INTRODUCTION

Definition of wiki sources

- ❖ According to wikipedia,24 January 2022 wiki source is an online digital library of free content textual sources on a wiki, operated by the Wikimedia foundation.
- ❖ This is a free library that anyone can improve by changing the content of existing wikisources. The project officially began on November 24, 2003 under the name project source Berg, a play on the famous project Gutenberg.
- ❖ The name wikisource was adopted later that year and it received its own domain name.

What wiki sources offer

- ❑ **Wikisource** is an online digital library of free-content textual sources on a wiki, operated by the wikimedia foundation.
- ❑ Its aim is to host all forms of free text, in many languages, and translations.
- ❑ Originally conceived as an archive to store useful or important historical texts. It has expanded to become a general-content library.
- ❑ Wikisource as a whole hosts other media, from comics to film to audio books. Some wikisources allow user-generated annotations, subject to the specific policies of the wikisource in question.

How could a teacher use wikisources in classroom.

- ✓ Incorporating wiki into the classroom provides a very different kind of online experience for your students.
- ✓ Essentially you put them in the driver's seat.
- ✓ Have students use wiki to edit text with grammatical errors.
- ✓ Teachers can put students into groups and those with the most edits wins.
- ✓ Individual edits can also be counted. Join the debate team using a written set of guidelines, teachers post topics that students can argue by using wiki online forums.
- ✓ The distinction between these two projects is relatively easy. 1. Wikisource focuses on material published elsewhere .
- ✓ Wikisource can be viewed as a library of works either in the public domain or freely licensed .

Conclusion

- In conclusion, the wikisource is the best source for the academics who wants to edit and share their knowledge in a particular field of study. This also helps the teachers to present information to their learners by making then read and edit articles on the wikis giving learners also pressure to read and literally learn more ot topics.
