

# Whether it's for going on safari or adding a child's bedroom, your money's already protected.

Whatever you're saving for, your money is protected up to £75,000 by the Financial Services Compensation Scheme, should anything happen to your bank, building society or credit union. It's completely automatic and free of charge.

You'll probably never need us. But it's good to know we're here.

To check that you're fully covered, visit [fscs.org.uk/protected](http://fscs.org.uk/protected)
