SUBJECT: Sale of Weapons

TO : C.G. Eighth United States Army APO 503
(Through Channels)

1. On 28 May 1949 the Takanabe National Rural Police Acting on information recieved by the Miyazaki C.I.C. Unit, uncovered four (4) former Japanese Army Light Machine Guns, Caliber 6.5 mm (see inclosure No.1) in the possession of Katsumi Matsuo (松尾勝己) 27 years old and Rokuro Asaeda (朝枝六郎) 28 years old. Both men are now farmers at Kawaminami village, Koyu gun, Miyazaki Prefecture and both men were former 2nd Lieutenants in the Japanese Army. They were supply officers of the 5th Detachment of the Kikuchi Division which was stationed at Tsuno-town, Koyu-gun, Miyazaki Prefecture at the close of the war.

2. Upon further questioning by the police Matsuo and Asaeda disclosed that they had buried the Light Machine Guns and several other weapons at the close of the war. That they had dug up the four (4) Light Machine Guns and two (2) pistols on 19 May 1949 and taken them to their homes. That they had sold one Browning Pistol, 7.65 mm, to a broker named Iwao Horiuchi (堀内岩雄) of Takanabe-town, Koyu-gun, Miyazaki Prefecture. That they had one other pistol, a 94 year type, 7.65 mm at their home and that they were willing to recover the other weapons they had buried. That they had tentatively sold the Light Machine Guns and 94 year type pistol to Horiuchi but were holding the weapons until he resold them.

3. The following items were recovered or dug up from their hiding places by the Japanese Police.

a. The above mentioned 94 year type pistol.

b. Ten (10) former Japanese Army Sub-Machine Guns 7.65 mm, (see inclosure No.2).

c. Four (4) grenade launchers or knee mortars (see inclosure No.2).

d. Fourteen (14) Cartridge Magazines for the Light Machine Gun.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

e. Two (2) Cartridge Magazines for the Sub-Machine Guns.

f. Eighty (80) rounds of ammunition for the Light Machines Gun.

g. Seventy two (72) rounds of ammunition for the Sub-Machine Gun or the 14 or 94 year type pistol

h. Seven (7) rounds ammunition for the Browning Pistol.

4. a. The four Light Machine Guns, although badly pitted and rusted on the outside, are in excellent working condition.

b. The Browning Pistol is in excellent working condition.

c. The 94 year type pistol is badly rusted, and almost completely useless.

d. One grenade launcher (see "A" inclosure No.2) can be used, although its use would be dangerous, the other three grenade launchers are so badly rusted as to be useless.

e. The fourteen (14) Magazines for the Light Machine Guns are in good working condition

f. The two Magazines for the Sub-Machine Guns are rusted beyond further use.

5. a. The Light Machine Guns were sold to Horiuchi for ¥ 35,000 each and were being held for resale at ¥ 200,000 each.

b. The Browning Pistol was sold by Horiuchi to a purchaser in Kobe for ¥ 100,000.

c. The 94 year type pistol was sold to Horiuchi for ¥ 2,000 and no resale price had been set.

d. The Browning Pistol and purchaser from Kobe have been returned to Miyazaki Prefecture

SUBJECT: Illegal Possession of Firearms, Ammunition and Explosives

TO : Commanding General
I Corps
APO 301
(Attn: Military Government Section)

1. Reference: Par 3 a, Headquarters 24th Infantry Division G-2 Periodic Report #87, 1949, pertaining to turn in of arms at Umi, Fukuoka ken.

2. Reports from several sources have indicated an increasing number of incidents in which Japanese nationals and persons other than members of the Occupation Forces have been apprehended by Japanese police for illegal possessions of firearms, ammunition and explosives. Firearms have ranged in size from small home-made air rifles, which have on several occasions caused severe injuries, to weapons of considerably larger caliber. This is a very definite violation of SCAP directives and is at the same time a serious threat to the security of the Occupation Forces.

3. As a result of an accident with home-made guns in UMI, Fukuoka-Ken, recently, the UMI police set a date on which all weapons would be taken in and stated that no action would be taken against the people having these weapons, if they turned them in at that time. The results of this action proved very effective as a large number of weapons were turned in on the date set by the police. Due to the lapse of time since similiar action has been taken by the Occupation Forces it is believed that such a program might now have a marked degree of success.

4. Request that MG units in the 24th Infantry Division Z/R coordinate a similar plan, requesting Japanese authorities to set aside a certain date on which weapons, ammunition and explosives may be turned in without punitive action being taken. Further request that this action be given extensive publicity and that this headquarters be notified of the date agreed upon.

TO : Commanding Officer
Kyushu Military Government Regional Headquarters
APO 929

1. Due to various thefts of explosives, fuse, blasting caps etc. in recent months this headquarters has begun a system of checking security measures of various explosives stores throughout Kyushu using intelligence patrols. Needless to say improper security measures for the protection of explosives stores is a definite security threat to the Occupation Forces.

2. Attached hereto as inclosure 1 is a list of extracts from S-2 reports on inspections of Explosives Stores as of this date. Further reports will be forwarded to your headquarters as they become available.

3. It is requested that responsible Japanese be directed to provide the following minimum protection for all explosives storage dumps under their control:

a. A 24 hour guard on post at all times.

b. A daily check of the guard on duty by an official of the firm.

c. An adequate accounting procedure to include a daily check of records and initialing of same by a responsible official of the firm.

d. All explosives to be stored in a locked tunnel and/or warehouse. Warehouse with windows to have windows barred.

e. Warehouse or tunnel area to be surrounded by a high barbed wire, stone or wooden fence with a single locked gate.

f. A minimum of two hand fire extinguishers and two buckets of sand be available for each building and/or tunnel plus additional fire fighting equipment as dictated by the size of the dump.

g. "Danger" and "No Smoking" signs to be posted at all dumps in both English and Japanese.

h. Immediate report on any descrepancies in explosives or theft of explosives with all pertinent facts to be rendered to nearest MG Team who will pass this information on to Area S-2.

i. Monthly report of status of explosives on hand to be rendered to local MG Team who will pass this information on to Area S-2.
