

THE CHRONICLE.

BRIDGEPORT, OCTOBER 29, 1881.

SAN FRANCISCO AGENCY—L. P. Fisher, 21 Merchants' Exchange, is our Agent, and is authorized to contract for advertising, receive subscriptions and make collections on our account.

CHAS. W. CRANE, 318 Pine street, Room 39, San Francisco, is our Agent, and is authorized to contract for advertising, receive subscriptions and make collections on our account.

The Richmond State thus puts it: By the vote of a degenerate Virginian, Byard, the pure and good, has been "hailed down," and a ton of stale lard in the shape of David Davis made possible President of the United States—and all this on account of the treachery of Billy Mahone.

The Chicago Times' Leadville special says: Henry Pope was caught in the act of salting 97 tons of ore from nine ounces to 251 ounces which he was selling to St. Louis Smelting Company. J. H. Laker, manager caught Pope and saved a quarter-million swindle. Pope is under arrest, not being able to give \$10,000 bail.

Judge Gary, of Chicago, has been renominated by the Democrats for Judge of the Superior Court. The Republicans also renominated him, this being the third term in which he has been the unanimous choice of both parties.

At the recent Methodist Ecumenical descendants of all peoples, headed by the English races, were there assembled—the representatives of 48,000,000 churchmen and 20,000,000 adherents.

A number of Russian families have emigrated from Kansas, on account of grasshoppers and drought, to Oregon—the advance of 10,000 persons.

The number of German emigrants to this county, during the first eight months of the year, was 130,000 against 65,000 for same period last year.

Confederate money is in demand. At the Atlanta Exposition a Charleston firm will distribute \$500,000 of it with their advertisement on the back.

The Governor has appointed George A. Blanchard, of Sacramento, Superior Judge of Colusa county, vice Judge F. L. Hatch, deceased.

It is reported that Hundly, of Butte, is about to resign the Judgeship, and that W. S. Safford will be appointed.

Homes in the West for 10,000 poor Eastern children were found by the late James P. Brace, of New York.

The Republicans have nominated State Senator Astor for Congress from New York 11th District.

By request, of Mrs. Garfield, Col. Rockwell will arrange the late President's papers for publication.

Indians and women are very much alike—both put on war paint when they go out to capture something.

The Pacific Cream of Tartar Works, San Francisco, will commence business on the 1st of November.

The 80,000 Methodists of Iowa are erecting churches at the rate of one every two weeks.

At his death Washington was the richest President we ever had. He was worth \$800,000.

Louise Michel, the Paris Communist, in her newspaper approves of the assassination of Garfield.

Charles Davis, aged 14 years, the murderer of a Chinaman in Tulare county, has gone to State Prison for six years.

The trotter Santa Claus has been sold to Shaw and Kahl, of San Francisco, for the sum of \$25,000.

Another cotton mill is to be established at Nashville. No root for "free trade" in that city.

Nearly \$12,000 have already been collected in San Francisco to the fund for a Garfield monument in Golden Gate park.

Law suits are not always expensive. The cheapest a man can get is the striped one worn in the penitentiary.

California this season puts up 151,000 boxes of raisins.

Technicality is the shield behind which criminals hide.

Edward F. White has been confirmed a Coiner at the San Francisco Mint.

If \$5,000,000 are guaranteed, Boston will have a World's Fair.

The Supreme Council of the order of Chosen Friends is in session at Detroit.

In Ohio the greenback vote was 1,000.

TOO ZEALOUS.

Last week, in Kern county, Deputy Sheriff Benjamin Mitchell was instantly shot dead while defending the murderer Tom Herbert from a Vigilance Committee, and one of the latter wounded. Was it creditable for the officer to sacrifice himself and jeopard the lives of other good citizens, to save a cold-blooded murderer from the just vengeance of an outraged people, a community repeatedly outraged by murders, freedom from punishment, and yet afflicted with heavy taxation consequent upon crime? We think not, and believe that those who favor Justice are of like opinion. When the people have occasions of this kind to deal with, it is not expected that an officer will use extraordinary exertions, or resort to severe measures, involving loss of life and destruction of property, to hold a murderer that the taxpayers may pay a good sum for the uncertainties of law. Here is an illustration of Justice, as usually found in Courts of law. We quote from the Washington Law Reporter:

"An outspoken Judge had to sentence a prisoner in Danville, Va., to prison for 18 years, for murder, the jury making a 'compromise verdict.' The Judge informed the defendant that the sentence was due to the 'moral cowardice of twelve men.' Telling him that he considered him guilty, as charged, he added: 'You should rejoice and praise God that you fell into the hands of, and were tried by a jury of your peers.'"

Of the dozen murder trials, in Mono county, during the past eighteen months, only one was convicted, and his was by a Vigilance Committee—free of cost to the county. The others, equally guilty, but turned loose upon society, cost the county not less than \$40,000. And the murderer DeRoche, hanged by the Committee, was one of the jury on the first trial of Sam Chung. The Vigilance Committee strikes terrors which are unknown where the law is allowed to take its course; a terror that is a punishment which covers its victim. It would be better for society if all laws for the punishment of murderers and highwaymen were repealed, and the people allowed to deal justly with them. But it is physically and politically unhealthful for an officer to be too zealous.

Since the above was in type we learn that Mitchell was shot down on sight by a drunken mob. Our remarks are not applicable to such a crowd.

The Sacramento Bee says a lack of potatoes and bread makes more criminals than a want of religious principles. The best way to keep a man honest is to feed him well. Bibles on earth and brimstone hereafter have no terrors for a starving man.

Neither have they for those living upon the fat of the land. A San Francisco journal charges another with "fighting the air." What else is there left to war against now that the "boy preacher" has become a stale subject. Sacramento Bee.

The Capital City also had a "stale subject." What will ye locals do without the camp meeting?

LOCAL INTELLIGENCE.

HOSPITAL AND POOR HOUSE.—As the hospital contract expires on the 1st of March next, this is a good time to express our views upon the subject, and our standpoint is from an economical and sanitary view. The capitation-tax of three dollars for hospital purposes has ever been unpopular, and a consequent annoyance to our people. At the best, taxes are odious, and are seldom cheerfully paid. Although this tax is for charitable purposes, yet it has been damned almost beyond redemption; and turned yearly being showered upon the Supervisors, Assessor, Tax Collector and doctors, enough to sink the county out of sight; and why? Simply because the county has comparatively but little to show for it. To harmonize matters a radical change is absolutely necessary. Personally we care not jot or tittle where the hospital is located, but we believe that, aside from sanitary reasons, a proper regard for the economical administration of that branch of our county government demands its removal from Bodie to the County Seat. Bodie is not the place for an institution of this kind; the climate is far from being pleasant; it is not healthy; the water supply is not good; the price of wood is double what it is in Bridgeport, and more is used, and in a word, it is too expensive to maintain a charitable institution there. Our proposition is that the county assume the sole control of the hospital; that the old Court House, for that purpose, in connection with a poor house, be put in order; that a resident physician, steward and matron be appointed, and supplies be contracted for. We trust that the Board of Supervisors will take these suggestions under consideration at an early day.

ACCIDENT.—On Sunday last Grant Patterson, and another young boy started on a hunt, riding double. Near Barnes' ranch the horse commenced bucking, throwing Patterson off, his companion, in the meantime, having safely slid off from behind. Patterson's foot hung to the stirrup, and in that condition he was whirled several times, which resulted in a fracture below his right thigh. Under charge of Doctor Sinclair he is doing well.

MUCH NEEDED.—We suggest that at next meeting the Board of Supervisors adopt precautionary measures against the destruction of the Court House and jail. A sufficient quantity of hose, a dozen or two of leather buckets, a ladder, spiked and hooked, long enough to reach the roof, and six axes—all to be placed within easy access.

HE FOR SWEETWATER!—Jesse N. Summers has removed all of his numerous and extensive household gods from the Point to Sweetwater. This movement is the nucleus of a town in the Patterson Mining District—a section destined in the near future to be second to none on the Pacific Coast.

LARGE VEGETABLES.—The "Willows," D. M. Walter's ranch, produces a large crop of vegetables this season, both as to quality and size, some of the turnips going as high as 20 pounds.

GRAND BALL.—A Grand Ball is to be given by D. M. Barnett, of Barnett's Hotel, Colville, on Thursday evening next, November 3d. A good time may be expected.

DISCHARGED.—This week the Oro, of Bodie; and the May Lundy, of Mill Creek; discharged a number of men—the former 30 and the latter 40.

MUSIC.—We are in receipt of "Never go back on a Travelling Man, or The Boys on the Road," published by F. W. Helmeck Cincinnati.

BOARD OF SUPERVISORS.—The Board of Supervisors will meet in regular session on next Monday week, November 7th.

A. B. Stewart, Druggist, Bodie, has drugs, medicines, paints, oils, ammunition and cartridges.

NOTARY.—Alexander Mills, Jr. has been appointed a Notary Public, to reside at Lundy.

POSTMASTER.—George Watterson has been appointed Postmaster of Benton.

New MILL.—Jesse N. and J. M. Summers are erecting a mill at their mine in Patterson District.

Ex-Governor Seymour said recently that the spirit of gambling is the greatest evil a farmer has to contend with. More men have been ruined by holding their hops for high or prices, when they could have sold them at thirty cents a pound, than have been hurt by selling in season when the market ruled at ten cents per pound. So with wheat. Farmers are always holding for higher prices.

Charles J. Folger, Judge of the Court of Appeals, of New York, has been confirmed as Secretary of the Treasury. Had Morgan accepted this position, it was the intention of the President to nominate the Judge to the Supreme Bench. Folger is popular with both parties, and his vote is far in excess of Garfield's. As a financier, he is second to none.

The steamer Bolivia, from London on the 10th inst. for New York, has not been heard from. On board are 150 immigrants and 100 cabin passengers, mostly returning tourists.

Last week the police of Frankfort-on-the-Rhine seized and confiscated all the bills and posters, found in restaurants which give information to those intending to emigrate to this country.

On Saturday, at the Bay District Track, Ireland Stanford's two-year-old bay filly Wildflower made the extraordinary time of a mile in 2:21—ten seconds better than the Kentucky time.

The northern portion of Iowa is having a boom of new corners. Small farms to the amount of 150,000 acres have been sold by one railroad company this season.

On Saturday morning last the body of Garfield was quietly removed to Captain L. T. Scofield's private vault.

Ex-Senator Morgan, of New York, declined the nomination for Secretary of the Treasury.

On the 20th and 21st inst. 61 vessels arrived at San Francisco, of which 11 were steamers and 33 square-rigged.

King's balloon turned up in a swamp near Clappewa Falls, Wis., and the party were four days working their way out.

On Monday last the Republicans elected their candidate for Second Trustee of Sacramento by 450 majority.

Windom has resumed his seat in the U. S. Senate, having been re-elected.

Immigration from Kentucky to Florida is extensive.

The Universalists of New England have 170 less churches than in 1850.

The weight of President Arthur is 215 pounds.
