ULSTER READY TO DEFY IRISH GOVERNMENT

Unionists Give Carson Free Hand to Take Measures Of Resistance

Sir Edward Declares Time Has Come to Translate Words Into Action

BELFAST, July 10.—The "provisional government" formed by the Ulster Unionists at its first meeting today gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms. The men were declared ready for mobilization at a moment's notice.

Sir Edward, in a speech, declared that the time had come for the loyalists of Ulster to translate their words into action. He said something must be done to compel the British government to make up its mind.

Ulster, he concluded, was anxious for peace, but was not going to accept peace by surrender.

Few military honors were given by the Ulster volunteers today to Sir Edward Carson, the Irish Unionist leader, when he arrived with the Marquis of Londonderry, Viscount Castlereagh, Walter H. Long, Renold McNeil and other Unionist members of parliament, to attend the meeting of the Ulster provisional government.

A guard of honor composed of 400 armed volunteers and 50 armed motorcycle dispatch riders, escorted the leaders to the residence of Captain James Craig, the military leader, where they will remain for a week.

The intentions of the provisional government have not been disclosed, but one object of the meeting is the arrangement of an impressive celebration of the 12th of July, or "Orangeman's Day," in order to show the government and the people of Great Britain that nothing but the absolute exclusion of Ulster from the operations of the Irish home rule bill will satisfy us.

Major General Sir Cecil Mac-Ready, in command of the military in the Belfast district, has been in conference with Premier Asquith regarding the situation and the police have been instructed to act with great care so as to give no excuse for an outbreak.

Volunteers Called Home LONDON, July 10.—A special despatch from Cairo, Egypt, says the Anglo-Egyptian members of the Ulster volunteers have received cables calling them back to Ulster.

WARBURG AUT NULLUS, WILSON'S ULTIMATUM

WASHINGTON, July 10.—President Wilson will make no nomination for the federal reserve board in place of Paul Warburg of New York, until the senate takes definite action on his name. Mr. Wilson expects thus to place the responsibility on the senate for leaving the board incomplete. That is the president's position in his fight with the senate over Mr. Warburg's nomination, as expressed today by officials in his confidence.

Mr. Warburg has finally decided that he will not appear personally before the banking committee to be cross examined, and the president is backing him in that stand.

The nomination of Thos. D. Jones which the banking committee has voted to report adversely, is in a different position. A fight for his confirmation may be conducted in a minority report.

OHIO MINERS RATIFY AGREEMENT ON WAGE

COLUMBUS, O., July 10.—The delegates attending the convention of the Ohio section of the United Mine Workers of America today ratified the principal provisions of the new wage agreement recommended by the scale committee.

The convention adjourned until tomorrow, when several minor provisions will be taken up. As the remaining provisions are concerned with uncontroverted points, the miners' officials said they would be accepted.

More than 40,000 miners who are now on strike are affected by the new wage scale, but only about half that number are assured of immediate employment as some operators have refused to treat with the miners, declaring it would be unprofitable for them to operate the mines under the new scale.

'Our Schools Namby Pamby Places' System Denounced By J. H. Francis

L. A. Superintendent Declares Self

By the Associated Press.

ST. PAUL, July 10.—The present school system was vigorously attacked today and the inefficiency of the average school teacher was denounced by J. H. Francis, superintendent of schools of Los Angeles, at the National Education association convention.

Francis characterized as soul wreckers "certain powerful interests that are blocking all forms of educational progress."

"Our public schools are namby pamby places to which we go because it is the custom, and some of us become good citizens in spite of them. The purpose of education is to make us scholarly enough so we may separate ourselves from the common herd," Francis said.

The hall rang with applause when Francis shouted, "God bless the girl who refuses to study algebra, a study that has caused many girls to lose their souls. Give them courses in costume designing instead of mathematics."

"The schools are all wrong, because we give credit to the captain's things and not to the stokers," declared Francis. "When the teaching force is allowed to make its own judgments and to stand on these judgments, we have different boys and girls." He added that nine-tenths of our immorality was caused by damage done boys and girls by teachers.

"Teachers who train the child to believe that he cannot be respectable unless he is a professional man, are a menace to society."

"Every child has a right to freedom in the pursuit of his normal development, free from mental, religious, political or financial exploitation on the part of those stronger than himself," Mr. Francis continued.

Quiet opposition of powerful organizations toward any change lead-

ing to greater independence of thought or freedom is one of the menacing difficulties facing those who would institute a system of schools to meet the needs of the child."

Henry F. Cope of Chicago, speaking before the Religious Education association, of which he is general secretary, said the "present agitation for the teaching of religion in the public schools is based on three misapprehensions," as follows:

"First, that the state may properly teach religion; second, that the religion can be taught as mathematics, and third, that teaching religion would solve all the problems of youthful delinquency and cure the general public apathy to ecclesiastical affairs."

"In recent times the attempts to meet that instruction in religion has taken on a large degree of educational seriousness."

"The churches are facing in that direction. It is the duty of the state to recognize every serious endeavor to meet educational needs. Whenever the work of the Sunday schools or similar agencies rises to the level of the work of the public schools, that common level of educational efficiency ought to have public recognition."

Fred D. Barber, professor of physical science, State Normal University, Normal, Illinois, spoke before the department of science instruction on "Are 'General Science' courses making good?"

He said in part: "The progress of science during the 19th century marks it off from all preceding centuries of the world's history. It all but annihilated time and space. It revolutionized all life activities. Modern civilization and all that is most significant to the common

(Continued on Page 6)

Editor and Aviator Are Arrested For Disclosing Military Secrets

Charles K. Field, Robert Fowler, Ray A. Dhem and Riley A. Scott Accused by Government Officials

By the Associated Press.

SAN FRANCISCO, July 10.—Charles K. Field, editor of the Sunset Magazine, former president of the Bohemian club; Robert Fowler, the aviator; Ray A. Dhem, a photographer, and Riley A. Scott, a writer, against whom warrants had been issued charging the disclosing of military secrets, were arrested today and taken before United States Commissioner Francis Krull. They were released on their own recognizance. The charges were based on published photographs of the Panama canal fortifications.

At a special session of the federal grand jury tomorrow the government will present its evidence against Field and the other defendants and ask for indictments.

In April the Sunset published an article entitled "Can the Panama Canal be Destroyed From the Air?" reproductions of photographs taken from an aeroplane and showing some of the fortifications of the canal zone and of the San Francisco Presidio accompanied the text. As soon as a copy of the number was called to the attention of the war department, it requested Preston to investigate.

The penalty is ten years' imprisonment and \$10,000 fine for such disclosure if made abroad and one year and \$1,000 fine if made in the United States.

The editorial comment of the magazine on one of the photographs against which the war department particularly complained was as follows: "This is one of the most significant photographs ever published in this country. Below the aeroplane

from which the picture was taken, lie the Naue Islands, in the Bay of Panama, on which the United States government is now mounting batteries of the heaviest artillery in the world to protect the Pacific approach to the Panama canal.

"On the island, almost directly under the aeroplane can be seen the emplacement for the most powerful weapon ever constructed, the first 16-inch disappearing gun, which has an effective range of about 12 miles.

"Here is the significance of the photograph: The aeroplane might have come in time of war from a battleship out of range of the big gun, flying at a safe height, and carrying 500 pounds of high explosive instead of a camera. Would not the big gun be helpless against such a foe?"

Mr. Field's defense today was that the photographs showed no actual fortifications, nor artillery but only the emplacement for a gun and the preliminary work for a fort. To this Mr. Preston replied:

"I think the case has merit. It has always been an army regulation with the force of law forbidding the taking of photographs or views of the permanent works of defense, whether in course of construction or completed.

"By the act of March 3, 1911, Congress strengthened the regulation so that it is now a violation of a plain statute for any civilian to take or publish photographs of any fortifications, whether complete or in process of construction.

"The war department regards the enforcement of this law as absolutely essential and my instructions are emphatic in this case."

Survivors of Shipwreck Rescued After Five Months of Privation

By the Associated Press.

SAN FRANCISCO, July 10.—The survivors of a shipwreck on the rocks of a lonely island and nearly five months of privation on the island, finally rescued after a daring adventure undertaken for their sakes by three hardy sailors and two girl babies, arrived today at San Francisco in their mothers' arms. They are the children of Captain Jens Jensen of the schooner Nokomis, which was lost on Clipperton island, 700 miles off the west coast of Mexico February 28. Besides the captain and his family, eight members of the crew were brought to port by the liner City of Sydney.

The marooned crew waited for months, subsisting largely on fish

and gulls' eggs, expecting the Mexican gunboat Tampico to call, but the Tampico had been sunk by Obregon's constitutionalists and when the scant wood supply of the small Mexican colony on the island ran low and the Jensen babies became ill, August Larsen, the second mate, and two seamen volunteered to start for the mainland in a small boat of the Nokomis.

The three men fought the storm and tropic heat for 17 days before reaching Acapulco. They had been without food and water three days when they arrived.

As the Mexican government was in no position to send relief, Admiral Howard sent the United States cruiser Cleveland to rescue the captain and party.

THIRD OF UKIAH HEARS JOHNSON AND ESHLEMAN

In Town of 3000, Audience of 1000 Greets Progressive Leaders

Governor Sets Forth Some Plain Facts About Cost Of Government

By the Associated Press.

UKIAH, Cal., July 10.—In a town of about 3000 people Gov. Hiram W. Johnson and President John M. Eshleman of the railroad commission, spoke here tonight to an audience estimated at a thousand people. Where other candidates for governor are drawing three hundred the progressive leaders are drawing three thousand. After Eshleman had driven in some home truths tonight, showing the people of Mendocino where telephone rates had been cut in half, where thousands of dollars had been saved in this one county in electric light rates, and where reduced freight rates had eased their financial burdens, the governor delivered some plain facts about the cost of government under progressive rule.

"The railroad commission is saving you \$5,500,000 a year" he said, "the board of control is saving you \$1,500,000 a year; that makes \$7,000,000 a year; in four years, it amounts to \$28,000,000, the total sum expended by the state of California for the entire cost of the state government in that time. Was there ever such a record before, and that is only two commissions.

"In 1910 state and local taxation were separated. All the revenues of the state are now derived entirely from the public utility and certain other corporations. The corporations pay the whole cost of running the state and yet political candidates are shouting their wild cries through the state of an administration that is robbing the people, of an administration that is raising the taxes for you. If taxes are high in any county the fault rests with the local authorities who control the taxes of each county. The state now has nothing to do with the taxes of the ordinary man."

Evidence of the keen interest of the people to hear Governor Johnson and Eshleman was furnished here tonight when the weekly town band concert was abandoned and the streets were nearly deserted while one third of the total population flocked behind the brass band to the progressive meeting.

The party will cross the mountains tomorrow for an afternoon meeting in Willits and a night meeting in Fort Bragg, then tour through the redwood forests for a vigorous campaign in the towns of Humboldt county.

Governor Files Petition. SACRAMENTO, July 10.—Governor Johnson jumped into the ring today, filing his first nomination petition, making the fifth of the gubernatorial candidates to get his name on the index books. Fred Hall, a Democrat, is to be the sixth, but he has not yet made his appearance.

DREADNOUGHT TO BE NAMED 'CALIFORNIA'

By the Associated Press.

WASHINGTON, July 10.—Secretary Daniels announced today that the latest four new dreadnoughts being built by No. 39 would be named Arizona, California, Mississippi and Idaho. The last two were so named in order that the states of Mississippi and Idaho might not lose their ships because of the recent sale of two battleships to Greece.

With the newly named battleships, every state in the union now has a battleship named for it except Maryland, Montana, South Dakota, Washington, West Virginia, Colorado, North Carolina, New Mexico and Tennessee.

In the future the armored cruiser California will be known as the San Diego. The present congress authorized the construction of three dreadnoughts. Number 39 already is under construction at the New York navy yards. Plans for the other three are nearly ready.

UNION RELIEVED OF PICKETING INJUNCTION

By the Associated Press.

CHICAGO, July 10.—The injunction, for nearly two years restrained members of the United Brotherhood of Carpenters and Joiners from picketing or taking other action in its strike against the Anderson Lard Manufacturing company, was dissolved today by Circuit Judge Heard. The dissolving order was entered on the motion of the master in chancery, before whom the testimony in the injunction was taken.

Form-Fitting Clothing For Men This Fall

Standards Approved at Atlantic City Convention; New Dances Blamed

By the Associated Press.

ATLANTIC CITY, July 10.—American men who profess to follow Fashion's decree will wear suits of English or form-fitting models this fall and winter, according to standards approved at the opening session of the National Association of Manufacturing Clothiers and Designers convention here today.

The opinion of all delegates was unanimous in approving the form-fitting styles and their decrees were accepted without question by most of the leading clothing manufacturers.

The Overcoats will have the "French back" and be double-breasted, button through variety; the Balmainian, so popular last season, was also approved and with slight modifications will again be worn this fall.

The coats will be single breasted and cut very snugly at the waistline, just a trifle shorter than last season, with soft roll lapels and three buttons. The trousers will be of medium width.

Several delegates were of the opinion that the popularity of the new fashions was responsible for the demand for form-fitting clothing.

New York Styles for Women. New York, July 10.—The woman who wears a short coat in the early season will be in fashion and the woman who later in the winter puts on a longer one will also be in style. This is the decision reached by members of the United Cloak, Suit and Skirt Manufacturers' association, and so far as they are concerned the question as to the length of the smart woman's cloak, which has been agitating the trade for some time, is settled.

Another association of makers is yet to be heard from and the designers are admittedly at sea.

Mrs. Carman Is Cheered By Child

By the Associated Press.

MINEOLA, N. Y., July 10.—Mrs. Florence Corlkin Carman, locked up in the Nassau county jail here as the alleged assassin of Mrs. Louise Bailey, received a letter today from her 12-year-old daughter, Elizabeth, who testified at the last session of the inquest in an effort to strengthen an alibi for her mother. The letter read:

"Dear Mamma: We all think of you always. I don't quite know why you can't come home. If I don't see you very soon I'll write and ask Pr Pettit (the sheriff) why you do not come home.

"Your loving daughter, "ELIZABETH."

Mrs. Carman will be arraigned for examination Monday.

Mackay on Venire. FREDPORT, N. Y., July 10.—The name of Clarence H. Mackay, president of the Postal Telegraph Cable Co., appears among the 23 men called for the grand jury which will consider evidence against Mrs. Florence Carman, a suspect in the murder of Mrs. Louise Bailey.

Farmers, merchants, contractors, real estate agents and several wealthy residents of Nassau county make up the remainder.

John D. Gives Penny to Spend

NEW YORK, July 10.—John D. Rockefeller has reversed his reply to a school teacher who asked him how to accumulate a fortune. His answer was: "Save your pennies." Yesterday Mr. Rockefeller while walking around his estate at Pocantico Hills, came upon several children of his employees. To each child he gave six cents: "There is a penny to spend and a nickel to save." When a friend asked him why he changed his wealth accumulating advice, Mr. Rockefeller said: "Oh, well, you know children have to have candy now and then."

48-Year Old Suit Dismissed

SACRAMENTO, July 10.—Dug from the dusty depths of the files in the county clerk's office, the complaint of a suit filed 48 years ago, which had been pending since that time, was taken before Superior Judge Shields today and dismissed. The document printed in ink on common letter paper, is tattered and the ink and the paper are discolored with age. The suit was against a clothing firm for a debt due for bill of goods.

PLOT TO GRAB MEXICO 'REVEALED;' VILLA STILL THREATENING CARRANZA

No Portion of Army of Recalcitrant General Has Begun Preparations for the Movement Upon the Capital

NORTHERN LEADER LINGERS IN TORREON

Twelve Thousand of 18,000 Soldiers Are Estimated to Be in Chihuahua, 500 Miles From the War Zone

EL PASO, July 10.—Despite assurances from both Villa and Carranza supporters here that Villa would resume immediately the campaign against Huerta, no portion of his army had begun preparations for the southern movement, so far as known here tonight. It is estimated that 12,000 of his 18,000 soldiers have remained quartered in the country districts of southern Chihuahua, 500 miles from the war zone, south of Aguas Calientes.

Villa was still in Torreon tonight, but he will leave tomorrow for Chihuahua. This information was given out by Lazaro de la Garza, commercial agent for Villa in Juarez, after a telegraphic conference with the northern leader. It was estimated that two weeks must elapse before Villa's entire army could be transported from Chihuahua to Aguas Calientes, the northern limit of Huerta's territory.

Villa's Troops to March South

SALTILLO, July 10.—The conference of Torreon, which met to adjust the differences between Carranza and Villa, has completed its labors to the satisfaction of the first chief of the constitutionalists, according to an announcement tonight by Gustavo Morales, Carranza's private secretary. The details of the conference were not made public. It is said that the troops under Villa and those under Gonzales would move southward tomorrow in a combined campaign, with Mexico City as the goal.

Rebels Depart Americans

NOGALES, July 10.—Major E. L. Polmdahl, a former American army officer, recently on Villa's staff, was deported from Sonora tonight. He was released yesterday at Hermosillo from a dungeon where he had been imprisoned ten days with insane men as cell mates. He was charged by General Alvarado, commander of the constitutionalists attacking Guaymas, with giving information to Americans at El Paso relative to ammunition smuggling. Holmdahl, who was released through the efforts of the French and the United States consuls at Hermosillo, said he expected to be executed.

New Cabinet Sworn In

MEXICO CITY, July 10.—Francisco Carbajal, chief justice of the supreme court, took the oath of office as foreign minister today. Other new ministers in Huerta's cabinet were sworn in as follows: Commerce and industry, Salome Botello, former governor of Nuevo Leon; communications, Arturo Alcaradejo; agriculture, General Carlos Rincon Gallard.

Roberto Esteva-Ruiz, sub-secretary of foreign relations who had been acting as secretary for some time, was slated for minister of commerce and industry, but at the last moment it was decided to keep him in the foreign office. Huerta's other ministers retain their portfolios.

The chamber of deputies will meet Monday to discuss the presidential elections.

\$200,000 VOTED FOR SALEM FIRE VICTIMS

By the Associated Press.

WASHINGTON, July 10.—Congress appropriated \$200,000 today for the relief of the sufferers from the Salem fire.

The house, in spite of vigorous opposition led by Chairman Fitzgerald of the appropriations committee, accepted, by a vote of 161 to 66, the senate amendment to the sundry civil bill to provide the money. Fitzgerald told the house that, while the sympathy of everyone went out to the destitute people of Salem, it was no part of the federal functions to appropriate money for them. He said that if congress initiates the policy of making such appropriations every time there is a flood or a fire in the country it may expect the locality to come to the federal treasury as the easiest place to get the money.

Former Mexican Minister of Commerce and Labor Imagines Progressives Have Ulterior Designs on Country

SHAKES HIS FIST AT UNITED STATES FLAG

'Secret Platform,' of Which Roosevelt Is Said to Be Cognizant and to Approve, Is Alleged by Q. Moheno

VERA CRUZ, July 10.—Querido Moheno, former Mexican minister of commerce and labor, before departing on board the Espagne for Cuba and the United States today, bitterly criticized the policy of the United States toward Mexico. As he sat in the forward saloon of the French liner, Senor Moheno looked through a porthole toward the American flag flying at Vera Cruz and shook his fist in rage. He insisted that he was in a position to produce proofs that there existed a "secret platform" of the Progressive party in the United States, of which Roosevelt was cognizant, and in which he concurred, looking to the disruption of Mexico and the acquisition ultimately by the United States of all territory between the Rio Grande and Panama.

Moheno said Francisco Escudero, who is minister of foreign relations in Carranza's cabinet, has letters which to him are conclusive evidence of his allegations and he declared he hoped to be able to produce these letters at the proper time.

"Not only were the leaders of the Progressive party pledged to this policy," he added, "but politicians of both the Republican and the Democratic parties had promised their secret support. That Wilson himself had subscribed to this iniquitous conspiracy is evident by his attitude toward Mexico. Not a single American in all the hundred million population of the United States can give a satisfactory answer as to why these troops are there on shore in Vera Cruz."

"To show up Mexico's crime against Mexico—the greatest in the history of modern nations," is the announced object of Moheno's trip to the United States. He arrived here this morning on the Espagne from Puerto Mexico. He said he would not go ashore during the liner's stay at Vera Cruz, which was to him a disgraceful spectacle under existing conditions.

Agreement to Evacuate Guaymas

WASHINGTON, July 10.—Dispatches to the navy department tonight from Admiral Howard told of an agreement for the federal evacuation of Guaymas, the execution of which had not gone into effect late today.

Howard also advised that he had received reports of the evacuation of Acapulco, a port in the southern part of the state of Guerrero, the terminal of the National Railway and of Mexico line from Mexico City, and that the Japanese cruiser Idzuma had left Mazatlan for Acapulco.

Ministers Naon and Suarez returned tonight from New York, where they talked with the Huerta delegates. As Carranza had not sent his final reply to the mediators' proposal for a joint conference to discuss plans for a provisional government, neither of the mediators would comment on the situation.

Ready to Evacuate Guaymas

NOGALES, July 10.—There was no change in the situation at Guaymas, General Alvarado, commanding the constitutionalist forces in front of the beleaguered seaport, telegraphed from Cruz de Piedra at 3:45 this afternoon. Reports reaching here yesterday were that most of the equipment was loaded on steamers, ready to leave the moment the position became untenable.

More Illness at Vera Cruz

WASHINGTON, July 10.—The sick report from Vera Cruz for the week ending June 8 shows a slight increase. The rate of 2.39 for army and marines of the preceding week increased to 2.47.

Intestinal trouble is steadily decreasing and no further cases of malaria have developed.

MILITIA COMES COSTLY

LANSING, Mich., July 10.—Maintaining the militia in the copper country during the strike last winter cost the state \$405,000, it was announced today.

There was a big labor strike in Santa Barbara yesterday, two very violent affairs taking place at the Boyd lumber plant, and the excitement was later transferred to the Commercial bank. It was difficult for the spectators to make out just what it was about. William Garwood and F. A. Wall appeared to be the principal instigators. At the lumber yard Garwood was heard to excitedly exclaim: "For our wives and children we want a raise to two dollars." "That isn't right—we're getting \$2.75 now." "All right," came back Garwood. "We want five dollars a day." "That's the stuff," came from one of the extras. "The next time ask for ten." The scenes were being made for "The Aftermath," and more than a hundred men were used. The play is directed by Sydney Ayres.

Richard Bennett and Tom Rickets yesterday conferred at considerable length in regard to "Damaged Goods," production of which will start Monday if everything goes right. All the principals are here except Louis Bennisson. Mr. Bennisson and Mr. Garwood played in stock together for years at the Alcazar, San Francisco.

There is promise of a very good game of baseball at Athletic park tomorrow afternoon, when the locals meet the Palms, of Los Angeles, in the Southern California league series. The grounds and grandstand will be given special attention today and things will be much tidier than they have been for some time. Santa Barbara has a percentage of

HE WILL COMMAND THE SHAMROCK IV

Capt. D. P. Burton.

Capt. D. P. Burton, the famous English racing yachtsman, is to be the skipper of Sir Thomas Lipton's challenger, the Shamrock IV. His ability as a yachtsman is so well recognized that in the opinion of the majority of Britons who are following the coming international races he will be the one to bring back with him the challenge cup which has not been in the possession of Great Britain since 1851.

Yacht Resolute Easily Winner

By the Associated Press.
 NEWFORTH, July 10.—The Resolute easily won today from the Vantle and the Defiance in the trial race today. The course was triangular, the first leg being a beat of ten miles to the southward, the second leg a reach eastward and then another reach home.

REAL ESTATE CONVENTION.
By the Associated Press.
 PITTSBURG, Pa., July 10.—City planning, municipal ordinances, taxation, farm education, sub-division development and real estate salesmanship were among the subjects discussed today by the National Association of Real Estate Exchanges, in session here. Among the speakers was Max Ragley of Seattle.

The Morning Press Job Printing Department is fully equipped for every line of printing from a visiting card to a newspaper, and carries a full line of up-to-date stock.

The THEATERS

MISSION THEATER—In Search of the Castaway," the four part World's feature film, being shown at the Mission is a wonderful picture in many respects. It abounds with scenic effects that are truly wonderful. It seems as if it must have been taken among high mountains in South America or some such place. The mountains are much higher than usually seen on this continent and then there are wonderful glaciers, also quite un-American in appearance. While the picture carries a strong story, it is also a travelogue. There is an earthquake scene that is marvelous. There are many marine views, aboard a sailing vessel, storms and floods. The photography throughout is clear cut and the direction was the very best. In addition to this there is a first class Universal program. A large party of Potter hotel guests visited the Mission last evening, making the trip in the large Potter bus.

PALACE THEATER—The Beauty Film, "Drifting Hearts," is on the Palace program today, with Margarita Fischer and Harry Pollard in the leads. The Broncho two-part, "Shorty's Trip to Mexico," is a comedy. "Izzy, the Operator," is a Reliance comedy. Following is the story of "Drifting Hearts": The child of a wealthy young

Downard and Downard at Portola

PORTOLA THEATER—The Portola was well filled last night, and the show is giving the best possible satisfaction. Owing to the fact of Mr. Housh's illness and the possibility of his not being able to work today, Manager Fordyce got busy on the phone last night after the performance and had his agent in Los Angeles send him another act, so if anything happened he would be in position to give the regular show. It happens that the gentleman in question is quite well again, and as a result the Portola is offering three big acts, instead of the usual two. Downard and Downard have a singing, talking and dancing sketch entitled "The New Clerk." The clever piece was originally composed by Downard, and the well known comedian seems to be right in his element. He is never funnier than when in his laughable rube character, and with the assistance of his clever wife he manages to keep his audience in continual laughter. Cuba De Schon, in a real Indian novelty, is a big feature of the last half bill this week. Miss De Schon claims to be a descendant of the Aztec Indians, and is well versed in the lore of the red men. Her costumes are remarkably valuable, and she has a collection of trinkets and various valuables that would turn the discriminating collector of these antiques green with envy. The scenery for this act is beautiful. The lighting effects that bring out the glow of the camp fire, the wigwags that are built around it and the general atmosphere of the reservation add to the weird effect that greatly enhances the tom-tom dances of Miss De Schon and the other Indian selections that she gives. Housh and La Velle are presenting a comedy sketch that is away from the ordinary. Mr. Housh sings some good songs, and sings them well. Miss La Velle does a clever bit brightly, and wears the latest gowns quite jauntily. The pictures change today.

Ess Bee Film
 completed the stage equipment which now has one of the finest diffusing systems, such as is being used in all the leading studios in Los Angeles.

A SANTA BARBARA MAN'S EXPERIENCE

Results Tell the Tale.
 Can you doubt the evidence of this Santa Barbara citizen? You can verify Santa Barbara endorsement.

Read this:
 C. N. Morris, carpenter, 230 W. De la Guerra St., Santa Barbara, says: "I suffered almost constantly from a dull, heavy ache in the small of my back. At night my back often ached so hard that I couldn't sleep. I was obliged to get up twelve or fifteen times on account of kidney weakness. I tried everything I heard of and was treated by six different doctors, but nothing helped me. Finally, I got a box of Doan's Kidney Pills at the Sterling Drug Co. By the time I had used half a box, the backache stopped and I improved in every way. I slept better and in the morning I got up feeling refreshed. Since using Doan's Kidney Pills, I have noticed a change for the better in my sight. They have certainly been of great benefit to me. I haven't needed any kidney medicine for the past several years. I give Doan's Kidney Pills all the credit for curing me. I have told of my experience before and I am glad to recommend Doan's Kidney Pills again."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morris had. Foster-Milburn Co., Props., Buffalo, N. Y.

**AMEER KAHN STUDENT
AT SUMMER SCHOOL**

Among the notable students at the University of California's summer school is Monsieur Ameer Kahn, nephew of Mirza Ali Kuli Khan, Persian minister at Washington, D. C. He jots down all his lecture notes backwards.
"We write differently from you," he remarked. "We begin at the right and move toward the left. We also hold our manuscript on the knee; it is less awkward."
When asked if he intended to return to Persia as a teacher he replied, "Better than that, I intend to enter the Persian parliament. For that I am studying the languages."
M. Khan has been in America little more than three years but speaks good English. He expects to enter the University of California in the fall.
He has been pursuing his preparatory studies at one of the Santa Barbara schools, during the past three years, and made many friends here through his democratic and agreeable ways.
We are camping out at 924 State street until our new store is ready. Osborne's Book Store. adv

NO BOATS OVERCROWDED.

WASHINGTON, July 10.—Not a single case of overcrowding of a steamboat anywhere in the United States on July 4 last has been reported to the federal steamboat inspection service and this leads officials to believe there were no such results.
At the request of Secretary Redfield inspectors throughout the service this year were instructed to take special precautions on the Fourth to observe and report any violations of the regulation against carrying more than a certain number of passengers. This is said to be the first year when no case of overcrowding has been found.

**ALISAL ROAD WILL
BE OFFERED AGAIN
FOR STATE ROUTE**

**County Survey to Start Next
Week for New Grade
Over Old Route**

County Surveyor F. F. Flournoy stated yesterday that the survey for the proposed road from Nojoqui hill through the Alisal rancho to the Mission bridge across the Santa Ynez river will start next week. The road will go by way of Nossers, follow the east fork of the Cuesta Canyon creek, and after passing the divide will go down Alisal creek to the river. The distance is about eight miles. It will virtually follow the present county road from Nojoqui to Santa Ynez, but the grade will be improved. While there has been no intimation that the state commission will consent to the change from the Cuesta Canyon route selected for the state road, if a grade that will meet state requirements can be found, it will be called to the attention of the state board's engineers. The Alisal route would obviate the necessity for the building of a new bridge across the river. It would also place Los Olivos and Santa Ynez on the state highway. As the state commission has firmly objected to any change in the routing of the trunk road, it is not believed there will be a reversal of this policy; but the advocates of the Alisal route have not abandoned hope.

LUMBERMAN LOSES.

By the Associated Press.
ST. PAUL, Minn., July 10.—William Edwards, the millionaire lumberman of this city, by decision of the supreme court today must pay Ada M. Cox \$17,425 for breach of promise to marry.
The case has been before the courts for two years.
Edwards is under indictment in the federal court at Chicago on a charge of violation of the Mann white slave act in transporting Miss Cox from Illinois into Minnesota.

**KRAMER JUMPS INTO
FIGHT FOR ASSEMBLY**

**Abstract Man Will Seek Pro-
gressive Nomination for
Place in Legislature**

Ira H. Kramer yesterday decided definitely to become a candidate for the Progressive nomination for the assembly, and has jumped into the fight with the determination to win. Mr. Kramer will make an active campaign, covering all sections of the county. He already has a wide acquaintance by reason of his long connection with the Santa Barbara Abstract company, of which he has been for many years the president.
Mr. Kramer was born in Findlay, Ohio, in 1875. He graduated from the Findlay high school and from Findlay college, receiving his diploma from the latter institution in 1896, on the same day that Ohio's favorite son, William McKinley, was first nominated for the presidency. He came to Santa Barbara on May 3, 1898, 16 years ago, and has since been an active factor in the city's civic and business life. He has served as a director of the chamber of commerce, and has been interested in politics, although this is the first time he has been a candidate.

**C. OF C. MEMBERS
VOTING NEW BOARD**

**Fifteen Will Be Chosen From
List of Twenty-Nine
Nominees**

The ballot of fifteen members of the board of directors of the chamber is now on. All members of the chamber have received their ballots by this time and they will be expected to promptly return them. They will be counted next Wednesday afternoon.
There are twenty-nine nominees. There are five who have come to Santa Barbara within the last few years and are known for exceptional executive ability, and in this connection attention has been called to them.
J. R. Chapman is an engineer of world note. He had charge of the construction of the great London tube. Mr. Chapman submitted free to the chamber of commerce a scientific report of the conditions affecting Mission creek and its disposal of the storm waters.
Clarence P. Day, as director of the Pasadena day of commerce before he came to this city to manage the Elwood Cooper ranch, became master of the details which go to make an effective and expert booster.
C. D. Hubbard, because his work keeps him in Carpinteria managing his walnut and lemon ranch, is not so well known in Santa Barbara as some of the nominees, but as a director of the chamber he has already written one of its advertising pamphlets boosting lemon growing in the county, and he is at the head of the movement to procure a ten-acre experiment ground for the high school agricultural classes.
F. H. Kimball, head of the Veronica Mineral Springs company, has boosted Santa Barbara at every possible opportunity and his work on the parade committee for the recent Fourth of July celebration has won him a reputation for efficiency.
E. H. Strafford comes here from Pasadena where he promoted many large real estate deals and his whole large experience in civic matters has fitted him to serve Santa Barbara as he is already gladly doing.

Articles of incorporation of the Mission Theater company were filed yesterday. The incorporators are Wolff Markus, Clarence A. Baker, Fritz Friedrichs and Lillian D. Ludlow, all of Santa Barbara. The capital stock is \$6000, of which \$900 is subscribed.

A marriage license was issued yesterday to Charles Kenneth Helwig, a native of Kansas, aged 22, a resident of Montecito, and Ethel Imogene Rorick, a native of Arkansas, aged 21, a resident of Arkansas City, Kansas.

A final decree of divorce was granted yesterday to Richard W. Morris from Ida P. Morris. Custody of the minor child, John Parker Morris, is awarded the father.

Further testimony was heard yesterday in the case of Grace Marie Tapie vs. H. P. Lane under an order re-opening the case. Judge Crow then took the matter under advisement.

County Recorder's Office.
Deed—Frederick L. Cook and Harriett L. Lowe Cook, wife, to city of Santa Maria, \$250; commencing at N.W. corner of tract of John Long, Santa Maria; S. along same 750 feet x W. 50 feet.

**ARGENTINA MEATS
NOW DISTRIBUTED
TO CALIFORNIANS**

**Necessity for Local Inspection
Becomes All the More Apparent, Says Officer**

That Argentina meats are being distributed in California, coming frozen in full shiploads from the South American republic to San Francisco, is an interesting report made by Dr. R. P. Winchester, city health officer. This makes the necessity for inspection all the more imperative; for meats that have been handled for so long a period under refrigeration are the more subject to decay when vigilance is relaxed.
"The publication of the statement that any case of meat poisoning would be reported, and the name of the market furnishing the meat would be exposed, has had a beneficial effect," said the health officer yesterday. "I have received no complaints since that time. The markets know when they sell bad meat; and they can protect the public if they will. The trouble is to see that they do it. I believe the council realizes the importance of sanitation and inspection, and will soon give the health department better facilities for the enforcing of regulations. One inspector could look after the meat markets and the back yard zone of the business district, and be of other good service. Public health should be quite as necessary as public peace; but the whole cost as much as one-half of a policeman. It would be interesting to know what percentage of the cost of an average city's maintenance is devoted to the protection of the public health."
Milk Ordinance Requirements
Dr. Winchester finds that there is some laxity in the enforcement of the milk ordinance. One regulation requires that anyone selling milk must have a permit from the health department. Some of the small dairymen, and furnishing milk only in a restricted neighborhood, have overlooked this requirement. The health officer desires that these owners of cows shall be first informed of this ordinance, which thereafter will be enforced. The maximum penalty is \$300 fine and six months in jail.

**PARTY WILL SPEND
2 WEEKS AT ISLAND**

A party of well known Santa Barbara people will leave Monday on the Sea Wolf for Dix Harbor, Santa Cruz Island, where they will spend two delightful weeks. The outing is arranged by Westrop and Odell Figg-Hoblyn, who were at the head of an island party last year, the memories of which are very pleasant to the participants.
Members of the excursion leaving next week will include besides the Figg-Hoblyn boys, Miss Figg-Hoblyn, Dr. Wm. T. Barry, Miss Selwyn, Miss Elizabeth Howard, and her niece, Miss Mary Anderson, Miss Howerl of Montecito, Miss Mary Scott, Miss Helen Angier, William Barry, Mascen LeBaron, Louis LeBaron.

**TRADE COMMISSION
BILL BEING RUSHED**

By the Associated Press.
WASHINGTON, July 10.—Determined to perfect the administration anti-trust bills by Monday if possible, the senate judiciary and interstate commerce committees labored long today. Tomorrow the members will keep at it, the senate having adjourned until Monday.

The interstate commerce committee succeeded in perfecting the interstate trade commission bill already before the senate, adding two important amendments and determining not to amend the much-questioned Section 5, in which unfair competition is declared unlawful.

The amendments agreed to provide:
That no order of the proposed trade commission for or against a corporation shall be used as evidence in any subsequent prosecution brought against the corporation under the Sherman law, and that nothing in the act to create the trade commission shall be construed as amending the Sherman law, nor in any way affecting the provisions of that act as it stands on the statute books.

INSPECTION DESIRABLE.

The city health officer expresses the situation most convincingly when he compares the protection given the public by the police with the protection the health department can not give for lack of facilities.

If the appointment is made, it should be with the understanding that the inspector shall be under the exclusive control of the health department. The responsibilities as well as the authority should rest there.

HELP THE CAUSE ALONG.

If contractors will not bid on the state highway, there can be no charge of delay against the commission on that score. It was announced and advertised in many places that bids would be opened July 6th for a number of sections of the state road work.

This will be readvertised, and the commission is also calling for bids on the El Capitan-Alcatraz section. Those who are interested in the development of this county should see that there is no further lapses of this sort.

EQUAL SUFFRAGE GAINING HEADWAY.

The action of the National Federation of Woman's clubs in endorsing equal suffrage has been followed by a similar decision of the convention of the National Educational association, an organization composed of teachers from every state in the union.

Just how much California's example and influence have had to do with this spread of the doctrine of equal rights can not be definitely told; but that this state has effectually proved the arguments of the proponents and disproved the claims of the objectors can not be doubted.

THE PRESIDENT AND THE BUSINESS MAN.

Henry Ford has told President Wilson that business is good. Mr. Ford did not need to tell Mr. Wilson that. A manufacturer whose profits are so large that he voluntarily divides ten million dollars with his men must be doing good business.

The administration has made a great deal out of the fact that prominent business men have been invited to the White House. It is such a change in the policy of the president that it naturally attracts attention.

Now that his policies are fully outlined, now that congress has proven itself subservient to his demands, he is ready to see such business men as he chooses to select. Mr. Ford's visit must have cheered him greatly.

THE JAPANESE HARD KNOT.

It is the general opinion of the well informed, east and west, that the only redress for Japan under existing treaties is the removal of the barriers to citizenship. Since Colonel Roosevelt's attempt, after the San Francisco school incident, to offer naturalization to the Japanese, there has been not the slightest intimation that such a proposition might succeed.

We have a treaty with Japan under which we have agreed to arbitrate at The Hague disputes involving questions of treaty interpretation. There is, however, the customary exemption of disputes affecting "vital interests."

The outcome of Washington's negotiations with Tokio cannot now be foreseen except that it will not result in the granting of any new privileges to Japanese in this country.

THE SPOILS SYSTEM BEARING FRUIT.

New York Tribune: The scandal of George Fred Williams' Albanian manifesto is directly attributable to the revival by this administration of the spoils system in diplomatic appointments.

It is rumored in Washington that Mr. Williams went to Athens under the same sort of limitation on tenure as was suggested by Senator Hamilton (the "Jim Ham") Lewis in the Pindell of Peoria case.

If his promised resignation does not materialize he should be recalled, simply to show that the United States repudiates his foolish interference in Albanian affairs.

UNDER-WATER PIRATES.

Boston Herald: To watch a doryman haul in a mile of trawl, only to find on two hooks out of five a starfish wrapped about the bait, while on every fifth hook appears the head of a cod or haddock eaten to the gills by dogfish, would open any landman's eyes to our loss of food through seafloor scavengers.

What with dogfish, starfish, sand sharks and human ruthlessness, our marine food supplies plainly need more thought and regulation than they get. They mean much to the great cities not of the seaboard only, but of the wide interior.

CAUGHT IN HIS OWN TRAP.

Boston Transcript: Secretary Bryan is put in a humiliating position by his admission that he was in error when he said that Secretary Knox approved "the Dubois memorandum." We do not mean to imply that a confession of error is in itself a humiliation.

Much might be said of Mr. Bryan's conduct in endeavoring to induce the country to believe he had followed Republican precedents, but the facts are condemnatory enough without addition or extension.

INTERNATIONAL AMENITIES.

Baltimore American: The score is even. Paris has vented its fashions upon us, but we retaliated with a prize fight.

SOME THOUGHTS ON WOMAN'S STATUS.

CANDIDATES' CARDS.

I hereby announce myself a candidate for election to the office of assemblyman for the Fifty-ninth assembly district of California, subject to the will of the voters at the primary election on August 25, 1914. IRA E. KRAMER.

TRACK WALKER IS HOSTAGE OF BANDITS

ST. LOUIS, July 10.—Two masked bandits who held up the westbound "Katy Flyer," on the Missouri, Kansas and Texas railroad near Matson, Mo., 60 miles northwest of St. Louis, last night, captured a track walker, who surprised them as they were robbing the train, and took him away with them to prevent him spying on their departure.

The bandits are supposed to have boarded the train at Matson. After the train had gone a short distance, John Snadley, the engineer, heard a noise behind him and turning, looked down the barrels of two revolvers.

"He told me to stop the train," said the engineer, "and I stopped. Then they told the fireman to run back and uncouple the train between the last express car and the first passenger car."

The fireman did as he was told and the bandits forced the engineer to run the engine and express cars to a point near Klondyke, on the river bank. They entered the American Express car and forced the express messenger, J. G. Nicholson, to stand with his face to the wall while they blew both doors from the safe.

While this work was going on a track walker, said to be William Christopher, appeared. The robbers announced they would take him prisoner.

As the train stopped at the command of the bandits, the conductor, A. L. Mudd, and William Glass, train auditor, got off to learn the trouble.

"We were greeted with a fusillade of shots," said Mudd, "and were told to stay in the coaches. We stayed in. I thought I saw five or six men, but of this I am not positive."

The engineer, the fireman and the express messenger say there were only two robbers. The bandits made no effort to molest the passengers, whom they warned to keep their heads inside the windows. The express messenger refused to discuss the robbery, saying that the rules of the company enforced silence on him. So far as known nothing was taken except the contents of the express safe. Mudd said he saw several pieces of jewelry on the floor of the express car after the robbery.

Militant Leaps On King's Auto

PERTH, Scotland, July 10.—A militant suffragette uttering an exultant yell, sprang on the footboard of an automobile in which King George and Queen Mary were driving through the streets of Perth today. The woman, who was identified as Rhoda Fleming from Glasgow, seized the handle of the gear of the royal automobile before the astonished police could act. Two policemen then mounted her and it required a score of mounted soldiers to hold at bay the angry mob bent on lynching her.

Miss Fleming turned out to be armed only with a petition against the forcible feeding of imprisoned suffragettes.

A large force of troops was requisitioned to protect her from the populace as she was conveyed to the police station.

Earlier in the day at Dundee the king and queen had received attentions from another suffragette who pitched a bundle of paper into their car.

SIR EDW. GREY FEARS! TROUBLE OVER TIBET

LONDON, July 10.—Warning that trouble may result from China's refusal to sign the convention in regard to what territory shall compose outer and inner Tibet, was issued to China today by Sir Edward Grey, the British foreign secretary. Sir Edward, speaking in the house of commons, said:

"If China does not sign, but resorts to an aggressive policy the consequences must be disastrous for China. There certainly will be grave trouble on the Indian frontier, which will require Great Britain to take up the matter seriously with the government of China."

"The Darjeeling conference, at which representatives of Great Britain, Tibet and China have been discussing the subject of Tibetan autonomy, has been in session since last fall and a convention was recently drafted and presented for signature to the three governments."

BRITISH DELIGHTED OVER NEW TREATY

By the Associated Press.

LONDON, July 10.—The Daily News, commenting editorially on the announcement of Walter H. Page, the American ambassador, at the peace centenary meeting in the Metropolitan tabernacle last night, that a new treaty between the United States and Great Britain, looking to a closer binding of the two countries, was being concluded, says:

"This feat, which has crowned Secretary of State Bryan's life-long labor for peace, is the realization of a dream with which Sir Edward Grey roused the house of commons to an astonishing display of enthusiasm three years ago, but which the amiable weakness of Mr. Taft was not strong enough to translate into action."

"Mr. Bryan's proposals," the News concludes, "are strictly practical, the object of referring disputes to a commission being to secure time for reflection and cooling off when public opinion is dangerously excited."

GREY LAMENTS OVER BLOCATED ARMAMENTS

By the Associated Press.

LONDON, July 10.—Criticisms of the bloated armaments of the European powers were directed at Sir Edward Grey, the British foreign secretary, in the house of commons today. In reply, Sir Edward declared that Great Britain had done her best, but her direct suggestions to foreign countries as to the limitation of armaments had been regarded, he said, as attempts to limit their control of their freedom of action, and had been resented accordingly.

Sir Edward added that the most notable thing in Europe during the last year had been not the naval but the military increase, and Great Britain had not been responsible for that.

L. A. SUPERINTENDENT ATTACKS METHODS OF PUBLIC SCHOOLS

(Continued from page one)

people in the way of improved living conditions, of more efficient labor, and greater facilities for recreation and pleasure, depends primarily upon the achievements of science and the dissemination of scientific knowledge and scientific thinking. Yet, it is an astounding fact that the percentage of students studying science in our public schools is rapidly falling off and has been on the decline for twenty years.

The cause for this decline of interest in science in our public schools is traceable to over-specialization. Our great universities are straining every resource to produce efficient research workers in their graduate departments. Our colleges have so shaped their science courses as best to prepare their students to enter the graduate department of the university.

The science courses in our high schools are shaped and determined by college entrance requirements. We have built our science courses from the top downwards. We have lost sight of the needs of the masses. We have ignored the nature of the adolescent mind. This is one potent reason why only 25 or 30 percent of the boys and girls of high school age ever enter high school and why 40 percent of those who do enter quit the first year. The boys and girls of the common people, and especially of the laboring classes, find little in our common high school courses which appeals to them as being worth while.

Science courses which are planned by specialists in the university for the purpose of leading up to research work in a measure defeat their own purpose. High school students take little or no interest in such courses and therefore shun science whenever possible. The high school student has a right to demand that he be shown the worthwhileness of the task set before him. High school courses in science must be reorganized. They must be rebuilt, beginning at the bottom. They must be planned to meet the need of the many, not the few. The movement towards general science is a recognition of this fact.

High school science must become instruction in the interpretation of science as it enters into the life activities of the common people. It must reveal the social significance of science in modern civilization and illuminate all the activities of daily life. It must develop scientific thinking and the scientific spirit by scientifically interpreting the common things about us. It must cease dealing exclusively with abstractions and generalizations; it must become a concrete and at the same time scientific study of man's environment. It must become less a study of special science seen in its practical settings of actual life. General science is an attempted step in this direction. From all available evidence, general science in the early years of high school, although as yet inadequate and understood and only moderately well taught in general, is making

good.

NOTICE OF CHANGE OF GRADE.

Notice is hereby given that in pursuance to "Change of Grade Act of 1909," the Council of the City of Santa Barbara, on the 2nd day of July, 1914, passed its Resolution of Intention to change the grade on certain portions of the following named streets, to-wit:

First. On Hollister avenue from Mission street to the city limits as follows:

At the intersection of the southwesterly prolongation of the northwesterly line of that portion of Mission street extending northeasterly and the southwesterly line of Hollister avenue the grade shall be one hundred fifteen (115.00) feet.

At a point opposite the northerly beginning of curve at the northerly corner of Hollister avenue and Mission street the grade shall be one hundred sixteen and eleven hundredths (116.11) feet.

At a point two hundred ninety-three and eighty-two hundredths (293.82) feet northwesterly from last mentioned point the grade shall be one hundred twenty-seven (127.00) feet.

At the easterly corner of First street and Hollister avenue the grade shall be one hundred thirty and sixty-six hundredths (130.66) feet.

At the northerly corner of First street and Hollister avenue the grade shall be one hundred thirty-two and thirty-nine hundredths (132.39) feet.

At the easterly corner of Second street and Hollister avenue the grade shall be one hundred forty-five and thirty-three hundredths (145.33) feet.

At the southerly corner of second street and Hollister avenue the grade shall be one hundred forty-five and thirty hundredths (145.30) feet.

At the westerly corner of Second street and Hollister avenue the grade shall be one hundred forty-six and twenty-five hundredths (146.25) feet.

At the northerly corner of Second street and Hollister avenue the grade shall be one hundred forty-six and twenty-eight hundredths (146.28) feet.

At the easterly corner of Third street and Hollister avenue the grade shall be one hundred fifty-three and forty-one hundredths (153.41) feet.

At the northerly corner of Third street and Hollister avenue the grade shall be one hundred fifty-four and thirty-six hundredths (154.36) feet.

At a point one hundred sixty-six and seventy-nine hundredths (166.79) feet northwesterly from last mentioned point the grade shall be one hundred fifty-seven (157.00) feet.

At the easterly corner of Fourth

street and Hollister avenue the grade shall be one hundred sixty-three and four hundredths (163.04) feet.

At the northerly corner of Fourth street and Hollister avenue the grade shall be one hundred sixty-four and forty hundredths (164.40) feet.

At the easterly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-four and three hundredths (174.03) feet.

At the northerly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-five and thirty-one hundredths (175.31) feet.

At the southerly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-four and sixty-three hundredths (174.63) feet.

At the westerly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-five and ninety-two hundredths (175.92) feet.

At a point one hundred seventy-two and sixty-five hundredths (172.65) feet northwesterly from the last mentioned point the grade shall be one hundred seventy-nine and sixty hundredths (179.60) feet.

At a point one hundred twenty (120.00) feet northwesterly from said last mentioned point the grade shall be one hundred eighty-one (181.00) feet.

At the southerly corner of Sixth street and Hollister avenue the grade shall be one hundred eighty and twenty hundredths (180.20) feet.

At the westerly corner of Sixth street and Hollister avenue the grade shall be one hundred seventy-nine and seventy-one hundredths (179.71) feet.

At a point one hundred thirty and forty-five hundredths (130.45) feet northwesterly from last mentioned point the grade shall be one hundred seventy-nine (179.00) feet.

At the southerly beginning of curve at the easterly corner of Mission street and Hollister avenue the grade shall be one hundred eighty and ninety-one hundredths (180.91) feet.

At the northerly beginning of curve at the northerly corner of Mission Road and Hollister avenue the grade shall be one hundred eighty-two and sixty-eight hundredths (182.68) feet.

At the southerly corner of Alamar

avenue and Hollister avenue the grade shall be one hundred eighty-one and ten hundredths (181.10) feet.

At the westerly corner of Alamar avenue and Hollister avenue the grade shall be one hundred eighty-one and sixty-nine hundredths (181.69) feet.

At the City Limits the grade shall be one hundred eighty-five and seventy-nine hundredths (185.79) feet.

Second. On Second street between Hollister avenue and Bath street as follows:

At the westerly corner of Second street and Hollister avenue the grade shall be one hundred forty-six and twenty-five hundredths (146.25) feet.

At the southerly corner of Second street and Hollister avenue the grade shall be one hundred forty-five and thirty hundredths (145.30) feet.

At a point on the southeasterly line of Second street ninety-five (95.00) feet southwesterly from the southwesterly line of Hollister avenue the grade shall be one hundred forty-two and two tenths (142.2) feet and one hundred forty-three and two tenths (143.2) feet at a point in the northwesterly line directly opposite.

Third. On Fifth street between Hollister avenue and Orrella street as follows:

At the westerly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-five and ninety-two hundredths (175.92) feet.

At the southerly corner of Fifth street and Hollister avenue the grade shall be one hundred seventy-five and thirteen hundredths (175.13) feet.

At a point in the northwesterly line ninety-five (95.00) feet southwesterly from the southwesterly line of Hollister avenue the grade shall be one hundred seventy-six and fifty hundredths (176.50) feet and one hundred seventy-five and thirty hundredths (175.30) feet at a point in the southeasterly line directly opposite.

Fourth. On Sixth street from Hollister avenue southwesterly as follows:

At the westerly corner of Sixth street and Hollister avenue the grade shall be one hundred seventy-nine and seventy hundredths (179.70) feet.

At the southerly corner of Sixth street and Hollister avenue the grade shall be one hundred seventy-nine and seventy hundredths (179.70) feet.

At a point in the northwesterly line at the northeasterly line of the first alley southwesterly from Hollister avenue the grade shall be one hundred sixty-nine and sixty hundredths (169.60) feet.

On the southeasterly line at the northeasterly line of the first alley southwesterly from Hollister avenue the grade shall be one hundred sixty-nine and eighty hundredths (169.80) feet.

Fifth. On Alamar avenue from Hollister avenue southwesterly as follows:

At the westerly corner of Alamar avenue and Hollister avenue the grade shall be one hundred eighty-one and twenty hundredths (181.20) feet.

At the southerly corner of Alamar avenue and Hollister avenue the grade shall be one hundred eighty and seventy hundredths (180.70) feet.

At a point in the northwesterly line ninety-three and fifteen hundredths (93.15) feet southwesterly from the southwesterly line of Hollister avenue the grade shall be one hundred seventy-seven and sixty-one hundredths (177.61) feet.

At a point in the southeasterly line one hundred twelve and ten hundredths (112.10) feet southwesterly from the southwesterly line of Hollister avenue the grade shall be one hundred seventy-six and sixteen hundredths (176.16) feet.

Sixth. On Constance avenue from Hollister avenue northeasterly as follows:

At the northerly corner of Constance avenue and Hollister avenue the grade shall be one hundred eighty (180.00) feet.

At the easterly corner of Constance avenue and Hollister avenue the grade shall be one hundred eighty and twenty-two hundredths (180.22) feet.

At a point in the northwesterly line distance thereon one hundred twenty-seven and seventy hundredths (127.70) feet northeasterly from the northeasterly line of Hollister avenue the grade shall be one hundred eighty-eight (188.00) feet and one hundred eighty-eight and sixty hundredths (188.60) feet at a point in the southeasterly line directly opposite.

Seventh. On Mission street from De la Vina street to Bath street as

TWO U. S. WARSHIPS BOMBARD DOMINICANS

SANTO DOMINGO, July 10.—The national steamer Viking, which arrived from Puerto Plata today, reports that the United States battleship South Carolina and the gunboat Machias recently bombarded Bordas' camp at San Marcos. President Bordas had been attempting to drive the revolutionists out of Puerto Plata. The Dominican government, it is understood, has entered a protest against the action of the United States warships.

The revolutionists who invaded the Santo Domingo district have been routed and are being pursued by government troops. Reports from the north say conditions are quiet and that the rebels at La Vega and Santiago de los Caballeros have disbanded.

Resolution of Intention reference is hereby made for further particulars. Dated, this 10th day of July, 1914.

Santa Barbara's Charms Set Forth In Article Picturing 'Flying A' Studio

AMERICAN FILM COMPANY PAYS FINE COMPLIMENT TO HOME OF PRODUCTION

Illustrated with six views in and about its studio and with halftones of eight of the principal players, appears an article "American Studios at Santa Barbara," published in the current issue of the Moving Picture World.

The article is a splendid tribute to the natural resources of Santa Barbara, as may be judged by the opening paragraph, which is as follows:

"Santa Barbara, 'city of the smiling channel,' is one of the most charming resorts of the state of California. It is one of

the foremost 'See-America-First' points known to travelers. Entertaining copywriters refer to it as 'sun-kissed, ocean-washed, island-guarded, mountain-circled Little wonder that it has become a Mecca for tourists from all points of the world.'

The entire article is of a similar descriptive tone, and the fact that this is the home of the "Flying A" is only made secondary.

In the same issue appears an article on "Idealistic Motorography" by President S. S. Hutchinsson, whose photograph also graces the same page.

New Low Records Established in Various Stock and Bond Issues

By the Associated Press.

NEW YORK, July 10.—Investment issues began today to show the cumulative effect of the continued heavy selling of Gould issues, New Haven and Chesapeake & Ohio, as well as various other low priced securities. These and other stocks and bonds, established new low records.

The declines of New Haven and Chesapeake & Ohio were especially noteworthy, because they savored strongly of liquidation.

Another unusual feature was the recording of many sales of minor international railway stocks for future delivery. Much of this class of trading was traced to Amsterdam, but London and Paris also sold, altogether, to an extent of about 25,000 shares, and London's own markets were heavy on account of recrudescence of the Ulster troubles with money and discounts tricker. The local market was weakest in the final hour, when the selling of market leaders at concessions overshadowed previous dealings in unimportant stocks.

The character of the general market was gauged from the 20 point

decline of 5 per cent bonds of the Chicago and Eastern Illinois railroad, whose affairs are involved in the St. Louis and San Francisco receivership.

Few crumbs of comfort were offered in the course of the day, the United States Steel corporation reporting a slight increase in tonnage for June, instead of the decrease generally looked for. Copper metal was down a fraction, however, and another heavy cash loss by local banks is looked for tomorrow with a further encroachment on the reserves.

A wide variety of bonds pressed for sale, but the recessions were only nominal, except for certain issues, where special influences operated. Total sales, par value, \$1,432,000.

Market Quotations

NEW YORK, July 10.—Copper, quiet; Amalgamated, 69½; Smelting, 65½; Santa Fe, 98½; St. Paul, 98½; New York Central, 89½; Pennsylvania, 112½; Reading, 163½; Southern Pacific, 97½; Union Pacific, 155½; Steel, 61½; Steel pfd., 199½.

TRIUMPH FOR DENTISTRY

By the Associated Press.

ROCHESTER, N. Y., July 10.—Extraction and treatment of teeth without pain is the goal which American dentists have almost attained. This was demonstrated at free clinics being held in connection with the annual convention here of the National Dental association, experts using a mixture of gas which deadens pain, while leaving the patient wholly unconscious.

PETROLEUM CHEAPER

By the Associated Press.

NEW YORK, July 10.—The Standard Oil Company, of New York, today announced a 10-point reduction in refined petroleum, making cases 10.90 cents; tanks, 4.90 and standard white New York and Philadelphia, 8.40 cents per gallon.

SUTHERLAND IS RETIRED.

By the Associated Press.

WASHINGTON, July 10.—Rear Admiral William H. Sutherland, who is among the very few who have risen from the ranks to high position in the navy, went on the retired list today by statute.

BATTLE IN HAITI.

By the Associated Press.

CAPE HAITIEN, Ha'ti, July 10.—The rebels in the north of Haiti made an unsuccessful attack today in the forts of this city, which are held by the government.

U. S. YACHT FOR JAPANESE.

By the Associated Press.

WASHINGTON, July 10.—Major General Tanaka of the Japanese army general staff, accompanied by Admiral B. A. Fiske and others of the state and war departments, will use the navy yacht Sylph for a visit to Mount Vernon tomorrow.

WILSON "SEES" WASHINGTON.

By the Associated Press.

WASHINGTON, July 10.—President Wilson took a long walk today about the business streets of the capital, mingling freely with the crowds and stopping to look into shop windows.

WOOD SAYS "GOOD-BYE."

By the Associated Press.

WASHINGTON, July 10.—Major General Wood bade official farewell to President Wilson today before leaving for Governor's Island to take command of the department of the east.

LEDOUX DEFEATS CRIQUI

By the Associated Press.

PARIS, July 10.—Charles Ledoux, the bantamweight champion of France, tonight defeated Eugene Criqui, also of France, in the twelfth of a 20-round match.

SCHOOL SHIP AT NAPLES.

By the Associated Press.

NAPLES, Italy, July 10.—The American merchant marine school ship Newport arrived today. There are 112 boys on board.

Notable Deaths

C. James Connelly, Baseball Official BOSTON, July 10.—C. James Connelly, vice president of the Boston National League baseball club, died suddenly of heart disease today. He was formerly a member of the state board of insanity.

WOMAN'S BODY FOUND IN LAKE

SAN FRANCISCO, July 10.—Mrs. Helen Osborne, wife of Oakley B. Osborne, manager of the Columbian National Life Insurance company, was found dead today in a small artificial lake on the grounds of the Laurel Hill cemetery. Apparently the body had been in the water about four days, which coincides with the date of her disappearance from the house of Mrs. Elta M. Greer, a friend.

TYPHOON AT GUAM.

By the Associated Press.

WASHINGTON, July 10.—A typhoon which raised heaviest sea in the harbor at Guam in years and caused considerable damage to crops was reported today in dispatches to the navy department from Captain William Maxwell, commander of the naval station and governor of Guam. No lives were lost. A shortage of rice and corn is expected to result.

"SAFETY FIRST" CEREMONY.

By the Associated Press.

WASHINGTON, July 10.—On a miniature mahogany galleon in the department of commerce yesterday was "hanged" the fusible plug that failed to operate and caused a boiler explosion that killed 11 of the crew of the steamer Jefferson off Cape Henry.

Secretary Rodfield acted as chief executioner at the hanging ceremonies, which were intended to emphasize the necessity for "safety first." New steamboat regulations were adopted as the result of the explosion on the Jefferson.

POST FOR C. G. JOHNSON.

By the Associated Press.

SACRAMENTO, July 10.—Chas. G. Johnson of San Francisco, was appointed state superintendent of weights and measures by Governor Johnson today. Johnson formerly was connected with the federal bureau of standards and helped frame the state law on weights and measures under which he will serve. The salary is \$3600 a year.

NEW ENVOY CONFIRMED.

By the Associated Press.

WASHINGTON, July 10.—Geo. T. Marke Jr. of San Francisco became ambassador to Russia today when, after confirmation by the senate, his credentials went before Secretary Bryan for countersigning. Plans for his departure to St. Petersburg are not complete.

One Can Have A Good Time At Table

without the usual cup of coffee, and feel a whole lot better between meals, too—free from that old "off color feeling"—biliousness, indigestion, nervousness and heart flutter.

The secret is

POSTUM

—instead of coffee.

Try the change for a couple of weeks and observe two noticeable things:

You won't miss the old beverage, for Postum tastes much like rare old Java.

Further, there's a brisk, alert feeling—free from the logyness of a lazy liver and disturbed digestion.

Thousands of people have made the change and know

"There's a Reason"

Postum comes in two forms:

REGULAR POSTUM—must be well boiled. 15c and 25c packages.

INSTANT POSTUM—needs no boiling. A teaspoonful of the soluble powder stirred in a cup of hot water makes a delightful beverage INSTANTLY. Add cream and sugar to taste. 30c and 50c tins.

The cost per cup of both kinds is about the same.

Grocers everywhere sell POSTUM

NAVY YARD INSPECTED.

PORTSMOUTH, N. H., July 10.—An official inspection of the navy yard and naval prison here was made today by Franklin D. Roosevelt, assistant secretary of the navy.

BEST DIARRHOEA REMEDY.

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Guin, Whatley, Ala., writes: "I had measles and got caught out in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy, I am now well and strong." For sale by all dealers. adv

CURED OF INDIGESTION.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and heaving after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers. adv

Every Bottle Absolutely Uniform in Quality

Mathie's Red Ribbon Beer!

You simply cannot go wrong if you order Mathie's Red Ribbon Beer, because it is beyond question the most satisfactory beer made or brought into Southern California.

That's putting it pretty strong, but we know the beer itself justifies the very strongest praise.

Try a case in YOUR home.

No matter what beer you have been using, try Red Ribbon, anyway.

ORDER TO SHOW CAUSE WHY ORDER FOR SALE OF REAL AND PERSONAL PROPERTY SHOULD NOT BE GRANTED.

In the Superior Court of the County of Santa Barbara, State of California.

In the Matter of the Estate of Alviria Elizabeth Brown, deceased.

Levi Herbert Brown, the executor of the last will and testament of Alviria Elizabeth Brown, deceased, having filed heretofore his duly verified petition praying for an order of sale of all the estate of said deceased, both real and personal, for the purposes therein set forth, it is therefore,

Ordered by the Judge of said Court that all persons interested in the estate of said deceased appear before the said Superior Court on Monday, the 27th day of July, 1914, at 2 o'clock P. M., of said day at the Court Room of said Superior Court, in the Court House in the City of Santa Barbara, California, to show cause why an order should not be granted to the said executor for the sale of all of the estate, both real and personal, of said deceased;

It is further ordered that a copy of this order be published at least four successive weeks in the Morning Press, a newspaper printed and published in said City of Santa Barbara, in said County.

Dated this 24th day of June, 1914. S. E. CROW, Judge of said Superior Court. 125-1127

NOTICE OF STREET WORK.

NOTICE IS HEREBY GIVEN that at a regular meeting of the City Council of the City of Santa Barbara, State of California, held on the 2nd day of July, 1914, said Council passed a Resolution of Intention to order the following street work to be done in said city, under and in pursuance to an act of the legislature of said state, entitled "An Act to Provide for Work Upon Streets, Lanes, Alleys, Courts, Places and Sidewalks and for the Construction of Sewers Within Municipalities," approved March 18, 1885, and all acts supplementary thereto, or amendatory thereof, and, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and Also for the Payment of Such Bonds," approved February 27, 1893, and of all acts supplementary thereto and amendatory thereof, to order the following street work according to the plans, profiles and specifications therefor hereinafter referred to and made a part hereof, to-wit:

First. That Valerio street from the southwestern line of Canal street to Grand avenue, Grand avenue from Valerio street to Moreno Road, Moreno Road from Grand avenue to Alameda Padre Serra, Alameda Padre Serra from Moreno Road to Las Piedras line, including all intersections of streets and alleys, be graded to the official grade and paved with hydraulic cement concrete base and asphalt wearing surface, without binder course, excepting such portions of the roadway upon which a vitrified brick wearing surface is to be constructed as provided for in paragraph No. 2 of this resolution, in accordance with plans and profiles Nos. 1011, 1012, 1013, 1015 and 1016, and specifications entitled, "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

Second. That the center ten (10.00) feet of the roadway of Valerio street from the southwestern line of Canal street to Grand avenue; the center ten (10.00) feet of the roadway of Grand avenue from Valerio street to Moreno Road; the center ten (10.00) feet of Moreno Road from Grand avenue to Alameda Padre Serra, and the center ten (10.00) feet of Alameda Padre Serra from Moreno Road to a line perpendicular to the southerly line of Alameda Padre Serra at a point distant thereon two hundred forty (240.00) feet westerly from the westerly beginning of curve at the southwest corner of Alameda Padre Serra and Moreno Road together with all street and road intersections be graded and paved with hydraulic cement concrete base, with cushion coat of sand and with vitrified brick wearing surface, in accordance with said plans and profiles, and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

Third. That a cement curb, class B, be constructed along each line of the roadway of Valerio street from the southwestern line of Canal street to Grand avenue and along each line of the roadway of Grand avenue from Valerio street to Moreno Road and along each line of the roadway of Moreno Road from Grand avenue to Alameda Padre Serra and along each line of the roadway of Alameda Padre Serra from Moreno Road to Las Piedras line, in accordance with said plans and profiles, and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara," excepting along such portions of said roadway upon which a cement or stone curb has already been constructed and now is to the official line and grade and in good condition.

Fourth. That the existing stone curbs on Valerio street from the southwestern line of Canal street to Grand avenue, on Grand avenue from Valerio street to Moreno Road, on Moreno Road from Grand avenue to Alameda Padre Serra, in good condition not to official line and grade be reset to official line and grade in accordance with said plans and profiles, and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

Fifth. That a concrete gutter twelve (12) inches in width be constructed along each line of the roadway of Valerio street from the southwestern line of Canal street to Grand avenue and along each line of the roadway of Grand avenue from Valerio street to Moreno Road, and along each line of the roadway of Moreno Road from Grand avenue to Alameda Padre Serra, and along each line of the roadway of Alameda Padre Serra from Moreno Road to Las Piedras line, excepting where a concrete gutter two (2.00) feet in width is to be constructed as provided for in paragraph 6 of this resolution and in accordance with said plans and profiles, and specifications, entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara," excepting along such portions of said roadway upon which a cement or concrete gutter has already been constructed and now is to the official line and grade, and now in good condition.

Sixth. That a concrete gutter two (2.00) feet in width be constructed across the intersection of each intersecting alley on Grand avenue from Valerio street to Moreno Road, in accordance with plan and profile No. 1013 and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

seventh. That a vitrified pipe storm drain be constructed in Valerio street from Olive avenue to Canal street, in Canal street between Valerio street and Arrellaga street, and in Grand avenue between Valerio street and California street, together with catch basins, manholes, and all appurtenances necessary for the construction, completion and operation of said storm drains, in accordance with plans and profiles numbered 1011, 1012, 1013, 1023 and 1024, and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

Eighth. That catch basins and necessary connections to existing storm drains be constructed at the intersection of Moreno Road and Ladera street, at the intersection of Moreno Road, Putnam avenue and Loma street, and at the intersection of Alameda Padre Serra and Moreno Road in accordance with plans and profiles numbered 1013, 1015, and 1016, and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

Ninth. That a six (6) inch main sewer composed of vitrified pipe be constructed in Valerio street between Prospect street and Grand avenue.

Side connections shall be constructed from existing sewers, excepting where side connections have already been constructed and are not in accordance with the ordinance of said city, in accordance with plans and profiles mentioned. Said sewers, together with manholes, flushing manholes, side connections and all appurtenances necessary for the construction, completion and operation of said sewers with plans and profiles numbered 1023, 1011, 1012, 1013, 1015 and specifications entitled "Specifications for the Improvement of Moreno-Grand-Valerio Improvement District in the City of Santa Barbara."

And that serial bonds shall be issued to represent the cost and expenses of such work in the manner and form as provided by said act; that such serial bonds shall extend and run for a period of nine (9) years from and after the 2nd day of January next succeeding their date; that an equal amount of the principal sum thereof shall be payable by coupon, on the second day of January every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year; that the rate of interest shall be seven per cent per annum on all sums unpaid, until the whole of said principal and interest are paid; that said principal and interest thereon shall be paid at the office of the City Treasurer of said city.

That a like description of such proposed bonds shall be inserted in the Resolution Ordering the Work, the Resolution of Award, and all notices of the proceedings in this matter required by said Act, to be either posted or published; and also a notice that a bond will issue to represent each assessment of Twenty-five Dollars or more remaining unpaid for thirty days after the date of the warrant, or such further time as may thereafter be granted by way of extension, or five days after the decision of said Council upon an appeal, shall be included in the warrant provided for in said Act.

That said contemplated work of improvement is, in the opinion of said Council, of more than local or ordinary public benefit, and said Council did find, determine and declare that an assessment district shall be formed to pay the costs and expenses of said improvement, and the exterior boundaries of said district to be as follows, to-wit:

Beginning at a point on the northwesterly line of Valerio street distant thereon two hundred seventeen (177.15) feet southwesterly from the southwesterly line of Canal street, thence northwesterly and parallel to the southwesterly line of Canal street to the southeasterly line of the first alley northwesterly from Valerio street; thence northeasterly along the southeasterly line of said alley to the southwesterly line of Canal street; thence easterly in a direct line to a point in the northeasterly line of Canal street distant thereon one hundred twenty-seven and sixty-eight hundredths (127.68) feet northwesterly from the southwesterly beginning of curve at the most northerly corner of Valerio street and Canal street; thence northeasterly and parallel to the northwesterly line of Valerio street to the southerly line of Olive avenue; thence northwesterly in a direct line to the intersection of the northerly line of Olive avenue and Las Piedras line; thence northerly along Las Piedras line to the northerly line of Freelon avenue; thence easterly along the northerly line of Freelon avenue to the westerly line of Block 3, Hawley Heights, as per map recorded in Book 2, page 3 of Maps and Surveys, Records of Santa Barbara County, California; thence northerly along the westerly line of said Block 3, to the southerly line of Mission Ridge Road; thence easterly along the southerly line of Mission Ridge Road to the easterly line of the first road easterly from the westerly line of said Block 3; thence easterly and southerly along the easterly line of said first road easterly to the northerly line of Lasuen Road; thence easterly along the northerly line of Lasuen Road to the northerly prolongation of the easterly line of La Vereda; thence southerly along the easterly line of La Vereda and its southerly prolongation to the southerly line of Alameda Padre Serra; thence westerly along the southerly line of Alameda Padre Serra to the southerly line of Arguella Road and its westerly prolongation to the southerly line of Putnam avenue; thence easterly along the southerly line of Putnam avenue to the westerly line of California street; thence southerly along the westerly line of California street to the northerly line of Grand avenue; thence easterly along the northerly line of Grand avenue to

the easterly line of the first street easterly from California street; thence southerly along the southerly prolongation of the easterly line of the said first street easterly from California street to the Pueblo line; thence westerly along the Pueblo line to a line parallel to and two hundred twenty-seven and fifty hundredths (227.50) feet southwesterly from the southeasterly line of that part of Valerio street between Canal street and the Pueblo line; thence southwesterly along said last mentioned parallel line to the northwesterly line of Canal street; thence southeasterly along the northwesterly line of Canal street to a line parallel to and two hundred eighty (280.00) feet southeasterly from the southeasterly line of Valerio street; thence southwesterly along said last mentioned parallel line to a line parallel to and two hundred twenty-six (226.00) feet southwesterly from the southwesterly line of Canal street; thence northwesterly along said last mentioned parallel line to the southeasterly line of Valerio street; thence northwesterly on a direct line to the point of beginning.

Which exterior boundaries are indicated upon a diagram or map numbered 1019, consisting of two sheets adopted by said Council on the second day of July, 1914, and now on file in the office of the City Engineer, to which resolution of intention reference is hereby had and is made for further particulars.

Objections to the extent of the district of lands to be effected or benefitted by said work for improvement, and to be assessed to pay the cost and expenses thereof, may be made by interested parties, in writing, within ten days after the expiration of the time of publication of the notice of the passage of said resolution of intention which objection must be delivered to the Clerk of said Council within said time.

Dated this 9th day of July, 1914. THOMAS GARLAND, Superintendent of Streets 111-12 of said City.

NOTICE CALLING FOR BIDS FOR PUBLISHING THE MINUTES OF THE BOARD OF SUPERVISORS

Office of the Clerk of the Board of Supervisors of the County of Santa Barbara, State of California.

Notice is hereby given that sealed bids will be received by the Board of Supervisors of the County of Santa Barbara until 10 o'clock a. m., August 3rd, 1914, for publishing the minutes of the Board of Supervisors for the fiscal year 1914-15; contract to be let to the lowest and best bidder, according to the specifications on file in the office of said Clerk. The Board reserves the right to reject any and all bids.

By order of the Board of Supervisors of Santa Barbara County, made July 8th, 1914. C. A. HUNT, Clerk of the Board of Supervisors of Santa Barbara County, California. 119-101

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court of the County of Santa Barbara, State of California.

In the Matter of the Estate of Robert Moser, Deceased.

Notice is hereby given that in pursuance of an order of the superior court of the county of Santa Barbara, State of California, made and entered on the 15th day of June, 1914, the undersigned, the administrator of the estate of Robert Moser, deceased, will sell at private sale the following described real property:

That certain real property situated lying and being in the County of Santa Barbara, State of California, and being a part of the La Goleta Townsite, particularly bounded and described as follows, to-wit: Commencing at the southeast corner of Lot No. 12, of Block No. 14, of the La Goleta townsite, and running thence west, three hundred eighteen and six-tenths feet; thence north, one hundred and fifty feet; thence east, three hundred eighteen and six-tenths feet; thence south, one hundred and fifty feet to the place of beginning, with the improvements thereon, consisting of a four-room frame cottage and small frame barn. Said sale will be made at private sale, on and after the 6th day of July, 1914, and bids will be received by the said administrator at his place of business, No. 729 State street, in the City of Santa Barbara, County of Santa Barbara, State of California, or they may be filed with the County Clerk, all bids to be in writing.

Terms of sale: Cash, gold coin of the United States, ten per cent of bid to accompany same and the balance to be paid upon confirmation of sale by the superior court.

Dated the 16th day of June, 1914. A. M. RUIZ, Administrator of the Estate of Robert Moser, Deceased.

NOTICE TO CREDITORS TO PRESENT THEIR CLAIMS.

Estate of Nellie F. Reed, deceased.

Notice is hereby given by the undersigned, J. W. Reed, Administrator of the estate of said deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said administrator at the law office of Schanter & Schauer, rooms 3 and 4, Howard-Cantfield building, Santa Barbara, California, the same being the place for the transaction of the business of the said estate in the County of Santa Barbara, State of California.

J. W. REED, Administrator of the estate of Nellie F. Reed, deceased. Dated at Santa Barbara, California, June 6, 1914. 118-35t

RESOLUTION OF INTENTION TO PURCHASE REAL PROPERTY

In the Matter of the Purchase of Real Property by the County of Santa Barbara.

Whereas an offer has been made by the Estate of Frances L. Packard, deceased, to sell to the County of Santa Barbara the real property hereinafter described for the sum of \$1777.72 lawful money of the United States, and

Whereas it appears to the Board of Supervisors of said county that said property is needed by said county, and

Whereas it further appears to said Board of Supervisors that the price asked for said property by the said Estate of Frances L. Packard, deceased, the owner thereof, and for which said estate is willing to sell and convey the same to said county, is reasonable and just;

Now, Therefore, it is resolved that it is the intention of the Board of Supervisors aforesaid, and said Board hereby declares that it is its intention to purchase said real property from said Estate of Frances L. Packard, deceased, and that the price to be paid therefor is Seventeen hundred and seventy-seven and 72/100 dollars in lawful money of the United States payable on the execution and delivery of a good and sufficient deed of said property to said county of Santa Barbara, which will convey said property to said county free from all liens, incumbrances and adverse claims, except street and sewer assessment liens that may accrue from and after this date; and

It is further resolved and ordered that Monday, the 3rd day of August, 1914, at 2 o'clock p. m., of said day, at the room of said Board of Supervisors in the Court House in the City of Santa Barbara in said County of Santa Barbara be and the same are hereby fixed as the time and place when and where said Board of Supervisors will meet to consummate said purchase; and

It is further resolved and ordered that notice of the said intention to purchase said property and of the time and place when and where said purchase will be consummated as aforesaid, be given by publication of this resolution for at least three weeks prior to said date in The Morning Press, a newspaper of general circulation published in said county of Santa Barbara.

The said real property which it is the intention of said Board of Supervisors to purchase as aforesaid is situated in the County of Santa Barbara, State of California, and particularly described as follows, to-wit: Part of Block 139 of the City of Santa Barbara, beginning on the southerly line of Garden street 139.04 feet northwesterly from the east corner of said block and running thence northwesterly along the southerly line of Garden street 139.1 feet; thence at right angles southwesterly and parallel with Carillo street into said block 255.4 feet; thence at right angles southeasterly and parallel with Garden street 139.1 feet to a point; thence at right angles northeasterly 255.4 feet to the place of beginning.

Passed and adopted by the Board of Supervisors of the County of Santa Barbara, State of California, at a regular meeting of said Board this 15th day of June, A. D. 1914.

H. S. DEADERICK, Chairman of the Board of Supervisors, Presiding.

Attest: (Seal) C. A. Hunt, Clerk. 118-21t

NOTICE TO CREDITORS TO PRESENT THEIR CLAIMS.

Estate of Emma Gaylord, deceased.

Notice is hereby given by the undersigned, administrator of the estate of Emma Gaylord, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said administrator at the office of Wm. G. Griffith, rooms 4-5, Howard-Cantfield building, in the City of Santa Barbara, California, the same being the place for the transaction of the business of the said estate in the County of Santa Barbara, State of California.

GEORGE S. W. GAYLORD, Administrator of the estate of Emma Gaylord, deceased. Dated and first published June 27th, 1914.

NOTICE OF APPLICATION FOR DISSOLUTION

In the Superior Court of the County of Santa Barbara, State of California.

In the matter of the application for dissolution of The W. E. Noble Company, a Corporation.

Notice is hereby given that The W. E. Noble Company, a corporation organized and existing under the laws of the State of California, with principal place of business in the City of Santa Barbara, County of Santa Barbara, State of California, has filed in the Superior Court of the State of California in and for said County of Santa Barbara its application for a decree of said Court dissolving said corporation.

This notice is given pursuant to an order of said Superior Court directing that notice of the filing of said application be given by publication in The Morning Press, a newspaper published in said County of Santa Barbara, State of California, for not less than thirty (30) days nor more than fifty (50) days; and notice is hereby further given that at any time before the expiration of said time of publication any person may file his objections to said application.

Dated at Santa Barbara, California, June 17th, A. D. 1914. (Seal) C. A. HUNT, Clerk. By A. T. EAVES, Deputy Clerk. 118-35t

NOTICE OF ASSESSMENT.

Montecito Creek Water Company.

Location of principal place of business, Santa Barbara, Cal.

Notice is hereby given that at a meeting of the directors, held on the 2nd day of July, 1914, an assessment of two dollars and a half per share was levied upon the capital stock of the corporation, payable immediately to the Santa Barbara County National Bank, the treasurer of said corporation, at its banking rooms in the City of Santa Barbara. Any stock upon which this assessment shall remain unpaid on the 15th day of August, 1914, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 2nd day of September, 1914, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

EDWIN H. SAWYER, Secretary.

Location of office, 740 State St., City of Santa Barbara. No. 8985. SUMMONS.

In the Superior Court of the County of Santa Barbara, State of California.

Jose F. Oliveira, plaintiff, vs. Maria Da Gloria Oliveira, defendant.

Action brought in the Superior Court of the County of Santa Barbara, State of California and the complaint filed in the office of the Clerk of said County of Santa Barbara.

L. A. ENOS, Attorney for Plaintiff.

The people of the State of California send greeting to Maria Da Gloria Oliveira, defendant.

You are hereby directed to appear and answer to the complaint in an action entitled as above, brought against you in the Superior Court of the County of Santa Barbara, State of California, within ten days after the service on you of this summons, if served with this county, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Santa Barbara, State of California, this 17th day of June, A. D. 1914.

C. A. HUNT, Clerk. (Seal)

NOTICE TO CREDITORS TO PRESENT THEIR CLAIMS.

In the Superior Court of the County of Santa Barbara, State of California.

In the matter of the estate of Mary W. Pierce, deceased.

Notice is hereby given by the undersigned, the executors of the will of Mary W. Pierce, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, at the offices of Richards & Carrier, in the Fifth building in the City of Santa Barbara, County of Santa Barbara, State of California, the same being the place for the transaction of the business of said estate in the said County of Santa Barbara.

Dated, July 1, 1914. HENRY P. LINCOLN, LOUIS G. DREYFUS, Executors of the will of Mary W. Pierce, deceased.

HAS YOUR CHILD WORMS?

Most children do. A Coated, Furred Tongue; Strong Breath; Stomach Pains; Circles under Eyes; Pale, Sallow Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in Sleep; Peculiar Dreams—any one of these indicate Child has Worms. Get a box of Kickapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c at your Druggist.

advertising and expenses of sale.

Under and by virtue of an order of sale and decree of foreclosure issued out of the Superior Court of the County of Santa Barbara, State of California, on the 27th day of June, 1914, in the above-entitled action, wherein Edward J. Crump, the above-named plaintiff, obtained a judgment and decree of foreclosure against Annie Robinson and Benjamin Robinson, defendants, on the 15th day of June, 1914, which said decree was, on the 19th day of June, 1914, recorded in Judgment Book I of said court, at page 73, I am commanded as a Commissioner appointed by the Court, to sell the premises mentioned and described in said judgment and decree, the same being all that certain piece of parcel of land situated, lying and being in the City of Santa Barbara, County of Santa Barbara, State of California, and bounded and particularly described as follows, to-wit:

Being a part of City Block Number 29 according to the official survey of the City of Santa Barbara, California; beginning at a point on the southwesterly line of Laguna street, distant 165 feet southeasterly from the most northerly corner of said block where said Laguna and Islay streets intersect; running thence along said Laguna street, southeasterly 59 feet; thence at a right angle into said block southwesterly 100 feet; thence at a right angle northwesterly 59 feet; thence at a right angle northeasterly 100 feet to said Laguna street, and the point of beginning.

It being the same property conveyed by Anna Daly, femme sole, to Annie Robinson, wife of Benjamin Robinson, by deed dated October 19th, 1908, and recorded October 19th, 1908, in Book 120 of Deeds, page 293, Santa Barbara County Records.

Notice is hereby given that on Tuesday, the 21st day of July, 1914, at 12 o'clock noon, of that day, in front of the County Court House, in the City of Santa Barbara, County of Santa Barbara, State of California, I will, in obedience to said order of sale and decree of foreclosure, sell the above described property, or so much thereof as may be necessary to pay the expenses of sale and satisfy said judgment, with interest thereon and costs, to the highest and best bidder for cash, in Gold Coin of the United States.

FRED H. SCHAUER, Commissioner appointed by the Court to sell the premises mentioned and described in the judgment and decree in the above-entitled action. Dated, June 29th, 1914. 130-121

NOTICE TO CREDITORS TO PRESENT THEIR CLAIMS.

Estate of Lois M. Green, deceased. Notice is hereby given by the undersigned, A. Christine Holmberg, administratrix of the estate of Lois M. Green, deceased, to the creditors of, and all persons having claims against said deceased, to exhibit them, with the necessary vouchers, within four months after the first publication of this notice, to the said administratrix at the office of E. A. Rizer, attorney-at-law, Howard-Cantfield Bldg., Santa Barbara, California, the same being the place for the transaction of the business of the said estate in the said County of Santa Barbara, State of California.

A. CHRISTINE HOLMBERG, Administratrix of the estate of Lois M. Green, deceased. Dated at Santa Barbara, Cal., June 12, 1914.

HERBINE For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements. Constipation is the most common disorder of the bowels. It affects both sexes and is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effects. A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Heart Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength; and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

Price 50c per Bottle. JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO. For Weak Sight or Sore Eyes, use Stephens Eye Salve. It cures. Sold and Recommended by WERLING DRUG COMPANY.

'Hands Around County' Trip Being Arranged

Business Men to Make Automobile Trip July 21 and 22

R. L. Janney has been appointed chairman of the committee which will arrange for the business men's automobile trip to the northern part of the county.

The Commercial club has elected the following officers: President, John F. Diehl; vice president, F. S. Tucker; secretary, C. M. Gidney.

repeat the pleasure, and those who have not had that distinct advantage have a rare treat in store.

COUNTY CLAIMS READY. County Auditor S. B. Schauer announces that the claims recently allowed by the supervisors are now ready at his office.

DIME SOCIAL. The W. R. C., auxiliary to the G. A. R., will have a dime social at the residence of Mrs. R. S. Green, 536 W. Victoria, this afternoon, at 2:30. Conrades will be welcome.

RAILROAD CARD PARTY. A special excursion to New York conducted by Marguerite Chapter, Order of the Evening Star, will take place this evening at 7:30 o'clock in Masonic hall. Five Hundred will be the game played and a small fee will be charged. It is hoped that the attendance will be large.

CAVARADOSSI IS DEAD. Giovanni Cavaradossi, the tenor, who was in Santa Barbara a year ago, died a week ago in San Diego, the result of a fall through a skylight last September. His spine was broken at the time. His young wife, whom many will remember here, devoted herself entirely to him through his illness.

INTERURBAN VISIT. C. J. Wrightman of Tulsa, Oklahoma, who recently arrived at the Potter hotel with his wife, two sons and a chauffeur to spend the summer, was summoned to his home on important business yesterday and started east at once. He will return to rejoin his family in about two weeks and resume his business.

SUMMER VISITORS. Mr. and Mrs. D. S. Cook of Los Angeles, who formerly lived in this city and Montecito, are at the Potter hotel for the summer. Mr. Cook was at the time very prominent in real estate operations here, and he is the father of Harold Cook, who is engaged in the realty business in Los Angeles, and who, in former years, was a partner of J. R. H. Wagner, at that time one of the leading men in that line in this city.

ENTERTAINS FOR VISITOR. Miss Lucille Hooper was hostess Thursday afternoon at a delightful 500 party for her friend, Mrs. N. L. Rope of Berkeley, who is making an extended stay in Santa Barbara. About nine tables were occupied, and after an enthusiastic contest for the various prizes, several tea guests arrived, making 70 guests in all. Mrs. Rope received the guest's prize, two beautiful silver salt spoons. Miss Hooper was assisted by her mother, Mrs. Dr. A. Hooper.

BUSINESS OUTLOOK GOOD. It is plainly evident that there is a better condition of business in general in Santa Barbara than has ever before been known in the season closely following the fourth of July, after which almost every city in the land expects to see a time of pronounced reaction and a period of dull times, more or less extended. At this time and on every day following the recent big patriotic celebration there have been observable indications of stagnation in business circles. Business has been fair to very good in all the various lines, and this fact has been commented upon with genuine joy by many of the local merchants during the past few days.

MISS ROSAMOND PARMA ILL. Miss Rosamond Parma of this city, law librarian of the University of California, is very ill at San Francisco, and her brother, L. A. Parma, went north yesterday to bring her home. She was at home a few weeks ago, when she was taken sick and operated on for appendicitis. Shortly after the operation, she was so much better that she returned north to resume her duties in the summer school of the university. Recently, however, she had a relapse, and her physician decided that she would be much better here than in the cold, raw weather of the bay region, and wired her brother to come for her. She is expected to arrive home this evening.

Santa Barbara Unit Brick & Tile Co. for everything in the cement line. 10 State St. adv

OLD RESERVOIR FENCE WILL BE REMOVED

Work, preparatory to removing the high board fence around the reservoir near the mission, is being done. In its place will be concrete posts with wire fence. It is believed the work will be finished in about three weeks. This will be a very important improvement, removing not only an unsightly landmark, but leaving vistas at a point where the Mountain Drive starts at the Mission Canyon road.

CLARENCE C. KNIGHT Established 1883. Funeral Director 1525 State St. Woman attendant.

WALNUT OUTLOOK FOR THIS SEASON VERY PROMISING

Association Reports the State Will Make Record Shipment

The California Walnut Growers' association announces that there will be shipped from California this fall 10,529 tons of these nuts of the finest quality and largest size ever produced in this state.

Last year the nuts ran about 22 per cent No. 2. This year, it is stated, there will not be more than 6 per cent of the interior grade.

The crops in Europe and Manchuria are short this year, and that assures higher prices for the California product.

Local Growers Happy. The walnut growers of Santa Barbara county, who cut a very important figure in this branch of commerce, are jubilant over the yield and the quality of the crop for this season.

From Santa Barbara will be shipped, this fall, 100 carloads of the nuts. This was about the total shipment last year, but this season's crop is of a much better quality than last year's, which included a great many calls. This year there will not be more than 5 per cent of the No. 2 nuts—a percentage smaller than ever before known.

The local walnut groves were never in such good condition as now. The trees had a fine growth on the new wood—better than for many years past. There has been a small amount of blight in some sections, but it has been so slight that it does not affect the general results. This year, also, there has been little or no aphid, while in some years of the past the ravages of this pest have been very severe.

This year's crop will be early to harvest. There will be some picking in August. It is unusual to see much done in this line before September 10 to 20.

In the Goleta valley the walnut groves aggregate between 4000 and 5000 acres, mostly in bearing trees. The majority of the young groves are beginning to bear, and there are not a few groves with trees from twenty to twenty-five years old.

Carpinteria valley has about 2000 acres of walnut trees and in general the same conditions prevail as those found in the Goleta valley.

Most of the walnuts in this county are of the Santa Barbara softshell variety—the kind that has set a new standard of quality for the whole world, and that has made Santa Barbara famous wherever walnuts are consumed. During recent years this variety has supplanted nearly all of the old hardshell sort, which is so little grown in this county that it is seldom seen in the markets.

CALL FOR BIDS ON STATE HIGHWAY NEAR EL CAPITAN

The serious intentions of the state highway commission is shown by the promptitude with which bids are called for road building as soon as the rights-of-way are ready. Notice from Sacramento tells that bids will be opened on August 10, at the state capitol, for 9.3 miles of road to be graded between El Capitan and Alcatraz. Nine other units of the state

Carpinteria Elects High School Board

The following were yesterday elected as the first board of high school trustees for the recently created district in Carpinteria: W. E. Beckstead, J. W. Young, C. D. Hubbard, C. E. Ballard, G. A. Franklin. The first election was for the purpose of ascertaining the sentiment, it being nearly unanimous, there being but four negative votes out of a total of 111. The cost of building has not yet been determined.

See W. D. V. Smith's front showcase for genuine shoe bargains. High and low shoes, \$3.50 to \$5.00 values, now \$2.35. Tickets on auto given with each purchase. adv

RAMON VALDEZ IS CHARGED WITH ROBBERY

Ramon Valdez, a roamer over the face of the earth, was in the police court yesterday morning charged with having robbed John Moeckler and Christ Kohn, two laborers at the water tunnel.

Valdez is said to have found the two men named in their room, last Thursday afternoon, in a state of intoxication, and to have gone through their pockets, getting therefrom a few dollars. It seems that the two victims were not sufficiently bereft of their senses not to notice the features of their despoiler, and when they ran across him on the street, later, they procured a warrant and had him arrested, alleging robbery. In the police court the charge was changed to larceny, to which Valdez pleaded guilty. He was given six months' imprisonment in the county jail.

The Final Grand Clearing Event of the Season

We are going to clear this store of every piece of seasonable merchandise. We are going to wipe out every broken line to the last garment or article, and in order to accomplish this we have cut the price to the last notch. We have marked goods lower than we ever saw them marked before. There is one thing we like to have at the beginning of every season—that is A CLEAN STOCK. We are not going to carry over a single item. Everything goes with a rush. Come to Trenwith's today.
