COUCH BROS. NURSERY COMPANY

---

Oct. 27, 1937

HELLO FRIENDS:

We had a pretty good business last year, thanks to you folks, and we feel sort of chipper—so much so that we have spread out a bit this season and are offering a number of things we have never listed before. As you look through these pages, we believe you will find several interesting items.

To our old customers we again extend a cordial invitation to let us serve you, and to you new fellows, considering buying from us for the first time, we assure you that we not only can, but will please you. How about giving us a chance?

Due to the prolonged drouth in 1936, we believe there will be an unusual shortage in finished nursery stock. This condition will create an early demand which may result in a shortage in many items, so we would advise early booking of orders filling your requirements.

Our prices are in line, in many instances lower than other reliable growers who give quality stock. We will ship your orders whenever you are ready.

Cordially yours,

*Tom Couch*

THE FRIENDLY NURSERY

---

**TERMS AND CONDITIONS:** Five percent discount and free boxing and packing for cash with order; net due sixty days from date of shipment. Cash, security, or satisfactory reference is required from unknown parties.

**COLLECTED STOCK:** If you find an occasion to use collected stock we will appreciate an opportunity to offer special quotations. Our nursery is situated at the foothills of the Cumberland mountains, and we are in an excellent position to supply quality collected stock. We specialize in hurry-up orders for native plants where select stock is necessary. We have not listed these items in this list, as we only book orders for collected stock from special quotations. Send us your want list.

**SHIPPING:** We request customers to give us definite shipping instructions regarding how you want your order shipped. In the absence of special instructions we use our best judgment, without assuming responsibility. All shipments will be tagged with the proper state inspection certificates.

We charge for boxing and baling at cost of material used. Where stock is loaded bulk in car or truck, no packing charge is made. Orders are accepted subject to prior sale of stock or crop injury or loss from any cause beyond our control. Twenty-five plants at 100 rates; 250 plants at 1,000 rates. We are careful to keep our varieties true to name as labeled, and will replace, on proper proof, any stock that may prove otherwise, free of charge or refund the amount paid us, but it is mutually agreed that we shall not be liable for any amount greater than the purchase price. No claims will be considered unless made within ten days after receipt of goods.

**TRUCK SERVICE:** We are able to offer truck service within a radius of 300 to 500 miles. Charges average about the same as railroad rates with delivery at your door. If interested write for further information.

We have four reliable commercial truck lines operating through McMinnville that make good connections to all parts of the country. These truck lines often give quicker delivery at less than railroad rates.

**LOCATION:** McMinnville is located in Middle Tennessee on the N. C. & St. L. railroad; state highways No. 1, 55 and 56; and U. S. highway No. 70 and the Broadway of America.

**REFERENCES:** Any bank or business house in McMinnville, or any of the leading nurserymen in the United States. We are a member of the American Association of Nurserymen, and the Southern Nurserymen's Association.

**SAMPLES:** We will be glad to send samples of any items, on request, at the rate for ten plants.
