INSURANCE PROGRAM**

**Proposed and Final Flood Elevation  
Determinations for Various Communities**

## RULES AND REGULATIONS

**Title 24—Housing and Urban Development**  
**CHAPTER X—FEDERAL INSURANCE**  
**ADMINISTRATION**

**SUBCHAPTER B—NATIONAL FLOOD**  
**INSURANCE PROGRAM**

[Docket No. FI-3288]

**PART 1917—APPEALS FROM PROPOSED**  
**FLOOD ELEVATION DETERMINATIONS**

**City of Macon, Mo.; Final Flood Elevation**  
**Determination**

**AGENCY:** Federal Insurance Adminis-  
 tration, HUD.

**ACTION:** Final rule.

**SUMMARY:** Final base flood elevations  
 (100-year flood) are listed below for se-  
 lected locations in the City of Macon,  
 Mo.

These base flood elevations are the  
 basis for the flood plain management  
 measures that the community is required  
 to either adopt or show evidence of being  
 already in effect in order to qualify or  
 remain qualified for participation in the  
 National Flood Insurance Program  
 (NFIP).

**EFFECTIVE DATE:** On publication of  
 the Flood Insurance Rate Map for the  
 City of Macon, Mo.

**ADDRESSES:** Maps and other informa-  
 tion showing the detailed outlines of the  
 flood-prone areas and the final eleva-

tions for the City of Macon are available  
 for review at City Hall, Macon, Mo.

**FOR FURTHER INFORMATION CON-**  
**TACT:**

Mr. Richard Krimm, Assistant Admin-  
 istrator, Office of Flood Insurance,  
 202-755-5581 or toll free line 800-424-  
 8872, Room 5270, 451 Seventh St. SW.,  
 Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:**  
 The Federal Insurance Administrator  
 gives notice of his final determinations  
 of flood elevations for the city of Macon,  
 Missouri.

This final rule is issued in accordance  
 with section 110 of the Flood Disaster  
 Protection Act of 1973 (Pub. L. 93-234),  
 87 Stat. 980, which added section 1363 to  
 the National Flood Insurance Act of 1968  
 (Title XIII of the Housing and Urban  
 Development Act of 1968 (Pub. L. 90-  
 448), 42 U.S.C. 4001-4128, and 24 CFR  
 Part 1917).

An opportunity for the community or  
 individuals to appeal this determination  
 to or through the community for a pe-  
 riod of ninety (90) days has been pro-  
 vided, and the Administrator has resolved  
 the appeals presented by the community.

The Administrator, to whom the Sec-  
 retary has delegated the statutory au-  
 thority, has developed criteria for flood  
 plain management in flood-prone areas

in accordance with 24 CFR Part 1910.  
 The final 100-year flood elevations for  
 selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Dock Creek, tributary No. 1.	Rustic Dr.....	285
Salt River, tributary No. 3.	U.S. Highway 63 (upstream side). 5th St.....	825 832
Salt River, tributary No. 4.	6th St.....	836
Salt River, tributary No. 5.	Main St.....	892
Salt River, tributary No. 6.	Riggs St.....	833
Salt River, tributary No. 7.	Walnut St.....	814
	Hilldale Dr.....	824
	Vine St.....	807
	Walnut St.....	835

(National Flood Insurance Act of 1968 (Title  
 XIII of Housing and Urban Development Act  
 of 1968), effective January 28, 1969 (33 FR  
 17804, November 28, 1968), as amended (42  
 U.S.C. 4001-4128); and Secretary's delega-  
 tion of authority to Federal Insurance Ad-  
 ministrator 34 FR 2680, February 27, 1969, as  
 amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

PATRICIA ROBERTS HARRIS,  
 Secretary.

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

Federal Insurance Administration

[24 CFR Part 1917]

[Docket No. FI-3292]

**CITY OF PLATTE CITY, MO.**

**Proposed Flood Elevation Determinations**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the City of Platte City, Mo. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**ADDRESSES:** Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at City Hall, Main Street, Platte City, Mo.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mayor Truman Glenn, P.O. Box 716, Platte City, Mo. 64079.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the City of Platte City, Mo., in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities. These

proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Platte River	Highway M-92.....	786
	Corporate limits.....	785
	do.....	780
	do.....	777

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128) and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

[Docket No. FI-3275]

**CITY OF WILLCOX, COCHISE COUNTY, ARIZ.**

**Proposed Flood Elevation Determinations**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the City of Willcox, Cochise County, Ariz. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**ADDRESSES:** Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the bulletin board in City Hall, 151 West Maley St., Willcox, Ariz.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify the Honorable Wayman Hopkins, Mayor of Willcox, 151 West Maley St., Willcox, Ariz. 85643.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the City of Willcox, Cochise County, Ariz., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will

PROPOSED RULES

also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The proposed 100-year-flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Sales Barn Diversion Channel.	Haskell Ave.....	4,173
	Wood St.....	4,169
	Railroad.....	4,166
	Downstream corporate limit.	4,163
Shallow flooding west of I-10.	North corporate limit.	4,180
	South corporate limit..	4,177
Shallow flooding west of Sales Barn Diversion Channel.	Red Allen Dr.....	4,172
	Wood Street Dike.....	4,170
Barn Diversion Channel.	Intersection of Curtis Ave. and Fremont St.	4,168
	Intersection of McCourt St. and Railroad Ave.	4,166
	South corporate limit..	4,164

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

PATRICIA ROBERTS HARRIS,  
Secretary.

[Docket No. FI-3276]

SACRAMENTO COUNTY, CALIF.

Proposed Flood Elevation Determinations

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in Sacramento County, Calif. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the County Administration Building, 827 7th St., Sacramento County, Calif.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mr. Fred Wade, Chair-

man, Board of County Supervisors, Sacramento County, County Administration Building, 827 7th St., Sacramento County, Calif. 95814.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh St., SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for Sacramento County, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

[ 24 CFR Part 1917 ]  
 [Docket No. FI-9277]  
 TOWN OF GLEN RIDGE, FLA.  
 Proposed Flood Elevation Determinations  
 AGENCY: Federal Insurance Administration, HUD.  
 ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Town of Glen Ridge, Fla. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at Town Hall, 1300 Glen Rd., West Palm Beach, Fla.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mayor Anita G. Yount, Town Hall, 1300 Glen Rd., West Palm Beach, Fla. 33406.

FOR FURTHER INFORMATION CONTACT:  
 Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh St. SW, Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:  
 The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Town of Glen Ridge, Fla.,

PROPOSED RULES

in accordance with section 110 of the Flood-Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
West Palm Beach Canal.	South end of Glen Rd.	12
Rainfall and Ponding.	Intersection of Gem Lake Dr. to Island Rd.	12

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures re-quired by § 1910.3 of the program regu-lations are the minimum that are re-quired. They should not be construed to mean the community must change any existing ordnances that are more strin-gent in their flood plain management re-quirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional enti-ties. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new build-ings and their contents and for the second layer of insurance on existing buildings and contents.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Pentwater Lake....	1 Lake Rd., starting 106 ft east of Bean Rd. and extending west to the lake.	584
	On 6th St., starting at its intersection with Hancock extending to 150 ft east of Wythe St.	584

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Adminis-trator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

**[ 24 CFR Part 1917 ]**

[Docket No. FI-3285]

**TOWNSHIP OF PORT SHELDON, MICH.**

**Proposed Flood Elevation Determinations**

AGENCY: Federal Insurance Adminis-tration, HUD.

**ACTION: Proposed rule.**

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Township of Port Sheldon, Mich. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second pub-lication of this notice in a newspaper of local circulation in the above-named community.

**ADDRESSES:** Maps and other infor-mation showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at Township Hall, 16201 Port Sheldon Road, West Olive, Mich.

Any person having knowledge, infor-mation, or wishing to make a comment on these proposed elevations should immediately notify Mr. Lloyd Bakker, Township Supervisor, Township of Port Sheldon, Township Hall, 16201 Port Sheldon Road, West Olive, Mich. 49460.

**FOR FURTHER INFORMATION CON-TACT:**

Mr. Richard Krimm, Assistant Admin-istrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

PROPOSED RULES

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Township of Port Sheldon, Mich., in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Lake Michigan.....	Van Buren St. (extended).	584
	New Holland St. (extended).	584

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969, (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.
