PRICE FIVE CENTS

GIANTS TAKE FIRST GAME OF SERIES BY HITTING IN EIGHTH

Joe Bush Driven From Mound Under Avalanche of Hits; Nehf Only Lasted Seven Innings For Giants; McGraw's Clan Committed Three Errors.

Polo Grounds, New York, Oct. 4.—The Giants got away on the right foot and won the first game of the world's series by 3-2 from the Yankees.

Up to the eighth inning Joe Bush, the fork-ball twirler of the Yankees, managed to keep the Giants' sluggers in subjection, but then they broke loose and scored enough runs to win the game.

The Giants sent Art Nehf, their flashy little southpaw, to the mound, to oppose Bush, but neither managed to last the route. Nehf gave way in the seventh to a pinch-hitter, while Bush was driven from the box in the eighth.

Waite Hoyt, the hero-of-the-series last year, relieved Bush, while Ryan finished the game for the Giants.

Hoyt was the hitting flash of the day, getting two singles and a triple in three trips to the plate. Babe Ruth figured among the hitters, getting a single in the sixth which gave the Yankees their first run.

Up to the eighth inning Joe Bush, the fork-ball twirler of the Yankees, managed to keep the Giants' sluggers in subjection, but then they broke loose and scored enough runs to win the game.

WELL-KNOWN MEDICAL REFORMER COMING; DR. W. R. HADWEN

Dr. Walter R. Hadwen will arrive here on Friday morning. He is the president of the British Union for the Abolition of Vivisection, the largest anti-vivisection society in the world.

Dr. Hadwen was invited to lecture on the subject in the United States in 1921, and is now making another visit, his chief objective being California, where a bitter fight will be waged between the opposing forces on the question of vivisection.

Dr. Hadwen will be the guest of honor at a luncheon given by the local Anti-Vivisection Society on Saturday, and will give an address on vaccination.

The doctor arrived recently in New York and proceeded directly to Canada, speaking in Montreal, Ottawa and Toronto. He then returned to the United States, giving addresses in Chicago and other American cities en route to Seattle.

He will lecture in Vancouver Thursday, and will also give a public evening here, lecturing publicly Friday evening.

SAANICHTON FAIR OPEN TO VISITORS

F. A. Pauline, M.P.P., Performs Opening Ceremony More Entries This Year Than Any Previous Record

The fifty-fourth annual exhibition of the North and South Saanich Agricultural Society at Saanichton was formally declared open this afternoon by F. A. Pauline, member of the Legislature for Saanich.

The ceremony was simple and brief. After expressing his appreciation of the invitation to open the Fair and congratulating the Society on the greatly increased interest being shown, as evidenced by the many additional entries as compared with any previous year, Mr. Pauline praised the display of women and children's work as most interesting and very creditable to all concerned.

Mr. Pauline recalled the recent announcement by the Royal Mail Steam Packet Co. that its vessels sailing between British Columbia and British ports had ample room for all fruit offered for the English market, and hoped this profitable field had come to the attention of the Saanich farmers through their marketing associations.

"I think all will admit that we have had a somewhat difficult season, and that conditions are not just as bright as they once were, unless you have shown once again, for the 54th time, what the Saanich peninsula can do, what the skill and industry of its people have accomplished."

"In congratulating you, Mr. President, and your brother officers upon the result of your efforts, I venture to predict that the future of your fair is bright indeed and in declaring your exhibition open I wish you every success now and in the years to come," said Mr. Pauline.

The ladies of the South and West Saanich Women's Institute provided lunches and refreshments with their accustomed hospitality.

Two fires in Montreal asylum. One last night; one this morning; incendiarism.

Montreal, Oct. 4.—Fire broke out in the St. Jean Hospital for the insane, one of the great lunatic asylums of the province, at Longue Pointe, in a suburb of Montreal, during the night and after being extinguished burst out afresh this morning.

The first fire was in the roof of the boiler house and was quickly placed under control.

The second fire was placed under control after a hard fight. The material loss was heavy.

REFUGEES GIVEN TILL OCTOBER 8 TO LEAVE SMYRNA

Smyrna, Oct. 4.—The local Turkish authorities have extended the time limit for the evacuation of the Christian refugees from Smyrna to October 8, owing to the discovery in the suburbs of considerable numbers of persons who had been unable to leave.

VENIZELLOS WANTS ALLIES IN THRACE

Suggests Occupation Till Territory Disposed Of

London, Oct. 4.—Former Premier Venizelos of Greece called on Ambassador Harvey to-day and asked the Ambassador to send a message to Washington requesting the United States Government to intercede with the Allies and request them to occupy Thrace pending the final disposition of that territory.

THOUSANDS DIED IN FLOODS IN NORTHERN REGION OF BENGAL

Calcutta, Oct. 4.—Floods in Northern Bengal have taken an enormous toll of life, according to passengers on the first train to reach here from Darjeeling in eight days.

It is impossible exactly to state the extent of the disaster at present, but the travelers estimate that several thousand persons were drowned in the affected area, other thousands made homeless and destitute and valuable crops destroyed.

CONSTANTINE MAY BE SEEN IN NEW YORK

London, Oct. 4.—According to a dispatch to The Daily News from Palermo, the local hotels were unable to furnish accommodations for former King Constantine and his party, and they probably will stay at Taormina, south-west of Messina, for a fortnight, and afterward proceed either to Switzerland or New York.

BRITISHERS LEAVE CONSTANTINOPLE Families of Officers and Civilians Depart

Constantinople, Oct. 4.—One hundred families of British officers and civilians left Constantinople yesterday in accordance with the plan for the evacuation of the city by the British in the event of an amicable arrangement being reached with the Kemalists for the occupation of the capital.

EFFORT TO END IRISH BLOODSHED Amnesty for Those Who Surrender Arms by Oct. 15

Dublin, Oct. 4.—It is in the hope of restoring peace without further bloodshed that the Irish Government is offering full amnesty to all offenders who surrender their arms by October 15, says the proclamation.

HELP TO SHAPE NEW POLICIES OF TURKS; FETHY BEY

In the Kemalists' Turkish Nationalist Ministry, Fethy Bey is Minister of the Interior.

TURKS ACCEPT PLAN OF ALLIES AS BASIS OF EARLY DISCUSSION

Mudania, Oct. 4.—An official communique issued here, where the conference between Allied military officials and Turkish Nationalist representatives is in progress, says the Nationalists have accepted in principle the Allied note. The Kemalists, adds the communique, have re-issued orders to the Nationalist troops to avoid contact with the British.

Kemalist Troops Ordered to Avoid Contact With British; Allied-Turkish-Greek Treaty to Be Drafted Soon At Conference.

The conference was continued to-day, taking place ashore, as it did yesterday, in the Turkish Government building.

REPORTED TURKS SHELLED U.S. SHIP TAKING REFUGEES

London, Oct. 4.—Reuter's has received the following from a semi-official source in Ankara: "According to the newspapers, an American destroyer engaged in embarking refugees at Avli was bombarded by the Turks."

THOUSANDS DIED IN FLOODS IN NORTHERN REGION OF BENGAL

Calcutta, Oct. 4.—Floods in Northern Bengal have taken an enormous toll of life, according to passengers on the first train to reach here from Darjeeling in eight days.

TURKS TO END PACT WITH SOVIET

Constantinople, Oct. 4.—Russia loomed on the horizon to-day for the first time as likely to prove an important figure in the settlement of the Turkish problem.

ALLIED GENERALS EXCHANGED VIEWS

The meeting ended at 8 p.m. and resumed this morning at 10 o'clock. During the interval the Allied generals exchanged views in order to examine the non-fundamental objections of the Turkish delegate.

GREEK ABDICATION DOCUMENT STOLEN

Athena, Oct. 4.—Constantine's act of abdication has disappeared. The document is said to have been seized by military officers sympathetic with the deposed monarch in an effort to save him his throne.

NEW ZEALANDERS READY FOR DUTY, SAYS MASSEY

London, Oct. 4.—Premier Massey of New Zealand says a Reuter dispatch from Wellington, in addressing a meeting of electors, said: "It is very disappointing to us all to realize that, while we are still troubled by the aftermath of the Great War, we may be called upon again to do our duty to our country and Empire, but if the clash comes I know I and my fellow countrymen will stand up to it and do their duty and take the consequences, whatever they may be. The future is in the hands of Providence."

TURKISH ATROCITY STORIES ARE BEING INVESTIGATED

London, Oct. 4.—Military missions composed of British, French and Italian officers have left Constantinople for Adlanople, Rodosto and Lule Burgas to investigate charges of atrocities and to maintain a pacifying surveillance.

FIFTH JURY IN EASTERN CANADA CASE DISAGREED

St. John, N.B., Oct. 4.—The fifth trial of John Parish, a malatto of Truro, charged with the murder of little Sadie MacCauley on August 1, 1921, came to an end yesterday and resulted in another disagreement. The jury was discharged and the prisoner, on motion of the Attorney-General, was remanded to jail.

BELLA COOLA HAD RIVER FLOOD

No Loss of Life at B. C. Coast Village

Vancouver, Oct. 4.—Bella Coola, a little town of 175 inhabitants on the North Coast of British Columbia, was completely submerged in a flood from the Bella Coola River last Friday and is now under a blanket of four to six feet of mud and water, according to officers of the steamship Cambusn, which has arrived here. Many of the residents are homeless and it is believed other towns on the river suffered from flood conditions following a heavy downpour of rain Friday night and Saturday morning.

Although the town of Bella Coola was still in a submerged state when the Cambusn left her moorings Sunday morning, no loss of life had been reported.

The Hotel Bryndoln was undermined and washed out by the flooding river.

TO DISCUSS LIFTING OF CATTLE EMBARGO

London, Oct. 4.—(Canadian Press Cable.)—Arrangements have been completed for a preliminary meeting on Friday next of representatives of the British and Canadian Governments to discuss the drafting of legislation providing for the raising of the British embargo against Canadian cattle.

It is stated the Canadian delegation will include J. H. Grisdale, Canadian Deputy Minister of Agriculture, and Hon. Duncan Marshall, ex-Minister of Agriculture for Alberta, who will be joined by Hon. P. C. Larkin, Canadian High Commissioner in London; Hon. W. S. Fielding, Minister of Finance, and Hon. Ernest Lapointe, Minister of Marine and Fisheries, who have been attending the sessions of the League of Nations Assembly.

VICTORIANS WHO WELCOMED HEAD OF NAVY LEAGUE

A large number of representative citizens of Victoria greeted President Sam Harris. Among those who will be recognized in the above photograph are: Mrs. Harris, fifth to the right in the front row; A. C. Flumerfelt, Mrs. Langley, Sam Harris, Major W. H. Langley following in succession to the right. Mr. Justice McPhillips is the central figure in the back row and Rev. (Colonel) Andrews is seen seated on the extreme left. Admiral Sir Edmund Pears will also be noted in the group.

UNION BEGINS CONVENTION

Larger Delegation of Municipal Leaders Than Usual Assemble
Parliamentary Agent is Cautious About Relief to Municipalities

Kamloops, B.C., Oct. 4.—With an agenda containing about twenty resolutions dealing with a variety of subjects, and an attendance of about 150 delegates, the Union of British Columbia Municipalities opened its convention this morning. The opening session was confined almost entirely to hearing reports, the reading of President Jack Loutet's annual address, and the reports of Parliamentary Agent F. A. McDiarmid and Treasurer A. Wells Gray, meeting with approval. One feature was the refusal of Mr. McDiarmid to accept remuneration for his services during the past year. The union voted him \$1,500 last year, but he stated that owing to the fact that his time had been taken up with other matters, he would not accept the fee.

Among the resolutions is one urging the four Western Provinces to unite in a plan to tax all persons alike on ability to pay basis. It is suggested that the Government return the money to the municipalities to relieve property owners of expensive educational tax costs. Other resolutions deal with distribution of liquor profits and the establishment of a public utilities commission.
Mr. McDiarmid, reporting on last year's new legislation, dwelt upon municipal benefits from the race track, amusement tax and liquor profits, saying that British Columbia's situation was "the more people bet on horse races and the more liquor they drink the more money is available for education; the cost of which had doubled since 1916."
Mayor McHardy of Nelson urged the backing of the convention to the proposal of the executive to raise the annual membership fees of municipalities.

BRITISH COMPANY OPERATES IN SIBERIA

Favorable Terms Are Given by Soviet

Brussels, Oct. 4.—Felicjan Cattier, who was Belgium's representative at the conference held at The Hague on Russian affairs after the failure of the Genoa Conference, showed a meeting of Belgian manufacturers a contract concluded between a British company operating in Siberia and the Moscow Government, which contained important modifications in the previous ideas of the Soviets, says Le Soir.
The newspaper adds that in the contract the property of the company, consisting of forests and lands and concessions for buildings and the development of minerals, which had been confiscated by the Soviets, were returned to the company under a formal ninety-nine-year lease. The taxes of this company are limited to a reasonable figure and most of the restrictions as to hours and labor and like questions are removed. In addition, the workmen's committees are forbidden to interfere in the management of the company, except for the elaboration of shop rules.

The Soviet also undertakes to pay by way of indemnity for damages suffered by the company 20,000,000 gold rubles, represented by fifteen-year three per cent Treasury bills with the right to transform the bills into stock of the first international loan to Russia.
The company, however, according to the newspaper, binds itself to use the 20,000,000 gold rubles in developing its business.
All differences in the application of the contract are to be settled by arbitration.

BOX SCORE SHOWS HOW GAME WAS WON BY GIANTS

Polo Grounds, New York, Oct. 4.
The following is the box score of the world's series game to-day, won by the Giants:

GRAIN SHIPS LOADING ON COLUMBIA RIVER

Portland, Oct. 4.—Six grain ships were in harbor here as the new month opened. It was expected that all of them would be dispatched before October 15. It is reported that the British steamship Indian City is on her way here from Cardiff to load wheat, although her charter has not been announced. A charter at 31s 6d, the lowest rate of the season thus far, was reported Saturday.
The steamship Steel Inventor, due back here Thursday from Puget Sound, will load 1,000,000 feet of lumber for New York.
The schooner Ecola tied up here after returning from Kobe, where she had carried lumber. Her future movements are undetermined, as she has not been chartered.
Efforts are underway to lessen the existing cement shortage here by bringing shipments from California, but to little avail. Two part cargoes are expected this week, on the Wahkena and Annette Holph, respectively, but orders waiting here already exceed the amount that these vessels will bring.
The steamer Gothic Star, expected October 12, is to be the first vessel to arrive here in the resumed service of the Blue Star Line. It is announced she will take out large shipments of apples in her refrigerated space.

ABBOTSFORD THIEVES THOUGHT TO HAVE CROSSED INTO U.S.

Abbotsford, B.C., Oct. 4.—By the simple process of cutting out a panel in the door, thieves this morning robbed the Government liquor store here. Provincial police and the vendor, Sam Lowry, say they are unable to say what quantity of goods is missing until they check over the stock. It is suspected that a considerable amount was taken, as the thieves left in a motor car, presumably going across the line near Sumas.
A brace and bit were used to bore holes around the door panel.

LENINE EMERGES FROM RETIREMENT CAUSED BY ILLNESS

Moscow, Oct. 4.—Premier Lenine presided at last night's sitting of the Council of Commissars, that being his first public appearance since his illness began.
GIVEN JAIL SENTENCE.
Two months' hard labor was imposed upon Nip Kee in the city police court to-day, following a conviction as keeper of an opium den at Cabot Theatre Alley. Wong On, an inmate of the same premises was fined \$25 and costs. The convictions followed a raid by Inspector Heatley, Sergeant Blackstock and a posse of constables. Opium gear found on the premises was confiscated. Yow, charged with being in possession of opium was remanded for judgment to-morrow. Ernest Miller, appearing for the accused, who pleaded not guilty.

TO PUT BACK CLOCKS.

Paris, Oct. 4.—The clocks throughout France will be set back an hour at midnight next Saturday, ending Summer time.

SALTS FINE FOR ACHING KIDNEYS

Eating too much meat may clog Kidneys, then the Back Hurts.
Most folks, forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidney's active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidney's clean.
A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

A New **Diamond Tire**

"THINK FIRE" BEFORE IT HAPPENS
Slogan of the Victoria and District Fire Insurance Association for Prevention Week
Don't allow children to play with matches.
Don't leave everything to the landlord; inspect your own house from cellar to garret.
Don't throw away lighted matches, cigars, or cigarettes.
Don't go into dark closets, bedrooms, or cellars, using matches or candles to light your way.
Don't use coal oil, benzine or naphtha in lighting fires, or so quicken a slow fire—it may result in death.
Don't use gasoline or benzine to clean clothing near an open flame, light or fire.
Don't use alcohol lamps, especially if made of glass; they often break and the fluid is ignited at once.
Don't fill any lamp with gasoline or coal oil while the lamp is lighted. Keep the burners of all oil lamps thoroughly clean.
Don't fill oil lamps after dark or within fifteen feet of lights or fire.
Don't put ashes in wooden boxes or barrels. Keep ashes away from boards.
Don't use oils with a low flash point.
Don't accumulate rubbish in premises, cellars or workshops. While awaiting removal, keep such material in covered metal-lined receptacles. Prevention is better than a cure.

RAILWAY NEEDS WERE DISCUSSED

Chief Officials of National Lines Conferred With Federal Minister

Ottawa, Oct. 4.—Requirements of the Canadian National and Grand Trunk Railways for the ensuing year were fully discussed at a lengthy conference yesterday between D. B. Hanna, president of the Canadian National Lines; W. D. Robb, Vice-President and General Manager of the Grand Trunk system, and Hon. G. P. Graham, Acting Minister of Railways and Canals. Work necessary for the betterment of the joint system, as well as steps to be taken in bringing about further co-ordination of the two wings of the National system, were gone over fully and carefully by the executive heads of the two units, it is understood. Railway matters, it is believed, are likely to be to the fore at this afternoon's meeting of the Cabinet, though whether or not these will include any further progress toward

BY-ELECTION IN NEWPORT, WALES

London, Oct. 4.—(Canadian Press Cable).—There remains no doubt that the Newport, Wales, by-election to fill the vacancy caused by the death of James Haslam, Coalition Liberal, will be a triangular contest on the old lines and a stern fight is expected. Polling will take place on October 18. The Liberals have adopted L. Moore as their candidate, a local solicitor, who has been conspicuous in the town's affairs for thirty years. The Laborites have nominated J. W. Bowen, a postal worker, who opposed the late member, and the Conservatives last night nominated Reginald Clarry, of Swansea, who has local business and social connections.

POLES TRY LIQUOR RESTRICTION PLAN

Warsaw, Oct. 3.—Poland took a new step toward prohibition to-day by the organization of a governmental commission to restrict the liquor traffic. The scheme is under the direction of the Minister of Health.

U. S. PUBLIC DEBT SHOWS DECREASE

Figure on September 30 Was \$22,812,407,791

Washington, Oct. 4.—A reduction of \$230,000,000 in the public debt during September was announced yesterday by the Treasury. The public debt stood on September 30 at \$22,812,407,791, as compared with \$25,042,75,234 on August 31, the reduction having been brought about by sinking fund operations and the maturity of outstanding Treasury certificates in excess of the amount issued. Ordinary receipts of the Government during September aggregated \$455,000,000, compared with \$589,000,000 in September of last year, while the total expenditures chargeable against ordinary assets totalled \$247,000,000, compared with \$268,000,000 during September a year ago. Customs receipts for the month were \$75,000,000, compared with \$25,000,000 a year ago, while income and profits taxes, which included the

THREE KILLED IN EXPLOSIONS IN MISSOURI

Joplin, Mo., Oct. 4.—Three men were killed in two explosions at the powder plant of the General Explosives Company yesterday. A gelatin mix house was the first to explode. Flames from that building set fire to a nitro-glycerine tank, which also exploded.

LOCKJAW AFTER AN OPERATION

Toronto, Oct. 4.—Dr. Norman Allan, a prominent Toronto surgeon, lies in a critical condition here suffering from lockjaw following an operation some two weeks ago. It is believed that his condition is due to some germ in apparatus used during the operation. It is the third case of the kind within a short time in Toronto.

CHURCH MESSAGES OF GREETING

Committee Dealt With Near East Resolution

Toronto, Oct. 4.—The Methodist General Conference last night received the greetings and felicitations of sister churches and co-operating societies. Anglican, Presbyterian and Congregational representatives expressed the hope of church union and paid tribute to the great work the Methodist Church in Canada has accomplished. The Salvation Army brought its greetings, and greetings came also from the Red Cross, the Boy Scouts, the Orange Lodge, the British and Foreign Bible Society, the Social Service Council of Canada and the Lord's Day Alliance.

H. C. Hocken, M. P., urged more co-operation between the churches and the Orange Grand Lodge. The lodge was anxious to co-operate. It had been a big force in developing the idea of church union, for all denominations were represented in the membership of the grand lodge, he said.

Committee Work. The delegates to the General Conference spent a busy afternoon yesterday in committee work. The special committee which drafted the resolution setting forth the position of the conference on the Near East situation "laid down" that resolution in the hope it would pass the conference without any serious opposition. When it was held up on Monday the opposition was chiefly centred on the interpretation that it pledged the Methodist youth of the land to go to war if the Dardanelles trouble should lead to hostilities. Many felt that the delegates had no right to make such pledges for other people. Accordingly, Rev. Dr. S. G. Bland, assisted by other members of the committee, made changes to meet such objections without to any great extent lessening the force of the resolution as at first drafted. The committee which is to take up the appeal from Grace Church, Winnipeg, was organized under the chairmanship of Rev. S. L. Gentry, of Vancouver. The committee includes George Bell, of Victoria, B. C. Rev. Levi Curley, of St. John's, Nfld., was elected chairman. The departmental committee, looked upon as the most important committee in the conference. Winnipeg is in the field early with its invitation that the conference four years hence meet in that city.

STORMY ITALIAN SOCIALIST DEBATE

Invectives and Fisticuffs at Rome Convention

Collaborationists and Abstentionists Are Two Factions

Rome, Oct. 4.—As the convention of the Italian Socialist Party approaches its end the discussions are becoming more stormy. Deputy Prampolini, the venerable Socialist editor, who belongs to the Collaborationist group, addressing the Abstentionists, said: "I deny the right to command the world." "History has proved that only might is right," interjected Menotti Cerrati, a member of the executive committee of the Socialist Party. "Uproar ensued, the Collaborationists shouting. Insults and invectives were hurled everywhere. Then followed fist-fights, which interrupted the proceedings.

Chaos Again. On resuming the discussion later, Signor Cerrati said the disorder had shown the necessity of a schism. He urged that the Collaborationists had begged him not to be too aggressive in his statements. Chaos again ensued. Signor Modigliani, leader of the Collaborationists, shouting "Liar," moved toward the door, followed by his supporters. They were induced to return to their seats, however. Signor Cerrati, in concluding his speech, said social problems could not be solved legally, but only through revolution, and that therefore the Socialists must organize a campaign of violence.

TROOPS OCCUPYING RHINELAND HAVE BIG LIQUOR BILL

Berlin, Oct. 4.—The troops occupying the Rhineland consumed 118,777,684 marks worth of German wine during the fiscal year of 1921. In addition they used 124,732 bottles of German champagne. The figures above do not include foreign drinks imported into the region, which entered free of taxes and customs. It is estimated that the wine consumption alone represents a loss of 20,000,000 marks to Germany in taxes. The loss of taxes on German beer consumed by the troops amounted to 9,000,000 marks and on German cigarettes smoked by the troops 2,000,000 marks.

HON. A. B. COPP GREETED IN SEATTLE

Dinner Guest of Twenty Former Canadianians. Seattle, Oct. 4.—Arthur B. Copp, Canadian Secretary of State, who is visiting Seattle on his way to the guest at an informal dinner given by twenty former Canadianians at the New Washington Hotel last evening. He was welcomed in behalf of the city by Mayor Edwin J. Brown. As his visit is an unofficial one, he declined invitations to be the guest of honor of the Chamber of Commerce and the Canadian Club at a dinner.

THREE CANDIDATES IN TORONTO CONTEST

Toronto, Oct. 4.—Claude Pearce, motor car dealer, was unanimously nominated last night at a Liberal convention to contest Southeast Victoria for the provincial seat. This makes the contest a triangular one, Colonel J. A. Currie being the Conservative candidate and John Callahan, nominated at an open Liberal convention some weeks ago, having declared his intention to stay in the fight.

PRAIRIE FIRE CAUSED DEATH

Boy Lost Life in South Dakota. Aberdeen, S. D., Oct. 4.—Robert Gauder, 15, lost his life and six other persons were burned, one probably fatally, as the result of a prairie fire which yesterday afternoon swept twenty-eight miles across Potter County on a four-mile front. The property loss includes hundreds of acres of hay land, many stacks of hay, several barns, a schoolhouse and some livestock.

AUTOMOBILE DRIVER BURNED TO DEATH

Tacoma, Oct. 4.—A. L. Dehlinger, 38, a "brilliant" driver of this city, was burned to death beneath his automobile last evening when his machine left the road, plowing the driver beneath it.

GLAD TO BE ABLE TO WORK

Toronto Woman Gives Credit to Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I suffered with irregular periods, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. If these facts will help some poor woman, use them as you please."—Mrs. J. F. PEASEY, 387 King St., West Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women.

IMPROVED POSTAL SERVICE IS GOAL

Officials from Various Parts of Canada Meet in Ottawa

Ottawa, Oct. 4.—Steps which might be taken to improve the morale of the postal service and create personal interest in the achievements of post offices were discussed at yesterday afternoon's conference of the postal officials.

Among the proposals made was one from J. F. Murray, Vancouver, that postal employees should be carefully selected and given adequate remuneration; that fines should be abolished and a satisfactory system of promotion inaugurated, and that meritorious service should be announced through the postal bulletin and through the press. Members of the conference were unanimous in feeling that adoption of a satisfactory superannuation act, with provision for widows and orphans, would do much to improve the morale in the service.

Amendment of the oath of office by changing the present form to one which would let the employees know what was expected of them was also suggested, together with a proposal from Montreal that the sending of money and valuables in unregistered letters and parcels be forbidden. This, it was urged, would greatly reduce thefts and abstractions.

NO MILK WAGONS BEFORE 6 A. M.

Vancouver Labor Council Suggests Clause for Milk By-law

Vancouver, Oct. 4.—That no milk wagons should appear in the streets of Vancouver before 6 o'clock in the morning is the effect of an amendment which the Vancouver Trades and Labor Council will seek to have attached to the proposed milk by-law now before the City Council. This is designed to make working conditions of milk wagon drivers more attractive. It will also be asked that the use of milk bottles by householders for any other than the purpose for which they were intended be made an offence.

GOOD ROADS LEAGUE FINISHES SESSION

Kamloops, Oct. 4.—The Good Roads League of British Columbia yesterday, before adjournment, agreed to ask the Provincial Government to investigate the suggestion of a tax on roadsters. Ex-Mayor R. H. Gale, of Vancouver, was elected president for a sixth term. Vernon was tentatively fixed for next year's meeting place. Most of the principal officers were re-elected, with the addition of a committee appointed to look into the marking of routes for the guidance of tourists. It was resolved to ask the Legislature to lift the regulation requiring vehicles to slow down to ten miles an hour at intersections. The regulation was said to be difficult of enforcement and unfair to traffic. The league favored the substitution of a rule that motorists should proceed at a reasonable speed and not more than ten miles an hour at school areas.

PHENOMENAL. Lavish use of the word "phenomenon" by a negro preacher brought a member of his congregation to him at the close of the service to inquire its meaning. "What do 'phenomenon' mean?" "Well, Brudder Brown, Ah'll 'splain by tellin' you fust what it ain't." "Now, if you comes down de road an' passes a brier patch, dat ain't no phenomenon. An' if you goes on an' sees a cow, dat ain't no phenomenon. Den 'spoonin' you goes a little further an' hears a mockin' bird a singin' in de trees, dat ain't no phenomenon. "But Brudder Brown, ef you some by a cow a settin' in a brier patch a-singin' like a mockin' bird, now, dat am a phenomenon."

A generous sample tin of Instant Postum sent, postpaid, for 4c in stamps. Write: Canadian Postum Cereal Co., Ltd., 45 Front Street E., Toronto. Factory: Windsor, Ontario.

Victoria Daily Times
WEDNESDAY, OCT. 4, 1922.
Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

WHERE ARE THEY GOING?
Our morning contemporary declares that "thousands upon thousands of the population" are leaving this country for the United States and other lands in order to escape taxation and make a living.

Our morning contemporary declares that "thousands upon thousands of the population" are leaving this country for the United States and other lands in order to escape taxation and make a living.

And what other lands are attracting Canadians at this time? We do not recollect reading of any substantial migration to the Motherland. Taxation on the other side of the Atlantic is surely not an alluring bait for the people of this country.

Most people know that Canada is extremely fortunate in its light load of per capita taxation. True it is we have a gigantic economic problem to solve. But it is not a fact that of all the countries whose currency suffered from depreciation in exchange this land of ours was the first to get back to normal? Where is our complaint?

"REPUBLICANS" DIVIDED.
Discord within the ranks of the Irish "republican army" seems to have resulted in a dissolution of partnership between Eamonn de Valera and Liam Lynch. Correspondence seized by the Free State forces and read to the Daily Eireann the other day indicates serious differences between the two leaders which are by no means of recent date.

While it does not necessarily follow that the task of the National army will be simplified by a split in the ranks of the insurgents the disclosures would seem to indicate that it is beginning to dawn upon the diehards that their hopes of success have long ago vanished. The kind of warfare that has been indulged in by the opponents of the Free State does not necessarily require the guidance of a unified command; but much of its hideous novelty will wear off as soon as the rank and file shall detect uncertainty among their leaders.

In the meantime Parliament is making excellent progress with the constitution. It has already approved the new oath and there is nothing to suggest that the remaining clauses will provoke anything in the nature of a controversy.

NOT EASILY FORGOTTEN.
We fear it will be a considerable time before the people of British Columbia will be able to read the political speeches of Mr. H. H. Stevens, M. P. for Burard, without being reminded of his recent joust with Mr. Bowser for the leadership of the Conservative Party in this Province. It was an unfortunate day for the ambitious Vancouver Parliamentarian when he decided to enter those particular lists, and it was not exactly an auspicious moment for Mr. Meighen when he gave his blessing to Mr. Stevens' enterprize. It might

be mistaken for a display of malice if we were to review the encounter in detail, and it will be sufficient to recall that Mr. Meighen's champion was as badly outclassed by Mr. Bowser as statuesque Mr. Carpenter recently was by the Senegalese knight, Mr. Siki. Mr. Stevens, of course, was quite confident that he, otherwise, would be an easy victor, for he would not have risked the loss of prestige and authority at Ottawa which was bound to follow defeat, and his confidence was shared by Mr. Meighen who, if this were not so, would not have come to British Columbia with the expectation of felicitating his lieutenant on the spot of his victory. However, we may predict for Mr. Stevens an interesting time when he tries to account for his bruises to the members of the House of Commons next Session.

WORST OF ITS KIND.
While the high tariffs at Washington are preening themselves upon having accomplished the successful passage of the Fordney-McCumber bill the people are beginning to wonder to what extent their pocketbooks will suffer in consequence. Already bending under the burden of high taxes and cost of living the average man in the street on the other side of the line knows full well that an imposition of something like \$1,000,000,000 in new taxes has a particularly uncomfotable significance for him.

After dealing with the history of the measure—which it describes as the worst of its kind ever passed by Congress—the New York World speculates upon its effect as follows:

Forward steps in public policy are commonly harder to achieve than backward steps. But with the most reactionary of American Tariff Bills the rule is reversed. The reasons are clear. The backward march in this case has had to be executed through formidable obstacles all the way. Public sentiment as a whole has been openly hostile. Republican sentiment in unprecendented measure has been hostile. The change of the country from a debtor to a creditor Nation has put a new face on the whole tariff situation. Its much larger interest is now, if not before, to be found on the side of expanding trade intercourse with the outside world. It had been put by the war in a position to take-and-hold—the commercial and manufacturing leadership of the world, and the people of the United States had come to realize the fact and to be eager for the great opportunity. But this Tariff Bill snatches away the opportunity and reverts to an outgrown policy of trade isolation. It again sets up in worse degree than ever the protecting interests of a few favored producing classes above the general interests of all.

Our contemporary obviously recognizes that American export trade must disappear as the Fordney-McCumber measure operates. Europe cannot pay in goods if the tariff wall is too high to admit the manufactured surplus from the other side of the Atlantic. It is a process of trade isolation that runs contrary to the fundamentals of economic law, and if the battle shall be fairly staged between the will of the people and a few privileged interests there can be no doubt about the final result.

THE UNIVERSITY.
Students and people alike will learn with satisfaction that the Provincial Government intends to proceed with the construction of the University at Point Grey. To postpone the project indefinitely would have resulted in the destruction of much of the good work that has already been accomplished and the sequel would have been a serious black eye for the Province.

It is not necessary to enumerate the manifold reasons why there should be no hesitation in completing the original proposal. Apart from the unsatisfactory conditions under which the work of the institution has been carried on since its inception there is the obvious stigma upon the educational life of the Province. And while recognizing the size of the provincial debt, as well as the many pressing matters which demand solution by the provision of more money, it can be taken for granted that the Legislature will approve the course that is about to be taken by the Government in connection with the University.

RUSSIA'S RIGHTS.
There is a growing sentiment in Great Britain that unless Russia shall be consulted in the final disposal of the problem offered by the status of the Dardanelles there can be no lasting

agreement. After all the Straits are the only entrance to the Black Sea and the Black Sea ports are the only Russian ports that are open in the winter. Out of respect for this important consideration it might well be assumed that Russia has a right in territory that is not legally her own. That right assuredly is in the Dardanelles and it is easily as vital as that of any other people in the world. On the broader basis it goes without saying that no good purpose can be served by continually ignoring the existence of 160,000,000 people because their form of government and that Government's actions do not harmonize with modern democracy. If the Allies are ready to re-admit the Turk into the best of European society why should they continue to treat the German and the Russian as if both were of some lower order of humanity. Get all three into the League of Nations as quickly as possible and give that organization some fangs that may be shown on occasion. The more there are to share its undertakings the better it should be for the world.

NOTE AND COMMENT
Rumors are coming from Afghanistan to the effect that the Moslems in that part of the world are getting "hot under the collar" and want to have a go at any enemies of Turkey that feel inclined. But the young Amir will recall what a few aeroplanes and a battalion or so did to his tribesmen in the early days of 1919.

Other People's Views
Letters addressed to the Editor and intended for publication must be short and legible. The name and address of the writer must be given in full, and the name of the publication must be stated. The publication or rejection of a letter is a matter entirely in the discretion of the Editor. No responsibility is assumed for the paper for MSS. submitted to the Editor.

THE "MYSTERY" BERRY.
To the Editor.—This mystery has been solved by my friend, Mr. H. Pansey, of Holly Crest Nursery, Metcosh. He writes me the mystery berry in The Colonist. This is a flowery writer who is pulling the ordinary public's leg. The answer to the "mystery" is contained in the article.

OUTLINE OF HISTORY.
To the Editor.—Bishop MacDonald's letter attacking Mr. Wells' "Outline of History" seems, when dissected, scarcely worthy of so astute a controversialist as the Bishop has proved himself to be on former occasions. For in the opening paragraph he asks the following astonishing question: "How can anyone pretend to know the facts of a period of long history, if he has not seen the human beings who lived in that period?"

Unfortunately, so far as man himself is concerned, this knowledge is not as hattering to man as that taught in the orthodox religious schools. And there's the rub! He naturally prefers to believe himself to be a creature, ape-like in his origin, struggling through a series of efforts to keep himself alive under terrible conditions, and gradually out-stripping in brain power and in ruthlessness all his fellow creatures.

It would take too long to discuss the rest of the Bishop's remarkable letter, but one passage certainly deserves some comment. After stating that animals do not appear to have altered or advanced, the Bishop asks: "Why? And why, in his own question in the following way: "Because, as the Bible tells us, God made the earth for the use of man; but man He made in His own image and likeness to have dominion over the birds of the air, the fishes of the sea, and the beasts of the field."

What possible use, for instance, are those deep sea fishes, only recently discovered by scientific expeditions, which pass their entire lives at such great depths that when they are drawn to the surface they burst from the alteration of pressure? It is surely not for man that they have lived for countless ages

mile and miles beneath the surface of the sea. It is necessary to press this point any further. I think not. A little thought will very soon show the absurdity of the idea that all sentient life upon this spinning globe (including by the way, sepioids, madders, stings, rays, etc., to say nothing of the "higher" forms of animal life) was added for the use and enjoyment of man.

SINGLE TAX.
To the Editor.—Bishop MacDonald says he has already given his authority for the statement that "meat acquired private ownership of land with God's own sanction." I have looked back over his letters on the subject and find that in the Daily Times of August 1, 1922, in answer to Mayor Marchant, he draws attention to certain passages in Genesis and Leviticus. In one case Abraham buys a site to bury his wife Sarah. In another he is told that the land he is to possess is for ever. It is evident from the context that both purchases are made for the purpose of the proposed building and altar. It is evident from the context that both purchases are made for the purpose of the proposed building and altar.

TWO SMART MODELS IN WOMEN'S

Fall Coats

The "OSCAR" and "PARIS" (As Illustrated)

\$29.75 and \$39.75

In these two smart models are presented styles that are distinctive and qualities that are most excellent. The coats are made of velour of a superior type, and well tailored.

The "OSCAR" is a dressy model, presenting many of the latest fashionable features, and is shown in shades of navy, fawn, brown and black. It has a choker collar of beaverine, bell sleeves with storm cuffs, slit pockets and narrow belt, while pretty designs in embroidery give it an extra tone of distinction. The "OSCAR" is a coat that will give the wearer full satisfaction in every respect.

The "PARIS" is a superior coat, both in model and quality. From the illustration you may readily see how handsomely it is finished with convertible fur collar and cuffs, while touches of embroidery on sleeves and body add to its beauty. The "PARIS" is shown in shades of navy, brown, black, taupe and henna. Wonderful value at the price quoted.

IF WINTER COMES INSTALMENT NUMBER 67 BY A. S. M. HUTCHINSON. Copyrighted—Published by arrangement with British & Colonial Press, Ltd.

The second Christmas of the war came. The evening before the last day of the Old Year was to have given Sabre a rare pleasure to which he had been immensely looking forward. He was to have spent it with Mr. Fergus.

He had gone downstairs with the doctor and had remained there some little time after his departure. Effie had been left kneeling by the bed. When he came back she was sound asleep where she knelt, was out.

H. G. WELLS FAMOUS OUTLINE OF HISTORY The Romance of Mother Earth TO-DAY'S INSTALMENT—21 The Planting of Our Family Trees

The Neolithic phase of human affairs began in Europe about 10,000 or 12,000 years ago. But probably men had reached the Neolithic stage elsewhere some thousands of years earlier.

white men ancestral to the modern Europeans. They may have been of a darker complexion than many of their descendants; of that we cannot speak with certainty.

After a long time gold, the first known of the metals, appears among the bone ornaments with jet and amber. Irish Neolithic remains are particularly rich in gold.

pearance worked a gradual revolution in weapons and implements; but it did not suffice to change the general character of men's surroundings.

People talk of the Stone Age, the Bronze Age, and the Iron Age in Europe, but it is misleading to put these ages as if they were of equal importance in history.

WORK OF V. O. N. IS STEADILY GROWING

Fourth Nurse Engaged to Cope With Many Cases Attended

One hundred and twenty-two patients, necessitating 406 nursing visits, were attended by the local branch of the Victorian Order of Nurses last month.

The nurse's report further stated that 168 of the visits were paid for by the Metropolitan Life, 261 were paid or part paid by patients and 31 were free visits.

AFFAIRS DISCUSSED BY SPORTS CLUB

Committee of Cowichan Organization Meets; Season's Averages

(Times Correspondence.) Duncan.—At a meeting of the committee of the Cowichan Cricket and Sports Club in the Agricultural Hall there were present R. F. Corfield, in the chair; Mrs. V. H. Wilson, Major Williams-Freeman, R. Gore-Langton, G. W. Carr-Hilton and Ferguson Hoey, secretary.

W. T. Corbishley's resignation from the committee was accepted with regret, and C. M. Galt was nominated in his place.

The secretary reported that Mr. Davis had completed the trust deed the committee to authorize the issue of the debentures, and wished of the debentures, which was done.

The committee decided that in future clubs within the district should be accorded only one home and one away match.

The averages of the Cowichan Cricket Club for the 1922 season were:

Table with columns: Name, No. of Innings, Not Out, Highest Score, Runs, Average. Lists players like Crossland, R. W., Matthews, Capt., Bais, G. G., etc.

Bowling—All Matches.

Table with columns: Name, Overs, Maidens, Not Out, Highest Score, Runs, Average. Lists players like Westcott, S. J., Corfield, R. F., etc.

Batting Averages—First XI.

Table with columns: Name, No. of Innings, Not Out, Highest Score, Runs, Average. Lists players like Crossland, R. W., Matthews, Capt., etc.

Bowling Averages—First XI.

Table with columns: Name, Overs, Maidens, Not Out, Highest Score, Runs, Average. Lists players like Leighton, A. H., etc.

Batting Averages—Second XI.

Table with columns: Name, No. of Innings, Not Out, Highest Score, Runs, Average. Lists players like Ian Rooms, G. G. Bais, etc.

Bowling—Second XI.

Table with columns: Name, Overs, Maidens, Not Out, Highest Score, Runs, Average. Lists players like S. J. Westcott, etc.

QUITE TRUE.

A man on horseback, approaching a river which he did not know, asked a younger player on the bank if the water was deep.

Victoria Amateurs Produced "Robin Hood" in 1899

By George J. Dyke

To those who were fortunate enough to hear the comic opera "Robin Hood" (de Koven) during the opera season last year by the American Light Opera Company, and to those who are still living and who then took part in the production is extremely interesting.

The opera was put on in the old Victoria Theatre (R. Jamieson then manager) and was produced in aid of the E.C. Benevolent Society.

THE ORCHESTRA WAS COMPOSED OF: First violins, T. R. Smith, Miss A. Brown, Benedict Bantley and Ernest A. Powell; second violins, Major Trotter, Miss Lobb, Mrs. Foot and R. B. Powell; violas, Jesse Longfield and Mr. Rochoy; violoncellos, Mr. Longfield and E. Rochoy; contra bass, C. G. Hill; flute, Fred Morse; clarionets, Mr. Ransach and E. Murist; cornets, Miss Rochoy and D. Duck; trombone, W. Douglas; drums, Mr. Wilkinson, accompanists, Mrs. H. Walshe Windle and Miss C. Christie.

TOLD HIM STRAIGHT.

The manager had been standing close by watching the men the whole day, much to the annoyance of the two workmen.

News from the Ocean Lanes

TUSCANIA LARGEST LINER ON CLYDE

New Anchor Ship Is Now Completing First Homeward Voyage

The new twin-screw geared turbine steamship Tuscania, of the Cunard-Anchor Line, which arrived at New York September 16 on her maiden voyage from Glasgow, is now on her initial homeward voyage, having sailed from New York September 30. On October 25 the Tuscania will sail from New York to the Mediterranean.

The Tuscania is a passenger and cargo steamer, 578 ft. 6 in. in length, 70 ft. in breadth, 51 ft. 3 in. in depth to bridge deck and 23 ft. 11 in. draft, 37,200 tons gross, and 16 knots service speed. She is the largest passenger vessel sailing from the Clyde, and is the largest ship delivered to her owners, the first being the Cameronia, built at Dalmeir. She is intended for the company's Mediterranean-New York services, in which she will be joined later by the Transylvania. She has accommodation for 257 first-class, 372 second-class and 1,418 third-class passengers, and a crew of 342—a total of 2,804. The accommodation is of the most high-class description, and is specially and artistically decorated and furnished, while there are especially large promenade decks.

The trials, which were run September 16, consisted of three double runs between the Clyde and Cumbrae Lights, during which a mean speed of 15 1/2 knots was attained, and the vessel was shown to be capable of 17 knots. All through the Brown-Curtis turbines worked with perfect smoothness, but, in accordance with present-day practice, development testing, no attempt was made to reach still less to exceed, the service speed. This speed will be attained gradually, as full experience is gained with the machinery and the reducing gear.

Shipbuilding Slump. At the luncheon held on board the Tuscania following her trials, Sir E. Kennedy, managing director of the Fairfield Shipbuilding and Engineering Co., Ltd., the builders of the vessel, after referring to the day's work, said that the history of the shipbuilding industry of the United Kingdom had been such a deplorable one, that it was necessary to look to the future with a pessimistic eye. He said that the industry had been in a slump for two years, and the industry had gone on from month to month hoping against hope that the day of recovery was near at hand.

It could not be said that they had settled down leisurely to wait for the revival. There were few industries in the country which had done better in the past two years, and the industry had been in a slump for two years, and the industry had gone on from month to month hoping against hope that the day of recovery was near at hand.

As an industry they had known days of adversity before, and had emerged from them, but he believed the present depression was more severe than that that ever preceded it. It had brought them back to realities in a way that made it impossible to entertain any illusions as to the future of the industry.

The effort to reconcile the cost of a new up-to-date ship and the market value of to-day could not be laid entirely upon the shipbuilding industry. The only thing which organization, enterprise, and individual energy could do was to bring them to a point in which they could be sold at a profit, and below which it would be unreasonable to expect them to go. Costs had come down so much that they thought the Anchor Line Company to proceed with the finishing of the sister vessel, the Transylvania, which would give employment to many who were badly in need of it.

HUNTERS FLOCK TO BRITISH COLUMBIA

Rocky Mountain Goat. He looks lanky, but oh, how he can travel!

ing ducks, geese, pinnated and ruffed grouse, with some snipe and plover at various points.

Kamloops is the gateway to a rich sporting region where goats, brown, cinnamon, black and grizzly bear, small deer, moose and occasional caribou and sheep (3 varieties) are to be found. From here expeditions to the Port Fraser country may be arranged including about 170 miles of canoeing—where deer, bear and other large game may be shot.

A hunting area rapidly growing in favor is the Cariboo District, reached from Ashcroft. It is off the beaten path, therefore big game and brown and black bears, goat and sheep—Washing for grizzly trout is another attraction of this region.

Of course the Cassiar District to the north stands in a class by itself, for the cost of a hunting trip there prohibits a great influx of hunters, insuring good game for those who hunt there. The best hunting is done in the Cariboo, where the Selkirk on the west, are caribou, mule and whitetail deer, mountain goat, grizzly, cinnamon and black bear. Very satisfactory wild fowl shooting may be enjoyed on the lakes and flats in the late fall.

Deer, grizzly and black bear, caribou and goat are found in the country around Chase. Deer are found from 4 miles of the town; bear from 20 miles; caribou beyond the 30 miles; excellent game goat from 30 miles. Excellent game bird shooting is to be had here, including the Selkirk on the west, are caribou, mule and whitetail deer, mountain goat, grizzly, cinnamon and black bear, white among

British Columbia offers the best still remaining, easily accessible big game hunting territory on the continent. It is not necessary to go far afield from the railway and some of the best hunting grounds are as follows: Beginning at the east, there is the East Kootenay district, reaching from Invermer, two districts, one on the coast, and the other on the east side of the coast, where the Selkirk on the west, are caribou, mule and whitetail deer, mountain goat, grizzly, cinnamon and black bear, white among

SEVENTY-SIX YEAR OLD HUNTER AND BRITISH GOAT HUNTING IN B.C.

Rich Raw Silk Cargo on Canada Due Here Monday

The Canadian Pacific liner Empress of Canada, which is due to arrive here on Monday morning from the Orient, has a valuable consignment of 1,200 tons of raw silk included in her Oriental cargo.

She is also bringing in 452 passengers of all classes, with 197 in the cabin, and 255 in the steerage.

The Admiral liner President McKinley, due here Tuesday from the Orient, has 600 tons of silk in her hold.

STRANDED ON PIER BUT CAUGHT BOAT

Courtesy of C. P. R. Officials Enabled Belated Passengers to Board Liner

Quebec, Oct. 4.—The Canadian Pacific liner Empress of France left Quebec yesterday afternoon for Southampton, Cherbourg and Hamburg. The ship had just left her moorings, when two belated second-class passengers, Mr. and Mrs. Robert Palmer, who had booked passage for Southampton, appeared on the pier, and looked very disconsolate on seeing the ship sail away without them.

St. Thomas Fisher, general manager in Europe of the C.P.S.S., and Commander Elliot, Quebec superintendent, were on the pier at the time, and with the usual courteous accommodation of the Canadian Pacific, signalled the Empress of France to slow down while the company's tug, Gopher took Mr. and Mrs. Palmer to the ship and placed them on board.

Several hundred people on the pier witnessed the incident, which is not a rare thing in cases of emergency with the Canadian Pacific. The Empress carried over 400 passengers, and among the latter were the Duchess Elmstone, Lady Mount Stephen, Lady Gordon, British Parliamentary Party returned from a visit to Canada; Miss Ruth Shaiford, daughter of Rev. Shaiford, of Montreal; Major F. E. Barton, Victoria, B.C.; Col. G. A. Beckler, Toronto; J. J. O'Neill, manager of H.N.S. Raleigh; Rev. Canon Goud, secretary of the Mission Society of the Church of England in Canada; F. L. Vaux and Dr. H. T. Vaux, Hamilton, Ont., and other prominent people.

Holman Gregory, K.C., M.P., member of the Parliamentary party, said before his departure that he was returning to England with a message of good wishes to the Canadian people in the development of Canada, its growth and expansion within the past forty years, and above all, the wonderful development and development of the C.P.R. and its steamship auxiliaries. He said the Parliamentary party came over to join the Montreal Board of Trade in the celebration of the one hundredth anniversary of the Board and he had not sufficient words to his command to give expression to his impressions of Canada and its great possibilities, as well as the go-ahead mentality of the Canadian people. He could not leave without expressing his appreciation of the courtesy and favor shown the Parliamentary party by the Canadian Pacific Company in whose cars he himself and colleagues were from the day of their departure from London in August last, and had contributed largely to the successful visit and tour of Canada by himself and colleagues.

SPY OUT ROUTE FOR MOTOR FERRY

To spy out the shortest and most direct ferry route which it is proposed to establish between the mainland and Vancouver Island, Capt. J. W. Troup, manager of the B. C. Coast Steamship Service, accompanied by other Canadian Pacific officials, left Sidney this morning for a cruise aboard the coast in that vicinity aboard the steamer Island Princess.

Capt. Troup, accompanied by Capt. C. D. Neroutos, marine superintendent, W. H. Snell, general passenger agent, of Vancouver, and J. G. McNab, divisional freight agent, Vancouver, left here this forenoon by automobile for Sidney and the Island Princess, which cleared from the Belleville Street wharves at 7 o'clock this morning. As previously announced the Canadian Pacific Railway proposes to establish a short ferry route between the mainland and this island for the accommodation of the motor tourist business, and plans are taking shape for the construction of a modern automobile ferry to be operated on the route.

Probable Route. It is probable that Sidney will be chosen as the terminus for Vancouver Island, in view of its close proximity to Victoria, and offering, as it does, a splendid stretch of paved roads, linking up with the Island Highway. The mainland point to be determined upon is as yet indefinite, but Bellingham is reported to be a likely point.

The party will be back from its cruise of investigation this evening. The plans for the new ferry are rounding into shape and an early announcement may be expected awarding the contract for the construction of the ferry.

HAS NO DESIRE TO DESTROY SHIPPING

Government Not Protecting Interests at Expense of Shipper, Says Robb

Ottawa, Oct. 4.—(Canadian Press). "We have no desire to destroy Canadian shipping, but this Government is not here to protect the Canadian shipping interests at the expense of shipper and the grain industry. If we find that you are using the coasting laws so as to force Canadian wheat into American channels the Government will have to consider amending these laws."

This statement was made by Hon. J. A. Robb, Minister of Trade and Commerce, to representatives of the Lake shipping interests who gathered in his office yesterday to discuss complaints of discrimination in grain rates between Canadian ports as compared with rates between Canadian and American ports.

Complaints. The conference opened with a statement by Mr. Robb that complaints had been received by the Department in regard to discrimination in freight rates on grain moving out of Port William to Buffalo ports on grain shipped from Port William to Port Colborne and Georgian Bay ports. It was claimed that the Buffalo rate was lower and the result was that shippers preferred to send their grain through the American port. As a remedy, it had been suggested that the coasting laws should be suspended, the effect of which would be to permit American vessels to compete in Canadian ports, as was informed by Mr. Robb, that the rate between Port William and Buffalo last August was 2 cents a bushel, while between Port William and Port Colborne it was 3 1/2 cents. Another charge was that shippers of grain were compelled to take their insurance from brokers representing the shipping company at the rate of 25 cents per \$100 when a rate of 13 cents might be obtained elsewhere.

PRESIDENT PIERCE SAILS ON FIRST VOYAGE TO ORIENT

San Francisco, Oct. 4.—The Pacific Mail President Pierce left here yesterday to establish the company's new run from San Francisco to Hongkong, which calls for a direct route from Shanghai to Hongkong, eliminating Manila, formerly Manila was visited before the line's vessels proceeded to Hongkong. The company has now termed Manila as the terminus of the route, although the purpose of establishing the route was to eliminate that port in the run between Shanghai and Hongkong.

By eliminating Manila until after Hongkong is visited the company hopes to cover the distance between the Chinese port and San Francisco in 23 1/2 days. This is the President Pierce's first transpacific voyage.

LIGHTENING FREIGHT ON SS. KETCHIKAN

Vessel Expected to Float and Proceed South from Icy Strait Saturday

Seattle, Oct. 4.—The cargo of the steamship Ketchikan, which hit an iceberg in Icy Strait, Alaska, Saturday is being transferred by lighter to the steamer Cordova according to word received here to-day from J. C. McBride, collector of customs at Juneau. Pumps are working hard to keep the Ketchikan's holds dry, and smooth water is aiding the lightening. The coastguard cutter Unalga is assisting in the work. At present the Ketchikan is expected to proceed here Saturday.

NEWS IN BRIEF

Tender Thanks.—The ladies of Christ Church Parish Guild wish to thank all those who so kindly helped to make the tea room at the recent Fall Fair a success.

To Reside Here.—Vancouver Rotarians said goodbye to their luncheon yesterday to Fred. W. Marsh, who will leave shortly to take up his residence at Victoria.

Mail Arrives.—An English mail arrived this morning at the General Post Office, having left England on September 19. The packet comprised of eleven bags of letters and eleven bags of papers.

Ward Four Liberals.—At an enthusiastic meeting of Ward Four Liberals last night in the Liberal Club various matters were discussed in anticipation of the annual meeting of the Victoria and District Liberal Association, which will be held in the clubhouse on Wednesday evening, October 11.

To Investigate Willows.—The Public Utilities Committee of the City Council will investigate the city's status in relation to the Willows Park, and the agreement made with the B. C. Agricultural Association with a view to placing itself in a position to make better use of the grounds or possibly selling the property.

Meeting Adjourned.—Owing to the failure of a quorum, no regular meeting of the Willows Veterans' Association was held last evening, but an informal discussion of various matters took place in Tillicum School. Members of the Ward Seven Rural Association, including officers, were present by invitation. The question of the councillor vacancy in Ward Seven, the Greater Victoria scheme, and other matters were considered.

Army and Navy Veterans.—The Victoria unit of the Army and Navy Veterans in Canada will assemble on Thursday evening at 8 o'clock, for the purpose of receiving the report of the delegates to the Provincial Convention held at Vancouver on the afternoon of September 30. At the same meeting several important matters will be under discussion with regard to the Dominion Convention which will be held at Montreal on Oct. 17. An election will also take place to fill vacancies of first and second vice-president, and a naval representative on the executive council.

Harvest Festival.—On Monday evening a very successful harvest festival and church anniversary was held in the Parish of St. Paul's Church, which was very prettily decorated for the occasion. The Epworth League had the programme in hand with Mr. G. Green as chairman, which consisted of solos by Mr. F. Tupman and Miss Mutch, and a cornet solo by Mr. S. Rogers. A most interesting address was then delivered by Mr. J. L. Batty. There were about two hundred people present, and thoroughly enjoyed the evening, and to whom were served light refreshments after the programme. This was followed by the sale of the fruit and vegetables displayed in the decorations.

To Give Nursing Lessons.—Mrs. Lucas, superintendent of the Saanich War Memorial Centre, is arranging a series of twelve weekly lessons in home nursing in connection with the Women's Institutes, and yesterday afternoon addressed the members of the Lake Hill Women's Institute on her work. The lessons will commence in the North Dairy School on Friday at 8 o'clock, and all mothers are invited to attend. Mrs. Mercer, the president, was in the chair of the institute meeting. A hearty vote of thanks was passed to Mrs. Hodson and Mrs. J. Scott, of the exhibition committee, for their work in connection with the institute exhibit, which took second prize at the Fall Fair. Mrs. G. L. Service was appointed convener of the entertainment committee, and Mrs. Winkler of the work.

Gonales Chapter.—At the meeting of the Gonales Chapter, I.O.O.F., held in the headquarters yesterday morning, some useful information was received from the medical superintendent of the Christie Street Hospital. An interesting report was given by the educational secretary, and the members decided to present a picture of Jack Cornwall, V.C., to the Monterey School on Armistice Day. The subject of the Community Chest was fully discussed. Members were asked to send articles of clothing and bedding to the headquarters for the assistance of a returned soldier farmer and his young wife—one of the Gulf Islands. Two new members were welcomed to the meeting.

Prospectors' Association.—Dr. Victor Dolmage of the Geological Survey of Canada, who is in Victoria for a few days, has consented to give an address to prospectors to-night at 8 o'clock in the Island Arts and Crafts club rooms at 202-3 Union Bank Bldg. Dr. Dolmage has been making an extensive survey of the Coast this Summer and his address should be of much interest to all.

RELIGIOUS VIEWS

COMMITTAL CAUSE FOR KAMENCHIKOV

Two Doctors Consider Doukhobor Should Be Under Restraint

A decision that may be far reaching in its consequences was determined at the city police station today in connection with Simon Kamenchikov, when two medical practitioners certified the Doukhobor as insane.

The reasons given by Dr. Donald Booth Holden and Dr. Arthur G. Price were the actions of the Russian at St. John's Church on Sunday last, and the result of a conversation with him in the station. Dr. Price acted in his official capacity as city health officer.

In police court proceedings yesterday Kamenchikov was charged with disturbing an assembly met for worship by indecent behavior, and was remanded for medical examination.

In court to-day the accused was further remanded, as the medical examination had not then been completed.

The attitude of the man to religion, his act at St. John's and his statements are indicated in the medical certificates as sufficient reasons for the report of the alienists.

The examinations have been made on separate days, it is stated, in the presence of a jailer, but without the aid of an interpreter; though an interpreter was in attendance at the court proceedings.

Magistrate Jay issued a certificate to-day, and Kamenchikov will be removed at once to the mental hospital at New Westminster for treatment.

In view of the large settlement of Doukhobors at Brilliant, and elsewhere around Grand Forks, the decision to commit Kamenchikov to an institution for the insane is of more than usual interest, both doctors holding that it was on the point of religion that the man was mentally unbalanced.

FLUSH KIDNEYS TO-DAY

FEEL 100% BETTER TO-MORROW

Medical authority says Kidney Pains, Backache, etc., simply have to go when you wash out the acids and impurities which form their direct and only cause. Adhere to the action of Alkaline Med. and you will feel better.

What would you think of anyone who got pure water from a filter fouled with impurities? What would you think if he expected a fire to burn as long as a chimney choked by soot and grime clogged with ash, or if he expected a motor to run properly when full of carbon deposits? Yet, how often people pay no attention whatever to clogged and congested kidneys or other bodily organs of filtration and elimination, and then wonder why these do not work efficiently. Why the health is bad, the nerves weak, vitality very low, blood pressure too high, and various aches or pains, skin disorders and other indisputable evidences of a diseased condition commence to appear.

Just as a clogged filter cannot purify water, so a diseased kidney cannot purify blood. The direct and primary cause of practically all organic diseases and weaknesses is if you doubt this, try clearing the impurities out by drinking strongly alkaline medicinal water to-day. Test will be so much better to-morrow that there can be no possible chance of doubt. The direct and primary cause of all kidney ailments is that the urine must be strongly alkaline. No other kind will answer, because the acids and impurities and body poisons are of an acidulous nature and only strongly alkaline water can dissolve and wash them out. The best way, and in fact the only satisfactory way, to prepare alkaline water is to dissolve in a tumbler of plain hot water, a level teaspoonful of a refined compound known by the registered name of Alkalis Saltrates. Drink this medicinal water three or five times a day. There is no need of visiting any expensive hot alkaline spring. The essential constituent medicinal elements of the waters found there were accurately ascertained by analysis and made known to the medical profession long ago. All are accurately reproduced in the Alkalis Saltrates compound.

Events to Come

The Methodist Women's Missionary Society of Victoria District will hold a special meeting in the lecture room of the Metropolitan Church to-morrow afternoon (Thursday) at 3 o'clock. This meeting will be addressed by Miss Wellwood, who is well known in W. M. S. work, and is on her return to China for her third term.

The Island Arts and Crafts Society committee will meet on Thursday evening, October 5, at 8.15 p.m., to make final arrangements for the forthcoming art exhibition to be held in the Belmont Building, October 19 to 25.

A special missionary meeting will be held to-night at 8 o'clock, at George Presbyterian Church, Tillicum Road, when the Rev. Frank and Mrs. Dickie will be the speakers. They will tell something of 33 years' experience in China and also give a brief outline of the revival in Scotland.

The Victoria High School Parents' Teachers' Association will meet this evening for its annual meeting and election of officers. An excellent programme will be given, in which Vaughan Jones, the local tenor, will assist.

The Esquimalt Child Hygiene Council will resume the series of "Mothers' Welcomes" at St. Paul's Parish rooms, Esquimalt, to-morrow at 2.30 p.m. The subject of the occasion will be "Home Nursing," to be dealt with by Mrs. W. Booth, president of the organization.

The W.C.T.U. Home on Ida Street will hold the annual pound party on Tuesday next, commencing at 3 p.m. The public is invited to attend and requested to bring donations.

The Women's Missionary Society of St. Columba Church will have a special meeting to-morrow afternoon at 3 o'clock in the church parlors. Mrs. J. W. Saunby, formerly of Tokio, will speak on settlement work in that city. Mrs. Saunby is an interesting speaker and her subject will be a recital of her personal experiences.

A special meeting of the executive council of the Army and Navy Veterans' Association will be held to-morrow night at 7.30 o'clock in the Hamley Building. The regular monthly meeting of the organization will follow the executive's session, commencing at 8 p.m.

A committee meeting of the Island Arts and Crafts Society will be held to-morrow at 8.15 p.m. for the purpose of making final arrangements regarding the thirteenth annual exhibition to be held in the Belmont Building, October 19-25.

The regular meeting of the local post of the Canadian Legion will take place to-night in the club quarters, Douglas Street, at 8 o'clock. A number of important matters will be under consideration, and every member is urged to be present.

The examinations have been made on separate days, it is stated, in the presence of a jailer, but without the aid of an interpreter; though an interpreter was in attendance at the court proceedings.

Magistrate Jay issued a certificate to-day, and Kamenchikov will be removed at once to the mental hospital at New Westminster for treatment.

In view of the large settlement of Doukhobors at Brilliant, and elsewhere around Grand Forks, the decision to commit Kamenchikov to an institution for the insane is of more than usual interest, both doctors holding that it was on the point of religion that the man was mentally unbalanced.

RELIGIOUS VIEWS

COMMITTAL CAUSE FOR KAMENCHIKOV

Two Doctors Consider Doukhobor Should Be Under Restraint

A decision that may be far reaching in its consequences was determined at the city police station today in connection with Simon Kamenchikov, when two medical practitioners certified the Doukhobor as insane.

The reasons given by Dr. Donald Booth Holden and Dr. Arthur G. Price were the actions of the Russian at St. John's Church on Sunday last, and the result of a conversation with him in the station. Dr. Price acted in his official capacity as city health officer.

In police court proceedings yesterday Kamenchikov was charged with disturbing an assembly met for worship by indecent behavior, and was remanded for medical examination.

In court to-day the accused was further remanded, as the medical examination had not then been completed.

The attitude of the man to religion, his act at St. John's and his statements are indicated in the medical certificates as sufficient reasons for the report of the alienists.

The examinations have been made on separate days, it is stated, in the presence of a jailer, but without the aid of an interpreter; though an interpreter was in attendance at the court proceedings.

Magistrate Jay issued a certificate to-day, and Kamenchikov will be removed at once to the mental hospital at New Westminster for treatment.

Music Lovers Should Not Miss the Joint Recital Thursday Evening

This recital by Mrs. Gertrude Huntley Green and Mr. Gideon Hicks is the opening concert of the season under the auspices of the Ladies' Musical Society. No assurance is necessary that this will be a most enjoyable event for both artists share a well merited popularity by virtue of their many appearances in the city.

Mrs. Gertrude Huntley Green displays a preference, which she shares with the world's most celebrated concert artists, in that she chooses

The Steinway

the world's greatest Piano as her chosen instrument whenever she appears on the concert platform.

Aristocrats Last Team to Take Road

Victoria Hockey Team Will Complete Circuit of Prairie Towns in February and Fans Will Have to Miss One Friday Night Game As Result; Western Canada League Officials Draft Schedule For Season

Calgary, Oct. 4.—The Western Canada hockey league season will open this year with a game between Edmonton and Regina teams, at Regina, on December 11 next. The inter-league series with the Pacific Coast will open at Vancouver on December 18, with a game between Regina and Vancouver teams. The Regina team will play at Seattle on December 20 and at Victoria two days later.

The schedule for the Western Canada League was drawn up yesterday at a meeting of league officials. President Frank Patrick, of the Pacific Coast League, attended the meeting.

Each team at the Coast will play eight games with teams from the prairies—four at home and four away. The Seattle team will be the first to visit the prairies, opening at Edmonton on December 19 and closing at Regina on December 26.

Victoria will open its attack on the Western Canada League teams at Regina on February 13 and close at Calgary on February 26.

Vancouver plays at Calgary January 3 and closes the away series on January 10 at Regina.

Seattle plays Regina at Seattle on December 20, Calgary at Seattle January 10, Saskatoon at Seattle January 31, and Edmonton at Seattle February 14.

Victoria plays Regina at Victoria December 22, Calgary at Victoria January 12, Saskatoon at Victoria February 2, and Edmonton at Victoria February 16.

Vancouver plays Regina at Vancouver December 18, Calgary at Vancouver January 15, Saskatoon at Vancouver January 23, and Edmonton at Vancouver February 13.

The Western Canada League will play 48 games between December 11 and March 12, when the regular season will close. This is in addition to the 24 games which the four teams will give teams from the Coast loop.

After the Fixers.
It was decided to offer \$500 to any person giving information proving any player under contract to a club in the league offered, agreed, conspired or attempted to lose any game. This offer is the outcome of rumors of games played last winter not being decided on their merits.

The season's schedule provides for the Western Canada League to play with the Pacific Coast circuit to be played with the Pacific Coast circuit.

Frank Patrick, president of the Coast loop; Kenny McKenzie, Edmonton; Frederick Heits, Saskatoon, and Lloyd Turner, Calgary, attended the meeting.

Following is the schedule of the Western Canada Hockey League:
Dec. 11—Edmonton vs. Regina.
Dec. 13—Edmonton vs. Saskatoon.
Dec. 15—Saskatoon vs. Edmonton.
Dec. 18—Saskatoon vs. Calgary; Regina vs. Vancouver, at Vancouver.
Dec. 20—Calgary vs. Edmonton; Regina vs. Seattle, at Seattle.
Dec. 22—Calgary vs. Saskatoon; Regina vs. Victoria, at Victoria.
Dec. 25—Calgary vs. Regina; Saskatoon vs. Edmonton.
Dec. 27—Regina vs. Saskatoon; Edmonton vs. Calgary.
Dec. 29—Edmonton vs. Edmonton; Jan. 1—Regina vs. Calgary; Edmonton vs. Saskatoon.

Jan. 3—Edmonton vs. Regina; Vancouver vs. Calgary, at Calgary.
Jan. 5—Vancouver vs. Edmonton, at Edmonton; Saskatoon vs. Regina.
Jan. 8—Vancouver vs. Saskatoon, at Saskatoon; Edmonton vs. Calgary.
Jan. 10—Calgary vs. Regina, at Regina; Calgary vs. Seattle, at Seattle.
Jan. 15—Edmonton vs. Edmonton; Victoria vs. Regina vs. Saskatoon.

Jan. 17—Calgary vs. Vancouver, at Vancouver; Saskatoon vs. Edmonton.
Jan. 17—Saskatoon vs. Calgary.
Jan. 19—Saskatoon vs. Regina; Seattle vs. Edmonton.
Jan. 22—Seattle vs. Calgary; Edmonton vs. Saskatoon.
Jan. 24—Edmonton vs. Regina; Seattle vs. Saskatoon.
Jan. 26—Seattle vs. Regina; Calgary vs. Edmonton.
Jan. 28—Calgary vs. Regina; Saskatoon vs. Vancouver.
Feb. 2—Saskatoon vs. Victoria, at Victoria; Calgary vs. Regina.
Feb. 5—Calgary vs. Saskatoon.
Feb. 7—Edmonton vs. Calgary; Saskatoon vs. Regina.
Feb. 9—Calgary vs. Edmonton; Regina vs. Saskatoon.
Feb. 12—Regina vs. Edmonton; Saskatoon vs. Calgary.
Feb. 14—Regina vs. Calgary; Edmonton vs. Seattle, at Seattle.
Feb. 16—Edmonton vs. Victoria, at Victoria; Calgary vs. Regina.
Feb. 19—Calgary vs. Saskatoon; Edmonton vs. Vancouver.
Feb. 20—Victoria vs. Saskatoon, at Saskatoon; Regina vs. Edmonton.
Feb. 26—Victoria vs. Edmonton, at Edmonton; Regina vs. Calgary, at Calgary; Saskatoon vs. Regina.
Feb. 28—Edmonton vs. Calgary; Regina vs. Saskatoon.
March 2—Calgary vs. Regina; Saskatoon vs. Edmonton.
March 5—Calgary vs. Edmonton.
March 12—Calgary vs. Saskatoon.

Mitchell is Suspended.
Milwaukee, Wis., Oct. 4.—Pinky Mitchell, lightweight, yesterday was suspended for sixty days by the state athletic commission.

A week ago the board suspended Tommy O'Brien, who was Mitchell's opponent here in a recent contest. The commission charged both contestants with violations of the anti-holding, tripping and clinching rules.

There's Class to the Boys When a World's Series Is On

U. S. FOOTBALL TEAM RAIDS OLD COUNTRY FOR EIGHT PLAYERS

Bethlehem, Pa., Oct. 4.—In an effort to re-establish the former National champions as leaders of the kicking style of football, the Bethlehem Steel Company's football club has signed eight stars from Great Britain. Scottish manager W. L. Lewis announced today. They are: Young, formerly of Greenock; McFarlane, formerly of Partick Thistles; Reaside, Dumbarton and King's Park; Terrie, Falkirk; and Liverpool; Rattray, Raith Rovers; McIven, Partick Thistles; Faudis, formerly of Peter's Hill, Scottish Junior Club, and Goldie, formerly of Clydebank.

ROY CLAIMS DAMAGES FROM WINNIPEG PAPER

Winnipeg, Oct. 4.—Label proceedings have been commenced against the Tribune Newspaper Co., Ltd. by David Wilson Roy, former secretary-treasurer of the Dominion of Canada Football Association. Mr. Roy is seeking damages to the extent of \$50,000 for what he claims to have been a libelous report which appeared in the Winnipeg Evening Tribune Friday, September 8, reflecting upon his honesty and integrity as an official of the Dominion Association.

WILL ORGANIZE LAWN BOWLING CLUB

Burnside Bowlers to Meet Tomorrow Night and Elect Officers

Expect a Big Membership; Green Will Be Open for Play Next Spring

Organization of the Burnside Lawn Bowling Club will be undertaken at a meeting to be held to-morrow evening at eight o'clock in the Tillium schoolroom. Officers will be elected and arrangements made for the construction of a green.

There are a large number of bowlers in the Burnside district who are anxious to have a green close at home. Most of them play at Beacon Hill at present, but they are anxious to have a green of their own and bring about inter-club competition, which will greatly stimulate interest in the game.

Getting Members
The membership in the club is climbing steadily and among those who have enrolled are F. A. Pauline, M.P.P. for Saanich; George McWilliams, Councilor; Robert Macnicol, J. M. Boyd, chairman Vancouver Island for 1921, and D. Fyvie, champion of Victoria for 1922.

The provisional committee of the club, under the chairmanship of Jas. Renfrew, has sent out the following letter to many residents in the Burnside district:

"If you have not already done so, the provisional committee acting in this matter invite you to become associated with the founding of this club."

"Help in the effort to establish anything is more praiseworthy than the mutual exchange of patronage one accords to a going concern. West gentlemen who are building something which the generations who follow will appreciate, not to mention the immediate value such an asset is to the district in which it is located."

"A deed to the land has been secured and a meeting to name the club and elect officers will be held in Tillium schoolroom on Thursday, October 5, at 8 p.m."

"It is hoped you will become a charter member and contribute the entrance fee of \$10.00 by convenient instalment of it at once, so as to qualify you to attend this important meeting."

Football is Barred in Brazil; Too Many Riots at the Games

Rio de Janeiro, Oct. 4.—Owing to the acrimonious discussion in the press, as well as several riotous outbreaks on the part of the spectators during the international football series being played here for the South American championship, Deputy Carlos Garcia has introduced a bill in the Chamber of Deputies prohibiting the playing of international football matches in Brazil.

LEXINGTON RACING

Lexington, Oct. 4.—Frank H. Ellis' Lee Worthy, driven by Ben White, won the thirtieth renewal of the Kentucky Derby, a convincing style yesterday, equalling the record for the stake and the world's record for three-year-old colts in the first heat. This was the same winning combination that landed the junior division of the same stake on Monday.

SHADE BEATS COWBOY

Galveston, Texas, Oct. 4.—Dave Shade, of California, won the newspaper decision over Cowboy Padgett here last night in twelve rounds. They are welterweights.

Varsity Footers Defeat Princeton

Princeton, N.J., Oct. 4.—By completely outplaying the Princeton team in the first half, the soccer team of the University of Toronto, intercollegiate champions of Canada, won a 4-to-1 victory over the local team here yesterday afternoon.

INDEPENDENCE

THE DOMINION GOVERNMENT ANNUITIES SYSTEM affords an unequalled opportunity for the investment of small or large amounts for the purchase of an annuity of from \$50 to \$5,000 a year for life, to begin immediately or at any future age desired, and to be paid in monthly or quarterly instalments.

LADY BASKETBALLERS START PRACTICING

The lady basketball players of the V. I. A. A. to the number of twelve turned out for their first practice last evening at the Victoria West gymnasium, when a practice game was held between teams captained by Mrs. W. H. Davies and Miss Una Shakespeare respectively.

It is the intention of the players this winter to practice—the regular ladies' game so that matches can be arranged with American teams who play this game only. A portion of their evening at the gymnasium will also be devoted to gymnastics and apparatus work, and the equipment for the Summer quarters at Curtis Point will be removed over to the gymnasium for this purpose.

Baseball

Portland, Ore., Oct. 4.—Portland defeated Salt Lake seven to four in the first game of the series yesterday. A home run by Hale in the first inning and Batteries McCabe, Blaholder and Amfanson; Blamiller, Middleton and Fubman.

Los Angeles, Oct. 4.—Los Angeles narrowly defeated San Francisco to one-half game by defeating San Francisco four to three yesterday in an eleven-inning battle while the Tigers remained idle. Dumovich pitched an effective game for the Angels, but loose fielding gave the Seals a two-run edge in the first and second innings. The Angels tied the score by putting across a run in the half of the second and one in the third. The Angels loaded the bases and clinched the game in the eleventh when Peal drove two runs across with a double.

Newark, N. J., Oct. 4.—Willie Doyle, Detroit, lightweight, outpointed Willie Jackson, New York, last night in a ten-round contest.

Mrs. Sanders was the winner of the October monthly medal competition of the lady members of the Uplands Golf Club, and Mrs. Foulis was runner-up.

A meeting of the Metropolitan football club will be held to-morrow evening, at 8 o'clock, at the club rooms. All members and supporters of the club are invited to attend.

The mistress of an infants' school was giving a class of little boys a lesson on the care of Providence. She dwelt especially on the words: "Even the hairs of your head are all numbered."

Many Ponies Will Compete Over Two and Quarter-mile Course at Newmarket October 11.

London, Oct. 4.—Racing interest is now centering in the Cesarewitch, the big Newmarket Autumn handicap, which will be run on October 11. The distance is two and a quarter miles, and when the entries closed on August 1, the list totalled 113.

at the Theatre

DOMINION

Frank Borzage, who directed "The Valley of Silent Men," which comes to the Dominion Theatre all this week, is a mountaineer. He was born in Salt Lake City and spent most of his life in the West, so he not only appreciated the pictorial values of Mr. Curwood's romance, but knew how to register them properly. No trail was too long or dangerous for this daring director and his courageous little company, and the re-

sults as seen upon the screen, achieve not only a perfect picturization of Mr. Curwood's romance, but a moving picture apotheosis of the Canadian Rockies.

ROYAL, To-day

Presents **The Storm**

A Stupendous Screen Version of the Sensational Stage Success, Featuring **House Peters**

VIRGINIA VALLI, MATT MOORE and JOSEF SWICKARD
A rough log cabin hidden away in the Canadian mountains, almost buried under a sea of snow that stretched for miles and miles; in the cabin a beautiful girl and two men; not a chance in the world for their escape for four months. Surely a situation bordering on the primitive, and one replete with interesting possibilities. On this plot was written the greatest stage success of history—"The Storm"—which shattered all records in New York City, and is now duplicating that success on the screen. It is one of the most powerful and human pictures that we have shown.

COLUMBIA

are the people's aggregation seen in a long while and justify their claim that they helped keep the troops merry in France. The about rags and songs of extremely varied style over the footlights in a manner that gets right to the audience on the jump. The boys have become deservedly popular, and are worth seeing over and over again. Don't forget this is the last chance of seeing them in the city. Go to the Columbia and see a good show and give the Radios a good send-off.

ROYAL VICTORIA

The acclaim which has been accorded "The Storm" is due as much to the humanness of the characters as to the scenic splendors. While there is no questioning the fact that the "Universal-Jewel" play, like its original on the stage, is replete with unusual thrills, this in itself would not be sufficient to make it a play everyone praises. There is not one single character who fails to run true to life. And it is a fact that this condition has prevailed in every real stage and screen hit. People like characters they feel in sympathy with.

Portrayal of parts in this manner is what makes the great actor and House Peters and Virginia Valli in the two chief roles prove their ability beyond question. Matt Moore as the third person on the eternal triangle likewise does notable work. The supporting roles are in capable hands. Throughout the photography sets a low standard of excellence. The picture will remain at the Royal Victoria Theatre until the end of this week. Manager Denham has received many compliments upon bringing in this attraction here, patrons uniting in terming it one of the most entertaining pictures they have ever viewed.

CAPITOL

Great place for animals is Egypt. The cat and the cow and a lot of others are sacred there, and may not be killed. The George Melford company, encamped at Orzard, Cal., to make the desert scene for "Burning Sands," discovered that even ducks are sacred in Egypt. When they were preparing to "shoot" around the lake, Mr. Melford noticed a lot of wild ducks making themselves at home on its surface. "Here, shoot those fowl away," he shouted to a property-man. But just as the latter was about to fire a gun in the air and frighten the ducks away, an old Arab, a real one, stepped out of the crowd of extras. "No," said he, "no scare duck away. Duck, he sacred in Egypt, very tame—stay just like that. Look just right." So the wild ducks were used as "atmosphere" in this Paramount picture, featuring Wanda Hawley and Milton Sills, the feature at the Capitol Theatre. Jacqueline Logan, Robert Cain and Louise Dresser also are in the cast.

PRESENTS FIFTH OF THE SERIES

Playhouse Stages Sparkling Revue, "The Bing Boys"

To-night for the first time Mr. Reginald N. Hicks will present his company in the sparkling revue, "The Bing Boys." Brimful of delightful musical and specialty numbers, this show provides something entirely new in the entertainment line here. Special scenic effects are embodied, and the whole performance is a riot of fun and music from start to finish. Produced at the Alhambra Theatre, in London, in April of 1914, under the management of that famous producer, Mr. Oswald Stoll, "The Bing Boys" was an instantaneous success, and by common consent was the greatest of all the wonderful revues presented during the war and after it. At the Playhouse this week the cast is chosen from the finest talent Victoria can command. Ernie Fetch and Mr. Hicks as the "Bing Boys" can be relied upon to keep things lively, and with Eva Hart as the leading lady and Roberta Balcom and Dave Dumbarton filling the roles originated by Phyllis Monkman and her partner in those passages of the revue devoted to the art of terpsichore, constitute a cast even more powerful than the one found in any previous Playhouse production. Playhouse Show No. 5 will open to-

"BING BOYS" OPEN TO-DAY AT PLAYHOUSE

night and continue for the balance of the week with a matinee on Saturday. Already there has been a considerable demand for seats.

"Don't you think there should be music in every home?"
"By all means. What I object to is music next door."

FORMER VICTORIAN WINS LITERARY PLUM

Charles H. Gibbons, Local Journalist, Is Runner Up in Novel Competition

Concurrent with the announcement of the success of Gordon Hill Graham, Stony Lake, in the Dominion-wide competition for the best Canadian novel comes the information that Charles H. Gibbons, formerly well-known journalist of this city and now resident in Toronto, has taken second place in the contest. Mr. Gibbons' entry is a novel of the Yukon Territory in the gold rush days of '93, and is now in the hands of the publishers, Hodder & Stoughton, Ltd. Charles H. Gibbons was well known in this city until he went to Toronto, being a member of the editorial staff of The Colist.

which is given high praise by those privileged to read the manuscript, is largely the redemption of the Canadian Yukon in its strenuous days from prevailing misconceptions, the Klondike of the flamboyant boom period having presented the reverse of the picture so often and so undeservedly painted of a hectic mining camp of the Bret Harle type and era.

PREPARE FINE DRAMA

West End Players to Appear in Victoria West.

A comedy drama of no mean order has been prepared under the careful supervision of the West End Players stage director for presentation in Semple's Hall on the night of Thursday and Friday of this week commencing at 8 o'clock.

An excellent cast of characters has been secured and a lot of real hard work has been put into the rehearsal so that patrons of the offering will be assured of a real entertainment. The theme of the play is an interesting one and there are lots of

humorous situations throughout the play, which is in four acts. The West End Players were organized recently with the sole object of bringing the West End, or Victoria's West section of Victoria, and its talent before the public and encouraging in every possible way a community spirit.

Corner Gov't and Johnson Streets

CLOSE COMPETITION MARKS ENTRIES AT SAANICHTON FAIR

Collections of Vegetables, Preserves and Fruits; Many More Entries

Not a spare inch of display room is this year to be found at the annual exhibition of the North and South Saanich Agricultural Society at Saanichton, the remarkable increase in the number of entries being only equaled by their unusually high grade.

While the wide range of fruit usually collected at the Saanichton Fair is somewhat less than that of the year by the dry season experienced, this is only noticeable to those familiar with the aggregations competing in past years, the competition in many classes being less strenuous than customary.

On the other hand, the colorings and condition of tree fruits are very attractive, and serve as a mean advertisement for Saanich to the throngs of visitors, many of whom are from the less favored Prairie Provinces.

In the field crop sections there is a remarkable testimony to Saanich in the quality of the root crops displayed, and there is little to tell between the roots grown on bottom lands which had little or no rain during the summer and the product of irrigated tracts. Magnificent results have attended both systems of farming.

Women's Work The women of Saanich have magnificently supported the fair this year, the competition in the home arts sections being very keen. In many of the cake and bread classes ten or more entries awaited the judges, while in the bottled preserve sections some of the finest conserves imaginable compete for primacy.

Owing to the enthusiasm of a few exhibitors, visitors to the fair are greeted with a strikingly handsome collection of flowers and potted plants upon entering.

Handicrafts The gallery is, as usual, pre-empted by the needlecraft and children's work sections, which are of high merit. The manual training students of the Saanich school system again secured the hall stage as the site for their display, the handicraft of many of the boys being of a high order, some of the exhibits classing as cabinet work.

No Ward Displays Notable this year is the absence of the community ward displays, which have for some years been a feature of the Saanichton Fair as a result of the donation of the Butcher Cup. The abandonment of this feature leaves more room for the tables of vegetable collections by growers has become keener, with some excellent entries well displayed.

Jams, Bottles, Fruit Collection of jams, four varieties, quarts (donated by the Strawberry Vale Women's Institute)—1, Mrs. Barker; 2, Mrs. McKenzie. Bottled fruit with sugar, jars. Quart raspberries—1, Mrs. McKenzie; 2, Mrs. H. E. Tanner. Quart loganberries—1, Miss V. Barker; 2, Mrs. Barker.

SWINGING ROUND THE BIG CIRCLE

THE Canadian Pacific Railway, a nation-wide institution, touches the life of Canada at all points. One of the primary requisites of its employees is to know Canada in all its aspects—not merely the conditions of the district in which they happen to live, but the conditions of the entire country. This is particularly the case with passenger traffic managers of the company. From Vancouver (where he has been General Passenger Agent), Mr. H. W. Brodie (3) goes east to Montreal to become Assistant Passenger Traffic Manager.

In order to give its officials this nation-wide outlook and experience, the Canadian Pacific swings them around the big circle once in a while. Men in the east go west, and westerners come east. One such swing, together with some important promotions, are just announced by Mr. C. B. Foster, Passenger Traffic Manager of the company. From Vancouver (where he has been General Passenger Agent), Mr. H. W. Brodie (3) goes east to Montreal to become Assistant Passenger Traffic Manager.

Mr. W. H. Snell (6) General Passenger Agent at Montreal, goes to take a similar position at Vancouver, and Mr. G. A. Walton (2), General Passenger Agent at Winnipeg, takes over Mr. Snell's duties at Montreal.

Mr. N. R. DesBrisay (8), District Passenger Agent at St. John, goes to be Assistant General Passenger Agent at Winnipeg, and Mr. W. B. Howard (1), who has been District Passenger Agent at Toronto, goes to be Assistant General Passenger Agent at Montreal, and Mr. G. B. Burpee (5), General Agent at Cleveland, Ohio, goes to be District Passenger Agent at St. John.

Amongst the promotions announced at the same time are Mr. Walter Maughan (9), Assistant General Passenger Agent, Montreal, to be Assistant General Passenger Traffic Manager; Mr. R. G. McNeillie (7), (Assistant General Passenger Agent, Winnipeg), to be General Passenger Agent there; Mr. W. Fulton (10), to be District Passenger Agent, Toronto, and Mr. W. Horder (4), to be Assistant District Passenger Agent, Toronto.

DAIRY FARMING PROFITABLE HERE, SURVEY SHOWS

But Up-to-Date Methods Must Be Practiced

Two-thirds, However, Fall in Money-losing Class

University Gives 15 Pointers For Success

"The dairy farming business in B. C. is profitable where good farming methods are practised." Such is the conclusion of a bulletin just issued by the Animal Husbandry Department of the University of B. C.

With the co-operation of approximately one hundred dairy farmers of the southern interior, Fraser Valley and Vancouver Island it has been possible to get detailed figures in regard to the business. The year's business included in this report ended April 30, 1921.

The objects of these investigations have been fourfold: (1) To secure reliable information regarding the dairy business in B. C. (2) To determine the factors that make for profit or loss by comparing the organization of the unsuccessful farms.

(3) To give suggestions as to the most profitable organization of the farm business. (4) To determine the cost of producing butter fat.

Many Failures. Men were sent to the individual farms to get detailed account of all business transactions for the past year. An inventory of all land, buildings, stock and equipment was made for both the beginning and end of the year. Special forms were used which enabled these enumerators to ask questions in a logical manner and thereby assist the farmer's memory regarding the minor details of the business. The large items he could recall, even though he kept no books. Creameries milk and feed houses also assisted by submitting figures that could not be recalled by the farmer.

Bulletin No. 91, which contains this report, shows that of the farms included one-third were operated with financial success while two-thirds were operated at a loss.

All Charges Accounted. In calculations 7 per cent. interest was allowed on all capital invested. Excepting the operator, a wage was allowed for all family labor expended on farm work. The farmer was allowed a free house, milk, eggs and incidentals from the farm with the exception of meat. Depreciation on buildings and machinery was also calculated in the charges against the farm. Of all these charges that of interest was much the largest.

The interest on an average nine-teen acre farm at 7 per cent. amounted to \$870, while on the average one hundred and ninety acre farm it amounted \$4,539. This heavy charge for interest was in many cases greater than the net receipts, thus causing a loss on a large number of farms. Many farmers own their own farms at least in part, so

do not have to meet all the interest charges with cash. Small As Good As Big Farms. The bulletin concludes with a summary which reads as follows: "The conclusions of one year's farm operations cannot be considered final. The following conclusions are tentatively offered with respect to the dairy farms investigated for the purposes of this bulletin.

(1) Dairy farms with from twenty-six to forty-five tillable acres offered practically as great opportunity for the dairymen as the larger farms. (2) The size of the business was a more potent factor than the size of the farm as a means of increasing returns on farms.

(3) When interest on the total capital was allowed at the rate of seven per cent. the average returns on the farms were not sufficient to allow wages to the operators of the farms, with the exception of Group 2, Table No. 7. (4) The employment and management of farm help were factors which materially affected labor incomes.

(5) Good crop yields were essential to good returns. (6) High quality livestock had a greater effect towards increasing labor incomes than did good crop yields. (7) Farms on which pure bred sires were used sold more butter-fat per cow than did other farms.

(8) Breeding was a greater factor than feeding as a means of increasing labor incomes. (9) The average rental of leased farms equalled 4.5 per cent. of the total value of the farms. (10) The operators of owned farms received 13 per cent. interest on investment, along with wages, a free house and farm products used in the house.

(11) It paid the dairy farmers to produce and market cash crops. (12) Some dairymen used too small and some too great a percentage of their farms as pasture. (13) The cost of producing butter-fat varied on different farms from \$76 to \$232 per pound. The average cost was \$104 per pound.

(14) Farmers who produced butter-fat at lowest cost had larger herds, sold more butter-fat per cow, had better bred stock, fed more economically, handled a larger farm business, grew better crops and used labor more efficiently than did the farmers whose costs of production were high. (15) The breeding of the herd was a more potent factor in reducing the cost of producing butter-fat than was the feeding of the herd.

Corns Go Blue-jay to your druggist. The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plaster. The action is the same. Pain Stops Instantly

"MILLBANK" 10 For 15¢ 25 For 35¢ THE QUALITY CIGARETTE IMPERIAL TOBACCO COMPANY OF CANADA, LIMITED. MILLBANK STRAIGHT CUT 25 CIGARETTES 25 HIGHEST GRADE VIRGINIA TOBACCO

Makes a Family Supply of Cough Remedy. Really better than ready-made cough syrups, and saves about \$2. Really and quickly prepared. If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes. Get from any druggist 3/4 ounce of Pinex; pour it into a 16-ounce bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils. This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

No Soap Better For Your Skin Than Cuticura. Cuticura, the only skin cure that cures. It is a combination of the most powerful and most valuable ingredients. It is a combination of the most powerful and most valuable ingredients. It is a combination of the most powerful and most valuable ingredients.

END INTERESTING VISIT TO VICTORIA

Mr. and Mrs. Barrow Cadbury, English Philanthropists, on Tour

Mr. and Mrs. Barrow Cadbury, of Birmingham, England, completed today an interesting visit to Victoria, and left for Seattle. Leaders in the Society of Friends in England, it was a conference in the United States which brought them to this continent. Much of their interests in Canada have been devoted to this historic denomination, with which all the Cadbury family have long been identified. Strangely enough the families of three of the great cocoa and chocolate manufacturers of Great Britain are Quakers.

Mr. and Mrs. Cadbury have met most of the leading Friends while in Victoria. While Mr. Cadbury is not identified with the Bourville Trust, the organization which controls the famous model industrial village south of the city of Birmingham, he is naturally greatly interested in the success of this famous example of town planning originated by his family. Incidentally his uncle, George Cadbury, an octogenarian philanthropist, is now critically ill at his home in England.

Mr. Cadbury is widely known for his leadership in the Adult School movement, while Mrs. Cadbury gives special attention to juvenile delinquency and similar problems.

In a chat with The Times representative last evening, the financial situation here in its relation to unemployment, was discussed. Mrs. Cadbury, after years of work among

the poverty stricken sections of Birmingham, with the endless slums of the Midland metropolis, said she was amazed at the vast spaces of Canada, and the opportunities for avoiding the mistakes of the Old Country in developing its urban areas.

Both spoke of the hearty welcome accorded them in Canadian cities, and of the information they had gained about social conditions in the Dominion.

M'KENNA GIVES VIEWS ON DEBTS

(Continued from page 1.)

"Nobody has ever doubted Germany's immense power to produce," he continued, "but production by itself is not enough. She must find a market for her exports. . . We must remember that an increase in her exports will only find funds for reparations if there is no corresponding increase in imports."

No Surplus

Germany has no present capacity to obtain a surplus from the export of goods, he argued. Mr. McKenna also said he failed to see how additional taxation can increase Germany's foreign trade and provide a large exportable surplus.

Many Germans possess foreign assets, he said. They have investments on balances in foreign banks, the proceeds of the sale of marks, which have been flung on foreign markets when the mark depreciated in value under pressure of the reparations payments.

Improvement in Mark

"Relieve this pressure," he said, "and the mark will immediately improve. The mark has a far greater value in Germany than it has outside, and the German holders of foreign assets would have a clear advantage in selling them to their Government."

"I believe it would be safe to put

the total value of these assets at not less than \$1,000,000,000. More than that I do not think she has the ability to find, at any rate for a long time to come," he said.

French Debt

Touching upon the French debt to the United States, in which Great Britain is also interested as a French creditor, Mr. McKenna said that France's external debt is far too great in relation to international trade possibilities.

He asserted that France has no trade surplus or reserves of accumulated and exportable wealth to enable her to meet her present external liabilities. The mere endeavor of France to extend her foreign sales to the required degree would disorganize the trade of the world, he maintained.

Britain is Exception

"The inevitable conclusion," he continued, "is that these international debts are far too great for the capacity of any of the debtor countries, except Britain. The whole subject requires a rational reconsideration by the creditors, who must steadily view the immediate effect of the payment of these debts on the general trade of the world."

Postponement

Mr. McKenna stated as his conclusion that Britain has the capacity to pay the United States interest and sinking fund on her debt, but that none of the other countries is in a position to meet more than a small part of its external liabilities. In the existing situation in Europe, a definite postponement of any payment by them is desirable in the interests of all the parties, he said. The actual amount which the other debtors could ultimately pay should, as in the case of Germany, be ascertained by inquiry into their exportable surplus at a full and frank conference between creditors and debtors.

STUDENTS' COUNCIL HOLDS SESSION

Classes in Boxing at Victoria College; Women to Have Two Teams

The first meeting of the students' council of Victoria College was held last Monday to determine and discuss the various activities which will take place during the coming session. At this first meeting it was decided that a mass meeting of the students should take place, yesterday, that the athletic representatives might discuss the programme for the sporting element, and that the present, Mr. Ralph Mathews, might speak to the students of the Alma Mater fees, and such other business as was of importance to the student body.

Arrangements were made for the women's basketball and grass hockey teams, with Miss M. Bell in charge of the meeting, she being women's athletic representative in the students' council.

Mr. Elliot, one of the instructors on the college staff, has kindly consented to conduct classes in boxing, and the men are keenly interested in the matter. Mr. Elliot has been appointed college yell leader, after his success in that position last year.

nearest direction from the eastern boundary of the Province to a railway station, with no road," the Premier explained. "The only way they can haul their produce is to take it by the old railway grade in Winter. Then they have to haul it twenty miles to the boundary, which makes seventy miles altogether to a station. Even when they get to a station they are 400 miles from Edmonton."

"They should certainly have a small flour mill by which they can convert wheat into flour for their own use. Then instead of shipping grain out they should get in dairy cattle and stock with the object of reducing their produce to the lowest possible bulk with the greatest possible value so that the percentage expended in transportation costs would be reduced to the lowest, such as would be the case with butter, cheese, meat and lard. On shipping grain they have to pay the highest transportation costs in proportion to the value of the product. That is the sensible course for these conditions."

COPPER MAN GETS OIL

Thomas Davis, Who Operated Texas Island Properties, Strikes it Rich in Texas

Thomas Davis, former British Columbia mining man who leased from the late Harry Whitney Trust and operated the Loyal mine on Texada Island, is in Victoria to-day after having made a fortune during the last three years in his operations in the oilfields of Texas.

Mr. Davis produced copper from the Texada Island property until the bottom dropped out of the copper market after the armistice. Now he is working the Somerset district of Texas with great success. Telegrams he received to-day from managers he left in charge indicate that there is enough oil at lower levels which they are now going to tap to double his wealth.

For Quality

BELLA COOLA HAD RIVER FLOOD

(Continued from page 1.)

To Ocean Falls

Unable to be of assistance at the time, the Camosun steamed up the Dean Channel to Ocean Falls, returning to Bella Coola again Saturday night. It was still impossible at that hour to receive passengers and the vessel again steamed for Kimsquit, at the head of Dean Channel, returning about noon Sunday.

In Canoes

With the assistance of Indians and their "shovel nose" canoes, the passengers and some small parcels of freight and baggage were brought aboard. The Camosun left for Vancouver at 1:30 p. m., Sunday.

Ward Awaited

Only meagre reports were received from a small settlement of Norwegians up the river from Bella Coola, for whom there was at first considerable anxiety. It is believed that most of the people at that place fled to higher ground. The extent of damage there is not known.

LIBERALS EAGER FOR BIG MEETING

Liberals of Victoria will elect their president for the next year at their annual meeting in the Liberal Club on October 11. F. R. Carlow, vice-president, announced to-day.

Mr. Carlow corrected the idea that the meeting was to be held tonight. It has been arranged for next Wednesday, he explained.

Members of the Liberal Women's Forum will hold their first regular meeting at the Liberal Club at 2 o'clock Friday, October 5. Reports from delegates who attended the recent Provincial Liberal convention at Nelson will be presented, and latest political movements explained. Invitations are being extended to all women interested in politics to attend.

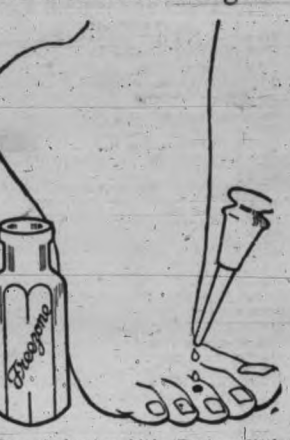

GOVERNOR-GENERAL VISITS WINNIPEG

Winnipeg, Oct. 4.—Welcomed by the representatives of the Provincial Government and the City Council, military officials and a large gathering of citizens, Lord Byng, Governor-General of Canada, accompanied by Lady Byng, arrived here this morning from the West for a week's visit. A continuous round of social and

official events will take up the week. The first function attended to-day was an inspection of troops at Fort Osborne Barracks and a presentation of colors.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Frezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Notice of Application For Private Bill

NOTICE IS HEREBY GIVEN that an application will be made to the Legislative Assembly of the Province of British Columbia at its next Session by the Corporation of the City of Victoria for an Act...

(a) Amending Section 3 to provide for including from tax sale in any year lands in respect of which taxes, including instalments of capital sum, or of soldiers' capital sum, are payable to the City of Victoria...

(b) Amending Section 11 to provide for closing the Municipal Voters' List on 30th day of September in each year.

(c) Amending Section 12 by inserting "30th September" in lieu of "31st October".

(d) By inserting the words "and election" after the word "nomination" in Section 13.

(e) Amending Section 14 by providing that the assessment and election days for Municipal Election purposes shall be the first and second Mondays in December, respectively, in each year.

(f) Providing retroactively that the Council may make, alter or repeal by-law for charging owners of land, and the land itself, outside of boundaries of lots with sewer rentals where such land is connected with any sewer owned, operated or controlled by the City...

(g) Enabling the Council by-law to cancel any or all unpaid future instalments of consolidated arrears of taxes on reverted lands, and providing that the amount of such lands shall be properly applied.

(h) Providing that the upset price of all lands in respect of which arrears of consolidated arrears of consolidated taxes, if any, charged on said lands, shall be ascertained by the Council...

(i) Enabling the Council to regulate by-law building lines and the distance of some from any street in the construction of any or all buildings.

(j) Enabling the Council to impose and collect a tax of \$2.00 per annum upon every horse using the City's streets.

HARVEST FESTIVAL HELD IN DUNCAN

Duncan - A well attended and very pleasant harvest festival was held in St. John's Hall, Duncan, Monday evening.

The musical programme was arranged by Miss Moran and included songs by Mrs. Brookbank, Mrs. Wilfred Christmas, Miss Savage, Miss K. Townend, and Miss M. Tombs, and Messrs. Hopkins and Mr. H. Rice.

Supper was undertaken by a committee under Mrs. Prevost and Mrs. Fletcher. Bridge and dancing followed supper.

TO ENGLAND (Times Correspondence) Duncan - Mr. and Mrs. Lionel W. Huntington, of Cowichan Bay, have gone on a six months' visit to England.

"SHOWER" WAS GIVEN (Times Correspondence) Duncan - Miss Rachel Wilson was again the guest of honor at a handkerchief shower given for her by Miss Bobb of Stephens, Glenora.

Cowichan Committee Met in Duncan (Times Correspondence) Duncan - A full meeting of the Cowichan Library Committee was held Monday afternoon with the president, Mr. Punnett, in the chair.

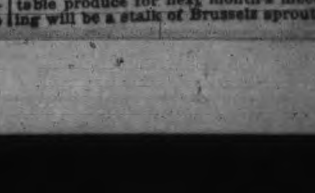

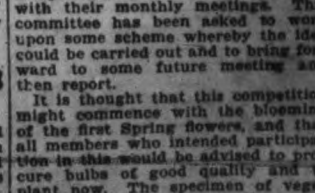

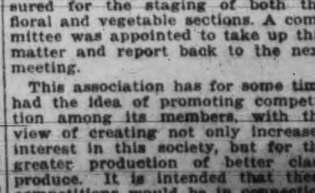

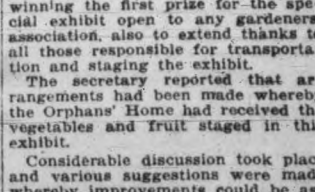

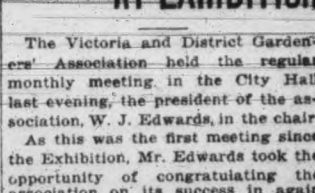

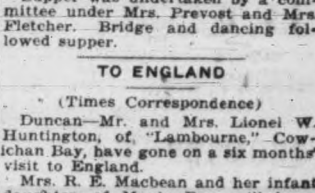

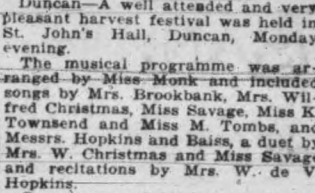

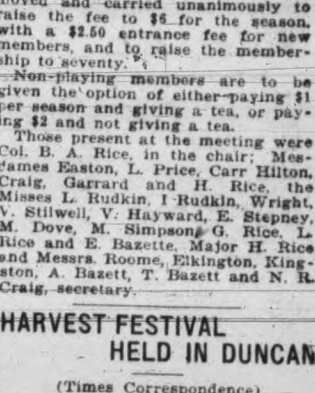

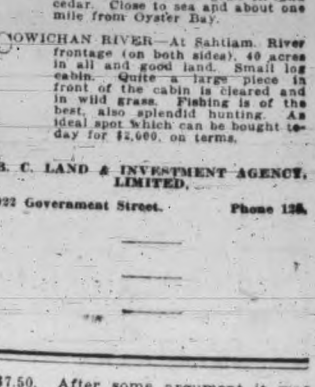

REPORT ON SHOW AT EXHIBITION The Victoria and District Gardeners' Association held the regular monthly meeting in the City Hall last evening...

FEES FIXED BY BADMINTON CLUB (Times Correspondence) Duncan - An extraordinary general meeting of the Duncan Badminton Club was held in the Agricultural Hall on Monday afternoon to discuss financial and subscriptions.

REPORT ON SHOW AT EXHIBITION (Continued) Considerable discussion took place and various suggestions were made whereby improvements could be assured for the staging of both the floral and vegetable sections.

REPORT ON SHOW AT EXHIBITION (Continued) This association has for some time had the idea of promoting competition among its members with the view of creating not only increased interest in this society, but for the greater production of better class produce.

REPORT ON SHOW AT EXHIBITION (Continued) It is thought that this competition might commence with the blooming of the first Spring flowers, and that all members who intended participation in this would be advised to procure bulbs of good quality...

HOW CITIES COMPARE IN CAMPAIGN

"Get a Vote" Effort Is Well Supported

If the Victoria-Calgary Civic Interest Contest, which is being staged this year between the two cities, had taken place last year, and the vote figures at the annual elections had tallied the same as they did, Victoria would have won.

Statistics received by the Victoria Gyro Club, which is at the present time conducting a Get-a-Vote Campaign to build up the civic voters' list preparatory to the elections in December, show that Victoria's score last year would have been 17.53 per cent, while that of Calgary would have been 14.33 per cent. The scoring in the contest is based on the proportion of the total vote to the population.

Although realizing that Victoria would have won last year, the Gyros here know that Calgary at that time had no campaign to increase the voters' list or to get people to vote, while this year its organization have jointly conducted one drive for registration already and will hold one later to get the citizens to the polls. The figures for this year's registrations in Calgary have not yet been received here, but it is expected that

when they arrive they will show that the Albertans are going to force Victoria to reach new heights in her total of votes cast in December in order to win the Civic Interest Contest.

Registration is now being carried on at the City Hall here, and citizens are urged to do their bit to aid Victoria in its friendly competition with Calgary.

GREATER VICTORIA COMMITTEE

The executive of the Greater Victoria Committee will meet at 303 Pemberton Building, on Tuesday evening, October 10, at 8 o'clock, to consider the proposed draft water act for Greater Victoria.

The larger committee will meet on Wednesday, evening, at 8 o'clock, October 18, at the City Hall, Victoria. This will be a most important meeting, and every member of the larger committee should attend. Copies of the proposed water act are being prepared for distribution to all the members, and will be received in sufficient time to permit of careful study, so that every member will be competent to discuss the same at this meeting.

PATIENCE IS A VIRTUE

Although she was nearly eighty, it was the first time she had been to the seaside. It was night time, and sitting on the veranda of her hotel, she saw the twinkling beam of the lighthouse. She watched it for some time, and then:

"How patient sailors are!" she exclaimed.

"Why? How do you mean?" asked her daughter.

"They must be my dear, for the wind has blown that light out eighteen times—and they have lighted it again every time!"

The Secret of Good Health

Assist Nature back to normal action

Take

When Nature requires assistance, she will not be slow in conveying to you an intimation of the fact. Decline of energy, inability to sleep well, headache, biliousness, constipation, a general sluggishness of mind and body and any sign of digestive "unrest" should impel you to seek the aid of a reliable medicine without delay. There is no better—no surer—no safer—than this proven remedy.

BROTHERHOOD IN SUPPORT OF BOARD

Victoria West Body Urge Segregation of Chinese; Want Road Completed

After an animated discussion on the question of Oriental exclusion, the Victoria West Brotherhood in session last night endorsed the action of the Victoria School Board in the policy of segregation of Chinese students subject to the language test. Charles F. Banfield presided. The question was discussed with considerable warmth for the greater part of an hour, but at the vote the meeting was overwhelmingly in favor of the endorsement in question.

Want Through Connection

That the Johnson Street extension to Victoria West through the Reserve should be completed as soon as possible will be urged upon the City Council by a committee composed of Messrs. H. V. Taylor and C. F. Banfield. The same committee will also urge that Mary and Jessie Streets be surfaced, having only a base at present. In connection with the school grounds to the west of the Victoria West institution, a committee composed of Messrs. H. Campbell, Ross and Walker will urge upon the School Board the advisability of effecting some improvement there. It was decided that a social gathering would follow the regular November session.

PADDLES CANOE DOWN COWICHAN RIVER ALONE

Remarkable Trip by Col. L. E. Broome Accomplished in Two and a Half Days

Canoe Strikes Log, Leaks and Wrist Is Injured

Colonel L. E. Broome, noted British aviator, who arrived on the Empress of Asia from the Orient to organize the part of the round the world flight from Japan to British Columbia, has wound a new field of activity.

He has descended the Cowichan River alone in a light Peterborough canoe from the Riverside Inn, Cowichan Lake to Duncan. This is no light feat, and while persons have usually been only too glad to do it under the superintendence of an Indian, owing to log impediments and the Skutz Falls, Col. Broome, although an expert canoeist, has not escaped unscathed, and broke a bone in the right wrist when his canoe was carried by the swift treacherous current underneath a log, and a collision occurred, springing a leak which he succeeded in plugging.

He left the Riverside Inn on Saturday morning, he told The Times yesterday, at ten o'clock, and in pouring rain and bitter cold he made several miles without incident, though owing to the water being about twelve inches below normal, obstruction from boulders proved a serious handicap. His accident happened that day when a heavy log obstacle barred his progress. He was forced to camp and repair the canoe, as well as bandage his injured wrist, spending Saturday night in the open. The obstacle occasioned one of the three portages necessary in the whole route, the Skutz Falls naturally being another and also at "S" bend. He met with some considerable difficulties through the canyon below the falls, but eventually on Sunday night reached an opportunity for shelter in the premises of Mr. Williams, of Hongkong, where he stayed in the woodshed.

A good Samaritan turned up in the person of a game warden, who attended to the fractured wrist, and on Monday Col. Broome continued his escape, reaching Duncan about two o'clock without further obstacle. He issues a word of caution against the feat being attempted by anyone who is not experienced with a canoe, and says the problem is far greater than the average waterman would expect. He pays a tribute to H. Hodgson, proprietor of the Riverside Inn at Cowichan Lake for aid-in-adventure.

Col. Broome will be at the Oak Bay Hotel until to-morrow, when he will proceed to Vancouver to make arrangements for the small vessel required as a directional ship for the trans-Pacific flight, and then will go on to Seattle. He says the Provincial Government through Major Aitken, geographer of the Department of Lands, has aided him very considerably on his mission with splendid large scale maps for the tour which will pass over this province.

CANADIAN SCOTTISH

Regimental orders, part 1, by Lieut.-Col. H. M. Urquhart, D.S.O., M.G., A.D.C., commanding, 1st Battalion (18th Bn., C.E.F.), the Canadian Scottish Regiment, Armories, Victoria, Oct. 3.

Parades—The battalion will parade as strong as possible at headquarters on Thursday next, the 6th instant, at 8 p.m.

Full In—Companies will fall in on their private parade grounds under their respective officers at 7.45 p.m. Dress—Service dress.

Bands—Both pipe and brass bands will be in attendance.

H. B. BATE, Lieutenant and adjutant, 1st Battalion (18th Bn., C.E.F.), the Canadian Scottish Regiment.

OF SOME USE, AFTER ALL

Mr. Grumps—"I'd just like to know what you, these cooking-school lessons are doing our daughter?"

Mrs. G.—"Everything she cooks she brings home."

"But none of the family will touch them, and the things are just thrown away."

"No, they are not. She gives them to tramps."

"Ugh! What good does that do?"

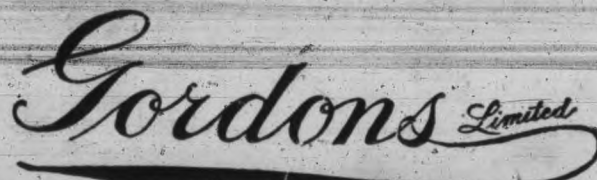

"We are getting rid of the tramps!"
