Reference is made to your letter dated March 30, 1964.

Attached is a copy of a memorandum dated March 28, 1964, which indicates that Orlando Bosch Avila, head of the MIRR, is planning additional raids against Cuba from Andros Island in the Bahamas. On March 30, 1964, a representative of the Central Intelligence Agency (CIA) advised that these were not CIA operations.

With reference to Bosch's plans to transport munitions to Andros Island from Miami, Florida, which is mentioned in the attached memorandum, a representative of Customs in Miami advised that Customs expects to seize Bosch's boat as it departs for Andros Island with the munitions. (S)(u)

With reference to the plans of Comandos L for a boat raid against shipping off the Cuban coast, which is also mentioned in the attached memorandum, the above-mentioned Customs representative advised that Comandos L has a boat, the "Andrea," located in the Miami River. This boat has recently been taken out on several trial runs and is being closely watched by Customs. The "Andrea" may be the boat which Comandos L plans to use in the above-mentioned raid. With reference to the proposed Comandos L raid, CIA on March 30, 1964, advised that this activity was not a CIA operation. (S)(A)(S)(u)

NOTE FOR SAC, MIAMI:

Attached is copy of referenced Department letter dated 3-30-64. Keep Bureau and interested agencies currently advised of all pertinent developments. Also advise appropriate Bahamian authorities of MIRR plans. *JW (G-1/u)*

NOTE: MIRR, anti-Castro organization, has carried out several raids against Cuba, the last of which was thwarted by US authorities in December, 1963. Referenced Department letter, which was in response to our request for prosecutive opinion concerning the December, 1963, raid, stated that Department would not contemplate initiating criminal action at this time. Information has now been received indicating MIRR is planning new raids against Cuba from Andros Island in the Bahamas. One raid allegedly will be by boat against Soviet freighter off Florida coast and another will be by air over sugar areas in Cuba. Our informant in this matter is Evelio Alpizar Perez, Cuban refugee pilot who has furnished information on two previous occasions which has led to the thwarting of these raids. Miami has previously alerted Bahamian authorities concerning activities of MIRR and this should also be done in this case. Alpizar also furnished information concerning plans of Comandos L, another anti-Castro organization to make boat attacks against
