NOT TO ENCROACH UPON THE MONROE DOCTRINE

League of Nations Will Not Consider Any South American Questions. Requests of Bolivia and Peru Regarding Chile Are Withdrawn. Would Not Be Regarded as Any Encroachment.

CHICAGO, Nov. 16.—By the Associated Press.—The assembly of the League of Nations today considered the Monroe doctrine by considering American questions in the absence of the United States has been asserted by the withdrawal of a request by Bolivia and Peru for revision of treaties with Chile. Their requests were withdrawn yesterday, it having been known that the assembly would not consider them.

It is reported that South American states should all at once be set the United States to become a member nation. A resolution is regarded as a strong possibility. The representative of the United States, however, has been asked to immediately after receiving the report of the committee on general disarmament.

Not an Encroachment. The Associated Press considered the Monroe doctrine as a strong possibility. The representative of the United States, however, has been asked to immediately after receiving the report of the committee on general disarmament.

It has been pointed out that settlement of such points would not be made according to the king of Spain have acted as a precedent in South American countries.

Bus and Truck Competitors. That between two different kinds of hard surfaced highway, and enterprising auto owners have opened a bus line. The highway, on a direct route, is little more than twenty miles long, compared to the railroad's forty-one. The auto line covers the distance in forty minutes, one hour and twenty minutes faster than the train, and charges the same.

Alabama Road Losing Money. The president of an Alabama short line has been ordered to Birmingham because it is hauling ore to Birmingham furnaces appeared to defend its company against the railroad. All station agents, who had requested more money, their president said.

Heating of the more than 100 short line cases, each of which is being taken separately, is expected to continue for several weeks. Decisions in all cases will be handed down simultaneously.

UNITED STATES AT ODDS WITH WESTERN UNION

Long Standing Controversy Reaches Stage of an Open Break. Company Refuses to Take Cablegrams Without Advance Payment.

Washington, Nov. 16.—(By the Associated Press).—The long standing controversy between the state department and the Western Union Telegraph company has reached the stage of an open break. The company's order was issued on Nov. 15, it was said today at the department, and ostensibly was to apply to all departments of the government. It was understood, however, that messages sent by that department had been excepted informally from the order.

Permit Withheld. Western Union applied for an executive permit to land the cable at Miami, but the state department was said to have demanded a copy of the contract between the Western Union and the British company owning the connecting South American cable line. The copy was not forthcoming and the permit was withheld.

Attorney General Hilton Shows Gross Discrimination Against Minnesota. Federal Board Hears Arguments for Elimination of Pittsburgh Plus.

Washington, Nov. 16.—(Special to The Herald).—That the Eastern men and organizations opposed to the plan for deep waterways on the Great Lakes to the Atlantic, are planning to obtain passage of the bill, which is now in congress, which will meet here Dec. 8, 9 and 10, is the belief of C. P. Craig today.

Effort Will Be Made. "I was warned before leaving Duluth," said Mr. Craig today, "that these organizations would endeavor to capture the Rivers and Harbors congress when it meets here next month. It would be reasonable to investigate, but I have found since that time that the idea is not so simple as it is made out to be."

GIRL IS WOUNDED BY STRAY BULLET. Deer River, Minn., Nov. 16.—(Special to The Herald).—A young girl, Dorothy Hansen, 12, was brought in from her home twelve miles distant Monday, having been shot through the chest while playing in her yard at home at 1 o'clock the stray bullet of a hunter passing the upper tip of her lung and passed out at the back shattering the shoulder.

Mr. Hansen says the wound is not fatal. Some hunters were seen, but who fired the shot is not known.

GREEK PREMIER LOSES ELECTION AND RESIGNS

George Rhalis to Be Entrusted With Formation of New Ministry. Venizelos and His Cabinet Overwhelmingly Defeated at Polls. Complete Victory of the Opposition Comes as Big Surprise.

Athens, Nov. 16.—Premier Venizelos' cabinet resigned early today, and Admiral Condouriotis, the regent of Greece, has sent for George Rhalis, to whom, it is expected, will be entrusted the formation of a new ministry. The complete victory of the opposition seemed almost certain last night, although final results were still lacking.

Demetrius Gounaris. Athens, Nov. 16.—An Athens dispatch today said that Demetrius Gounaris, leader of the opposition, had declared the foreign policy of Greece will not be changed. Latest returns from the election give the support of 100 Venizelos 18 deputies against 20 Rhalis, 20 Venizelos, and all but two of his ministers were beaten. None of the Venizelos candidates were elected in Greece and Macedonia, with the exception of Epirus and the Aegean islands.

Unpleasant Surprise. Paris, Nov. 16.—Reports that Premier Venizelos had been elected by the Greek voters in the elections held on Saturday, came as an unpleasant surprise to Paris. News-makers expected Venizelos to be Premier King Constantine would be the return of the throne.

Two Investigations of Building Trust. New York, Nov. 16.—New York today became the scene of two parallel investigations of the alleged "building trust" here. The joint legislative committee, with Samuel Untermyer as chief counsel, hereafter will confine its labors to efforts to expose graft in the city's private building enterprise, while the city administration will delve into reports of illegal acts in connection with contracts for public buildings, such as schoolhouses, court-houses and other structures.

NATIONAL FARMERS' UNION IN SESSION. Kansas City, Mo., Nov. 16.—Establishment and extension of co-operative sales agencies to eliminate the middleman in the marketing of farm products was the principal subject on the program of the convention of the National Farmers' union which opened here today.

Satisfied With Settlement. London, Nov. 16.—Great Britain, France and the United States have through their ambassadors, expressed satisfaction with the settlement of the Adriatic question reached at Rapallo, Italy, last week, Premier Giolitti of Italy announced today that he had received a dispatch from the Italian government, a semi-official organization.

Demetrius Gounaris, leader of the opposition, had declared the foreign policy of Greece will not be changed. Latest returns from the election give the support of 100 Venizelos 18 deputies against 20 Rhalis, 20 Venizelos, and all but two of his ministers were beaten.

ROBBERS GET ALL CASH IN INSTITUTION

Cashier, Clerks and Customers Forced to Lie on Floor. One Bandit Goes Through Vault Securing \$7,000 in Cash. One Shot Fired at Cashier Erickson Misses Its Mark.

What is feared may be only the first of a series of daylight bank robberies such as have terrorized Minneapolis and other cities of the country, within the last few years, occurred this morning when the Superior State bank, 502 Becker avenue, Superior, of which B. Murray Peyton of Duluth is vice president, was held up and robbed of virtually all of the cash in the institution, approximately \$7,000.

Police at the Head of the Lakar, warned of similar robberies in other parts of the country, facilitated when the automobile has come into common use, have been expecting something of the kind for some time and have been particularly alert for the robbery, especially those in the outskirts of the city of the two cities.

Superior Street Paving. East Superior street, which it was intended to be paved with concrete, on streets adjoining railroad property, on one side of the street paving, the entire assessment of the city paying the railroad share, half of the cost of the improvement can now be assessed against the railroad.

Michigan Street. Michigan street, from Second avenue east to Fifth avenue east, can now be paved without added cost to the property owners on the north side of the street, as the railroad will now have to pay the entire cost. Now the railroad will pay their half.

Not Favorable to Further Military Movements in Russia Now. Paris, Nov. 16.—The defeat of Gen. Wrangel, whose South Russian government had been recognized by France, does not mean that France is ready to consider recognition of the Russian soviet government, it was said at the foreign office today.

THINK WIDLAR MAY BE SAVED. Crew Tells of Thrilling Experiences While Stranded on Shoals. Sault Ste. Marie, Mich., Nov. 16.—Capt. Arthur Forbes of the wrecked steamer of the Becker line, owners of the vessel, were planning today to undertake to salvage the freighter which was driven upon the shoals of Lake Superior Friday night and had, at noon yesterday, withstood the pounding of the waves for 36 hours.

Members of the crew told thrilling stories of the long and nightmarish of the night when they felt their lives were in jeopardy. Several members of the crew, ill from exposure, were taken to the hospital. Others were immediately fed and (Continued on page 8, second column.)

# ROLL CALL 100 PER CENT

### Red Cross Workers Making Fine Progress; Enlist Entire Families.

"Here—100 per cent." This is the answer the Red Cross workers of the Duluth chapter are receiving from family groups and business houses in the Armistice-to-Thanksgiving roll call now actively in progress.

## Doctors Fail

"Terrible case of Eczema—contracted when a mere boy—fought disease for ten years, with half dozen specialists. Both legs in terrible condition. Almost a nervous wreck. It took just 3 bottles of D. D. D. to clear up his disease."

This is the late testimony of a prominent newspaper man. Ask your druggist and he will tell you what D. D. D. has accomplished in your own neighborhood. Your money back unless the first bottle relieves you. Try it today. 50c, 1.00 and 1.50.

the greatest family affair in the history of the Red Cross and the workers are determined to make it one of the most important in the history of every family.

"The head of every family in Duluth has been made a special roll call worker and is asked by headquarters to enroll every member of his or her family in the Red Cross this year. This will save the household the annoyance of solicitation and will help the Red Cross organization complete its work in much shorter time than otherwise would be required."

**Head of Every Family.** "I would like to have the head of every family enroll the members of the family in the Red Cross this year and send the necessary membership to J. W. Lyder, 507 Alworth building from whence the family certificate and buttons will be sent," said Chairman W. A. McGonagle today. "We are sure that the Red Cross has become the most important organization to which any family belongs. It is the only organization to which the family can belong as a whole. We want to see every family in Duluth enrolled this year. We have already heard from several families and we are making this roll call more a family affair than it has ever been before."

Headquarters at 507 Alworth building is becoming an exceptionally busy place these days, what with the getting out of supplies and the responding to inquiries in connection with the family memberships it should be understood that each membership is one dollar and that a check for the entire family, sent to the Alworth building headquarters will be promptly acknowledged.

**Stations Over Entire City.** Beginning tomorrow morning every downtown section of the city will be covered with roll call stations. Under the direction of Mrs. Fred Hainley, the woman's committee of the roll call organization has been unusually busy since Saturday afternoon and the es-

tablishment of the roll call stations, which is particularly the province of the woman's committee, was practically completed this morning. The workers and fittings have been asked to go on duty tomorrow morning.

These stations will include all the department stores and the various other public places. Each will be under the charge of at least two uniformed workers and they will be on duty all day to receive memberships.

## CONDEMNATION CASES.

### Court Hearing Testimony in Orders of State Fire Marshal.

Judge L. S. Nelson of Worthington, Minn., who is here to assist local judges in the work of the November term calendar of the district court, presided this morning at the trial of the first of a number of condemnation cases instituted by George H. Nettleton, state fire marshal, against several buildings in various parts of the city.

but chiefly located on Lake avenue south between the viaduct and the ship canal.

Cases scheduled to be heard today involve the following properties: Lake avenue hotel, owned by Anna Fitzerald; 216 Lake avenue south, known as the Goodrich property; 220-222 Lake avenue south, owned by Sloan Bros.; 202-204 and 210 Lake avenue south, owned by William Traub; the Altman property at 1121-1123 West Michigan street, and the premises at 231 St. Croix alley, of which the E. I. Salter company are agents.

## TWO MORE WITNESSES IN MOOSE LAKE FIRE CASES

Two more witnesses for the plaintiffs were on the stand this morning at the trial of the Moose Lake group of fire cases against the railroad administration, which have been engaging the attention of the five local district judges since Sept. 20 last.

Henry Maki, who lives on the east half of the northeast quarter of section 12, 46-29, and Victor Jacobson, who resides on the east half of the southwest quarter of section 7, 46-29, both testified that they fought the big forest fire on the afternoon and evening of Oct. 12, 1918.

Maki said that he assisted his neighbors in fighting the fires back and told of seeing the farm homes in that vicinity and a schoolhouse burn. Jacobson testified that he attempted to take his family to Moose Lake in a car, but that the automobile overturned within a mile of the village and that all managed to escape to the lake before the fire reached them.

To date, 113 witnesses have been on the stand for the plaintiffs. The case is expected to last well into the new year.

### BANKERS' INSTITUTE HOLDS EFFICIENCY CONTESTS

Duluth chapter, A. I. B., held its first get-together meeting of the 1920-1921 year in the chamber of the American Exchange National bank Friday evening.

"Primarily, ours is an educational association built up by the American Bankers' association," explained Presi-

dent S. T. Strain in his opening ad- dress upon "Our Future," to give us, who work hard every day, the opportu- nity and training that is essential to our advancement. To succeed, we must know. To know, we must sacri- fice, making a more or less personal sacrifice. We must forego some of our pleasure time, and devote it to study and good reading. Profits from such a sacrifice are one hundred fold.

A glowing tribute to the institute work by Raymond B. Cox, former presi- dent of the American institute of bank- ing, but who is now president of the Webster Atlas National bank of Bos- ton, was read by Mr. Strain in point- ing out the institute's potential item. Said Mr. Cox:

"I never let an opportunity pass, either privately or publicly, of express- ing my obligation to the institute as a most influential factor in my banking experience. This organization which gave me my first inspiration impressed upon me the necessity for personal de- velopment, broadened me through con- tact with its other members, and gave me a training of thinking and acting for myself. What it has done for me it has done for others in the past and will do for thousands of others in the future, if they enter into the institute with an enthusiasm, patience, and deter- mination. Having in my office in 1916, of which I am justly proud, not because of any special information or intelligence which it indicates, but be- cause it is the one tangible thing which identifies me with the organiza- tion."

The evening was devoted to effi- ciency tests and sociabilities of vari- ous kinds. An adding machine con- test featured. Three prizes were of- fered by the Burroughs people through their local representative, J. A. Smith. Raymond Jacobson of the City Na- tional took first prize. His time for the 100 checks was 1 1/2 minutes. The second prize was awarded to Howard Bernard of the Northern Supremacy in ac-

curacy took the second prize. The third prize was contested for by the swiftest of the incorrect, who were selected to run for finals. Arthur Blas from the American took this prize with a time of 1:50 1-5 minutes. The fast- est time reported during the evening

was 1:35 minutes.  
Another interesting event of the evening was the recording of transit items. Five contestants, Miss Bennie Benson of the American, Miss Nicolay- son of the First, Miss Ostry of the First, and Miss Gladys O'Mally, also of the American, participated. Miss Ben-

son took first prize which was a \$10 gold piece offered by the Remington typewriter people. Miss O'Mally took second prize. The time was 4:40 and 5:07 minutes respectively.  
The currency and coin counting con- tests were open to tellers only. Ac- curacy was paramount. Tom Johnson

of the City won out in the coin count- ing, and George Jacobson of the First won in the currency run.

### Ten Years Younger Than His Years

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality.

If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and punch—in other words, when you feel your vitality is on the wane, you should com-

### Lyko

The Great General Tonic

This master body-builder will help you keep young in spirit and mental and physical action, because it will assist Nature in maintaining your vitality at par. It enriches the blood, restores worn-out tissues, soothes languid and over-wrought nerves, induces sound refreshing sleep, sharpens the appetite, tones up the digestion—in short, will put new life, new vigor and new vim in every fibre of your body.

You will be surprised how much better you'll feel after taking a treatment of LYKO. If you are tired and worn out, nervously and physically exhausted, it's a mild laxative—keeps the bowels in fine condition. Get a bottle from your druggist. Before all substitutes, today.

### FROST CHECKS ORE SHIPPING

Movement Will Be Million Tons Shorter Than Was Expected.

Iron ore shipments for the season from the Lake Superior district are now being estimated at 56,000,000 tons. Had it not been for the turn to colder weather conditions last week necessitating the thawing out of ore at the docks, and the closing down of shipments for the season from some of the mines, it is thought the movement would have easily reached 57,000,000 tons. Mine operators, with headquarters at Duluth, are generally hopeful regarding the outlook in spite of the industrial uncertainty reported in many quarters in the East. Arrangements are being made to maintain normal working forces at the mines during the winter in development and are piling at the underground properties. An official of the Oliver Iron Mining company said yesterday that about 11,000 and 12,000 men will be employed at its properties in the Lake Superior district and that its shipping program will be maintained as sufficient coal supplies to carry operations along have been arranged for. Edward J. Maney, general mines manager of the Shenandoah Furnace company, asserted that winter work will be carried along with the usual force at its four Mesabe range mines. He expressed the opinion that no labor trouble will be experienced during the winter on the Mesabe range. Labor efficiency has improved materially during the last few weeks, attributable to more men, more work and less inclination on the part of miners to move from one employment to another. Charles M. Schwab, chairman of the Bethlehem Steel corporation, in discussing steel conditions, is quoted as saying: "Public Mental Attitude. "It would be useless to deny that the mental attitude of consumers who are expecting lower prices for commodities is causing a decided lull in the demand for steel. Price changes that represent the passing away of premium prices and the return to normal levels maintained by the United States Steel corporation, I am not pessimistic regarding the outlook as there is a latent demand for steel existing and this must make itself felt. "The Bethlehem shipyards are booked full through 1921 and the steel works now are operating at about 80 per cent of capacity."

**ALLEGED MURDERER MAKES HIS ESCAPE BY JUMPING FROM TRAIN**  
Broken Bow, Neb., Nov. 15.—Jenny Chester, being taken from Great Falls, Mont., to Kansas City for the alleged murder of Florence Barton, escaped from three detectives on a Burlington passenger train here last night.

from three detectives on a Burlington passenger train here last night. Chester was in charge of Detectives Farrell, Beasley and Boyle of Kansas City and occupied a stateroom on the train. At the time of the escape Beasley and Chester were in the compartment and the other detectives were on the platform of the Pullman. The train had gone about a quarter of a mile from the depot when Chester plunged headlong through a window. He was unhurt and jumped to his feet immediately on striking the ground. He made his escape in the darkness. The officer fired five shots at the fleeing man, but failed to stop him. One bullet is said to have knocked his hat from his head. Sheriff Talbot of Custer county was notified and he and his deputies and a number of citizens formed a posse which joined in the chase. Chester was without a cent when he jumped from the car.

**IMMEDIATE CUT IN PRICES OF CLOTHING**  
Rochester, N. Y., Nov. 16.—Immediate cuts in wholesale prices of men's fall and winter suits ranging from 33 1/2 to 40 per cent were announced yesterday by nineteen Rochester clothing manufacturers who are members of the National Association of Manufacturers of Clothing. Spring lines of the same manufacturers opened today at prices 30 per cent lower than last year. No statement was made by any of the manufacturers in explanation of the price decline, but factories are known to have on hand large stocks of unsold and returned winter suits.

estate, and John Hardin, present owner of the farm, sought an interest. The judge gave the money to its youthful heir, holding the evidence was insufficient to show Mrs. Vickerey's mother had buried it, and that Mr. Hardin's ownership of the land did not give him ownership of the money because he was ignorant of its existence.

### "FINDERS, KEEPERS." COURT DECIDES IN THE CONTEST FOR MONEY

New Castle, Ind., Nov. 16.—Ownership of \$1,300 in gold found buried on a farm near Greensboro, six months ago by Levi Todd, a 16-year-old boy, was settled yesterday in the circuit court here by Judge Gause deciding "finders are keepers." While excavating for basement under an old house, Todd drove his pick into an earthenware jar containing the money, and then started a three-cornered fight for its ownership. Mrs. Clara Freeman Vickerey claimed the money was part of her mother's

Winnipeg, Man., Nov. 16.—A "farthest north" wheat, designated as "No. 14," which has been grown with success at the 66th parallel—"Higher up" on the globe than any wheat was raised before—has been "discovered" by the husbandry department of the Manitoba Agricultural college, it was announced yesterday. The new variety was said to be a cross breed of Manitoba and Australian wheats, and harder than other grades.

### Strong, Forceful Men With Plenty of Iron in Their Blood—

These are the Ones With the Power and Energy to Win  
"Many a capable man or woman falls just short of winning because they don't back up their activity with the physical strength and energy which come from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Columbia Dept.), New York and The Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron." It increases the strength and endurance of the blood, nerve centers, people in two weeks' time. Unlike the older iron products it is easily assimilated, does not irritate the teeth, makes them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

### FIRMS AND INDIVIDUALS THANKED FOR SHOW AID

The agricultural committee of the Duluth Commercial club desires to thank the firms and individuals who made possible the recent potato show and industrial display held at the Armory. More than 100 delegates were here from every county in the state and the show was an unqualified success. Messrs. Plich of Iowa, Millvan of Wisconsin and Brown of Minnesota, recognized as among America's foremost potato men, said it was the best all-around show they ever saw. Eight hundred and fifty dollars in cash prizes were given and every one who attended was more than satisfied, apparently. The committee's only regret is that more Duluth citizens did not take more interest, as the show admittedly was certainly entertaining and educational. Following are the firms and individuals whose generosity the committee wishes to mention: Stone-Orlean-Wells company, Simon Clark, P. A. Patrick company, Kelley-Hew-Thompson company, First National bank, City National bank, American Exchange National bank, Marshall Wells company, Duluth Produce exchange, Northern National bank, National Iron company, Duluth Hardware, Russell company, Robert Whiteside,

# HOOVER IN CONFERENCE WITH LABOR

## Makes Transcontinental Trip to Discuss Matters With A. F. of L. Expects to Consult With Labor Leaders on General Conditions.

Washington, Nov. 16.—Questions of industrial peace and related problems were discussed today at a conference between leaders of organized labor and Herbert Hoover, former Federal food administrator and member of President Wilson's second industrial conference.

Mr. Hoover came to the Federation of Labor at the request of President Goetz, said he had made the transcontinental trip from San Francisco to discuss "the whole industrial and employment situation" with the labor leaders.

Mr. Hoover said he had no definite program to offer, but that he expected to "advise and discuss with the labor officials on general conditions."

Mr. Hoover's trip to the real purpose of Hoover's visit, William Green, secretary of the United Mine Workers, declared that the union would not go to any person to discuss the subject of industrial peace.

Mr. Hoover entered the council room, he had with him a sheet of paper on which he had written the names of the labor leaders.

Mr. Hoover was expected to be asked his opinions on this phase of conditions and whether he could offer a program which would result in a general agreement through correction of the alleged evils.

# PAYMENT OF INCOME TAX IS PROBLEM

Washington, Nov. 16.—(Continued from page 1.)

Businessmen, being pledged to economy and the cutting down of governmental expenditures, are not in the mood to increase the government payroll.

**Not Government's Fault.**

As a matter of fact, it isn't the fault of the government that business houses have failed to accumulate reserve wherewith to pay income taxes. Many corporations had made provisions for their December taxes, but the money market became so tight about the middle of the month that they could not borrow the money they needed to pay their taxes.

# PAYMENT OF INCOME TAX IS PROBLEM

## (Continued from page 1)

As a matter of fact, it isn't the fault of the government that business houses have failed to accumulate a reserve, wherewith to pay income taxes. Many corporations had made provisions for their December taxes, but the money market became so tight that they could not borrow funds to carry on the usual turnover of their work, so they borrowed from themselves—they used up money that should have been kept for income tax payments.

Yet the entrance of Uncle Sam into the commercial world as a lender of money to private business concerns is a new thing, and the chief difficulty about it all is the discrimination made necessary by such a step. Where can the line be drawn? Any individual owner of a business who pays small taxes will want to postpone payment, especially since the rate of interest will not be higher than market rates of interest on deferred payments. This would be higher than market rates of interest on deferred payments. This would be higher than market rates of interest on deferred payments.

Excess Profits Tax. Congress will be pressed into a discussion of the whole tax problem, the excess profits tax is being repealed or modified. Even in the event of repeal, the excess profits tax has looked upon as a splendid money-getter for the government. The demand of a large number of manufacturers in their suggestions. London Fair Behind. The Western Union was said to have expected that because of wartime restrictions, the international clearing house in London was far behind in payment of bills to which the company was entitled for government messages that it had to pay to the government.

It will release for improvement streets on Second street from Forty-first to Forty-ninth avenue. Certain parts of the Second street, parts of Sherman and Raleigh streets below the right-of-way of the Northern Pacific railroad from Seventy-second to Central avenue and any number of small stretches throughout the city. It will also make possible the paving of streets and construction of sewers in New Duluth, between the city and Fond du Lac, which city had not even dreamed of improving for many years yet, according to Mr. Farrell.

Should Have Come Earlier. Had the amendment been adopted before railroad street was paved it would have meant a saving to property owners of \$2,000. The cost of the improvement that would have been assessed against the railroad would have amounted to \$50,000, but \$10,000 of this amount, assessed against property owned by the Northern Pacific and not used for railroad purposes, was paid by the company.

here since the party arrived last week. The president-elect, Harding, yesterday made the trip by automobile, covering the distance in a little less than two hours. The dirt trail, previously impassable Monday, had turned overnight and except for a few detours and much mud, the journey was without incident.

Mr. Harding was shown through the narrow, muddy trail, which he had made an unsuccessful attempt to depart Monday night, but was ready for a review trip. The party of automobiles spent most of the forenoon picking out a route of travel to the hotel and Mr. Harding quickly accepted their offer to bring him in.

Mr. Harding's departure the sun broke through the clouds for the first time in the week, but the driving was still no sign of abatement. From first to last, Mr. Harding's vacation, which began in Duluth, has amounted to two fishing trips, one game of golf and many hours of hunting about the little wood fire with which he sought to keep warm.

WELL KNOWN DULUTH PASTOR SUMMONED

REV. W. A. WEISS.

Rev. W. A. Weiss, pastor of the First German Methodist church, Fifth avenue and 23rd street, called yesterday at the home following a year's illness. He was 67 years old.

He is survived by a widow, one son, William, and four daughters, Mrs. Grace Hallock, of Chicago, and Virginia and Faith of Duluth. The family home was at 217 Fifth avenue east.

Funeral services will be held at the home at 3 o'clock tomorrow afternoon. The body will then be taken to Minnesota avenue, where services will be held Thursday afternoon in the North German Methodist church. Interment will be at Lakewood cemetery, Minneapolis.

PIONEER LUMBERMAN DIES

John Fitzpatrick Succumbs Suddenly at Mobile, Ala.

John Fitzpatrick, pioneer lumberman Duluth, died suddenly yesterday at Mobile, Ala., according to a telegram received here. He was 67 years old and lived at 1331 Loring street.

Mr. Fitzpatrick was a resident of Duluth more than forty years. He left on a Southern business trip only a short time ago. Members of his family said today that he has always been in good health and it is a surprise that he should have died so suddenly.

Surviving here are a widow and two sons, Roy and Edmund. The body will be brought to Duluth for burial.

MILWAUKEE FIREMEN INJURED FIGHTING FIRE

Milwaukee, Wis., Nov. 16.—Six firemen were seriously injured here last night in a fire which started in a four-story building occupied principally by the Milwaukee fire company.

The fire broke out when the firemen of an extension ladder collapsed as they were carrying it to the top of the building. Oscar Knuth, one of the firemen, planned to lean from the ground on the ladder to the cement sidewalk four floors below.

Each man was fractured and his legs and bodies painfully bruised. The cause of the fire is not known. The fire was under control at midnight after a two-hour fight.

Great Falls, Mont., Triplets.

Great Falls, Mont., Nov. 16.—Mr. and Mrs. Peter Popovich of this city are believed to be the parents of the first triplets born in Great Falls. There are two boys.

Zenith Made Mackinaw \$9.50.

A regular \$15 coat, Berenstein Clothing Co., West Duluth.

ST. CLOUD BREWERS HAVE BEEN INDICTED

Drains Falls, Minn., Nov. 16.—The United States grand jury indicted the brew here yesterday and adjourned today returning indictments against several of those indicted were George Smith, Fredlin Smith, Joseph Donzel and Florian Skolm, proprietors of a St. Cloud brewery, recently seized by federal officers. Their trials will not occur until next spring.

The grand jury yesterday asked for an order for the return of the brewery to its owners, but no decision was reached. The matter will be taken up in Minneapolis next Monday.

Little Boozie Arrests.

Little Boozie, Nov. 16.—Some twenty alleged violators of the prohibition law were gathered in a dragnet thrown out here last night by Federal agents. The raids were part of a program doublet from yesterday to break up numerous alleged "smallish" whiskey stores in this city. At a late hour the raids were continuing and the list of prisoners growing larger.

CLAIMS DANDRUFF WILL CAUSE BALDNESS

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't.

Dandruff leads to baldness, brittle, scraggly hair that finally dies—new hair will not grow—then you are hairless and nothing can help you.

The sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, safely, and without risking a penny get from your druggist a bottle of Parisian Sage. This is guaranteed to banish all dandruff, stop itching scalp and falling hair and stimulate a new growth, or the cost, equal as it is, will be refunded.

Parisian Sage is a scientific preparation that supplies hair needs—antiseptic, dandruff, itching, sticky or greasy, easy to use and daintily perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, by all means try Parisian Sage. You'll definitely know a little attention now means abundant hair for years to come.—Advertisement.

food for thought. The letters are all written by women who, while some are mothers-in-law, invariably point to their own mothers as the mothers-in-law par excellence. It is interesting to get the viewpoint of the other side of the family.

In any event, the woman who rushes into print on the faults of her household is lacking in reserve and in love and respect for her husband, and also laying a poor foundation on which to build respect for herself in the minds of her children. It would be much better now for these young women to cultivate in themselves the virtues they so desire in their mothers-in-law and it might be that in so doing they would become the daughters-in-law who would be most acceptable to the older women.

"NOT A MOTHER-IN-LAW,"  
Duluth, Nov. 12.

### THE IRISH QUESTION.

To the Editor of The Herald:  
If any people in the world have a right to be free and independent, then the Irish people have a right to be free and independent. If President Wilson spoke the truth when he said the American people had some war for no other purpose than to guarantee the freedom and the safety of every people on earth, great or small, strong or weak, then we are openly and publicly pledged to the whole world to support and to aid by every means in our power the Irish people's demand for freedom and independence. No capitulation in the world, no cunning explanation that circumstances alter cases, no explanation away the plain truth that we did solemnly pledge ourselves to make democracy and self-determination safe all over the world and that our people went to war in the name of freedom and the right of every people to rule its own destiny. What right the Polish people have to freedom and self-determination, what right the Czech-Slovak people have to freedom and self-determination, what right the Jugoslavians have to freedom and self-determination, what right the Irish people do not have? The president, in one of these fine speeches, which he so frequently utters, declared that our purpose in going to war was to destroy the rule of might over the world. Well, Ireland is part of the world. If not, Ireland is not governed by the rule of might and not by the rule of right. Is it not? Why, then, the president's declaration apply to the peoples which were formerly ruled by the rule of might, the German empire, the Austrian empire, the Russian empire or the Turkish empire and not to the peoples ruled by the rule of right, the British empire? M. McDONAGH,  
Duluth, Nov. 12.

### POEMS ASKED FOR.

TERENCE MACSWINEY.

To the Editor of The Herald:  
I am sending you a clipping from a foreign paper. You would oblige by printing it in your paper. It is written by Walter E. Holloway.  
JAMES McMAHON,  
Duluth, Nov. 12.

Terence MacSwiney, take your place Among the martyrs of your race. Who gave the last that man can give That Erin's liberty may live! Aye, Britain's brutal force is broken, For by your dauntless death you've spoken.

The word of doom to Britain's power In Erin from this fatal hour. No longer shall the tyrant reign— MacSwiney shall not die in vain!

Terence MacSwiney, I am not your countryman, but you have brought To me the fact that Erin's right Is a common struggle for the right— The right of all humanity For Justice, Truth and Liberty, America's foundation stone. The heritage our fathers won— And on this rock we, too, will stand Till freedom comes to Ireland.

Terence MacSwiney, sleep the sleep Of him whose loyal friends will keep Forever green his memory. As shackles in all lands are free, Free soon, for Britain's force is broken, Since by your dauntless death you've spoken.

The word of doom to Britain's power In Erin from this fatal hour. No longer shall the tyrant reign— MacSwiney has not died in vain!

QUESTIONS AND ANSWERS  
This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Herald to the best of its ability, reserving the right to issue all that are trifling or of concern only to the questioner, or that ask for advice on legal or medical questions.

To receive attention, every inquiry must bear the name and address of the person asking it. This is not wanted for publication, but as an evidence of good faith.

H. B. Evelyn: A man who has his papers and is a citizen of the country goes to Canada and lives there about six years; while there several children are born to him and later all return to the United States. Are they still citizens of this country?  
Ans.: H. J. Steel, executive secretary of the Americanization committee of Duluth, submits the following as the correct answer: "According to the naturalization laws and regulations, if H. B. has lived in Canada for a period of five years or more and has failed to register with the United States consul during that time, he has forfeited his American citizenship. If H. B. originally was a citizen of Canada, he would lose his rights of citizenship at the end of two years, providing, of course, he did not register with the United States consul in Canada. The important fact in this case is whether or not H. B. had registered in the office of the United States consul during the six-year period of his residence in Canada. If he has never registered, he has lost all citizenship rights in the United States. Any children born to H. B. while residing in Canada are not citizens if born after the time when he ceased to be a citizen of the United States."

J. B. V., Duluth: Please answer the following questions: (1) Names of the five city commissioners and the departments of which they are in charge? (2) What is the length of their terms of office?  
Ans.: W. Hagen, mayor and department of public welfare; J. A. Farrell, commissioner of public works; Fred Voss, commissioner of finance; T. J. Phillips, public utilities and W. E. Murnian, public safety. (2) Four years.

M. Virginia, Minn.: Will you kindly give me an answer to the following questions: Can a person shortly after obtaining a divorce in Minnesota go to the state of Wisconsin or Michigan and get married? (2) If so, can you come back and live in the state of Minnesota?  
Ans.: The Minnesota law forbids those to whom it grants leave from marrying in this state within six months, but it does not prevent their going to another state for the purpose. (2) Yes, the parties could come back and live here, but there would be a chance of legal entanglements later, involving property or other rights. These laws are framed in the interests of the society or a whole and there is always danger in ignoring them.

A. P. Chisholm, Minn.: Can a child be taken from its mother through annulment of the marriage?  
Ans.: It would depend upon circumstances and is for a court to decide.

E. L. M. Superior, Wis.: (1) Would you kindly state in your Questions and Answers column how long a person has to be in Wisconsin before he can get his citizen papers? (2) Are the first papers good that were taken out in 1908, or does he have to get others? (3) Does an American woman have her rights to citizenship in the United States if she marries an alien? (4)

Does she have to go with her husband to get papers?  
Ans.: (1) He must have been a resident of the United States five years and of the state in which he makes application at least one year. (2) No, he will have to make a new application; first or application-for-citizenship papers expire in seven years from date issued. (3) No, she loses them. (4) Not necessarily.

Billiard Player, Duluth: (1) What was the relative standing at the finish in the championship billiard tournament held in New York city in October, 1919? (2) Who made the highest run?  
Ans.: (1) The players finished in this order: Hoppe, Morningstar, Cochran, Schaefer, Sutton, Yoneda and Slosson. (2) Cochran, with 265.

Whitney Sentenced for Forgery, Newport, N. H., Nov. 16.—William Whitney of Langdon, arrested at Richmond, Me., last night, on a charge of forgery, was sentenced to imprisonment for not less than a year and a day nor more than two years. Yesterday Whitney pleaded guilty to a charge of raising a check on the town of Langdon from \$188 to \$288.

Well Known Sculptor Dies, New York, Nov. 16.—Thomas Shields Clarke, 80, internationally known sculptor and painter, died here yesterday. He had been ill a short time.

Woman Kills Three Children, Gorin, Mo., Nov. 16.—Mrs. Grover Buford stabbed three of her four children to death with a butcher knife at their home yesterday, and then attempted to kill herself. Her condition is considered critical. The other child, a boy of 8, who witnessed the tragedy, ran to a neighbor for assistance. Mrs. Buford had been ill, it was said. The ages of the dead children ranged from 7 to 7.

# Skin Blemishes

## How to get rid of them

Skin specialists are tracing fewer and fewer troubles to the blood. They say more often, skin blemishes can be traced to the bacteria and parasites that are carried into the pores of the skin with dust, soot and grime. To clear your skin of blemishes caused by this insidious and persistent enemy, use regularly the following special treatment.

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap; then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for

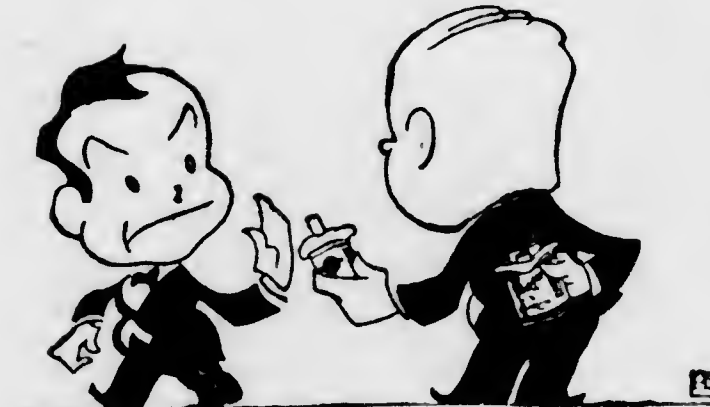

ten minutes. Rinse very carefully with clear, hot water; then with cold.

In addition to this special treatment, use Woodbury's regularly in your daily toilet. This will make your skin firm and active. It will help the new skin to resist the frequent cause of blemishes. Before long your complexion will take on a new clearness and freshness.

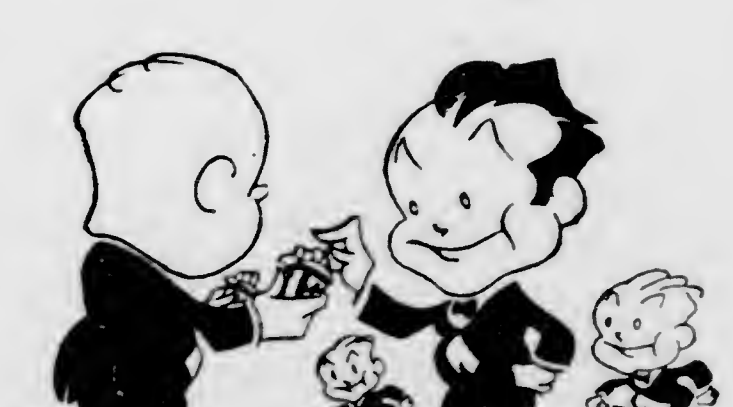

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

HE CARRIED two packs,  
OF CIGARETTES.  
ONE FOR friend Henry.  
FULL OF "Satisfys."  
AND THE other containing,  
JUST ONE cigarette.  
AND THAT lone cigarette,  
WAS ALWAYS offered.  
TO SMOKELESS friends.  
WHO WERE all polite,  
AND REFUSED to take it.  
AND SOMEHOW Henry,  
WAS NOT popular.  
TILL ONE day by mistake,  
HE PULLED the full pack,  
AND EVERYONE fell on it,

HIS STRONG constitution,  
CARRIED HENRY through.

### THE OPEN COURT

Readers of The Herald are invited to make free use of the column to express their views about topics of general interest, but discussion of sectarian, religious differences is barred. Letters must be accompanied in every case by the name and address of the writer, though these need not be published. A signed letter is always more effective. Letters must be written on one side of the paper only. The Herald does not publish original verse. Contributions of all nature that are submitted for the editor's perusal must be accompanied by a stamped and addressed envelope. If their return is desired, otherwise no manuscript will be returned.

### HINTS FOR YOUNG "IN-LAWS" TO PONDER

To the Editor of The Herald:  
For some time past the Open Court has been practically filled with letters on the "Irish question" and letters of abuse of the mother-in-law. Far be it from me to enter the controversy on the Irish question, though I cannot see what good purpose will ever be served by such expressions of hatred as are written, both for and against, on the Irish question, but the mother-in-law letters are entirely different and it seems to me time for The Herald to refuse to print any more of those epistles.

The extravagant use of fur indulged in during the last few years has had to be curbed on account of the shortage of pelts. If the designers had continued to use it as recklessly as in the past there would soon have been a tragic lack of fur-bearing animals on earth. But though fur is used sparingly now on most of the winter wraps, it is put on the garment in a way to show to greatest advantage.

In the cloak shown in one of the downtown shops the fur is used in a way to create the impression of great luxuriance. There is no skininess in the lacing high collar, and the broad bands of fur on the sleeves give a look of warmth and richness to the garment. The material is a steel-colored wool cloth and the fur is kolinsky. The lower part of the collar is left plain, the double row of large white beads, which are faced together with brown silk cord.

## "Cash and Carry" Stores Being Investigated

An investigation of charges by the National Housewives' league that the "cash and carry" plan instituted during the war is now being manipulated by merchants so that consumer obtains more of the benefits and all of the disadvantages is being approved by Duluth women.

"I have frequently had experiences myself which bear out the allegations," said Mrs. Alfred Jaques, president of the Women's Council, "Stores now apparently make to discrimination between the price charged for cash purchases carried by the consumer and on charge amount when the goods are bought on credit."

The "cash and carry" plan was instituted during the war as a method of economy. It attained great popularity and is still very largely practiced in our city elsewhere. The merchants contended that they could thus afford to sell goods at lower prices because they were enabled to eliminate bookkeeping charges, delivery costs, and the risk of bad debts.

"The Housewives' League of Duluth has not been active for about three years," said Mrs. J. T. Watson, a former president of the organization. "We have no machinery to investigate

## Side Talks

By Ruth Cameron.

"Sometimes," writes a letter-friend, "I would like to destroy most of the pictures in our home. They look insipid. For instance, a brook in winter and the companion piece, one in summer with a fried-egg sun, and ditto moon."

"And don't you like staring family portraits? We have loads of them. I don't care for either the beautiful people or O. K. (in artistic dress) but who could be romantic in basins and basins? (The album are dandy though. One can look back on the family line in them without paying the wall with most interesting only to oneself."

"I quote that passage both because of its terse and amusing character and because the lady touches in two or three of my ballads."

**Is the Living Room the Place?** First, that the living room walls are the show for family portraits. In place of canvas, old portraits, which are usually interesting enough to stand on their own merits without the help of relationship. Pictures of children are delightful, but unless they are artistic photographs of an individual figure with an appeal of beauty as well as interest, they are dull and make good living room pictures. I know a home in which the living room is lined with strings of pictures of the children taken at various stages of their development. There are several of each child, and they are so delightful things to have, but not to paper one's living room with. It seems to me that the mother's or father's chamber or a little private room, such as den or sewing room, is the place for such pictures.

**Bring Back the Family Album.** An equally desirable thing is the family album. It is a treasure which is a photograph album. There are some styles of which one can well say that

Mr. and Mrs. W. H. Hoyt, Twenty-first avenue east, have as their guest, Mrs. Hoyt's mother, Mrs. Katherine A. Hoyt of Minneapolis, who is here recently to pass the winter months.

Mrs. Henry Smith, The Hamilton, left yesterday for St. Paul, to be out of town for a week.

Mrs. E. D. Dwyer, East Superior street, left today for Madison, to visit her son, Cecil Day, before going to Los Angeles, where she will spend the winter season.

Mrs. James D. Keough of 1185 Lincoln avenue, St. Paul, returned home today after a short visit with her parents, Mr. and Mrs. Morgan Sweeney of Thirty-first avenue west and Fourth street.

Mrs. Belle Brooks of 4705 Peabody street left this afternoon for La Grange, Ill., where she will spend the holiday.

Mr. and Mrs. Frank Jones, Mrs. M. Jones and Gerald Nauget, who have been the house guests of Mr. and Mrs. E. D. Dwyer, left today for St. Paul, where they will be at home after Dec. 15 at The Buckingham, Fifteenth and Vine Place.

Mrs. C. W. Steele of East First street returned Saturday from Boston, Mass., where she has spent several weeks visiting.

W. E. Maigner, East First street, and Jerome Spencer of Walker are spending several days departing at Talmadge.

Mr. and Mrs. C. E. Mershon, East Superior street, returned from New York city, where they have been spending the last two weeks.

Mrs. E. E. La Londe, 1610 East Third street, returned from Milwaukee, Wis., where she was called there last week by the serious illness of her father, Frank W. La Londe, which resulted in his death. Mr. La Londe, who was 80 years of age, for the last ten days, accompanied her home.

Mr. and Mrs. Mason M. Forbes of fourteenth avenue east have returned from their trip to Chicago, where they spent several days.

Dr. M. Lefkowitz of East First street left this morning for Minneapolis. Mrs. Lefkowitz is expected to return to Duluth where they will make their residence.

Mrs. J. R. VanDusen, who has spent a fortnight with her sister, Mrs. John W. Miller of Roslyn avenue, left Sunday.

Sometimes we have guests, too, who like to do the same. For my part, I like to see other people's family albums even when I only know a few of the faces. I love to have people bring me to me with bits of gossip about them. That's Aunt Susie—she was married three times and would have been married a fourth time when she was 74 only her children prevented her from doing so. I have had a great deal to see what made her so wildly attractive. I even like to look family albums over just by myself and try to guess something about the inmates from their faces, though, of course, that isn't much fun if you never find out whether one guessed right or not.

Nothing is so funny as when my letter-friend touches on it, the subject of artistic dress. Who can't people realize that it is never my intention to have two hobbies so far that I'll have to save this gallop and another gallop. Some of our reader-friends who have feelings on that subject so they will enjoy the ride with me.

## Efficient Housekeeping

By Laura A. Kirkman.

**ANSWERED LETTERS.** Troubled Housekeeper—"How can I get fleas out of my large parlor rug? I am so ashamed and afraid someone will come to call and see them, yet cannot afford to buy a new rug. I have no animal pets, so cannot understand how they get there."

Answer—"Try to catch what adult fleas you can and destroy them. Keep the rug scrupulously clean and wash the floor beneath it frequently with a strong soapuds. Also fill up any cracks. Sprinkle the rug with benzene or gasoline (do not use these substances near flames) or sprinkle with alum, either powdered or in solution. Repellents are oil of pennyroyal, boughs and chips of pine, naphthalene crystals and pyrethrum. I would advise you to rub some of these repellents on the floor under the rug."

**Daily Tender.**—"Please tell me how to make the old-fashioned tomato preserves, very sweet, with lemon in it. Like another user to make. I haven't been able to find it in any cook book."

Answer—"This is a very old recipe: six pounds green tomatoes, 3 pounds granulated sugar, 4 lemons, 2 1/2 dozen peach leaves, 2 pieces ginger. Cover the tomatoes with water, put in the peach leaves and boil very gently until the tomatoes are quite soft but unbroken. Drain the water into another pan, add the sugar and boil for five minutes. Strain and let cool when cold put it back in the pan, put in the thinly-pared lemon rind and the ginger. Tie together in a piece of muslin. Then add the lemon juice and the tomatoes. Boil gently for a little while, then strain quickly when poured onto a cold plate, then fill into glasses."

G. M. P.—"Will you please tell me if there is any perfume suitable for use in giving a fragrant odor to the house? I have been in homes where, on entering, I was met with so pleasant an odor that I wished for something that would give my home a similar fragrance. I have

in splendid type and a collection of new thoughts and interpretations of Asop's Fables. An attractive book for very small children is one telling the story of Willy Whimsy's Fortune, fully illustrated with colored lithographs.

For the more grown up children one of the loveliest and newest seen is Cooper's "The Last of the Mohicans," which has been brought out in a beautiful binding and illustrated. This tale, ever a favorite of boyhood, together with the Boy Scout series, very wholesome and a truly sit-on-the-edge-of-your-chair type, Old Indian Legends, King Arthur and His Knights and others of the famous group of legends and stories of chivalry, with those of history and its stories, in which are listed works by Kingsley, Mark Twain, Jane Porter and others of like standing, go to make a collection of narrative books, books of history, stories, French books and occupational books, well worth the attention of any person, young or old.

The West Duluth W. C. T. U. will hold its annual donation day meeting Thursday at 2:30 p. m. at the Bethel Lodge home, 1420 East Ninth street. The leader will be Mrs. David Adams and the hostess Miss Jessie Mauck.

## Visitors Throng to Book Week Observance

Eighty grown-ups and more children than the First Five ever dreamed of following in the train of his magic music, visited the library clubrooms yesterday, the opening day of children's book week, nationally observed Nov. 15 to 20. It would be hard for individual members to extol their own visits to the clubrooms were agreedly surprised and received many valuable suggestions regarding things of interest to children.

In one assortment is found a delicate bit of fantasy dealing with flower life, while in another is a volume of nature studies, taken collectively it would be hard to find a better selected, more extensive or more interesting lot of books.

## "TINKER BOB" STORIES

By CARLYSLE H. HOLCOMB

THE KING SEES THE FOREST TERROR.

TINKER BOB and The Beautiful Creature of His Desire were not long on their way out into the Forest of Terror. Just outside the entrance Tinker Bob's attention was attracted by a creature that went in and out of the cave. Things in the Forest develop in strange and peculiar ways. The King did not have to wait long in his hiding place till he saw a large, shaggy creature approaching.

This shaggy animal came to the entrance of the cave, sniffed a bit and whined a little. The King saw the dirt about the entrance. His tail was long and bushy and dark gray in color. It began to wag every time he whined; but Tinker Bob was wise enough to find a hiding place in the Forest of Terror. The King could see every movement of every creature that went in and out of the cave.

It wasn't long after the first whine from this creature, when there came an answer from inside the cave. It wasn't a whine, it was a growl. The creature outside paid little attention to this growl, but kept right on whining and sniffing the dirt. The sound of the growl from within kept growing louder and louder as the creature inside became more and more excited.

"Now," said Tinker to himself, "well soon find out what the Forest Terror is all about. It was true for the King had no more than spoken these words when Mr. Wolf thrust his nose out of the cave."

The fellow outside had been out looking about the Forest and had come back to tell Mr. Wolf what he had seen. Says he: "Mr. Wolf, there's a great fellow in the Forest. All of the creatures seem to be hurrying as fast as ever they can as quickly as possible."

"I'm afraid," said Mr. Wolf, "that something terrible will happen if the King doesn't get out of the Forest as soon as he can. I shall keep watch tonight in the open to see if the great spirit will come again. But if this day for I shall be in the Forest. I must be here when the King comes."

These words were enough for Tinker Bob, King of the Forest, and he decided at once to return to the palace that he might tell Chief Parley and Major Bois Cat what to do next. In his own mind he had decided to return to the palace that night. So he tapped the Stone of Knowledge and The Beautiful Creature of His Desire was soon carrying him on the way to the palace. Watch closely, for the King will soon return.

AT THE THEATERS

TONIGHT'S ATTRACTIONS.

ORPHEUM—Emily Ann Wellman in "The Actor's Wife" other acts.

NEW GRAND—When Johnny & Co. decided to name their act one of the features of the current show at the New Grand, "Daring Doublet," they had a hard thought for it such nerve-tugging stunts are brought about by an aerial balance of "wee-wee" then the more timid souls will have cause for self-consultation that the days of "daring" are upon us. How any man could tumble from the heights which he gains from while simulating a "wee" will be an unsolvable problem for all who see the act, as it was for the audience which attended yesterday. The scene is a cafe and when the curtain rises Johnny Clark is shown sitting at one of the tables. A pretty girl in a long white dress comes in and sits down at the table. She is dressed in a long white dress and when she sits down she is seen to be carrying a large package. She is dressed in a long white dress and when she sits down she is seen to be carrying a large package. She is dressed in a long white dress and when she sits down she is seen to be carrying a large package.

ORPHEUM—Emily Ann Wellman is all things to the theater: actress, author, producer, stage director, manager and technical director. These various accomplishments have been applied with success in both the drama and vaudeville. Then Miss Wellman turned author and producer and went into vaudeville with a playlet of her own called "Young Mrs. Stanford," which created something entirely new in stage lighting as well as in producing. Her success was so great that she stopped acting entirely for a while and produced vaudeville playlets. An actress, however, is not happy unless she acts and so Miss Wellman has come back to the stage again to vaudeville, where supported by Richard Gordon and company, she is playing "The Actor's Wife," described as a theatrical storm in ten dramatic flashes, written and directed by Miss Wellman. The piece is an intense bit of drama and a novel creation in staging and new lighting, affording not only an opportunity for the young actress' histrionic talents but also for her talents as a producer.

NEW GARRICK—Tom Moore in "Officer 666." ZELDA—William Farnum in "Drag Harlan." STRAND—Jack Holt and Agnes Ayres in "Held by the Enemy." NEW LYRIC—Dorothy Phillips in "Once to Every Woman."

NEW GARRICK—Tom Moore in "Officer 666" at the New Garrick is an entertainment that no one who enjoys good, clean fun can afford to miss. "Officer 666" was one of the most successful farces ever produced on Broadway, and Coban & Harris, the producers, found it a money-maker without outside the play, because it has swift-outlines on the stage. Tom Moore can pack more laughs into a foot of film than any comedian that can be recalled in the legitimate fun films. It is a picture for the whole family, and it is but one of the good things on the program which will be presented for the last time tomorrow. Mary Miles Minter in her latest production, "Eyes of the Heart," will be the attraction for the last three days of the week.

ZELDA—The performance tonight of "Drag Harlan" at the Zelda theater marks the close of the latest of the William Farnum star series made in the schedule of William Fox. Appar-

ently nothing has been overlooked that could make this picture intensely interesting. The action has the delightful tang of the old days of the Western plains when gun-fighting was both an indoor and an outdoor sport, when good men and bad ones "went out" with their boots on, when a quick trigger finger was a man's best life insurance, when a pretty girl was a treasure that all men coveted, and gold was something to be battled for. Coming tomorrow will be Connie Griffith in "The Whisper Market," from the magazine story by W. E. Scott.

STRAND—Quite a drug of which the Southern hospitals were very badly in need during the latter days of the Civil war. The longing to which the Southern spies went to obtain the precious drug, are shown in the new Paramount picture, "Held by the Enemy," which will be shown at the Strand theater today and Wednesday only. Agnes Ayres is the charming heroine. She has an excellent role of which she makes the most. The cast includes Wanda Hawley, Lillian Leighton, Jack Holt, Lewis Stone, Robert Cain, Walter Hiers and others.

NEW LYRIC—Tonight's showings of Dorothy Phillips in "Once to Every Woman" are positively the last of a production which has more intensely interested patrons of the New Lyric than any seen here in some time. Starting tomorrow, Dorothy Phillips will be the featured attraction in "The

Little Wanderer." It is the story of a poor girl, buffeted by fate, who finds happiness only after she has run away from home disguised as a boy. Unusual experiences in a big city culminate in her winning the love of a real man, who happens also to be wealthy. When she is dressed as a boy nothing is too daring for her to undertake and she provides a few thrills as well as many surprises. "Mr. Patina," a Christie comedy, with the best of the Christie fun-makers, is an added feature that will help to make the bill a notable one.

ASK FOR CARLOAD RATE ON CHINESE QUEUES. Washington, Nov. 16.—Establishment of a carload rate on Chinese queues pressed into cloth, from Houston, Tex., to various parts of the country, was asked of the interstate commerce commission by the Oriental Manufacturing company of Houston. ### VOCATIONAL SCHOOLS WANT MORE STATE AID

Madison, Wis., Nov. 16.—State aid of \$250,000 instead of the \$250,000 granted at present will be asked of the legislature by the state board of vocational education, it was announced here today. A rapid increase in the number of industrial schools is given as the reason for the proposed increase.

The state has agreed to meet half of the expense of maintenance and teachers' salaries, while the cities are to bear the other expense. Since the special session of the legislature last June the number of vocational schools has jumped from thirty-two to forty-eight, with other cities about to start the training.

During this rapid growth the board says that it has pro-rated its state aid to the schools rather than leaving any unappropriated sum to any one city. It is its intention to continue this policy if a larger appropriation is voted by the legislature.

**Smaller Places Want Schools.**  
The state law requires that all cities over 5,000 maintain a vocational school. While the census of this year does not bring any cities now without industrial schools into the class where they are required, several of the smaller places wish to establish the training. Among these cities are Sturgeon Bay, Sturgeon, Ladysmith, Prairie du Chien and Algona.

Programs for expansion have been adopted by a number of cities. Manitowish has recently leased the building of a ship construction firm to house its school. Madison is erecting a new vocational high school to cost \$400,000 in the neighborhood of \$400,000. Milwaukee has recently moved into a new \$1,500,000 building and has started to clear the ground for a similar project to house girls taking vocational training. The Marshfield vocational school is now in new quarters, with Waunakee considering the erection of a new high school. Sheboygan has been considering the erection of a new high school to cost around \$1,000,000 and intends to use the old building for vocational training. Menasha recently built an addition to its high school to house vocational students.

### HARRISON'S TOMB NOW PROPERTY OF STATE

Cincinnati, Ohio, Nov. 16.—The tomb of Gen. William Henry Harrison, "Old Tippecanoe," first of Ohio's presidents, has become the property of the state. It is situated on a knoll at North Bend, a suburb to the south of Cincinnati, commanding a magnificent view of the Ohio river.

Possession by the state became effective when State Representative Horace Bonner of Cincinnati, filed with the county recorder fifteen quit claim deeds representing the interests of the Harrison heirs, scattered from New York to California, in the six acres of land involved in the transfer.

### Carleton Students Will Do Their Part

Northfield, Minn., Nov. 16.—Earn, save and give is the slogan of the campaign among Carleton college students by which the college itself will do its part in the "Four Million for Carleton" drive now sweeping over Minnesota.

The student campaign began today under the leadership of Arthur Whittemore, general chairman. The executive committee consists of Ford Hall, John Shaffer, Lindsay Hoban and Vernon Gahlinger.

"We recognize the duty of the present students at Carleton to support this movement," said Arthur Whittemore in an address at the opening of the campaign. "Unless we do our part, we cannot expect other friends of Carleton to back the campaign which is dependent on to pull the college out of the difficult situation in which it finds itself."

### NEGAUNEE MAN IS LEAD POISON VICTIM

Negaunee, Mich., Nov. 16.—Lead poisoning contracted while working in mines in far Western states, was blamed for the death Friday of Matt W. Engstrom, 41, local shoe dealer, who was buried Sunday. His widow and five children, living in Finland, survive.

The members of the Swedish-Finnish Sick Society, of which he was a member, had charge of the funeral and attended to his body. Services were conducted by the Rev. C. E. Lindgren, Marquette.

### MISTAKEN FOR DEER, DETROITER IS SHOT

Manistig, Mich., Nov. 16.—The first hunting accident of the Upper Peninsula occurred on Saturday, the day the deer season opened. William Rife of Detroit was mistaken for a deer by H. A. Van Auker, Manistig jeweler, and shot through the hip. He is at the Manistig hospital, where he will probably be confined for two or three months.

Rife, an ex-soldier, was dressed in olive drabs. He was following a fresh deer trail, the same animal that Van Auker, accompanied by Jack Lindquist and Howard Gattis of Chatham had been tracking. When the accident occurred, Rife was bending over behind a clump of bushes, only his hips showing. Van Auker mistook him for the deer they were tracking, and fired. The bullet entered Rife's left hip, shattering the bone, and smothered from the right leg. No vital organs were touched.

### Close Schools to Hunk Corn

NEWS OF THE NORTHWEST

BADGER STATE TAX MAY BE NECESSARY

Madison, Wis., Nov. 16.—State operating expenses are likely to exceed provisions made for them from income and corporation taxes during the coming biennium, for the first time in years according to Miles P. Heintz, chairman of the tax commission. Increased expenses at a time when incomes are lessening and valuation of railroads is decreasing are given as the cause. The state has in the past maintained its organization without going to the people for money from personal property taxes. It was said that although it might now be necessary for a state tax increase would be so small as to be almost unnoticable. With the university and normal schools about to ask for extensive grants and with other expenses mounting, the possibility for a state tax in 1922 has become more probable. Mr. Heintz said that railroad valuations had fallen to keep up with the progress of prices and that as a result taxes would be less in proportion unless they are increased by the coming legislature. At the time of the last tax levy the commission increased its base for the year of Wisconsin property from \$1,000,000,000 to \$1,500,000,000. Increased taxes have resulted from this. School taxes and local taxes are the greatest factors in raising the rate, according to Mr. Heintz.

MANY PUBLIC SERVICE NURSES IN WISCONSIN

Madison, Wis., Nov. 16.—There are now 314 public service nurses employed in Wisconsin, forty-four of whom are engaged in thirty-five counties of the state to look after the health of school children, according to Mrs. Mary P. Moran, director of child welfare and public health. A state law passed by the 1919 legislature makes it compulsory for all counties to employ nurses by July 1, 1921. County health workers in the northern part of the state are this month making hurried calls to the rural schools before winter makes highways impassable. Mrs. Moran said they are finding that throughout the state many children are defective in vision and hearing and need attention by opticians or doctors. It was explained.

MOSTLY BANK STOCK.

Constitutes Bulk of Bonded Indebtedness of North Dakota.

Bismarck, N. D., Nov. 16.—The bonded indebtedness of the state of North Dakota, as shown by the annual report filed by Treasurer Overt Olson with the governor, is \$2,447,209. The major portion of the bonded indebtedness consists of \$2,000,000 bonds for the capital stock of the Bank of North Dakota, \$120,000 for the mill and elevator association and \$320,000 of 4 per cent bonds issued in 1915 and due July 1, 1925. Total expenditures during the fiscal year ending June 30 were \$13,297,037.38, according to the report. Total receipts were \$14,070,056.38. The balance of the workmen's compensation bureau is shown to be \$425,827.41. Total receipts amounted to \$234,825.45 and total expenditures for the fiscal year amounted to \$109,015.05. The workmen's compensation bureau was shown to have \$72,827.41 in the Bank of North Dakota subject to check and a certificate of deposit in the Bank of North Dakota of \$350,000.

TRACTOR OPERATION COURSES IN WISCONSIN

Madison, Wis., Nov. 16.—A three weeks' course in tractor operation and construction is to be given by the college of agriculture here Dec. 13 to 21. The course is said to be only a beginning of an effort to aid Wisconsin tractor owners to realize better returns from their expenditures in power machinery. Short courses for a few days each are planned for various places in the state this winter. Localities asking for the instruction will be provided for if there is sufficient demand, it was said. A wide range of tractors is available for those who enroll for the training.

Many Badger House Cases.

La Crosse, Wis., Nov. 16.—Judge Landis of Chicago, convened United States court here Monday and sees in a grand jury which is expected to make an exhaustive investigation of violations of the production act in Wisconsin. All Indians under the jurisdiction of the Red Lake Indian agency will receive their annual payment of \$1250 per capita during the first two weeks in December, according to George W. Cross, superintendent. The agency includes the Fond du Lac, Grand Portage and Nett Lake subagencies. Mr. Cross's schedule follows: Dec. 23—Clouet, Dec. 24—Grand Portage, Dec. 27 (afternoon)—Duluth, Me-Kay hotel, Dec. 28—Superior, Dec. 30—Nett Lake.

EVELETH AND OTHER TOWNS LACKING GOAL

St. Paul, Minn., Nov. 16.—East Grand Forks, Eveleth, Sandstone, McIntosh, Lafayette and points in Northern Minnesota have been notified by the railroad and warehouse commission that with the beginning of cold weather they are without supply of fuel. Some of the complaints were addressed to Governor Parquette and others to J. E. McCre, former fuel administrator, and were turned over to the railroad and warehouse commission. Lafayette reports that the dealers in that village have been attempting to get coal since last March and have been unsuccessful.

LESS MILK CONDENSED.

Madison, Wis., Nov. 16.—Milk prices are tending downward with unsteady conditions existing throughout the market, according to a report of the division of agriculture. The outlook at present is not encouraging because of decreased activity on the part of canneries. The increase in total stocks of condensed and evaporated milk in the country has been 192.7 per cent since a year ago. Lard oil stocks held by the manufacturers on Oct. 1 were said to amount to 391,250.

MALT SYRUP MAKERS FEARING LARGE LOSS

Milwaukee, Wis., Nov. 16.—Large brewing interests which have been manufacturing syrups from which home brew could be made yesterday declared that if the recent ruling of John F. Kramer, national prohibition commissioner, making the sale of these extracts illegal is enforced, they face a serious loss. After the eighteenth amendment went into effect the majority of the breweries here ceased the manufacture of near beer which is less profitable than making malt syrup. The proportion of 40 and 60, which could be used every day in Milwaukee for approximately 800,000 pounds are said to be the manufacture of home brew mixtures. Breweries have installed special machinery for the increasing demand.

TILL PARDON BEING STOUTLY REGISTERED

Cumberland, Wis., Nov. 16.—(Special.)—The Barron county seat, John Till, the county seat, has been placed in the county jail to serve six months for practicing medicine without a license, is phoning his hope on securing a pardon or at least a release in his home town. He is being bitterly opposed by District Attorney J. L. Dahl and also the county board of supervisors, and it is probable Till will have to serve his time. He informed the sheriff that he has attempted to leave the county but has been defended him in various legal actions \$50,000.

Five Things Happen When you brush teeth in this way

All statements approved by authorities

Dental science has produced a new teeth-cleaning method. Millions of people have already adopted it. Leading dentists everywhere advise it. In effective ways it combats the film on teeth. And it deals with this tooth wrecker as was never done before.

The fight on film Modern dentistry finds that most tooth troubles are caused by film. The film at first is viscous. You can feel it now. But it clings to teeth, enters crevices and stays. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay.

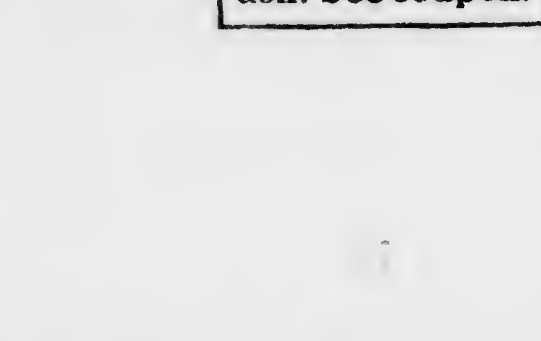

You'll know in a week Some results of Pepsodent appear rapidly. Within one week the good effects will be amazing to you. One ingredient is pepsin. One multiplies the starch digestant in the saliva to digest starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids. Two factors directly attack the films. One of them keeps the teeth so highly polished that film cannot easily cling. In all these ways it brings and maintains whiter, safer teeth. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how the teeth whiten as the film-coat disappears. Compare the results with your old methods. Then let those evident results tell you what is best. Cut out the coupon now.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Very few people have escaped these film-caused troubles. Ordinary methods do not end this film. So millions who brush teeth daily find they still discolor and decay. Now new ways have been found to fight film. Careful tests have proved them. High dental authorities approve them. They are all combined in a dentifrice called Pepsodent. It meets every modern requirement. And this new tooth paste is fast coming into world-wide use.

GRID SEASON NEARING END

Final Western Conference Games to Be Played on Saturday.

BY WALTER McKESSALL, Chicago, Nov. 16.—With the exception of the Cornell-Pennsylvania, Pittsburgh-Penn State and Nebraska-Washington games, scheduled for Thanksgiving day, and the Army-Navy game in New York city on Nov. 27, the curtain will drop on the 1920 football season with the playing of next Saturday's games.

From every standpoint the season has been one of the most successful in the history of the colleges' greatest sport. The contests were seen by open-air gatherings, and in some cases the struggles were not decided until the final whistle.

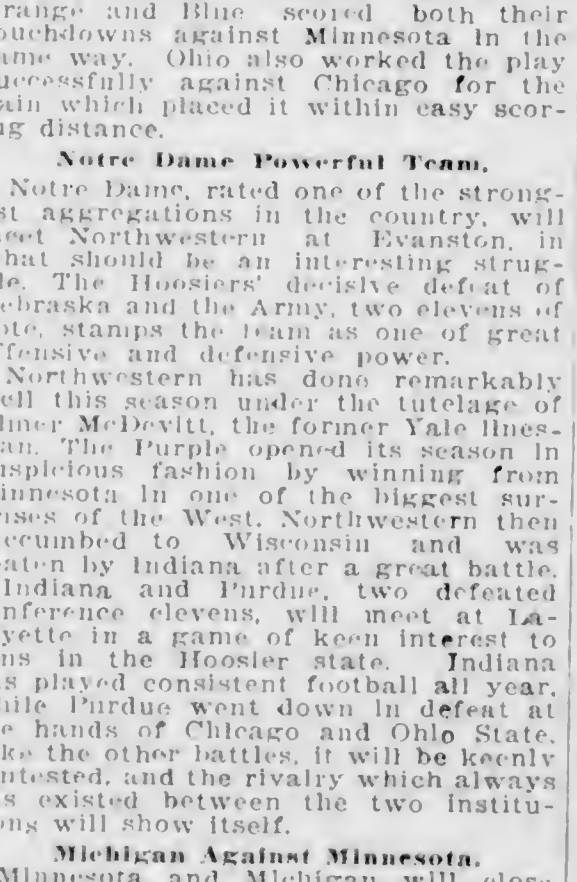

In other words, football came into its own as the world's leading amateur sport. Local in the wool baseball fans, disappointed over the season's disappointing close of the regular following, have turned their attention to football, with the result that more ardent admirers of the college game than those who have followed it for years.

Observe the Rules. The successful season may be attributed partially to the coaches and players. The mentors instructed their charges to play according to rules, and in most cases this was done. There was little scrambling between officials and players, a feature so disgusting to spectators. Most teams took the penalties with the proper spirit, a feature of sport seldom seen.

Chances and players also developed a better knowledge of possibilities of the game, which is not yet developed to its highest point. The open and close result was combined for desired results by most teams, and the kicking game, formerly neglected, was made a feature of defense. The ball was handled deftly in most cases, and when entering of punts were in doubt the oval was permitted to strike the ground. In many other ways the game was played safe in a strategic manner.

What Is With Fine Games. In the Middle West Chicago and Wisconsin will clash in their annual battle on Sturgis field. The game is expected to be a hard one, but the teams will go into the battle confident of victory, which is the surest sign of a superb contest.

JUDGE LANDIS, PROBABLY BASEBALL HEAD, AS A FAN

Judge Kenosaw Mountain Landis, the same Federal judge who imposed the \$25,000 Standard Oil fine and has now been offered the job of directing the baseball game, is a crafty ball, is a baseball fan, and is a baseball fan. This photograph shows him during a tense moment of a game in Chicago.

Michigan Against Minnesota. Minnesota and Michigan will close their season at Minneapolis. The former showed poor early season form, but improved as the season wore on. In Wisconsin lost a 7-0 victory to Illinois, but this defeat would be erased by a victory in next Saturday's game. Michigan certainly made great improvement over the eleven of a year ago, and showed Yost still is a crafty mentor if given the material.

Three Promoters. The three promoters are the only directors of the corporation, which will hold contests under the name of the "American Sporting Club," a representative of Mr. Rickard declared. Mr. Cochrane is understood, will look after European interests.

RAPS STREET CAR SERVICE

Council Considers Complaints; Commissioners to Meet Traction Officials

Dissatisfaction with the service of the Duluth Street Railway company came to a head yesterday when an appeal was made to the city council for relief. The complaint was made in regard to service during the morning hours on the East end lines, where, it was declared, school children were unable to find room on the cars. A request was made of the council through Commissioner W. P. Murnian, for permission to run a bus line between Lake Avenue and Twenty-fourth Avenue east without the expense of paying the license, which amounts to \$1.50 a passenger per year, although the proposed owners of the bus would provide the necessary loads.

Service Severely Criticized. The request introduced by Commissioner Murnian brought forth considerable criticism of the service the company is now giving and not only was the East end service criticized, but virtually every line in the city came in for its share of censure. The company was severely criticized and charges of bad faith on the part of the council were asserted by a majority of the council favoring a conference with General Manager Herbert Warren and President A. M. Robertson with the council, which steps should be taken to relieve the present condition of the service.

Commissioner P. G. Phillips suggested that the council should order a survey of the system to see if the company could not give better service than it is now. He declared that Herbert Warren, general manager, shortly after the recent election, at which the appeal for the lines was turned down by the voters, had declared he was going to give Duluth what it had insisted upon to have. Commissioner Farrell said the company had shipped back to Minneapolis the cars, which it had no farther use for here, as the service had been cut.

Commissioner Farrell asked a legal opinion of Assistant City Attorney Leonard McHugh as to whether the council could demand better service of the street railway company and "get anywhere with it." Mr. McHugh gave as his opinion that it was within the province of the council to order improvement on different lines as well as to order extensions. In the event of failure to comply with the demands of the council, a writ of mandamus could be obtained to force the company to improve the service. Mr. Farrell suggested that the council should proceed about these lines at once and first considering the question with officers of the company and an effort be made to obtain improvement in the service that way first. He was supported in this by Commissioners Fred J. Voss and T. W. Hugo.

Doubts Value of Conference. Commissioner Phillips said he believed such a conference would come to naught as Mr. Warren was "too smooth for this council" and that the meeting would result in another case of "passing the buck." Previous proposals made to officials of the company had brought forth a nice letter filled with bank, couched in fine phrases, but telling the council in polite language "to go to hell," he said. The question for the time being was settled by Mayor Hugo setting Wednesday afternoon for a meeting with the officials of the street railway company. Commissioner Phillips agreed to introduce a resolution calling on Mr. Warren to be present and if he saw fit, to invite President Robertson to attend.

An ordinance to provide for a survey of the water plant and the sewer system of the city to be made by the Minnesota state board of health, as suggested by The Herald, was introduced by Commissioner Phillips and carried unanimously. Commissioner Phillips informed the council that there had been considerable agitation over the condition of the water supply and the sewer system and that it was desired a survey be made to determine the condition of the water and to learn what steps would be necessary to safeguard the supply in the future.

The commissioners expected John Murphy, former chief of police, would put in an appearance at the council meeting to press his claim for reinstatement, but he failed to appear. However, a petition signed by a majority of the policemen asking that he be reinstated was submitted to Commissioner Murnian at the close of the council meeting. The question of the appointment of a chief of police did not come before the council.

Order to Construction. Dr. E. W. Paley, director of health, was authorized to attend the convention to be held at the institute of general diseases at Washington, D. C. Expenses, the amount of \$275 were allowed by the council. W. C. Munk announced from assessments for a sanitary sewer to be put in near his property in Oakland park addition.

A motion to appropriate \$500 for additional repairs to the aerial bridge was given a first reading, as was a motion to appropriate \$12,000 from the public utilities fund for the purchase of cast iron pipe.

The ordinance granting the Minneapolis, St. Paul & Sault Ste. Marie railroad the right to lay and maintain tracks over the crossing at Forty-ninth Avenue west was passed.

Two claims for damages were settled by the council. Clara Johnson was allowed \$75 for injuries sustained when she tripped and fell over a loose plank in the sidewalk. T. E. Olson was given \$10.25 for damages to his machine caused by the alleged faulty condition of Superior street.

city council decided yesterday. In Huntington street from Sixty-first to Sixty-second street, an estimated cost of \$1,066.01. In Gold street from opposite block 1, lot 7, to a sewer in Midway Avenue, at an estimated cost of \$241.43. The commissioner of public works will advertise for bids for one team of heavy draft horses. The recreational director will be permitted to employ a caretaker for the Harrison park house at \$125 a month and a check room assistant when needed at 60 cents an hour. The plats of Duluth Heights garden tracts and Chester place division were approved.

Washburn Property Sold. Washburn, Wis., Nov. 16.—J. E. and Ralph Pirnie, who have been operating a large farm near Sanborn, have purchased the Eastbrook-downs building here and will remodel it into a garage, implement store and auto salesroom.

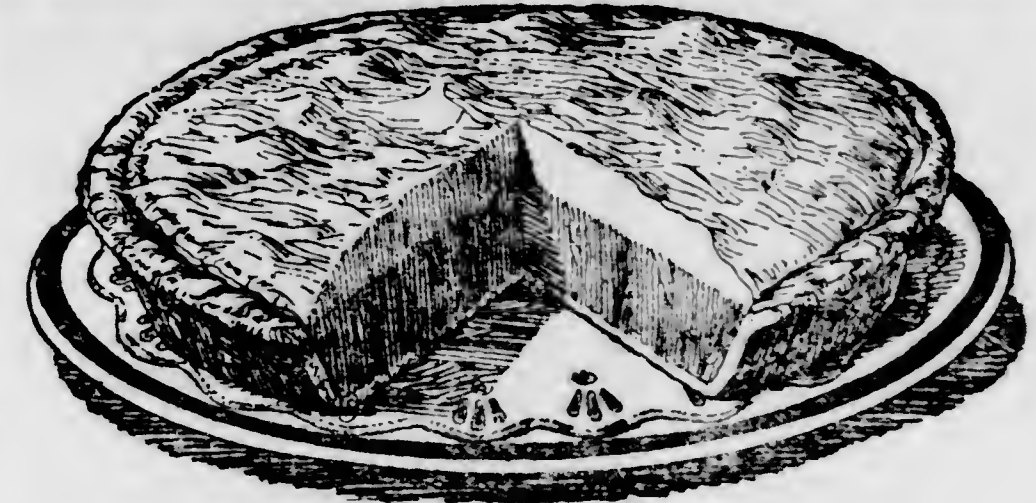

The dry goods store occupying the place is seeking other premises.

Sells Stamp Collection. Through a small classified advertisement in the "For Sale Miscellaneous" column of The Herald want ad section, a stamp collection valued at over \$400 was sold to a veteran collector. Daily The Herald want ads are bringing owners and prospective purchasers together. The next time you have something to sell, whether it be household furniture or just your car, let The Herald want ads rapidly seek out a buyer for you.—Advertisement.

Rural Pastors Short Course. Madison, Wis., Nov. 16.—Scholarships are being offered rural pastors by the University of Wisconsin this year by classes in sociology and agricultural economics. The program was begun

with a nucleus of nine pastors who live within a radius of sixty-six miles of Madison. Each week they come here to receive instruction in subjects that will better train them for their work. It is emphasized that the rural field offers a big opportunity worthy of specialized training to fit the pastor for conditions under which he must work.

Quick Lemon Pie
Real Lemon at its best

Now comes Jiffy-Pie—real lemon pie, made by the makers of Jiffy-Jell.

It comes in a package, almost ready-made. The sugar is there, the egg yolk, powdered milk, corn starch and tapioca.

The real lemon essence is there—derived from lemon peel. It comes sealed in glass so it cannot deteriorate.

Add water, cook a little, and the filler is ready. You have the utmost in a lemon pie.

Perhaps you also make good lemon pie. But think of the time and the trouble. Think how rarely you serve it—the finest pie that's made.

Jiffy-Pie saves most of that trouble. It makes lemon pie convenient, quick and economical. You will serve it twenty

times as often when you let us make it for you.

It is made by the same people as make Jiffy-Jell desserts. You know those fruity dainties, with the real-fruit sealed in glass. The same high ideals are back of Jiffy-Pie.

We will pay your grocer for the first pie if you are a Jiffy-Jell user. Present the coupon to him—get the package. See how easily and quickly you can make the pie.

Compare it with your own pies. Ask how your people like it. Then remember that Jiffy-Pie is ever at your call. It costs only a few cents to serve it. It is little work to make it.

You'll be glad to know of Jiffy-Pie. Cut out the coupon now.

# FATHER HENNEBRY GOING TO GRAND RAPIDS CHURCH

Rev. Fr. Thomas Hennebry, pastor of St. Michael's church at Lakeland, Minn., where he has been transferred by Bishop J. M. McQuinn, Rev. E. J. Walsh of Proctor will take charge of the Lakeland church.

Members of Father Hennebry's parish last night paid him a surprise call at the parsonage. They expressed their appreciation for his work here. Mr. E. Lottstedt made the farewell address on behalf of the congregation. Father Hennebry was presented with a purse colored with the colors of the parish. Following his speech of acceptance, the women of the congregation served lunch.

**Kills Lion With 22 Rifle.**  
Helena, Mont., Nov. 16.—Otto Synne, a rancher, shot a mountain lion measuring eighty-one inches from tip to tip. He trailed it for three days and finally cornered the huge beast. One shot in the head brought it down. The weapon was an ordinary .22 caliber highpowered rifle.

**Keeper of Archives.**

# Aged, Wrinkled Faces Easily Rejuvenated

An aged face is youth only a mask to a comparatively youthful person. Blemishes are a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercantile soaps to be had at any drug-store, gradually absorb the worn-out surface skin in a week or two. The user has the loveliest pinky white complexion imaginable. An emulsion of cod liver oil is sufficient to complete the transformation. It is put on at night like cold cream and taken off in the morning with warm water.

This remarkable treatment is invariably effective, no matter how muddy, sallow or disordered the complexion. Freckles, moles, blotches, liver spots, pimples, blackheads and other cutaneous blemishes naturally vanish with the discarded skin.

To remove wrinkles and hairiness, here is a recipe that cannot be highly recommended. Powdered starch, one ounce, dissolved in six ounces of water, brushed on with a brush, one-half pint. Use as a wash lot.

# MUNICIPAL CHRISTMAS TREE, ETC. AT ARMORY

Duluth kiddies will have a Christmas party with a mammoth Christmas tree and all the trimmings of candy, nuts and fruit, on Christmas Eve, at the armory, according to Mayor T. W. Hugo. The party will be arranged by the city recreational department and under the leadership of J. R. Hatcher, recreational director. According to Mayor Hugo the party will be held early in the afternoon so as not to interfere with any other plans for the day.

Capt. Guy Eaton has promised the Armory for the kiddies, but as it is to be used for a dance during the evening the party will have to close early to allow time to clean up. Capt. Henry Cleveland has been instructed to obtain a large tree that will be one of the biggest ever seen here, and will reach almost to the roof of the Armory.

There will be a large program of games and a band will be on hand to furnish the music. A real live Santa Claus will look after the tree and

# N.M.D.A. WILL HOLD MEETING

## Sessions Wednesday; Vital Problems to Be Discussed.

The annual meeting of the Northern Minnesota Development Association will be held in Duluth tomorrow. Election of officers and selection of the executive committee will take place at the evening session as will the report of the resolutions committee. It was announced today. The meeting will be held in the assembly room of the Duluth Commercial club.

The program will open at 10 o'clock and will be in the absence of President H. E. McDonald, who is in California. Following the address of welcome and report of the association, the following program of speakers and their subjects has been arranged:

James Arneson, "Land Clearing and Its Relation to Immigration"; Henry Hindshaw, "The Value of Peat"; Daniel E. Weigle, "The Northern Wisconsin City and Country"; Prof. C. G. Selvig, "Agricultural Problems in Northern Minnesota"; Bentley P. Noy, "Lakes to the Ocean"; W. B. Mitchell, "Pittsburgh, Pittsburgh"; "Tonnage Tax"; F. H. McGarry, "High Status of Forestry"; W. T. Cox, "The Status of Forestry."

It is expected that this program will be completed by holding a special session, to which the general public is invited. During the evening it is expected that the association will elect stock of the accomplishments of the last year and discuss the program of activities for the coming year.

The meeting is extended to all having an interest in Northern Minnesota at heart, and a special invitation has been extended to county board, farm bureau, farmers' clubs, Commercial clubs and similar associations.

**Would Confer With Council.**  
The Woman's Council committee on correctional institutions has requested a conference with the city council, which has been set for 10 o'clock tomorrow. The committee is headed by T. W. Hugo. What the committee wishes to discuss with the council is not complicated. It is to discuss the position of a police woman or law enforcement, and probably the question of moving the industrial home to a new location will come up for consideration.

# Missionary Society to Meet.

The Women's Missionary society of the Glen Avon Presbyterian church will be held tomorrow afternoon at 2:30 o'clock in the church parlors. Mrs. John Macleod is the speaker. All women of the church and community are cordially invited.

# JAP STUDENTS GUARDSMAN TALK OF FIGHT IS SENTENCED

## To Hold Big Meeting to Discuss "Shall Japan Fight America?"

Tokio, Nov. 16.—By the Associated Press.—The students' societies of three of Tokyo's private universities have organized a meeting to be held tonight to discuss the question, "Shall Japan Fight America?" The students have twice summoned committees from the students and tried unsuccessfully to persuade them to change the subject. The present arrangements are that the meeting will be held with many student orators participating. Addresses to be made have been received from labor and Socialist representatives and members of patriotic societies.

The striking character of the subject for discussion and the interference of the unsuccessful police intervention appear to have insured a large audience at the meeting and forecasts of the probable character of the utterances indicate that the majority of the orators will take a bellicose view.

**Hara's Speech.**  
The anti-ministerial press today prints attacks on Premier Hara's recent speech before the Diet. The Yomiuri Shimbu declares that such an attack on the rights of Americans never before in Japanese history to be untrue, and expresses the view that such an attack can only lead to a humiliating and unsatisfactory settlement with the United States.

The Kokumin Shimbu questions the premier's statement that anti-Japanese sentiment is confined to California. It asserts that it is becoming nationwide, the causes being the American position in the Philippines, the German and Japanese mistreatment of the American people in Korea and Siberia. The Japanese people, it adds, are prepared for any event.

**Letter by Roosevelt.**  
There recently appeared in the newspapers here a translation of a letter by the late Theodore Roosevelt to the editor of the Yomiuri Shimbu, president of the American friendship toward Japan and points out that Roosevelt fifteen years ago foresaw that the immigration question would lead to a crisis.

# HEALTH COMES TO LAD THROUGH ADVERTISING

Despairing Parents, As the Last Resort, Chose Remedy Heard of Through This Newspaper—Boy is Now Well and Robust

From August 1 until October the patient was unable to take nourishment of any kind except in occasional insignificant quantities sufficient to sustain the weeping life. The stomach would not retain the food.

Finally the attending physician told the despairing mother that he could do nothing more that the child must die. Fortunately Mrs. McCartney's father, A. T. Rigg, residing at 284 Pine avenue, brought to his daughter a copy of the Altoona Times, containing an advertisement of Miles Emulsion. "Nature's Remedy" prepared and sold by The Miles Emulsion Co., Terre Haute, Ind., and advised her to try it as a last resort.

**EFFECT MARVELOUS.**  
The effect was marvelous. In an interview granted to a Times Tribune reporter last evening, pursuant to an inquiry from the Miles Emulsion Co. to whom Mrs. McCartney had sent a letter of appreciation, she said that in three days after taking the remedy, her boy was able to walk with her aid. After taking ten bottles, he was widely restored to health. In substantiation of her story the reporter was shown a small shot of Paul after he had used the emulsion three days—he was a mere bag of bones, as the saying goes, a pitiful figure with skin drawn taut over the bones.

Then in contrast, the mother called to attention who was engaged in strenuous play on the street, and in came a lad vibrant with health and cheeks glowing like the rose. All this in spite of the ultimatum by a physician, "that he might as well take so much lead" according to the mother's statement!

Mrs. McCartney sent her letter to the company in the hope that other mothers could learn of this remedy, what it did for her son, and perhaps receive from it the same invaluable boon. She called the attention of the reporter to a notice in the Altoona Times which ever has the place of honor on the buffet, and to which she says, "I have had every time any member of the family complain of not feeling well. Paul is attending school regularly, and is reported as a more skeleton, lay day and night, his life ebbing."

# You'll Do Better at Kelly's

## "See you next week"

There's no doubt about it, when you have a 1900 Cataract Electric Washer, with its magic figure 8 movement, you will want to see it this week, next week, and every week!

It's all because of that figure 8 which makes the 1900 the perfect washing machine. For because of it, the water is forced back and forth through the clothes in a figure 8 movement four times as often as in the ordinary washer!

There are all sorts of special features about the 1900. There's the gleaming copper tub—not a single part in it to cause wear and tear on the clothes. Nothing to pull off buttons or rip your finest pieces! And there are no heavy cylinders to lift out and clean after your wash is finished.

The wringer works electrically, too, and is movable. You can swing it from the washer to the rinse water, to the blue water, to the clothes basket without moving or shifting the washer an inch!

It costs less than 2c an hour to operate the 1900, and you can wash a tubful of clothes snowy-white and clean in 8 to 10 minutes.

Our Special Offer

We will gladly bring a 1900 Washer right to your home and demonstrate it, wash the clothes in it. Then when you have seen what it will do, you may start paying for it on terms to suit your convenience.

GOOD BULGES IN WHEAT PRICE

Market Closes Higher on Better Eastern Bidding—Flax Trade Dull.

Wheat was slightly easier during the morning, with some offerings. December contracts closed at \$1.77 1/2 asked; December, 30 up at \$1.78 1/2 asked; December, 30 up at \$1.78 1/2 asked; December, 30 up at \$1.78 1/2 asked.

A reversal of form was shown in the wheat market today, prices soaring after an advance in the morning. The market was buoyant about through reported export figures, at the seaboard and the port. Offerings were light, with small receipts of working of a substantial tonnage.

Flax Trade Dull. Trading in flax was dull in the absence of bidding by crushers and processors. The market was weak at the close, with prices 1/2 cent lower.

Cash Sales, Tuesday. No. 1 dark northern wheat, 2 cars, to arrive Nov. 16.

Broomhall called. Broomhall called on the morning of the 15th, and was in the city until the 16th.

Weather in India dry and shows no signs of improvement. Shipping rates are generally in excess of the present demand.

Cars of wheat inspected. Year to date: Duluth, 118; Minneapolis, 234; Winnipeg, 218; St. Paul, 218; Kansas City, 142; St. Louis, 22.

Cars of flax inspected. Year to date: Duluth, 28; Minneapolis, 11; St. Paul, 18; Kansas City, 11; St. Louis, 11.

A Topeka, Kan., wire to Logan & Ryan said: "Covered all points on the St. Paul branch of the Burlington, here at \$1.63, and all points on the Rock Island from Platteville, Colo., to Goodland, Kan., at \$1.63.

Chicago Market. Chicago, Nov. 15.—Fresh strength developed in the wheat market today, owing more or less to indications of European purchasing.

Chicago Coppers Weaken Around Close. Quotations in mining stocks at New York showed fair gains in some issues during the early part of the day.

Minneapolis Market. Minneapolis, Minn., Nov. 16.—Further recovery from the recent drastic break was registered in wheat futures today.

Chicago Livestock. Chicago, Nov. 16.—Cattle—Receipts, 27,000; market demoralized and unevenly active on all but few choice corn steers.

Canadian Wheat in Chicago Elevators. Chicago, Nov. 16.—Every bushel of wheat of contract grade in Chicago public elevators is Canadian grown.

Chicago Flour. Chicago, Nov. 16.—Flour, 200,000 bushels in central and western elevators, compared with 234 cars a year ago.

### ECZEMA CAUSED YEARS OF INTENSE AGONY

"I have suffered intense agony from eczema on my face and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of eczema or itching. You can refer to me."—Gen. C. Talbot, 27 Fenfield Street, Buffalo, N. Y.

I've got a hundred testimonials, says Peterson of Buffalo, just as sincere and honest as this one. Years ago, when I first started to put on PETERSON'S OINTMENT, I made up my mind to give a big box for 25 cents, and I am still doing it, as every druggist in the country knows.

I guarantee PETERSON'S OINTMENT because I know that its mighty healing power has cured many a man, woman or child who has a box that is full of testimonials. I guarantee for eczema, salt rheum, old sores, blind itching and itching piles, ulcers, skin diseases, chafing, burns, scalds and sunburn, and if not satisfactory, any druggist will return your money.—Advertisement.

### Country Store at Church.

A "country store" will be opened at the Methodist Episcopal church, Forty-third street and Superior street, at 7:30 p. m. Friday with Mrs. Adair as general manager and Mrs. Harling as assistant general manager. Mrs. A. is guaranteed for eczema, salt rheum, old sores, blind itching and itching piles, ulcers, skin diseases, chafing, burns, scalds and sunburn, and if not satisfactory, any druggist will return your money.—Advertisement.

### PAID TOO MUCH FOR ASBESTOS, 'TIS SAID

New York, Nov. 16.—Asbestos cylinders used on engines of United States shipping board vessels entered the consular committee inquiry into shipping board affairs today, according to a report from the United States customs office.

Stewart Dickinson, president of the Standard Asbestos Co., Inc., testified that the company had paid \$1.50 per pound for asbestos, but that the cylinders were purchased by the board last February and March at prices 50 per cent higher than they should have been.

The plan of the committee was to send there were five bidders for the contract, four being virtually the same and averaging about \$1.60 a pound. His bid was \$1.20.

In explanation, he said he was informed the engineers had complained against his product.

### STUDENT'S STRIKE AT ST. JOHN'S STILL ON

Annapolis, Md., Nov. 16.—The "strike" of the students of St. John's college, who left the institution in a body yesterday because of dissatisfaction with the board of trustees' action today.

"Inefficiency of the board of governors and visitors to satisfactorily adjust and direct the movement of the college" was the reason given by the students for their action.

The board of governors and visitors will meet tonight and according to reports will deal with the question expeditiously.

### GREEK TROOPS USE GUNS ON RIOTERS

Athens, Nov. 15.—(By the Associated Press.)—Troops fired from a number of positions in the city today to disperse after election trouble makers, who were firing at the police.

The stores, banks and theaters were closing their doors and the streets were deserted. The rioters were using their arms and throwing stones at the police.

The military later attacked the opposition headquarters, from which a few shots were fired. A number of rioters were wounded.

### CALL HURLEY MEN IN BOOZE QUIZZES

Hurley, Wis., Nov. 16.—(Special to The Herald.)—Six Hurley men were served subpoenas Monday to appear in court to testify in connection with the grand jury hearings resulting from the exposure of the "Booze Quiz" racket.

The men, who were summoned by Sheriff Mike Hurley, are: Frank Miley, Ivermyer, Anton, John, Alphonse, and Caesar Castagna, saloonkeepers here; August and Peter Vorch, saloonkeepers. The sheriff and undersheriff were summoned to appear in court to testify in connection with the "Booze Quiz" racket.

### FIVE CONTESTS FILED FOR SEATS IN HOUSE

Washington, Nov. 16.—Notice of five contests for seats in the new house of representatives already have been filed with the clerk of the House.

The contests are: John W. Rankin of Illinois, district and salary of the Fifth Illinois district; John J. Cullinane of the Second New York district; and members of the new republicans, 132 Democrats and one Socialist.

### RIVER WATERWAYS ASSOCIATION MEETS

Minneapolis, Minn., Nov. 16.—Delegates from cities in the Upper Mississippi river valley embracing the states of Minnesota, Wisconsin, Iowa, Missouri and Illinois, were in attendance at the convention of the Upper Mississippi Waterways association here today.

Commercial experts and representatives of commercial organizations were in attendance. The association was formed for the purpose of establishing through navigation on the Mississippi river.

### WILL NOT END FIGHT AGAINST BOLSHEVIKI

Paris, Nov. 16.—The defeat of Gen. Baron Wrangel, commander in chief of the Russian volunteer army in the Crimea, will not end the fight against the Bolsheviks, Basil Maklakoff, special envoy to Paris for Gen. Wrangel, declared here today.

"We will never give up the struggle against Bolshevism," he said. "There are other ways besides the use of arms and munitions in which the Bolsheviks can be put down, and perhaps the fight will continue along bloodless lines."

### BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyneth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.
