NO. 107.

WILL DISCUSS SPRING RIDGE

PROJECT UP BEFORE SPECIAL COUNCIL MEETING

Estimated Cost of Site Slightly
Over \$40,000—Revenue From
Sale of Material

A special meeting of the city council will be held this evening for the purpose of considering the project for the placing of the High school on a site where are located the gravel pits at Spring Ridge. The joint committee of the council and school board some few days ago met and considered the scheme and made a recommendation that a proposition should now emanate from the council to the school board. The latter body will, it is agreed, convene a special meeting immediately to consider the scheme.

The trustees have a sum of \$25,000 available for the purposes of a site. The property included in the area bounded by Fernwood road, Gladstone avenue, Grant street and the westerly line of blocks 49 and 54, including the small triangular piece of block 54, owned by the B. C. Electric Railway Company might be acquired if this site is adopted. There would be no occasion, it is thought, to disturb the Baptist church property on the corner of Fernwood road and Gladstone avenue. The estimated cost of the whole site is \$40,000, not including the city property within the area named. The property comprises about eleven and a half acres.

There are nine frame houses and a stable upon it, all of which could be removed. It is believed that one brick house could be utilized as a caretaker's residence. The estimated value of the sand and gravel in the site for sale would approximate, it is believed, 20,000 cubic yards, valued at \$10,000. It is also estimated that there is an overvaluation of some of the properties which would reduce the total cost of the site about \$4,000.

GUILTY OF MURDER IN SECOND DEGREE

Attorneys for Wezler, Who Killed Mother-in-Law, Desire a New Trial

(Times Leased Wire.)
Tacoma, Wash., May 4.—Prosecuting Attorney J. L. McMurray will insist that Charles Wezler, against whom a verdict of second degree murder was returned last night, be given life imprisonment when he comes up for sentence, on Friday.

The motion of his attorneys for a new trial will be heard by the court at that time. Under the state law, he is amenable to sentence of from 10 years to life.

On April 4th, Wezler induced his wife's mother to go to her sister's home at Gig Harbor by a decoy letter, telling her that her sister was sick. He met her on the lonely road while she was on her way and pleaded with her to use her influence upon his divorced wife to allow him to see his two small children. When she refused to help him, Wezler pulled a revolver from his pocket and shot her through the head. He hid her body in the woods and fled to San Francisco. A week later the body was located by the sheriff's bloodhounds. Wezler was arrested and brought here for trial. His trial has consumed only four days.

POSTAL BUSINESS GAINS

Winnipeg, May 4.—The business of the Winnipeg post office for the month of April shows an increase of 30 per cent. over that of the month of April, 1909, which shows the increased activities prevailing in the city and throughout the West.

SUSPECTED LEPERS IN COOK INLET REGION

Doctor Seeks Permission to Quarantine Women and Boy Pending Examination

(Times Leased Wire.)
Seward, Alaska, May 4.—Dr. Joseph H. Romig, in charge of the natives of the southwestern division of Alaska, today called the department of justice, urging that four leper suspects here be quarantined pending a full examination.

Dr. Romig returned yesterday from the Cook Inlet region, where he made a preliminary examination of the four suspects. A woman and a boy at Nenichek, a woman at Kenai and a woman at Seldovia, all showed signs of the dread disease. Three of them are half-breeds, half native and half Russian, over whom he has no jurisdiction. A trained nurse has been left in charge of the suspects.

BUSINESS MEN'S EXCURSION

Winnipeg, May 4.—A business men's excursion under the auspices of the Industrial Bureau, has been arranged. One hundred of Winnipeg's leading business men will make a tour of the western provinces, gathering in personal touch with business men in the chief commercial centres. The trip will cover 2,000 miles.

ASPHALT PLANT FOR VICTORIA

WARSWICK COMPANY IS PLANNING SAME

Move to Pave Portion of Government Street With This Material is Considered Significant

That asphalt will be the form of pavement to be adopted in Victoria for all the business and most of the residential streets in any future work to be undertaken, and that this will result in the erection here of a very early date of a large asphalt plant, is the opinion prevailing now in the best-informed quarters. Ald. Sargison has declared his intention of presenting a resolution at the next regular meeting of the city council that Government street, from Belleville to Michigan, be paved with that class of material immediately, and that boulevards, curbs and gutters be constructed also on Government between Superior and Michigan.

In this connection it is understood that Capt. J. Warswick, of the Asphalt Pavement Company, who has been in the city for some days has announced his intention of undertaking, at a very early date, the erection here of a large plant for paving purposes. This will involve an expenditure of something like \$40,000. The site for these works are now being negotiated for. The Warswick Pavement Company, which deals in asphalt and road oils, has branches in eight cities, seven in California and Calgary. The pavements laid by this company are said to have given the greatest success.

Ald. Sargison and Lanley are the particular champions of asphalt on the council board, and it is believed that a majority of the members are favorable to this type of pavement, but final decision in the matter has been postponed in recent months awaiting a decision of the city engineer recently appointed. Mr. Smith is, however, indisposed to give a hard and fast decision in favor of asphalt until he studies the city more carefully, but it is generally accepted that he will recommend this class of material. The matter is one of considerable importance to the citizens generally, in that the inauguration of a large new industry here is involved.

MAN AND HIS WIFE MURDERED IN CABIN

Poses Are Searching for Murderers—Robbery Motive for Crime

(Times Leased Wire.)
Prescott, Ariz., May 4.—Poses today are scouring the mountains near Prescott for the murderers of George Mahard and his wife, whose bodies were found last evening in their cabin in the Oro Fino district, 15 miles from this city.

Mahard had been shot through the head and heart. Mrs. Mahard, who was in ill health, had been shot through the head, presumably when she came to her husband's assistance. The condition of the rooms was evidence that a desperate struggle had taken place.

When the news was brought to Prescott, posers of deputies and citizens were organized.

Mahard was popular among mining men, who believe that robbery was the motive for the crime.

A message from Wickenburg at midnight stated that two suspects were under arrest there. Officers will be sent to bring them to Prescott. The sheriff of Yavapai county has offered a large reward for the capture of the murderers dead or alive.

PRIZE FIGHTS IN AUSTRALIA

Presbyterian General Assembly Tables Motion Urging Law to Suppress All Contests

(Times Leased Wire.)
Vancouver, B. C., May 4.—A special cable from Sydney, N. S. W., says that the Presbyterian General Assembly of Australia has tabled a motion urging Premier Fisher to pass a law suppressing all prize fighting in the Commonwealth.

AFTER THREE YEARS

San Francisco, Cal., May 4.—A. K. Detweiler, indicted in connection with the alleged bribery of the board of Ruel supervisors by the Home Telephone Company, will be arraigned to-morrow. Detweiler returned to San Francisco after an absence of nearly three years and surrendered himself to Judge Lawler. He was released on bail.

District Attorney Fickert, discussing the case, said:

"There is little doubt but that we will be able to proceed against Detweiler at once. We will be able to put witnesses on the stand who never before testified. These men should have been indicted with Detweiler, but the statute of limitations is operative in their cases, they no longer are open to indictment."

"This will enable us to use their testimony, although the testimony of former Supervisor 'Big Jim' Gallagher is not available."

HOMAGE TO A GREAT CANADIAN
THE IMP—"Where did that money come from?"
JACK CANNUCK—"Run away, you miserable creature; I am busy honoring a man."

CONGRESS ANNOYS PRESIDENT TAFT

RESENTS SLAUGHTER OF RAILWAY REGULATION BILL

Declares He Will Have a Satisfactory Measure or None at All

(Times Leased Wire.)
St. Louis, Mo., May 4.—"We are either going to have a satisfactory railway regulation bill or we are not going to have any," declared President Taft on his arrival here to-day. The President and his party reached St. Louis from Cincinnati early this morning.

Taft did not care to discuss the slaughter of the railroad bill in the two houses of congress yesterday. He indicated, however, the action that he will take.

"When I return to Washington," he said, "I will look over the entire bill." Then he added that there would be either a satisfactory bill or none.

That he does not intend to submit to the action of congress in leaving only the less important sections of the measure in the bill was evident from his short statement.

The railroad regulation bill was one of the pet measures on the administration programme. Taft had received assurances, before leaving Washington, that the insurgents would help in passing the programme. That this was believed to mean they would help in passing the railroad bill was an inference drawn by the friends of the administration, although it was known that the progressives in the senate had bitterly attacked the bill.

The cutting and trimming to which the bill was subjected when it was called up in the both houses this week, and after the president had left Washington, was a severe blow to the administration programme, and the utter route of the regulars has greatly displeased the president.

Though Taft has refused to discuss the measure, he conferred with Senator Aldrich over the long distance telephone while the presidential party was in Pittsburgh, and it is believed by his friends here that his statement to-day clearly implies that if the measure as finally passed by congress does not meet with his approval that he will veto the measure.

More Trouble Brewing.

Washington, D. C., May 4.—The suggestion of an amendment requiring the physical valuation of railroads to be introduced in the senate has called up visions of wrangling and debate that may last a month. With leaders and administration officials already angered over the slaughter of the original railroad bill and with the prospect of a prolonged fight over what remains of the measure, the chances for the speedy carrying out of the "administration programme" are more remote to-day than ever.

ARRANGING FOR FLOWER SHOWS

OFFICERS OF LOCAL SOCIETY ELECTED

Report at Annual Meeting Shows Only 48 Cents Indebtedness For Last Year

The Victoria Horticultural Society commences the new year with a debt amounting for 48 cents hanging over it. Last year two shows were held, one of roses and other June flowers early in the season, and the summer show in the middle of August. The attendance at these shows was not as large as the directors would have liked, but in spite of that fact the balance sheet is almost even.

At the annual meeting, held in the Sir William Wallace hall, Broad street, the following officers were elected for the coming season: Honorary president, His Honor Lieutenant-Governor Patterson; president, H. R. Beaven; vice-presidents, Mrs. Henry Croft, Mrs. A. J. C. Gaulty, Mrs. Frank Barnard, W. Fernie, F. H. Pemberton, Mrs. B. W. Pearce and Walter F. Burton; honorary treasurer, E. B. Billingshurst; secretary, James A. Bland; directors, Jno. Sherburn, Miss L. Angus, James Manston, Judge Lampman, E. A. Wallace, F. T. James, Mrs. F. Morrall, Mrs. R. B. McMicking and C. W. Newbury.

The new board of directors will meet on Monday next at the office of E. B. Billingshurst, when the date for the annual show will probably be set, prize lists arranged, and general business attended to. The rose show will probably be held at the end of June, and the pruning of a number of gardens is being done with this in view. Victoria is noted for the superior quality of her roses and for the prodigality with which they bloom. That the exhibitions during the coming year will be well up to the average, if not better than ever before, is practically assured, for the season looks most promising.

GOVERNOR-GENERAL'S CAREER IN CANADA

London Newspapers Comment on Sir Wilfrid Laurier's Tribute to Earl Grey

(Special to the Times.)
London, May 4.—The Morning Post says Sir Wilfrid Laurier's unqualified approval of Earl Grey's official career in Canada shows how definite a lead towards Imperial co-operation can be given in a self-governing Dominion without offending the susceptibilities of its government by an English governor-general who has succeeded in identifying himself thoroughly with the everyday life as well as national aspirations of the new country.

The Mail says Earl Grey's robust influence in Canada during the years of prodigious material development.

INVESTIGATING ALLEGED BRIBERY

CHICAGO GRAND JURY TAKING EVIDENCE

District Attorney Anxious to Secure Names of Men Connected With Case

(Times Leased Wire.)
Chicago, May 4.—The investigation of charges of bribery in connection with the election of William Lorimer to the United States senate was begun to-day by District Attorney Wayman, Charles A. White, a member of the Illinois legislature, was the first witness.

White will be questioned about statements printed in a newspaper here and alleged to have been made by him, saying that he had received \$2,000 to vote for Lorimer.

Leo O'Neill Brown, Democratic leader of the lower house of the legislature, said White part of this money, according to the statement printed. It is expected that the grand jury will go into this statement very carefully.

Today's session is expected to be something of a "fishing excursion." It is believed that District Attorney Wayman wants White to repeat to the grand jury the story of the affair as it was told to him. It is expected that from White's story as told to-day the grand jury will secure evidence that will form the basis of the inquiry into the alleged bribery.

Not only will the jury secure some facts in regard to the matter, but it is expected that the names of a number of men alleged to be connected with the case will be given and that from White's testimony the jury will secure the names of a number of witnesses.

It already has been intimated that a number of the members of the legislature will be summoned, and it is believed that Wayman already has prepared subpoenas which will be issued to the men who are who will be called has not yet been announced.

Senator Lorimer returned to Washington to-day. He refused to discuss the allegations of bribery further and has made no statement since his initial utterance that the whole story as it was purported to have been told by White was false.

ELECTIONS IN MEXICO

Mexico City, May 4.—Excitement prevails throughout Mexico to-day prior to the national primary election which takes place to-morrow. The government has employed every means to ensure orderly elections and maintain peace, but already several minor disturbances have taken place.

The closest battle will be for the vice-presidential nomination, and to-day it appears probable that Senor Corral will capture it. The nomination of President Diaz is assured.

Serious charges are being brought by both factions in an endeavor to hurt the chances of success for the other side.

CONSTRUCTION MAY PROCEED

GRAND TRUNK OBTAIN PERMISSION TO BUILD

Work of Making New Wharf to Be Under Supervision of Engineer Keefer

Captain Gaudin, local agent of marine and fisheries, this morning received a telegram from Ottawa instructing him to allow the Grand Trunk Pacific Railway Company to proceed with the construction of their new dock on Wharf street under the supervision of G. A. Keefer, the harbor engineer, the plans having been approved by the department.

During the few days the work on the north wharf has been stopped the pile driver has not been idle. The contractors have been building out at the south end of the property and the work of putting on the timbers and rushing the general construction has been proceeding apace.

The blasting operations are in full swing and the new level, about 20 feet below the street, is every day getting larger. It will not be long before the filling-in will have been completed, and then it will be necessary to remove the rock, hundreds of tons of which will be to spare after the filling has been completed.

It is interesting to watch the immense crane lifting the giant rocks that have been loosened, and dropping them into the water as the filling proceeds. All day long there is a line of spectators watching the work and speculating on the effect the improvements will have on the future progress of Victoria.

AUSTRALIAN FORCES

Col. Kirkpatrick Will Be Inspector-General in Commonwealth

Melbourne, May 4.—The Fisher cabinet finding that the appointment of Col. Kirkpatrick as Inspector-General of forces had been completed by the old government, has decided not to disturb the arrangement.

MARKET FOR RUBBER SHARES DEPRESSED

London Brokers Believe Demand From States Will Again Force Up Prices

(Special to the Times.)
London, May 4.—A situation unprecedented in the annals of the commerce of the city arose at the fortnightly rubber sales in the Continental sales rooms in Mincing Lane yesterday. About 150 tons of plantation rubber that was offered for sale in various lots by ten different brokers was withdrawn. After a considerable amount of discussion and negotiating between the buyers and brokers, an arrangement was reached by which the whole of the unsold rubber will be offered again on Monday, and in the meanwhile none of the lots will be offered for sale by private treaty.

An explanation was that the selling brokers were confident that the American demand for rubber must force the prices up to a price equal to the recent record sales, the stocks on hand in America being said to be very low. The market in rubber shares was naturally depressed by the deadlock in Mincing Lane.

WRECK OF FARALLON HAS DISAPPEARED

Steamer Which Grounded on Reef Believed to Have Been Carried to Sea by Ice

(Times Leased Wire.)
Seward, Alaska, May 4.—The wreck of the steamer Farallon, on the reef of Lianna bay, has disappeared. No sign of the wreckage remains on the beach, and the hull was probably carried out to sea by the ice.

News of the disappearance of the wreckage was brought here by Capt. McElvray, of the steamer Bertha. When last seen the Farallon was encased in a thick sheet of ice, but was still intact.

ROOSEVELT IN NORWAY

(By a Staff Correspondent of the United Press.)
Christiania, May 4.—King Haakon and Queen Maud were the first persons to greet Col. Roosevelt when he arrived here at noon to-day.

The Colonel was greeted by cheering thousands, who crowded the streets and house tops.

After the Roosevelt party had alighted from the special royal train, they entered carriages and were taken to luncheon with the King and Queen at the American embassy.

The secretary of the Nobel prize commission conferred briefly with Roosevelt this afternoon, and he decided definitely to make the Nobel prize address to-morrow afternoon at the National Theatre.

CITY IN JAPAN SWEEP BY FIRE

SEVEN THOUSAND BUILDINGS DESTROYED

Many Persons Reported Missing and it is Feared They Have Perished

(Times Leased Wire.)
Tokio, May 4.—Hundreds of persons were injured and many are reported missing in a fire which destroyed 7,000 houses in the city of Aomori yesterday afternoon.

Reports from military authorities who have taken possession of the remnants of the burned city, received here to-day were the first intimation that a great disaster had occurred.

From the meager official dispatches it is impossible to ascertain the number of casualties.

The fire wiped out of existence 90 per cent of the entire city. The fire raged from 2 o'clock in the afternoon until 5:30, when nothing remained in the burned area but masses of smoking ashes and charred sticks.

The terrified inhabitants appealed to the governor of the prefecture and troops were rushed to Aomori. The troops fought the flames and rescued hundreds of persons.

The origin of the fire has not been ascertained.

The official dispatches contain an appeal for medical supplies, food and clothing and report that great suffering exists.

Aomori is the principal city in the Ken or prefecture of Aomori in the furthest part of the island of Honshu, the largest island of Japan. Its population was estimated at 40,000.

LONDON MAGAZINE WITHDRAWN FROM SALE

Criticism of Article Which Referred to the King Responsible For Action

(Special to the Times.)
London, May 4.—A sensation was caused yesterday by the news that the May number of the Contemporary Review, which was issued last Saturday, had been withdrawn from circulation and that a revised edition will be put into circulation in the course of a few days.

The Evening News states that this is due to the outspoken criticism of the bad taste and disloyalty of certain references to the King in an article which had the place of honor in the Review. Copies of the Contemporary were sent to the newspaper for review on Friday last, but on Saturday all who had received them were requested to return them as it was desired to revise one of the articles. Beyond this no intimation was given by the publishers of the Contemporary of what had occurred to cause the unusual step of suppressing or partially suppressing the Review.

Several people who have read the supposedly offensive article declare that they are quite unable to understand why it should have led to the withdrawal of the Review. The article was entitled, "Opportunity of a King." It opened with a fierce denunciation of a skit on "Hamlet," played by the "Follies" at the Apollo theatre and concluded with an appeal to the King to be a good sportsman, to arrange the settlement of the controversy between the Lords and Commons on the basis of an arrangement that would give the Liberals a sporting chance to have a majority in the upper chamber whenever a general election shows unmistakably that the Liberals are in majority in the nation. The article generally discussed the position of the King and the extent of his discretion in a constitutional crisis.

TWO FRENCH COUNTS FIGHT BLOODLESS DUEL

Six Shots Are Exchanged But No Damage Done—May Meet Again

(Times Leased Wire.)
Paris, May 4.—It is believed that Count Ismael De Lesseps and Count Jusse De Poligny will meet on the field of honor for the second time in the near future, following a bloodless duel which they fought yesterday.

It is said six shots were exchanged, and each missile went far from the mark.

The antagonists left the field without a reconciliation.

FIRE AT HALIFAX

Halifax, N. S., May 4.—The pattern room and carpet shop building of Hills & Son's foundry was badly damaged by fire yesterday. The loss is \$12,000, with insurance about \$5,000.

COMING WEST.
Toronto, May 4.—Over 200 settlers left the union station yesterday afternoon for western Canada. All of them are from Ontario farms.

A BRITISH COLUMBIA ISSUE.

Westward Ho for April contains an article by E. McArthur, secretary of the Vancouver Island Development League, entitled "Victoria the Beautiful," in which the advantages of residence in this city and the attractiveness of Victoria homes are set forth in appropriate language.

A telegram was received by Capt. Clerk, harbor master at this port, this morning, stating that Dr. G. J. Potts, of Portland, and formerly of this city, had met with an accident, being hit by a street car. The injuries were not considered serious.

The new permanent pavement on Pandora avenue, between Douglas and Government streets, has been completed under the terms of the contract. It presents the most solid and durable appearance. It is a new type of pavement, broken rock and cement entering very largely into its composition.

TOO LATE TO CLASSIFY

FOR SALE—At a bargain, a few new building lots on Faithful street, between Cook and Linden. For price and terms apply to National Realty Co. m4

BABY BUGGIES tired, springs replaced. The Market Building Repair Shop, 514 Commercial. m4

WILL RACE FOR SIX DAYS AT WILLOWS

Statement by Country Club Official Regarding Lease of the Track

Victoria will provide the first race meet under the new act passed by the Dominion parliament. In an interview to-day George A. Fraser, managing director of the Victoria Country Club, said: "Never mind Mayor Morley and his legislating. The Victoria Country Club will hold a six-day meeting at the Willows track from Monday, May 23, till Saturday, May 28th, inclusive, and will hold it under the Miller bill which has just passed parliament."

The managing director of the country club further stated there would be no difficulty about a lease of the Willows track. "We have a lease for this year and we are going to race," he said, "and you can tell Mayor Morley that he won't stop the races. If he tries there will be trouble. The city will be involved in a suit for damages. The Victoria Country Club undertook extensive improvements at the race track last summer on the understanding that the lease would be given. The lease was given and the city cannot withdraw it without getting into the hottest kind of damage suit. Mayor Morley knows he can't do anything, and his talk is only a bluff. Already we have made arrangements for this meeting and there are now two carloads of horses on the way. You can say we will race six days under the Miller bill and comply with its terms and conditions. The pari-mutual system will be used."

—Angus Smith, city engineer, is now occupying a residence on Trutch street, near Fairfield road.

Several new cars are expected shortly from the shops at New Westminster by the B. C. Electric Railway company, when the service will be largely improved in time for the summer traffic.

—Good progress is being made with the work of erecting the additional wing to the Empress hotel. The second story has been raised and all the heavy material for the completion of the structure is now on the ground.

TARIFF AGREEMENT WITH UNITED STATES

Minister of Customs Replies to Criticism of Leader of the Opposition

(Special to the Times.)
Ottawa, May 3.—In the Commons yesterday on motion to go into committee on ways and means to consider tariff changes consequent upon the recent settlement with the United States, Mr. Borlson made a brief criticism of the government's position in regard to the settlement affected. He declared that in the settlement Canada had practically been forced to make some concession to the United States because of the French treaty, thereby conceding the principle that Canada in making fiscal treaties with other countries had to consider the effect upon the United States, the Dominion being placed in a bad tactical position, and would be hampered in the negotiation of trade treaties with other countries. He maintained that both in law and equity Canada did not either in the French treaty or in any other aspect of her fiscal policy discriminate against the United States. He laid down as his general thesis that in any fiscal arrangements Canada might make with any other countries there should be nothing done which would in any way hamper freedom of action or prevent the consummation of the great idea which would bind the Empire together, namely, a system of inter-preferential Imperial trade.
Hon. W. Patterson, in replying, declared that in the settlement with the States the fiscal autonomy of Canada had remained unabbreviated in any direction. Canada had not yielded the principle of her right to make fiscal bargains with other countries on the basis of concession for concession without regard to the United States market, and the lowering of the duties in question was to be viewed in the light of a reduction of taxation rather than a concession to the United States.

WOMEN ORGANIZE TO SUPPORT PROTECTION

Have Club in London Where Member of Parliament Will Speak on Political Issues

London, May 4.—In anticipation of the coming political fray in England, a new women's club has been started. It is rather a novelty for London, but the signs of success are all visible. It is called the Ladies' Carlton Club, and aims at "The suppression of Socialism and support of protectionist principles." The promoters have social objects, but they are primarily political in their aims, and their organizers are taking the line that when directed from the social world, women's influence carries great weight in political circles.
In addition to club premises near Bond street, they have political gatherings, where meetings will be held, at which it is hoped members of parliament will speak. It is thought that by this means a more general knowledge of the country's affairs will be gathered, and women-owning property may get some insight into the various laws and proposed laws bearing on their interests.

PREACHERS PROTEST

Philadelphia, May 4.—Declaring that the Jeffries-Johnson fight would be nothing less than a national disgrace, the Methodist "Preachers' Association here yesterday adopted the following resolution:
"Resolved, that the permission of this fight can be regarded as nothing less than a national disgrace and a calamity to the moral life of our people."
That the Philadelphia Preachers' Association protest against the permission of this fight and that they invite the ministers of all denominations in the state of Pennsylvania and in other states to unite with us in a protest to the governor of California against the permission to conduct the fight."

ALBERTA COMMISSION SITS AT WINNIPEG

Power to Compel Attendance of Witnesses at Railway Inquiry is Upheld

Winnipeg, May 4.—Mr. Justice Macdonald delivered judgment yesterday morning on the application made to him to set aside an order which had been made for the examination of certain witnesses before the three Supreme Court judges at Alberta, sitting in commission. He holds that the commission was constituted by the legislature, and created a judicial tribunal which, under the provisions of the statute creating it, has power to compel the attendance of witnesses.
As to the objection that the commissioners have no power to take evidence outside Alberta, he stated he could not see the force of the objection. They could have requested an order for the attendance of witnesses before an examiner and the court would have the power to make the appointment. Instead of which they request this court to summon the witnesses to attend before themselves in Winnipeg and there seemed no valid objection to this proceeding.

With regard to the objection raised that the section of the Manitoba evidence act, under which the order was made, is ultra vires, His Lordship held that the matter being of a merely local nature, under article 16 of section 92 of the B. N. A. Act, giving the control of its own citizens to assist courts outside the province in the administration of justice, the legislation was within the power of the province, and the parliament of Canada evidently intended this to be a subject within the powers of the province.
That W. R. Clarke, president of the Alberta & Great Waterways Railway Company, obtained from the Capitol National Bank of St. Paul a large sum of money in gold currency, some time last fall, to take with him to Canada, was the interesting evidence secured from W. A. Faulkner, one of the original members of the Athabasca syndicate, before the investigating commission yesterday.

Mr. Faulkner, in addition, said that his partner, R. Newton, who arranged the transaction with the bank, told him that he (Newton) assumed Clarke wanted gold currency so that it could not be traced.
This information was obtained by R. B. Bennett, counsel for the witness at the close of a long and grueling examination. It is likely the commission will try to secure the attendance of Newton.
The mysterious disappearance of W. R. Clarke, president of the Great Waterways railway, from a train near Swift Current, was the subject of much discussion before the commission.

CAUSES OF HIGH COST OF LIVING

Increase in World's Gold Supply and Extravagance and Waste Principal Factors

Boston, May 4.—The marked increase in the world's gold supply and extravagance and waste, public and private, are the principal reasons given for the high cost of living by a special state commission which has been investigating the subject for eight weeks. The commission gave the increased gold supply as the primary cause, and classes as a contributory factor the enormous waste of income in the United States through uneconomic expenditures for war and national armament and through multiple forms of extravagance, both public and private.
The commission also states that the advance of prices has been further promoted by a complexity of causes operating on the side of supply to reduce the volume and increase the expense of production, and on the side of demand to extend and diversify the consumption of commodities. One of the most interesting conclusions is that the tariff, trusts and trade unions cannot be regarded as direct or active causes of the recent general advances of prices.
The commission suggests the creation of a commission of commerce and of a commission of market improvement, the transfer of the state bureau into a bureau of animal industry, the extension of the work of state free employment offices for the distribution of immigrants, that packages containing food products shall state the amount of net contents in weight units, better inspection of cold storage plants and the extension of the railway freight system.

Although agreeing that the tariff is not a contributory factor, the commission believes that when the tariff is further revised the expediency of removing the duties on food products should be carefully considered. The commission expresses the opinion that the tariff should be taken out of politics and placed on a business basis, as in Germany. The extension of Canadian reciprocity in the matter of manufactures is regarded as expedient at the present time.

PREPARING FOR DEATH.

Emperor of Austria is Constructing Vault in Which He Will Be Buried

Vienna, May 4.—Though hale and hearty and keenly enjoying the prospect of celebrating his 93rd birthday in August, Emperor Franz Josef has lately made arrangements for his demise.
Beneath the Capuchin church in this city is an historic vault containing the remains of all the members of the royal family for two centuries. But it was crowded, so the Emperor decided to make room before he had to join the departed. Next door to the vault was the wine cellar of the Capuchin monastery. A part of that big chamber has been acquired by the aged monarch and out of it two magnificent vaults have been constructed. Their walls are lined with pure white marble. One vault will be reserved for Franz Josef and his immediate relatives. The larger chamber will serve as the resting place for more distant connections of the royal house.

NEW TRAIN SERVICE.

Great Northern Will Inaugurate Schedule Between Portland and Vancouver This Month.

Portland, Ore., May 4.—Announcement that this month would see the inauguration of a Great Northern train service between Portland and British Columbia and between Portland and the East, was made here yesterday by Louis W. Hill, president of the Great Northern road.
The Portland-Vancouver train service which the Great Northern will inaugurate, will consist of three trains each way daily between this city and

AN IMPORTANT SESSION.

After sitting nearly six months, although working only about five of them, the second session of the eleventh Parliament of Canada was prorogued to-day. In some respects it was a very important session. A number of measures which promise far-reaching consequences were passed.

First in point of national significance was of course the naval bill authorizing the establishment of Canada's first sea defensive forces. The controversial aspect of the bill has already been discussed at great length in the press of the country. It would be neither advisable nor profitable to raise the issue again. There is no question that the policy of the government, which places the control of the navy that is to be upon a basis precisely similar to the control of the land forces, regular and militia, meets the views of the majority of Canadians. Canada has simply done her duty in undertaking to make provision for the present and ultimate defence of her own coasts and territories, thus relieving the taxpayers of the Mother Country of a charge they have voluntarily and cheerfully borne since colonial days. She could do no less. Notwithstanding dismal forebodings which appear to trouble the minds of doleful Imperialists, as they choose to consider themselves, should a time of serious crisis ever arise, events will prove that she is prepared to do more. The point of vital significance in connection with a matter which has been the subject of very acrimonious discussion is that we have taken another step which marks in a special manner the development of the country, the growth of her resources, and her near approach to the period at which she will be in a position to take her destined place within the boundaries of the Empire. Canada is not only going to have a navy of her own, manned by her own sons. The hope is entertained that we may even undertake to build the ships that will constitute the nucleus of that navy; but if that should prove inadvisable in the beginning, there is no doubt as to the ultimate outcome. Canadians are in no sense an inferior people, neither are the resources of their country inferior to the resources of the nations which are at the present time furnishing the bulk of the merchant and naval marine of the world. Therefore the parliamentary session which closed to-day may be truly described as one of the most important since confederation. The session during which the Imperial preferential idea was accepted was the only one which approached it in importance.

Many other measures designed to meet the rapidly advancing requirements of the country and to ameliorate conditions which are the natural development of a period of unexampled prosperity were introduced and passed during the session. The anti-combines bill of the Minister of Labor was probably the most important of these. The rapidly-increasing cost of living whether it be due to natural and therefore uncontrollable conditions or to the formation of combinations whose design is to restrain trade and squeeze inordinate profits from consumers, has caused disquietude in some circles and hardship in many. Machinery has been provided under which inquiries can be instituted, facts brought forth bearing upon the question, and action taken if necessary either by order or lowering or abolishing duties, for the relief of the consuming public. The very fact that public opinion has been aroused on the matter to the extent of compelling official action will in itself probably have an important effect upon the conduct of organizations which are not satisfied with anything short of inordinate profits in their business.

The Prime Minister, with that gracious courtesy which is one of his chief characteristics, on the last working day of the session paid a graceful tribute to the Governor-General and the ladies of the viceregal household who have so acceptably represented Royalty in Canada for the past five years. Earl Grey's term is drawing to a conclusion. Canadians from Halifax to Victoria regret that in the natural course of events relations which have been so pleasant to them, and we hope no less pleasant to the Earl and Count-

ess, are about to be permanently severed. The Governor-General and his popular consort have entered heartily, even enthusiastically, into the spirit of our people. They have sympathized with our aims, voiced our aspirations, and identified themselves with every movement of a national character. Earl Grey by his official career in Canada has proved himself an Imperial proconsul of the true type. He is probably destined to fill positions of greater importance and added dignity in the Imperial service. Canadians will wish him success in his future career.

FIELDING TESTIMONIAL.

A Conservative member of Parliament, with an obtuseness of vision and density of understanding which must have been very annoying to his leader, asked in the House yesterday where the money for the Fielding testimonial had come from. The instruction behind the inquiry was of course obvious. It was that the contributors must have been persons who hoped to profit by the manipulation of the tariff in their interests. It is perhaps just as well that the question should be asked, as it gives an opportunity to point out that during the many years Mr. Fielding has been Finance Minister—the longest in the history of Canada, by the way—all tariff changes have been dictated by public interests as disclosed by investigations publicly held. The duties have not been raised or lowered as a result of representations made in secret by deputations of manufacturers, producers or consumers. There have been no "moments of weakness" in Hon. W. S. Fielding's administration of the Department of Finance. Neither have any "clerical errors" been discovered in any finance bills after they have been presented to the House. The policy of the government has been determined by facts bearing upon the true interests of the majority of the people, and once determined upon no secret manipulation could change it. A great cry went up immediately after Mr. Fielding had delivered his first budget speech that the industries of the country would be ruined if the policy outlined was adhered to. But the Minister could not be moved. The tariff then adopted has been in force ever since, with some slight modifications to suit changing conditions. The predicted catastrophe did not occur. Canada for thirteen years has enjoyed unexampled prosperity in every line of industry. A new spirit has been created. Confidence abounds where something closely akin to despair formerly dwelt. Mr. Fielding is honored alike for his courage, his determination and his vision. He is admired for political friend and political foe for that which he has accomplished for his country and for refusing to take advantage of countless opportunities which must have come in his way to do anything for himself. He has been true to the highest traditions of statesmanship—unselfish, industrious, persevering, dauntless—in the true sense of the word a patriot. The people of Canada in presenting a testimonial to such a loyal and devoted Canadian have honored themselves. The man who got up in his place in Parliament and questioned their motives dishonored himself and his party—if the party had anything to do with it, which is doubtful. Probably it was another case of showing contempt for the leader.

Many alleged scandals were probed by Parliament on the initiative of Conservative members whose suspicions may be accepted as a natural consequence of previous experience, but they were all exploded on investigation. The opposition party is not gaining any headway by pursuing a policy intended to create a belief in the minds of the people that the natural inclination of members of the government is to exploit public works for their own personal advantage. That policy has been wrought for all it is worth during the past ten years, and the result cannot be regarded as very satisfactory from a Conservative point of view. Political success does not lie in that direction against a government which exemplifies its faith in the country by broad constructive policies and against whose members personally not a charge has yet been made to stick.

What Other People Think

CONDEMNNS PRIZE FIGHTING.

To the Editor:—At a meeting of the Ministerial Association held this morning, among other matters considered was the increase of interest manifested by the public in the degrading practice of boxing contests and prize fights. The following resolution was adopted: "Resolved, that this association views with anxiety and regret the alarming popularity of boxing contests and prize fights, and the space devoted to accounts of these in the public press, and would recommend that all legitimate means be used to stop these contests, as well as the exhibition of moving pictures of the same. And that copies of this resolution be sent to the press and to the health and morals committee of the city council."

JOSEPH McCOY.
 Secretary of the Ministerial Association,
 148 Pandora Ave., Victoria, May 2nd.
 —The annual report of the Protestant Orphans' Home for 1909 and the proceedings of the last annual meeting, the thirty-seventh, have now been published in a neat pamphlet form.

PARLIAMENT IS PROROGUED

EARL GREY READS SPEECH FROM THRONE

Farewell Address Presented to Their Excellencies at the Closing Session

(Special to the Times.)
 Ottawa, May 4.—The second session of the eleventh parliament of Canada was prorogued this afternoon by His Excellency Earl Grey with all the accustomed pomp and ceremonies of military escorts, booming of guns from Neptune Point and a large attendance in the senate chamber.

His Excellency read the speech from the throne, reviewing the work of one of the most important and fruitful sessions of parliament since Confederation, in respect both of the large issues involved and the amount of useful and far-reaching legislation put through.

A feature of the final ceremonies of a six months' session was the presentation to Earl and Lady Grey by the assembled members of a farewell address of appreciation and good wishes, passed by both houses yesterday. The address on behalf of the people of Canada to the retiring Governor-General and Her Excellency, was read in English by Speaker Ker and in French by Speaker Marcell.

This morning's final proceedings in the Commons included the passing of the new tariff regulations in connection with the recent settlement with the United States and concurrence in the estimates before the orders of the day.

Hon. R. H. Emmerson drew the attention of the House to a letter written by Admiral Kingsmill in reply to a request for information as to conditions on which cadets could join the new Canadian navy. In the letter Admiral Kingsmill stated that entry would be conditional on competitive examination, but that probably there would be no openings for three or four years yet until the new ships were ready.

Hon. Mr. Emmerson noted that under the regulations contemplated it would probably cost several hundred dollars to secure a commission, and he thought that unless freer access were given a larger number of deserving young Canadians would have no chance to enter the naval service.

Sir Wilfrid Laurier, in replying, said for the present Canada would have to borrow naval officers from the British admiralty, but the regulations and conditions of entry into the navy had not yet been finally settled, and would not be dealt with in any detail until the new naval college was established.

TURKS DEFEATED BY ALBANIANS

TOWN CAPTURED BY THE REVOLUTIONISTS

Prisrend Has Been Invested—Heavy Casualties on Both Sides Are Reported

Constantinople, May 4.—The capture of Djakova and the investment of Prisrend by the Albanians were the results of heavy fighting to-day, when the revolutionists met a Turkish battalion en route to Djakova to reinforce the Turkish who had been sent there to protect the town. The casualties were large. News of the fighting was contained in dispatches received here.

The rebels now control the railway district of Verizovitch and Katchanik and all communication with Prisrend has been cut off.

CHESTER CUP.

(Special to the Times.)
 London, May 4.—In the Chester cup race Elizabeth, at 8 to 1, won; Accurate, 50 to 1, being second with Laughing Mirror, 100 to 1, third. Also ran, Lagos Duke, Glacis, Santeve, Specifical, Great Peter, King Charming, Eaton Lad, Octacide, Stormfinch, Mabyn, Marco, Fraser, Maya, Peter Stone, Tirapapa, Conbermore and Rolandine.

PERSONAL.

Mrs. C. E. Smyth and daughters have returned from a visit to the Mainland.

Rev. T. E. Holling is progressing splendidly, and yesterday was able to dress and sit up in his room. He will be at hospital, however, for some time.

Miss Jean Robinson, daughter of Dr. Robinson, superintendent of education, returned last night from Montreal, where she has been attending McGill University.

Mrs. J. Kingham and daughter returned last evening from a pleasant holiday in California. Mr. Kingham went over to Seattle to meet the President, on which they came north.

A meeting of all those interested in the formation of amateur baseball leagues, the senior, intermediate and junior, in this city will be held on Friday evening at 8 o'clock in the Y. M. C. A. A. J. Brice, last year's president, hopes that there will be a large attendance. All clubs are expected to have representative present.

Ald. Bishop, at the next meeting of the city council, will present a resolution that the necessary steps be taken to secure from the department of marine and fisheries a part of the waterlot immediately in front of the causeway, James Bay, to be used for the purpose of a public landing and mooring place for small boats. This action is considered desirable in view of the dredging operations now in progress having driven the present owners of boat houses and landing stages from that locality.

Boys' Clothing of Quality, Fashion and Workmanship

Every season our strong desire is that our stock of Boys' Clothing should win the approval of all parents who appreciate quality and high grade materials; boys' clothing that is tailored with distinctiveness, care and detail. For instance, of the values offered read down this list:
 BOYS' WASH SUITS, up from \$1.00
 BOYS' NORFOLK SUITS, from \$3.50
 BOYS' THREE-PIECE SUITS \$3.50

A Larger or More Comprehensive Showing of Beautiful Summer Dresses for Misses and Girls Could Not Be Found

The prices which we have marked the new arrivals of Children's and Misses' Dresses are decidedly economizing. They are without doubt the best we have ever had. Dainty styles in Princess and French are shown in endless array, embracing all the materials desired. Now is the time to purchase before the best are selected.
 GIRL'S SAILOR SUITS, made of heavy striped duck and heavy prints, well made; also in plain white duck, trimmed with bands of navy, in sizes from 8 to 14 years, \$2.00
 CHILDREN'S ROMPERS, made of heavy and good quality ginghams, in plain blue and tan; sizes from 1 to 4 years, at 75c and 65c

Most Beautiful Are the New Season's Modes Shown in Our Millinery Dept.

 WASH RIBBONS—A piece of wash ribbon always finds a place at home. Many dainty little things can be made from it, and at prices like these, it will be to your advantage to purchase these. Prices are for the piece containing 18 yards, 1/4-inch wide, 70c; 3/8-inch wide, 80c; 1/2-inch wide, 90c; 3/4-inch wide, \$1.00; 1 inch wide \$1.25

Special Line Men's Straw Hats, 50c

IF IN NEED OF A STRAW HAT, don't fail to look at the assortment in our Broad-street windows, which we have priced at 50c

Ladies' Stylish Footwear

The popularity of Pumps promises to be greater than ever this season, judging by the demand already made upon us for this dainty style of footwear. Fortunately our stock of these shoes is large and varied. They all come in the very latest New York patterns, and one of their strongest features is their perfect fit.
 PATENT LEATHER PUMPS, with ankle strap and leather bows, \$5.00, \$4.50, \$4.00 and \$3.00
 TAN RUSSIA PUMP, welted soles, \$4.00 and \$3.50
 BLACK SUEDE PUMP, light turn sole, \$4.50 and \$3.50

Queen Quality SHOES

PRACTICAL STREET OXFORD

Four button design in Gun Metal, Calf skin. Short vamp, high toe and graceful arch—satisfies every demand of fashion.

"Queen Quality" alone is a strong attraction; a daily sale of 18,000 pairs of shoes is ample evidence of this fact. But, when you buy such shoes in an establishment where big value-giving, clean methods and careful service prevail—trading becomes a pleasure. We present this combination.

Prices Range from \$4 Up

A Most Charming Array of Beautiful Waists Shown at \$1.25, \$1.50, \$1.75 and \$2

At these four prices we are showing an exquisite array of Waists. There seems no limit of the skill of the designers, for each year opens to view something new, more beautiful than ever. The tables on the second floor are brimful of the very latest ideas, while at the prices we can safely say they are unapproachable elsewhere. Here are a few of the styles:

LADIES' WAISTS AT \$1.25—A beautiful, style, made of fine white lawn, all over embroidered, collar edged with fine lace, long sleeves with rows of lace insertion and edged with same.
LADIES' WAISTS AT \$1.50—Made of fine white mull, all over Emb. front; sleeves are made in new style effect with cross bars of lace insertion. These are extra special values.
LADIES' WAISTS AT \$1.75—Made in latest tailored effect and Russian Louis effect, detached collar, clusters of fine tucks down front.
LADIES' WAISTS AT \$2.00—Made of fine linen, with clusters of narrow and wide tucks down front, collar is detachable, attached laundered cuffs, opens down front.

When speaking of Hats we do so with an extra amount of pride, for we hold the exclusive agency for the celebrated King Hats. These are noted the world over for their decidedly smart and snappy appearance. Priced from \$3.00

FINCH & FINCH

127 GOVERNMENT ST., VICTORIA

IS MAY MONTH OVER SPORTED

EIGHTEEN EVENTS FOR THREE WEEKS

Every Kind of "Fan" Will Have His Own Particular Game to "Root" for

7th-Baseball opening, Victoria vs. Circle W. 7th-Intermediate soccer championship, North Wards vs. Ladysmith. 7th-Bowling, Victoria Club opening. 7th-Y. M. C. A. junior field meet. 8th-J. B. A. A. amateur boxing bouts. 14th-Intermediate soccer championship, North Ward vs. Ladysmith, at Ladysmith. Baseball, Victoria vs. Balson's nine. 20th-School sports. 21st-Baseball, Victoria vs. Spalding's nine. 23rd-School sports. 23rd-Horse races at Willows. 24th-Baseball, Victoria nine. 24th-Baseball, Beacon Hill vs. Cloon nine. 24th-Regatta and parade. 24th-Lacrosse, Victoria vs. Vancouver. 25th-St. Andrew's Society sports. 28th-Last day of the horse races. The month of May from Saturday next until the 28th, will be one big sporting gait. There is scarcely a summer sport the enthusiasts of which have not announced fixed dates during the next three weeks. Baseball, boxing, lacrosse, soccer, bowling, horse racing, field sports and rowing, all have their followers and the "fan" in every game will have the opportunity to shout his head off over his particular game. The general public is offered a bigger choice than the general public of New York or Chicago will get for the same period, and there is yet time for any person who does not see his own particular sport down on the list, to get busy and arrange for it to take place in the next three weeks. Victoria as an athletic community has partisans in every sport in sportdom, and there are besides the list enumerated, rifle shooting, fishing, cricket, tennis, yachting and canoeing that will have adherents during the next three weeks. Next Saturday will be a big day of sports, providing the opening of the season for the baseball and the bowling clubs, the junior field meet and the final soccer game in Victoria for the already long extended season. The list for Saturday is big enough for a city three times the size, and each line of amusement will be patronized by its own particular followers. The attractions will not clash and good gates are likely for the ball games, the soccer and field sports. The bowling is open to membership. The biggest event is the six-day horse race meet, which starts Monday, May 23rd, and will have the regatta and other games to complete with for patronage on the 24th, and will run till the end of the week. Victoria certainly has its sporting events for the present month.

Smith and Payne. St. Louis, May 4.-Cleveland-St. Louis game was postponed yesterday; cold, wet grounds. NATIONAL. Brooklyn, May 4.-The scores in yesterday's game follow: R. H. E. Brooklyn 2 7 1 Batteries - Willetts, Drucker and Meyers; Rucker and Erwin. Pittsburgh, May 4.-Chicago-Pittsburgh game was postponed yesterday; rain. Boston, May 4.-Philadelphia-Boston game was postponed yesterday; bad weather. PACIFIC COAST. San Francisco, May 4.-The scores in yesterday's game follow: R. H. E. Sacramento 1 2 1 Oakland 0 5 4 Batteries-Baum and La Longe; Nelson and Milne. NORTHWEST. Seattle, May 4.-The scores in yesterday's game follow: R. H. E. Seattle 3 2 1 Vancouver 2 3 2 Batteries-Miller and Shea; Brinker, Padcock and Lewis. Spokane, Wash., May 4.-The scores in yesterday's game follow: R. H. E. Tacoma 5 3 1 Spokane 1 5 3 Batteries-Hall and Byrnes; Hickey and Ostlick.

RESULTS OF GAMES IN BASEBALL LEAGUES AMERICAN. New York, May 4.-The scores in yesterday's game follow: R. H. E. Washington 3 3 3 New York 3 6 2 Batteries-Groome and Street; Doyle, Ford and Sweeney. Philadelphia, May 4.-The scores in yesterday's game follow: R. H. E. Boston 0 2 2 Philadelphia 2 7 1 Batteries-Wood and Carigan; Kraus and Thomas. Chicago, May 4.-The scores in yesterday's game follow: R. H. E. Detroit 2 11 3 Chicago 0 3 4 Batteries - Willetts and Stange.

BASEBALL BALL SEASON OPENING. The ball game Saturday between Victoria and the Circle W. nine, which opens the local season, will commence at 2:30 sharp. Owing to the expense of bringing the team over, the ball manager desires to get the visiting nine away again on the 5 o'clock Seattle boat, so the game will commence at the time stated. ASSOCIATION FOOTBALL. STEWARDS BEAT SAILORS. The stewards of the steamer Princess Charlotte yesterday afternoon defeated the sailors of the same steamer in a soccer match at Beacon Hill by 1 goal to nil. The sailors want a return match and will be granted one evening next week.

SPORT NOTES Seattle dog show starts to-day and will be running till the end of the week. President Redelshimer says that there are 400 dogs housed and that the total entry is over 200. The "outside Seattle list," in which Victoria exhibits figure, is more than double that of last year. One of the features of the show is the hunting pack of P. C. Peterson, the woodsman employed by the U. S. government to hunt down cougar, coyotes, wildcats and bear, in order to protect the game of the state of Washington and the stock of farmers and ranchers. There will be five months' racing at Jaurez next year, if the present plans of the controllers of the Mexico track are put into force. A very successful meeting has closed here recently. It is a long way from Jaurez to Victoria.

Expert riflemen of the larger cities on the Pacific Coast will next Sunday begin a series of matches, to extend through the summer, for the Pacific Coast rifle championship and the Tiffany trophy. The organization of the league was perfected last week and includes the following clubs: Tacoma Rifle and Revolver Club, Seattle, Spokane Rifle and Revolver Club, Spokane, Southern California Rifles, Pasadena, Cal.; Los Angeles Rifle and Revolver Club, Los Angeles; Blisbee Rifle Club, Blisbee, Ariz. Tommy is feeling fine and has been doing well in Australia, said Mrs. Noah Brusso, on arrival here yesterday on the Australian boat. "Yes, he will fight Langford in September, and he expects to beat him," concluded the Canadian pugilist's wife. Tommy Burns will leave Sydney on the next boat for British Columbia in about a month. Soccer men will regret to hear that President J. N. Thornley, of the Island Association Football League, will be a patient at St. Joseph's hospital during the next few days. The popular president injured himself in a training stunt last week and has to undergo an operation.

The Ministerial Association of Victoria has passed a resolution condemning prize fights and the moving pictures which nowadays follow all the fights. The association recommends that all legitimate means be used to stop both fights and pictures. The team shoot for the Daily Mail Empire Day trophy of twenty men a side takes place directly. The Fifth Regiment team will probably shoot at Clover Point in this competition on the morning of May 24th. The score of the eight high

change has been necessary because the North Ward team will have to play Ladysmith soccer team in the Island championship match on Saturday afternoon. North Ward also has to go to Ladysmith the following Saturday, and will be unable to play the Cloverdale team that day here, so will play the Cloverdale match the night before. Two evenings next week will therefore give exhibition lacrosse.

THE RING. DRISCOLL AND ATTELL. San Francisco, May 4.-Jim Driscoll, the English featherweight, who is matched to fight Abe Attell at Colma on the afternoon of July 2nd, sailed for the United States last Sunday, and is due to arrive in New York on Friday or Saturday. Whether he will take on a couple of short fights in the east before coming to the coast has not been decided by his manager, Charles Harvey, who is now in this city with his other fighter, Owen Moran. He will be on the ground in ample time, however, to go through a good spell of training.

AMATEUR LACROSSE PLAYERS IN UNION Sam Lorimer Appointed Chairman of Victoria Team Selection Committee. Delegates of the three city lacrosse clubs and the officers of the Victoria lacrosse league met last night at the Victoria Sporting Goods Depot and transacted business for the season. A resolution was passed that the lacrosse players would affiliate with the Victoria branch of the B. C. A. U. The lacrosse game has been distinctly divided in British Columbia into professional and amateurism, the senior teams being professional, and one of them holders of the world's championship, while the second grade of players are amateurs. The Victoria clubs that will register are those in the senior, intermediate and junior leagues, the latter two of which are now being formed. The delegates appointed Sam Lorimer as chairman of the selection committee. He represents the Cloverdale club, and on the committee there will be one delegate each from North Ward and Victoria West clubs. This committee, when duly appointed, will commence the selection of the team that is to represent Victoria against Vancouver in the B. C. amateur league on May 24th; President, Ed. Christopher; hon. vice-president, Stone Lewis; James Dakers; William Blake; Leo Sweeney; T. Hutchinson; R. Owens; D. S. Tait, and secretary, John P. Sweeney. The lacrosse game between Victoria West and North Ward lacrosse teams will be played on Monday night at the Royal Athletic park, instead of Saturday afternoon. The new date was decided on last night at the meeting of the lacrosse club. The

men count in the competition. The regimental rifle association will meet to-night to decide on this event. WHAT THE NEW RACING LAW MEANS. The Miller bill which went through the Senate at the close of last week, provides in short that: 1. Betting is legalized during the actual progress of meetings in each track. 2. Each track shall be allowed to hold two meetings each year, of not more than seven days each, and an interval between of at least 30 days for the same track. 3. Woodbine (Toronto), Montreal, Hamilton, Fort Erie, Windsor, Vancouver and Victoria will have a monopoly of betting, and no new tracks can be opened with bookmaking except in or near cities of 15,000 or more. 4. Trotting and racing meets must be limited to three days a week, with no more than 14 days a year on any track. 5. Where there is no betting, running or trotting meets are not limited or confined to any particular tracks. 6. Betting is prohibited outside the tracks where the actual racing is in progress. 7. Handbooks, poolrooms and street betting are prohibited. 8. All advance information, tips, future prices and the advertisement thereof for use in bookmaking will be illegal. 9. Racing information for bookmaking or betting purposes, must not be sent by mail, express, telegraph, or telephone, or sold on the streets or in stores, whether on racing or other events. 10. The publication of past performances of horses with the picking of likely winners will be illegal.

WILL DEMAND INQUIRY. Officials Removed From Ports in Alaska Are Now on Way to Washington. Washington, D. C., May 4.-Unless President Taft breaks the precedent of near a century and a half, Charles E. Hughes will remain on the Supreme bench as an associate justice, and not be elevated to the chief justiceship if that place becomes vacant. There have been rumors that Governor Hughes accepted the associate justiceship on the understanding that he would succeed Chief Justice Fuller in the event of the latter's retirement or death. Perusal of the records of the Supreme court to-day disclosed that there is only one precedent for the elevation of an associate justice and in this case it did not go into effect. On September 24th, 1789, President Washington sent to the senate the nomination of five men to compose the court of last resort. John Jay was named chief justice. Among the associate justices was William Cushing. On January 27th, 1796, Jay having re-

RUN ON BANK OVER.

President of Los Angeles Institution Says Deposits Are Greatly in Excess of Withdrawals.

Los Angeles, Cal., May 4.-The run on the All-Night and Day Bank of Los Angeles, which began Monday at noon, is over, according to statements by the bank's officers to-day.

The line which at one time extended for nearly two blocks from the bank, had diminished at noon to-day to about 100 persons. These, President Skinner declared, were for the greater part patrons desiring to transact commercial business that had been held up by the onslaught of worried depositors during the last two days.

Others, he stated, were returning the money they had withdrawn. According to Skinner's statement, the deposits up to noon to-day were greatly in excess of the withdrawals.

RULING GIVEN FOR THE NANAIMO SPORTS

Amateurs Not Professionalized if They Run Against Money Prize Takers

"Victoria athletes who compete at the Nanaimo sports against men who at these sports take money for prizes will not be professionalized by the B. C. A. U., provided the runners do not compete against men who are already professional."

This statement was issued this morning by A. J. Brace, secretary of the Victoria branch of the B. C. A. U., the Victoria athletes, and for the guidance of the Victoria athletes. The secretary has received a telegram from Rev. A. W. McLeod, secretary of the Nanaimo Athletic Club, as follows: "State positively no money prizes for Nanaimo."

According to the official statement of the Victoria secretary this morning, the Victoria athletes will be allowed to run for trophies against men who may run for money. The Nanaimo Athletic Club has obtained a sanction from the B. C. A. U. to hold the meeting, and the announcement is made this morning by A. J. Brace that should it transpire that money is paid, those accepting it will be professionalized, but with the present understanding local amateurs will not be professionalized if they compete against men who accept money.

This new ruling brings up the old question of last winter in connection with the soccer players who desired the privilege of playing with and against professionals. They were refused it. In the present case a fine distinction may be argued in it, but it is so fine that the joining thread is bound to break. What the soccer players were, refused is granted to the field athlete.

AMATEUR LACROSSE PLAYERS IN UNION

Sam Lorimer Appointed Chairman of Victoria Team Selection Committee

Delegates of the three city lacrosse clubs and the officers of the Victoria lacrosse league met last night at the Victoria Sporting Goods Depot and transacted business for the season.

A resolution was passed that the lacrosse players would affiliate with the Victoria branch of the B. C. A. U. The lacrosse game has been distinctly divided in British Columbia into professional and amateurism, the senior teams being professional, and one of them holders of the world's championship, while the second grade of players are amateurs. The Victoria clubs that will register are those in the senior, intermediate and junior leagues, the latter two of which are now being formed.

The delegates appointed Sam Lorimer as chairman of the selection committee. He represents the Cloverdale club, and on the committee there will be one delegate each from North Ward and Victoria West clubs. This committee, when duly appointed, will commence the selection of the team that is to represent Victoria against Vancouver in the B. C. amateur league on May 24th; President, Ed. Christopher; hon. vice-president, Stone Lewis; James Dakers; William Blake; Leo Sweeney; T. Hutchinson; R. Owens; D. S. Tait, and secretary, John P. Sweeney.

The lacrosse game between Victoria West and North Ward lacrosse teams will be played on Monday night at the Royal Athletic park, instead of Saturday afternoon. The new date was decided on last night at the meeting of the lacrosse club. The

named President Washington named Cushing for the chief justiceship. The nomination was confirmed on the same day. Cushing, however, declined the place, stating that he preferred to remain on the bench as an associate justice. A typewriter was patented in England as early as 1714.

MY FINAL WORD ABOUT 8A

WHEN I advertised a four-day sale of lots in Section 8A I meant a sale lasting four days. But one day now remains. This advertisement will not appear again. That is positive. You've got to do some quick thinking to get the benefit of this investment opportunity.

This has been the most satisfactory sale I have ever conducted. I advertised 20 lots in 8A, but I also had a dozen similar lots in the neighboring block in Section 48. Most of these are already sold. But my satisfaction doesn't come altogether from the money success of this sale. It comes rather from the relationship that has been established between myself and new customers.

At least ten of those purchasing lots during this sale have been making their first investment. They have now an interest in this city. They have a strong motive to economize. They will form the habit of saving. When their investment returns to them the hundredfold that it promises fairly to do, they will be richer in pocket and steadier in mind. They have taken a step forward on the road to success.

If You Have Been Hesitating About Making Your First Investment, Act Now.
A Do-nothing Policy Makes a Be-nothing Man

THINK

These are no wilderness lots I am offering. They are clear, dry, level ground covered with grassy sward. They are one block from the Richmond avenue car line. They are surrounded by respectable new cottages occupied by desirable neighbors.

Two similar adjacent lots were sold a fortnight ago for \$400 each.

ACT

\$75.00 is a sufficient first payment on any lot.

\$10.00 a month will cover the deferred payments.

If you haven't as much as \$75.00 handy, speak up and tell me how much you can spare. If you're the right sort yourself, your money will be good, too.

\$295.00 is the price per lot, \$295.00.

KILLED BY FOLDING BED.

Grooms from the apartment occupied by William Smith and wife in a boarding house on West Thirty-sixth street, New York, attracted the attention of other tenants. When they broke down the door and entered, they found the couple doubled up in their folding bed. Smith was dead, his neck having been broken, and Mrs. Smith was nearly smothered. The bed had closed while they were asleep. Mrs. Smith was taken to the hospital and will recover. Smith was a wealthy wall paper manufacturer, with a factory in Waterbury, Conn.

COSMOPOLITAN CROWD.

Striking testimony to the cosmopolitan character of Victoria's population was offered by the presence of several widely divergent types, all bunched together by the whim of circumstances on one block of Government street this morning. Within a space of one hun-

dred yards a Times reporter noted three Englishmen in "extreme" shooting clothes; two Chinese attended by women of their race; several Japanese; a Hindu; a sailor from the Shearwater engaged in conversation with a soldier and a killed Scotchman. Of all, the latter type is really the only uncommon one in this city.

STRIKE OF BAKERS OVER.

Vancouver, May 4. — The bakers' strike ended yesterday, after four days' duration, the workmen gaining most of their contentions for the closed shop, better wages and a nine-hour day.

EVERY ONE IS TALKING PORT ALBERNI AND RAILWAY CENTRE.

CANADA A LAND OF OPPORTUNITY

Lieut. Sir Ernest H. Shackleton Gives His Impressions—Tribute to R. Service

When Lieut. Sir E. H. Shackleton, the Antarctic explorer, was in Philadelphia the Toronto News sent him the following message:

"Your achievement has appealed with especial interest to Canadians. They are interested in your impressions of Canada and her people. From your report you have already seen of this country what can you say? Were you inspired by the verses of an Canadian poet?" The explorer sent the following reply:

The first thing that struck me in Canada was the freshness of the atmosphere. One immediately, on arriving in Canada, felt there was something in the air that made one wish to be up and doing. When my eye caught for the first time those wonderful highways of water, the great St. Lawrence and the Ottawa rivers, shining blue between the green clothes banks, I realized what nature had given to this country.

In the rivers of Canada man has already great highways providing the cheapest and most efficient form of travel, and the enormous water power that can be harnessed for the use of man is unsurpassed, and the next thing which struck me was the way in which one passed in a few minutes into a blazed tree trunk to prosperous towns and next the look of contentment and well-being that seems to permeate the dwellers in those towns.

Well can I understand the pride of country shown by men when they have such a heritage. I freely confess that the microbe of Canadian endeavor and Canadian opportunity has entered into my blood and it may be my fortune before long to join the ranks of those who cast their lot in our greater land. Another impression literally forced upon me was the wonderful mileage of the railways as I stood in the observation car and watched the ribbon of steel stretched out as the miles slipped away behind us. This represents the organizing power and the faith of the strong men who have helped to build up this country. And who are linking up the east and the west.

I feel that the Arctic ocean alone will stop Canadian produce and that from the high north to the southern limit of the south Canada will develop her mineral resources. There is much to be done yet and there is a lure in the finding of the new fields for commerce; the unknown spot to-day may in a few years be a thriving town, for time after time we have seen how by the accidental strike of a pickaxe rich veins have been revealed and men have then been thither. I have traveled the whole world over, but never have I seen such a land of opportunity, such promise for the future, such activity as in the present day, and Canadians have the right to be proud of their country.

In Robert Service, the young poet, Canada has a man who has caught the expression and sentiment of the great wide spaces of the country, the wonder of the mountains, the glory of the great glaciers, the magnificence of forest and stream have never to my mind been so clearly written about as by this young man. What we feel only poets can speak. Often I have quoted Service because he is the one man in the world who brings home the glamor and the mystery of the unknown. Reading his poems one can understand how Canada claims men, and how they ever must follow her lure.

Frequently Sir Ernest Shackleton has referred to the inspiration received on his trip "farthest south," to the poems of Robert W. Service in "Songs of a Sourdough," says the News. Following are some of the verses by the Canadian poet which he has frequently quoted:

"And sometimes it leads to a coral reef in the wash of a weed sea,
And you sit and stare at the empty glare where the gulls salt greedily,
And sometimes it leads to an Arctic trail, and the snows where your torn feet freeze.

And you whistle away the useless clay, and crawl on your hands and knees. Often it leads to the dead-pit; always it leads to pain;
By the bones of your brothers ye know it, but oh to follow your faith.
By your bones they will follow behind you, till the ways of the world are made plain.

Bid good-bye to sweetheart, bid good-bye to friend;
The Lone Trail, the Lone Trail follow to the end,
Tarry not, and fear not, chosen of the true;
Lover of the Lone Trail, the Lone Trail waits for you.

CALLING HIM BACK.

"Yes, they're wanting me, they're haunting me, the awful lonely places;
They're whining and they're whimpering, as if each had a soul;
They're calling me from the wilderness the vast and God-like spaces,
The stark and sullen solitude that sentinel the pole.

"And now they're all a-crying, and it's no use me denying;
The spell of them is on me and I'm helpless as a child,
My heart is aching, aching, but I hear them sleeping, waking;
It's the lure of little voices, it's the mandate of the wild."

WILL VISIT CANADA.

New York, May 4.—On the steamer United States, which arrived yesterday from Copenhagen, was Prof. Bernhard Boegglid, the Danish milk expert, who will lecture in the agricultural school at Cornell and at other universities, and visit Danish-American settlements in the West and Northwest. He will also be the guest of the Canadian department of agriculture during a visit to the Dominion.

LEAVES ESTATE TO DAUGHTER.

Bedding, Conn., May 4.—The will of Samuel L. Clemens (Mark Twain) was filed for probate here yesterday. It leaves the entire estate to the surviving daughter, Clara Langhorn Clemens, wife of Osip Gabrielowitch. The amount of the estate is not given.

LADIES' COMMITTEE OF ORPHANS' HOME

Report of Visitors for April—Children All Well—Many Donations From Friends

The ladies' committee of the orphans' home held their usual monthly meeting at the home on Monday, the following attending: Messdames McTavish, McCulloch, Higgins, Munsee, Shakespeare, Coshenour, Hucksell, C. F. Todd, Picard, Toller, Sherwood, Teague, Langley, Miller, Denny, Crook, Misses J. Tolmie and Metcalf.

Applications for two children for adoption were received. At present none are, however, available. The committee were gratified on receiving a good account of little Daisie, now receiving the kindest care at the Jubilee hospital. Owing to the large family of little ones in the home it is found impossible to keep them sufficiently supplied with necessary garments, therefore, on the recommendation of the visiting committee it was decided to engage the services of someone capable of putting garments in order for the coming season. Mrs. Denny and Mrs. Coshenour were welcomed as new members to fill vacancies on the managing committee.

During the month four children were removed from the home. Blus were paid amounting to \$425.45.

Mrs. E. Andrews and Mrs. Sherwood were appointed visitors for the month. Mrs. Tony Silve's generous donation was appreciatively mentioned.

After reading the following interesting report, the meeting closed with prayer:

Madame President and Ladies of the Committee:
We beg to report that we have visited the home four times during April, and with the exception of two cases of childish ailments early in the month, found all well. Daisie has been placed in the Jubilee hospital, where we visited her several times and found her very happy in her new surroundings and much improved in health.

Miss McMillan kindly undertook the tuition of Agnes M. Kiltrick for a month in stenography and typewriting. Agnes attends the afternoon classes and seems to enjoy her work.

Mr. Sears was employed to repair the ceiling and kalsomine the walls of the large bedroom upstairs; but at last accounts the work had not been begun, as he had been unable to secure the services of a plasterer. We would suggest that the entrance door be varnished while the other work is being done.

Now that the spring weather has come there is much sewing to be accomplished, and we would strongly recommend that a sewing woman be employed steadily until the bulk of the clothing is removed and alterations made. We think this work is too much to expect our matron or her assistant to do, and we strongly urge the engagement of a suitable woman for this purpose for one or two days a week regularly as need arises. All of which is respectfully submitted.

—JEAN C. MILLER.

—JOSETTE C. TOLMIE.

The following donations during the month of April are acknowledged: Mrs. J. W. Williams, pieces of cloth; Mrs. Dent, Graham street, 2 pairs of boots; Mrs. Green, Gordon Head, clothing and boots; Mrs. Few, sack of apples; Victoria Nurses' Club, sandwiches, cakes and jellies; Mrs. Appleby, 2 sacks of vegetables; Harrison & McDonald, 2 jars fruit; Mrs. Musson, Cordova Bay, Mt. Tolmie, hats and toys; Friend, 668 Dallas road, cakes; Mrs. Pearce, Cook street, clothing; Mr. Tony Silve, 15 lbs. butter, 4 dozen tins tomatoes; Miss Hanley, 517 Harbinger avenue, clothing and hats; Mrs. Miller, 56 Victoria Cross, clothing and boots; Friend, clothing and boots; Times and Colonist, daily papers.

NORWEGIAN AUTHOR'S FUNERAL

Christians, May 4.—The funeral of the late Bjornstjerne Bjornson was held yesterday. Great crowds heard the addresses, the principal one of which was delivered by Dr. Friefton Nansen. A commemorative performance was given yesterday afternoon at the National theatre.

During the funeral, a serious theft occurred at the National Museum. A thief smashed a glass case and abstracted from 75 to 100 articles of gold, including rings, bracelets and chains of the Viking age of great historical value. The authorities have no trace of the thief.

CITY MUST PAY.

New York, May 4.—W. R. Hearst won a legal victory over the city of New York in the Supreme court when Justice Greenbaum dismissed a test case to compel Mr. Hearst to pay damages obtained against the municipality for deaths and injuries of persons in the explosion of fireworks near Madison Square Garden in 1902, when Mr. Hearst was celebrating his election to congress. Judgments aggregating \$1,727,500 have already been obtained against the city and there are many suits yet to be tried. The total damages asked for are nearly \$3,000,000.

WILL SPEND MILLIONS.

Portland, Ore., May 4.—The local office of the Milwaukee railroad system has received information from Chicago to the effect that the directors of the parent body of the Milwaukee line have voted \$12,000,000 for extension of branch lines and for development work on the Chicago, Milwaukee & Puget Sound in Washington.

FORTIFIED AT FIFTY.

Dr. Williams' Pink Pills Bring Health and Strength to Women at a Critical Time

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty health becomes feeble, and acute weaknesses arise with rheumatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirits.

The secret of good health between forty-five and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich, red blood that means good health, and brings relief from suffering. Mrs. C. Donovan, Newcastle, N. B., says: "About two years ago I was greatly run down and very miserable. I did not know what was wrong with me. I was hardly able to drag myself about, had severe headaches and no appetite. I felt so wretched that I hardly cared whether I lived or not. I had often read of what Dr. Williams' Pink Pills had done for others and I decided to try them, and I can now truthfully say I found them all they are recommended to be. Under their use my health gradually came back. I could eat better, sleep better and felt stronger in every way, and before long I was enjoying as good health as ever I had done."

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. The actually make new blood. That is why they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, sideaches and backaches, and the ailments of growing girls and women of mature years. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Tired?—Nature's Sweet Restorer

Abounding in stimulating goodness, a most healthful and pleasing beverage. Its sustaining and invigorating qualities are beyond dispute.

FRENCH CRUISER IS COMING HERE

VESSEL IS NOW ON VOYAGE ROUND WORLD

Admiral de Castries on Montcalm Will Pay Visit to Esquimalt in August

One of the largest warships of the French navy is coming here soon. The vessel is the cruiser Montcalm, carrying Rear-Admiral de Castries, which left Brest on a round-the-world cruise on February 23rd.

The Montcalm is a cruiser of 3,517 tons. She was put in commission in 1902. She is 422 feet long, 62 feet beam. She carries two 7.6-inch guns, eight 4.4-inch guns, four 4-inch guns, sixteen six-pounders and two submerged eighteen-inch torpedoes.

No advice of the coming of the Montcalm has yet been received by Commander Vivian, of the Pacific station, or George Phillips, who has charge of the naval yard, but the time of the visit is too far distant for that.

G. T. P. IS OCCUPYING NEIGHBORING OFFICES. Probability is That Railway Company Will Have Everything to Causeway

The offices of the International Steamship Company at their dock opposite the post office are at present occupied by the engineers and surveyors of the Grand Trunk Pacific Railway Company.

The remains of the late Richard Jenkins were laid to rest in Ross Bay cemetery yesterday afternoon. The funeral took place at 2 o'clock from the family residence, Vining street, where services of an impressive nature were conducted by Rev. A. E. Roberts, who also officiated at the grave.

NOTICE TO MARINERS

MARINE NOTES

Tugs Hope and Earl are on the ways at the Turpel yards, the latter having her hull rebuilt. Steamer Caplano, which came off the ways this morning, is loading lumber at the Michigan wharf.

FURTHER DETAILS OF WRECK OF PERICLES

Second of Australian South African Fleet to Be Lost Within a Year

Further information was received by the steamer Makura in regard to the wreck of the big Aberdeen liner Pericles, homeward bound from Sydney, Hobart and Melbourne, which crashed on a rock near Cape Leuwin, West Australia, in the broad daylight, and subsequently sank.

The first news of the disaster to the Pericles was received when the lighthouse keeper at Cape Leuwin reported seeing a large steamer with four masts and yellow funnel in distress and flying urgent signals which could not be distinguished.

The first news of the disaster to the Pericles was received when the lighthouse keeper at Cape Leuwin reported seeing a large steamer with four masts and yellow funnel in distress and flying urgent signals which could not be distinguished.

The behavior of the women after the ship struck is said to have made the work of saving the whole company much easier. The Pericles kept afloat for 2 1/2 hours after striking. She had a very valuable cargo aboard from Brisbane, Sydney, Hobart and Melbourne.

NEW POINT ON LIQUOR BY-LAW

INTERESTING MONTREAL CASE MAY BEAR HERE

Hotel and Restaurant Proprietor Questions Wisdom of Attempting to Restrict Traffic

A prominent restaurant and hotel proprietor this morning drew the attention of the Times to the following clipping from a recent issue of the Montreal Star.

Continuing, he said: "If this interpretation of the law as it stands in Montreal be correct, the fate of the recent by-law passed by the city council here is disclosed. However, we are not worrying overmuch. We certainly intend to get the best legal advice on the matter in the protection of our interests; but as the face of it the measure which will come into effect in Victoria on July 14th, placing all restaurants on the same basis as saloons in respect to the sale of liquor, cannot be enforced.

Smokers' Requisites

HUB CIGAR STORE. COR. GOVT. AND TROUNCE AVE. Everything up to the Minute.

Below Market Value

50 ft. x 108 ft., with double frontage on Pandora Avenue and Cormorant street. Pandora Avenue is now being paved, and with the improvements to the market, realty values on these streets will take a rise.

FORT STREET—60 x 134 ft., with two-storey building renting at \$80.00 per month. This property is the cheapest to be had in the block, and could be made to produce a much higher revenue. Price \$14,000. Good terms can be arranged.

ALBERNI—Eleven lots, well situated. For two days only we can sell at \$550 for the block. All cash. This is like giving the property away, as the adjoining property sold at \$100 per lot, but the owner must have the money.

Marriott & Fellows

619 Trounce Ave Phone 645

LADYSMITH SCHOOL BOUNDARIES

Ladysmith, May 2.—The school board has decided to apply to the government for an extension of the school boundaries. The new boundaries will begin at Oyster Harbor, running to west boundary of Oyster district, being south along the westerly boundary of Oyster district to a point west of south boundary of lot 43, and thence east to Oyster Harbor; thence along the foreshore to the point of commencement.

OBITUARY RECORD

Mr. and Mrs. Thomas Muckle, of 315 Rae street, mourn the loss of their infant son, Charles Richard. The death occurred last evening at the family residence. The funeral will take place to-morrow afternoon at 4.30 o'clock at Christ Church cathedral. Rev. W. Barton will officiate.

The remains of the late Richard Jenkins were laid to rest in Ross Bay cemetery yesterday afternoon. The funeral took place at 2 o'clock from the family residence, Vining street, where services of an impressive nature were conducted by Rev. A. E. Roberts, who also officiated at the grave.

NOTICE TO MARINERS

Notice is hereby given that, from and after the 1st June, 1910, the fixed red light on Vunaki Point, Island of Koro, will be discontinued, and that from the above date there will be shown on Aldin Point, Island of Koro, lat. S., 17 deg. 23 min. 30 sec., long. E., 173 deg. 23 min., an all round flashing white light, showing a double flash every ten seconds.

The body of the late Erasmus Tillus Leavall was forwarded to San Francisco last night on the City of Puebla for interment in the family plot at Oakland, Cal.

Princess Royal arrived in Vancouver to-day from Skagway. Owing to the fact that she is late she will not come to Victoria this trip, but will leave for Skagway from Vancouver to-morrow.

PAINTERS STRIKE

Several Hundred Men, Who Demand Increased Wages, Quit Work at Winnipeg.

Winnipeg, May 4.—At 9 o'clock this morning every union painter in Winnipeg, of whom there are several hundred, but down his brush and went out on strike. The men are demanding 40 cents an hour. They are receiving at present 30 cents. The masters have offered to pay them 35 cents. The men decided to strike at a mass meeting held last night. Some of the men claimed last night that a number of the firms who had refused to grant terms the union is demanding would give way this morning. They state that the demand for painters is at present in excess of the supply, and the masters will be compelled to make the necessary concessions. The T. Eaton Company, the Hudson's Bay Company and ten other firms have agreed to pay 40 cents an hour.

W. O. Wallace went over to Vancouver yesterday afternoon on a business trip.

M. Johnson arrived from Seattle yesterday afternoon on the Princess Victoria.

Miss Kitto, of Ladysmith, is spending a few days in this city visiting friends.

W. J. Sanders is leaving on Saturday evening for Prince Rupert on the Princess May.

Rev. J. P. Hicks was a passenger on the Princess Charlotte from Vancouver yesterday.

Mrs. Whiteley, 712 Vancouver street, will receive to-morrow and not again until October.

Mr. and Mrs. Singleton Wise were passengers on the Charnier last night for Vancouver.

H. Vincent was among the passengers on the Princess Victoria yesterday afternoon from Seattle.

Miss Hawley and Clark Hawley were passengers on the Victoria yesterday afternoon for Vancouver.

Geo. Calder returned yesterday afternoon from Seattle, where he has been for several days on business.

Mr. and Mrs. J. Hill of Seattle, were among yesterday's arrivals from the Sound on the Princess Victoria.

J. S. H. Matson left yesterday afternoon for Vancouver, where he will spend several days on business.

Mr. and Mrs. C. B. Bagshaw were among the passengers on the Victoria from Seattle yesterday afternoon.

Dr. Lewis Hall was among the passengers from the Terminal city yesterday afternoon on the Princess Charlotte.

Mrs. H. Harris and Miss Harris, after spending a number of days in Seattle on a visit, returned to this city yesterday afternoon.

Mrs. R. J. Robertson will receive at her apartments in the Hotel Criterion on Thursday, May 5th, and not again until the autumn.

Mrs. Warren, accompanied by her two daughters and niece, Miss Ethel Mackay, of Montreal, returned from a trip to the East yesterday.

Mrs. S. J. Willis, 1521 Fort street, will not receive to-morrow afternoon and will not be at home to her friends again during the summer months.

Mr. W. P. Allen, of the city police force, and Mrs. Allen will leave shortly on a holiday trip. They will visit the various summer resorts on this island.

To-morrow evening the new club house of the Shawnigan Lake Athletic Association will be opened by Chief Justice and Mrs. Gordon Hunter. A dance will be held in the clubrooms and those in charge are looking forward to an enjoyable time. A special train leaves this city for the island resort at 7.30 o'clock, and will leave there on the return trip at about 2.30 a. m. The chaperones for this affair will be Mesdames W. E. Ditchburn, C. G. Peders, S. J. Heald, Brooker, C. G. Duncan, Ross and Grimsman.

Beautiful Cut Glass

Next to the glorious Diamond, nothing is more scintillating than perfectly Cut-Glass.

We do not hesitate to say that we have the finest display of Cut-Glass in Victoria.

Anything that you know can be bought in Cut-Glass, we have.

When buying Cut-Glass examine its color. The very best should be a nice, bright white. Inferior quality is rather duller. The latter, however, is much used and by no means unfashionable.

Challoner & Mitchell
Victoria, B. C.

Tickets for the ball are going fast, and the local committee which has charge of what tickets are being sold in the city expect that there will be a rush at the last moment. There are, however, but a limited amount printed, and when that supply is exhausted no more will be issued. Tickets can be had from either Alex. Peders, S. J. Heald, or J. P. Sweeney, and should be secured to-day if possible. Mrs. Koenig will have charge of the supper and the music will be supplied by the Banty orchestra.

DAMROSCH ORCHESTRA.

Leader is a Strict Disciplinarian Among His Men, But is Greatly Liked.

Walter Damrosch's great orchestra comes to the Victoria theatre Tuesday, May 24th. The orchestra men like Mr. Damrosch, although he is a strict disciplinarian and rules with an iron hand. The hand is always gloved in velvet and his methods during rehearsals are quiet in the extreme. He rarely raises his voice above the conversational tone, and the men know that he is just, and that above all, he knows every note in the score by heart, and detects an error immediately. Every now and then, after a particularly hard hour of incessant rehearsing and repetition, some jesting word from him relieves the tension and good-humored smiles over the orchestra show their appreciation.

Outside of the rehearsal hour, Damrosch is simple and genial in his manner, and the men come to him for advice and help on many matters outside of music, and often pertaining intimately to their lives and problems of existence.

Two years ago on January 30th, which is Walter Damrosch's birthday, the entire orchestra surprised him at his house at 8 a. m. with a boisterous serenade played by string instruments. Like magic, breakfast was prepared by Mrs. Damrosch's household, and this custom has become a yearly institution.

It is on the long trips which Mr. Damrosch and the men take through the south, and to the Pacific coast, that he and they have become personally so well acquainted with each other. Many are the meals used by them to pass away the long and otherwise deadly hours of railroad travel. Some of the Frenchmen are great readers and devotees of the classical literature of both France and England. The Russians are great card and chess players.

Several among them can perform Steinitz's trick of playing a game of chess blindfolded, and in poker they can give a Colorado gambler pointers. The audience which comes nightly to hear Damrosch and his men, and to see them soberly attired in black evening dress, know but little of the jolly life which this big musical family leads while travelling.

ALL CRIPPLED UP FROM KIDNEY TROUBLE

Cured by Gin Pills

Mrs. John Pettigrew, of Central Economy, N. S., was practically helpless from Kidney Trouble. She could not sleep, and her limbs ached so that it was torture for her to be up and around the house.

As Mrs. Pettigrew put it, "I was all crippled up. I saw Gin Pills advertised and sent for some, and after taking only two boxes am a different woman. Gin Pills are the only thing that helped me, and I cannot say too much for them."

If you have that dreadful pain in the back—if you are tortured with Rheumatism or Sciatica—if you have trouble with your Bladder and especially in passing water—if your Liver is torpid and you are "Bilious"—get Gin Pills at once.

Perhaps you do not care to buy a remedy which is unknown personally to you. Very well. Will you use Gin Pills if we send you a free sample? Simply write the National Drug & Chemical Co. (Dept. V. T.), Toronto, Ont., and you will receive a free sample of Gin Pills by return mail. After you have seen for yourself that Gin Pills are all that we say, get the regular size boxes at your dealers—50c or \$1 boxes for \$2.50.

Pictures were introduced into Bangkok about five years ago, and have become the most sought-for amusement of all classes in Siam. The halls are well furnished every night, and simple comic pictures and animal scenes are most appreciated.

The Evening Chit-Chat

BY RUTH CAMERON

The lady diagonally across the street from us has been in rather different health since her last summer's vacation—despite the fact that that vacation was two months spent at a beautiful mountain resort.

My neighbor's vacation up to last summer have always taken the form of a month spent at a boarding house or small hotel somewhere in the country, but last summer she thought she would spread the same money over two months by having a cottage.

She took a cottage just far enough from the town so that all her friends could—and did—run down for the week's ends.

She had to leave her maid at home to look after the part of the family that could not be moved, so that meant that she had her own work to do at the cottage.

Besides the family friends with their week-end visits, all of the four children had to have their respective friends visit them, of course. Only five days of the two months, my neighbor has since reckoned, was the manage entirely free from company of some sort. And not that if you count the great-aunt Susan whom they carefully avoided inviting because she is a good deal of care, owing to the fact that she is deaf and sometimes has fits, but who cheerfully descended upon them for a month, assuring them that she was sure they wouldn't mind because she'd be glad to pay good board.

The lack of running water and of the gas range my friend depends upon so much at home added to the joys of the situation.

And so, as I said at the beginning, the lady diagonally across the street from us has been in rather poor health ever since her last summer's vacation, despite the fact that that vacation was two months spent at a beautiful mountain resort.

I am tempted to stop here and leave the point to sink in without any assistance on my part, but I suppose that wouldn't be quite according to Hoyle. Any woman who has the cares of a house, through the rest of the year owes it to herself to take some kind of a vacation which will be a complete rest from the routine of housework.

And the mere removal of the scene of her activities to a summer cottage certainly doesn't give any kind of a vacation.

There aren't always all of the attendant circumstances I have described in my diagonal neighbor's case, but anyone who has had any experience along this line knows that a good many of them are mighty apt to be present.

A month or two spent in the country is a very desirable thing for all the family, but I think that month should be spent at a boarding house or hotel, giving the mother a chance to enjoy it with the rest, or else she should have some separate vacation entirely free from all household cares.

Ruth Cameron

EGGS IN MANY WAYS

For eggs encoits heat several coctives or season cups. Into each put a tablespoonful of boiling cream and into the cream break an egg. Dust the top with salt and pepper and add a bit of butter. Put the cups into a pan, surround them with water and set the pan into the oven. Let the contents cook for ten minutes, or until done. Serve immediately.

"Sardine eggs" make an appetizing spring salad. Cut hard boiled eggs lengthwise and remove the yolk leaving the whites intact. Bone a few sardines, moisten them with a few drops of lemon juice or vinegar and season with pepper and salt. Fill the egg cups with the mixture. Place them on lettuce leaves and serve with mayonnaise jelly in the shape of stars.

For the mayonnaise jelly simply add enough melted gelatine to an ordinary mayonnaise to give it a very stiff consistency. It is more highly than usual. Good proportions for this jelly are: One egg yolk, half a cupful of olive oil, about one-eighth of a teaspoonful of mustard, a teaspoonful or more of sharp vinegar, salt and pepper to suit the taste, and about a teaspoonful of gelatine dissolved in three of boiling water. Of course, the gelatine should first be soaked in cold water to soften it before the boiling water is added. Let the jelly harden in a shallow pan or on a plate, so that it will not be too thick to shape with a thin cutter. When hard cut it into stars, triangles or any shape preferred.

For Swiss eggs spread the bottom of a baking dish with two ounces of fine American cheese. Place four eggs over the cheese, taking care that the yolks are not broken. Season with pepper and salt. Pour around the eggs two tablespoonfuls of rich cream and cover the top with grated cheese. Bake for ten minutes. Garnish with parsley and serve with fingers of crisp toast.

Eggs are sometimes served in tomato cups. Cut fresh tomatoes in half and scoop out part of the interior. Fry the tomato cups until half done. Then break into each of them an egg. Put them in a pan. Cover them and let them cook, either in the oven or on top of the stove. After seasoning serve hot. The tops of the eggs may be sprinkled with minced ham or grated cheese, or they may be served plain.

Cooked apparatus tips make a nice addition to an omelet. Boiled green peas can be used in the same way.

Eggs fried in olive oil are preferred by some epicures to those fried in butter. They are more delicate, and the egg is not so likely to burn.

A thick tomato sauce is always good with fried eggs, or in fact with eggs in almost any form, and a brown but-

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection Oil Cook-stove

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

Made with 1, 2 and 3 burners: the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere. If not at yours, write for Descriptive Circular to the nearest Agency of the

ter sauce is excellent. Put three tablespoonfuls of butter into a frying pan. Set the pan over a brisk fire. Let the butter turn a light brown color, then add two tablespoonfuls of good vinegar. Shake the pan slightly to mix the butter and vinegar thoroughly, then pour the sauce around and over the eggs. Serve immediately.

Poached egg may be served in a number of delightful ways. For "eggs a la Gladstone," place each of the eggs after poaching upon a broiled slice of tomato, and then serve with brown sauce. For variety the eggs may sometimes be sprinkled with cheese. Sometimes poached eggs are served on "plates" or divided ham, and again they may be placed on slices of green pepper. French cooks often serve them on a bed of boiled spinach or sorrel.

PRETTY WEDDING AT ST. ANDREW'S CHURCH

Mr. Frank B. Gibbs and Miss Margaret Keates, of Toronto, Married at Noon

A wedding that has been looked forward to with keen interest by a host of friends of the bride and groom was celebrated at noon today at St. Andrew's Presbyterian church, by the Rev. W. Leslie Clay, when Mr. Frank B. Gibbs, one of the local managers of the Brackman-Ker Milling Company, and Miss Margaret Keates, daughter of Mr. and Mrs. W. J. Keates, of Toronto, were united.

The bride, who was given away by her brother, Mr. A. E. Keates, of Seattle, looked exceedingly pretty in a handsome princess gown of white chiffon satin, trimmed with orange blossom from California, and real Irish lace and pearl trimmings, with the new style pointed train, over an underskirt of moire, with veil and orange blossoms and a bouquet of bride roses and lilies of the valley, and wearing a beautiful pearl necklace and pendants, the gift of the bridegroom. Her going-away dress was a tailored princess costume of brown, with ostrich stole, and a large hat of Yedda straw with crown of small rosebuds and trimmed with tulle.

The bridesmaid was Miss Nita McKillean, niece of the bridegroom, she wore a pale blue silk mulle, trimmed with Irish lace insertion, large blue picture hat, trimmed with white roses and tulle streamers, and carried a bouquet of shasta daisies and fern.

Mr. Marlow Carter, nephew of the bridegroom, was best man.

The church was very prettily decorated by the members of the choir, of which the bride is a member, and girl friends, with yellow broom and daffodils and the wedding party stood underneath an arch of the same.

Mr. Jesse Longfield, assisted by the full choir, rendered the musical portion of the service.

After the ceremony the bridal party drove to the home of Mr. George Carter, Yates street, where a wedding luncheon was partaken of. The house was artistically decorated for the occasion, and the table was beautiful with pink carnations and smilax and evergreens.

A number of intimate friends were present. Mr. and Mrs. Gibbs will leave by the Princess Charlotte this afternoon for Seattle, on the first stage of their honeymoon, to-morrow taking the steamer President to San Francisco, thence to one of the California seaside resorts at Santa Cruz and the Santa Cruz mountains. They expect to be away for a month. On their return to Victoria they will take up their residence at 182 Yates street. They were the recipients of many beautiful and useful presents, including a handsome cheque from Brackman-Ker and many cheques from friends of the bride in the east. Numerous telegrams of congratulation arrived, during the morning.

VICTORIA DISTRICT METHODIST CHURCH

Annual Meeting Being Held Today—Women's Missionary Society Also in Session

The annual meeting of the Victoria district of the Methodist church assembled this morning in the Victoria West Methodist church. There were present Rev. John Robson, chairman

of the district, presiding; Revs. J. A. Woods, A. N. Miller, A. Henderson, J. W. Dickinson, C. M. Tate, T. Keyworth, H. Hobbins, H. S. Hastings, R. Wilkinson and S. Cook. The session this morning was devoted to the business peculiar to the ministerial office. Revs. T. Keyworth, S. Cook and H. Hobbins were continued on trial as probationers for the ministry. The resignation of Rev. G. F. Clark on account of ill-health, was accepted. It was decided to ask the annual conference to employ Harold Wallbank with a view to his entering the ministry. Reference was made to the death of the Rev. A. W. Dever and Rev. R. B. Laidley, and suitable memorial notices will be prepared for the conference.

The session this afternoon is a general one and the reports from the various circuits and missions are being presented. It is expected that the meeting will conclude early this evening.

The nineteenth annual meeting of the B. C. branch of the Woman's Missionary Society in connection with the Methodist church opened at 2.30 this afternoon in the Methodist church. The preceding half-hour was given to devotional exercises, led by Mrs. J. P. Betts, Vancouver.

The executive held a meeting this evening.

This evening Mrs. David Spencer will give a reception to delegates and members of the local branch at her home, "Lan Derwyn," Moss street.

80 Cents Per Square Foot

That's surely a moderate price to pay for a good building site.

It's the price we ask for our lots between Prior and Blackwood streets, south of King's Road.

50x100, level, clear, dry, they are most desirable homesites.

Such lots, only three-quarters of a mile from the City Hall, surely cannot long remain at

\$400 and \$425

Our usual terms are quarter cash, balance over 18 months, but we are prepared to accept easier terms on these if necessary.

Picture Machine Exploded in Face of Operator

was wrong, and while repairing it the machine exploded in his face with the above results.

He was at once taken to the Ross hospital, where he now lies suffering intense pain.

Mr. McIntosh has probably lost his eyesight, but for the fact that he was wearing glasses.

His standing time has been reduced to one hour.

Photographed from "Lindsay Warder" of Jan 13th last.
Now read **The Sequel**

Mr. MacIntosh says:—"At the hospital I was kept masked night and day for five days. At the end of that time the burns were still very bad and the doctors would not hear of my returning to work. I knew if I could only get some Zam-Buk for the burns I would be back at work in quick time, because I had previously used the balm and knew what it would do.

At last I left the hospital and went straight to a local store and bought some Zam-Buk. At the hotel I applied a Zam-Buk dressing and this cooled the burning pains and gave me quick relief. I kept on with the Zam-Buk treatment and returned to work. Within just one week after first commencing with the Zam-Buk treatment I might have defied anybody to detect where the burns had been, so splendidly did Zam-Buk heal the injury."

Mr. MacIntosh resides at 48 Humbert St., Toronto.

FREE TRIAL BOX.

Zam-Buk is also a sure cure for eczema, ringworm, salt rheum, skin eruptions, ulcers, piles, hemorrhoids, blood-poisoning, bad feet, varicose veins, face blemishes, cuts, bruises, and all other injuries and diseases. Best balm for babies, because absolutely pure. 50 cents a box, at all druggists and stores, or Zam-Buk Co., Toronto, for price. Send this coupon, 1c stamp, and name of this paper and we will send you free trial box.

DAY & BOGGS

Victoria, B. C.

ESTABLISHED 1890.

WILL BE DEPORTED.

Honolulu, May 4.—Fifty per cent. of the Russian women in Hawaii are booked for deportation, according to a statement from a reliable source. Immigration officials have learned that in order to get into the country, women pose as wives of men who are not their husbands. Later many of these women become "white slaves." It is alleged. The federal grand jury is investigating the matter and it is probable many prosecutions will result.

investigating the matter and it is probable many prosecutions will result.

THOUSANDS OF DOLLARS' WORTH OF PROPERTY

Experience of a Single Firm is Quoted to Illustrate General Trend of Business

The condition of the real estate market and the value of advertising are well illustrated in an incident which occurred recently. L. W. Bick put a small "for sale" advertisement in the classified columns of the Victoria Daily Times. It was to have remained in the paper for two days only and within that time the small suburban place was sold. Owing to some misunderstanding, however, the notice was allowed to run along for some days, and still the buyers kept applying. They were people who wanted something in the way of an investment, and this well-known firm, having a number of properties that were good investments, managed to place a number, with the result that the small classified advertisement sold them thousands of dollars' worth of property.

IN AID OF FORT STREET IMPROVEMENT

Circular Letter Regarding Claims for Compensation Sent to Property Owners

A circular letter is being dispatched at the instance of the city solicitor to all the property owners on Fort street who have objected to the proposed widening improvement. They are asked to state their claims and reasons for compensation as soon as possible. It is hoped that all the claims will be received within the next two weeks, when a meeting of the owners and the city council will be summoned. The bulk of the property owners on the area between Douglas and Cook are anxious that the widening scheme be carried out. As the matter stands in its present state of uncertainty proposed building operations are being delayed, as it is impossible to determine street lines. The by-law dealing with the project is of unusual character, inasmuch as the establishment of the new street line is provided for in sections of blocks, so that if a basis of compensation cannot be effected with the owners of property in any one block, the widening on that portion of street cannot be carried out. Of course unanimity is essential for the success of the scheme.

PULP WOOD EXPORTS.

United States Authorities Still Hope Satisfactory Agreement May Be Reached.

Washington, D. C., May 4.—With the approach of the prorogation of the Canadian parliament, interest is revived here in the situation as to wood pulp and pulp wood.

MUST PAY INHERITANCE TAX.

San Francisco, Cal., May 4.—The heirs of the late Calvin Paige must pay to the state of California an inheritance tax of \$4,970.24, according to a decision by the San Francisco Superior court. The heirs sought the payment of this tax because the estate as a whole had already been taxed by the state of New York.

NO ALUM

No. 362

Washington, D. C., May 4.—With the approach of the prorogation of the Canadian parliament, interest is revived here in the situation as to wood pulp and pulp wood.

From Quebec that the Canadian government very likely would be willing to enter into a reciprocal arrangement with the United States which might involve the removal by the provinces of the inhibition against the exportation of pulp wood in consideration of favors by the United States in the way of lower duties on print paper and the free entry of mechanically ground wood pulp, occasioned no surprise here. From the time of the visit to Washington last March of the Canadian Premier, the United States government has understood that such an arrangement would be welcomed by the Canadian government, and the intimation was then made that the proposition contained in the Mann bill introduced in congress last December probably would be satisfactory. This bill reduced the duty on print paper from \$3.75 to \$2 per ton and placed wood pulp on the free list.

Owing to the attention of congress being directed to other important matters urged by the president, the question of the modification of the tariff as to pulp will probably not come up at this session. It is understood by the state department that the Canadian government has practically assented to the proposal for a reciprocity treaty and that the matter will be taken up after the adjournment of parliament. Even under the Canadian law as it stood prior to the order-in-council of the province of Quebec prohibiting the exportation of pulp wood, the prices of print paper had been increased steadily and under the new order, a new increase is expected.

CHINAMAN'S FATAL FALL.

New Westminster, May 3.—Another fatal accident along the banks of the Fraser occurred on Saturday night, the victim being a Chinaman who has been employed for three weeks on one of H. Gilley's pile drivers, which is doing some work on Lulu Island.

Sam Su Ho, aged about sixty-five, left the pile driver to go down town about eight o'clock on Saturday night. He left Chinatown about eleven o'clock and was found Sunday morning in a ditch on Lulu Island with his neck broken. He had evidently been walking along the dyke, stumbled and fell about six or seven feet, striking the hard ground and dislocating his neck. There seems to be no suspicion of foul play as there were no marks on the dead man and no tracks except his own anywhere near the scene of the accident.

The body was found by Edward Mercer a few hundred yards west of the Lulu Island bridge. The police were at once notified. The Chinaman had been dead about eight hours. On being made acquainted with the facts Coroner Pittendrieh decided that an inquest was unnecessary.

NELSON ASSIZES.

Nelson, May 3.—The Nelson assizes will open at the court house to-morrow, Chief Justice Huhter presiding. Two criminal cases and five civil cases will come up for trial. The case of Rex vs. Wayson involves a charge of attempted murder. Joseph Wayson, a miner, well known in this

A MONEY MAKER

Hillside property, with its prospects, is held ridiculously low, we think.

Just now we have what we consider a splendid speculative investment in a good property there. The southwest corner of Hillside avenue and Graham street.

The frontage on Hillside is 135 feet, on Graham 153 feet. This means for subdivision 3 lots of 45 feet each, one of them a corner on Hillside, by 103 feet deep, and one lot on Graham, next the corner, 50 feet by 125 feet.

To buy at to-day's prices and hold 6 months, means a return of 50 per cent. To hold for a year means to double your money invested.

At least that is what we think. You may think its possibilities greater. Many do.

We can sell the entire block, 135x153 on the following terms:

\$1,435 cash; \$783 in 1 year; \$782 in 2 years.

\$3,000

NOTE—That means \$22.22 a foot frontage for a choice corner.

PALATIAL RESIDENCE FOR MR. JUSTICE GALLIHER

Intention is to Build Immediately on Fine Site at Corner of St. Charles and Rockland

Rockland avenue is to have shortly another handsome residence. Tenders were to be opened this afternoon for the construction of the fine home which Mr. Justice Gallieher, of the Court of Appeals, purposes erecting here, on the corner of St. Charles street and Rockland avenue. The site is expected to be in the neighborhood of \$25,000. The structure will be of the old English style and of two stories, with gable roofs.

This fine addition to the stately homes on Rockland avenue will add materially to the dignity of that thoroughfare as one of the most notable residential sections in western Canada. The scenic outlook from this point is grand, and Mr. Justice Gallieher has secured one of the most charming sites.

The property which he has acquired as a site is known as the old home- stead of J. C. Davie. There will be three outlooks from the residence. The first, that over the straits of San Juan de Fuca to the Olympic mountains; the second to the westward, to the Sooke hills, and the third towards the distant Cascade range.

Construction of the residence will commence immediately, and it is expected it will be ready for occupancy in about six months' time.

WOMEN WERE PLUCKY WHEN MINNEHAHA STRUCK

Victoria Passenger Among Those Who Paid a Tribute to Coolness Shown by Them

One of the passengers on the Minneha, the New York liner which went ashore on the Selly Islands on April 18th, was Herbert P. Heming, Fort street.

The reports of the stranding in the English papers just to hand show that there was absolutely no panic among the 64 passengers, all of whom were safely landed at Penzance later in the day. The London Telegraph quotes Mr. Heming as follows:

"The women behaved like bricks, only one refusing to leave her husband, and she had to be removed by force. When all the passengers had been transferred to the boats we swung in the davits for some time, whilst the coastguards and fishermen on the island were signalled to by means of rockets. We heard them shouting to us as they came towards us through the inky blackness of the night, and when they were alongside the boats were lowered into the water and towed ashore. The conduct of the officers and men cannot be too highly praised. Perfect order and discipline prevailed throughout the whole of the trying time. The conduct of the company and the way we have been treated by them have been splendid."

Other passengers also commented on the pluck of the ladies, the perfect order and the conduct of the officers and crew. Miss Blanche Walter, a Toronto girl, said: "My father came into my cabin and told me to get up, as we were on the rocks. I shook for a minute, but quickly recovering my composure, dressed and went on deck. Perfect discipline prevailed. We stood there, and then were ordered to go in to the boats. We were lifted up by sailors and dropped into them. We rather enjoyed it. We swung in the davits for about half an hour, and then were lowered into the sea, and the coastguards towed us to Byhr."

Mrs. Pateman, an American lady, said: "I have never witnessed greater self-control by women under such trying circumstances. They were more cheerful than the men. Whilst sitting in the lifeboats someone asked a woman if she realized the perilous position she was in. 'Oh, yes,' she replied, lightly, 'but I do not mind; I have my powder puff.'"

HAVE NARROW ESCAPE.

Burton City, May 3.—Clark Watt and Peary Leake started out from town in a rowboat the other morning, to go aboard the dredge Nakus. On going alongside the dredge, the rowboat upset. Leake was thrown out but Watt managed to get hold of a cable hanging from the dredge. Leake proved himself to be a powerful swimmer. When he was upset the current carried him under the dredge. He made shore about 100 yards down the stream, notwithstanding the fact that he had his overcoat on. After a change of clothing he was none the worse for his experience.

A large increase in the number of fruit trees set out this year over last year in this valley. The number will be close to 5,000 this year.

MILLER BILL FORMS A FORWARD MOVE

Rev. Dr. Shearer Commends the New Act—Praise for Mayor and Council

The meeting held last evening under the auspices of the Ministerial Association in First Presbyterian church to hear Rev. Dr. J. G. Shearer, secretary of the Moral and Reform Council of Canada, on the Miller race track and anti-gambling bill was not as largely attended as might have been expected.

Rev. Dr. Campbell occupied the chair, and in his opening remarks paid a high tribute to the mayor and council for their efforts in the direction of the betterment of the morals of the city, and pointed out with emphatic commendation the action of the aldermanic board on Monday evening regarding race tracks, gambling, pool rooms and the limiting the time for the sale of liquor in saloons and restaurants.

While waiting for the arrival of Dr. Shearer, for the boat did not get in until 8.30, Rev. Mr. Stevens and Mr. Moyer entertained the audience with instructive addresses, the former on the question of the evening and the latter on missionary work in Tibet.

was received with hearty applause, and at once began to give a clear analysis and history of the Miller race track and anti-gambling bill, giving a sane but graphic picture of the battle for and against the bill, both in committee and on the floor of the House of Commons at Ottawa. He believed that by the bill, though much mutilated in the battle, a decidedly forward move was made. Dr. Shearer paid a high tribute to the members of parliament from British Columbia, who, he said, stood loyally by the bill.

WOMAN DECLARES SHE WAS HYPNOTIZED

Makes Statement Regarding Confession Reported to Have Been Made to Police

Tacoma, Wash., May 4.—Prof. H. C. Stevens of the physiological department of the University of Washington, testified yesterday in the trial of Martina Kvalshaug in regard to the alleged hypnotism practiced upon her when she made her supposed confession to the police.

In answer to a hypothetical question he stated that if a woman was in the mental and physical condition in which Mrs. Kvalshaug is supposed to have been, it would be possible for her to

give an untrue confession. She would give answers as suggested by her questioner without reasoning in her mind that such answers were not true.

When asked by Judge Easterday whether he had ever personally observed such a case as the one he was assuming, he said that he had not. The court would not allow him to tell of his readings upon the subject.

In a quicksilver mine in Asia Minor there recently were found the skeletons of sixty men, the victims, geologists claim, of a tragedy which must have occurred more than 2,000 years ago.
