REPORT OF THE SELECTMEN.

The Selectmen of the Town of Weymouth submit herewith their annual report with a statement in detail of the expenditures under the various appropriations for the year ending December 31, 1895.

HIGHWAYS.

The town appropriated at the last annual meeting for the repair of highways \$10,120.23. At the date of this report there has been expended \$14,105.18, this amount being \$3,984.95 in excess of the appropriation. This overdraft is due in a large measure to the heavy rains which came early in the fall when the roads were in a dry and loose condition and occasioned a great number of washouts, rendering it imperative to do a large amount of work to place the roads in a safe condition for travel. We should also state that an outlay of several hundred dollars was made in Ward Two by authority of the board in grading up the portion of Maple street adjacent to the new factory of Strong & Garfield, and in building a retaining wall at this point.

With our increasing mileage and the constant demand for better roads the appropriations for this department seem inadequate. This is manifest in the number of petitions which are sent in year by year calling for special appropriations for streets which have been neglected until to those living upon or using them there seems no other way of obtaining the necessary repairs. Nearly every one who has had to do with town affairs will acknowledge the evil of making special for what should be accomplished under the general appropriation. Would it not be better to make the amount for repairs adequate to all reasonable demands and thus obviate the necessity for this class of petitions?

A tabulated statement will be found on page 70 of the special highway appropriations made at the last annual meeting, by which it will appear that the expenditures were in excess of the appropriations to the amount of \$1,068.58. It will also appear that this overdraft was occasioned largely by the work done on Front street. Two of the most expensive points in working the relocation of this street, which had been passed as completed, were found to demand large outlays this season by reason of the road not being worked to the line as laid out by the County Commissioners, the first of these being the deep fills northerly from the

house of the late William Bowker, where, when the street railway track came to be laid (as was necessary) on the new location, it was found there would be absolutely no passable road.

The other point referred to was along the premises of Joseph H. Martell and William B. Tower. The Braintree and Weymouth Street Railway Company were obliged to work a portion of this widening and we were assured by the abutters that, unless the street was worked to the line, the County Commissioners would be called on to view it, and it seemed to us for the best interest of the town that the work should be done this season, especially as it could be done at a less outlay than at any future time.

Considerable blasting was necessary here, and the stones so obtained were utilized in building a retaining wall which was indispensable.

In addition to what the town has expended on this street, the Railway Company has been obliged to work portions of it which would probably have cost the town \$600 to have worked.

The decree of the County Commissioners for the working of this street was dated Dec. 16, A. D. 1890, and two years were given for completing the work. There still remains unfinished a portion of the street which it will probably cost the town \$1,500 to complete.

Of the other relocations and new streets or extensions of streets that have been accepted by the town, there remain to be constructed portions of the following, viz: —

Bridge street, the street from Sea street to Bridge street, that from Pleasant street to Whitman's Pond, Chard street, King avenue, Torrey's Lane, and the extension of Phillips street.

At the last annual meeting the town declined to instruct the Selectmen to appoint a Superintendent of Streets holding no other town office, and voted to leave the matter in the hands of the Selectmen.

In compliance with chapter 423, section 25, of the Acts of 1893, the Selectmen, on March 27, 1895, appointed Nelson W. Gardner as Superintendent of Streets, with the understanding that each member of the board should assume the supervision of the work in his respective ward.

On the twenty-eighth day of August an accident, occasioned by a heavy fall of gravel, occurred in the pit of N. R. Ells, which resulted fatally to Patrick Sheehy, and by which Patrick Purcell received injuries from which he has not yet recovered.

Action is now pending upon petitions as follows: —

For relocation of Lake street from its junction with Shawmut street to the house of the late Owen Carr.

For laying out a new street from Middle street near the house

of W. F. Cushing, to Broad street near the car-house of the Braintree and Weymouth Street Railway Company.

For widening a portion of way known as Wharf street and laying out a new street from a point on said way near the power station of the Weymouth Light and Power Company to a point on Commercial street northerly from the railroad crossing near the East Weymouth station.

For the removal of snow the appropriation was \$3,597.17, of which amount \$1,662.60 has been expended, leaving a balance of \$1,934.57.

STATE HIGHWAYS.

By a vote of the town, passed at a special meeting held October 20, 1894, the Selectmen were authorized to contract with the Massachusetts Highway Commission for the construction of so much of Bridge street as should be made a state highway within one year from that date, and the Town Treasurer was empowered to borrow, for the purposes of its construction, sums not exceeding \$6,000.

By authority of this vote the Selectmen, under date of August 15, 1895, signed a contract for the working of the portion of Bridge street as a state highway beginning at Weymouth Back River and extending westerly twenty-two hundred feet, more or less.

The construction was placed under the charge of Nelson W. Gardner, Superintendent of Streets.

As it was thought that the road would be completed before the end of the year, it was not deemed necessary to borrow the money which the vote of the town authorized the treasurer to do. We had expected to begin work early in September, but it was about the first of October before the engineer was sent on by the commissioners, and nothing could be done under the contract until his arrival. The winter weather setting in rendered it necessary to suspend work and we are unable to report the completion of the contract.

The amount expended has been \$4,389.58, of which \$2,473.24 has been audited and paid in to the Town Treasurer. Further amounts of \$1,000 will be paid in at an early date, and considerable unfinished work will remain unpaid for until spring.

Ann street, in the southwest part of the town, between Abington and Holbrook, which was let out by the Commissioners to a contractor, is also left in an unfinished condition.

RAILROAD.

A hearing was granted on March 22, upon petition of the Plymouth County Railroad Company by its president, John F. Simmons, for a location of its tracks in Weymouth, and after a

regularly advertised hearing, and upon due consideration, a location was granted from a point on the town line of Hingham to the tracks of the New York, New Haven and Hartford Railroad Company at a point a short distance northerly from the railroad crossing on Commercial street, known as Reed's crossing.

STREET RAILWAYS.

Since the last annual report locations have been granted, after duly advertised hearings, to the Braintree and Weymouth Street Railway Company for the extension of their tracks over the highways and townways from Lincoln Square to Columbian Square and thence to Commercial Square, and on High street to the Hingham line; also over a portion of Commercial street and through Madison street to connect with the tracks of the Quincy and Boston Street Railway Company on Broad street, which locations have been built upon and are now in operation.

A location was also granted to this company upon Washington street from its junction with Pleasant street to its junction with Middle street, thence through Middle street to Central Square, to be completed December 1, 1896.

A location has been granted to the Quincy and Boston Street Railway Company for an extension of its track on Commercial street from Commercial Square to the Hingham line, which will no doubt be built upon early this season.

POLICE DEPARTMENT.

The appropriation for this department, including the balance from last year, was \$5,074 48. The amount expended has been \$4,096.60; the amount received for fines has been \$237.43, thus making a net cost to the town of \$3,859.17, and leaving a balance of \$1,215.31.

The work of suppressing the illegal sale of intoxicating liquors was again placed in the hands of Geo. B. Bailey and Arthur H. Pratt. While there are a few places in town where liquor is probably sold, we believe the officers have been faithful in the discharge of their duty. The business has been conducted in so cautious a manner that it has been very difficult to find any liquor on the premises or to secure convictions, and the amount of fines imposed has been much less than last year.

The report of the officers will be found on page 163.

FIRE DEPARTMENT.

The appropriation for this department, including the balance from 1894, was \$5,802.29, of which there has been expended \$5,015.14, leaving a balance of \$787.15.

The engineer's report will be found on page 160.

ELECTRIC LIGHTING.

The appropriation for this department, including the balance from 1894, was \$7,820.65, of which there has been expended \$5,958.45, leaving a balance of \$1,862.20. Complaints have been frequent during the year that the service rendered to the town was not satisfactory. The report of the electric lighting committee will be found on page 167.

MISCELLANEOUS.

The appropriation for this department, including the balance from 1894, was \$4,836.87, of which there has been expended \$3,574.35, leaving a balance of \$1,262.48.

TOWN DEBT.

One note of \$4,000 has been paid during the year from money raised by taxation. The amount of notes now outstanding against the town, not including one of \$10,000, for money borrowed in anticipation of taxes, is \$72,500, of which \$5,500 will become due March 7, 1896, and for the payment of which provision will have to be made.

COLLECTOR OF TAXES.

As appeared in the report of last year, Martin E. Hawes was appointed to collect the uncollected taxes of 1893, after the office was declared vacant by the removal from town of the incumbent of the office for that year.

When he assumed the position the commitment books showed \$5,410.39 as uncollected. As this goes to press the following is the condition of this commitment:

Satisfactory evidence has been presented to Mr. Hawes of the payment to his predecessor of \$2,701.31, which had not been accounted for to the treasurer or entered upon the books, and the interest upon this amount, viz: \$151.04, making \$2,852.35.

Of the remainder of the tax, \$2,709.08, there has been collected \$1,805.92, abated by the assessors \$815.41, and there remains uncollected \$87.75.

The above-mentioned amount, \$2,852.35, has been reported to the sureties on the bond of the former collector as their liability under the bond, and of this amount there has been paid to the treasurer of the town by Adrianus Denbroeder, one of said sureties, the sum of \$2,000, leaving \$852.35 as the amount for which the bondsmen are still held liable.

SUITS AT LAW.

Of the three suits pending at the beginning of this year, the case of Henry C. Gardner *v.* Weymouth was tried the second time at the January sitting of the Superior Court, and resulted in a verdict for the Town upon a ruling of the Court that no sufficient notice of the time, place and cause of injury had been given by the plaintiff, to which ruling the plaintiff excepted; but his exceptions have not been allowed and entered in the Supreme Court.

The case of David J. Pierce, administrator, *v.* Weymouth has not been tried, and is still pending.

The case of Weymouth *v.* Denbroeder was discontinued without entry at the request of counsel for sureties on bond, upon the payment of two thousand dollars to the Treasurer.

Six suits against this Town have been entered in the Superior Court during the year 1895. Those of John Coyle and of Charles P. Irwin were for injuries alleged to have resulted from defects in highways, and the Braintree & Weymouth Street Railway Co. assumed the defense of these actions. The latter of these has been settled and the former is pending.

The case of Holbrook & Bicknell *v.* Weymouth, being an appeal from an award for land damage in laying a new street from Sea street to Bridge street, was settled without trial.

The suit of James L. Bates *v.* Weymouth, being an appeal from the award made for land on Great Hill taken by the Park Commissioners for a park; the suit of Arthur Campbell *v.* Weymouth, to recover damages for injuries alleged to have been caused by a defect in Chard street; and the suit of Margaret Sheehy, administratrix, *v.* Weymouth, to recover damages for fatal injuries to Patrick Sheehy, caused by the fall of the gravel bank owned by Nathaniel R. Ells, were pending at the end of the year.

Vouchers for payments on account of the Tufts fund are held by the chairman of the selectmen, by whom payments were made.

GORDON WILLIS,

Chairman Selectmen of Weymouth.

THE REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor of the town of Weymouth submit herewith their annual report for the year ending Dec. 31, 1895, together with the Auditor's appraisal of property at the almshouse made Jan. 1, 1896.

ALMSHOUSE.

The establishment has continued under the efficient management of Mr. and Mrs. Alexander Cummings, and the same compensation has been given for their services as last year, viz.—\$850.00

The premises, both indoors and out, have, when visited by the Overseers been uniformly found in a neat and satisfactory condition, and the inmates comfortably provided for.

The number of inmates has increased during the year, there being on Dec. 31 thirty-eight, including four soldiers and two widows of soldiers, as boarders under the provisions of Chap. 447.

There have been two deaths, the first, Josiah Thayer, a boarder, aged 77, who died April 30, and Ebenezer F. Colson, aged 61, who died June 6, and whose estate was sold after his death by the Overseers, and an amount realized therefrom, sufficient to reimburse the town for their expense on his account.

There has been one birth during the year.

The expense to the town has been somewhat larger than last year, which is accounted for by the increased number in the house, and the loss to the farm of the school work of carting coal and supplying wood.

The number of tramps who have been provided with food and lodgings has been 1,854, a slight decrease from last year.

The cost of maintenance has been \$2.38 + per week, an increase of .26 over last year.

ASSISTANCE RENDERED OUT OF THE ALMSHOUSE.

This department of poor aid has given much anxiety to the Board during the year, both on account of the increased number

of applications, and the fact that there are a number of cases requiring quite large amounts, and which there has seemed no way of carrying at a reduced cost. Among these are three cases of paralysis, each requiring an expenditure of from \$3.50 to \$7.00 per week, and a number of cases where the death of the husband has left the widow with four or five small children, depending principally upon charity for their support. None of these cases can, in the opinion of the Board, be handled with any more economy at the almshouse.

We have spent much time on this work, having investigated by committees all the cases where aid is being rendered, both within the town and in other places, and have carefully considered their necessities.

While we are aware that our poor business is not conducted with such rigid economy as is apparent in the management of some towns and cities, and also aware that there have been individual cases where charity has been to some extent misplaced, we do not see, upon the whole, how any material difference could have been made in the showing of this department.

Dr's. W. A. Drake and E. N. Mayberry, have been reappointed as Town Physicians on the same terms as for last year, viz.— Dr. Drake to serve in Wards 1, 2 and 3, for \$175.00 and Dr. Mayberry in Wards 4 and 5 for \$75.00.

The detailed expenditures of this department will be found elsewhere.

Respectfully submitted,

GORDON WILLIS.

BRADFORD HAWES.

NELSON W. GARDNER.

C. E. BICKNELL.

GEORGE L. NEWTON.

ENGINEER'S REPORT.

To the Board of Selectmen :

In accordance with the Public Statutes I hereby submit, as Chief Engineer of the Fire Department, my first annual report and the seventeenth of the present organization, for the year ending December 31, 1895.

At present the organization of the Department is as follows :

Five Engineers, as follows :— Otis Cushing, Chief ; W. O. Collyer, Clerk ; Edward Fahey, Francis M. Drown, Marshall P. Sprague and one hundred and sixty-eight men consisting of seven Hose Companies, four Hook and Ladder Companies, and three men detailed for each Steamer, and five for the Chemical.

The apparatus consists of five hose wagons, two hose carriages, four ladder trucks, two steam fire engines, one chemical engine, which are in good repair, with the exception of ladder truck number two, which is now in a condition extremely dangerous to the lives of the firemen in going to and from fires, and in our judgment should be replaced by a new one, with one ladder at least sixty feet long. There has been added this year as by vote of the Town at its last annual meeting, a new Hose Wagon at Weymouth Heights, to take place of the old reel ; and Ladder Truck at South Weymouth to take place of old truck which was nearly useless.

We have about ninety-five hundred feet of hose.

FIRE ALARM.

5 boxes (one in each ward) have been added ; and in locating them, about 5 miles of new wire had to be run.

We have also placed a bell in one of the firemen's houses at Lovells Corner and one at Weymouth Heights, which adds a great deal to the efficiency of the two companies.

Most of the trouble has been caused by the location of the wires. They should be on top of the poles instead of under and in some places between wires carrying a heavy current. Which wires are liable, in severe storms, to break and come down, or swing against the fire-alarm wire and burn out a great number of boxes.

We would recommend placing a box on Union street, at Mays corner. This would add about a mile of wire to the circuit, which has already about 13 miles, and in case of any trouble, making it very hard to locate it.

What ought to be done is, to divide the East and South Weymouth circuits, so that in case of trouble in East Weymouth, South Weymouth could be in working order and the reverse. As it is now, trouble in either ward 2, 4 or 5, causes the three to be without an alarm, and cuts out both whistles.

We would also recommend the purchase of a 4 circuit repeater to make the system complete. As it is now, it is all in one circuit, and a ground on the line in two places at the same time, is liable to cause some of the machines to skip blows or not strike at all. And as all of our boxes are not non-interfering, when two of them are pulled at the same time, it mixes the blows and no alarm is given. The repeater takes care of that; the box pulled first coming in all right.

We have a good system now as far as it goes, but with these additions, it would be almost perfect.

I trust the appropriation committee will give this matter due consideration, and thus add more value and better protection to this part of the service.

RECOMMENDATIONS.

To meet the expenses of the department for the ensuing year, we would recommend the following appropriation. Salaries of Firemen, Stewards and Engineers, \$2400; Fires and Supplies for Engine Houses, \$1500; Fire Alarm, as report under that head, \$1600; Hose, \$500; Total \$6,000. This amount with the small unexpended balance of last year will in our estimation, if judiciously expended meet the wants of the Fire Department.

We would also recommend the purchase of a new Hook and

Ladder Truck for Ward Two. To the members of the Fire Department I wish to extend my sincere thanks for the manner in which they have performed their duties at fires and also for the many social gatherings at which I have met with them, also, to the other members of the Board of Engineers, for their co-operation in all matters of business, and also for the courteous manner in which they have always greeted me. To the Superintendent of Fire Alarm, Henry L. Humphrey, for his attendance at all meetings of the Board the last year, and for the able manner in which he has explained the workings of the alarm, also to your Honorable Board for the courtesy extended to me and members of the Board, whenever we have had occasion to meet with you.

Respectfully submitted,

OTIS CUSHING,

Chief.

FIRES.

Number of alarms for the year, 37, of which 5 were false. Of this number, East Weymouth has had 20, one of which was of a serious nature, that of the store and stable of Z. L. Bicknell & Co.

As near as can be estimated, the following is the value of the property :

Value of buildings	\$26,575 00
Damage to buildings	6,250 00
Insurance on buildings	8,200 00
Insurance paid	4,250 00
Value of contents	20,150 00
Damage to contents	8,400 00
Insurance upon do	18,300 00
Insurance paid	6,300 00

REPORT OF SPECIAL POLICE OFFICERS.

To the Honorable Board of Selectmen of the Town of Weymouth :

GENTLEMEN,—

We herewith submit our report for the year ending December 31, 1895, as police and special officers to enforce the laws.

REPORT.

Complaints made to search for liquors, 108.

Search warrants used, 108.

Search warrants returned to court, 108.

Number of cases where liquor was found, 19.

Number of cases where no liquor was found, 89.

Amount of fines imposed in liquor cases, \$1,050.

Amount of fines paid in Lower Court in liquor cases, \$430.

Total number appealed to Higher Court, 7.

Number committed to House of Correction, 6.

Number of places closed, 5.

We have, in addition to the liquor cases, made complaints, and warrants have been issued and served, viz. :—

Total number complaints and warrants, 68.

Divided as follows :—

Disturbing the peace, 4.

Committed to House of Correction, 1.

Warrants issued without service, 3.

Drunks, 16.

Appealed, 1.

Committed to House of Correction, 5.

Unlawful peddling, 2.

Assault and battery, 10.
 Committed to House of Correction, 3.
 Search for stolen goods, 2.
 Embezzlement, 1.
 Cruelty to animals, 2.
 Assault with dangerous weapon (held for grand jury), 1.
 Bastardy, 1.
 Assault with intent to murder (held for grand jury), 1.
 Breaking and entering, 2.
 Held for grand jury, 1.
 Aiding prisoner to escape, 1.
 Vagrant, 1.
 Assault on officer, 1.
 Malicious mischief, 1.
 Threat, 1.
 Gambling, 3.
 Obtaining money under false pretenses, 1.
 Evading fare (appealed), 2.
 Disorderly conduct, 2.
 Assault with intent to rob (held for grand jury), 2.
 Fornication (committed), 1.
 Larceny, 8.
 Stubborn child, 1.
 Committed to Lyman school, 1.
 Arrested on capeas, 1.

Respectfully submitted,

GEORGE B. BAILEY.
 ARTHUR H. PRATT.

REPORT OF THE PARK COMMISSIONERS.

Concerning the three parks now belonging to Weymouth, we have to say as follows :

Beals Park has been cared for as usual, at Mr. E. S. Beals' expense of about thirty-five (35) dollars for mowing and trimming, and the care of the two rockeries, the trees, walks, and pond, and the use of public water and hose.

Webb Park is so beautifully situated that it can scarcely be improved at all, except that it should be mowed and trimmed annually, and the trees should be kept trimmed and in good form.

We think that local pride should furnish means for doing this, and all contributions for this purpose will be carefully so expended by the commissioners.

Great Hill Park has not been improved at all in the year 1895. The grass was sold in that year for ten (10) dollars, which added to what had been received before, makes about thirty-eight (38) dollars now held for use by the commissioners on this park.

We expect to receive from the estate of Mr. William L. Bradley, deceased, a donation of five hundred (500) dollars or more, to be used under the direction of the commissioners on this park.

The award of the park commissioners to Mr. James L. Bates for this seven and one-tenth acres of land was eight hundred (800) dollars, but he refused to accept this or to name any other amount that he would take therefor, preferring to have the amount fixed by a jury in the Norfolk Superior Court to which he carried the case, and where he received a verdict in the sum of twelve hundred and twelve dollars and sixty-eight cents (1212.68) on the 31st day of January, 1896.

We expect that Hon. Charles F. Adams will take immediate steps toward erecting a monument on this park in commemoration

of the second settlement of white men in this state near this place.

We recommend the immediate laying out and working of a good road from Lovell street to the highest point on this park.

ELIAS S. BEALS,
LOUIS A. COOK,
WILLIAM H. CLAPP,
Park Commissioners.

REPORT OF ELECTRIC LIGHTING COMMITTEE.

The committee on electric lighting respectfully submit the following report:—

The committee, at the beginning of the year, met with the managers of the Electric Light Company, and a contract was made whereby the Company agreed to furnish the town for the current year with electric lights, the price per year for the arc lights to be seventy dollars; for the incandescent 25 candle-power lights, eighteen dollars and sixty-four cents each; the current to be maintained at six and eight-tenths amperes; lights to be run on the moonlight schedule, lighted at one half-hour after sunset and burn until 12.30 a. m. As the appropriation was larger than for the previous year, the committee have been able to put ninety new lights upon the streets, placing the same where they thought they were most needed. A great many calls were made for lights that could not be met without exceeding the appropriation.

In making the contract with the Electric Light Company, it was distinctly understood that the managers would furnish the electric plant with additional power, as the engines at that time were loaded to their full capacity. The additional lights were placed upon the streets by Mr. Carter, the superintendent, but without any additional power being furnished by the Company. As a result, the service was poor. The committee refused to pay for the service until the new engine was provided and the service made satisfactory. The Company then installed a new engine of 150 horse-power, which is used solely to run the street lights of Weymouth. This engine is of sufficient power to furnish all the light the town will be likely to call for for some time. Since then the current has been maintained at from 6.8 to 7 amperes. There

still remains some work to be done in putting the wires in good condition. Since the two electric roads have been in operation in the town it has been more difficult to keep the wires in good order than previously.

There are at present in service 34 arc lights—the Company maintaining one at the Town House—and 230 incandescent. At the present rate of payment, this calls for an appropriation of \$6,667.20 to maintain the service for a year.

During the year the committee lost one of its members by death—Henry A. Richards, of Ward 3. Mr. Richards had given a great deal of time to the study of street lighting by electricity, and was thoroughly conversant with the subject, and in his death the town met with a great loss.

The committee, in conclusion, would say that they feel that the town is much better lighted, and the Company is in a better condition to give satisfactory service, than it was a year ago.

FRANK H. TORREY.
JOHN W. BATES.
GILMAN B. LOUD.
HENRY B. REED.

JOHN A. RAYMOND,

Town Clerk.

WEYMOUTH, Jan. 30, 1896.

TOWN RECORDS FOR 1895.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of the Constables of the Town of Weymouth, in said County; GREETING.*

In the name of said Commonwealth you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit:

In Precincts numbered One, Two, Three and Five, in the halls of the Fire Engine houses located respectively in those precincts; in Precinct numbered Four in the upper hall of the Town House, and in Precinct numbered Six, in Grand Army Hall, over the store of Henry Loud on Broad street, on Monday, the Fourth Day of March next, at six o'clock in the forenoon, then and there to bring in to the Wardens of their several precincts their votes, on one ballot, for the following-named Town Officers, to wit: Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, five Assessors, three Auditors, Collector of Taxes, ten Constables, Water commissioner for three years, two School Committee for three years, Park Commissioner for three years, and three Trustees of the Tufts Library for three years; and also to vote on the same ballot, "Yes" or "No" upon the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?"

The Polls will open at six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants, qualified to vote as aforesaid, to meet at the Town House in said town on Monday the Eleventh Day of March next, at nine o'clock in the forenoon, then and there to act on the following articles, namely :

Article 1. To choose a moderator for said meeting.

Art. 2. To choose all other necessary town officers except those elected by ballot.

Art. 3. To hear and act upon the reports of the several boards of town officers, and of any committee appointed at any former meeting, and to choose any committee the town may think proper.

Art. 4. To see what sum of money the town will vote to raise and appropriate for the support of public schools.

Art. 5. To see if the town will vote to instruct the school committee to employ a superintendent of schools.

Art. 6. To see what sum of money the town will vote to raise and appropriate for the repairs of highways, townways and bridges.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 8. To see what sum of money the town will vote to appropriate for the payment of state aid, military aid, and for relief under Chapter 447 of the Acts of 1890, to disabled soldiers and seamen, and the families of disabled soldiers and seamen, and to determine how much of the same shall be raised by taxation.

Art. 9. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

Art. 10. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 11. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

Art. 12. To see what sum of money the town will vote to raise and appropriate for abatement and remittance of taxes.

Art. 13. To see what sum of money the town will vote to raise and appropriate for the payment of interest that may become due the ensuing year.

Art. 14. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

Art. 15. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

Art. 16. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

Art. 17. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

Art. 18. To see what sum of money the town will vote to raise and appropriate for care and repair of the town house.

Art. 19. To see what sum of money the town will vote to raise and appropriate for electric lighting.

Art. 20. To see if the town will authorize and direct the treasurer, with the approval of the selectmen, to borrow temporarily in anticipation of the taxes of the present municipal year, the sum of \$70,000, as the same may be from time to time required and to give the negotiable note or notes of the town for money so borrowed, and that all such temporary loans shall be payable from the said taxes.

Art. 21. To see what sum of money the town will vote to raise and appropriate for hydrants and for water rent and care of drinking fountains.

Art. 22. To see if the town will vote to appropriate from the revenue of the water works for the current year, the sum of \$25,720 to be expended for the following purposes, \$17,120 for the interest on the Weymouth water loan becoming due the ensuing year; \$2,700 for salaries of the superintendent of the works and engineer at the pumping station; \$2,200 for maintenance of works and \$3,700 for all other necessary expenses.

Art. 23. To see if the town will appropriate and direct to be paid to the trustees of the sinking fund out of the income of water rates for the current year the sum of \$8,560 to be set apart and invested as a sinking fund for the payment at maturity of the principal of the Weymouth Water Loan Bonds.

Art. 24. To see if the town will appropriate the sum of \$3,000 for the purpose of extending the main water pipe line.

Art. 25. To see what sum of money the town will vote to raise and appropriate, or will appropriate, to provide for any deficiencies in the appropriations for the current year, or for any overdraft already made.

Art. 26. To determine in what manner taxes shall be collected the ensuing year, and to fix the rate of interest upon all taxes remaining unpaid after the time fixed for payment.

Art. 27. To choose a committee on appropriations, to report at the next annual meeting.

Art. 28. To see if the town will authorize its Selectmen to act as attorneys to defend the town in any suit that may be brought against it.

Art. 29. To see if the town will vote to raise and appropriate the sum of \$4,000 for the payment of a note for that amount becoming due the ensuing year.

Art. 30. To see if the town will recommend the granting of sixth-class licenses to all druggists in the town, or act in any manner in relation to the same.

Art. 31. To see what sum of money the town will vote to raise and appropriate for the purpose of suppressing the illegal sale of intoxicating liquors, and to determine the manner of expending the same.

Art. 32. On petition of M. E. Hawes and others: "To see if the town will vote to raise and appropriate the sum of \$40,000, to build a town house at Weymouth Center.

Art. 33. On petition of John A. Connell and others: "To see if the town will raise and appropriate the sum of \$30,000 to build a high school building at Weymouth Center.

Art. 34. On petition of John G. Worster and others: "To see if the town will raise and appropriate the sum of \$2,500,—\$500 for each Ward,—to sprinkle the main streets of each Ward of the town, from May 1st to October 15th.

Art. 35. To see what sum of money the town will vote to raise and appropriate for working the re-location of Bridge street, as laid out by the County Commissioners.

Art. 36. To see what sum of money the town will vote to raise and appropriate for the construction of the street off Sea street, accepted by the town at the last annual meeting.

Art. 37. On petition of John A. Connell and others: "To see if the town will raise and appropriate \$500 to work the street leading from Pleasant street, which was accepted by the town at the last annual meeting."

Art. 38. On petition of John A. Connell and others: "To see if the town will raise and appropriate the sum of \$600, to be expended on Lake street the ensuing year."

Art. 39. On petition of W. J. Dunbar and others: "To see if the town will raise and appropriate the sum of \$300 for the purpose of draining Commercial square, Water, School, High and Broad streets."

Art. 40. On petition of Arthur Cunningham and others: "To see if the town will raise and appropriate the sum of \$300 to complete the sidewalk on the east side of Middle street, between Hillside avenue and the Bates estate."

Art. 41. On petition of N. B. Peare and others: "To see if the town will raise and appropriate the sum of \$300 for the purpose of working the proposed widening and re-location of Cedar street."

Art. 42. To see if the town will vote to raise and appropriate the sum of \$300 for the purpose of working the extension of Phillips street to Prospect street, as laid out and accepted by the town.

Art. 43. To see if the town will vote to raise and appropriate \$100 to complete the working of the widening of Torreys lane.

Art. 44. To see if the town will vote to raise and appropriate the sum of \$500 for the purpose of working the re-location of Front street, as laid out by the County Commissioners.

Art. 45. On petition of Elbridge Nash and others: "To see if the town will raise and appropriate the sum of \$500 to complete Tower avenue, Ward 5."

Art. 46. On petition of Edgar S. Wright and others: "To see if the town will vote to raise and appropriate the sum of \$800 for the purpose of procuring a hook and ladder truck for the Resolute Hook and Ladder Company, Ward 5."

Art. 47. On petition of Edward I. Pratt and others: "To see if the town will vote to raise and appropriate the sum of \$300, or such other sum as may be necessary, for the purpose of purchasing a hose carriage or wagon for the use of Hose Company No. 7 of the Weymouth Fire Department."

Art. 48. On petition of William W. Burke and others: "To see if the town will vote to establish and maintain a plant for electric lighting in town, or act on anything relating thereto."

Art. 49. On petition of George E. Perry and others: "To see if the town will authorize the placing of electric lights on Pond street, from near the Depot to Pooles Corner, the light at the last-named place to be an arc light, and appropriate money for the same."

Art. 50. On petition of Moses R. Greeley and others: "To see if the town will appropriate a sum sufficient to place a marker of the Society of the Sons of the American Revolution at the grave of each Revolutionary soldier or sailor buried in this town, the expense not to exceed one dollar each."

Art. 51. On petition of John E. Farrell and others: "To see if the town will instruct the Board of Selectmen or Superintendent of Streets that in the employment of teams on the highways an equal division of work be given to owners of teams in the different wards."

Art. 52. On petition of M. W. Lynch and others: "To see if the town will vote to instruct the Board of Selectmen to pay \$2.00 per day to all able-bodied men for work performed by the town, whether by contract or otherwise, and preference to be given to the townspeople, and that nine hours shall constitute a full day's work."

Art. 53. To see if the town will vote to accept the report of the Selectmen on the re-location of Cedar street.

Art. 54. At the request of James Humphrey: "To see if the town will raise and appropriate any sum of money for the purpose of making surveys of the boundary and street lines of the town, preparatory to the making of a correct map of Weymouth, and will appoint a committee to superintend the expenditure of such appropriation."

Art. 55. To see if the town will raise and appropriate \$300 for the purpose of re-setting the curbstone and re-paving the gutter on the easterly side of Washington street, from Washington square to Richmond street.

Art. 56. To see if the town will raise and appropriate \$250 for the purpose of building a retaining wall on Broad street, opposite the Hunt schoolhouse.

Art. 57. To see if the town will authorize the placing of electric lights on Union street, from near the residence of Edward May to the Rockland line, and appropriate money for the same.

Art. 58. To hear and act on the report of the committee chosen at the last annual town meeting to purchase a stone crusher, etc., and raise or appropriate any money which may be necessary to carry out the recommendations of said report.

Art. 59. On petition of E. S. Wright and others: "To see if the town will indemnify Christopher P. Tower, on account of expenses incurred and loss of time from injuries received, by being thrown from the road-scraper about one and one-half years ago, incapacitating him from performing any labor since."

And you are directed to serve this warrant by posting attested copies thereof in three public places in each ward in said town, seven days at least before the said fourth day of March next.

Hereof fail not and make due return of this warrant, with your doings thereon, to the Town Clerk before the first day of March next.

Given under our hands, at Weymouth, this twenty-first day of February, in the year of our Lord one thousand eight hundred and ninety-five.

BRADFORD HAWES,
HENRY A. NASH,
NELSON W. GARDNER,
C. E. BICKNELL,
GORDON WILLIS,
Selectmen of Weymouth.

Pursuant to the above order, I this day posted true and attested copies of this warrant, in three and more public places in each ward in said town, as herein required.

B. F. RICHARDS,
Constable of Weymouth.

February 23, 1895.

A true copy.

Attest: JOHN A. RAYMOND, *Town Clerk.*

BRADFORD HAWES,
HENRY A. NASH,
NELSON W. GARDNER,
C. E. BICKNELL,
GORDON WILLIS,
Selectmen of Weymouth.

WEYMOUTH, March 4, 1895.

Voted, To accept the report of the Selectmen as printed (except the Jury List) after making the following changes: on page 44 (highways) Joshua Shaw, \$2.00 should be Jackson Shaw, on page 62 (removing snow), George Ruggles, 14 hours, at 25c., \$3.50, should be George Briggs.

Voted, To accept the Jury List as printed.

Voted, to accept the remaining reports of the several boards of town officers as printed.

The committee appointed at the last annual meeting, to consider the subject of the consolidation of the North and South High Schools reported as follows:

The committee appointed under this vote have held several meetings and have listened to suggestions from members of the School Board, Superintendent of Schools and others, and report that in their judgment it is advisable to consolidate our High Schools but that it is not practicable to do so at the present time.

Voted, That the report be accepted.

The Committee on By-Laws asked for further time.

Voted, That it be granted.

Voted, That a committee consisting of one from each Ward, be appointed by the Moderator, to investigate the matter of keeping two teams at the Town Farm or any other matter in relation to the same.

The following were appointed as the committee:—

John. F. Dwyer,	Jacob F. Dizer,
Lawrence A. Blanchard,	Charles Hawes,
Francis A. Bicknell.	

The Committee appointed to investigate the charges preferred by two of the former Selectmen against the Committee to enforce the liquor laws, presented their report in print.

Voted, That it be accepted.

Art. 4. *Voted*, To raise and appropriate the sum of \$41,000 for the support of the public schools, and appropriate one half the dog tax, the alewife fund, and the tuition of non-resident pupils, for the same purpose for the ensuing year.

Art. 5. *Voted*, That the School Committee be instructed to employ a Superintendent of Schools.

Art. 6. *Voted*, To raise and appropriate the sum of \$10,000 for the repairs of highways, townways, and bridges \$1,500 for the removal of snow, and \$1,000 for Hingham and Quincy bridge.

Art. 7. *Voted*, To raise and appropriate \$12,000 for the support of the poor, and appropriate \$2,000 for the same purpose, for the ensuing year.

Art. 8. *Voted*, To raise and appropriate \$3,000 for payment of State and Military aid, and for relief under Chap. 447 of the Acts of 1890, \$700 of this amount to be applied under Chap. 279 \$1,000 under Chap. 301 and \$1,300 under Chap. 447 and to appropriate \$640 under Chap. 279 and \$6,290 under Chap. 301 for the same purpose.

Art. 9. *Voted*, To raise and appropriate \$4,500 for the support of the fire department and to procure an \$800 hook and ladder truck for Ward Five, and to appropriate the unexpended balance of the appropriation for the fire department of 1894 for the same purpose.

Art. 10. *Voted*, To raise and appropriate \$3500 for Police service, and to appropriate the unexpended balance of last year for the same purpose, and that the Selectmen be instructed to use \$200 of the same for the protection of fish and game.

Art. 11. *Voted*, To raise and appropriate \$2,000 for Tufts Library, and to appropriate one half of the dog tax and the rents of the Library building.

Art. 12. *Voted*, To raise and appropriate \$800 for the abatement and remittance of taxes.

Art. 13. *Voted*, To raise and appropriate \$2,700 for the payment of interest that may become due the ensuing year.

Art. 14. *Voted*, To raise and appropriate \$1,300 for printing and advertising.

Art. 15. *Voted*, To raise and appropriate \$2,500 for miscellaneous expenses for the ensuing year.

Art. 16. *Voted*, To raise add appropriate \$5,500 for the payment of Town Officers. The Selectmen, Overseers of the Poor and Board of Health to receive \$2,600, the Assessors \$1,100, also a sum not exceeding \$200 for clerk hire, Town Clerk, \$125, Town Treasurer, \$450, Auditors, \$30, School Committee for services and expenses, \$350.

Art. 17. *Voted*, to raise and appropriate \$400 for Memorial Day.

Art. 18. *Voted*, To raise and appropriate the sum of \$150 for the care and repair of the Town house for the ensuing year.

Article 19. *Voted*, To raise and appropriate the sum of \$6,500 for electric lighting for the ensuing year.

Art. 20. *Voted*, That the Treasurer be and is hereby authorized and directed, with the approval of the selectmen, to borrow temporarily, in anticipation of the taxes of the present municipal year, the sum of seventy thousand dollars (\$70,000), as the same may be from time to time required, and to give the negotiable note or notes of the town for money so borrowed; and that all such temporary loans shall be payable for the said taxes.

Art. 21. *Voted*, To appropriate the sum of \$7,000 for hydrants, water rents and the care of drinking fountains, for the ensuing year.

Art. 22. *Voted*, To appropriate from the revenue of the water works for the current year the sum of \$25,720 to be expended for the following purposes, viz.: \$17,120 for the interest on the Weymouth water loan, becoming due the ensuing year; \$2,700 for salaries of the superintendent of the works and engineer at the pumping station; \$2,200 for maintenance of the works, and \$3,700 for all other necessary expenses.

Art. 23. *Voted*, To appropriate from the income of the water rates for the current year, the sum \$8,560, to be paid to the trustees of the sinking fund, to be set apart and invested as a sinking fund, for the payment at the maturity of the principal of the Weymouth water bonds.

Art. 24. *Voted*, That the town appropriate the sum of \$3,000 for the purpose of extending the main water pipe line, from any money in the treasury to the credit of water works.

Art. 25. *Voted*, To raise and appropriate the sum of \$1,394.72 for deficiencies and overdrafts in 1894 as follows: \$295.01 for repairing highways, \$45.06 for setting curbstones, \$20.00 land damage, \$34.05 printing and advertising and \$1,000 for the poor and to appropriate \$3,092 for bills payable.

Art. 26. *Voted*, That all taxes shall become due and payable on or before the tenth day of October next, and that the collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of 6 per cent. per annum.

Art. 27. *Voted*, That a committee consisting of one from each Ward be appointed by the Moderator, to nominate a committee on appropriations to consist of three from each Ward and to report at the next annual meeting.

The Moderator appointed the following :—

Geo. E. Porter,	Henry A. Nash, Jr.,
John H. Stetson,	Adoniram Vining,
Marshall C. Dizer.	

The Committee made the following nominations, viz ;—

Ward 1—James Humphry, Frank H. Torrey, Henry A. Nash.

Ward 2—James J. Mahoney, John W. Bates, Z. L. Bicknell.

Ward 3—John W. Hart, Francis Ambler, Chas. P. Hunt.

Ward 4—James Moore, Charles Hawes, John Blanchard.

Ward 5—Minot Tirrell, Herbert W. Sears, Henry B. Reed.

Voted, That they be accepted.

Art. 28. *Voted*, That the Selectmen act as Attorneys to defend the town in any suit which may be brought against it.

Art. 29. *Voted*, To raise and appropriate the sum of \$4,000 for the payment of a note for that amount becoming due the ensuing year.

Art. 30. *Voted*, That the Selectmen be instructed to grant no sixth class licences to any druggist.

Art. 31. *Voted*, That the Selectmen be instructed to suppress the illegal sale of intoxicating liquors.

The Moderator appointed the following Tellers and administered the oath to them, viz. :—

E. B. Nevin and W. T. Rice.

Art. 32. In relation to a new Town Hall, a motion was made under this article, but was not carried.

Art. 33. *Voted*, That this article in relation to building a high school building at Weymouth Center, be indefinitely postponed.

Art. 34. *Voted*, That the consideration of this article in relation to the watering of the streets be indefinitely postponed.

Art. 35. *Voted*, To raise and appropriate \$600 for working the relocation of Bridge street, as laid out by the County Commissioners, and that this and all other special appropriations for the working of new streets made at this meeting shall be advertised and done by contract by the lowest responsible bidder.

Art. 36. *Voted*, To raise and appropriate \$500 for the construction of the street, off Sea street, accepted by the town at the last annual meeting.

Art. 37. *Voted*, To raise and appropriate the sum of \$500, to work the street leading from Pleasant street, which was accepted by the town at the last annual meeting.

Art. 38. *Voted*, To raise and appropriate the sum of \$600, to be added to the amount appropriated for highways, and that it be expended on Lake street, under the direction of the Superintendent of streets.

Art. 39. *Voted*, That this article in relation to draining Commercial square, be referred to the Superintendent of Streets.

Art. 40. *Voted*, To raise and appropriate the sum of \$300, to complete the sidewalk on the East side of Middle street, between Hillside avenue and Bates estate.

Art. 41. *Voted*, To lay this article on the table.

Art. 42. *Voted*, To raise and appropriate the sum of \$300, for the purpose of working the extension of Phillips street to Prospect street as laid out and accepted by the Town.

Art. 43. *Voted*, To raise and appropriate the sum of \$100, to complete the working of the widening of Torrey's lane.

Art. 44. *Voted*, To raise and appropriate the sum of \$500 for the purpose of working the re-location of Front street, as laid out by the County Commissioners.

Art. 45. *Voted*, To raise and appropriate the sum of \$500 to complete Tower avenue, Ward 5.

Art. 46. This article having been acted on in connection with Article 9, it was voted that the Chief Engineer, engineer in Ward 5 and Foreman of the Resolute Hook and Ladder Co., constitute a committee to purchase the hook and ladder truck already voted to purchase.

Art. 47. *Voted*, To raise and appropriate the sum of \$300 for the purpose of purchasing a hose carriage or wagon for the use of Hose Co. No. 7 of the Weymouth Fire Department.

Art. 48. This article in relation to the town establishing and maintaining an electric plant was not carried.

Art. 49. *Voted*, that this article in relation to the placing of electric lights on Pond street, be referred to the Selectmen.

Art. 50. *Voted*, To appropriate a sum sufficient to place a marker of the Society of the Sons of the American Revolution at the grave of each Revolutionary soldier or sailor buried in this town, the expense not to exceed one dollar each.

Voted, That a committee be appointed by the Moderator to carry the above vote into effect.

The Moderator appointed the following, Moses R. Greeley, Geo. L. Newton, Geo. F. Maynard, John W. Bates, Chas. E. Bicknell.

Art. 51. *Voted*, That the Selectman in each ward be requested to keep a list of all residents of the town who may apply for work on the town roads, and draw upon such list from time to time as they may require. A list of horse and cart owners shall in like-manner be kept and drawn from as required. All persons in employ shall be paid directly by the Selectman of each ward, who shall take their individual receipt therefor.

Art. 52. *Voted*, That the Board of Selectmen be instructed to pay \$2.00 per day to all able-bodied men for work performed for the town, whether by contract or otherwise, and that preference be given residents of the town, especially to men of families; and that nine hours constitute a day's work.

Furthermore, that nothing in this motion shall be construed so as to prevent the employment of person *not able-bodied*, at a lower rate of compensation. The same to also apply to horses and carts.

Art. 53. *Voted*, To accept the report of the Selectmen on the re-location of Cedar street.

Voted, To take Art. 41 from the Table.

Art. 41. *Voted*, To raise and appropriate the sum of \$300 for the working of the re-location of Cedar street.

Art. 54. *Voted*, To appoint a committee of five, to ascertain the probable cost of making surveys of the boundary and street lines of the town preparatory to the making of a correct map of Weymouth, and report at the next annual meeting.

Art. 55. *Voted*, That the article in relation to the re-setting of the curbstone on Washington street, be referred to the Superintendent of Streets.

Art. 56. *Voted*, To raise and appropriate the sum of \$250 for the purpose of building a retaining wall on Broad street opposite the Hunt schoolhouse.

Art. 57. *Voted*, That the article in relation to electric lights on Union street, be referred to the Selectmen.

Art. 58. Stone crushers: Several motions were made under this article but none were carried.

Voted, That the Selectmen act as Superintendent of Streets.

Art. 59. In relation to the claim of Christopher P. Tower. *Motion*, To refer this matter to the Selectmen, and to recommend that if, in their judgment the case is deserving compensation not exceeding \$200 shall be made from any available funds in the treasury.

Voted, To take up Art. 3.

Voted, To reconsider the vote, whereby the matter of electric lights were referred to the Selectmen, and that instead, such matters shall be referred to the same committee who served last year, also, that said committee make no contracts for over one year, and that any contract they may have made, they be allowed to cancel.

Voted, That the following report of the Committee appointed to nominate minor officers, be accepted.

JOHN A. RAYMOND, *Town Clerk.*

SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of the constables of the Town of Weymouth in said County,* GREETING :

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at Clapp's Hall, in said town, on Saturday, the 13th day of July, instant, at 7.45 o'clock in the evening, then and there, on the petition of W. W. Burke and nine others, to act upon articles numbered from one to eight, inclusive, viz :

Article 1. To choose a moderator.

Art. 2. To see if the town will vote to instruct the selectmen to call meetings of the voters in each of the several precincts in the town, for the purpose of bringing in their ballots upon the following question, namely : Is it expedient for the town to exercise the authority conferred in Section 1 of Chapter 370 of the Acts and Resolves of the year 1891, being an act to enable cities and towns to manufacture and distribute gas and electricity?

Art. 3. To see if the town will raise and appropriate the sum of \$10,000, or any part thereof, to be expended upon the highways in addition to the sum appropriated at the annual meeting.

Art. 4. To see if the town will appoint five workingmen, one from each ward, to superintend the expenditure of this money.

Art. 5. To see if the town will vote to instruct the Park Commissioners to take the unoccupied land bordering on Whitman's Pond, beginning at a point near the ice-house of George Lovell, on Middle street, and extending around and along the borders of said pond to a point at or near the upper dam formerly belonging to the Weymouth Iron Company; and also the vacant land at the

southern extremity of the pond comprising the territory bounded by Middle, Main, Washington and Pleasant streets, and Park avenue, for the purposes of a public park.

Art. 6. To see if the town will vote to raise and appropriate the sum of \$1,000 for the purpose of increasing the pay of the janitors of the schools and other public buildings, and that each janitor shall have a proportionate part of such increase.

Art. 7. To see if the town will instruct its officers to make an equal division of its official advertising and printing among the several papers published in Weymouth.

Art. 8. To see if the town will vote to appropriate the money derived from the fines for the illegal sale of liquor, to establish four scholarships in some college or school in Massachusetts, to be awarded to four of the brightest pupils in the High schools whose parents have not the means of giving them a college education.

Also to act upon the following articles, viz. :

Art. 9. To see if the town will vote to authorize the Selectmen to contract with the Massachusetts Highway Commission for the construction of so much of Ann street as lies within its limits, and will authorize its treasurer to borrow, from time to time, such sums of money as may be needed to carry out such contract.

Art. 10. Upon petition of Bradley Fertilizer Company and 49 others, to see if the town will erect and maintain a suitable line of electric lights along the line of Neck and River streets in the town of Weymouth, extending from Bridge street to the factory of the Bradley Fertilizer Company at the foot of River street in said town.

Art. 11. Upon the petition of the School Committee, to see if the town will vote to raise and appropriate the sum of \$200 for the conveyance of scholars on Summer street to the schools in Ward 3.

Art. 12. To see if the town will authorize the Selectmen to sell and convey the property on Broad street in Ward 2 used for Engine House and Lockup; also the property on Lincoln square in Ward 3 now used for Engine House.

And you are directed to serve this Warrant, by posting attested copies thereof, in three public places in each ward in said town, seven days at least before the time of holding said meeting.

• Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk at or before the time of said meeting.

Given under our hands at Weymouth this second day of July in the year of our Lord one thousand eight hundred and ninety-five.

GORDON WILLIS,
BRADFORD HAWES,
NELSON W. GARDNER,
C. E. BICKNELL,
GEORGE L. NEWTON,
Selectmen of Weymouth.

NORFOLK, SS.

WEYMOUTH, July 6, 1895.

Pursuant to the foregoing Warrant I this day posted true and attested copies thereof in three and more public places in each Ward in said town, as therein required.

ASA B. PRATT,
Constable of Weymouth.

A true copy, attest.

JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

Pursuant to the foregoing Warrant, a legal meeting of the inhabitants of the town of Weymouth was held at Clapp's Hall in said Town, on Saturday, July 13, 1895, at 7.45 P. M., the meeting being called to order and the Warrant read by the Town Clerk.

Art. 1. Judge James Flint was elected Moderator by ballot, the check list being used in the election.

Voted, to take up Article 12.

Art. 12. *Voted*, That in taking a vote on this article, it be divided.

The Moderator appointed N. D. Canterbury and Henry A. Richards as Tellers, and they were sworn by the Town Clerk.

Voted, That the Selectmen be authorized to sell and convey to M. C. Dizer & Co., the property on Broad street, in Ward 2, used for Engine House and Lockup, upon such terms and conditions as will be for the best interest of the town.

The result of the vote being, Yes 120 ; No 0.

Voted, To indefinitely postpone the second part of the article.

Voted, to take up Article 11.

The Moderator decided that the town could not raise money at this time, so the article was passed over, as being illegal.

Voted. To take up Article 10.

This article in relation to electric lights on Neck and River streets, was not carried. 100 voters not voting in the affirmative.

The result being, Yes 80 ; No 0.

Voted, To take up Article 9.

By a vote of Yes 0 ; No 36 : the town refused to authorize the Selectmen to contract with the Mass. Highway Commissioner for the construction of Ann street.

Voted, To take up Article 2.

Voted, That this Article be indefinitely postponed.

Voted, To take up article 3, and this article was not carried.

Voted, To adjourn.

ATTEST:

JOHN A. RAYMOND,

Town Clerk.

SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To either of the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at Clapp's Hall, in said town, on Saturday, the 10th day of August, instant, at 8 o'clock in the evening, then and there to act upon the following articles, namely :

Article 1. To choose a moderator.

Art. 2. Upon the petition of F. A. Sulis and nine others, to see if the town will empower the Selectmen to sell the lot of land on the corner of Broad and Washington streets in Ward Three, now used as the site for an Engine House, and also authorize the Treasurer to execute a deed for the same.

Art. 3. To see if the town will authorize the Treasurer to execute a deed for the Engine House and Lockup lot in Ward Two if the same shall be sold.

Upon the petition of W. W. Burke and fourteen others, to act upon articles numbered from 4 to 11 inclusive.

Art. 4. To see if the town will vote to appropriate \$10,000 or any part thereof for the purpose of widening, straightening, and repairing the highways of said town, the money to be expended during the year 1895, and authorize the town Treasurer to borrow on the town notes such sum of money as may be voted for that purpose.

Art. 5. To see if the town will appropriate \$200 for the transportation of school children residing on Summer street from their homes to the school and return, and authorize its Treasurer to borrow on the town note the sum of \$200.

Art. 6. To see if the town will instruct the Electric Lighting Committee to contract with the Weymouth Electric Light Company for ten electric lights to be established and maintained upon Neck and River streets in said town, and appropriate the sum of \$250 therefor, and that the Treasurer be authorized to borrow that sum on the town note.

Art. 7. To see if the town will instruct the Selectmen to call a meeting of the voters of the town to bring in their ballots on the question: Is it expedient for the town to accept the provisions of that chapter of the Acts and Resolves of 1891, entitled: "An act to enable cities and towns to manufacture and distribute gas and electricity."

Art. 8. To see if the town will instruct the Park Commissioners to confer with the Metropolitan Park Commission in regard to taking any land in the town for the purpose of a Public Park, with a view to incorporating it in the Metropolitan system of Parks.

Art. 9. To see if the town will vote to authorize, empower and instruct its Treasurer to borrow, on behalf and in the name of the town, upon its promissory notes, with the approval of the Selectmen, such sum of money as may be voted under any and all articles in this warrant.

Art. 10. To see if the town will vote to instruct its town officers to make an equal division of its printing and advertising between the newspapers published in Weymouth.

Art. 11. To see if the town will vote to discharge the Committee on Electric Lighting, and place the matter in the hands of the Selectmen, which board alone has any lawful authority to represent the town in the matter.

And you are directed to serve this Warrant, by posting attested copies thereof, in three public places in each ward in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk at or before the time of said meeting.

Given under our hands at Weymouth, this first day of August in the year of our Lord one thousand eight hundred and ninety-five.

GORDON WILLIS,
BRADFORD HAWES,
NELSON W. GARDNER,
C. E. BICKNELL,
GEORGE L. NEWTON,
Selectmen of Weymouth.

WEYMOUTH, August 3, 1895.

Pursuant to the foregoing Warrant, I this day posted true and attested copies thereof in three and more public places in each Ward in said town of Weymouth, as within directed.

ASA B. PRATT,
Constable of Weymouth.

A true copy—Attest:

JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant, a legal meeting of the inhabitants of the town of Weymouth was held at Clapp's Hall, in said town, on Saturday, August 10, 1895, at 8 o'clock p. m., the meeting being called to order and the warrant read by the Town Clerk.

Article 1. Louis A. Cook, Esq., was elected Moderator, by ballot, the check list being used in the election.

Art. 2. *Voted*, That the selectmen be empowered to sell the lot of land on the corner of Broad and Washington streets, Ward 3, now used as a site for an engine-house, and that the Treasurer be authorized to execute a deed for the same.

Art. 3. *Voted*, That the Treasurer be authorized to execute a deed for the engine-house and lock-up lot in Ward 2, if the same shall be sold.

The Moderator appointed F. A. Lewis and W. W. Burke as tellers, and administered the oath to them.

Articles 4, 5 and 7 were not carried.

Art. 6. *Voted*, To lay this article on the table.

Art. 8. *Voted*, That the Park Commissioners be instructed to confer with the Metropolitan Park Commission in regard to taking any land in the town for the purpose of a public park, with a view to incorporating it in the Metropolitan system of parks.

Articles 9 and 11 were passed over.

Art. 10. *Voted*, That the Town Officers be instructed to make an equal division of the printing and advertising between the newspapers published in Weymouth.

Voted, To adjourn.

Attest:

JOHN A. RAYMOND,
Town Clerk.

PRECINCT 6.

Frank L. Darling, Warden ; Sidney W. Raymond, Deputy Warden ; Dennis J. Slattery, Clerk ; Matthew W. Lynch, Deputy Clerk ; Edward W. Shackford, Thomas F. Eagan, Inspectors ; Arthur M. Hawes, Edward A. Powers, Deputy Inspectors.

Yours respectfully,

BRADFORD HAWES,

Clerk of the Selectmen of Weymouth.

WEYMOUTH, MASS., Oct. 24, 1895.

John A. Raymond, Esq. Town Clerk,

Dear Sir:—At a meeting of the Selectmen held this day, the following named Police Officers were detailed for duty at the polls on the day of election, Nov. 5, 1895 :

Precinct No. 1. B. F. Richards, Isaac H. Walker.

Precinct No. 2. Asa B. Pratt, Arthur H. Pratt.

Precinct No. 3. Thomas Fitzgerald, Oliver Houghton.

Precinct No. 4. Geo. B. Bailey, Geo. F. Maynard.

Precinct No. 5. F. Wilbur Loud, Michael Allen.

Precinct No. 6. N. B. Peare, Patrick Butler.

Yours respectfully,

BRADFORD HAWES,

Clerk of Selectmen.

WEYMOUTH, MASS., Oct. 28, 1895.

In accordance with Chap. 417, Sect. 176, Acts of 1893, I, this day, destroyed all the ballots cast at the elections held in this town Nov. 6, 1894 and March 4, 1895, without examining them or permitting them to be examined by any person.

JOHN A. RAYMOND,

Town Clerk.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of Constables of the Town of Weymouth, in said County,* GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at the polling places in their respective precincts, to wit: In precincts numbered one, three, and five, in the halls of the fire engine houses located respectively in those precincts. In precinct numbered two in the hall of the engine house now located on Broad street in precinct six. In precinct numbered four, in the upper hall of the Town House, and in precinct numbered six, in G. A. R. Hall, on Broad street, on Tuesday, the fifth day of November, next, at six o'clock in the forenoon, then and there to bring in to the wardens of their several precincts. their votes on one ballot, for the following-named public officers, to wit :

For Governor of the Commonwealth.

For Lieutenant-Governor.

For Secretary of the Commonwealth.

For Treasurer of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General.

For Councillor of the Second District.

For Senator for First Norfolk District.

For three Representatives in the General Court for the Fifth Norfolk District.

For District Attorney for the Southeastern District.

For Sheriff in and for the County of Norfolk.

For County Commissioner in and for the County of Norfolk.

For two Special Commissioners in and for the County of Norfolk.

Also to notify and warn the inhabitants of said town of Weymouth, qualified to vote for School Committee, to express their opinion by voting "Yes" or "No" in answer to the following question: "Is it expedient that municipal suffrage be granted to women?"

The polls will be opened at six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

And you are required to serve this Warrant by posting up attested copies thereof, in three public places in each precinct in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk of said town, three days at least before the time of the meeting aforesaid.

Given under our hands at Weymouth, this twenty-fourth day of October, in the year of our Lord one thousand eight hundred and ninety-five.

GORDON WILLIS,
BRADFORD HAWES,
NELSON W. GARDNER,
C. E. BICKNELL,
GEORGE L. NEWTON,
Selectmen of Weymouth.

NORFOLK, ss.

WEYMOUTH, October 26, 1895.

Pursuant to the within Warrant I this day posted true and attested copies thereof in three and more public places in each precinct in said town of Weymouth as within required.

ASA B. PRATT
Constable of Weymouth.

A true copy, ATTEST:

JOHN A. RAYMOND,
Town Clerk.

TOWN HALL, WEYMOUTH, Nov. 6, 1895.

A meeting of the Selectmen and Town Clerk was held this day at the Town Hall, for the purpose of examining the copies of

records of votes cast in the several precincts of the town, at the election held on Tuesday, Nov. 5, 1895, in accordance with the foregoing warrant, and to make an aggregate of the same, the result being as follows :

Selectmen of Weymouth.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The Board of Trustees respectfully submit their seventeenth annual report, as follows :—

The library was opened for the delivery of books 304 days during the year 1895. The number of volumes loaned for home use was 64,771, an average of 213 volumes daily, and a yearly average of 5.73 volumes for each inhabitant of the town. The largest number of loans in one day was 454 on February 23, and the smallest number was 39 on July 22. During the month of March there was a delivery of 6507 volumes, which was 314 volumes in excess of any previous monthly record. 32,536 volumes were delivered at the library, and 32,235 volumes through the several agencies, as follows :—

Precinct 1. Bartlett's store	4,865
Precinct 1. Holden & Sladen's store	1,511
Precincts 2 and 6. Salisbury's store	10,148
Precincts 2 and 6. Bates & Humphrey's store	2,733
Precinct 4. Lovells Corner	1,427
Precinct 4. Nash's store	4,099
Precinct 5. Foster's store	7,452

The agency at Holden & Sladen's store in Precinct 1 was established during the year, and the first delivery of books made on March 22.

Mr. Foster, after having conducted the agency in Precinct 5 for several years with entire satisfaction to the Trustees, resigned the charge on account of the inadequacy of his compensation, and Mr. C. H. Tinkham will take the agency at the beginning of the year.

The teachers have borrowed 2943 volumes on their special cards, and some of them have made valuable suggestions to their pupils in regard to the selection of books.

The classification of the whole circulation is as follows:—

Arts, three per cent; biography, two and five-tenths per cent; fiction, sixty eight and five-tenths per cent; history, four and two-tenths per cent; literature, three per cent; natural science, two and two-tenths per cent; poetry, two per cent; social science, one per cent; theology, four-tenths per cent; travels, five and two-tenths per cent; and periodicals, eight per cent.

Commencing with January 12, the special non-fiction card was issued to all applying for it, and 425 of these cards have been taken. That this privilege has been appreciated is evinced by the use of the card by members of the various literary and debating societies, readers of magazine literature, and a considerable class of younger students, and by the consequent reduction in the circulation of fiction to its present per cent, which is the lowest in the history of the library.

The number of borrowers' cards to date is 7,700, 354 having been issued during the year; but this is exclusive of the special cards, as the two cards given to a borrower bear the same number.

817 volumes were added to the library, making the whole number of accessions 16,980. Of these, sixty-nine were gifts, sixty-one periodicals of the reading room, bound by the library, and seven hundred eighty-seven were purchased, one hundred eleven of which replaced worn out books or duplicated popular novels.

The annual inspection of the library was made as usual, and showed that six books were missing. Of this number three must be counted as lost, but it is possible that the others may be found.

The annual bulletin containing the titles of all additions for the year was published as usual. The year's accessions are classified as follows:—Fine arts, twenty-one volumes; music, twenty; useful arts, eleven; biography, seventy-five; books of reference, twenty-eight; fiction, one hundred eighty-seven; juvenile fiction, seventy-one; history, forty; literature, fifty-five; natural science, thirty-one; poetry, twenty-two; social science, twenty-eight; theology, seventeen; and travels, thirty-eight.

The following list contains some of the more important works

added to the library during the year :—Abbey's Quest of the Holy Grail, Lübke's Outlines of the History of Art, Scenes from Many Lands, Butterworth's Growth of Industrial Art, Atkinson's Electricity for Everybody, Appleton's American Cyclopaedia, and Cyclopaedia of American Biography in 6 vols., Smith's Century Cyclopaedia of Names, Larned's History for Ready Reference in 5 vols., Baird's Huguenots and the Revocation of the Edict of Nantes, Brown's Pilgrim Fathers of New England and their Puritan Successors, Winsor's Mississippi Basin, Arnold's Letters, Dowden's New Studies in Literature, Vol. I of Jusserand's Literary History of the English People, Vol. XI of Morley's English Writers, Chapman's Birds of Eastern North America (illust.), Eaton's Ferns of North America, in 2 v., Shaler's Sea and Land, Stedman's Victorian Anthology, Stanley's My Early Travels, Sayce's Higher Criticism, Wey's Rome, and Vols. VI, VII and VIII of Johnson's Universal Cyclopaedia.

A marked increase in the use of the reference library has resulted, in a large measure, from the increased facilities for access to it by those living beyond the limits of the Precinct in which it is located, and the valuable additions during the last year to the works kept upon its shelves have made it more useful to students than before; but we learn, from those in charge, that some who frequent it are forgetful of the old maxim that "Each one should so exercise his own rights, as not to encroach on the rights of others," and disregarding the conspicuous posted cautions to the contrary, indulge in conversations and discussions which seriously interfere with its use for study by those who resort to it for that sole purpose. The trustees would also suggest to those who visit the library for investigation, that, since Saturday is the busiest day of the week at the delivery desk, they will find the librarians less occupied with imperative duties on any other day, and therefore better able to render any assistance in their power to such visitors.

The library has received in gifts from those whose names appear in the appended list, many valuable books, periodicals and public documents, for which the Trustees extend their sincere thanks to the donors.

In December last, Miss Anna H. Tower of this town presented to the Tufts Library a large and excellent portrait of Amos S. White, Esq. This most appropriate and acceptable gift has been placed upon the wall of the delivery room of the Library building, as a lasting memorial of one of the most earnest and efficient promoters of the founding of the Library, and of one of its board of Trustees from the date of its organization, faithfully acting as their Clerk and Treasurer for nearly the whole of that period, and until his death.

The increasing circulation of the library and the large expenses attending the transportation and delivery of books from the seven agencies now existing, require the practice of a careful economy in order to bring the expenditures within the limit of the means annually appropriated by the town during the last three years; but, in the belief that the financial situation of the town will not now justify an increase over those appropriations, the Trustees ask for the same as last year; namely, two thousand dollars, with the rents of the library building and one-half of the dog tax.

FRANK H. MASON,
Treasurer.

ANNUAL REPORT

—OF—

WATER COMMISSIONERS,

—OF THE—

TOWN OF WEYMOUTH, MASS.

1895.

WATER COMMISSIONERS.

AUGUSTUS J. RICHARDS. Chairman.

HENRY A. NASH, Secretary.

THOMAS H. HUMPHREY.

JOHN H. STETSON, Treasurer.

GORDON WILLIS.

OFFICERS.

GEORGE J. RIES, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer at Pumping Station.

Commissioner's and superintendent's office at Weymouth Center.

All bills made out and presented from this office.

Water rents payable April 1 and October 1, in advance, at Town Treasurer's office, First National Bank, in Fogg building, South Weymouth.

WATER COMMISSIONERS' REPORT.

The Water Commissioners of the Town of Weymouth respectfully submit their annual report.

Income for 1895.

From the town for hydrants	\$6,760 00
From the town for drinking fountains	240 00
Water rents, collected	27,462 86
Water rents, due	1,226 19
	\$35,689 05
Total	\$35,689 05
Deduct rents due in 1894	\$1,348 65
Less rebate	38 19
	\$1,310 56
	\$31,378 49
Total rents for 1895	\$31,378 49
Amount of rents for 1894	33,038 44
	\$1,340 05
Increase in 1895	\$1,340 05
Number of services added in 1895	92
Whole number of services	2,250
Water takers added 1895	105
Whole number of water takers	2,361
Number of houses supplied	2,073
Number of houses on pipe line not supplied	120
Number of houses that pipe line does not reach	120

(For itemized statement, See Report of the Superintendent.)

Mr. George J. Ries as superintendent, and Mr. George W. Sargent as engineer at the pumping station still continue in our service, and have performed the duties of their office in a satisfactory manner, and have been engaged for the ensuing year.

Your commissioners would congratulate the town on the satisfactory gain in receipts for water the past year.

The calls for extension of mains from different sections of the town have had our careful consideration, and have in all cases been granted where the prospective revenues would warrant.

An appropriation of \$3000 is asked for the purpose of making such extensions as may be deemed necessary for the ensuing year also an appropriation of \$33,320 from the revenue of the works to be applied as follows :

Interest on bond	\$17,280 00
Payment to Sinking Fund	8,640 00
Superintendents' salary	1,800 00
Maintenance of works	1,700 00
Pumping station	2,500 00
Current expenses	400 00
Commissioners	300 00
Office expenses	700 00

Respectfully submitted,

AUGUSTUS J. RICHARDS,
 THOMAS H. HUMPHREY,
 HENRY A. NASH,
 JOHN H. STETSON,
 GORDON WILLIS,
Water Commissioners.

Respectfully submitted,

JOHN H. STEINSON,

Treasurer.

WEYMOUTH, Dec. 31, 1895.

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:—

GENTLEMEN,—I herewith submit my tenth annual report for the year ending December 31st, 1895.

POND.

The water in the pond during the past year has not been lower than two feet three inches below full pond and at present is within six inches of high water mark.

PUMPING STATION AND CONTENTS.

Both pumps are in good condition. Last February the steam end of the Deane Pump was newly covered with plastic magnesia; aside from this only a few slight repairs have been needed.

Six new tubes have been put in boiler No. 2, no other repairs have been called for.

The boiler inspector's report states that our boilers are in good condition both internally and externally.

STAND-PIPE.

The Stand-pipe is in good condition but will need painting inside this spring. The new indicator, which has been put in the Pumping Station, giving the elevation of water in stand-pipe and recording same on chart, will be a very serviceable instrument when the connection with the stand-pipe is perfected, so that it will work as well in winter as in summer.

MAINS.

4,720.5 feet of main distribution pipe have been laid in the streets and private ways as shown by the table following this report.

1105.6 feet of 1½ inch and 603.1 feet of 1 inch main pipe in Bridge street and Tower avenue, has been replaced with 6 inch cast-iron and 2 inch and 1½ inch galvanized iron.

The total length of main pipe now in use is 55 miles, 4435 feet.

Only three leaks have occurred during the year; one in joint in Commercial street, on the south side of King Oak hill; one in joint of force main in Hollis street, and one in force main at the Pumping Station just outside the foundation of the building caused by the settling of the ground.

I think this is a very good showing for nearly 56 miles of main pipe and must be convincing to any one that it pays to do work well to start with.

One 1½ inch pipe in Front street froze last winter, where the street had been cut down, the same has been lowered to a safe depth.

HYDRANTS.

Four new hydrants have been added, making total number to date, 356.

The hydrants have all been painted and those found out of repair have been put in good working order. Too much care cannot be taken of the hydrants.

Twelve hydrants have been moved as follows:—Two on Washington street to conform with the street as now worked; three on Front street as per lay-out of County Commissioners; two on Pleasant street, and one on Water street on account of the street railroad, and four on Bridge street to conform with the State highway as now laid out.

GATES AND GATE BOXES.

The gates are in fair order. The old wooden boxes have been replaced with iron as fast as needed.

SERVICE PIPES.

Four leaks have been repaired in the service pipes during the year, which were caused by defective joints between the lead and brass fittings.

Three frozen services were reported and the same have been lowered to, I think, a safe depth.

Fifteen service boxes have been moved to conform to streets as now laid and worked.

Ninety-two new service pipes have been laid and twenty old service pipes have been re-laid this year as follows:—

80 $\frac{3}{4}$ -inch lead	1880.5 feet
8 1-inch lead	235.0 “
7 $\frac{3}{4}$ -inch galvanized iron	63.5 “
5 1-inch galvanized iron	132.4 “
3 $1\frac{1}{4}$ -inch galvanized iron	83.3 “
6 2-inch galvanized iron	147.4 “
2 4-inch cast iron	36.0 “
1 6-inch cast iron	6.0 “
	<hr/>
	2,584.1 feet
Number feet of service pipe re-laid	544.7 “
	<hr/>
Number feet of new service pipe laid	2,039.4 feet

Twenty-two hundred and fifty service pipes have been laid to date; of these there are twelve that have not been let on and eleven that have been discontinued.

Number of feet of each size laid as follows:—

1,987 $\frac{3}{4}$ -inch diameter	47,040.0 feet
204 1-inch diameter	5,524.1 “
3 $1\frac{1}{4}$ -inch diameter	83.3 “
20 $1\frac{1}{2}$ -inch diameter	797.0 “
25 2-inch diameter	579.0 “
1 $2\frac{1}{2}$ -inch diameter	17.0 “
2 3-inch diameter	44.1 “
5 4-inch diameter	95.5 “
3 6-inch diameter	53.0 “
	<hr/>
Total length of service pipe	54,233.0 feet
Number miles of service pipe	10.271

One hundred and five water takers have been added this year making total number to date, two thousand three hundred and sixty-one.

Forty-four services are shut off temporarily on account of vacancy, and seven services are shut off for non-payment of rates.

Water is supplied to the following :—

Families	2,427	Cemeteries	7
Stores	52	Private stables	199
Offices	10	Livery and express	
Banks	5	stables	10

ENGINEER'S REPORT.

To the Weymouth Water Board:—

GENTLEMEN,—I respectfully submit the following for the year ending December 31st, 1895.

Sixteen new springs have been needed in the Deane Pump. The Deane boiler has required six new flues.

I have let on the high service for fire purposes twenty-seven times and pumped nine times for fires in the high service system, on the following dates :

March 4, 24, 25, 26, 31. April 4, 5, 18, 19. May 4, 11, 24, June 2 (two), 3, 19. July 4, 5, 7, 10, 21, 24, 25, 26. August 8, 10, 14. September 2. October 6, 8, 18, 22, 29. November 11. December 9.

The following tables show the amount of water pumped, coal consumed, etc.

Respectfully submitted,

GEORGE W. SARGENT, *Engineer.*

IN SCHOOL COMMITTEE, Feb. 4, 1896.

The Superintendent presented his Annual Report of the Public Schools for the year ending Dec. 31, 1895.

Voted, To accept the Report of the Superintendent, and to adopt it as the Annual Report of the School Committee.

I. M. NORCROSS,
Secretary.

SUPERINTENDENT'S REPORT.

To the School Committee of Weymouth:

GENTLEMEN: I have the honor to present for your consideration the following statistics and recommendations as my sixth annual report:—

SUMMARY OF STATISTICS.

Population, state census 1895	11,291
Increase since 1890	408
Valuation of the town, 1895	\$6,740,185 00
Value of school property	141,650 00
Value of books, apparatus, etc. (estimated)	4,750 00
Current school expenses (including repairs)	44,996 39

SCHOOL POPULATION.

Number of children between five and fifteen (school census, May, 1895)	1,778
Number of children between five and fifteen (school census, May, 1894)	1,764

PUPILS IN SCHOOL.

The following tables are based upon the school registers for the year ending June 28, 1895 :—

Number of pupils enrolled in all schools (excluding duplicate enrollments)	2,271
Average daily attendance	1,859
Average per cent of attendance	94
• Number of pupils sixteen years or over	33
Number of pupils fifteen years or over	138
Number of pupils between six and sixteen	1,721
Number of pupils under eight	648
Number of pupils between eight and fourteen	1,131
Number of pupils belonging Jan. 1, 1895	1,924
Number of pupils belonging June 25, 1895	2,083
Number of pupils not absent for the year	145
Number of truants (reported)	85
Number of visits by members of school committee	141
Number of visits by superintendent (reported)	701
Number of visits by music teacher	1,064
Number of visits by citizens and friends	6,717
Number of instances of tardiness	1,300
Number of dismissals	4,570

SCHOOLS.

Numbers of high schools	2
Number of grammar school classes	22
Number of primary school classes	14
Number of mixed grammar and primary classes	11

TRUANCY.

Taken from the reports of the truant officers :

Number of Investigations from Jan. 1, 1895 to Jan. 1, 1896	189
Number of pupils out of school because of poor clothing	8
Number out by consent of parents	132
Number of truants	49
Number of truants caught and returned to school	14
Number of second offense truants	7
Number of third offense truants	4
Number of arrests for truancy	2
Number sent to truant school	2

FINANCIAL.

The sum appropriated at the annual March meeting for school purposes from April 1, 1895 to April 1, 1896, was as follows :

Salaries of teachers and superintendent	\$29,786 29
Janitors, fuel and cleaning	4,500 00
Text books and supplies	3,100 00
Miscellaneous expenses	350 00
Truant officers	150 00
Transportation	2,000 00
Water rates	300 00
Repairs	813 71
	<hr/>
Total	\$41,000 00

To this amount was added :

One-half of the dog license tax	\$589 11
Alewife fund	252 00
Tuition of non-resident pupils	162 50
Balance from Summer street appropriation, 1894	71 00
	<hr/>
	\$1,074 61
Total	\$42,074 61

Balance in the Town treasury Jan. 1, 1895 for the support of schools from Jan. 1. 1895 to April 1, 1895	\$8,520 92
	<hr/>

Total amount for all school purposes \$50,595 53

Expenditures from Jan. 1, 1895 to Jan. 1, 1896 :

Salaries of teachers and superintendent	\$32,122 80
Janitors, fuel and cleaning	4,376 02
Text books and supplies	2,980 69
Miscellaneous expenses	442 91
Truant officers	118 55
Transportation	2,088 75
Water rates	287 49
Repairs	2,579 18
	<hr/>
Total	\$44,996 39

Leaving a balance for the support of schools, from
Jan. 1, 1896 to April 1896, of \$5,599 14

The estimates for the ensuing year, submitted by
the Finance Committee and approved by the Board,
are as follows :

Salaries of teachers and superintendent	\$32,275 00
Janitors, fuel and cleaning	4,500 00
Text books and supplies	3,100 00
Miscellaneous expenses	350 00
To liquidate deficiencies for past three years	5,600 86
Truant officers	150 00
Water rates	300 00
Repairs	2,500 00
	<hr/>
Total	\$48,775 86

This sum may be reduced by :

One-half of the dog license tax	\$589 11
Alewife fund	252 00
Tuition of non-resident pupils	162 50
	<hr/>
	\$1,003 61

Leaving a balance to be raised by taxation of \$47,772 25

In submitting the above estimates for school expenses for the
ensuing year, as an extra item appears in the list, it seems
necessary to make the following statements concerning the
estimates and appropriations for the last three years.

In Feb. 1893, the school committee found that owing to extra
expenses incurred the previous year for permanent improvements,
many of which were ordered by the State inspectors of public
buildings, it would be necessary to ask for an appropriation of
\$43,697 (exclusive of tuitions, alewife fund and dog tax) to meet
the outstanding bills and pay the school expenses for that year.
It was therefore voted to ask the appropriation committee to recom-
mend that that amount be appropriated for school purposes. The
appropriation committee, either because it felt that the school

committee had asked for more than necessary or from a desire to keep the rate of taxation that year at a certain figure, refused to recommend the amount asked for and substituted in its place \$41,000. This sum, which was \$2,697 less than the careful estimate of the school committee, was appropriated at the annual town meeting. The sum appropriated was insufficient to cover the expenses of the year and several bills were carried over to the next year.

The following year, 1894, the school committee decided not to include in the estimates for expenses the unpaid bills of the previous year, but to state to the appropriation committee that such overdrafts existed. This fact was placed before the appropriation committee but no extra appropriation was recommended to liquidate outstanding bills. In fact the amount asked for exclusive of unpaid bills was somewhat reduced.

Last year the estimates submitted by the school committee to be raised by taxation amounted to \$42,186.29. The appropriation committee again refused to accept the estimates of the school committee and recommended a reduction of \$1,186.29. The sum of \$41,000, instead of \$42,186.29 was accordingly appropriated at the annual town meeting.

This refusal of the appropriation committee to accept the estimates of the school committee causes a great deal of annoyance and dissatisfaction. Bills against the school department that should be paid as soon as contracted are left unpaid for months because of insufficient appropriation. For the same reason the bills of one year are necessarily carried over to be paid out of the appropriations of the following year. The overdrafts are thereby increased year after year until a special appropriation is absolutely necessary to liquidate the accumulated deficits.

On January 1, 1896, there was on hand available for the support of schools to April 1, 1896, \$5,599.14. It will take about \$9,600 to pay the teachers and about \$600 to pay janitors for that time. It will take \$500, as stated in another part of this report, to pay bills already contracted for transportation of pupils, and \$500 more to pay bills for supplies, fuel, etc. These items of expense make at least \$11,200 that should be paid before April 1, 1896. As there is available for this purpose only \$5,599.14, it is

evident that the deficiency, \$5,600.86, must be provided for by a special appropriation or the appropriation for next year must be drawn upon for that amount.

It is the unanimous opinion of the members of the school committee that the appropriation for schools for the ensuing year should be large enough so that all bills for school expenses may be paid when due and not held back for lack of money, or carried over into next year.

ATTENDANCE.

The record of attendance for the year ending June 28, 1895 was one of the best the schools have ever made. The per cent of attendance was not quite so high as the previous year, on account of the very severe weather during one or two winter months but was higher than we can expect to maintain year after year. The per cent of attendance, number of tardinesses, dismissals, truants, etc., of each school, may be found in Appendix VI. of this report.

The total number of pupils enrolled (2,271) in the day schools, and the average daily attendance (1,859), were the largest ever reported. This steady increase in daily attendance from 1,666 in 1891, to 1,859 in 1895, seems to indicate that the school population of Weymouth is gradually increasing; and also to give some ground for expressing the hope that Weymouth has at last begun to make a steady and healthy growth in population..

The following tables give the highest and lowest records in attendance and punctuality for the past year. No allowance is made for the size or general make-up of the several schools :

ATTENDANCE.

HIGHEST.		LOWEST.	
SOUTH HIGH . . .	98%	BATES, grade I . . .	86%

CHANGES OF TEACHERS.

From January 1, 1895 to January 1, 1896, nearly one-third of our entire teaching force retired from the service of the town. Of this number nine resigned to accept better positions in other places, three to get married and three retired on account of sickness or death of relatives. As all but five of these changes occurred during term time, (several in April and May), the management of the schools last year was particularly arduous and difficult. It is no easy task for a new teacher, in the middle or last of the year, to take up the work of a preceding teacher and pursue it with satisfaction to himself and the committee. When resignations occur as late in the year as the April vacation it is almost impossible to secure satisfactory teachers for the rest of the year. In such cases we are generally obliged to place in charge of the schools substitute teachers with little or no experience, and accept the results of their work whether good or bad.

Miss Louisa E. Humphrey, who was given a leave of absence for one year in order to pursue a special course of study in Radcliffe college returned to her work at the North High School in September.

The following is a complete list of changes of teachers for the year :

RETIRED.

REPAIRS.

One of the most important official duties of the members of the school committee is the care of the school property. Public sentiment demands that the school buildings of today be kept in good condition and made attractive. The condition of the inside and outside of the school buildings of this town ten years ago, would not be tolerated by our citizens at the present time.

We have twenty school buildings to keep in repair. This cannot be done without considerable expense. It is false economy to postpone mending a rent or painting a building until the rent causes greater outlay, and the building is materially injured for want of paint. Business principles should be applied in the care of our school buildings. Money is expended to the best advantage when it is used at the proper time.

For the past ten years the average cost for ordinary repairs and improvements has been about \$3000 a year. Of this amount, hundreds of dollars have been expended annually for replacing old desks and worn-out blackboards. There are a few more rooms that need to be re-seated, and several more blackboards that should be replaced by slate. But this work is so well in hand, and can be brought about so gradually that it seems to me that after the present year the cost for repairs, annually, will not be so large as in the past. The overdraft in this department last year, caused partly by unexpected outlays, and partly by the failure of the appropriation committee to recommend the amount asked for by the finance committee, makes it necessary to ask for \$2,500 for the ensuing year.

The custom of employing five or six different men to make the necessary annual repairs on the several school buildings in town seems to me to be not only inconvenient but unduly expensive. Inconvenient, because the carpenters cannot be secured when most needed; expensive, because in many cases work is done that was not recommended by the repairs committee, and necessary work left undone thereby requiring a second or third trip to the same building. I, therefore, recommend in the interest of convenience and economy, that one man be employed to make the necessary repairs on all school buildings; that he be requested to make the

annual inspection of school buildings in company with the repairs committee, and be required to do the work upon each building under the direction of some one member of the school committee.

TRANSPORTATION.

So many calls are made upon the school committee for transportation of pupils to and from school at the expense of the town, that it seems necessary to make the following statements concerning transportation and the duties of the school committee in this connection. The figures given are not absolutely correct, but near enough for practical purposes.

In 1884, the town paid \$651.53 for conveying pupils to and from the North High school. From 1883 to 1894, there was a gradual and natural increase in the cost of transportation of pupils to the high schools. In 1893, the cost to both high schools was about \$1,200, the average for the ten years being about \$820. In the fall of 1894, the New York, New Haven and Hartford Company increased the rate of transportation from North and East Weymouth by railroad, nearly one-half. This action of the railroad officials compelled the school committee (because it could be done at less expense) to convey the pupils to the North High school in barges, and increased the cost of transportation to high schools for 1894 and 1895 nearly \$500 a year. Conveying the pupils in barges was continued until the beginning of the summer term of 1895, when the electric cars began to run between East Weymouth and the Landing.

At the present time, as all high school pupils are conveyed by electric cars at rates not subject to change, it is possible to make a very close estimate of the cost of transportation to high schools. Since September, 1895, we have distributed tickets to twenty-six pupils from Ward 1, to sixty-four pupils from Ward II, and to eighteen pupils from Ward IV. The cost annually for each pupil from Ward 1 is \$22, from Wards II and IV, \$10. On this basis the cost for 1896 would be \$1,392, but an allowance should be made for a slight increase in the number of pupils next year.

For conveying pupils below the high schools, the town paid \$145.58 in 1887. From that time to 1894, the average cost per

year was about \$250. In 1894, at the annual town meeting, a new line, the Summer Street, was added by direct vote of the town at a cost of \$200 a year. At the present time, four pupils are conveyed from the Neck to North Weymouth; thirteen from Ward IV to the Landing; and over thirty on the Summer Street line, at an annual cost of about \$450. This amount added to the cost for high school pupils, makes nearly \$1,900, the cost for transportation annually on the present basis. There is now outstanding against this account a bill for \$250 which has been approved by the committee but has not been forwarded to the selectmen, besides other bills that have not been rendered, amounting probably to \$250 more. It is necessary, therefore, if transportation on the old lines is to be continued for the ensuing year, that \$2,500 be granted for that purpose.

In order that all applicants for the establishment of new lines of transportation may be given ample opportunity to present their claims to the proper body of men, the appropriation committee, the school committee have asked that the following special article be placed in the town warrant: "To see what sum of money the town will vote to raise and appropriate for transportation of pupils." All applications for new lines of transportation should be presented to this committee, as the school committee will not feel free to establish additional lines unless so directed by vote of the town.

STUDY OF LITERATURE.

In the course of study for high school adopted by the committee in September 1891, a systematic course in English literature was outlined. At that time, as very little had been done in the study of literature in the grammar grades in previous years, it was necessary to read several selections in the high schools that should have been taken in the grammar schools. Since 1891 the study of literature in the lower grades has been extended year after year until the reading matter in the grades below the high school compares very favorably with that of the best schools of the state. As low as the fifth year in school we read such liter-

ary productions as Hawthorne's "True Stories of New England History." After the fifth grade the most of the reading is supplementary and from standard authors. In the sixth grade Longfellow is taken as the children's poet, and several of his easier poems are read. The pupils of this grade read "Hiawatha" as understandingly and profitably as the ninth grade pupils were able to do a few years ago. In the seventh grade in addition to reading "Swiss Family Robinson" and "Black Beauty," the pupils make quite a careful study of Whittier, reading "Snowbound," "Among the Hills," and several of his shorter poems. In the eighth grade we read Holmes' "Grandmother's Story of Bunker Hill Battle," "The Ploughman," "The Chambered Nautilus," and "My Hunt after the Captain"; also Franklin's Autobiography, Hawthorne's "Great Stone Face," and Burrough's "Sharp Eyes." In the ninth grade in addition to reading several selections from Lowell, and Longfellow's "Evangeline"; considerable time is given to the study of selections from Irving's "Sketch Book," Franklin's "Poor Richard's Almanac," "Emerson's Essay on Behavior," Bryant's "Thanatopsis," and O'Reilly's "The Pilgrim Fathers."

This course in literature for the lower grades, carried out enthusiastically and wisely by the grammar school teachers, will give the boy who cannot take the high school course a slight introduction to the writings of our best authors; and will also make a good foundation for a systematic and thorough study of English literature in the high schools.

With the changes recently made, our course of study for the high school comprises all the English literary works required for admission to college, but our work in this department is not at all satisfactory. Indeed it is impossible to give satisfactory instruction and drill in English literature and history with our present accommodations and corps of teachers. If we are to continue our two high schools with three courses of study in each, we certainly need more room and another teacher to give special instruction in the two high schools in the English studies. If the change in the character of the schools, suggested in my last report, could be effected another teacher would not be necessary at present and much better work could be accomplished in each school.

GENERAL REMARKS.

As I wish to print in the present report a list of books to aid teachers and parents in the selection of reading for the children, I have presented only a few of the many things that might profitably be discussed in a school report. In conclusion I will note briefly a few other improvements that have been made during the year, and suggest one or two places where improvements might well be made.

For the first time in its history the school committee has a convenient and pleasant place to hold its meetings. During the past year at a very small expense the upper ante-room at the Bicknell school building has been fitted up for a school committee's room. The regular meetings of the committee are held at this room on the second Tuesday evening of each month except July and August, and are open to the public.

Persons who wish to bring any subject relating to the schools to the attention of the committee will find the board in session at the time and place mentioned above.

The number of cases of truancy (49) reported last year was not large. It is evident however, to any one who is at all observing that this number does not represent even in a small degree the number of pupils out of school without any good reason, loafing about street corners and upon store-steps during school hours. There are still a few parents in town who do not appreciate the advantages of an education and therefore allow their children to run the streets during school hours with little restraint. Teachers can do very little in such cases for written excuses are readily produced. The only way to stop this practise is for the truant officers to follow out the directions of the State school law, which provides that truant officers are authorized to apprehend and take to school without warrant all truants found wandering about the streets or in public places. This is the most important duty of the truant officer and should be carefully observed. He should not wait for an order for investigation. Every child between seven and fifteen found upon the streets during school hours that cannot give a satisfactory account of himself should be taken to his home or to school by the officer.

Inside decoration of school buildings is receiving a good deal of attention from many of our teachers. Works of art are finding places on the walls of several school rooms. This is a step in the right direction and should receive encouragement and assistance from school committee and citizens. I trust that this line of improvement will be continued until the school room becomes one of the pleasantest and most attractive places for pupils.

Very little assistance has been received from outside sources in conducting our Teachers' meetings during the past school year. On April 4, Miss Blanchard, Librarian of Tufts library spoke to us on literature and the value of the public library to the school. On June 11, Mr. Walton of the State Board of Education spoke upon methods in arithmetic. Both these talks were very instructive and profitable. The other general meetings of the year have been under the charge of the superintendent.

Since the beginning of the present school year nearly all of our meetings have been grade meetings. Several class exercises have been given by the teachers and many profitable lessons learned from them. This is one of the most valuable ways of conducting teachers' meetings for it brings the work of the meeting very near to each teacher's prescribed work.

At a meeting of the grammar school principals held Jan. 14, it was unanimously voted to meet once a month at the Bicknell school building for the purpose of discussing school management and methods of teaching. As each principal is expected to hold frequent conferences with his teachers, these meetings will become a source of real help to all the teachers of the town.

In 1883 there were taken from the public library on teacher's cards, 910 books; in 1892, 2,592; and in 1894, 2,943. These figures indicate that there has been a growing interest in the public library and that *some* of our teachers are coming more and more to realize its educational use and value in the public school. The number of books taken out in 1895 seems quite large, but it represents an average of less than one and one-half books per week for the year for each teacher. As each teacher represents about 40 pupils, the small amount of work done in this direction by our teaching force is clearly shown.

A communication received not long since contains the following sentence:—“It does seem strange that the teachers need continual urging to do this work.” I fully agree with the writer and cannot explain this indifference on the part of some of our teachers, as the necessity of directing the pupils’ reading and interesting them in helpful books has been brought to their attention frequently by school reports, by general teachers’ meetings, by grade meetings and by private conversations.

The school committee and the officials of the public library have at all times been ready to give assistance in this direction. The number of books loaned on the teacher’s card has been increased from three in 1883 to ten at the present time. In 1890 the school committee placed in each school building in town a classified catalogue of “Reading for the Young.” This catalogue was carefully marked by the librarian of Tufts library so as to make it especially useful and helpful in the school room. In 1893 a list of books well adapted for use in our schools for collateral reading was printed in the school report. These lists comprise a large number of books suited to the needs of the pupils of every grade from the sub-primary through the high school. In many of our schools these lists or other good ones are in constant use, the teachers conferring almost daily with the pupils upon the best books to read. But in some of our schools these helps are things of the past, the public library is drawn upon only during times of special agitation and the pupils suffer because of the teacher’s ignorance or indifference. It is a question in my mind whether a teacher who neglects this very important part of her school work, although she may do the routine work fairly well, is worthy of a place in our public schools. Certainly she is not accomplishing for the children under her charge what the public has a right to demand.

Since my last annual report vertical writing has been introduced into the primary grades throughout the town, and into all the grades below the high school in Ward 1. It is too early to submit extended comparisons or to decide definitely from results which is the better form of writing for school use. Several samples submitted to me from first and second grade pupils show that many pupils take to the upright form of writing quickly. Some

of the samples from the first grade were nearly as clear cut and legible as printing. The teachers generally like the change and claim that the pupils who are naturally poor writers do much better writing with the vertical. On hygienic grounds it is certainly preferable, as the writer can assume a more natural and healthful position.

The work in number in the grammar schools has received an extra impetus during the past year, by the introduction of a new and more modern series of arithmetics. I believe that we shall be able after this year to practically finish the study of arithmetic by the middle of the ninth year and thereby gain some time for the study of the elements of algebra and geometry in the grammar schools.

For several years the desirability of introducing into our schools a modified form of manual training has been presented in the annual school reports, but no further action has been taken on the matter. In my next report I hope to present a definite plan showing the line of work for each grade, and the exact cost per pupil. I shall then ask the school committee to present the matter to the consideration of the appropriation committee, and to the citizens of the town at the next annual meeting.

Considerable attention at the present time is being given by our teachers to the synthetic method of teaching words, that is to word-building. The child is given a simple sound represented by a letter or combination of letters, as *ă*, *ŏ*, *ě*, or *sh*, *th*, *ch*, and asked to write on his slate or paper as many words as he can containing these sounds. The result is that he makes a list of words like *cat*, *hat*, *mat*, or *shall*, *she*, *shut*, etc. This device gives a never ending source of profitable busy work for the child when not engaged in class-work. He is taught to sound these letters and combination of letters until he is perfectly familiar with the sounds they represent, and can give them readily and accurately. By this practice he gains a decided power over new words and is able to study out without the aid of his teacher, the pronunciation of words he has never seen before. When a word troubles him he will at once try to recall the sounds of the different letters in their associations with one another, and to blend the separate sounds into syllables and words. He becomes more independent and

self-reliant in his reading, and as new interest and life are developed, better reading must be the result.

This method properly taught, must also equip the pupils for a more intelligent use of the dictionary. Being accustomed to mark words, correctly, under the direction of their teachers, they will have no trouble with diacritical marks as used in dictionaries. This method will also tend to make good spellers, for it insures the critical inspection of each letter of the word, as it affects the other letters and modifies the pronunciation.

I hope before the end of another year to show a decided improvement in our schools in articulation, in power of the pupils over new words, and in spelling.

In closing this report I desire to express my sense of obligation to parents, teachers, and members of the school committee, for their continued confidence and cöoperation.

Respectfully submitted,

I. M. NORCROSS,

Superintendent.

WEYMOUTH, MASS., February 4, 1896.

VALEDICTORY	Marion L. Cain
PRESENTATION OF DIPLOMAS	Joseph A. Cushing
MUSIC	Orchestra

INFORMAL RECEPTION.

CLASS ODE.

Shake off this Lethe deep,
 Be not a clinging clod,
 Awake thyself from sleep;
 Put all thy trust in God!
 Thy strength may not be full,
 Bend low if need must be,
 Right hard will come the pull,
 "Row on!" thou'lt soon be free!

Spurn not the aid of friend;
 The arm that's strong to act,
 The ear quick to attend,
 The eye that beams with tact.
 The hate of foe, fear not,
 On thine own self rely,
 New strength is thus begot
 All trouble to defy.

March on with dauntless might,
 Push toward the goal with zeal,
 Dim though its peak to sight,
 Thou'lt high Olympus scale.
 Then strive on to the end,
 For dark so'er it seem,
 Some friendly star will send
 To thee a guiding beam.

MARY ARVILLA FLINT.

CLASS ODE.

Written by Zoie W. Owen.

Dear Class we part today,
 Each on his different way,
 Kind friends and true.
 We know our labor's done,
 'Tis work our plaudits rung
 And so must crowns be won
 And worn by few.

Yes friends we part today,
 Each on his different way,
 His way through life;
 But God is still our friend,
 His kindly help He'll lend,
 He'll guide us to the end,
 Through toil and strife.

VII. SPECIAL SCHOOL CALENDAR.

FROM APRIL, 1896, TO APRIL, 1897.

TERMS.

THIRD TERM (1896).—Begins April 20; ends June 26.

FIRST TERM (1896).—Begins Sept. 7; ends Dec. 24.

SECOND TERM (1896-97).—Begins Jan. 3, 1897; ends April 7, 1897.

VACATIONS.

Two weeks in April.

From June 26 to Sept. 7.

From Dec. 24 to Jan. 3.

HOLIDAYS.

Saturdays.

Weymouth Fair days.

Thanksgiving Day and the day following.

Washington's Birthday.

Memorial Day.

The Seventeenth of June.

SCHOOL SESSIONS.

SECT. 58.—The sessions of the High Schools shall be determined by the High School Committee. The morning sessions in grades below the High Schools shall begin at 9 A. M. and close at 12 M.; and the afternoon session shall begin at 2 and close at 4 P. M., except from Nov. 1 to Feb. 1, when the afternoon session shall begin at 1.30 and close at 3.30 P. M.

STORMY DAYS.

The signal (2-2-2) for no session of the public schools will be struck on the Fire Alarms at 7.30 or 8.15 for no sessions of the Primary and Grammar Schools in the forenoon, and at 12.45 for no sessions in the afternoon.

When the signal is struck at 7.30, there will be no sessions of the High Schools.

VIII. BOOKS FOR COLLATERAL READING.

For reading, in connection with the school work, the following list of books is recommended. The figures at the right of each title show that the book is now in Tufts Library. Others will be added as soon as there is a general call for them. No attempt at grading has been made.

As what the child reads determines in a large measure the "quality of mind and tendency of character," parents and teachers should unite in their efforts to direct the reading of the children. Teachers can do no more valuable work in school than to develop in their pupils a love for good reading; but to do this successfully, they must love good reading themselves. I think it is not too much to ask that teachers become familiar with a sufficient number of the books named in this list to talk freely with the children about them. They should suggest books, not only helpful in themselves but interesting to the children, always keeping in mind that "The most instructive reading for a person of any age, old or young, is that in which the author's tone of thought is above the average tone of the reader's thought and yet not beyond his grasp."

A list of pedagogical books is given herewith, especially for the teachers.

Literature.

Age of Chivalry, by Thomas Bulfinch	716.20
Age of Fable, by Thomas Bulfinch	716.19
Christmas Carol, by Chas. Dickens	427.7
