Canada Asks Britain Cruiser Chosen as Gift Be Modern One

Understanding Is Cruiser Selected at First Not Sufficiently Up-to-Date to Meet Requirements of Canadian Naval Service.

Ottawa, June 15.—(Canadian Press)—There is as yet no indication of the name of the cruiser which Canada will receive as a gift from the British Government.

It is understood that the cruiser which was offered to the Naval Department by the British Admiralty was not sufficiently modern in design to suit the Canadian authorities and that they asked for a more modern vessel.

The name of the ship probably will be announced in a few days

MANY SMUGGLERS IN GRAND FORKS

American Whisky - runners There; Some Homes Guarded by Police

Grand Forks, B. C., June 15.—At the request of the civil authorities, Inspector King, of the local detachment of the Royal Canadian Mounted Police, has established patrols to assure the safety of several homes which became terror-stricken through shadowing spies.

Certain bootleggers from across the line are now known to have been in town the night of the tragedy when a new Stetson hat blew from the head of a chauffeur who was seen hurrying out of the country at Cascade Point. The car did not stop to recover it.

RUMOR TROTZKY MURDERED UNTRUE

Communicates With Litvinoff at Constantinople; Lenine Did Not Flee

Constantinople, June 14.—Via London, June 15.—Maxim Litvinoff, Assistant Commissioner for Foreign Affairs in the Russian Bolshevik Government, to-day received telegrams from Leon Trotzky and Nikolai Lenine, respectively Bolshevik Minister of War and Premier.

An Exchange Telegraph dispatch received in London yesterday from Berlin, where it was filed Sunday, said an "anarchist conspiracy" against the Soviet Government was reported from Moscow.

The plan, however, was a failure, and the date of the murders was set for June 21, according to the account printed in Berlin.

Under the second plan, it was declared, Finance Commissary Krestinsky and others of the Bolshevik Commissaries, including M. Zinovietz, also were to be killed.

CABINET CRISIS IN AUSTRIA WILL LEAD TO ELECTION

Vienna, June 15.—With the coalition definitely ended by the refusal of the Social Democrats to participate in the new Ministry, elections apparently can not be avoided.

BY WAY OF THIS COAST. Boston, June 15.—Fourteen of the delegates from this state to the Democratic National convention left last night for San Francisco by way of Montreal and Vancouver.

BOY IN MONTREAL CAUSED DEATH OF NINE-YEAR GIRL

Montreal, June 15.—Pushed into an elevator shaft by a boy at the Dominion Express Company's stables here, Sarah Rhee, nine years old, died in a hospital. The child's head was thrust over the gate and a descending car struck her and fractured her skull. The police are searching for the boy.

U.S. Merchant Marine Bill Raises British Objections

Washington, June 15.—British objections to the enforcement of the new American merchant marine bill, which Premier Lloyd George indicated yesterday as likely to be the subject of formal representations to the State Department, are understood to be based principally on two sections of the measure.

The first prohibits the carrying of merchandise in other than American ships between American ports via a foreign port. This would stop freight carriage between the United States and Alaska over Canadian railroad lines or in Canadian ships, which has grown into a business of magnitude.

DR. BUTLER BLAMED FOR STATEMENT ON U. S. NOMINATION

Cincinnati, Ohio, June 15.—Colonel William Cooper Proctor, manager of General Leonard Wood's unsuccessful campaign for the Republican nomination, on his arrival here from Chicago to-day sent a telegram to Dr. Nicholas Murray Butler, President of Columbia University, saying his statement in the House yesterday relative to General Wood's support was wholly false and was given out with malicious disregard for the truth.

ASKS QUESTIONS ABOUT DRYDOCKS

Ottawa, June 15.—(Associated Press)—J. H. Sinclair, member for Anishnigbee and Gaysboro, Nova Scotia, is seeking information from the Government in regard to the proposed drydock at Victoria, B.C. He has given notice of a series of questions to be put to the Ministry in the Commons.

NOVA SCOTIA MAN COMMITTED SUICIDE

Amherst, N.S., June 15.—A tragedy which has cast a gloom over Cumberland occurred at Oxford Junction Saturday, where Sydney Purdy, seventy-one, committed suicide. One of the most popular citizens, committed suicide near his own farm.

POISON MISTAKEN FOR FLOUR WITH FATAL RESULTS

Ogden, Utah, June 15.—One grandson is dead, another is dying and seven other members of the family are ill because Mrs. Wm. Howard, of Brigham City, mistook a poison for flour when she dusted her bread board. The poison had been placed in a cupboard after an orchard was sprayed.

TWO MORE PLAGUE CASES AT TAMPIO

Mexico City, June 14.—Two new cases of bubonic plague have been reported at Tampico, according to The Excelsior's correspondent in that city.

Wireless Strike Keeps Ships in British Waters

London, June 15.—A strike of marine wireless operators which will affect all ports and shipping was declared this morning by the Association of Wireless Telegraphists. The men are demanding an increase in wages of approximately 180 per cent, over the present rates and better working conditions.

MAN IN ALBERTA KILLED BY TRAIN

Edmonton, June 15.—An accident on the Canadian National Railway about 400 yards east of Chipman at late hour Monday night resulted in the death of Peter Stewart, 37, a fortunate man was on the right-of-way and was knocked down by the westbound passenger train on its way to Edmonton.

DIED IN CHICAGO. St. Thomas, Ont., June 15.—J. J. Crowley, assistant superintendent of the Canadian Division of the Michigan Central Railroad, died yesterday at Chicago, where he had gone for medical treatment.

ITALY WANTS ABOUT \$12,120,000,000 OF REPARATION MONEY

Paris, June 15.—Italy's claim to reparations paid by the Central Powers, including pensions, has been fixed at \$12,120,000,000 (normally about \$12,120,000,000), according to Rome dispatches to newspapers here.

NO REFLECTION UPON PARLIAMENT

Rev. Dr. Speers Explains Remark Which Roused Ire of House

Ottawa, June 15.—In the House to-day the Speaker read a telegram he had dispatched to Rev. Dr. Speers in regard to the latter's alleged statement at the Methodist Conference in Toronto that, in regard to race-track legislation, "letters were of no avail, but money in the lobby."

DID NOT STAND WHILE BAND PLAYED

Archbishop Mannix, Australia, and a "Star Spangled Banner" Incident

New York, June 15.—(Canadian Press)—The refusal of The Most Rev. Daniel Mannix, D. D., M. A., Archbishop of Melbourne, to stand while The Star Spangled Banner was being played by the band of the United States steamship Ventura in Honolulu harbor has resulted in a protest to the United States Department of State, according to a special dispatch from Washington published in The New York World.

Taft MENTIONED AS ARBITRATOR

Borden Says Government's Grand Trunk Arbitrator Not Named Yet

Ottawa, June 15.—(Canadian Press)—Hon. R. Lemieux asked the Prime Minister in the House of Commons yesterday if there was any truth in a report that he is to be appointed arbitrator to fix the value of the Grand Trunk Railway arbitration case.

MURDOCK SPEAKS OF GAMBLING IN SUGAR

Toronto, June 15.—Present conditions of the sugar market are due to speculation and gambling, declared Commissioner Murdock, of the Board of Commerce, at the sugar inquiry to-day as witnesses' process, one after another, gave evidence that they had sold their sugar in carload lots to Robert Anderson, a Montreal broker, at a good profit.

CITY REJECTS OLIVE BRANCH IN DISPUTE

Councillor J. Loutet, of North Vancouver, President of the Union of British Columbia Municipalities, has replied to the city's resolution of withdrawal from the Union, owing to the position of Mr. McDiarmid, its solicitor, taking briefs against Victoria. He hopes reconsideration of the issue will be made, a course which the council last evening declined to adopt.

Speculation in Canada, Says Member of Board of Commerce

Toronto, June 15.—Present conditions of the sugar market are due to speculation and gambling, declared Commissioner Murdock, of the Board of Commerce, at the sugar inquiry to-day as witnesses' process, one after another, gave evidence that they had sold their sugar in carload lots to Robert Anderson, a Montreal broker, at a good profit.

President of Union Fails to Shake Victoria's Withdrawal Policy

Councillor J. Loutet, of North Vancouver, President of the Union of British Columbia Municipalities, has replied to the city's resolution of withdrawal from the Union, owing to the position of Mr. McDiarmid, its solicitor, taking briefs against Victoria. He hopes reconsideration of the issue will be made, a course which the council last evening declined to adopt.

MAN IN ALBERTA KILLED BY TRAIN

Edmonton, June 15.—An accident on the Canadian National Railway about 400 yards east of Chipman at late hour Monday night resulted in the death of Peter Stewart, 37, a fortunate man was on the right-of-way and was knocked down by the westbound passenger train on its way to Edmonton.

DIED IN CHICAGO.

St. Thomas, Ont., June 15.—J. J. Crowley, assistant superintendent of the Canadian Division of the Michigan Central Railroad, died yesterday at Chicago, where he had gone for medical treatment.

HONORARY DEGREES FOR GEDDES AND OTHERS IN STATES

Princeton, N.J., June 15.—Sir Auckland Geddes, British Ambassador to the United States, and eleven other distinguished men to-day were awarded distinguished degrees at the 173rd commencement exercises of Princeton University.

GREECE TO PAY INTEREST JUNE 30

Roumania's Payment of Interest on Canadian Credit Month or So Later

Ottawa, June 15.—(Canadian Press)—Replying to a question in the House yesterday, Sir Henry Drayton said that no interest was yet due from the Government of Roumania on the credit extended by Canada.

LAKES-ATLANTIC WATERWAY OPPOSED

Buffalo, N. Y., June 15.—Opponents of the proposed water route from the Great Lakes to the Atlantic by way of the Welland Canal and the St. Lawrence River had another hearing to-day before the Joint Commission on International Boundary Waters.

TAX IS FIXED AT FIFTEEN PER CENT

Drayton Moves Amendments in Commons Affecting Shoes and Clothing

Ottawa, June 15.—The Commons this afternoon went into committee on the "excise tax and Sir Henry Drayton formally moved amendments to the general resolutions making the tax on boots and shoes, ordinary clothing, men's and women's, and rugs and carpets fifteen per cent on prices in excess of a fixed amount instead of ten per cent on the whole amount.

GERMAN STATES OF EQUAL SIZE NEW SCHEME ADVOCATED

Berlin, June 15.—Mathias Erbsberger, former Vice-Premier and Minister of Finance, is advocating a plan for a new division of Germany into states of equal size. He would cut Prussia into several equal and independent states.

OTTAWA G.W.V.A. NOT DEMANDING ELECTION

Ottawa, June 15.—The Ottawa branch of the Great War Veterans' Association, by a vote of 74 to 5, decided last night at a special meeting to take no action on the manifesto issued by President Maxwell of the Dominion Command calling upon the local branches to join with their fellow citizens in demanding a Dominion general election.

FRESH INCREASE IN RAILWAY RATES COMING IN BRITAIN

London, June 15.—(Canadian Press)—In the House yesterday the Minister of Transport stated that a further increase in railway charges could not be avoided.

Less Wheat in Canada This Year But More Oats

Ottawa, June 15.—The Dominion Bureau of Statistics issued to-day a preliminary estimate of the areas sown this Spring to grain, hay and potatoes, together with a report of their condition on May 31 as compiled from the returns of crop reports.

The total area estimated to be sown to wheat in Canada for 1920 is 16,221,000 acres, as compared with 15,126,000 acres, the final estimate of 1919. The decrease this year is 2,295,000 acres, or twelve per cent.

Of oats the total acreage sown is estimated at 15,291,000 acres, against 14,952,000 acres last year, an increase of 339,000 acres, or two per cent.

Barley has an acreage of 2,574,900 in 1920, as compared with 2,446,500; rye, 736,100 as against 753,000; peas,

AMERICAN CATTLE ENTER DUTY-FREE

Dr. Tolmie Says Change Made to Re-stock Depleted Canadian Farms

Ottawa, June 15.—(Canadian Press)—With the object of re-stocking Canadian farms which have suffered through excessive drought during the last two years, an Order-in-Council has been passed which, in effect, removes the duty from cattle entering the Dominion from the United States from the present to February 7, 1921.

LIBERAL MEMBERS AT OTTAWA MEET

Unfinished Business Considered; Members Against Large Naval Outlay

Ottawa, June 15.—(Canadian Press)—The Liberal members of the Commons met in caucus this morning, when, it is understood, the discussion hinged chiefly on the progress made during the session and the measures still on the order paper.

ANTI-CAT CRUSADE IN NEW YORK SOON

Homeless Animals to Disappear; Big Effort to Kill Off Rats

New York, June 15.—Plans to rid this city of thousands of cats, forced into vagabondage by the Summer absence of their owners, were announced to-day by the Department of Health, which will be aided in the anti-cat crusade by the Society for the Prevention of Cruelty to Animals.

WORK AND VESSEL SCHEME IN GERMANY

Leipzig, June 15.—A plan by which laboring men may work an extra hour each day and contribute the pay thus earned to a fund to build cargo boats of which the contributors will become part owners has been worked out by The Neuste Nachrichten.

AUGUSTUS KOENIG DIES.

Philadelphia, June 15.—Augustus Koenig, theatrical magnate, died suddenly at his home here to-day. He was sixty-five years old, and was interested financially in burlesque houses in this country and Canada.

Canada-West Indies Tariff Preference Plan is Completed

Delegates at Ottawa About to End Their Conference; Number of Canadian and West Indian Foodstuffs Proposed For Free List; Other Details.

Ottawa, June 15.—(Canadian Press)—The Canada-West Indies Conference probably will close within the next day or two. This afternoon the delegates met again to consider the attitude of the Canadian Government on the tentative agreements adopted last week and any amendments suggested.

The agreements are three in number. One deals with tariff preference and the other two with steamship communications. There is also a resolution on the subject of cable communications.

The tariff agreement, it is understood, provides for three scales of preference ranging from moderate reductions on certain articles to a free list for others. In the free list are included a number of Canadian and West Indian foodstuffs. It is probable that a sub-vention the naval estimates are again under consideration.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nine-tenths of all cases of Rheumatism, Neuritis, Joint Pains, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Manufacturers of Sulfalacilic Acid. While it is well known that Aspirin means Bayer manufacturer, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

REMARRIES WIFE OF MANY YEARS

105-Year-Old Washington Man and Wife Go Through Unusual Ceremony

San Jose, Cal., June 15.—Charles Franklin Diamond, aged 105, of Turk, Washington, yesterday was married for the second time to the woman he wed forty years ago and who has lived with him ever since. While visiting her daughter here, Mrs. Diamond, who is seventy-four years old, became ill, and worrying over the fact that her contract marriage which had stood for four decades might not be legal, wrote her husband to that effect. Mr. Diamond took the next train for California, and yesterday the second marriage was performed. The ceremony yesterday was made a double wedding, the daughter of the aged couple, Mrs. Della May Metcalf, a widow, being married at the same time to Frank Kelley, of this city. Mr. Diamond, who is proprietor of a general merchandise store at Turk, was born in Illinois in 1815 and came to California in 1853.

U. S. NOMINEE AND BRITISH EMPIRE

New York, June 15.—Canadiana resident here are delving into the political record of Senator Warren G. Harding, the Republican nominee for President, in an effort to ascertain his attitude on matters affecting Canada and the British Empire. General opinion appears to be that he has shown himself to be well disposed toward Great Britain and the British Dominions and that, if elected, he will be likely to interest himself in the maintenance of relations of cordial friendship between Canada and the United States. While strongly opposed to the ratification of the peace treaty and the League of Nations, Senator Harding's war record shows that he gave support to the administration and favored close co-operation with and the United States was in the war, he supported war legislation generally, with a few minor exceptions.

REDUCTION OF THE GERMAN ARMY

Berlin, June 14.—Via London, June 15.—The German Government has requested the Supreme Council to grant a further delay of three months for the reduction of the German army to 100,000, says The Telegraph.

It was recently announced that the reduction of the German army to 200,000 men had been accomplished.

ATTEMPT TO KILL PREMIER OF JAPAN

BALLANTYNE MADE STATEMENT ON NAVY

Told Terms of 1918 Memorandum Sent to Admiralty by Dominions

Craft Given by Britain to Be Divided Between Two Coasts

QAWA, June 15.—Hon. C. C. Ballantyne, Minister of Naval Service, in the House yesterday afternoon made his awaited statement on the Canadian naval policy. He intimated—in this practically repeating his statement of several weeks ago—that no decision on a permanent naval policy would be reached till after the next Imperial Conference in 1921. But supplementary estimates were to be brought down this session for \$2,500,000. These, including estimates now before the House, would bring the naval expenditure this year to \$2,500,000.

He gave details of the cruiser, two destroyers and two submarines which are the gift to Canada of the Imperial Government, and, in passing, cited

an important and hitherto unpublished memorandum presented by the Prime Minister to the British Admiralty, of which, no doubt, much will be heard later.

Negotiations.

Mr. Ballantyne related how with Sir Robert Borden he had attended the Imperial Conference in 1918. The question of a naval policy for Canada or the Empire was not discussed at the conference, but certain negotiations took place. At a meeting of overseas Prime Ministers held at the Savoy Hotel in London in August, with Sir Robert Borden in the chair, a memorandum was drawn up and sent to the Admiralty. In the memorandum all the overseas Prime Ministers concurred, except Mr. Lloyd, of Newfoundland.

Points Stressed.

The Dominion had previously had under consideration an Admiralty memorandum on the naval defence of the Empire, submitted to the Imperial Conference. And in their memorandum, presented to the Admiralty in reply, the Dominion Prime Ministers laid stress on these points:

(1) The proposals set forth in a single navy at all times under a central naval authority are not considered practical.

(2) Purely from the standpoint of naval strategy, the reasons thus put forward for the establishment of a central naval authority are strong but not unanswerable. The experience of a time of war has shown that in (namely, that of Australia) can operate with the highest efficiency as part of a united navy under a central command, established after the outbreak of the war.

Uniformity.

Other articles of the memorandum recognized the necessity of uniformity in the character of construction, armament and equipment, methods and principles of training, administration and organization; declared that the Dominions would also welcome visits from highly qualified representatives of the Admiralty to advise on naval defence, and added that as naval forces came to be developed, the necessity might have to be considered of establishing for war purposes, hereafter "some supreme authority."

Have Rosy Cheeks! Look Prettier! Feel Better!

Simplest Thing in the World to Do at the Small Cost of a Quarter

You seldom see a woman who is pale, dull-eyed, thin-checked, and utterly worn out, who doesn't suffer more or less from headache and constipation. Her poor looks are more largely due to neglect than anything else.

Most women can have sparkling eyes and rosy cheeks if they will but use regularly a blood-cleansing and laxative medicine like Dr. Hamilton's Pills. Just follow these simple directions. To-night take two Dr. Hamilton's Pills and note how much fresher you feel to-morrow morning. Your face will be clearer, your appetite better, your spirits brighter. Next night take one or perhaps two and laxative medicine like Dr. Hamilton's Pills. Gradually reduce the dose pills again. The result will be a clear, healthy complexion and a good digestion.

Day by day you will note a steady gain. You'll quickly have back those happy stilet looks you once were proud to think about. No other medicine can do so much for you as Dr. Hamilton's Pills of Mandrake and Butternut. Sold everywhere in 25c boxes.

CANADA COPPER CO. RAILWAY READY SOON

Vancouver, June 15.—W. P. Tierney, the well-known contractor, is in this city and announces that within the next thirty days he expects to have the rails laid on the fifteen-mile road which he has been building to connect the mines of the Canada Copper Company at Copper Mountain with the Kettle Valley Railway. Some 13,000,000 tons of ore are reported to be developed and ready for shipment.

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

Dr. Chase's Nerve Food, 50 cents a box for \$2.75, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

Dr. Chase's Nerve Food

naval authority upon which each of the Dominions would be adequately represented.

Mr. Ballantyne continued that as a result of the memorandum Admiral Lord Jellicoe paid a visit to the Overseas Dominions.

Not at Conference.

William Duff, Lunenburg, interrupted to ask why Dr. Lloyd, of Newfoundland, had not agreed with memorandum.

Mr. Ballantyne replied that Dr. Lloyd did not decline to accept the memorandum. But Dr. Lloyd happened to be present at the conference. He had no reason whatever to suppose that the Premier of Newfoundland dissented from the memorandum.

Mr. Duff: "Has he agreed to it?"

Mr. Ballantyne: "No."

Not at Moment.

The Government had been unable to accept the suggestions of Admiral Jellicoe at the moment because of the heavy financial commitments, because Great Britain had not yet decided upon her naval policy, and finally because of the coming Imperial Conference, at which the whole matter would be discussed.

Gift Vessels.

The vessels which Canada would receive from the British Government, Mr. Ballantyne informed the House, would be kept part on the Atlantic and part on the Pacific Coast. Arrangements had been made for an interchange of officers necessary to maintain efficiency. Except for the senior officers on the light cruiser, the vessels would be manned exclusively by Canadians.

Mr. Ballantyne said he was sorry he could not announce the name of the cruiser they expected to get, but this would be available in a few days. She would be a modern cruiser with a displacement of 4,800 tons, 453 feet in length, 47 feet broad, 16.5 feet draught, a speed of 25 1/2 knots an hour, and oil capacity of 1,445 tons or 460 tons of oil fuel. She would have two six-inch guns, 10 four-inch, eight or two torpedoes, one 12-pounder and two torpedo tubes. There would be 29 officers and 354 men, or a complement of 404.

Destroyers.

The two modern destroyers would be the Patriot and the Patrician. They displaced 1,400 tons, were 227 feet long, 27 1/2 feet broad, had a draught of 11 feet, a speed of 35 knots, and oil capacity of 253 tons, carried three four-inch guns and one two-pounder and had four torpedo tubes. There would be six officers and 74 men aboard each vessel.

Submarines.

The two submarines, to be known as H-4 and H-5, were 264 and 494 tons displacement, respectively. The length was 150 1/2 feet, and speed 13 and 11 knots, respectively.

The total personnel on all the vessels named would be 600.

Time to Consider.

The discussion which followed Mr. Ballantyne's announcement lasted until the early evening, and then was adjourned to enable members to consider the naval situation further.

Hon. W. L. Mackenzie King, the Liberal Leader, complained that Mr. Ballantyne's statement, as compared with his statement of some weeks ago, was contradictory, and it was difficult to know what the Government had in mind. The country had been given to understand that naval expenditure this year was to be confined to \$200,000; now supplementary estimates were to be brought down, increasing it to \$2,500,000. Mr. King also asked why the Government had waited till the last fortnight of the session to make its important announcement.

Hon. R. Lemieux urged that, with present heavy liabilities, this was not the time to launch into new expenditures.

LOOK FOR THE TRADE MARK OF THE GREAT BRITAIN 1914-16

VICTORIA CHAPTER NO. 2 MEETINGS First and Third Fridays 8 p. m.

SAYS SPECULATORS' SUPPORT DEFEATED WOOD AT CHICAGO

New York, June 15.—Charges that a motley group of stock gamblers, munition makers and other like persons, seized on so good a man as General Wood and with reckless audacity started out to buy for him the Presidential nomination, were made in a statement given out last night by Dr. Nicholas Murray Butler, an unsuccessful Republican candidate.

"It was the cause of genuine sorrow to me, as to many others of Gen. Wood's friends," he said, "to see him put in this unhappy position. There was nothing to do to save the Republican Party but to defeat the band of men behind him with their bank accounts. This meant that we had to defeat General Wood."

"The story of New York's sixty-eight votes for Butler showed, the statement said, how General Wood was defeated. It pointed out that the first ballot gave General Wood a substantial lead, and that the first task thereafter was to bring

the vote of his nearest rival, Governor Lowden, at least up to Wood's vote.

"The forces defeated in their attempt to buy the nomination represent all that is worst in American business and American political life," said the statement. "It is really too bad they hit upon General Wood as their choice. They should have found someone to support for whom the country has less respect and less regard."

Montreal, June 15.—The feature of the flour trade yesterday was the announcement by the Canadian Wheat Board that it was in the market for 250,000 barrels of Spring wheat flour at \$14.30 a barrel, in jute bags delivered at the seaboard.

Fight the Film

If You Want Whiter Teeth—Make This Test

All Statements Approved by High Dental Authorities

Free

A 10-Day Tube of Pepsodent to anyone who asks.

It will show you the way to safer, whiter teeth. See below.

Film Ruins Teeth

Dental science has traced most tooth troubles to a film. To that slimy film which you feel with your tongue.

It clings to the teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. The film fixes itself; then night and day, month after month, it may do a ceaseless damage.

That is why well-brushed teeth discolor and decay. Only periodic cleaning in a dentist's chair removes fixed film. The great need, as every dentist long has known, is for a daily film combatant.

Stain, Tartar and Decay

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing, because the tooth brush alone can't prevent them.

Film Can Now Be Ended

Dental science, after years of searching, has found a film combatant. The fact has been proved by years of clinical and laboratory tests.

Now the method is embodied in a dentifrice called Pepsodent. Leading dentists everywhere are urging its adoption. And a 10-Day Tube is offered free so that anyone may see its results.

Just Ask for a Test

The way to know this method is to ask for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Judge by the visible results, then read the reason for them. Decide for yourself what is best for your teeth—the old way or the new.

Cut out the coupon and learn what clean teeth mean.

Watch Them Whiten

It is film that clouds your teeth. See the change as you remove it.

CITIZENS BACK UP TRUSTEES ON COLLEGE SCHEME

Two People Oppose It, But Big Delegation Urges Start on College

LADY TRUSTEES HAVE A SHARP DISPUTE

Mrs. Andrews Says Mrs. Spofford Offered Her Gross Insult

After hearing the contentions of a strong delegation of prominent citizens, who strongly supported the two-year course, the City School Board, more than ever confident that it has the public behind it in its determination to start an affiliated college at the High School, last night decided to go to-night to appoint the college staff.

Yesterday was one of the most eventful days in the history of the Victoria School Board and, indeed, had it not been for the fact that the trustees were tired and hungry by the time they finished their other business they probably would have proceeded with the appointments then. In the afternoon they consulted on the college question with S. J. Willis, Superintendent of Education, and decided that four was the minimum number of professors necessary for the arts course, later, at a meeting which started at 5 o'clock, and finished at 7, they heard the views of the big delegation which came to declare that the Board would be losing a splendid opportunity which it might not have again if it failed to inaugurate the course immediately; they received a petition, presented by E. S. Woodward, President of the Trades and Labor Council, which should carry little weight particularly as, according to charges voiced by Trustee Mrs. Spofford, it had been signed by people because false reports had been circulated about the course; and finally they ended their session with a sharp dispute between Mrs. Spofford and Mrs. Andrews, caused by Mrs. Spofford's suggestion that if anyone should resign to run on the college issue it should be Mrs. Andrews, and by Mrs. Andrews' assertions that she was being grossly insulted.

When the Board assembled at 5 o'clock the trustees expected to find a number of people present to oppose the course, as Mr. Woodward, through the press, had invited the public to accompany him to protest against the plan. However, did not mature while the majority were supporters of the affiliation scheme.

When Chairman Riddell threw the meeting open for discussion Mr. Woodward laid before the Board a petition signed by about seventy persons asking the Trustees to submit the college scheme to a referendum. He said a number of influential citizens had signed the petition, and he mentioned several by name. The petition had been in circulation but a short time, and he was confident that a much larger one could be compiled in a few days.

A. G. Smith, Principal of the High School, asked if Mr. Woodward represented the Trades and Labor Council, and if that body had discussed the college question. Woodward replied in the affirmative, and Mr. Smith later stated that he had been informed on good authority that it had not been discussed.

Trustee J. Beckwith observed that the college matter was no new thing, and had been discussed for many months. Mrs. Andrews took objection to some of his remarks, and H. P. Hope, H. H. Hewitt, Mrs. Dr. Ryan and J. G. Hay.

It was at this juncture that Trustee Mrs. Spofford stated that one person whose name was on the petition, presented by Mr. Woodward, had signed the petition because of a circulated statement that the Board was establishing the course simply for the purpose of getting rid of its oldest employees by appointing them professors. Another person

he urged the Trustees to waste no further time in useless discussion over a subject which had been thrashed out for many months, but to proceed with the appointment of a college staff.

Judge Lampman's Views.

Judge Lampman, Chairman of the Oak Bay School Board, was in entire agreement with Mr. Jay's ideas. The B. C. University, he declared, was not equipped with proper residences for its students, and the result was that young people were forced to live in places where they lost entirely the protection of proper supervision. This was a very vital point for parents to consider, he felt. The two-year course, he declared, would enable young students to remain at home for two years of their University work—the two years when they would be most likely to "go wrong" if they were away from home. The course, he said, would be of particular advantage to poor people as it would enable students to do two years of college work for \$20, instead of paying out large sums of money on University fees and board bills. As the present Senior Matriculation course was recognized as unsatisfactory no doubt larger numbers of students than those at present attending would take the two-year course when it was established.

Will Not Get Chances Again.

As a member of the B. C. University Senate, Dr. Leslie Clay told the Board frankly that, if it did not grasp the present opportunity, it would be "losing its chance" to give Victoria another college to educate her children in college work at home for two years. He said that if the Board failed to do so, he had been much surprised when it had allowed it to proceed. He said that if it were made again in a hurry, he urged the Board to consider what was best for the growing children of the city.

Advantage Residentially.

A new argument in favor of the course was introduced by Dr. Paul Higgins, who pointed out that it would be a great attraction to people to settle in Victoria when they were considering taking up their residence in one of the Coast cities. This course would be of particular benefit to people of moderate means, he considered, and he felt that the \$40 fee would deter no one from taking the college course. He said that he would present a senior matriculation course. During the six months' holiday each year any ambitious student could earn this money. He said that he would bring University work to Victoria's very door, as it was in Vancouver where the students had to pay the \$40 fee. The course would cost only \$5,000, but he felt that if it were to cost \$18,000 it would be cheap.

Joseph B. Clearhugh, a former student of the University, expressed his regret that the Board should proceed to appoint a college staff Mrs. Andrews exclaimed, hotly: "Since I have been so grossly insulted this afternoon—if not the first time and I cannot understand why, because I differ with one member of the Board she should insult me. We should not run this thing through. Since they have been dealing in personalities—and I want the press to hear it—members of this Board have said it would be a good thing to appoint certain people to the Board, and I am less damaged there than in their present positions!"

Lot of Wrangling.

"This Board has assembled to appoint a staff, and I don't propose to listen to a lot of wrangling," said Trustee Mrs. Cody-Johnson, who urged her colleagues to delay no further.

A Surprise.

Mrs. Andrews, still protesting, rose, at this point, to retire from the meeting as an expression of her opposition to immediate action.

CONSTITIATION or COSIVENESS

Constipation, although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation. It is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications or diseases arise, so if you would be well, keep your bowels regular.

had allowed his name to be used only on condition that it was in company with a large number of others.

Fictitious Figures.

"Two people told me that they understood that this college was simply a scheme whereby the School Board was to find soft spots for their old employees so as to get rid of them," said Trustee Beckwith. "There has not been any serious objection to the course," Mr. Beckwith asserted that Mr. Woodward had signed two letters which had appeared in the press, one stating that the course would cost \$38,000 and another stating that it would cost \$18,000. This, appeared to him to weaken Mr. Woodward's stand very materially. There was no necessity for a disturbance, declared Mr. Beckwith, and the School Board was in no way trying to act contrary to the wishes of the people. It was simply trying to do its duty. "There is no way by which you can make these figures, on the cost of the course," he said, "the colossal amount represented to the citizens."

Mr. Woodward denied Mr. Beckwith's remarks and that he had misrepresented that the course would be "an old men's home for decrepit teachers."

After the delegation had departed, Mrs. Andrews moved an adjournment and declared as she had done before, that the meeting had been sprung upon her.

All trustees save Mrs. Andrews appeared to agree that the petition presented by Mr. Woodward contained a very few names and some of these, it was declared, had been affixed on account of the false reports about the purpose of the course.

No Plebiscite.

"I agree that there's no need for rushing anything through," Trustee Beckwith observed, "but I'm prepared to take this position—I feel am here to transact the business of the Board and the citizens have decided that the members of this Board are able to transact that business satisfactorily. As for submitting this scheme to a plebiscite or to a series of petitions I don't believe that's good business, and I don't think it's expected. I think as a Board would be shirking our responsibility in listening to any such idea for a moment. I am not trying to rush anything, but I am prepared to stand by the action of the Board in accepting this scheme. It is only fair to the men we appoint to give them plenty of notice and if we delay too long we won't get good men."

Trustee Capt. Aitken Urges Immediate Action.

Trustee Capt. Aitken urged immediate action for procrastination.

Starts Row.

"I am opposed to submitting this plan to a referendum," began Mrs. Spofford starting her verbal dispute with Mrs. Andrews. "If the citizens are not satisfied with the course, let them resign and run on this issue. If anyone should do this it is Mrs. Andrews who has proposed the course. I don't feel called upon to do so. In any case we would not get the vote of all the citizens on a referendum or a public meeting. We should do what a majority of the Board feels is right."

Mrs. Andrews was on her feet in an instant. "I must thank Mrs. Spofford most heartily," she said, "for her suggestion. I have been before the people a second time. She has been only once. Business men have said to me at the last election, 'I plumped for you at the election because you admitted the stand you took last year.' I consider that it is a perfect insult to suggest that because I don't agree with everything she says I should resign."

Corrupt Personalities.

Mrs. Andrews exclaimed warmly that it was time to adjourn when the meeting had sunk to such "contemptible personalities."

After the adjournment as to whether the Board should proceed to appoint a college staff Mrs. Andrews exclaimed, hotly: "Since I have been so grossly insulted this afternoon—if not the first time and I cannot understand why, because I differ with one member of the Board she should insult me. We should not run this thing through. Since they have been dealing in personalities—and I want the press to hear it—members of this Board have said it would be a good thing to appoint certain people to the Board, and I am less damaged there than in their present positions!"

BOLSHEVIKI WANT ARMISTICE WITH THE FINNISH STATE

London, June 15.—The Russian Soviet Government has asked Finland to agree to an immediate armistice, according to information received here.

Paris, June 15.—Announcement that Finland has recognized the independence of the Ukraine is taken in diplomatic circles here to presage a joint move by Finland and Poland toward peace with Soviet Russia. Recognition of the Ukraine by Finland is said to have been one of the conditions stipulated by the Poles as a preliminary to peace negotiations.

"INTOXICATION OF THE INTELLECT" HE SAYS

New York, June 15.—(By Canadian Press).—The widespread effect which the Sinn Fein propaganda has had upon certain sections of the public in the United States is attributed to "Intoxication of the intellect" by Commissioner D. D. Irvine, of the Society for American and British Friendship.

Mr. Irvine, in a statement on the Irish question, declared the Sinn Fein wedge is being hammered in "by the wielders of the mallet of disruption" in an effort to cleave apart the United States and Great Britain.

"Much labor, oratory, advertising and finance is being spent on this ignoble enterprise," he says, "yet with all the brains to direct, agencies to co-operate and gifts to finance the mad effort will be futile."

After likening the movement to "a frothy sea hammering with great display the granite portals of a coast," and predicting that the storm will soon settle down, Mr. Irvine continues:

"It seems essential for the world to get drunk on something. There are mental poisons that set the brain on fire and, in this intoxication of intellect, reason staggers from her throne, logic lies in the stupor of false deductions, and conscience sleeps the sleep of senseless stupidity. Sinn Fein is a dangerous stimulant for the Irish temperament. A few prohibition laws for this mental drunkenness seem essential for the safety of the rest of the world."

"Sinn Fein is doomed! Nature dooms it. It is a cross-over of species born of Home Rule and lawless radicalism. Nature debars perpetuation of this type and the hybrid is barren. Sinn Fein is a kicking mule which will live the allotted span of kindred movements and then die, and in death its name ends. Every kick brings it nearer its end. Let it kick, but keep away from its heels and hold the bridle taut. In the circus of national freaks, Sinn Fein is the trick mule which for a time is holding the attention of the crowd, while clever clowns use the beast for acrobatic antics for financial gains.

"Some movements attract strange followers. Free movements always fascinate brains without breeding and breeding without brains; money without character and character without money. Sinn Fein is no exception. It lures the unthinking, it dupes the thoughtful, it fascinates the bad and deceives the good. But when the awakening comes keep the gangway clear for the rush ashore from the sinking ship. We will see it one of these days! Live awhile and see the fun!"

JAPANESE NOTE TO CHINA ON SHANTUNG

Tokio, June 15.—Japan has sent another Shantung note to China. Taking up China's contention that she is unable to enter negotiations for the return to Shantung because she has not signed the peace treaty, the note, it is understood, points out that China prior to her agreement with Japan had promised to accept any arrangement Japan later made with Germany.

By the peace treaty Japan inherits the German rights in Shantung. Therefore, the note says, although China has not signed the treaty, the only way to accomplish restoration for which Japan is anxious—is through direct negotiations between the Japanese and Chinese Governments. The note expresses willingness to enter discussions at any time China is ready.

POST TOASTIES

certainly make breakfast better these days, and it's easy to understand why after one has eaten a dish of these superior corn flakes.

POST TOASTIES possess a finer flavor and a firmer texture which adds to their appetizing satisfaction.

They do not crumble in the package and do not mush down when cream or milk is added: there is no waste and their satisfying food value makes them ideal for lunch or the morning meal.

But in ordering corn flakes—be sure to secure the best—specify Post Toasties. All grocers sell them.

AN IRON AND STEEL INDUSTRY.

For a quarter of a century the people of British Columbia have regarded an iron and steel industry as the one enterprise that would assure the commercial future of the Province.

Numerous schemes have been submitted to the Government of the Province from time to time; but in the majority of cases to give effect to any of the proposals would have meant the Government's entry into the iron and steel business on its own account.

Because of the urgent demand for a policy, therefore, wholly or partially supported by the public treasury, and aided by all the expert assistance at the command of the Provincial Department of Mines, particular interest attaches to the announcement made by Mr. Henry S. Fleming in The Times yesterday afternoon.

Needless to say Mr. Fleming will find warm support for his plans in the Provincial Department of Mines. In his intimation to the Legislature Mr. Sloan threw out the suggestion that any bona fide proposal for the establishment of the industry would be regarded as an essential stage in the development of the Province and as such would receive Government consideration.

THE LEAGUE AND PERSIA.

Some observers in London are of the opinion that the Bolshevik invasion of Persia raises a problem almost impossible for the Council of the League of Nations to solve. Support to this theory is gathered from the fact that the Council has adopted a definite "hands-off" policy in connection with the Polish offensive.

In the case of Persia, however, extenuating circumstances might be pleaded. The introduction of Sovietism by armed force first at Enzeli and afterwards at other points has disposed of the original excuse announced by Moscow, and has indicated clearly that the capture of Denikine's fleet was made, and is still being made, the pretense for a direct challenge to British influence in the Near East.

The question thus arises, is the Council, whether the League is armed with the requisite authority to make and enforce its decrees or not, going to leave one of its charges to be dealt with by an individual member of this international body, or does it intend to demonstrate its potential usefulness to mankind by a definite intimation to Moscow that Bolshevik soldiers must get out of Persia forthwith?

AND NOW THE DEMOCRATS.

The Republican Party having nominated its candidate for President, public attention will now swing from Chicago to San Francisco where the Democrat convention will open on June 28. This gathering will be approached with about as little certainty as to its outcome as there was in connection with the Republican convention.

very able man. He was an efficient Secretary of the Treasury in the Wilson administration and when the Government took over the railroads he was placed at the head of the vast system.

In the East an attempt is being made to create a boom in favor of John M. Davis, United States Ambassador to Great Britain, whose name, no doubt, will go before the convention.

NAVAL POLICY.

According to the statement of Hon. C. C. Balantyne, Minister of Naval Service, in the House of Commons, yesterday, in August, 1918, the Dominion Premier, after a conference in London, submitted to the British Admiralty a memorandum in reply to one prepared by the Admiralty regarding the naval defence of the Empire.

In this view the Dominion Premier were on absolutely sound ground; in fact, for reasons which should be readily obvious, they were on the only safe ground, and presumably when Lord Jellicoe was sent on his Empire tour to investigate and report upon the question of naval defence, the subject of a single navy under one centralized direction was taken out of his purview in deference to the attitude of the overseas Premiers.

In view of this record, however, it is difficult to understand why there should be another Imperial Conference before Canada can proceed with a permanent naval policy. The basis of that policy was fixed at the 1918 conference when the principle of Dominion navies was agreed upon and recognized by the Admiralty, as it was agreed upon and recognized in 1909.

The Minister also announced that the cruiser, two destroyers and two submarines, offered by the British Government, were accepted and Canada was going to spend \$2,500,000 on naval expenditure this year. This must mean the re-establishment of bases on the two coasts, since the vessels are to be stationed on both the Atlantic and Pacific. We wonder why these bases were demobilized, in view of the imminent need of them.

NOTE AND COMMENT

Irvin Cobb says the only really spontaneous, unrehearsed, authentic and genuine outburst which marked the proceedings of the Republican convention in Chicago was when the name of Herbert Hoover was mentioned. The moral of this is that while neither party machine will have anything to do with Mr. Hoover, both would be paralyzed by the size of the vote that able and distinguished man would poll if he were a candidate for the presidency representing no party.

Premier Oliver's reply to the Mayor in connection with the Munn property would appear to leave settlement of the question entirely in the hands of the owners and the municipal authorities. The judgment of the Court which held that the present administration was not bound by a contract entered into by a member of the Cabinet of its predecessors in office leaves no room for argument in favor of selling the land to the Province under the Taylor-Munn contract.

According to The London Star there is an organized plot to stage an uprising in India during the coming autumn. The India Office declares that its reports do not agree with the startling information conveyed by this well-known evening daily. Whether official advices agree or not the Government must make up its mind that the Bolshevik campaign is intended to include dangerous activities in Persia, Turkestan, Afghanistan and, ultimately, India.

OTHER NEWSPAPERS' VIEWS

A YOUTHFUL HERO

There are new heroes growing up all about us, but their identity is not suspected until a crisis reveals it. A small boy in Toronto was motorcycling with his father and in collision with an auto the boy had both his legs and his arm broken.

EXPLORING FOR OIL WILL BE CONTINUED

Dr. J. A. Dresser Will Take Place of Professor Gwillim This Year

In accordance with the policy announced to the Legislature at the last session the Government's investigation into the petroleum possibilities of the Peace River section will be continued this Summer.

It will be recalled that Professor Gwillim's report referred with considerable promise to the area lying south and west of the Dominion block, and it will be this portion to which this year's examination will be more or less confined.

SAANICH RATEPAYERS DISCUSS EDUCATION

Ward 7 Residents Hold Animated Discussion on Educational "Frills"

A meeting of the Ward VII. Saanich ratepayers called last night in the Trilium School for the purpose of electing a new set of officers. President Huddleston and Secretary Knight having resigned, due to business pressure, lost sight of its main object and finished in an animated discussion on educational "frills."

Mr. Gibson, in the course of an eloquent address, gave an interesting outline of elementary education and its opportunity to start the pupils in the right way, facilitating all further training of the child. His remarks were listened to with appreciation, and he was tendered a very cordial vote of thanks.

Discussion Animated. Reeve Watson, with Councillor Dooley, attended and became valuable contributors to the cause under discussion. Mr. Collins gave an interesting speech on the finer influences, and told how the coming generation could be made to benefit from many of the latest discoveries that are now used merely as amusements, apart from their educational worth.

MEAN IRISH HOME RULE BILL TO PASS

Members of British Government Determined Plan Will Be Carried Out

London, June 15.—The Government's determination to pass the Irish Home Rule Bill was expressed in a long emphatic statement to the House of Commons when discussion of the bill in the committee stage was resumed in the House yesterday. The members were warned that "any suggestion of an intention to abandon the measure is quite illusory."

Some observations were made during consideration of an amendment to the measure moved by Sir Edward Carson and designed to omit the section of the bill giving control of Irish railways to an Irish council. The amendment was defeated by a large majority. A dispatch from Dublin last evening said: "The railwaymen refuse to abandon their strike, although ordered to do so by the National Union of Railwaymen. The strike was an outcome of the men's refusal to handle munition trains."

**SURVEY PROBLEM
WORRIES COUNCIL**

Esquimalt Is Faced With
Fear of Litigation; Water-works Matters

The Esquimalt Council and the Esquimalt Waterworks Company came to a tentative agreement last night over the extension of the pipe line on Grenville Avenue to property above Drake Avenue, in connection with sewer extension that the municipality is carrying out there.

Messrs. Sayward and Halsall, of the water company, met the Council in session and came to an amicable agreement, stating, however, that the call made upon them was unusual, and the last of such that would be entertained. Mr. Kennedy, legal adviser, and Mr. Bourne, engineer, attended to give advice on the extension matters.

A traffic by-law received final reading, and was formally passed and sealed. A by-law to introduce re-survey of the street lines received its first and second readings at last night's session. This by-law is the outcome of considerable deliberation, in which expert advice legal, and from surveyors has been carefully garnered by the Council during the past few months.

It bears on the time-honored issue of alleged incorrect street lines, and the ever present fear of litigation that may arise out of encroachments. Mr. Hutchinson, surveyor, attended last night and explained the work that would be necessary to secure the re-survey of the district. A special survey was stated to be unassailable in the courts, but that could only be secured by a \$20,000 by-law, and permission of the Attorney-General.

Councillor Tribe brought up the matter of inadequate sewer facilities and the necessity of many of the residents in discarding the old septic tank system at once and getting connection with the sewers of the district. Councillor Tribe stated that the Council had been too lenient with the septic tank adherents prior to this, but would have to enforce the regulations. An official will investigate.

**SAYS HER LIFE
WAS IN DANGER**

Mrs. E. H. Peters, After Two Trips to Hospital, Had Lost Hope of Getting Well; Says Tanlac Restored Her

"I honestly believe I owe my life to Tanlac, and I sincerely hope everyone who is troubled like I was will take my advice and give it a trial."

Mrs. Esther Peters, of 749 Strathcona Street, Winnipeg.

"A year ago last fall I had an attack of influenza that kept me in the hospital for three months. During this time I developed pneumonia, and for a while little hope was held out for my recovery. At last they managed to get me home, but a relapse followed, and I had to be carried back to the hospital. This time I didn't think I could pull through. I was flat on my back, unable to move hand or foot. I couldn't even lift anything to my mouth, and had to be fed on liquids entirely. Rheumatism set in and my whole body ached from my head to my feet, and my back hurt so I just couldn't keep from screaming out when I finally got home again. My legs were swollen all the way from my knees to my feet, and I just can't see how I stood the pain. I couldn't get my shoes on at all, and was unable to even walk without holding on to the furniture for support. My legs were swollen and I had to stay with me and do all the housework. A good night's rest was something I could never get for I was so extremely nervous and in such misery I often couldn't close my eyes all night long. My stomach was so upset I could hardly retain a thing I ate, and had to live almost entirely on milk and bread. I was slowly starving to death, and became so thin and weak I was as near a living skeleton as it is possible for anyone to be. I was almost as helpless as a baby, and was so despondent I nearly lost heart."

"I had been reading a lot about Tanlac, and when I saw a statement from a woman who had been suffering like I was, I somehow felt that Tanlac was what I needed. I sent for some. The first two bottles didn't seem to help me much, but I was determined to give it a fair trial and I continued to take it regularly. In a few days I could see a change, and then I began to improve day by day. My appetite returned, and my food seemed to nourish me and give me strength. The pains eased up, the swelling disappeared, and I improved in every way until now I am a perfectly well woman. I want to tell the whole world I thank God for Tanlac. I have gained fifteen pounds, haven't an ache or pain of any kind, and feel as well as ever, as I ever did in my life. I sleep soundly, do my housework all by myself, and am feeling so fine I just can't tell there was ever anything the matter with me at all. Tanlac has been a blessing I will never forget, and my praise and gratitude toward it are unbounded."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Women

Social Personal

The nurses of the 1920 graduating class of the Jubilee Hospital were the guests of Mr. R. S. Day, president of the hospital board of directors, and Mrs. Day, last night at their home on Rockland Avenue. Including the graduates there were about fifty guests present, who entered in to the spirit of the evening's entertainment with zest. Cards and dancing occupied the evening in pleasant fashion. Rev. G. H. Andrews played music for dancing, and Miss Tottie Day also assisted in the entertainment of the guests. The rooms were beautifully decorated for this pleasant little event. Ice cream and supper were served and the festivities ended at midnight, when the nurses accompanied Miss Mackenzie, their superintendent, back to the hospital to be ready for their next round of duty.

Among Canadian Bishops who have already arrived in London for the Lambeth conference are Bishop Scherf, of Victoria, and Mrs. Scherf; Bishop and Mrs. Roper, of Ottawa, formerly of Victoria, and Bishop and Mrs. de Penier, of British Columbia. In London are Randolph Bruce, of Invermere; Campbell Sweeney and Miss Sweeney, of Vancouver; Stanley Macdonald, of Vancouver; Mrs. E. J. Hewlings, Victoria; L. H. Poole, Vancouver; F. W. Boswell and L. W. Sheppard, of Stanley; Mrs. T. F. Renton, Victoria; F. W. Frier, Vancouver, and Mr. and Mrs. H. G. Garrett, Oak Bay, Victoria—Vancouver Province.

Among the prairie visitors who registered at the Dominion Hotel yesterday are, St. Berve and son, and Mrs. Stanley and child of Winnipeg, Mrs. Nelson and daughter of Saskatoon, M. Millard of Calgary, Jas. McLeod and Mrs. McLeod of Olds, Alberta, and Jas. Sivtzer and party of Carberry, Manitoba.

The Margaret Rocks Robertson Chapter, I.O.G.E., has completed arrangements for a garden party to be held at the residence of Mrs. Bowser, Terrace Avenue, on June 19. Mrs. G. M. Curtis Sampson will open the fête for which the usual attractions have been arranged.

Count and Countess of Llovena, of Spain, en route to Japan, where Count Llovena has been appointed military attaché to the Spanish Embassy, are visitors in Vancouver for a few days. Before sailing they will see Seattle, Victoria and other cities.

The wedding will take place at the First Presbyterian Church at 7.30 o'clock this evening of Winnifred Jamieson Moir, daughter of the late Alexander Moir, M.D., and Mrs. Moir, of 417 Vancouver Street, to Edward M. Jones, of this city.

Mrs. J. R. Lee and her daughter, Miss Edna Lee, who have been visiting their friends, Mrs. Hunt, of 2146 Washington Avenue, will leave for Vancouver by this afternoon's boat.

Mr. and Mrs. J. L. Buchanan, who have been spending a week at Cadboro Beach Hotel, visiting Mr. and Mrs. Ure Hummel, have returned to their home in Vancouver.

Mrs. Beaumont Boggs will receive with her daughter-in-law, Mrs. Arthur Boggs on Friday, June 18 at "Maplewood," 1133 Catherine Street, from 2 to 6.

Mrs. J. Harvey, Provincial Recording Secretary of the W. C. T. U., left on Monday to attend the Provincial convention in New Westminster.

The Harbor Marine Shipbuilding Association will hold a dance at the Alexandra ballroom on July 1. Refreshments will be served.

Mr. and Mrs. Roe, of Cobble Hill and Mr. and Mrs. Butterfield, of Saanich, are in the city, and stopping at the Strathcona Hotel.

The Misses Layards and Mrs. Lort, of Ganges, are visiting the city, and are registered at the Strathcona Hotel.

Mr. and Mrs. J. D. Abbott and Mr. and Mrs. A. M. Dibble, of Portland, Oregon, are registered at the Empress Hotel.

Paul E. Baskett and C. Baskett, motored down from Duncan yesterday, and are staying at the Dominion Hotel.

Mrs. Trotter Johnson, of Duncan, and Mrs. Robert Barkley, of Westholme, are registered at the Empress Hotel.

Mr. and Mrs. T. B. Hamilton have gone to Vancouver on a short visit, and are at the Hotel Vancouver.

Mr. and Mrs. Alexander W. Cockburn, of Edinburgh, Scotland, are registered at the Empress Hotel.

Capt. G. Douglas Groves is down from Westholme, and is registered at the Strathcona Hotel.

E. B. Irving is in from South Vender Island, and is a guest of the Dominion Hotel.

Mr. and Mrs. J. G. McDougall, of Halifax, N. S., are registered at the Empress Hotel.

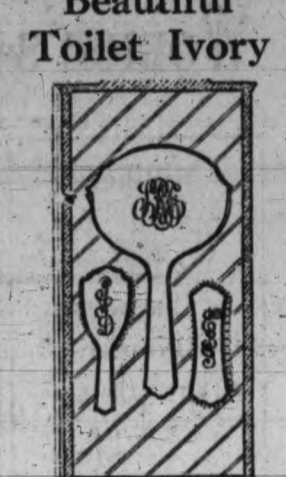

Mr. and Mrs. H. Mackenzie, of Maple Bay, are staying at the Empress Hotel.

Mrs. Marlett is the guest of her daughter, Miss Mary Marlett, in Vancouver.

Miss Marjorie Broley left for the East to-day for the summer holidays.

Henry Gooderham, of Toronto, is a visitor in the city for a short holiday.

RED CROSS CARRIES ON GOOD WORK

Fills Needs of Hospitals and Sends Automobiles For Convalescents

Mrs. Harold Fleming made a short visit to Merville Soldier Settlement last week, and on her return states that she finds Miss Grant, the public health nurse there doing a splendid work. Plans for a hospital are being left in abeyance for the time being, as the public health centre fills to a great extent the everyday needs of the community.

"We are supplying all the needs of the military hospitals," Mrs. Fleming stated to a Times representative, "that is to say of course, in the way of anything they ask us for which is supplied through military channels, and the list contained in the monthly reports shows exactly just what we are sending to the hospitals."

The Red Cross sends that the convalescents get motor drives and even Monday cars are sent to Esquimalt Hospital. On May 24 a tally-ho was sent to Craigdarroch and Esquimalt. Stages are being taken to form junior branches of the society in the schools, and this entails a great amount of organization work.

The Red Cross assisted the Victoria Order of Nurses to furnish their new home, and also supports the order in other ways. At the May meeting the Red Cross Society endorsed the Jewish Relief Mission. The last two reports of the Red Cross Society shows the following articles had been supplied to the military hospitals:

Pyjamas, 56 suits; underwear, 48 suits; shirts, 25; socks, 112; pairs; dressing gowns, 9; sweaters, 37; triangular bandages, 96; abdominal bandages, 6; many tailed binders, 60; T. binders, 72; face cloths, 43; factory coats, 30; yards; gauze, 200 yards; buttons, 24 dozen; tape, 24 yards; thread, 32 spools; tooth brushes, 24; tooth soap, 48; shaving soap, 48; shaving brushes, 5; toilet soap, 6; walking sticks, 6; playing cards, 26 packages; pipes, 9; balize for card tables, 4 square yards; glue, 1 tube; shellac, 1 gallon.

Sport goods: supplied to Craigdarroch—Billiard tips, 25; tennis rackets, 8; tennis balls, 12; tennis nets and posts complete, 2; billiard cues, 6; pocket balls, 19; croquet set, 1; golf balls, 12; snooker balls, 4.

Sports goods supplied to Esquimalt—Tennis rackets, 4; tennis balls, 12; tennis rackets repaired, 2; tennis balls, 12; Spark plug, 1; spark coil, 1; hot shot battery, 1; insulated wire, 2 feet (for Red Cross launch); Golf balls, 12; billiard tips, 50.

CHAPTER TO HELP AT GARDEN PARTY

Mrs. H. L. Smith presided at the monthly meeting of the Sir Matthew Baile Chapter, I.O.G.E., held yesterday afternoon at headquarters. A gratifying report of the Chapter's tea held at the home of Mrs. Boyd was received.

The Misses Helen Boyd, Marjory Pottinger, Muriel Corry, Kathleen Boyd and Sara Grover consented to assist in serving tea at the garden party to be given on Saturday by the Margaret Rocks Robertson Chapter at the home of Mrs. W. J. Bowser, Terrace Avenue, and it was decided that the Chapter members should also attend the party to be held at the Protestant Orphanage and take a donation from the Chapter. The meeting adjourned until September.

MINISTER ADVISES JUNE BRIDEGROOMS

There will be happiness in the home when the wife is the advising partner, when she is interested in her husband's gain or losses when she knows everything. There may be some things that a man does not wish to tell his wife to then he is on the road to bankruptcy and dishonor, said Rev. A. E. Cooke, of the chapter members should also attend the party to be held at the Protestant Orphanage and take a donation from the Chapter. The meeting adjourned until September.

KEEP THE MICE AWAY.

Mice are not fond of the scent of camphor. In fact, so distasteful is it to them that they will leave its vicinity. Therefore, it is a good plan to scatter pieces of camphor in bureau drawers, cupboards and such places where they are apt to frequent.

The Only Dessert of This Kind

There are numerous forms of quick-relating desserts. But Jiffy-Jell is the only one with the real-fruit flavors sealed in glass.

They crush the fruit, condense the juice and seal it. A bottle of the liquid fruit essence comes in each package of Jiffy-Jell. In a moment's time you can prepare a delicious fruit dessert.

Sugar is used in Jiffy-Jell—not saccharine. And real-fruit flavors in-place of artificial. It will give you a new conception of these delightful delicacies.

WOMEN WANT CURFEW LAWS PUT IN FORCE

Local Council Disappointed in City Authorities; Wants Referendum

The enforcement of the Curfew Law, discussion of resolutions forwarded by the National Council, and the possibility of a referendum on the subjects of debate at the monthly meeting of the Local Council of Women held in the Union Bank Building yesterday afternoon, Miss Crease presiding.

Miss Wark reported in connection with the curfew law, and stated that the City Council had given a delegation from the Local Council assurance that the law would be enforced. It was the general opinion of the meeting that so far nothing had been accomplished in the way of effectively enforcing the curfew, and the council will not relax its efforts.

That the public had a right on principle to have a referendum on the agreement between the B. C. Electric Railway and the City Council was the contention of Mrs. Johnston, speaking to a resolution as to whether the council should ask for a referendum. Many questions were asked in connection with this matter, and it was unanimously decided that the council should ask the city for a referendum on the proposed agreement.

Dress Reform.

Mrs. Hirschmer reported for the committee on dress reform, and said that the suggestion of a uniform for High School students had been made. Mrs. Graves, while strongly in favor of dress-reform, thought that no one could dictate what people should wear, and suggested that the matter be put to the debating societies of the High School for the students to decide for themselves. Mrs. Hirschmer added that the Parent-Teachers' Association might be induced to take an interest as it was a matter for the parents as well as the pupils to decide. One speaker said that as the mother of three High School girls she thought there was nothing better than a uniform.

Citizenship.

The resolution from the National Council calling for the formation of committees to encourage citizenship was left in the hands of the citizenship committee of which Mrs. Johnston was appointed convener.

A resolution proposing the formation of committees to encourage women with a view to the promotion of Canadianization was voted to be turned over to the Canadian Clubs. The motive of the resolution was to organize more fully for the education and nationalization of aliens in Canada. A resolution calling for the establishment of national reading circles and unions was endorsed. A resolution concerning deportation was left to the laws committee to consider.

The convener of the educational committee, Miss Cann, was asked to take over for consideration the resolution dealing with a proposal to request the educational departments of the provinces where there is a shortage of teachers to engage the services of British trained teachers.

An interesting resolution from the National Council suggested the formation of a Canadian Bureau of Information for women. It was explained that in order to obtain information on the legal status of women in any province or country it was necessary to go to the centres of that province or country, while if there was a Canadian Bureau of Information much time would be saved. This resolution was endorsed.

Mrs. M. J. Roberts was admitted as an individual member. The collection taken for the Jewish Relief Mission amounted to \$129. Votes of sympathy were passed to Mrs. James Dunsmuir, for many years a patroness of the Local Council, to Miss de Wolfe, secretary of the Y. W. C. A., and Mr. Grice and family in their recent bereavements. The late Mrs. Grice was a valued Local Council member.

At the conclusion of the afternoon's business the council adjourned for the summer vacation.

DENT GLOVE COMPANY ORGANIZED IN CANADA

Last month's list of new chapters of incorporation granted at Ottawa includes that of Dent's Allright & Co. (Canada), Limited, makers of the famous Dent's Gloves.

The new company whose headquarters are in Montreal has an authorized capital of \$1,500,000 of which it is stated a million of fully paid stock has been issued.

Mr. H. P. Pearce, who was associated with the Vendors for the past twenty-five years is President of the Company which will also control the stock of the Colonial Glove Co., Limited, operating two factories in Quebec.

The original Dent Glove Company was recently incorporated in London, the shares offered for public subscription being very largely oversubscribed.

Canada is the first country to have a separate Dent's Incorporation.

FETE AT "GRACE MANOR."
The Ladies of the Aitar Society of St. Andrew's Cathedral will give their annual garden party at "Grace Manor," The Uphams, the home of Capt. and Mrs. McDermott, tomorrow afternoon. The Uphams is looking its best just now, and the lovely home of Capt. and Mrs. McDermott will make a charming spot for the event. There will be tea for the visitors from 2 o'clock in the afternoon until 8 in the evening, as well as all the usual refreshments, and ice cream. There will be plenty of amusements, and many pretty booths of fancy and practical needlework, and novelties. Lawn games of all kinds will be provided so that there will be no lack of entertainment. Automobiles will meet the street cars so that no one will have a difficulty in reaching the scene of the festivities.

Continued Street Car Service Necessitates More Street Car Revenue

STREET car rides, like every other commodity, must be paid for by someone. They cannot continuously be given for less than cost.

In common with every other business, the street railway in Victoria must have increased revenue to offset increased expenses.

In fairness to the public and in order that fares should be kept down to the minimum, not one but ALL POSSIBLE means of increasing revenue and saving needless expense must be utilized.

First, unfair competition must be eliminated and revenue at present diverted from the street car company made to bear its share of the cost of service.

Second, street railway fares must be raised so as to pay the fair cost of street car service, which has increased enormously in cost.

Third, every possible expense, consistent with good service, must be saved the street railway in order to keep the fare to the car rider down to the minimum and make service possible.

The principle on which we operate is: The best possible service at the lowest possible cost.

We bespeak the co-operation of the people of Victoria not only in keeping continued street car service possible, but in maintaining their transportation in a progressive, prosperous condition.

B.C. Electric Railway Co., Ltd.

Admiral Line After Oriental Business

Passenger Ships to Be Operated Out of Seattle to the Far East May Touch at Victoria; Five Boats Assigned to Company.

The first shot in the battle to be waged by the Pacific Steamship Company to secure its share of the vast trans-Pacific passenger movement has been fired by E. G. McMicken, general passenger agent of the line, with the announcement of the creation of an advertising department under the management of H. J. Ryan, one of the best known transportation men of the Northwest.

In discussing the plan of his company, Mr. McMicken, who is working under the direction of A. F. Haines, vice-president and general manager, says: "The trans-Pacific passenger movement is constantly increasing and we are determined to reap a good share of the harvest of this business."

Early Next Year.
The arrival of the fleet of United States Shipping Board liners, which the Admiral Line will operate in the Oriental service, is expected early next year. It is said that the Pacific Steamship Company plans to include Victoria as a port of call when it inaugurates its passenger service to the Orient out of Seattle.

The United States Shipping Board, in announcing that five of the big ships had been allocated to the Pacific Steamship Company for operation out of Seattle, gave reason to expect that the first of these big passenger carriers, the *Wenatchee*, would arrive from the Atlantic in September of next year.

The delay in completion of the liners is said to be due to the fact that the shipbuilders have been obliged to suspend work several times because of changes of plans affecting passenger accommodations. The liners were first designed as transporters, then altered to serve as hospital ships and finally converted into commercial freight and passenger carriers.

Ten of the steamships will operate between the Pacific coast and the Orient. The Pacific Steamship Company will operate five out of Seattle and the Pacific Mail Steamship Company will have an equal number out of San Francisco.

Two Types.
The new passenger liners are of two types—the larger 535 feet in length and the smaller 520 feet in length. The former, which will ply in Pacific waters, will have a potential speed of eighteen knots and a deadweight capacity of 15,000 tons. Three yards are engaged in the construction of the 535-foot liners. The New York Shipbuilding Corporation at Camden, N. J., has an order for nine; the Newport News Drydock & Shipbuilding Company is building two and the Sparrow Point yard of the Bethlehem Shipbuilding Corporation is engaged in the construction of eight.

CAPT. INKSTER WAS POPULAR WITH MEN
Prior to his departure for England, Captain James Inkster, who this morning relinquished the command of the Blue Funnel liner *Ision* to Captain R. N. Hodgson, was tendered a banquet at Vancouver by his deck and engine-room officers.

MAKURA IS BOUND HERE FROM AUCKLAND

The Canadian-Australasian liner *Makura*, Capt. R. Crawford, sailed from Auckland June 9 for Victoria and Vancouver. She is expected here June 25.
The liner *Tahiti*, Capt. Todd, which is replacing the *Makura* for the three trips in the Vancouver-Victoria-Auckland-Sydney service, is scheduled to leave port tomorrow for Australia.
She will take out 250 passengers and a full cargo.
Following arrival here the *Makura* will go to San Francisco to be converted into an oil burner.

NATIONAL TRAIN ON FAST SCHEDULE

Inauguration of New Daily From Winnipeg to Vancouver via Edmonton

As the first tangible evidence resulting from the closer consolidation of Government-controlled lines in Western Canada, the Grand Trunk Pacific and Canadian National Railways make the announcement that commencing on June 27, train service between Winnipeg and Vancouver will be materially improved by the inauguration of a new through, fast, limited, daily train which will leave Winnipeg at 10.25 p.m., arriving at Saskatoon 12.10 p.m., Edmonton 1.30 p.m., and Vancouver 8 a.m., returning, leave Vancouver 8 p.m., Edmonton 8 a.m., Saskatoon 7.10 p.m., and Winnipeg 11 a.m.

In line with the National ownership and the importance of these trunk operating in this service, these two trains will be known both east and westward as "National". The equipment in addition to the usual mail, baggage and express cars will consist of colonist cars, first class coaches, tourist cars and compartment-observation cars. The passenger equipment is of the finest and ever facility has been provided to furnish the highest degree of comfort to the patrons of these trains.

A very desirable feature of this service is that trains will operate over the most desirable routes, namely, Grand Trunk Pacific Railways between Winnipeg and Edmonton thence Canadian National Railways between Edmonton and Vancouver. The necessity of establishing such a service has been demonstrated owing to the ever-increasing popularity of the route covered by these two lines and the schedule has been so arranged that stops are made at only the more important points, for the purpose of best serving the hurried business man who desires to make a transcontinental trip in the shortest possible time and also enjoys the scenic and pleasure-shed of an opportunity to visit the Pacific Coast, or westerners to visit Eastern business centres and resorts and return within the usual vacation time.

The desire of the management of these railways is to provide service that will appeal to all classes, and accommodations has been provided, and in addition thereto this service will afford patrons of these trains an opportunity to see the development in Western Canada, not only from an agricultural but also from a scenic standpoint.

Connections will be made at Winnipeg and from the East.

MARY PICKFORD AND DOUG FAIRBANKS ARE NOW AFLOAT

With Mary Pickford and Douglas Fairbanks prominent among a notable list of passengers the Red Star liner *Lapland* sailed from New York June 12 for Southampton. The *Lapland* carries 350 first, 292 second and 1,290 third class passengers. Among those aboard were: Colonel House, Douglas Fairbanks, Mary Pickford, Justice Brandeis, Sir William Wiseman, Doctor Simon Flexner, Mr. and Mrs. Nathan Straus, Sir Herbert Rowell, Rev. William Webb, Bishop of Wisconsin, Rev. John McCormick, Bishop of Michigan, Rev. Thomas, Bishop of Wyoming, Judge and Mrs. Julius Maxson, Sir Sibson, Shakespeare, Mr. and Mrs. J. M. Hecksher, Mr. and Mrs. J. A. Cheek and Sir Westcott Abel.

The power schooner *Lady Mine*, which was taken North from Victoria by Captain W. H. Smith, her owner and master, has completed her first round trip from Prince Rupert to Stewart or to the Queen Charlotte Islands. It is possible that the vessel may be fitted for the halibut fishing trade.

C.P.O.S. LINER IS HERE FROM ORIENT

Passing in at the Cape at 11 o'clock the C.P.O.S. liner *Empress of Japan*, Capt. W. Dixon Hopcraft, R.N.R., reached quarantine about 3 o'clock this afternoon after a twelve-day run from Yokohama. The liner has a full cabin list, including a number of passengers for Victoria.

RUSH OF TRAVEL INTO THE YUKON

Heavy Reservation For Excursion Over White Pass & Yukon Route

"We expect the coming season to eclipse the record season of 1916," said Eddie Farr, district agent of the White Pass & Yukon Route, with headquarters at Vancouver, today in discussing the prospects of travel this summer into the interior of the Yukon Territory and Alaska. "All steamer space between Seattle and Vancouver to Skagway and other northern ports has been booked up to the latter part of August, and for the trip to Atlin Lake alone we have one thousand reservations. Mr. Farr told *The Times* representative. There is still a little space available for the early part of the season on the river boats between Whitehorse, Dawson and Fairbanks, but on the Atlin division practically all accommodation has been sold up to August 1.

Fleet in Commission.
The entire river fleet of the White Pass & Yukon Route is now in operation, according to Mr. Farr. On the Atlin division the steamer *Tutshi* is running from Carcross to Taku Landing, Tagish Lake, where transfer is made to the Atlin tramway, covering a distance of two and a half miles to Scotia Bay. At Scotia Bay transfer is made to the motor vessel *Farahus*, which carries the tourist across Atlin Lake to Atlin, where the famous Atlin Inn is now open. Other services operated by the White Pass & Yukon Route by well-equipped river steamers are from Whitehorse to Dawson; Stewart River to Mayo, which is expected to develop into one of the biggest silver mining camps in the North; from Dawson to Tanana; Tanana to Fairbanks; the long stretch on the Lower Yukon river to St. Michaels; from Holy Cross up the Iditarod River to Dikeman, and from the mouth of the Koyukuk River up the main Yukon to Beulavik.

Midnight Excursion.
The "Midnight Excursion" numbering over one hundred tourists, which sailed north on the *Princess Alice*, is due at Fort Yukon (the Arctic Circle), June 21, the longest-day of the year.
The steamer *Nautilus*, sunk in the Stewart River, Mr. Farr states, is lying in nine feet of water, but will probably be salvaged. The *Nautilus* was caught in the ice last fall.

NOTICE TO MARINERS

Mariners are advised that the day beacon on Enterprise Reef off the Western Entrance to the Southern approach of Active Pass, B.C., is being torn down preparatory to being rebuilt, and that there will be no aid to mark this Reef for about two days, approximately the 16th and 17th instants. The new beacon will be completed on or about the 19th instants.
Owing to sweeping operations being carried out by the United States Navy—Vancouver Harbor—Burrard Inlet, by the Canadian Department of Hydrographic Survey, vessels are cautioned to be particularly careful in the vicinity of the sweep, and also to reduce speed in order not to swamp the boats engaged upon this work, which being attached to the sweep are unable to keep up the way of passing vessels.

LIPTON'S ARMADA GETS READY FOR GREAT RACE

City Island, N.Y., June 15.—Plans were completed last night to launch a high water polo race to-day. The challenger for the America's Cup, the green racer has been on the way since Friday, having her underbody polished and grooved preparatory to her trial races with the 23-metre *Shamrock*.

The trial horse has been in the water since Friday and is fagged except for her Marconi tomat, but has not been tried out under sail.
Plans call for the entire "Lipton navy" to leave here Wednesday morning for Sandy Hook. Sir Thomas will lead the fleet in his recently chartered steam yacht *Victoria*. The challenger and the trial horse will be towed by the tug Governor Smith, which has been painted green to correspond with the colors of the other Lipton craft. The houseboat Killarney will also be towed to the Hook and the other craft will go down under their own power.

SCHOONER LADY MINE MAY FISH HALIBUT

The power schooner *Lady Mine*, which was taken North from Victoria by Captain W. H. Smith, her owner and master, has completed her first round trip from Prince Rupert to Stewart or to the Queen Charlotte Islands. It is possible that the vessel may be fitted for the halibut fishing trade.

COMES FOR BUNKERS.

The Japanese freighter *Shimpo Maru*, from the Atlantic via the Panama Canal for the Orient, passed up to Nanaimo about 2 o'clock this afternoon for bunkers.

SAYS FISHING BY TRAPS DIABOLICAL

Col. Cy. Peck, V.C., Discusses Depletion of B. C. Salmon Fisheries
Ottawa, June 15.—In discussing the fishing estimates in the House last night, Col. C. W. Peck, Skeena, drew attention to the great importance of the British Columbia salmon fisheries. The Fraser River fisheries, formerly of such great importance, had, he said, become seriously depleted by United States fishermen, who had built traps and had caught the fish on the way to the spawning grounds up the river. In addition to this "diabolical method of fishing," Mackenzie & Mann, when putting through their railroad, had blasted a huge piece of rock into the Fraser River canyon. That, said Col. Peck, had proved the last straw in the process which had depleted and almost destroyed the fisheries of the Fraser.

Ottawa, June 15.—In discussing the fishing estimates in the House last night, Col. C. W. Peck, Skeena, drew attention to the great importance of the British Columbia salmon fisheries. The Fraser River fisheries, formerly of such great importance, had, he said, become seriously depleted by United States fishermen, who had built traps and had caught the fish on the way to the spawning grounds up the river. In addition to this "diabolical method of fishing," Mackenzie & Mann, when putting through their railroad, had blasted a huge piece of rock into the Fraser River canyon. That, said Col. Peck, had proved the last straw in the process which had depleted and almost destroyed the fisheries of the Fraser.

EURYDAMAS BRINGING SUGAR FROM CUBA

Blue Funnel Ship Sailed From Glasgow June 10 For British Columbia.
Word has been received by Doolittle & Co., Blue Funnel agents, of the departure of the British steamship *Eurydamas* from Glasgow, June 10, for San Francisco, Victoria and Vancouver.
She is expected out here toward the latter part of July. After crossing the Atlantic the *Eurydamas* will go to Cuba, probably Santiago, to load 7,000 tons of raw sugar for the B. C. Sugar Refinery at Vancouver. The sugar shipment to be loaded by the *Eurydamas* is one of the largest ever booked in the West Indies for British Columbia and from present indications will be followed by other large consignments.
The *Eurydamas* is making her second voyage from the United Kingdom to British Columbia in the service of the Blue Funnel Line since the termination of the war.
Since she was last out here the freighter has been given an extensive overhauling.

BRIEF LOCALS Bakers At Royal City Back—News was received at one of the bakeries in this city this morning that the striking bakers at New Westminster had returned to work. To Take Up Cemetery Question—The City Council decided last night to instruct Mayor Porter to appoint a special committee to consider immediately the question of securing a new cemetery site. Missionary Meeting—There will be a special missionary meeting in the lecture room of St. Andrew's Church on Wednesday evening at 8 o'clock when C. R. McGillivray, M. A., will give an address on 'The Missionary Enterprise'. To Show Costumes—Pupils of private schools, music students, and others who are invited to attend the lecture in the High School auditorium on Thursday night by Carveth Wells, the explorer, are assured a rare entertainment. Mr. Wells will show his wonderful collection of Malay costumes. Nanaimo Typographical Union—The annual meeting of Nanaimo Typographical Union 377 was held Sunday at Duncan and the following officers elected: President, James Begg; vice-president, Robert Stewart; secretary-treasurer, L. C. Gilbert; sergeant-at-arms, S. J. Fryer; executive, R. Stewart (chairman), L. C. Gilbert, Whitlington (Duncan), and Jones (Cumberland); auditors, A. E. Filmer and S. J. Fryer. To Speak Here—Dr. W. P. White, Director of the Moody Bible Institute at Chicago, who is now on a western tour, accompanied by Dr. Riley of Minneapolis, and Dr. A. C. Dixon of London, England, has reached Seattle. Dr. White plans to come to Victoria on June 25, and will speak at the First Presbyterian Church that evening. Rev. J. G. Inkster was so notified today. Dr. White is an eminent divine, and will draw a large audience. Prohibition Party To Meet—R. E. Collis has called a meeting of the prohibition forces of Ward 7, Saanich, to organize at a meeting to be held in the Presbyterian Church at the corner of Tillium and Walker Streets, Friday, 8 p.m. Mr. Chaves, organizing secretary of the prohibitionists in Saanich, will be on hand to conduct the meeting, while prominent speakers from the city are to be invited to address the assembly. Calico and Shirt Dance—Victoria Lodge No. 1, A. O. U. W., will hold one of its regular series of dances on Wednesday evening in the Knights of Columbus Hall, Fort Street, commencing at 9 o'clock. This function will take the form of a calico and shirt dance, and all those attending are expected to conform to this style of dress. Mrs. Ridgard's orchestra will be in attendance. Refreshments will be served. Wedded at Prince Rupert—The wedding took place quietly at St. Andrew's Anglican Church, Prince Rupert, on June 2, Miss Constance Lee, of Victoria, to Leslie Gault. The ceremony was performed in the presence of a few friends by the Rev. Canon G. A. Hix. The bride was given away by J. A. Hinton, formerly of Victoria. Mr. Gault has been in Prince Rupert for some time, coming originally from the Isle of Wight, England. The honeymoon was spent at Lakelse, on the G. T. P. Upon their return they will take up their residence in Prince Rupert. Mr. Gault being connected with the P. & R. Supply Company. Mrs. Gault is a sister of Mrs. L. S. V. York, of this city. Life Underwriters Meet—Preceded by the usual luncheon at the Dominion Hotel, the Victoria and Island Life Underwriters' Association held its monthly meeting yesterday shortly after noon, revision of constitution and by-laws forming the main points of the agenda. Nomination for officers at the annual meeting were put in the hands of the secretary and four new members were received into the association, being F. J. Marshall, L. G. Taylor, G. H. Swain, and B. Ackland. Those present were Messrs. Kilner, McGregor, Johnston, Warnicker, A. E. Wilson, Ferguson, a Mariner, Murphy, Hudson, Peden, Fleming, McLaughlin, Aitken, J. C. Wilson, Warren, Sims, Foxall and Bell. Impressed With Gathering—That the convention of Oddfellows just concluded was a notable one from the point of attendance was stated to the Nelson News by Grand Secretary Fred Davey, of Victoria, before leaving for home. Usually, Mr. Davey said, it took figuring to secure the hundred delegates with standard certificates necessary for a special rate, but at this convention he had signed 211 certificates. He stated the Patriarchs' Militant has a larger muster than they would have had in Vancouver or Victoria. He characterized the gathering as notably successful and one of the largest in the 46 years of history of the British Columbia grand lodge.

Young People's Society.—The Young People's Society of Emmanuel Baptist Church held their regular meeting last night. D. L. MacLaurin, Principal of the Normal School, gave a very interesting address on Henry Van Dyke and his works. During the evening solos were rendered by Miss Doris Clapham and Miss Osborne Jones. Farewell Party.—A very enjoyable evening was spent at the home of Mr. Sharp, 134 St. Andrews Street, for a farewell party to Miss Ross Sharp. Among those who were present were: Frank Gregory, Leon Conyers, Cyril Gladson, George Murray, Clarence Mount, Cecil Ross, Fred Richards, Duncan McDonald, Herbert Mercer, Hugo Crulckshank, Misses Cook, Marjorie Bell, Winona Ross, Margaret Knowles, Gladys Knowles, Inez Vey, and Margaret Sturrock. The enjoyable party did not break until the early hours of the morning. Plan—Victoria Calendar.—J. G. Thomson, of the Victoria and Island Development Association, has just received a series of eight beautiful colored pages, all of Victoria, points which he states will be incorporated by the Association into an All-Victoria calendar that will be unique in design and attractively put out. At a meeting of the publicity committee of that organization held yesterday it was decided to go ahead with the design and it was hoped that the business section of the city would see its way clear to undertake the use of the calendar in their private business. It is felt that the calendar is a unique and thoroughly representative of this city.

WAR DECLARED ON THE ONE BIG UNION GROUP Building Trades Branch of Labor Federation Will Open Campaign Montreal, June 15.—The American Federation of Labor in its annual convention here to-day, unanimously pledged its support to the striking coastwise longshoremen on the Atlantic and Gulf Coast in their fight for recognition and against the policy of the open shop. O. A. Anderson, of New York, representing the coastwise longshoremen, asked the support of the Federation, declared that the steamship companies are refusing to arbitrate and compromise the issue and are employing strike-breakers. The speaker told of alleged conditions at Galveston, Texas, declaring that the martial law edict there was unnecessary and an attempt to "break" the strike. The convention was thrown into a tumult when Thomas Sweeney, of Chicago, charged that the committees had a motive in holding back the business of the convention in failing to report and would "probably attempt to run things down the throat of delegates on the last day." When President Samuel Gompers had restored order, he replied to the charges by declaring that the attempt to "impugn the integrity" of the committees was unjust. He said the delegates then by an overwhelming vote defeated a motion to appoint a committee to get a report on the activities of the various committees now in the hands of the important proposals before the convention. The convention adjourned until 2:30 o'clock. The building trades organizations of the Federation at a meeting here to-day declared war on the One Big Union of Canada. They decided to send representatives from each of the 26 international unions of the building trades department into Winnipeg, to open the campaign. The One Big Union movement in Vancouver, Montreal, and other cities will also be fought by similar methods. Officials of the building trades union said that had been decided, to revoke charters of all local unions that fail to oust One Big Union members. New locals will be formed wherever a charter is withdrawn. At the One Big Union has "made much progress" in the United States, it was stated, little attention will be given the situation there at the present time.

BRITISH BLACK SEA FORCES INACTIVE London, June 15.—The First Lord of the Admiralty, Right Hon. Walter Hume Long, stated in the House of Commons yesterday that the British command in the Black Sea has been instructed not to assist in either offensive or defensive operations. The Prime Minister again denied that the British had assisted General Wrangel's attack.

GOOD PROGRESS ON NORTHERN CREAMERY Experiment of Department of Agriculture Ready to Begin Vanderhoof, B.C., June 14.—In a few days the new Northern Creamery, established Nechako Valley Co-operative Creamery will commence receiving shipments of milk and cream at Vanderhoof. It has taken a number of weeks to get the plant in operation as the equipment is the best that can be procured for an institution of its size and scope. The establishment of the creamery speaks well for the progressive spirit of the farmers of the district who will by contract take over the plant next year. This creamery is the only one between Edmonton and Prince Rupert that its field for cream supply is very large. The district surrounding Vanderhoof a conservative estimate has placed the number of cows at four hundred. Farmers along the line will be invited to send their produce here. Eggs will be handled from the same point. Shipping facilities to cream will be manufactured and it is expected that Prince Rupert will be one of the largest consumers in this line. Various Apparatus.—The motive power is furnished by a gasoline engine, but a boiler has also been installed for the pasteurization of the cream. The rest of the equipment includes a cream separator, a capacity, and a pasteurizer of the Acme type capable of handling 500 gallons. Amongst the other smaller fixtures are the turbine tester, the acid tester, the butter moisture tester and the cream test separator. This equipment is new, and is of the latest type. Mr. Valentine is the representative of the agricultural department of the Provincial Government here and he is very pleased with the bright prospects of the creamery. Later in the continuous running, especially if the farmers take up the matter of ensilage as widely as is anticipated.

COLLISHAW ON WAY TO COAST Famous Aviator Speaks in Winnipeg of Conditions in Russia in Russia Vancouver, June 15.—The Province to-day publishes the following story from Winnipeg: "The only law and order maintained in South Russia was maintained by flight commanders of the R. A. C.," said Lieut. Colonel Ray-Collishaw, D. S. O., D. F. C., in an interview. "Our front extended over 3,000 miles and the flights were 500 miles apart, with no communication." Lieut. Colonel Collishaw, who is spending a few days in Winnipeg, the guest of Hon. Robert Rogers, on his way to his home on the Pacific Coast. He will remain there for a month before proceeding on duty to India, where he will be attached to the Royal Air Force. "We had some wonderful experiences with General Denikin," continued Lieut. Colonel Collishaw. "We were the only British working with the Russian volunteer army in South Russia. We advanced 800 miles with Denikin's army. We were forced to retreat into the sea. We were on trains for a whole year. We had thousands of women and children to be safeguarded from Bolsheviks in our retreat. "We had the pleasure of destroying thirty-seven German and Bolshevik aeroplanes. "The immediate reason for the failure of the Denikin advance was the meeting of the country, occupied by Bolshevik civilians, causing these civilians to turn against their deliverers. The whole country turned a life of crime. We were forced to retreat into the sea. We were on trains for a whole year. We had thousands of women and children to be safeguarded from Bolsheviks in our retreat. Lieut. Colonel Collishaw has had a marvelous record. He was one of the first Canadians who left Canada to join the Royal Naval Air Service. He flew in every sector in France, at one time being officer commanding the 203rd Squadron. In addition to the D.S.O., D.F.C. and D. F. C., he has won four Russian decorations during his campaign in Russia—the Orders of St. Stanislaus, St. Anne, St. George and St. Vladimir. The Aero Club of Manitoba entertained Lieut. Colonel Collishaw at luncheon to-day.

SALES TAX LIKELY TO PROVOKE CRITICISM Lively Discussion on This Point in House of Commons Is Expected Ottawa, June 15.—When the resolution to amend the luxury and sales taxes comes before the House there is likely to be some considerable criticism of a provision to which practically no attention has so far been paid. The provision deals particularly with the one per cent. sales tax. Under the original resolution as submitted in the budget speech, the sales tax was one per cent., payable by manufacturer or wholesaler. Protests were made by jobbers to the Department of Finance that goods sold by the manufacturer to the retailer would be taxed one per cent. while, if the goods were sold to a jobber and by him to a retailer, the manufacturer's jobber would each have to pay one per cent., or two per cent. on the goods in all. Under the amendment, goods sold by the manufacturer directly to the retailer or consumer will now be taxed two per cent. Critic of the amendment claim that it is a recognition of the middleman.

GALILEO'S HOUSE A NATIONAL MEMORIAL Rome, June 15.—A movement has been started to make the house at Arcetri, called "Jewel," where Galileo lived from 1612 to 1642 a national monument and to collect there all Galileo relics. While Galileo lived at Arcetri he was called to Rome to answer a charge of heresy before the Inquisition. On his return he witnessed the death of his daughter who was a nun. In this particular house he dictated "dialogue of two sciences" which he considered was his masterpiece. It was there also that he received the poet Milton and was presented by Holland with a golden chain in acknowledgment of his services to science.

LAFOLLETTE MAY LEAD PROSPECTIVE BOLTERS Chicago, June 15.—Senator Robert M. LaFollette is leading in the referendum vote being taken among members of the committee of 48, as a suitable candidate for the presidential nomination, according to statements at the party headquarters. Leaders said they are figuring upon the support of the LaFollette Republican farmers, labor and Non-Partisan League membership. They do not anticipate that Johnson or Borah will bolt the Republican party, they said.

THIN, FRAIL FOLKS NEED PHOSPHATE Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force. Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and wangles by the sturdy, healthy lines of a well-developed body, there are evidently many men and women who are suffering from this excessive thinness. Thinness and weakness are often due to nervous starvation. Our bodies need their phosphorus. Phosphorus is the element in modern medicine which has done more to help us than any other. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. It is the element which makes the difference between a weak and a strong man. It is the element which makes the difference between a thin and a fleshy man. It is the element which makes the difference between a frail and a sturdy man. It is the element which makes the difference between a nervous and a calm man. Capitals Fall Into Line And Kick Around Giants

Victoria Had Little Trouble Beating Seattle Last Evening; Wee Tom Kelly Had His Big Curves Working Well; Reid Did Not Last Three Innings.

Victoria, 10; Seattle, 2.

It seemed a shame, but as everybody else in the league had been kicking the Giants all over the diamond this season there was no reason why the Capitals should have allowed their sympathy to get the best of their actions last night and lend a helping hand to the tail-enders, who are hopelessly lost in the darkness of the cellar. Seattle is like a poor hound which nobody loves except for the sport they get out of tying a tin can to its tail. About all the Giants have done in the league this season has been to fatten the standing of the four teams, and now the fifth team, Victoria, is praying that the rain will keep off during the hours the games are scheduled, so that they may win seven straight and jump into the lead in the league.

The Giants might use the old alibi that the rain was crossed yesterday on the Sol Duc and as they pranced about the diamond they thought it was heavy much the same as the deck of the little packet. But even at that the Giants failed to impress one as a very formidable obstacle. They have a bunch of youngsters who need to be carefully handled. Boshlan and Hoffman are reliable hands. Both Reid and Washington, who twirled last night, seemed to have plenty of stuff but did not know how to use it effectively.

Making the Most of It.
The Victoria sluggers started out to blow up their batting averages in the first inning and look for a big harvest this week. Elliott drew the first of four passes, took second on Church's single and scored on Brown's hard drive over first. Garman delivered a safe poke and Church romped across the platter.

In the third the Capitals put Reid's neck in a noose and he was yanked out of the game. Church, Leard and Carman each singled filling the bags and Dempsey chased in the first two with a wicked drive to the outfield. This was enough for Reid and he tucked his glove in his hip pocket.

DEMPSEY ACQUITTED

San Francisco, June 15.—Wm. Harrison (Jack) Dempsey, world's heavyweight champion, was found not guilty on a selective draft evasion indictment by a jury in the United States district court here today.

Double plays, Grant to Hoffman, Elliott to Leard to Dempsey; bases on balls, off Reid 1, off Washington 7, off Kelly 2; runs, 7 hits off Reid in 2 1/2 innings, 6 runs, 4 hits off Washington in 2 1/2 innings; defeat Reid; time of game, 1:45. Umpire, Heid.

Rain Prevents Game.
Vancouver-Spokane game postponed.

BROOKLYN NOSE OUT REDS FOR THE LEAD

Two Teams Are See-sawing For Top Berth; Coveleskie Tames Yankees

Brooklyn, June 15.—After losing four straight games Brooklyn regained the league leadership yesterday by defeating Cincinnati, 9 to 7. Wheat's home run over the right field wall with two on, sent the Dodgers ahead in the fifth. Grimes, who began pitching for Brooklyn in the eighth, drove in two runs with a single.

Cincinnati R. H. E.
Brooklyn 9 10 3
Batteries—Fisher, Luque and Wingo; Cadore, Grimes and Krueger.

St. Louis Goes Strong.
New York, June 15.—St. Louis made it three straight from New York, winning a hard hitting game by 7 to 4. St. Louis knocked Nehf out in five innings, home runs by Hornsby and Fournier accounting for five runs. Schupp, traded to St. Louis by New York last season, was also hit hard, but his big lead saved him.

Chicago R. H. E.
St. Louis 7 13 2
Batteries—Carter and O'Farrell; Scott, Kayser and O'Neill.

Bad First Inning.
Philadelphia, June 15.—Bunching five hits off Gallia with two errors in the first inning, Pittsburgh defeated Philadelphia, 6 to 1. Rawlings' second double following a base on balls was responsible for the lone run.

Pittsburgh R. H. E.
Philadelphia 6 9 1
Batteries—Coveleskie and Schmidt; Gallia and Truesler.

American League.
Cleveland, O., June 15.—Cleveland made it two out of three from New York yesterday, winning 7 to 1 and retaining first place. Coveleskie pitched effectively, barring an occasional wild throw. He held New York to five hits, Thormahlen scoring the only run on his triple and an error by Chapman. Cleveland hit Thormahlen hard, Numanaker batting in two and Coveleskie three runs.

New York R. H. E.
Cleveland 1 15 2
Batteries—Thormahlen, Shore and Hannab; Coveleskie and Numanaker.

Detroit Gets Shut Out.
Detroit, June 15.—Excellent pitching by Ayers, who held the Athletics to six scattered hits, enabled Detroit to win its third straight game from Philadelphia yesterday, 10 to 0. Harris, for the visitors, weakened in the eighth and allowed four safeties and four runs. Detroit scored its first shut out victory of the season.

Philadelphia R. H. E.
Detroit 0 9 0
Batteries—Harris and Perkins; Ayers and Alcorn.

St. Louis, June 15.—St. Louis hit Russell hard and, aided by errors, defeated Boston yesterday, 10 to 3 for the third successive time. It was the local hero's straight victory. Tobin in five trips to the plate got a home run, triple, double and a walk, and scored three runs.

Boston R. H. E.
St. Louis 10 3 0
Batteries—Russell and Schang; Davis and Billings.

Western Canada League.
Saskatoon 7, Regina 5.
Winnipeg 1, Moose Jay 6.
Edmonton-Calgary, game postponed; rain.

HORSE IN DISPUTE WINS ASCOT STAKES

Order of Court Allows Happy Man to Run; Much Brilliance at Course

Ascot Heath, June 15.—The Royal Procession in semi-plate was revived today at the second Ascot races since the end of the war, which were attended by a notable gathering of society people. The display of fashionable gowns worn by the numerous women present for the function, was unusually brilliant.

King George and Queen Mary, who are entertaining a large party at Windsor Castle during the week, drove to the grounds in an open landau, drawn by four horses, with postillions and outriders. They were attended by other members of the royal family and the royal household, who followed in seven carriages.

Happy Man Wins.
The big race of the day, the Ascot Stakes, was won by Fred Hardy's Happy Man, with J. P. Waller's Front Line second, and W. Singer's Chatter third.

A sensational feature of the race was the fact that the owner of Happy Man had been involved in a legal dispute and settled in the court this morning just in time to allow the horse to run. John Joyce, a dealer in race horses, claimed he had contracted to sell Happy Man. The dispute was settled by the payment of £1,000 to Joyce.

LOCAL HORSES AFTER CONTINENTAL HONORS

Jim McCleave Taking Seventeen Jumpers to Portland For Great Horse Show

With seventeen of his best jumping horses Jim McCleave will leave this afternoon for Portland, Ore., where he will endeavor to win the jumping events at the Portland Horse Show from the local equines and the other entries.

Mr. McCleave knows that he is to have stiffer competition this year, but he has been patiently grooming his steeds during the past Winter and Spring, and has them in fine condition. The officials in charge of the Portland Horse Show spared no expense in organizing the greatest display of horseflesh ever known in the West. Extra preparations have been made in view of the Shriner's convention, which is to be held there next week, and also the Rose Week celebrations. The show will open on Monday, and continue all week.

Crack Horse Entered.
Among the entries for the jumping events are the horses from the 11th Cavalry, of the American Army, which have been cleaning up at the Santa Barbara and Pasadena horse shows. Mrs. Lavin Long, of Kansas City, who has the best horses on the continent, has entered a big stable, and Major Gilliam, of Monterey, Cal., has entered Bunker Bean and Ben Hale, which have never yet been beaten. J. B. Farrell, of Seattle, will have his colors at the show with Premier and Old Glory upholding them. Col. McRae, of Vancouver, will have seven jumpers, and Gordon Dryden is sending two Irish hunters, which were brought to this country by General Clarke. Maude Stockbanks, of Pasadena, Cal., is exhibiting her \$10,000 jumper, Confidence, and H. English has shipped a cartload of New York horses.

To compete against this great array of jumpers Mr. McCleave is taking with him the famous horses, Victoria, Lad, Campbell, Inona, Blarney Stone, Eborac, King Kitmore, Solid Silver, Gretna Green, Indian Princess, Indian Maid, Indian Queen, Emmeline Pankhurst, Modulator, Prohibition, Whisky and Black Prince.

The Riders.
Mr. McCleave is taking four riders with him. As usual, Miss Doris Oxley McCleave will do a lot of the riding. Charlie Gandy, Arthur Starley and Barnard Lay will also ride.

VICTORIA LACROSSE TEAM TO PRACTISE

The Victoria lacrosse team will hold a practice this evening at 6:15 o'clock at the Royal Athletic Park. The players will also turf out on Thursday night to complete their training for a game against Vancouver in the Terminal City on Saturday afternoon.

AMERICANS CONTINUE TO WIN IN LONDON

London, June 15.—American tennis players continued their winning play in the second round of the London championship tournament here today. C. G. Gifford of Pittsburgh, eliminated C. R. Sherwell, of South Africa, in straight sets by scores of 6-2, 6-4.

William Johnston, of San Francisco, the United States champion, moved forward by default, his opponent in the draw withdrawing. Mrs. Mallory, who before her marriage was Mollie Bjurstedt, also won in the first round of the ladies' championship, defeating Miss Davenport, 6-2, 6-1.

String of Crack Boxers After Titles Thursday

Lots of Good Talent Will Scrap at Crystal Theatre; Big Contingent of Glove Artists Coming From Vancouver; Seattle Has Three Representatives.

Boxing fans who are anxious to see some fast and furious milling will get their appetites satisfied on Thursday night at the Crystal Theatre when the Pacific Northwest Amateur Boxing Championships are decided. Although the entries do not close until to-night, a large number have been received from Seattle and Vancouver and the local scrappers will have to use both hands as well as their heads to make sure of Victoria securing at least a fair share of the titles. This will without doubt be the finest and fastest tournament ever staged in this city.

This morning the entries which had been received in the various classes were as follows:
95 lbs.—Bob Woods and Frank Matthews, Victoria; Joe Colclough, Vancouver.
108 lbs.—Fred Haigh, Victoria; Bill Colclough, Vancouver.
115 lbs.—Al Davies, Victoria; Charlie Colclough, Vancouver.
125 lbs.—Al Davies, Victoria; Oley Moe, University of Washington, Seattle.
135 lbs.—Teddie Yates, Victoria; Joe Nestman, Vancouver.
145 lbs.—Johnny Morgan, Victoria; Downey, Vancouver; Aalto, University of Washington, Seattle.
165 lbs.—Claude Fortner, Victoria; McDonald and Gann, Vancouver; Otto Bardarson and Aalto, University of Washington, Seattle.
Heavyweight—Fortner, Victoria; Sharp, Vancouver.

Nothing But Finals.
The directors of the tournament are anxious to keep the entrants in the various classes to the minimum number so that the bouts may not drag on until a late hour. The best men from each city will be entered and the fans will not have to sit through a lot of preliminaries. There are a bunch of local lads who could enter in the bouts but not make a showing good enough to put them in a championship class so they have withheld their entries.

The Colclough family is coming over in force. Three brothers will be seeking three different titles and they are a hot handful. Roy Baker lost out to Charlie Colclough in the B. C. championship tournament but Victoria will have a more capable representative in this class this time in Al Davies. Al is in perfect condition and expects to grab the 115 lb. title and then go after the 125 lb. crown. He will be pitted against the husky Oley Moe, of Seattle, and this will be one of the star bouts of the evening. Joe Nestman and Teddie Yates should provide lots of milling in the lightweight class.

Lots of Big Follows.
There will be plenty of representatives in the heavier divisions and the big fellows will be able to displace their crashing wallop to their hearts' content.
The boxers will weigh in at the Crystal Theatre at 6:15 o'clock on Thursday evening and the bouts will commence sharply at 8:15 o'clock.

Winnipeg, June 15.—A number of Winnipeg's notable golf players, including J. T. Cuthbert, amateur champion of Manitoba and Saskatchewan, will journey to Montreal for the Canadian amateur championship to be held June 23 to July 2. A delegation from Winnipeg will also attend the annual general meeting of the Canadian Golf Association to urge that the 1921 championships be held in Winnipeg.

It is also probable that J. Munro Hunter, the Edmonton crack, and Messrs. Haig and Weir, noted Calgary players, will join the Winnipeg contingent and compete in the East.

THE WESTERN IDEA
WEEKLY—SUBSCRIBE NOW—\$2.00 A YEAR
MAKE OFFER FOR MUNN PROPERTY
On recommendation of the Finance Committee, the City Council last night decided to instruct City Solicitor H. S. Pringle to offer the sum of \$17,100 for the property belonging to Mrs. H. A. Munn which is required for the installation of the new Johnson Street Bridge approaches. This figure represents the assessed value of the property but is much less than the sum originally agreed to. The city has been informed by Mrs. Munn's solicitor that the land is considered under contract to the Provincial Government. Premier Oliver, however, has repudiated this contract as he feels that the case should be settled between the city and Mrs. Munn. He claims that the courts would uphold his repudiation as it did in the case of the suit brought by Neil E. MacKay against the Government in connection with the land adjoining all required for the approaches.

COUNCIL ASKS PUBLIC TO PUT CLOCKS AHEAD

Victoria to Have Daylight Saving If Council's Plan Is Supported

NEW TIME WOULD START NEXT WEEK

Victoria clocks will go ahead one hour at midnight, June 15, and daylight saving will continue until October 2 if the city adopts a plan recommended by the City Council last night.

The move to inaugurate daylight saving here was launched as a complete surprise at the Council meeting by Alderman Patrick and Alderman Sargent; and, though it met with strong opposition from a part of the Council led by Alderman Sangster, it finally carried when Alderman Dinsdale, refusing to vote, allowed his ballot to be counted in the affirmative.

The sponsors of the scheme pointed out that the Council had no power to enforce daylight saving and could only request the citizens and business men to put their clocks ahead. However, this plan had worked satisfactorily in Vancouver where the community had rallied around the daylight saving system. They proposed that the citizens be requested to put their clocks ahead on midnight, June 15, and back an hour on October 2.

"All wide-awake cities have adopted this scheme," Alderman Patrick claimed, in introducing his motion. "We are accused of being a sleepy city—let's show them we can get up an hour earlier. We may have a few farmers or semi-farmers among us," he continued, "but I think the people want daylight saving. The plan has been widely adopted and has worked well in Vancouver."

"It will cause endless trouble and will be a general nuisance," protested Alderman Todd who prophesied that if the Patrick motion were passed some aldermen would turn up to Council meetings at seven o'clock and some at nine. Nor would the plan assist the increased production campaign, but would simply aid sports and amusements. "As he is the sponsor of the 'voted' plan," remarked Alderman Todd, "doubtless Alderman Patrick is interested in little children."

"In no way," he replied, "is it the matter happened to be referred to the Legislative Committee, of which I'm chairman, that's all."

Alderman Todd said he had read in the newspapers that Alderman Patrick was the father of the curfew scheme. "These modern Joshua's should hesitate," he warned. Daylight saving, he felt, was hard on children as it kept them awake an extra hour each night.

"Most people have blinks in their houses," answered Alderman Patrick, "and if they haven't got the sense to pull them down to put the kiddies to sleep they don't deserve to have them."

At this point it developed that responsibility for a decision rested together upon Alderman Dinsdale, who said that he favored the principle of daylight saving but felt that it was too late in the year to inaugurate the system.

"There's no doubt the great bulk of the public wants daylight saving," remarked Mayor Porter.

The vote was then taken amid tense silence and with all eyes fastened upon Alderman Dinsdale. The Mayor and Aldermen Patrick, Sargent, Fullerton and Cameron voted in favor of the Patrick motion, while Aldermen Sangster, Dewar, Johns, Todd and Andros opposed it. Alderman Dinsdale rose and announced that he did not propose to vote either way. His vote was thus counted in the affirmative and the motion declared carried six to five.

Fail to Get New Vote.
Fifteen minutes after the vote had been taken Alderman Sangster, backed by Alderman Johns, attempted to secure a re-vote, apparently feeling confident that this time they could carry their ideas. The attempt, however, failed to mature.

As the meeting was about to break up Alderman Todd informed the Mayor that he did not intend to govern the course of his life by the new-fangled time. He proposed to arrive at the next Council meeting at the usual time.

"I suppose then, in the same way, I shall not have to pay the increased water rates," suggested Alderman Patrick. "If the majority isn't going to raise the water rates, I'll raise them myself," retorted Alderman Sangster. "I don't propose to take my legal advice from you," replied Alderman Patrick.

IF POSLAM CAN HELP YOUR SKIN
---DO LET IT

If Poslam holds any comfort any satisfaction for you in being the means to relieve and eradicate eczema or any stubborn skin trouble, let it bring you these benefits at once. They will seem ever so welcome if you have suffered long. There is no risk; Poslam cannot harm; its work is known to be highly successful. Soothes, stops itching, brings quick improvement. A little does much because it is highly concentrated. Clears red, inflamed complexion overnight.

Sold everywhere. For free sample write to: Emergency Laboratories, 214 West 47th St., New York City.

Urge your skin to become clearer, brighter, healthier by use of Poslam Soap, medicated with Poslam.

"Did you ever fool with the stock market?"

"No, I was in earnest. The stock market did the fooling."—Washington Star.

FAIL AGAIN TO RAISE NEW RATES

Alderman Sargent Protests, But Council Will Raise Water Charges

Eleventh hour opposition raised by Alderman Sargent and a section of other aldermen failed last night to change the Water Rates Approval By-law which, authorizing a thirty per cent increase in Victoria water rates, was finally passed. Despite the strong opposition of a minority of the Council, the new rates will go into effect July 1.

When the by-law came up for final passage Alderman Sargent renewed the plea which he advanced before, and argued that the measure would force the small user of water to pay the expenses of the heavy consumer. The big user, he said, would have to pay but a five per cent increase, while the poor man would have to pay a fifty per cent advance. "We have tried," he remarked, "to get extra revenue in every way and, having failed, now we try to squeeze the poor man who can hardly afford to pay his present water bill."

Mayor Porter, however, ruled that in attempting to amend the by-law, it was necessary, he said, that the Water Commissioner recommend changes in the existing rates before any alteration could be made.

"Well, if the Water Commissioner doesn't recommend them as we desire," replied Alderman Sargent, "we can get a new Water Commissioner. If we're going to be dictated to by the Commissioner it's a most peculiar position, that's all. Here we have tried in every way to get increased revenue," he went on, recalling the stormy scenes which were staged in the council chamber early this year. "We proposed an income tax—the next thing in the world—and a rental value tax—another perfectly sane thing—and the schemes broke up a Council meeting. It was a last resort to try to make the poor man pay fifty per cent more for his water."

"You're out of order," the Mayor asserted. "It's quite in order."

"It's not," Alderman Sargent still protesting. The Mayor ruled the proposal out of order. The by-law was then carried by a vote of 11 to 5.

ALDERMAN WANTS CHIEF TO RESIGN
But Other Members Fear Smoke Regulations May Close Up Sawmills

As a result of the continued smoke nuisance, Fire Chief Vernon should resign, Alderman Albion Johns told the City Council last night. While the Council decided to instruct the Chief again to enforce the Smoke Nuisance by-law, it could not agree with the Alderman and, moreover, appeared to feel that it would be folly to force the mills to close down when so many men are out of work.

The Council received another letter from Sam Greenhigh, who protested against present conditions in the sawmill district and who urged that the existing ordinance should be revised. One day last week, he said, one mill burner was emitting a "regular inferno" and the Fire Department had been requested to send help.

"I would like the Council to get rid of any impression that we are in the groucher class," he wrote. "There is no pleasure in repeating these kicks. We are a number of homes around us, and who by hard work and thrift made ourselves respected citizens, and ask that we be accorded the protection that ratepayers are entitled to."

While not desiring to curb sawmill activity the writer says the lumbermen are making "huge profits" and should be forced to install efficient burners.

"This is getting to be a chestnut," said Alderman Johns. "Unless the Chief takes action, someone will take action against the mills on his own account. We ought to call for his resignation."

Alderman Cameron, Chairman of the Fire Warden's Committee, warmly defended Chief Stewart who, he said, had not been idle in the question of smoke nuisances. "If the Council is determined to prosecute the mills," he said, "it's a serious question. I don't think the Chief knows just what you want him to do. He naturally hesitated to act against the mills in view of the prevailing depression and the need for keeping open every channel of employment."

"It's up to the sawmill men to come and show us," observed Mayor Porter. "They have made no move so far."
