PART 1075—CONSTRUCTION  
CONSERVATION ORDER NO. L-41

War requirements of the United States have created a shortage of all materials required for war production and construction necessary thereto, for private account and for export; the War Production Board accordingly has stated as its policy that it is in the national interest that all construction which is not essential, directly or indirectly, to the successful prosecution of the war, and which involves the utilization of labor, material or construction plant urgently needed in the war effort, be deferred for the duration of the emergency; the following order is, therefore, necessary and appropriate in the public interest to conserve scarce materials by allocating them to essential uses and restricting their use in non-essential construction.

§ 1075.1 Conservation Order L-41—

(a) *Definitions.* For the purpose of this Order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Construction" means the erection, construction, remodeling or rehabilitation of any building, structure or project, or additions thereto or extensions or alterations thereof, but not including maintenance or repair as defined in paragraphs (a) (8) and (a) (9) below.

(3) "Residential Construction" means any Construction where the principal function of the building, structure or project is or will be to provide living space or accommodations, including, but not limited to, single or multiple dwelling units, dormitories, hotels, and apartment houses.

(4) "Agricultural Construction" means any Construction, other than Residential Construction, where the building, structure or project is used in the production of agricultural products including but not limited to, those produced by farmers, planters, ranchmen, dairymen, or nut or fruit growers.

(5) "Other Restricted Construction" means any Construction, other than Residential and Agricultural Construction, including but not limited to commercial, industrial, recreational, institutional, highway, roadway, sub-surface and utilities construction, whether publicly or privately financed.

(6) "Begin Construction" means to initiate Construction by physically incorporating into any Construction material which is an integral part of the Construction.

(7) "Cost" is meant to include the total cost of labor and material, including equipment, architects', engineers', and contractors' fees, insurance charges and financing costs.

(8) "Maintenance" means the upkeep of a building, structure or project in sound working condition.

(9) "Repair" means the restoration, without change of design, of any portion of a building, structure or project to sound working condition, when such portion has been rendered unsafe or unfit for service by wear and tear, damage or other similar causes.

(b) *Prohibited construction.* No Person shall, after the date of issuance of this Order, Begin Construction, or order, purchase, accept delivery of, withdraw from inventory or in any other manner secure or use material or construction plant in order to Begin Construction, unless the Construction is within one of the following classes:

(1) The Construction is to be the property of the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, or the Office of Scientific Research and Development.

(2) The Construction consists of any building, structure or project which is used directly in the discovery, development or depletion of mineral deposits.

(3) The Construction is of a type subject to the provisions of any order in the M-68 series relating to the production and distribution of petroleum. Any such construction is permitted only to the extent authorized by the applicable order in the M-68 series.

(4) The Construction is Residential and

(i) the estimated Cost is less than five hundred dollars; or

(ii) is to reconstruct or restore Residential Construction damaged or destroyed after December 31, 1941, by fire, flood, tornado, earthquake, act of God or the public enemy.

(5) The Construction is Agricultural and the estimated Cost is less than one thousand dollars.

(6) The Construction is Other Restricted Construction and the estimated Cost is less than five thousand dollars.

(7) The Construction has been or is hereafter authorized by the Director of Priorities of the Office of Production Management or by the Director of Industry Operations by the issuance of

(i) one of the Preference Rating Orders or Certificates listed on Schedule A attached hereto, as that Schedule may be amended from time to time, according to priorities assistance to the Construction; or

(ii) an order specifically authorizing the Construction.

*Provided, however,* That the exceptions set forth in paragraphs (b) (4) (1),

(b) (5), and (b) (6) shall not be construed to authorize separate or successive Construction operations the aggregate Cost of which over any continuous twelve month period exceeds the amount specified in the applicable paragraph for the particular building, structure or project.

(c) *Prohibited deliveries.* No Person shall accept an order for, sell, deliver, or cause to be delivered, material or construction plant which he knows, or has reason to believe, will be used in violation of the terms of this Order.

(d) *Further construction limitations.* Nothing in this Order shall be construed to authorize the use or delivery of any material, or the application or extension of any preference rating, in violation of the provisions of any conservation, limitation or other order or regulation heretofore or hereafter issued by the Director of Priorities, Office of Production Management, or by the Director of Industry Operations.

(e) *Orders or certificates not constituting authorization.* The assignment of a preference rating by a PD-1, PD-1A or other certificate, or by any order other than those listed in Schedule A, shall not constitute authorization to Begin Construction.

(f) *Applications for authority to begin Construction.* (1) If the applicant requires priorities assistance for the proposed construction, an application shall be made for the appropriate Preference Rating Order or Certificate listed on Schedule A on the form referred to therein.

(2) Where the applicant does not require priorities assistance, application for the specific authorization to Begin Construction referred to in paragraph (b) (7) (ii) hereof may be made by filing Forms PD-200 and PD-200A, or such other forms as may hereafter be prescribed, together with a statement showing (1) that no priorities assistance is requested, (2) whether any previous application for authorization has been denied, and, if so, the reasons therefor, and (3) the total value of all Construction on the particular building structure or project in the preceding twelve month period. Such forms or statements are to be filed with the field office of the Federal Housing Administration having jurisdiction over the location of the site.

(3) In applying either for priority assistance or for authorization to Begin Construction, the applicant should also submit additional information as to the necessity for the proposed construction, any exceptional hardships which the restrictions of this Order impose upon him, the effect on employment conditions if the application is denied, and any other pertinent facts.

(g) *Violations.* Any person who willfully violates any provision of this Order or who willfully furnishes false information to the Director of Industry Operations in connection with this Order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries or from processing or

using material under priority control and may be deprived of priorities assistance by the Director of Industry Operations.

(h) *Communications.* Applications, communications and reports under this Order shall, unless otherwise directed, be addressed to: War Production Board, Washington, D. C. (Ref.: L-41)

Those relating to Residential Construction shall in addition be conspicuously marked "Res.", those relating to Agri-

cultural Construction "Agr.", and those relating to Other Restricted Construction, "O.R."

(1) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561, E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong.)

Issued this 9th day of April 1942.

J. S. KNOWLSON,  
Director of Industry Operations.

**PART 1158—INDUSTRIAL MACHINERY**

**GENERAL LIMITATION ORDER L-83**

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain types of Industrial Machinery for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1158.1 *General Limitation Order L-83—(a) Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Critical Industrial Machinery" means new, second-hand or reconditioned machinery, of the kinds listed, from time to time, in List A.

(3) "Manufacturer" means any person producing Critical Industrial Machinery.

(4) "Distributor" means any person in the business of distributing Critical Industrial Machinery.

(5) "Order" means any commitment or other arrangement for the delivery of Critical Industrial Machinery, whether by purchase, lease, rental, renewal of lease or rental, or otherwise.

(6) "Approved Order" means:

(i) Any Order for Critical Industrial Machinery, when accompanied by a PD-3A certificate, to be delivered to, or for the account of:

(a) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the

National Advisory Committee for Aeronautics, the Office of Scientific Research and Development;

(b) The government of any of the following countries: The United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia.

(ii) Any Order placed by any agency of the United States Government for Critical Industrial Machinery to be delivered to, or for the account of, the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941 entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iii) Any Order for Critical Industrial Machinery bearing a preference rating of A-9 or higher assigned by a Preference Rating Certificate PD-3 or PD-3A countersigned prior to the effective date of this Order or by a Preference Rating Certificate PD-1 or PD-1A, or Preference Rating Order P-19h (PD-200 or 200A) issued at any time. After the effective date of this order Preference Rating Certificate PD-3A shall be used only to assign preference ratings to Approved Orders to be delivered to or for the account of the agencies set forth in subparagraph (i) hereof. Any Preference Rating Certificate or Order of any of the kinds enumerated above may be used to secure Critical Industrial Machinery only by the person to whom it was originally issued and only when such Machinery is expressly specified on the Certificate or Order (or its Form PD-200 or 200A).

Any person placing an Approved Order for Critical Industrial Machinery bearing a rating assigned by any such Certificate or Order who does not deliver such Certificate or Order but retains the same, as permitted by Priorities Regulation No. 3, as amended from time to time, or by the terms of Preference Rating Order P-19h, shall, in addition to furnishing the endorsement required by such Priorities Regulation No. 3, as amended from time to time, or such Preference Rating Order P-19h, certify to the person from whom the Machinery is to be acquired that the Certificate was originally issued to him and that the Critical Industrial Machinery ordered was expressly specified on the Certificate or Order (or its Form PD-200 or 200A).

(b) *Restrictions or acceptance of orders for, and production and distribution of critical industrial machinery.* (1) No Manufacturer or Distributor shall accept any Order for Critical Industrial Machinery, or deliver or produce any Critical Industrial Machinery in fulfillment of any Order, whether accepted or not; unless such Order is an Approved Order. No person shall accept delivery of any Critical Industrial Machinery except pursuant to an Approved Order: *Provided, however,* That nothing in this order shall be construed to prevent the shipment of machinery from any Manufacturer to any Distributor (i) to fill approved Orders actually received by such Distributor or (ii) to replace ma-

chinery delivered by such Distributor to fill an Approved Order, or to limit the right of a Manufacturer legally to extend any Preference Rating Certificate to secure material for the production of Approved Orders for Critical Industrial Machinery.

(2) Manufacturers or Distributors may apply for authorization to produce or deliver orders now on their books which are not Approved Orders by filing with the War Production Board, in triplicate, plainly marked "Ref: L-83", a list of all such orders now on the books together with the name of the purchaser or lessee, the date of the order, the number of pieces of equipment or machinery, a description of the machinery, the sales or rental value of the machinery, the rating assigned, the Preference Rating Certificate number, if any (or blanket preference rating order and serial number), the specified delivery date, the percentage of completion of the order, and the expected use to which the machinery will be put. The Director of Industry Operations may thereupon, if he shall deem it necessary or appropriate in the public interest and to promote the national defense, authorize the production and delivery of any such orders, or the assignment of preference ratings thereto.

(c) *Non-applicability to repair or maintenance of existing equipment.* The prohibitions of paragraph (b) hereof shall not be construed to restrict any delivery (1) to fill any Order of less than \$1000 for parts to be used to repair or maintain a single piece of existing machinery, or a single piece of machinery delivered under the terms of this order, or (2) to fill any Order of \$1000 or more for repair or maintenance parts when and only when there has been an actual breakdown or suspension of operations because of damage, wear and tear, destruction or failure of parts, or the like, and the essential repair or maintenance parts are not otherwise available.

(d) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(e) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Industry Operations may thereupon take such action as he deems appropriate.

(f) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Washington, D. C. Ref: L-83

(g) *Violations.* Any Person who willfully violates any provision of this order,

of who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

On or before April 25, 1942 every Manufacturer of Critical Industrial Machinery shall file in triplicate with the War Production Board, plainly marked "Ref.: L-83", a supplementary list of all orders for Critical Industrial Machinery now on his books (in excess of the amounts listed in List A), not reported under paragraph (b) (2), together with the name of the purchaser or lessee, the date of the order, the number of pieces of equipment or machinery, a description of the machinery, the sales or rental value of the machinery, the rating assigned, the preference rating certificate number, if any, (or blanket preference rating order and serial number), the specified delivery date, the percentage of completion of the order, and the expected use to which the machinery will be put.

(i) *Effective date.* This order shall take effect immediately and shall continue into effect until revoked by the Director of Industry Operations.

Issued this 9th day of April 1942.

PART 1164—RUBBER SEALED CLOSURES FOR GLASS CONTAINERS  
CONSERVATION ORDER M-119

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rubber for defense, for private account and for export; and the following Order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1164 *Conservation Order M-119*—  
(a) *Definitions.* For the purposes of this Order:

1. "Person" means any individual partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

3. "Rubber sealed closure" means any covering device for retaining the contents within a glass container, which closure is affixed or sealed to the container by any rubber product or rubber compound, whether such rubber medium be incorporated into the closure, or be used in conjunction with the closure, as is illustrated by a separate rubber sealing ring.

(b) *Restrictions upon manufacture, sale and delivery.* 1. Beginning ten days after the effective date of this Order, no person shall buy, accept delivery of, or use any rubber product or rubber compound for the manufacture of rubber sealed closures for glass containers intended to be used for the packing of any product listed upon Table I, annexed to this Order, or any other product which the Director of Industry Operations may hereafter designate from time to time by Supplementary Order.

2. Beginning ten days after the effective date of this Order, no person who manufactures rubber sealed closures for glass containers shall sell or deliver to any purchaser any rubber sealed closures for glass containers, unless the purchase

order or contract therefor be validated by the purchaser's certification to the seller, endorsed upon the order or contract in substantially the form set forth in Exhibit "A", attached to this Order. The endorsement shall state that the purchaser is familiar with the terms of this Order (in its present form or as it may be amended from time to time) and that during the life of this Order, he will not use any rubber sealed closures purchased from the seller in violation of its terms. Only one such endorsed certification covering all present and future purchases from a given seller need be furnished by any purchaser to that seller, but no seller shall be entitled to rely on any such certification if he knows, or has reason to believe it to be false.

(3) Each person who manufactures such rubber sealed closures for glass containers shall file such reports as the War Production Board may prescribe for the purpose of effective administration of this Order.

(c) *Restrictions upon purchase, acceptance of delivery, and use.* Beginning thirty days after the effective date of this Order, no person shall buy, accept delivery of, or use any rubber sealed closures for sealing glass containers which shall be packed with any product listed upon Table I, annexed to this Order, or any other product which the Director of Industry Operations may hereafter designate from time to time by Supplementary Order, provided that this Order shall not prevent the purchase, acceptance of delivery, or use, for packing such products in glass containers, of such rubber sealed closures which were completely manufactured on or before the effective date of this Order, or within ten days thereafter, and which cannot be used for another product because of special formula, decoration or packer's label upon the Closure.

(d) *Exception.* This Order shall not apply to the manufacture, sale and delivery, or the purchase, acceptance of delivery, and use of rubber sealed closures for sealing glass containers which are to be delivered, pursuant to a purchase order or contract, to any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), to the Army or Navy of the United States, or to such other Governmental Agency as the Director of Industry Operations may designate.

(4) *Violations or false statements.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(5) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of rubber conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work, may appeal to the War Production Board by letter or other written communication, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Industry Operations may thereupon take such action as he deems appropriate.

(6) *Communications.* All reports required to be filed hereunder and all communications concerning this Order shall, unless otherwise directed, be addressed to: "War Production Board, Washington, D. C. Ref: M-119"

(4) "Production" means the fabrication or processing of material for golf clubs or the assembly of finished parts into golf clubs.

(5) "Restricted period" means the period from the effective date of this Order to May 31, 1942.

(6) "Average daily use" means the total amount of iron and steel in the

aggregate used by a Manufacturer during the calendar year 1941 divided by 365.

(b) *General restrictions*. (1) During the restricted period no manufacturer shall use for the production of golf clubs a greater total of iron and steel in the aggregate than 50% of his average daily use of iron and steel multiplied by the number of days (including Sundays and holidays) contained in the restricted period.

(2) After May 31, 1942, no manufacturer shall process, fabricate, work on, or assemble any iron and steel for use in the production of golf clubs.

(3) From the effective date of this Order, no manufacturer shall procure or acquire any iron, steel, or critical materials for use in the production of golf clubs.

(4) From the effective date of this Order, no manufacturer shall process, fabricate, work on, or assemble any critical materials for use in the production of golf clubs.

(5) From the effective date of this Order, no manufacturer shall sell, lease, trade, lend, deliver, ship, or transfer any critical materials to any person whatsoever, except pursuant to specific authorization of the Director of Industry Operations.

(6) After May 31, 1942, no manufacturer shall sell, lease, trade, lend, deliver, ship or transfer any Iron and Steel to any person whatsoever, except:

(i) If such Iron and Steel is contained in a completed golf club or component part thereof, or

(ii) Pursuant to specific authorization of the Director of Industry Operations.

(c) *Records*. All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, and sales.

(d) *Audit and inspection*. All records required to be kept by this Order shall upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports*. All persons affected by this Order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(g) *Appeal*. Any person affected by this Order, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a pro-

gram of conversion from non-defense to defense work may appeal to the "War Production Board, Washington, D. C., Ref: L-93", setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Industry Operations may thereupon take such action as he deems appropriate.

**FEDERAL POWER COMMISSION.**

[Docket No. G-251]

**IN THE MATTER OF CABOT GAS CORPORATION  
ORDER FIXING DATE OF HEARING AND SUS-  
PENDING RATE SCHEDULE**

APRIL 7, 1942.

It appearing to the Commission that:

(a) Cabot Gas Corporation has on file a certain Rate Schedule, designated in the files of the Commission as Cabot Gas Corporation Rate Schedule FPC No. 1, and certain supplements thereto, designated as Supplements No. 1 and No. 2 to said Cabot Gas Corporation Rate Schedule FPC No. 1; and Cabot Gas Corporation, on March 14, 1942, completed its filing with the Commission of a certain supplemental rate schedule, designated as Supplement No. 3 to Cabot Gas Corporation Rate Schedule FPC No. 1, which schedule and supplements, among other things, contain provisions whereby

<sup>1</sup> 7 F.R. 2713, 2715.

certain increased rates or charges for natural gas sold to Pavilion Natural Gas Company for resale for ultimate public consumption are proposed to become effective as of February 8, 1942;

(b) Said Supplement No. 3 to Cabot Gas Corporation Rate Schedule FPC No. 1 was received by the Commission on February 3, 1942, but was not accompanied by the information required by Commission's Orders No. 72 and No. 72-A, to support or justify the proposed changes in rates or charges; this omission was called to the attention of the company in a letter of February 10, 1942, and in compliance, Cabot Gas Corporation submitted the required information on March 14, 1942, the date designated by the Commission as the filing date thereof, in accordance with the requirements of said Orders No. 72 and No. 72-A;

(c) The filing of said Supplement No. 3 was not complete until March 14, 1942, in accordance with the provisions of said Orders No. 72 and No. 72-A; and under the provisions of section 4 (d) of the Natural Gas Act, the said supplement could not, unless otherwise ordered by the Commission, become effective until thirty days thereafter, i. e., April 13, 1942;

(d) The schedule of increased rates or charges contained in said Cabot Gas Corporation Rate Schedule FPC No. 1, as modified by Supplement No. 3 to said schedule, which supplement by its terms is proposed to become effective as of February 8, 1942, may result in excessive rates or charges to Pavilion Natural Gas Company, or place an undue burden upon ultimate consumers of natural gas, which increased rates or charges have not been shown to be justified;

The Commission finds that:

It is necessary, desirable and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon, but not for a longer period than five months beyond April 13, 1942;

The Commission, upon its own motion, orders that:

(A) A public hearing be held on May 11, 1942, at 10 o'clock a. m. in the Hearing Room of the Federal Power Commission in the Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates or charges contained in said Cabot Gas Corporation Rate Schedule FPC No. 1, and Supplements No. 1 and No. 2 thereto, as modified by Supplement No. 3 thereto, which are proposed to become effective under the terms of said supplement as of February 8, 1942;

(B) Pending such hearing and decision thereon the schedule of increased rates or charges contained in said Cabot Gas Corporation Rate Schedule FPC No. 1, and Supplements No. 1 and No. 2 thereto, as modified by Supplement No. 3 to said schedule, except in so far as

it may provide for the sale of natural gas for resale for ultimate public consumption for industrial use, be and the same is hereby suspended for a period of five months beyond April 13, 1942, and be subject to all other requirements which may be applicable under the provisions of section 4 (e) of the Natural Gas Act;

(C) During the said period of suspension the rates or charges of Cabot Gas Corporation to Pavilion Natural Gas Company, as provided for in said Rate Schedule FPC No. 1, as modified by Supplements No. 1 and No. 2 thereto, shall remain and continue in full force and effect, except in so far as they may be for the sale of natural gas for resale for industrial use;

(D) At such hearing, the burden of proof to show that the proposed increased rates or charges are just and reasonable shall be upon Cabot Gas Corporation, as is provided in section 4 (e) of the Natural Gas Act;

(E) Interested State commissions may participate in said hearing as provided in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

FEDERAL TRADE COMMISSION.

[Docket No. 4744]

IN THE MATTER OF TENNESSEE TUFTING COMPANY, A CORPORATION  
COMPLAINT

The Federal Trade Commission having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (a) of section 2 of

the Clayton Act (U.S.C. Title 15, section 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint stating its charges with respect thereto as follows:

PARAGRAPH ONE: Respondent, Tennessee Tufting Company, is a corporation organized and existing under and by virtue of the laws of the State of Tennessee with its principal office and place of business at 2404 Heiman Street, Nashville, Tennessee.

PAR. TWO: Respondent is now and has been, since June 19, 1936, engaged in the business of manufacturing and selling tufted bedspreads, bath mats, rugs and allied products for use, and resale within the United States. In the course and conduct of its said business, respondent sells the aforesaid products to purchasers located in the various states of the United States, and causes said products, when sold, to be shipped and transported from its place of business in the State of Tennessee across state lines to the respective purchasers thereof located in various states of the United States other than the State of Tennessee. There is and has been, at all times mentioned herein, a constant current of trade in said products, between respondent, located in the State of Tennessee, and its customers located in various other states of the United States.

PAR. THREE: In the course and conduct of its business as aforesaid, respondent has been, and is now, engaged in substantial competition in commerce with other manufacturers and sellers of tufted bedspreads, bath mats, rugs and allied products, who, for many years prior hereto, have been, and are now, engaged in manufacturing and selling and shipping such products in commerce across state lines to purchasers thereof located in the various states of the United States.

Many of respondent's customers are competitively engaged with each other and with the customers of respondent's competitors in the resale of said products within the several trade areas in which respondent's said customers respectively offer for sale and sell the said products purchased from respondent.

PAR. FOUR: In the course and conduct of its said business, since June 19, 1936, respondent has been and is now discriminating in price between different purchasers of said products of like grade and quality, which products have been and are being sold by respondent in commerce for use, and resale as aforesaid, by selling said products to some of said purchasers at lower prices than the prices at which it sells products of the same grade and quality to other of its said purchasers, and by giving and allowing certain of said purchasers adjustments, rebates or discounts not given or allowed to other of respondent's said purchasers.

(a) Among the general practices pursued by the respondent in discriminating in price, since June 19, 1936, are the following:

1. A rebate of 5% has been granted and allowed to each customer who is a member of a buying syndicate if the

\* 5 F.R. 2379-2381.

total purchases of the member customers of the buying syndicate through which the purchases of such member customer are made aggregate a minimum of \$10,000 annually.

2. A rebate of 5% has been granted and allowed to certain of respondent's large individual customers upon varying terms and conditions. Some of this class of customers were granted and allowed a rebate of 5% when their individual annual purchases aggregated a minimum of \$5,000 and 6% when their individual purchases aggregated a minimum of \$15,000. Others of this class of customers were granted a rebate of 5% irrespective of the aggregate amount of their individual annual purchases and the rebate was denied entirely to others of said class of customers irrespective of the aggregate amount of their annual purchases.

(b) More recently and at the present time among the practices pursued by the respondent in discriminating in price are the following:

1. The respondent grants and allows a 5% rebate to any retail customer on its purchases if such purchases exceed \$5,000 per year. Such rebate is entirely denied others of this class of customers whether or not their purchases of the respondent's products exceed \$5,000 per year.

2. The respondent grants and allows a 5% rebate to each customer who is a member of a buying syndicate if the annual purchases of such member customer aggregate a minimum of \$500.00, or if the total purchases of the member customers of the buying syndicate through which the purchases of such member customer are made aggregate a minimum of \$10,000 annually.

PAR. FIVE: The effect of such discrimination in price by respondent, as set forth in Paragraph Four hereof, has been and may be substantially to lessen competition in said line of commerce in which respondent is engaged, and to injure, destroy and prevent competition with respondent and with those of respondent's customers who are granted the benefit of such discrimination.

Such discrimination in price by respondent between different purchasers of commodities of like grade and quality in interstate commerce in the manner and form aforesaid are in violation of the provisions of subsection (a) of section 2 of the Act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission on this 8th day of April, A. D. 1942, issues its complaint against said respondent.

#### NOTICE

D. 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission, may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 8th day of April, A. D. 1942.

By the Commission.
