The following persons are not qualified to take the examination:

a. Any person who is designated as a person falling under the application of any part of Article 38 of the NPSL.

b. Any person falling under the application of the Memorandum pursuant to "Imperial Ordinance concerning Removal and Exclusion from Public Office" (Imperial Ordinance No. 1 of 1947), or any person considered to have been designated as a person falling under the application of the Memorandum according to "Organization Control Order" (Cabinet Order No. 64 of 1949).

5. Division of Positions for Purposes of Appointment.

Positions for which this examination is to be given shall, for the purposes of appointments to be made possible by this examination, be divided into the following levels according to the degree of responsibility of the position, etc.

Levels I, II, III and IV

Reference is invited to Annex 1 for the levels to which specific positions belong.

6. Qualifications for Appointment.

Although any person possessing the qualifications for appointment to any position for which this examination is to be given may take the examination for the kind of occupation to which that position belongs, appointments to specific positions shall be limited to those persons possessing the qualifications for appointment to those positions.

a. General Qualifications

Except in the case of Police occupations, generally speaking, the following experience is required as general qualification for appointment to positions for which this examination is to be given:

(1) In order to be appointed to positions in Level I, it is necessary to have served, within the past 15 years, eight years in a position whose duties are deemed to be similar or closely related to the duties of a position within the kind of occupation to which the position in question belongs and, also within the past 15 years, at least one year (which may be included in the previously mentioned eight years) in a position belonging to Level II, or a position carrying the same or higher degree of responsibility, or at least two years in a position belonging to Level III or a position carrying the same or higher degree or responsibility;

(2) In order to be appointed to positions in Level II, it is necessary to have served, within the past 15 years, seven years in a position whose duties are deemed to be similar or closely related to the duties of a position within the kind of occupation to which the position in question belongs and, also within the past 15 years, at least one year (which may be included in the previously mentioned seven years) in a position belonging to Level III or a position carrying the same or higher degree of responsibility or, at least three years in a position belonging to Level IV or a position carrying the same or higher degree of responsibility;

(3) In order to be appointed to positions in Level III, it is necessary to have served, within the past 10 years, six years in a position whose duties are deemed to be similar or closely related to the duties of a position within the kind of occupation to which the position in question belongs and, also within the past 10 years, at least two years (which may be included in the previously mentioned six years) in a position belonging to Level IV or position carrying the same or higher degree of responsibility;

(4) In order to be appointed to a position

in Level IV, it is necessary to have served, within the past 10 years, five years in a position whose duties are deemed to be similar or closely related to the duties of a position within the kind of occupation to which the position in question belongs and, also within the past 10 years, experience in a position in pay grade 10 (which may be included in the previously mentioned five years) of the general pay schedule as established by the "Law Administering the New Pay of Government Employees" (Law No. 46 of 1948) or a position carrying the same or higher degree of responsibility.

Reference is invited to Annex 2 for the details of the general qualifications.

b. Special Qualifications

Special qualifications in addition to the above general qualification are, generally speaking, required for individual positions.

Reference is invited to Annex 2 for detailed information on special qualifications.

c. Treatment of Experience

With respect to the handling of general qualification and special qualifications, equal treatment will be given to experience in private and governmental employment whenever they are considered to be of the same type and degree.

The length of experience will be computed as of the deadline date for application.

d. Exception for Incumbents
