THE ONE THING WANTED!
HOLLOWAY'S PILLS.

THE BLOOD.—These famous Pills are so composed that they operate wholesomely on the Stomach, the Liver, the Bowels and other organs; by correcting any derangements in their functions, whereby a steady supply of pure materials for the renewal of the blood is furnished, and a constant abstraction of these products is effected. This perfect circulation thus becomes the very fountain of health and life, and overcomes all form of disease wherever its situation.

General Disorders of the Liver and Stomach
All who ever indulge at table, either in eating or drinking, should take about ten of these famous Pills at bed time, from which will result a clear head and good stomach the following morning. Thousands of ladies are always complaining of sick headaches, want of appetite, want of energy, and want of strength; to correct all these evils, three or four of these Pills should be taken twice a week, when they would give the invalid the health and appetite of a ploughman.

Females of all Ages and Classes.
Obstructions of any kind, either in young persons, or those between forty and fifty—the most critical period in life—may be radically removed by using these Pills according to the printed directions which accompany each box. Young persons with sickly and sallow complexions may have the bloom of health restored by this wonderful corrective, which purifies the blood and expels all gross and impure humors from the system. Beware then of the critical age from forty to fifty, as it sends many thousands to a premature grave—these Pills should be taken at that period of life two or three times a week.

Want of Strength and Energy.
Persons of sedentary habits, or those troubled in mind, working in factories, or Coal Pits, who cannot obtain that amount of fresh air and exercise which nature requires, suffer from weakness and debility, loss of spirits and want of appetite. All such should take a dose or two of these Pills every three or four days, as they act gently and effectually on the system, and impart vigor and energy to the body which is always followed by a good appetite, sound and refreshing sleep, and a high flow of spirits.

For the Cure of Dropsy.
The efficacy of Holloway's Pills in Dropsy is extraordinary. They act with such peculiar effect upon the system that the fluids causing this dreadful complaint are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits, and resides in a completely renovated constitution. It is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts during the whole course of treatment.

Children and their Ailments.
In no country in the world are more children carried to an early grave than in Great Britain. Coughs, Measles, Scarletina, Fevers, and other diseases attack the little sufferers, and death, too often, follows at a rapid pace; yet if, at the first stage of these complaints, parents were to have recourse to Holloway's Pills, all danger would be avoided; for the stomach and bowels would be gently but effectually cleansed by this mild aperient; the depraved humor corrected and the secretions duly regulated. A perfect cure would soon be effected, and the little patient soon be restored to sound health.

Holloway's Pills are the best known Remedy in the World for the following Diseases:

Acne	Female Irregularities	Scrofula
Asthma	Itches	Sore Throats
Rhinitis complaints	Fever of all kinds	Stone or Gravel
Blotches on the Skin	Fits	Secondary Symp-toms
Bowel complaints	Gout	Tonsils

LATE EASTERN NEWS.
Dates to May 27th.

CERTAIN REBELS TO BE SEVERELY TREATED.

NEW YORK, May 18.—The *Tribune's* special says: A delegation of Congressmen, headed by James M. Ashley, of Ohio, called on the President to-day for the purpose of protesting against any action on the part of the Government which shall extend the rights of prisoners of war to those officers and privates in the late rebel service who have consented to the murder and starvation of our men while prisoners of war. It is understood that the President agreed with the delegation, and will proceed to act upon their representations by directing testimony to be taken upon the subject.

NEW YORK, May 19.—The *World's* special says: It is rumored Maximilian and Kirby Smith have negotiated and that our Government is closely watching the movements in that quarter. The same correspondent says the Mexican emigrant agents have abandoned the system of newspaper advertisements and the recruiting officers have substituted a system of silent organizations all over the country, corresponding one with another, preparing secretly the means for forwarding a large number of emigrants to the Mexican frontier.

BALTIMORE, May 19.—The *American's* Annapolis special correspondent says: A transport has arrived from Ferdinanda, Florida, bringing 28 rebel officers, including Col. Breckinridge.

JEFF. DAVIS, STEPHENS AND OTHERS AT FORT MONROE.

FORTRESS MONROE, May 20.—Among the prisoners on the steamer Clyde which arrived to-day are Jeff. Davis, wife, four children, her brother and sister, and A. H. Stephens, who surrendered to our cavalry while at his house near Atlanta. He is in extremely feeble health. C. C. Clay and wife, General Wheeler and staff and several others of lesser note are among the number.

BALTIMORE, May 20.—A letter from a person on board the *Tuscarora* to the *American* says: The party we have consists of Jeff. Davis, his wife, a small son and two daughters, together with Alexander H. Stephens, C. C. Clay, Col. J. H. Rengan, Col. J. H. Wheeler, the rebel raider and fifteen or sixteen others, whose names have not been ascertained. The letter concludes by saying we leave for the Potomac in a few hours.

NEW YORK, May 23.—The *Herald's* Mobile correspondent says: A rebel fleet of twelve vessels surrendered to Commander Simpson. Two commanders and one hundred and fifty officers surrendered with their vessels and were paroled. A large number of the citizens of Dallas county, assembled at Selma and passed resolutions requesting the Governor of Alabama to call the legislature together with a view of restoring the State to its former position in the Union.

Jude Bard, an influential citizen, made a short address in which he counselled conciliation and moderation, and said it depended on victory, whether conciliation, amity and harmony will be permanent.

The *Herald's* Macon correspondent says, people in the interior of Georgia, are rapidly settling themselves down to the conditions of peace. Forage and provisions are being freely brought into places occupied by Union troops, and the citizens are demanding a convention for a reconstruction.

SAN FRANCISCO, May 26.—Gold on the 23d, 132 a 132 1/2, and the 24th, 133. Greenbacks 78 a 78 1/2.

PORTLAND, May 27.—Intelligence reached here last night, that Idaho city was almost entirely burned down on the 18th inst. The loss is very heavy. No details yet.

WASHINGTON, May 23.—The President has issued a proclamation opening all the Southern ports, except those of Texas, to foreign commerce on and after July 1st, declaring that foreign vessels attempting to trade illegally will be treated as pirates, and also removing trade restrictions east of the Mississippi.

NEW YORK, May 22.—The *Herald's* Augusta (Ga.) correspondent gives an account of the occupation of that city. Gen. Martins, of New York, took possession May 6th, and found about one hundred thousand bales of cotton, ten million dollars worth of ordinance stores, and four hundred thousand dollars in bullion. Part of J. F. Davis' specie train was captured and one hundred and eighty thousand dollars in gold recovered.

The Post says: The counsel for the conspiracy trial have summoned about 200 witnesses. The city is crowded to overflowing by persons who come to witness the trial. The average pay due each soldier is twenty five dollars. The Government is ready to pay off and discharge every man.

The *Tribune* says it is rumored that the Government recently obtained a private letter from Jeff. Davis clearly implicating him in the assassination conspiracy.

It is believed the capture of the public archives will furnish much information about the conspiracy.
A special to the Express says: The President is indignant at the conduct of the Cuban officials respecting the rebel ram *stonewall*. A dispatch has been sent to Madrid upon the subject.
CINCINNATI, May 23.—The *Marshall*

dispatch reports the capture of the rebel Governor Isham G. Harris, of Tennessee, with \$100,000 belonging to the State Treasury. The State archives and all the State bonds have been captured.

Fred Seward has had his wounds dressed again. He is considered to be in a favorable condition for recovery.

Gen. F. P. Blair is urged for a place in the Cabinet, while his brother Montgomery is urged for the War Department.

A special to the Herald says: The new amnesty proclamation will not apply to all who do not avail themselves of President Lincoln's, and will be more strict in its provision.

NEW YORK, May 23.—The *Herald's* Fortress Monroe correspondent says: The immediate place of confinement of Jeff Davis is to be the casemates which are rock ribbed and arched mausions within the fort, each constituting a fort within itself, on arches; on these casemates are mounted 15 inch guns. The only connection from the fort with the main land is by the bastions of the west side, being spanned at each of these points by a draw bridge which can be raised at pleasure, thus cutting off all communications.

A Washington special to the Times says: There is no doubt but that Davis will be tried in Washington for treason.

The following is a copy of the letter sent by Clay to General Wilson, on the surrender of himself:

LAGRANGE, Ga., May 10.—General: I have just seen a proclamation from the President of the United States, offering a reward of twenty-five thousand dollars for my arrest, charged, as having with others therein named, incited and concerted the murder of the late President. Conscious of my innocence, and unwilling to seem to fly from justice; confident of my entire vindication from so foul an imputation upon a fair and impartial trial which I expect to receive, I shall go as soon as practicable to Macon, and deliver myself up to your custody.
(Signed) C. C. CLAY.

The special dispatch to the *World* says the counsel for the defence on the conspiracy trial, have summoned witnesses from every part of the country, who will number 2,000.

PARTY AND FACTION.

Copperheads who have brains enough to understand English, may learn the exact position they occupy in the political arena of this country by a careful study of the following extract from Harper's Weekly:

What is a party, and what is a faction? It is very necessary to understand the difference between them, that every honest party-man may not find himself in the dishonest position of a factionist.

In a word, then, legitimate parties in a free country represent the different policies which different citizens think the Government ought to pursue. A legitimate party presents and defends the measures by which it thinks the Government can best be sustained. If the country is at war, it brings forward its plans for its prosecution, and explains and defends them, having in view the integrity of the nation, the national honor, and the maintenance of the Government. Its attacks, if it be out of power, are directed against the method by which the war is waged, not against the war itself, especially when it is a civil war imperiling the existence of the nation. A legitimate party is of necessity patriotic; for when it ceases to be patriotic it has become a faction.

Faction, then, is the spirit which incessantly thwarts and opposes the operations of the Government for the purpose of overthrowing it. It considers the fall of the Government a smaller calamity than its own exclusion from political power. Consequently, when the country is engaged in war, however necessary, honorable, and just, however essential to the very existence of the nation and Government, faction denounces the war under the pretence of high humanity and religion, appeals to every base emotion, every mean and unworthy passion, seeking to paralyze the hand and chill the heart of the Government and people.

A BEAUTIFUL TRIBUTE.—One of the finest symbolic figures displayed during the obsequies at Gold Hill, California, was an effigie in front of the banking house of Almarin B. Paul, representing a white marble slab, surmounted by a bust of Lincoln, and bearing, as we find them in the *Gold Hill News*, the following lines:
"O thou Recording Angel! turn that page whereon is traced in undimmed brightness the name of Washington.
And with thy pen immortal, in characters of fame, To stand henceforth and ever, write also Lincoln's name."

MADE HIM SWALLOW THE OATH.—Aurora Esmeralda, is an unhealthy place for traitors. A man named Judah was arrested there on Saturday last, for exulting over the assassination of President Lincoln. After remaining in custody several hours he was compelled to take the oath of allegiance in public, under the flag he hates. Two military companies were out in full uniform, in the presence of whom and a large number of citizens the traitor was compelled to retract and beg pardon for his offense.—*Flag*

Owing to our large edition and limited supply of paper, we are compelled to print on a half sheet this week.

Voters, on Monday Remember,

That the negro charge of the Secession organ against Meigs and Mercer is pronounced by Meigs untrue.

That Major Van Bockellen, a Democrat, and one of the witnesses called to sustain the charge, also says it is untrue. (Read his letter in another column.)

That the Copperhead charge about Denny's swindling in the University matter have been proven utterly false, and unfounded.

That the author of all these falsehoods confesses that his own statements ought not to be credited in political matters.

That a nominee of the Copperhead party in King county keeps a Secession flag in his house, and cherishes it more than his Bible.

That a prominent supporter of Tilton already boasts that when the South get to voting again, the Union party will get Hell, thus showing that he and his brother Copperheads are Secessionists.

That if Major Tilton is elected you have elected an opposer of the Government.

That if you vote for Arthur A. Denny, you vote for an honest man and a true Union man.

That if you vote the straight Union ticket you will select men of honesty and integrity to office, save the trouble of fighting another battle to kill Copperheadism, and vindicate your character for loyalty, and sleep well by having an approving conscience.

DON'T THROW AWAY YOUR VOTES!—About one half the candidates for Copperhead ticket are ineligible to office, and cannot and will not serve if elected. Those who vote for them will throw away their votes and put the county to the expense of a new election!

THE CANDIDATE FOR REPRESENTATIVE is not a citizen of the United States; the candidate for Sheriff has expressed his intention of leaving the county, and there is no Copperhead candidate at all for County Treasurer. Voters should take particular notice, however, that the Copperhead ticket will have the full compliment of names printed on it—some of them supposed to be Union men—the object of which dodge is to divide and scatter the Union votes among these sham candidates, and thus secure the election of a part of the Copperhead ticket.

VOTE THE STRAIGHT UNION TICKET—SCRATCH NOT A NAME, and you will be sure to have good loyal men in office, and save the expense of another election!

TAKE NOTICE.—The Copperheads are industriously circulating that Mr. Denny is in favor of negro suffrage and equality. This is one of the numerous wholesale falsehoods invented by the Copperhead organ at Olympia, and has never been backed by one iota of testimony. Mr. Denny has denied it in his speeches around the Sound until the subject has become disgusting, and yet the Copperhead month-pieces say he has never denied it at all. One lies back another, and these constitute the whole capital of the Copperhead party in this campaign. Any man who suffers himself to be influenced by such base, unsupported assertions shows conclusively that he would sooner believe a Copperhead lie against the Union cause, than honestly spoken truth in its favor.

SNEAK OF TIMBER.—We know that sound Union timber was very scarce in the Copperhead ranks, and that they would resort to almost anything to furnish themselves with candidates which might infuse at least the appearance of loyalty into their party; but we did not quite think they had reached such a pitch of desperation as to literally drag a man into their political slaughter-pen, who had bluntly refused to accept either a nomination or an election from such a source. This, however, they have done in the case of Mr. D. T. Denny, and his name appears on the Copperhead ticket as candidate for County Treasurer. It is only necessary to say that this is another shallow trick to defeat the Union ticket, that Mr. David T. Denny is not a candidate, and Union men are cautioned against wasting their votes on him or any other sham candidate on the Copperhead ticket. Mr. O. C. Shorey, one of our most estimable citizens, is the Union nominee, and the only candidate for County Treasurer. Let his election be unanimous.

THREATS of rather a belligerent and bloody character occasionally leak out through the factitious expressions of some of our Copperheads, indicating that they would as soon fight a little as not. If that is the Copperhead game, all the friends of the Union ask is a free fight and fair play. The motto of the Union party here, as in the South, is, "The Union must and shall be preserved," "Peaceably if it can, forcibly if it must." We know the Copperhead god loves blood, and we say, "give way, ere he hath more."

SINCE "knows how to keep hotel," but if he flies his fortunes to the dying Copperhead party, his hotel will not long keep him.

A NUT FOR JOE FOSTER

The following letter from a former resident of Seattle to a friend was received last mail. It explains itself in relation to certain political matters in this county, in which the writer is well posted:

Chicago, April 24th, 1865.

"As the Copperhead party are directly responsible for the death of our President, and as I have an unyielding hatred to them, and remember none with feelings of greater contempt and abhorrence than our King county Cops—chief among whom is the highly refined and polished gentleman Joe Foster. I think it my duty to inform you that he is not a legal citizen of the United States, and that he has voted, sneaked into office, and talked treason when he had no more right to these privileges, than it he had never seen this continent. I have a parallel case to his as proof:

Bob C., as you well know, came over here from Canada many years ago—some time before he was of age, since which time he has constantly lived in the States. Last winter he was drafted, but refused to serve, claiming to be a British subject. This claim was carried before the proper United States authorities who decided that he was not subject to draft, being a citizen of Canada, and would remain so until naturalized. But Bob has the start of Joe here; his father was born in the United States, went to Canada, took out his papers there, and when Bob was born was under the English flag. Since then his father has settled in the States, taken out his papers and again become an American citizen—this taking place before Bob was of age. Thus you see Bob sneaked out of the draft on the plea of being an English subject. Joe Foster would do the same thing should he be drafted, and no one knows it better than himself. You owe it to yourself and the county that Joe Foster should get out his papers before being allowed to pollute an American ballot-box with his vote. See to it that the ——— hunts him to his hole!"

D. KELLOGG.

The writer of the above can rest assured that if Joe and his whole gang of Copperheads don't find their holes on Monday next, they will subsequently be assisted to find them, in more ways than they ever dreamed of in their philosophy.

A WORD TO PATRIOTS.

BLACK RIVER, May 25.

On Monday next is our election. Two tickets will be before the people; which will you vote? The one consists of good sound Union men, nominated by the Union party—the other gotten up by the Democratic party.

Are the leaders of the Democratic party in King county patriotic, and loyal? If so, why did they select Mr. E. M. Smithers, an open and notorious secessionist, for one of their Central Committee, for the year 1864, and also in 1865, for a delegate to their Territorial convention, when Mr. Tilton was nominated for Delegate to Congress—a man who broke friendship with Col. Stevens because he offered his services to our government to fight for his country?

Again, why was Mr. William Jepson chosen as another member of the Democratic Central Committee? when he had openly declared that if he should be drafted to fight against the rebels he would become a guerrilla.

You are again asked to support Mr. Joseph Foster for Representative in the Legislature. Let us see if his record is clear. He was first sent to the Legislature by the Republicans, and he claimed to act with that party, but when they dropped him for a better man, he remarked to a democrat, "let us now bury the hatchet, and unite to fight those damned Abolitionists." The hatchet was buried, and the Democrats sent him to represent them at Olympia. When a resolution was introduced and ordered printed by the House, in which the people of New England was denounced as "ferocious savages, murdering their Southern brethren," a friend of his, to whom a copy was sent, claims that he (Foster) engineered it and sent it to him.

He has openly stated that he would prefer Jeff. Davis for President of the United States before Abraham Lincoln, whom he denounced as a tyrant, a fool and a traitor.

But he claims that his treasonable language is only jokes—so did Yancy and Benjamin during their tour through the free States, electioneering for Breckinridge and Lane in 1860.

AGRICULTURAL MEETING.—We hope the farmers of King county will not forget the annual meeting of the Agricultural Society to be held in Seattle, on Saturday, the 17th of June. We hope that every farmer in the county will take an interest in the Society this year, and that they will manifest that interest by attending the annual meeting for the election of officers.

"I rise for information" once said a member of Congress from the South side. "I am glad to hear it," replied another sitting by, "for no one needs it more."

RADICALISM OF WAR.

The following, from the S. F. Flag is so exactly applicable to a class of milk-and-water, compromising Union men in this region of country that we cannot resist copying it and recommending its careful perusal by that class. Read it ye compounders with treason-sympathizers, and see yourselves as others see you:

In the stern economy of war there is no principle analogous to conservatism. In its record of bloodstained pages the word which elsewhere describes the cautious deliberation of political economists and peaceful statesmen becomes contemptible, when read by the glaring light of camp fires or under the great conflagration which overwhelms the grand march of victory. When the bloody arrow, carrying with it a declaration of war, has been sped, the soft vocabulary of peace becomes the language of war. The accents of every tongue are radical; every loyal heart is an extremist. There is no conservatism among the defenders of the nation. It is impossible for any one with a mind above the instinct of animals, to be indifferent when the stained cloud of revolution is launching its fires and hail upon the country, withering and shattering armies, like shrubbery in the track of a hurricane, and when whole troops of disembodied souls are ascending the viewless ways of the dead. The very gog bristles up and becomes warlike when his kind are engaged in battle; and among all beings, both immortal and soulless, it is reserved for cowards and traitors to be indifferent and imperturbable when black destruction and livid death are laying waste the land, and hurling a generation wounded, gasping, dead, upon the breast of its mother earth. If Deity be capable of regret, God Himself must be ashamed of having formed a creature to whom he has given a beautiful country, the wonder of ages, the envy of nations, and who is too cowardly, too base to defend and preserve it, and who is too stolid and passionless to become angry and dangerous to its enemies.

As in the language of war, or in the utterances of patriotism, every word is radical, every sentence the declaration of an extremist. If there is a human being in society more despicable than a peace-piping democrat, he is the "Union man" who for the sordid purposes of gain, or through want of moral courage will fraternize with the enemies of our Government, or modify the bold, manly speech that would have utterance of his faltering tongue. There are hundreds of these despicable, sheltering themselves in the Union party, always deprecating, imploring and tear-shedding, smothering down the noble impulses of patriotism, and biting their tongues to stop the utterances of an American citizen. They live in an endless Valley of Humiliation, waist deep in the bottomless Slough of Despond, and are continually eaten up by fear, as Prometheus was torn by the vulture. These are the sort of Northern people from whom the Southerners have drawn their erroneous inferences in relation to Northern courage and character, and by whom they have adjudged all to be a race of hucksters and cowards. To effect the sale of a firkin of rancid butter or a yard of calico to a secessionist, they would cringe and cower like a baggling Jew, silently enduring and half assenting to his disloyal conversation. In proportion with which nature has mingled base metals with gold, these despicable wretches hang to the Union party, whose only consolation is that they will die and drop off, after a while, and be buried in some quiet place where the Angel of the Resurrection may find them at his leisure, and awake them gently, without arousing their fears, using the soft-breathing harp of some infant seraph, instead of the sonorous trumpet with which he calls the rest of the world to eternal life or everlasting death.

A SUPPOSITION.—The last Legislature, everybody knows, was largely Copperhead, and for every odious measure passed by that body the Copperheads are responsible. Union members were powerless to do anything more than prevent the passage, by a two-thirds majority, of some of the more villainous acts which were vetoed by the Governor. The next Legislature will be stronger Union than the last was Copperhead. Now suppose King county should backslide from the Union by electing the Copperhead nominee to the Legislature, will the Union majority in that body be likely to listen to the requests of our Representatives, to undo the Copperhead legislation of last winter, re-annate our University, and give back to King county her stolen territory? Not a bit of it. If we are represented by Copperheads we have no right to ask any favors from the Union men of that body, nor will we get any.

RATHER MYSTERIOUS.—Two dollars in currency, and the following notice with the single word "insert" was found on our table a few days since. The whole thing is a mystery, and we are at a loss to know whether it means treason or loyalty, but think we can trace it out:

I. T. OF V. U. C.

Second degree, will meet at 78, on 56, with fall 24 and 92. Fail not, as you value the cause.

Ordered by FIFTEEN FOUR, North Pacific C.

IT IS NOW CERTAIN that President Johnson's policy will not only extend to the punishment of armed traitors in the South but will also reach the treasonable presses and secret abettors of rebellion all over the North. It is quite probable there will yet be use in these parts for Provost Marshals and cordage. Cops, "Mind how you drive!"

A LETTER FROM MAJOR VAN BOKKELEN.

EDITOR STANDARD:—I notice that the would-be censor of the Democratic party, has given my name in his last issue, as his authority for charges made by him against G. A. Meigs, of Port Madison. In relation to the same, the editor of the Democrat has no right to use my name. But he has done it, as during the last winter I opposed him and others in forcing on the Democratic party the nomination of a Delegate to Congress, as I thought, as a member of the party, that after the re-election of Lincoln it was policy for the party to remain dormant in the coming election, as an admitted fact that a Delegate elected to the Administration has no influence at Washington. For these ideas I was scoffed at by him and told that I was no Democrat.

I was but one of a large number at Olympia last winter that discussed the proposed visit of the agent of the Freedmen's Bureau to the Sound, for the purpose of soliciting the mill owners to agree to employ some of the negroes they had on hand, the said agent being at that time in Victoria soliciting that Colony to take a number. In all these discussions it was generally allowed that Mercer's proposed Emigrant scheme included the negroes.

Mr. Mercer, and a number of persons at that time represented Mr. Meigs to be a warm friend of Mercer's colonization scheme, as it was to the interest of the mills to have men with families, employed around them instead of single men, as they were not so shiftless.

Mr. Mercer represented to me that after the adjournment of the Legislature he should visit all the mills to see what number of families each would employ if he brought them out. He has generally been considered a warm advocate of the negro.

But after the introduction of the celebrated bill prohibiting importation of negroes, he in a conversation with me stated that it was never his intention to touch the negroes, but only to bring out mechanics and mill men with families. During the discussion of this subject last winter, it was often said that as Mr. Meigs was such a firm friend of Mercer's that he would certainly take some of the negroes when Mercer brought them out.

But for myself I am certain that I never made an assertion in the presence of the editor of the Democrat, or any one, that Mr. Meigs had agreed to take a lot of negroes from Mr. Mercer if he brought them out, or was in favor of it. So the editor of the Democrat must go further to find some one upon whom to fasten the authority of his political assertions.

J. J. H. VAN BOKKELEN. Port Townsend, May 23, '65.

WHO WILL VOTE FOR MAJOR TILTON.

The Washington Standard truthfully sums up the supporters of Tilton as follows:

Some of those who believed Mr. Tilton a secessionist in 1861.

All of those who believe him to be one now.

Those who believe Vallandigham a martyr and a patriot.

Those who believe that laboring men should not be educated.

Those who have rejoiced over disaster and defeat to the Union.

Those who have mourned over victories to our armies in the field.

Those who believe that slavery should live though the Nation fall.

Those who have desired peace at the price of National dishonor.

Those who condemn miscegenation in others but carry it into practice themselves.

Those who believe "it would have been better if Mr. Lincoln had been assassinated two years ago."

Those who have termed the hell-hounds who inaugurated rebellion, "our misguided Southern brethren."

Those who have denounced our late lamented President as a tyrant, and his Administration a despotism.

Those who have openly declared upon our streets that "Mr. Lincoln was as much of a traitor as Jeff. Davis."

Those who "would rather celebrate the news of the death of our noble President than of the fall of Richmond."

Those who swallow any and every prescription labeled "Democratic" without knowing what they really are.

Those who believe that a State has the right to secede from the Union when it suits her interests or convenience to do so.

Finally—contention speakers, some few soreheads, continual sympathizers, amalgamation aristocrats, partisan plotters, Davis Democrats, demoralized demagogues, pipe-laying politicians, practical mendacious miscegenationists, bullraging belligerents, fuming fire-eaters, contemptuous Copperheads, rampant reptiles, hopeful Hicks, and a few others.
