SUBJECT: Return of Reparations Equipment

TO: Commanding General
I Corps
APO 301

1. The equipment listed in the inclosure, which was removed from reparations plants for use by Eighth Army Engineers, has been determined to be no longer required. Consequently it is being shipped back to the several plants to again be placed under custody and control.

2. The 598th Engineer Base Depot is handling the shipment. Shipping documents will completely identify items by code number and nomenclature. An information copy of each shipping document will be forwarded to the appropriate military government team for recording and planning purposes.

3. It is desired that this headquarters be notified when the equipment of each plant has been returned to custody and control.

INVESTIGATION REPORT

Date; 22 Dec 48

Subject: Shipment of borrowed machines

To: Mr Keisel

Investigation of the shipment of reparations equipment as listed in letter from 8th Army dated 12 Nov 48, shows that the shipment to Hidakata Main Arsenal, (32-31) was delivered at Higashi-Kanegawa station of Tokaido RR Line at the 3rd of Dec 1948. The manifest listed only one electric welder, number 32-31-3670. This completed the shipment except for one electric welder, number 32-31-3669. This team is unable to find further information on the missing welder.

Sgt JH

please check again next
week to see if other machine has
arrived.

H. Jones

Did not arrive in Jan 1949

Sgt. Jof

Please verify as I
have to write a letter
to higher headquarters
and let them know
when we received these
items and their condition
