolery is flowing from the Montreal press over both the new Prime Minister and the elected representatives of Quebec.

The most strident note comes from The Star, which has appointed itself Mr. King's journalistic mentor, a curious role for a newspaper which also regards itself as the chief organ of the Tories of Canada.

On the other hand the people of Victoria will have read Mayor Marchant's inaugural address to the newly-elected Council with a good deal of interest and hope.

His Worship cannot be accused of distributing committee work too sparingly. His proposal for three bodies to deal with the business hitherto discharged by something like a dozen is a startling departure from recognized custom at the City Hall.

As far as the political aspect is concerned it is true the Quebec representation can hold the balance of power in respect of the Government if it wants to; but it also happens that the Progressives are in precisely the same commanding position.

THEIR FINE PUBLIC SPIRIT.

The committee which went to Tod Inlet on New Year's Eve to present to Mr. and Mrs. R. P. Butchart an expression of appreciation of their generous public spirit in opening their beautiful gardens to the public, reflected the sentiment of more than the people of Victoria.

THE MAYOR'S PLAN.

It would be difficult to find any municipality in British Columbia averse to the infusion of new ideas into a system which is far from perfect in its fundamental principles of business.

NOTE AND COMMENT

Britain is adding to her worries. She is now engaged in exchanging opinions as to whether the females should be permitted to play football.

Liberals are debating as to whether they shall contest Grenville. Taking the attitude of the country as a whole and the course dealt which the late Premier negotiated in that constituency there ought to be a good chance to add to Mr. King's supporters in the House.

DE VALERA MAKES PUBLIC PROPOSALS OPPOSED TO TREATY

De Valera said he was prepared to bring it forward at any time but that the other side, desiring a direct vote on the treaty, would not allow it to be put forward as an amendment.

G. M. PERDUE'S SUITS BEGIN

comes a contest between the Progressives and the 'Standpaters.' It has become a fight between those who would make Victoria a city of homes and safe and those who would fill the hell-holes and make it unsafe; between those who desire to see the city safe for boys and girls or a den of iniquity, where human life is bartered for Chinese gold.

AS A PRIVATE MEMBER.

It is a matter for congratulation that British Columbia will not be denied the services of the Hon. Mr. Farris as a private member of the Legislature.

While he has not been a silent occupant of the Government benches by any means his utterances from the floor of the Legislature have been fashioned to a large extent by a species of compulsory defence.

PUBLIC IS THANKED

In an announcement made today to The Times, A. T. Goward, local manager of the B. C. Electric, extends his thanks to the general public for their cordial co-operation with the regulations of the street railway system in the time of the change of the rule of the road.

Wenger Buys Block At Busiest Corner

The three-storey brick building at 653 Yates Street was bought to-day by C. Wenger, jeweler, it was announced to-day by P. R. Brown & Sons, who put through the deal. Mr. Wenger paid slightly under \$25,000 cash.

The ground floor of the building is at present occupied by the Tighe & Wheeler restaurant. The property has been owned for some time by Mrs. Florence Fraser. It has a frontage of 20 feet on Yates Street.

Mr. Wenger will reconstruct the building and move his own jewelry business into it from lower down Yates Street as soon as the present restaurant lease expires. He says he is anxious to move near Douglas Street. He also bought the property as he considers it a good investment because of the rapid growth of business in that part of the city and the fact that it is believed that a major move in real estate values in down town Victoria is on its way.

VERNON BLOCK MAY CHANGE HANDS

Architects View Premises and Take Measurement To-day

Coloring the existing rumors that a mercantile company with continental connections was planning to occupy large premises in Victoria, its architects were in the city to-day and inspected the Vernon Block at the northwest corner of Yates and Douglas Streets, taking measurements and generally looking over the building and also the vacant lot on the west side.

Though it is at present denied in official circles, it is reported that the company is considering the block and the vacant lot to the west, with a view to purchase. It has been known for some time that the firm has been seeking a site on Douglas Street, and has inspected many of the premises along Douglas Street south from the Hudson's Bay Company's store.

Rumor for some time connected the Brunswick Block with the present inquiries, but the arrival of the architects on the ground to-day tend toward the belief that the Vernon Block alone is under consideration. The occupants of the building have been given an interval in some cases that they may have to move, though two months is set as the first possible date of any action that could be taken. The architects must submit their report to the directorate in the East before action could possibly transpire.

MISSIONARY FILMS PLEASE AUDIENCE

Motion Pictures Aid Oriental Missions

Nothing but the highest praise was expressed last night by those who saw the new series of missionary films presented for the first time in Victoria by the Patescope Company in Christ Church Cathedral School-room before an audience representative of many Anglican City parishes. It was clearly evident that the company's cinematographer had worked in close co-operation with the Church authorities both at home and in the overseas countries visited. The result is an exhibition of the actual work of the Church as carried on in Oriental countries, and the conditions under which its many-aided activities are conducted, displayed in a manner far surpassing any previous educational effort of the Christian Church.

As "travel pictures," showing scenes of life and beauty in other lands, these motion pictures are of great value. But their value is intensified by the added human interest provided by scenes of the missionary's labors. How real are the needs of the audience to the places and institutions where these needs are being met by Canadian men and women supported by the contributions of their fellow-church members in Canada. Scenes of street-life and home life, heathen temples and ceremonial, Oriental customs and manners, are combined with glimpses of Christian kindergartens going through their day's programme of work, play and worship, views of boys' schools and girls' schools; orphanages and institutions for the blind; hospitals and dispensaries. The evangelistic work of the rapid Canadian missions are conducted at the thronged gates of heathen temples or within sight of huge carved idols, is presented in the vivid way that only the motion picture can reveal.

Last night's exhibition in the Cathedral school-room included films showing the missionary activities of the Anglican Church in the dioceses of Mid-Japan and Honan, China, and, as pointed out by the Dean of Columbia in his opening remarks, those privileged to see them now understand something of the reality of the claims which the Epiphany appeal of the Missionary Society of the Church of England in Canada. At the conclusion of the exhibition, the Rev. R. R. Conwell, expressed the gratification felt by all with this new educational venture and urged a wider intelligent support, through prayer, personal service and money gifts, for the extension work of the Christian Church carried on in Oriental countries and all lands.

TERRIBLE POVERTY IN TRANS-VOLGA AREA OF RUSSIA

Appeal Is Made For Funds to Aid Starving Children

Sir Frank Barnard, who has taken great interest in the work of relief among the suffering children in the famine stricken area of Russia across the Volga, has received an interesting communication on the subject from Elizabeth Jebb, Hon. Secretary of the Save the Children Fund, whose headquarters are located at 42 Langham Street, Portland Street, London, England.

This communication says as follows: "The news from that unhappy country is very pathetic. Our kitchens have been established in Saratov and the Trans-Volga districts, which were visited by Dr. Nansen, who, as you are probably aware, has been appointed High Commissioner to co-ordinate relief work in Russia, by the International Conference at Geneva."

"One of our officers in charge of the kitchens," she said "started on the day the first kitchen opened, a holiday was given in the town to celebrate the important event. He said further that 'one had only to glance at the pinched, pallid faces, over some of which the shadow of death already seemed to be cast, to realize how true it is that this food literally means to many of them all the difference between life and death.'"

"We have undertaken to feed 250,000 children during the winter at least, and to enable us to do this we have had to make huge purchases of flour, which must reach Russia before the ports become ice-bound. This means that our commitments are necessarily very huge (notwithstanding the fact that we can feed one child for a whole week for less than 1s. per week) and it is only with the help of the Overseas Dominions that we should be able to accomplish this, the greatest feeding scheme ever attempted outside the United States."

"Dr. Nansen, speaking in London a short time ago, said that thousands of little children must die unless aid is speedily sent to them. 'We ask you in the name of the starving and dying children to do what is humanly possible to avert the catastrophe that awaits so many of them, unless we all do our part to avert it.'"

"We have written to all the churches in Canada, asking them to help in this work, and we trust that the churches in your district will undertake to also do their part."

INTEREST GROWS IN MEETINGS OF UNITED PRAYER

Growing interest is manifest in the inter-denominational meetings which are being held this week at St. Andrew's Presbyterian lecture hall, under the auspices of the World's Evangelical Alliance. Nearly one hundred and fifty were present last evening when Rev. W. G. Wilson, M. A., of the First Presbyterian Church, gave a powerful address on "The Church and Its Neighborhood."

To-night the chair will be taken by the Rev. Robert Connell, M. A., of St. Saviour's, and the address on "Social and National Righteousness," will be given by the Rev. J. S. Dimmick of Wesley Methodist Church.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Stops coughs quickly.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you will buy. It's called Pinex.

It is a cough medicine, but it's not like the ordinary cough or chest cold in 24 hours. (Tastes pleasant, too—children like it)—and it is pure and good.

Four ounces of Pinex in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar. It's ready to use. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

AMALGAMATED VETERANS' FUND

Heavy Demand For Relief For ex-Soldier Dependents

An appeal is issued from the Amalgamated Veterans' Association for assistance in the relief work which that body is extending to the many needy families of ex-service men in the city. Relief has been extended to over fifty families, and the fund is nearly exhausted, with still many appeals to receive attention.

There are many families in the city who have been tided over the festive season by the generous response of the people of Victoria, and now find themselves without food, and in some cases also the bread winner is ill.

It is easily understood that many able bodied returned men are developing ailments through the rigorous life of the late campaign, and are unable to retain their former standing.

Food and clothing are more acceptable than money, and not one cent is paid out to administer this relief work. All comrades are taking valuable time from their business to carry on this work.

MOTION PICTURES TO SHOW TO-NIGHT

To Illustrate Missionary Work in Far East

This evening in the auditorium of the First Presbyterian Church, Quadra Street, a unique and instructive exhibition of films will be shown by the Patescope Company. Some time ago the Canadian Council of the Foreign Mission Movement arranged with the Patescope Company to send an expert cameraman to countries where missionaries were engaged in this important and world-wide work.

Consequently pictures were taken of all missions supported by the Anglican, Presbyterian and other denominations and the missionaries in these were advised of his coming with the result excellent opportunities were given for pictures to be taken showing actual mission work in the foreign fields. These pictures taken at great expense are now released and the Presbyterian section of the work will be shown to-night. Last evening the Anglican section were shown in

the schoolroom of Christ Church Cathedral. In addition to the missionary film there will be a special film showing the World's Sunday School Convention at Tokio, Japan, also some fine travel pictures.

It is hoped that all those interested in the work of missions will attend this exhibition and see the missionaries and natives at work. There will be shown Japan, China, Korea and other well-known mission fields and a special invitation is extended to members of missionary societies in the city. Tickets are now for sale and can be had from members of the Young People's Department of the church, under whose auspices the exhibition has been arranged. Doors will be open at 7:30 p.m. and the exhibition will commence at 8 p.m.

A record attendance is expected those having tickets are advised to come early and secure a good seat. Last week these pictures were shown to an audience of over a thousand Chinese in Vancouver under the auspices of the Methodist mission and were given a great reception. Requests for a return performance in Vancouver have been received, showing that they have awakened in Vancouver a great interest in the work of missions in the Far East.

WAS MEMBER OF PIONEER PRESBYTERIAN FAMILY

Mrs. E. J. Rae, one of the older residents of British Columbia, died at New Westminster last evening after a lingering illness. Mrs. Rae and her brother, Robert Jamieson, manager of Pantages Theatre, arrived in Victoria in May, 1862 with her parents, Rev. Robert and Mrs. Jamieson, and after a few months spent in Victoria, while a church and manse were being built in New Westminster, lived for about three years in that city. The family then moved to Nanaimo where Mr. Jamieson built another church in which he preached from 1865 to 1869, returning to New Westminster in that year. Mrs. Rae is survived by one son, Gary Rae, of New Westminster, two brothers, Robert Jamieson, of this city, and four sisters, Mrs. E. A. Postill and the Misses Ilma and Sophia Jamieson, of 'St. West', and Mrs. T. H. Prossor, of Edmonton.

OBITUARY RECORD

There passed away at an early hour this morning, at the family residence, Happy Valley, Emma Carlow, beloved wife of Turner Carlow. She was 54 years of age and a native of Derby, England, and had been a resident for the past twelve years. The remains are reposing at the Thomson Funeral Home, 1625 Quadra Street, from where they will be removed to St. John's Church, Colwood, on Friday, January 6, at 12 o'clock. Service will be held at 2 o'clock. Rev. Mr. Pearson will officiate and the funeral will be private. Interment will be made in Colwood Cemetery.

The death occurred last evening at the home of Mr. and Mrs. Thomas Wilkinson, 1555 Davis Street, of John A. Harrington, age 74 years. He was born in Ontario and had been a resident of this city for the past six months. The funeral will take place on Saturday, the cortege leaving the Sands Funeral Chapel at 8:50 o'clock. Ten minutes later Mass will be celebrated at St. Andrew's Cathedral. Interment will be made at Ross Bay Cemetery.

The remains of the late Mrs. Jeanette Creik Sanderson, who passed away last rest yesterday afternoon, service being held at the residence, 90 Linden Avenue, at 2:30 o'clock, Mr. E. C. J. Were officiating. There were many friends present, and a great profusion of floral decorations. The service in which the late Mrs. Sanderson was held, following acted as pallbearers: W. Lohman, D. Taylor, H. Webster, J. Lohman, G. McKeechie, J. Killy. Interment was made in Ross Bay Cemetery.

The remains of the late John Robert Denholm, who died at Westholme on January 2, reached the city last evening and were laid at rest in Ross Bay Cemetery yesterday afternoon. Rev. G. H. Andrews conducted the service at the B. C. Funeral Chapel at 2 o'clock. There was a large attendance of friends and many beautiful floral tributes covered the casket. Two hymns were sung, "Rock of Ages" and "Peace, Perfect Peace." The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: J. A. Paterson, H. J. Cunningham, L. U. Conyers, Jr., A. James, G. H. Gardner and D. E. Kennedy.

MAYOR IS BUSY

Besieged With Callers First Day in Office. Suggestions as to how to remedy the City's troubles are not lacking and Mayor Marchant was this morning besieged with callers from all walks of life, some of whom outlined what they thought would be the very best course on which to pilot the civic ship, others had dire grievances to relate, many wanted positions under the new regime, and some wanted information. The lot of the Mayor is not altogether a happy one but Mayor Marchant in his usual kindly manner is battling valiantly with the various problems that invariably find their way to the mayorality office. Today he had had his first session as director of the City's affairs, and he has found it an arduous one. The aldermen, too, are busy becoming acquainted with the various matters that come under their respective committees, and there is every indication that the new administration will render the City excellent service.

Ouch! Lame Back

Rub backache, Lumbago, Soreness and stiffness away—Try this! Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. (Adv't.)

NADRUCO Syrup of Tar with Cod Liver Oil Compound

It's more than a Cough Syrup—because it breaks up colds as well as coughs—relieves congestion in the chest—loosens the phlegm—and quickly stops the cough. Excellent for Bronchitis and Whooping Cough. Children like it because of its pleasant taste.

All druggists have it.

J.B.A.A. DANCE FOR 'VARSITY STUDENTS

A silver wedding celebration was held by Mr. and Mrs. Frank Doidge at their home, 869 Malvern Street, Esquimalt, on the evening of 2nd inst. The supper room and tables under the management of Mrs. Fimm was beautifully decorated, justice being done to the magnificent spread by sixty guests. Three toasts were given, "The King," by Mr. Mylrea; "Host and Hostess," by Mr. George Mylrea; "The Queen," by Mr. H. Doidge. After supper, songs, dancing and games were indulged in the following contributed to the programme: Songs: Mr. Percy Critchard, Mr. G. Wise, Miss Y. Critchard, Mr. Dunn, Mr. J. A. Webb, Miss F. Parker, Mr. C. P. Askey and Master C. P. Askey. Music: Mr. Reg. Mylrea, Miss G. Askey, Mr. Pimm, Mr. Wilcox, Mr. C. P. Askey. The celebration closed at 3 a. m., the evening being pronounced a great success. Many beautiful presents were received.

A large number of friends visited Mr. (Monty) and Mrs. Simmons at their country home at Lost Lake on New Year's Day, and spent a most enjoyable time while there. Several vocal and instrumental selections were rendered, the Misses Bessie Jones and Inez Handley particularly pleasing the audience with their performance on violins. The guests being loth to disperse, soon after midnight the rugs were removed and the large living room was thrown open for dancing, games and other amusements until about 3.30 a. m., when a hearty vote of appreciation of the kindness of the host and hostess in addition to those mentioned above for the New Year's Day dinner, which has become an annual affair among this circle of friends, was tendered, after which the visitors went home.

The following figured as visitors: Mr. and Mrs. (Jim) Jones, Mr. and Mrs. A. W. McMoran with their two children, Mrs. T. Simmons and her little daughter Mary, Mr. and Mrs. C. Gray and children, Mr. and Mrs. Percy Sheret with Master A. Jensen, the Misses Gertrude and Lillian Smethurst, Miss Griffiths, Miss Hilda Stemler, Messrs. Jim and Ralph Smethurst, J. Cummins, R. Cruikshanks, Fred (S) Milne and L. Gray.

Reference was made to the kindness of the Gyro Club in entertaining the children and to Manger C. Denham, of the Royal Victoria Theatre, who entertained forty of the children and the matron at the pantomime last week.

Members of the committee present at the meeting included Mesdames Lechwaite, McGregor, Cameron, Hiscocks, Fraser, Sayward, Hammond, Walker, Sherwood and Miss Newbury.

Two Days' Sports to Culminate in Affair at Empress Saturday

In honor of the three hundred students of the University of British Columbia, who are participating in the sports in this city on Friday and Saturday, the James Bay Athletic Association has arranged a big dance at the Empress Hotel on Saturday evening.

The affair will be under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Nichol, Mr. and Mrs. R. P. Clark, Lieutenant-Colonel and Mrs. F. A. Robertson, Dr. and Mrs. R. E. McKechnie, of Vancouver, and President and Mrs. H. Cook.

Dancing will be from 8.45 until midnight, and Heaton's orchestra will furnish the music. An attractive decorative scheme is being arranged in the ballroom.

Owing to the large number of out-of-town guests, tickets will be strictly limited, and should be obtained without delay from the club headquarters, Belleville Street, George Strath's or Frost and Frost's, Douglas Street.

NEW EQUIPMENT FOR JUBILEE HOSPITAL

Powerful Transformer For Radio Treatment Ordered, Says Dr. Poyntz

A new transformer to aid in the treatment of cancer has been ordered for the Provincial Jubilee Hospital according to an announcement made by Dr. L. K. Poyntz at the meeting of the Victoria Medical Association last evening. This transformer will give a voltage of over 250,000 or 160,000 volts higher than is possessed by any other hospital in the Dominion, with the exception of the Toronto General Hospital, and its acquisition will make the Jubilee Hospital one of the finest in point of equipment west of Chicago.

Speakers at the meeting included Dr. Frowd of Vancouver, who spoke on the value of X-ray treatment and the rapid advance made in this science during the past few years. Dr. Poyntz gave an address on "The Physics of Matter." Dr. Bourne of Seattle, who was scheduled to speak, was at the last moment prevented from fulfilling the engagement owing to pressure of work.

LOYD'S REGISTER HAD ITS ORIGIN IN COFFEE HOUSE

Marine Insurance Organization Dates Back to the Year 1720

London, Jan. 4.—(By Canadian Press)—Lloyd's is a name known throughout the civilized world, yet probably few people know anything of the origin of the parent business organization carried on under it.

Priceless Gift. Sidney Boulton, Chairman of Lloyd's, addressing the Insurance Institute of London recently, said if insurance men were indebted to Edward Lloyd for nothing but his name, that was a priceless gift.

Lloyd's List, founded in 1726, is the oldest existing newspaper in the world, except the London Gazette, and has continued without a break down to the present time.

Convenient Place. One might wonder how the company system of insurance had its birth in a coffee house, but in Edward Lloyd's day insurance was effected through bankers, merchants and money-lenders.

NEWS IN BRIEF

Canadian Scottish Parade.—A commanding officers' parade of the 16th Canadian Scottish will be held at the headquarters, Armorel, on Thursday evening at 8 o'clock. All ranks are ordered to attend.

County Court Day.—His Honor Judge Lampan held County Court day to-day in the County Court, when dates were set for the January list of trials. The first trial on the list will be opened this afternoon.

Young Conservatives.—The regular monthly meeting of the Victoria Young Conservative Social and Educational Club will take place at the club rooms, seventh floor, Campbell Building, to-morrow evening, at 8 o'clock. It is expected the meeting, at the conclusion of business, will resolve itself into a social gathering.

Christ Church "At Home."—A congregational "At Home" for Christ Church Cathedral parishioners and friends will be held in the Cathedral schoolroom to-morrow night from 8 to 10 o'clock. A programme of music and refreshments is being arranged by the Women's Parish Guild, of which Mrs. Duncan Ross is president.

Would Like Industries.—A well-attended meeting of the Esquamet Board of Trade was held at the Sailors' Club, Esquamet, last night with R. H. Pooley, M.P.P., in the chair. The discussion turned upon securing industries for the district, and the following committee was appointed to look into the matter: Messrs. Arthur Young, R. C. Lang, R. S. Ross, Cook and Father Silver. A retail merchants' committee was formed to take a survey of the retail situation in the district.

Vigorous Saanich.—Supporting the oft-repeated assertion of Reeve G. F. Watson, that the growth of Saanich during the last census period would amaze even those acquainted with conditions, the building statistics for 1921 published yesterday show that during the year permits of a value of \$770,322 were issued, this being the largest total recorded since 1914. The total number of permits issued was 525, these including some of the houses built on the island and some on the mainland during the year, and also five homes built under the Better Housing Act.

Revising System.—George I. Warren, publicity commissioner for the Victoria and Island Development Association, is inaugurating a new system in the office whereby it will be possible hereafter to know at a glance just what results are being obtained in so far as inquiries by mail are concerned. Inquiries under the various heads of touring, industries, scenic attractions, farming and so on will be filed away separately, and a record kept of the number of inquiries under these heads. The whole work of the office is under review, and such improvements as are found valuable will be carried out.

G.W.V.A.—Officers of the Victoria branch of the G. W. V. A., chosen last evening, are as follows: President, Comrade J. Ford; vice-president, Comrade G. M. McLeod; secretary, Comrade A. H. O. Jones; treasurer, Comrade W. G. Stone; sergeant-at-arms, Comrade James Axon; committee conveners: Sick, Comrade Welch; publicity, Comrade S. Harvey Creech; sport, Comrade A. E. Prescott; floor, Comrades Reppen, Grimmer and Fitzpatrick. The provisional committee was thanked and discharged. It was decided to hold the association meetings on the first and third Tuesdays of the month, the first meeting to be for the transaction of business, while the second will be of a social nature.

Run Over By Own Truck.—While motors are all prevalent, it is seldom that a motor driver is knocked down and run over by his own car, but such was the case with Oscar Thomsen, of Mount Tomlin, yesterday shortly after noon. The car in question, a one-ton truck, was standing on Store Street, when Mr. Thomsen attempted to start the engine. He succeeded beyond his expectations, but unfortunately the truck was in gear and at once moved forward. The truck rapidly gained momentum and knocked Mr. Thomsen down and ran over him. While a Chinaman, Mow, who came to the rescue, was mowed down and run over by the same juggernaut, which now had gained momentum. The two injured men were placed in the patrol wagon, summoned by Messrs. Scott & Peden, of Store Street, and conveyed to the Jubilee Hospital, where their injuries were attended. Mr. Thomsen suffered severe cuts about the head and face, while the Chinaman, Mow, was also much bruised.

CIVIL SERVANTS' DANCE TO-MORROW

Local members of the Provincial Civil Service Association will be the hosts at a dance to be held in the Alexandra Club to-morrow evening, and the popularity of former functions under these auspices augurs well for the success of the affair. An active committee has been busy with the arrangements which have been planned with a view to the comfort and enjoyment of guests.

Dancing will be from 9 till 2 o'clock and supper will be served shortly after 11 o'clock. Dress for the occasion will be informal.

To Parade.—The Fifth Regiment, C. G. A., will parade at 8 o'clock at the Drill Hall to-night.

Election Finances.—The Saanich Central Ratepayers' Association last night decided that contributions towards the central election fund will be limited to donations not larger than \$25, acceptable from candidates or private individuals, and grants of \$5 yearly from each board association. After a spirited debate regarding where the funds had gone to, the balance sheet showed the whole expenditure in 1921 had been but \$59 of the \$72 required.

Girls' Corner Club.—The club will re-open after the holiday season to-morrow, and the usual supper for business women and girls will be served in the club room, I. O. O. F. Hall, Douglas Street, at 6.15 o'clock. The meeting will be of special interest, as the new president for the coming season will be nominated, and it is hoped that all members will be present. The guest of the evening will be Mrs. Melville, lately from China, who will give an interesting talk on her work and experiences during her long stay in that land. She will wear native costume, and there will also be a recitation by six girls describing different Chinese characters followed by singing and choruses by the club. A hearty invitation is extended to all girls working in the city, especially to newcomers or those living away from home.

MAGNESIA FINE FOR ACID STOMACH
 Quickly Neutralizes Acidity. Stops Fermentation. Restores the Stomach.

Nine people in ten, when food upsets the stomach, causing distress, think they have indigestion. In reality they are suffering from "acid stomach." An excess of acid in the stomach causes gas, heartburn, bloating and sourness. To have a strong healthy stomach capable of easily and formally digesting three hearty meals a day you simply must keep these stomach acids neutralized and the stomach contents sweet. No artificial digestants are necessary. Just get a few ounces of Bisurated Magnesia from any good drug store and take a teaspoonful of the powder or two tablets in a half glass of water right after eating or whenever the slightest pain is felt. The result is amazing and you will be delighted with the almost instant relief it brings. The famous stomach sweetener combines Magnesia and Bismuth in desirable proportions and is not only splendidly effective but perfectly harmless. Its regular use keeps the stomach sweet, strong and healthy all the time.

Bisurated Magnesia is well-known to druggists everywhere and is used annually by more than a half million people who now eat as they please, in reason, with no more fear of indigestion.

CYRO CLUBS HOST TO COUNCIL
 Enjoyable Affair Held at Criterion Last Night

Mayor Marchant, members of the City Council, and of the Police and School Boards received a hearty welcome at the hands of the Gyro Club at a supper given last night in the Criterion. A spirit of co-operation prevailed throughout the celebration and the new Mayor and Council and other civic officers were assured of the strong support of the younger set in removing obstacles that stood in the way of development.

Harold A. Beckwith, president of the Gyro Club, presided and as each guest was introduced to the Club a cheer of greeting went up. About seventy-five sat down to the civic supper, which was a great success in every way.

Mayor Marchant, on behalf of the guests, thanked the Gyro Club for the manner in which it had promoted public interest in the recent civic election and the good service it had rendered in getting electors to see that their names were on the voters list and, following that, their successful efforts in getting so many to the polls.

It was a good thing for any city to witness such a keen interest being taken in civic affairs, he said. Unfortunately it was often those who talked the most who did the least in the way of development. "If you have the vote you should use it, and it is useless to complain against a government when you have not even troubled to do your part in making it," declared the Mayor.

Mayor Marchant said the Council welcomed the interest and assistance promised by the Gyro Club and he asked for open criticism of anything that was considered not right.

"If we come to a decision to give the very best that is in us so that it will materially affect the social, moral and mercantile life of the city, we will have done something to promote the best interests of Victoria," Mayor Marchant declared.

William Melville was the soloist at the supper which began at 8.15 o'clock. Following the supper members of the Club took the Mayor and Councillors and the other guests in automobiles to the City Hall, where the first 1922 Council meeting was held at 8 o'clock.

EVANGELICAL MISSION AT VICTORIA WEST IS WELL SUPPORTED

Great interest is being manifested in the McLachlan-Dunnington Mission in Victoria West, in which Methodists and Presbyterians are cordially and earnestly united. Last night A. J. Daniels, president, Rev. M. Dimmock, a veteran of four score years and three, sang an inspiring solo, and delivered a heart-searching message. The meeting was well attended.

To-night at 8 o'clock, the meeting will be in charge of the young people, and will be addressed by Rev. Thomas McConnell, of St. Columba Presbyterian Church on a theme of supreme interest to old and young. On Friday Rev. D. N. McLachlan, Evangelist, and W. Dunnington, soloist and director of song, will arrive from the East to take charge of the campaign. The meetings are held every night this week except Saturday in Wesley Church; next week St. Paul's Presbyterian Church will be the place of meeting.

Healing Cream Stops Catarrh
 Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh of a cold, get Ely's Cream Ointment at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffing. Head aches and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure. (Advt.)

COUNCIL DISPOSES OF MUCH BUSINESS
 Large Crowd Attended First Meeting at City Hall

Never in the recent history of the civic administration has such an immense crowd of spectators attended to listen to the discussion of the public affairs of the city as that which witnessed the first meeting of the 1922 City Council at the City Hall last night.

Not only was every seat occupied, but standing room was at a premium, and the crowd packed the large auditorium to the doors. The visitors were from all walks of life, and a good many of the unemployed were present. Inside the railed enclosure were the members of the School Board, the Police Commissioners and their wives.

The new Council cleared up a good deal of business left over from last year, dealing mostly with minor details of street and other works to be carried out.

The Chamber of Commerce communication asking for payment of an account of \$295 for plans and specifications in connection with the Civic Centre scheme was referred to the Finance Committee.

Tag Day Policy.

The policy of the Council regarding tag days will be decided upon after a report is brought in by the Finance Committee. The Y. W. C. A. and the S. P. C. A. applied for permission to hold tag days.

A communication from the Nanaimo City Council asking for co-operation in securing more careful inspection of dairy herds from which the supply of milk for human consumption is derived was referred to the medical health officer and committee for report.

T. B. Ross & Co. submitted a figure for the sale of a Leyland Fire Engine, and H. A. Davis a quotation on a McLaughlin car for the Police Department, both of which were referred to the proper committees for their information.

Mrs. E. M. McDonald's claim for \$1000 damages for loss of crop through the overflow of the Humpback reservoir, falling payment of which legal action is threatened, was referred to the City Solicitor for report.

Members of the Council again voiced strong resentment in the case of city contracts being sublet to firms outside of Victoria. Action has already been taken to preclude a repetition, following the letting of electrical sub-contracts on Johnson Street bridge work to a Vancouver house.

City Engineer F. M. Preston was authorized to submit a tender for the construction of the steel railway section of the Johnson Street bridge work.

Oriental Merchants.

The Retail Merchants' Association of Canada, Victoria branch, wrote the Council stating that in case of any of the down-town store premises becoming vacant there was a great possibility of Orientals getting tenancy of them, and therefore the association recommended that the Council, before approving the granting of any licenses and in order to give protection to the white merchant, should first submit such applications to the Chamber of Commerce for report.

"This is a matter entirely within the jurisdiction of the landlord. It is not a matter for the Chamber of Commerce or any other organization to pass on," said Alderman Lineham. The communication was received and filed.

Another letter was received from the Retail Merchants' Association asking that pedlers and hucksters be compelled to obtain certificates of health as it was claimed that cases were known where such men were suffering from four diseases.

City's Supplies.

On motion of Alderman Woodward, the time for accepting tenders for the City's supplies of groceries and other goods, was extended one week. "I have had two reports to-day of discourtesy on the part of the City Purchasing Agent, and under the circumstances I think it only fair to all parties concerned to extend the time to tender," said the alderman.

It was decided to ask the heads of the various departments to prepare and submit their estimates for 1922 by January 23 in order to expedite matters as much as possible.

CYRO CLUBS HOST TO COUNCIL
 Enjoyable Affair Held at Criterion Last Night

Mayor Marchant, members of the City Council, and of the Police and School Boards received a hearty welcome at the hands of the Gyro Club at a supper given last night in the Criterion. A spirit of co-operation prevailed throughout the celebration and the new Mayor and Council and other civic officers were assured of the strong support of the younger set in removing obstacles that stood in the way of development.

Harold A. Beckwith, president of the Gyro Club, presided and as each guest was introduced to the Club a cheer of greeting went up. About seventy-five sat down to the civic supper, which was a great success in every way.

Mayor Marchant, on behalf of the guests, thanked the Gyro Club for the manner in which it had promoted public interest in the recent civic election and the good service it had rendered in getting electors to see that their names were on the voters list and, following that, their successful efforts in getting so many to the polls.

It was a good thing for any city to witness such a keen interest being taken in civic affairs, he said. Unfortunately it was often those who talked the most who did the least in the way of development. "If you have the vote you should use it, and it is useless to complain against a government when you have not even troubled to do your part in making it," declared the Mayor.

Mayor Marchant said the Council welcomed the interest and assistance promised by the Gyro Club and he asked for open criticism of anything that was considered not right.

"If we come to a decision to give the very best that is in us so that it will materially affect the social, moral and mercantile life of the city, we will have done something to promote the best interests of Victoria," Mayor Marchant declared.

William Melville was the soloist at the supper which began at 8.15 o'clock. Following the supper members of the Club took the Mayor and Councillors and the other guests in automobiles to the City Hall, where the first 1922 Council meeting was held at 8 o'clock.

IS IT IN A WOMAN'S REALM?

England is greatly agitated over women playing football. If they want to play, they will be hard to stop them. Women usually do just what they want.

The Skipper in a New Pose

Eddie Oatman

Eddie is the most aggressive and tireless bundle of energy in Coast hockey circles. Before leaving the dressing room for each period Eddie always shouts: "Let's get a couple, folks!" Eddie goes out looking for a couple and he not only tries to get goals but he also fights to prevent his opponents from getting through. Eddie's back-checking is a valuable asset to the team.

When asked if he had any prophecy for the new year Eddie had the following to say: "You never know how things are going to break. Look how we got away and look how Vancouver started. Now things are going the other way. You can just bet your hide, if you want to take a sporting chance, that we'll be back in this old race before long. You can't harness the speed our team possesses for long. We can shoot and skate, so Happy New Year, folks, and we'll do our best to see that the pennant comes home to the Aristocrats' roost."

Eddie is bothered at present with a nasty cut on his shin bone, just above the ankle. It is in a bad place as every step he takes opens up the wound.

Lively Controversy in England Over Women's Position in Football

London, Jan. 4.—(Canadian Press Cable)—A lively controversy is being waged over the question as to whether or not women are to continue as active participants in football matches. Recently a request was made by women's football clubs to the Football Association that they be allowed to play on the same grounds as men's football matches.

Although the Association merely "requests" its members to refuse to permit the use of their grounds for women's matches, it may safely be assumed that all the clubs under its jurisdiction of the association who have full control of the playing grounds will close them against all women's football matches. This will be a novel situation, for the Football Association has never before in its history refused to allow its members to play on its grounds for the purpose of providing personal income out of investment football. Footballers are willing to concede that a certain amount of skill has been displayed by certain teams, but that in other cases the matches have been nothing more than farces.

The Association takes the view that women's football is a travesty of the game and that football is not, never

Vets and Garrison, Tied For Top Berth, to Battle With Elks and Senators

Two Fast Hockey Games Will Be Staged at Arena Tonight—Amateur Officials Agree to Inaugurate New Standing, Commencing Last Wednesday

As a result of a decision reached at a special meeting of the Victoria Amateur Ice Hockey Association last evening the War Vets and Garrison are to-day leading the league and the Senators and Elks are tied for the bottom post.

Last week the amateur hockey heads, realizing that interest had been lost through the Senators running away with all games, gathered and agreed to a shuffling of players. Last Wednesday the new teams were given a tryout and it proved that all four squads were fairly well balanced. A new position developed over the standing of the teams and this was cleared up last night.

Start Over Again.

According to the old standing the Senators and War Vets were tied for first place, but the Elks were sitting with four losses, which made it practically impossible for them to crawl out of the hole. Realizing the handicap the officials decided to start new standing from last Wednesday's games. Nine more double-headers are to be played. The new standing is as follows:

	P.	W.	L.	Pct.
War Vets	1	1	0	1000
Garrison	1	1	0	1000
Senators	1	0	1	000
Elks	1	0	1	000

The amateur teams will stage their regular weekly games at the Arena tonight. The Senators and Garrison are to appear in the curtain-raiser, while the Elks and War Vets will battle in the second game. This brings the two leaders in competition with the cellar occupants and there is bound to be an upset in things.

The Senators for the first time in two years are not on top. At present they are forced to acknowledge two superiors. They will have a hard team on their hands when they meet the Garrison trot out and attempt to keep them at the bottom. The Garrison have a hard, aggressive team which is well conditioned and capable of traveling at top gait all the way. The Senators, with Delid and Harry Smith as their premier goal-sharpers, will have to have their eyes on the puck past Englishman. The Garrison have not many players who pack a wicked shot but they are strong on forcing moves in front and scoring.

A Hot Game.

The War Vets and Elks will both be in good shape for their match, which should prove a tarrar. The Vets will not be worrying very much over the fact that he is now in St. Joseph's Hospital recovering from an attack of pneumonia. After the game last Monday Leo developed signs of pneumonia and was rushed off to the hospital, where he has had a hard battle.

The Vets, however, have John Wilson ready to execute some more of his noted cork-screw rushes. The Vets also have a strong forward line. The Elks are not worrying very much over the fact that he is now in St. Joseph's Hospital recovering from an attack of pneumonia. After the game last Monday Leo developed signs of pneumonia and was rushed off to the hospital, where he has had a hard battle.

Expect Big Crowd.

The crowd of spectators, which fell away somewhat during the holiday season, is expected to be back to its old proportions to-night. The re-arranging of the teams which prevents anyone from picking the sure winners while sitting around the fireplace, has stimulated interest in the amateur game.

METS SENIORS HOLDING AN IMPORTANT MEETING

There will be a meeting of the Metropolitan Senior Football Club tomorrow evening at 8 o'clock at the Metropolitan billiard rooms. As business of importance is to come up, it is asked that all players and others interested will make a point to be present. An effort is to be made to strengthen the weak place on the team, and all members are wanted to give their views in the matter.

Victoria Goes Into Critical Battle at Seattle To-night; Players Are Out

Seattle, Jan. 4.—The Mets face a crisis early in the Coast hockey race this evening. The Seattle septette is down to entertain Victoria at the Arena, and the Mets are the possible victors to-night, with Jack Walker, Bobby Rowe's to stop the rushes of the Aristocrats. Fraser has played good hockey in his last two starts, but there is no denying Rickley will be missed. Rick is just blossoming into a real player, his checking, improved skating and stick-handling and all-round work being valuable to the Seattle cause.

Rickey Still Out
Up against it to turn back Moose Johnson and his chorts, the Mets will meet the invaders with Roy Rickley still out on the lineup.

Fraser put his shoulder alongside Bobby Rowe's to stop the rushes of the Aristocrats. Fraser has played good hockey in his last two starts, but there is no denying Rickley will be missed. Rick is just blossoming into a real player, his checking, improved skating and stick-handling and all-round work being valuable to the Seattle cause.

HIGH SCHOOL BOYS WALK OVER KNIGHTS

Students Had Hard Game With Columbus' Followers at Arena Last Night

The Victoria High School ice hockey sextette last night defeated the Knights of Columbus boys in a Junior League game by a score of two to one. The game was even and well fought, the defense of both teams working well, especially Givens, of the K. of C., and Stralith, of the High. Neither of the teams was able to score during the first period, and before the game was five minutes old, Delahunty, the K. of C. goalie, fell forward and caught a fast shot from Prec Moody on the forehead. Delahunty was lost for the rest of the game.

CHRIST CHURCH GIRLS BEAT METROPOLITANS

The Senior Sunday School girls' game last night at the First Presbyterian Gymnasium was a fast and exciting affair.

The Christ Church girls kept a lead throughout the game, but the Metropolitan girls, by hard playing, came within one basket of their opponents. Eddie Lewis and Marjorie Bell scored fine shots. The final score was 21-12.

 "Advertising is to business as steam is to machinery."
 WHY BUY AT HOME?
 The people of British Columbia paid \$72,000,000 in exchange for goods imported from the United States last year. This is an argument in favor of education in commodity loyalty. It emphasizes the need for the British Columbia people to buy more goods locally and to avoid in consequence a very large penalty. —Victoria Times.

Smaller General Revenue. Being invited to speak for ten minutes, Reeve Watson said: "An effort is being made to show that the affairs of Saanich are not as they ought to be. I want to say to you that in 1914 the general rate, the only rate the Council can control, was capable of producing \$120,654, while the same rate in 1921 only produced \$70,186.

ESQUIMALT WARMING UP FOR ELECTION

FIGHT NEXT WEEK

Hot Fight Ensured for Reeveship and Council

A survey of Esquimalt municipal politics to-day revealed a lively interest in the election next week. The Reeveship contest resolves itself to a two party fight between Alexander Lockley, the present incumbent, and John Jardine, who made the running against Mr. Lockley last year. Major Sisman, who was spoken of as a third candidate for the Reeveship has dropped out. J. R. Collister has been appointed returning officer for the poll, which will take place on Saturday week. For councillors all the 1921 council with the exception of Robert A. Anderson will run. Mr. Anderson, completing his tenth successive year on the council, is going into retirement after a decade of active and useful service as one of the most energetic and progressive members. Mr. Anderson was asked in many quarters to stand for the Reeveship, but declined the honor. The members seeking re-election are: Councillors Tribe, Pomeroy, Mesher, Bridle and Wise. To this list is added the names of Mrs. H. G. Rogers and Messrs. G. J. Cook, Tom Withers, Alexander Wilson, J. W. Jones, J. H. Porter and Arthur Young.

for bruises

Absorbine, Jr. should be applied promptly, for the chief danger from cuts and bruises is the danger from infection.

Absorbine, Jr. is both a corrective and a preventive remedy; an efficient antiseptic it prevents infection, and its healing and soothing properties take out all the soreness from the wound.

COUNCIL PROVIDES IMMEDIATE WORK

Sum of \$24,000 Appropriated For Unemployed

A large number of unemployed greeted with applause last night a resolution brought before the City Council by Aldermen Arthur Lineham and A. E. Todd, providing for the expenditure of about \$24,000 on public works for immediate relief of unemployment.

Aldermen Lineham and Todd made a tour of the city yesterday in order to determine a programme of work with which the Council might deal and it was promptly adopted, though Aldermen Hayward and Patrick opposed the immediate expenditure of \$5,000 on Elk Lake and \$2,500 on Mt. Douglas Park improvements.

Aldermen Todd, Lineham and Woodward were appointed a committee to interview the Government and Saanich regarding further relief measures.

The resolution was as follows: "Whereas it is desirable that work shall be found to relieve the unemployment situation; and that the foregoing action hereunder indicated shall be taken in connection with each of the herein-after mentioned items, in order to provide relief work:

"1. That, commencing at the point on Shelbourne Street where the present macadam surfacing ceases, that the said grading and surfacing be extended to Lansdowne Road (Hillside Avenue); the said work to commence immediately.

"2. That the attention of the City Engineer, Reverted Lands Commissioner and Reverted Lands Committee be drawn to the fact that, by a little manoeuvring it will be possible to link up existing streets (principally Shelbourne Street and Rockland Avenue), so as ultimately Memorial Avenue can be made to commence at Government House, and that the foregoing individuals and committee be requested to bear this in mind so that the 'linking-up' can be gradually effected at comparative insignificant cost, and subject, from time to time, to the Council's endorsement and consideration of each of the proposed successive steps that may be in future recommended.

"3. That the City Engineer be instructed to submit to the City Council at its next meeting an estimate of the cost of providing a pavement on Hillside Avenue, from the end of the present pavement to the eastern side of intersection of Shelbourne Street; alternative propositions to be submitted by the Engineer.

"4. That the expenditure of an initial sum of \$10,000 for the laying of macadam trails be now authorized; the work to be commenced immediately, and to be in such streets as the Engineer, subject to the approval of the Mayor and as the Chairman of the Street Committee may direct.

"5. That a special grant of \$2,500 be made towards Mount Douglas Park; to be expended in rendering the park more attractive, including repairing existing roads and trails other than the main public highway, the work to be done under the jurisdiction of the Victoria members of the Victoria-Saanich Beaches and Parks Committee after consultation with the said joint committee. A report to be submitted to the City Council as to the feasibility of a road to the top of Mount Douglas, in order that, if thought advisable, further relief for the unemployed may be found in the construction of the said road.

"6. That a special grant of \$5,000 be made for expenditure at Elk Lake watershed, towards its ultimate development as a park area, golf links, work to be put under way at the earliest possible date, and the City Engineer and Elk Lake Committee instructed to take the necessary steps to so arrange.

"7. That a special committee, consisting of three members of the City Council, be appointed to interview the Saanich Municipal Council and also the Hon. John Oliver, with a view to discussing the unemployed situation and further works, and a securing of financial assistance from the Provincial Government, and for the discussion of the best procedure to take to secure proper assistance from the Federal Government.

"And that the Engineer and the several committees named be urged to take all steps necessary to bring about commencement of the foregoing relief works at the earliest date possible, and with a minimum of delay."
