Wikidata Leveling Up Days 5-7 & 12-14 April 2024

Hello there!

While Léa and Lydia are
quickly introducing themselves,
can you tell us in the chat:

- Where are you joining us from?

- Is this your first time at a Wikidata event?

- What are you particularly interested in?

What's this event about?

Wikidata Leveling Up Days
5-7 & 12-14 April 2024

Get everyone on board with Wikidata

6 days, 6 topics, 6 angles to approach Wikidata:

- Day 1 - **get started** with Wikidata

- Day 2 - **browse and query** Wikidata's data

- Day 3 - enhance your **editing experience**

- Day 4 - ensure **data quality**

- Day 5 - connect Wikidata with **sister projects**

- Day 6 - share & **connect**

A few formats we will use

- Pre-recorded **presentations**: to gather knowledge on a topic and come back to it whenever you need

- **Wikidata Clinic**: a place to ask your questions to experienced editors

- **Open live editing**: a moment to share what you're doing and watch other editors with their workflows

- **Social time & games**: a moment to chill, chat and discover Wikidata-based games

How to attend

How the event works

- Not only an online event: a collection of useful resources to learn about Wikidata

- Taking place on **April 5, 6, 7 and 12, 13, 14**
  Sessions organized by Wikimedia Deutschland + self-organized sessions

- Most sessions take place **in this Jitsi room**
  Sessions organized by other community groups may take place on a different platform

- **Program:** [[Wikidata:Events/Leveling Up Days 2024]]

April 2024

How the event works

- **Open and free** without registration
  ...but you can sign up on the participants list: w.wiki/9amy

- Please check the **Code of Conduct**: w.wiki/AK$
  and make sure you contribute to a safe and welcoming environment

- **Question, issue** during the event?
  Feel free to contact me at lea.lacroix_ext@wikimedia.de
  or @auregann on Telegram

Jitsi in short

- Menu bar with several options

- Make sure to **mute** your microphone and camera

- Feel free to **unmute** when you want to speak (eg during Q&A)

- Feel free to discuss and **ask questions in the chat**

- Raise hand vs reactions

- **Bugs can happen** (especially if we're many people)

- Works better on Chrome(ium) than Firefox

- In doubt: refresh the page < switch browser < reboot

- There's also a Jitsi **mobile app**

Documentation

- Most sessions have been **recorded in advance** and the videos are already **published**: you will find the links both to Youtube and Commons on the program page

- We encourage you to **watch the videos at your own pace**, and to share them with your local community
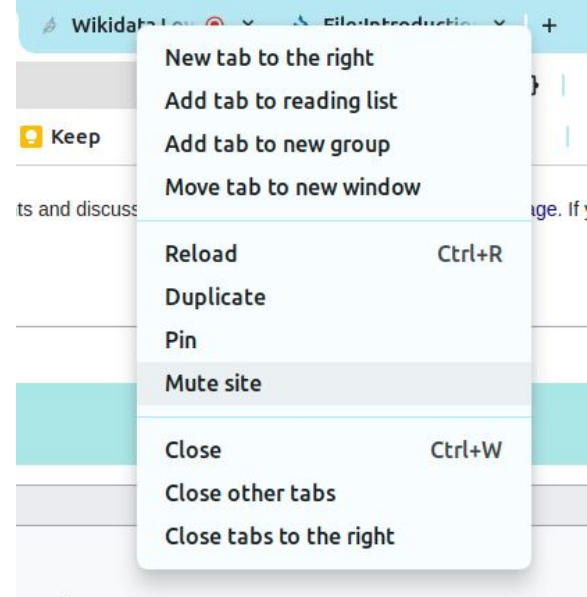

Documentation

- Most videos have **English captions (on Wikimedia Commons)**

- You can help us translate them to **other languages on Wikimedia Commons**

- During the live sessions, we will **watch the video together** and have a **live Q&A** with the speakers

- The live sessions are **not** recorded

- We can take notes on this Etherpad w.wiki/9ezA

How to watch the videos with captions

When we broadcast a video here in Jitsi, captions do not appear. If you need captions to watch the videos, here's what you can do:

- Open the **video page** on Wikimedia Commons (link from the program) in a different tab

- Close or **mute the Jitsi tab** (right click on the tab, then "mute")

- Start watching the video on Commons **in parallel**, with captions on

- Come back or **unmute Jitsi** at the end of the video

Join the discussions!

- Event talk page: w.wiki/9anA

- Jitsi chat during sessions (not logged)

- Hashtags: **#Wikidata #LevelingUpDays**
