SPECIAL INSTRUCTIONS

TO:

COMDR, 745TH ACW SQDN (ADC), DUNCANVILLE AFB, DUNCANVILLE, TEX.

UNCLASSIFIED/AFCIN-4E4

3-572-E

Reference your basic ltr, 18 Mar 58, submitting color UFO motion picture film, and your previous Msg dtd 26 Dec 57, original letter of transmittal, which did not include film. Request compliance with USAF Reg. AFR 200-2, dtd 5 Feb 58. Film studied. Intelligence analyst cannot perform analysis of mere speck against black background, without UFO report. Data, such as, directions, bearings, elevations, azimuths of object, among others, required. Even name of source not known, although some name on film box.

UFO report referenced in your 26 Dec 57 Msg not related to this sighting. Preliminary review of film leaves some question as to source's credibility and/or motives. For your info only, and not to be used in recontact and interview of source, for UFO info required by this Center: object definitely photographed from moving, vibrating platform. During that period most U.S. papers reported that Venus, brightest in years and could appear weird, large to

SUBJECT: UFOB Report

TO: Commander  
Air Technical Intelligence Center  
Wright-Patterson Air Force Base  
Ohio

1. UFO: Reference your message AFCIN-4E4 3-572-E the information requested is as follows.

a. Description of the Object.

- (1) Three cornered star and would change the number of points. Closer to earth than star.
- (2) Grape fruit. ← *Important: See item (c. (2))*  
*(size estimated - 45 seen through binoculars)*
- ✓ (3) White, green and blue; then with binoculars - blue, green and white.
- (4) (one).
- (5) N/A.
- (6) Has points like antennas. ✓
- (7) No.
- (8) No.
- (9) Object looked like it had antennas which were being put out and taken in.

b. Description of course of object.

- (1) a very bright object in the sky.
  - (2) 40° elevation - 180° azimuth.
  - (3) 40° elevation - 270° azimuth.
  - (4) East to west. It would float around and then would return to original orbit.
- 2 hrs.*  
*This object passed only 45 degrees in 2 (repeat) 2 hours (see item d.)*

(5) Object became real red and then faded several times before disappearing.

(6) 2 to 3 hours.

c. Manner of Observation.

(1) Ground visual.

(2) Binoculars. ←

(3) N/A.

*Binoculars used only 7 power (7x).  
Actual size of object as seen  
with the naked eye was therefore  
only 1/7 as large as the "object"  
size described*

d. Time and date of sighting.

(1) 12 December 1957, 6:15 PM to 8:15 PM CST. ←

(2) Night.

*Note !!  
Observed  
for two  
Solid hours*

e. Location of Observer.

(1) [REDACTED] s.

*Was she  
in a  
car?*

f. Identifying Information on Observer.

(1) [REDACTED]

g. Weather and Winds-Aloft Conditions at Time and Place of Sighting.

(1) Clear.

(2) N/A.

(3) Clear.

(4) 15 miles.

(5) None.

(6) N/A

h. N/A.

i. N/A.

j. Aircraft was below object and much further away. Going west of the bright object. The light from the object lit up the airliner.

k. Intelligence Tech. - A/10; no comment.

1. Existence of physical evidence, such as materials and photographs.

- (1) One 8mm roll of movie film which you now have.
- (2) Wollensak camera - 8mm movie type.
- (3) Telephoto.
- (4) Kodak type "A" outdoor color film.
- (5) N/A.
- (6) F 1.9.
- (7) None.
- (8) None.
- (9) N/A.
- (10) Camera pointing up and due south at 40° angle.

SAFIS-3/Maj. Tacker. cf/73328/2 July 1958

a 2 July 1958

Dear Mrs. [REDACTED]

This is to acknowledge and thank you for your unidentified flying object report of 12 December 1957 and the 8mm motion picture film you submitted to support this sighting. I am returning your film herewith.

A careful analysis of the precise data submitted established that the object was definitely the planet Venus.

For your information I am inclosing a copy of the latest Department of Defense Fact Sheet, dated 5 November 1957, on unidentified flying objects, together with copies of December 1957 news clippings emphasizing the seasonal brilliance of Venus at that time.

Sincerely,

Incls

LAWRENCE J. TACKER  
Major, USAF  
Executive Officer  
Public Information Division

A careful review of the film, together with the data submitted establishes that the object was definitely Venus.</li> <li>b. Significant to note that Mrs. ██████████ observed the object for two (2) full hours. During this period the object moved from 180 to 270 degrees, at an elevation of approximately 40 degrees. This is almost the precise track and elevation of Venus for that two-hour period.</li> </ol> </li> </ol>															

Cover Sheet, Cmt #1, dated 25 June 58 to SAFIS-3, Major Tacker, Subj: Report on and return of UFO Motion Picture Film - Mrs. ██████████, Dallas 30, Texas  
(Continued)

c. Venus was so bright during the month of December that all of the major newspapers, as well as scientific journals, commented on its size and brilliancy. Press clippings, attached, will emphasize this. Suggest that clippings with a note of thanks for her precise data which helped us identify the object, should also be included in your reply.

4. Request copy of your letter to be forwarded to the 745th ACW Sqn., Duncansville, Texas, to indicate that the owner's request for the return of the film, has been complied with.
