PACIFIC PROBLEM

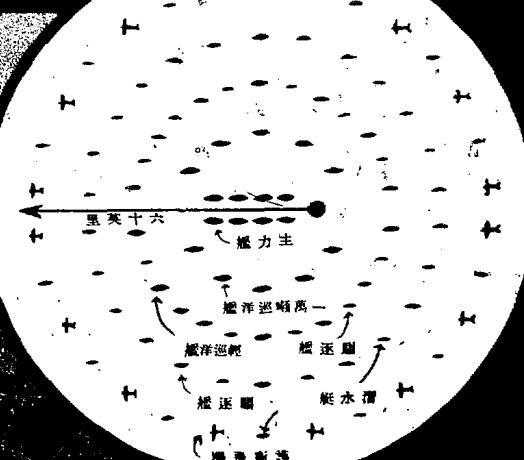

所公認事實，平太已非洋平太
所認實事，本圖實事之認公所

此為阿胡島之形勢，夏威夷羣島之一萬萬美金建築此太平洋之直布羅陀港，以保衛太平洋沿岸各區，在珍珠港內可駐美國全海軍艦隊，守衛至密克尼亞阿綠洲，現有人提議亦改建軍港，以與珍珠港作犄角之勢。

日本亦不讓其越珍珠港，日本進攻時若佔據此島，則以珍珠港為根據地，如能進逼關島，即可威脅西。此其大敵也。

The Pacific Ocean, mapped as above, is an arena for constant imaginary battles for the U. S. navy. The latest is called by the navy "Problem XVIII," then 139 war boats, and 447 planes were joined. San Pedro is not the chief U. S. west coast naval base. Bremerton, which can take in the entire fleet and repair five big ships at a time, is more important one. Pearl Harbour is the cinder of attack as well as defence.

州 漢 影 戲 人

THE DUMMY-MOVIE OF LUEN-CHOW

漢州皮人影戲又名「皮影」，因為用皮製之外，或有用紙製者，故稱「皮影」二字不甚適當，古人喚作「影人」倒頗合式。皮人影戲流行民間，已有悠久的歷史，分南北二派，南派流行在長江流域，以四川為最盛，北派有漢州一派，北平一派，牛口一派。不過漢州派是專以影戲為營業的一派，所配音樂歌唱即所謂漢州調也。

皮人的製造大概須選用純白豬皮，用藥浸過，使呈透明狀，然後加以雕琢；塗以松香黃蠟等液，最養方是染色，染後用鬃汁罩之可使顏色不變。

開演影戲的場合，大都在迎神的廟會中。這種民間戲劇，多屬於宗教意味的悲歡劇。

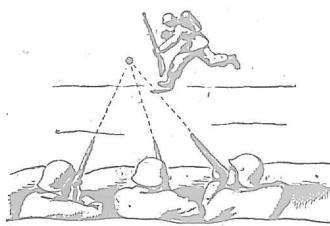

"Luen-chow Movie" as the natives called it, is a popular street-show in North China. Here shows the make-up and show-in of this antique picture show. The actors are all made by ass leather, ornamented and painted for different characters.

西班牙軍訓招貼

SPANISH LOYALISTS LEARN
SOLDIERING FROM POSTERS

Last July, the Spanish Army revolted against the people's Government. Against the Army, the Government threw an untrained, riotous rabble. An unbroken sweep of Rebel victories ended when the Rebels were defeated in November outside Madrid. In the five months since then the rabble has transformed itself into a real Army. Between attacks, diplomats are classroons. The most potent weapons have been taught the illiterate Spaniards by the instructive posters shown on these pages.
