ORDER PERMIT TO BE ISSUED

MOORE & WHITTINGTON GET FACTORY SITE

Streets Committee Settles Point in Dispute Between Company and Property Owners

After having assured two deputations who were present that the matter would not be settled until the members had paid a visit of inspection to the proposed site of the sash and door factory to be erected in the vicinity of Bridge street by Messrs. Moore & Whittington, the streets committee of the city council half an hour later unanimously passed a resolution authorizing the building inspector to issue the permit.

The matter came up for consideration as soon as the session was convened. There were a large number of residents in the locality present to watch the proceedings. Those opposed to the issuance of the permit were represented by George Morphy, barrister and solicitor, while Mr. Whittington conducted his own case.

Mr. Morphy and a number of the property owners argued that it would be working a hardship in the locality for the city to allow the mill to be erected. They claimed that the district was purely a residential one, and in proof of that contention cited the fact that the city had put down cement sidewalks and boulevards, for which the owners were heavily assessed. They had no objection to Messrs. Moore & Whittington going to the waterfront, which was the natural site for factories.

Mr. Whittington presented a counter petition to the one which had been presented in protest, and in a lengthy statement he argued that the locality was destined to become a natural site for industrial establishments.

At times the discussion between Mr. Whittington and the owners present grew heated, and the board showed a disposition to postpone action. The mayor, at the conclusion of the speeches by the members of the deputations, said the whole question for the council to decide was whether the locality in question was destined to become an industrial quarter.

The chairman finally announced that the decision would be left over until Monday evening's meeting of the council, and that in the interim the members of the committee would visit the site and judge of its suitability or otherwise as a site for the proposed factory.

The members of the deputation withdrew with this understanding, but later in the evening Ald. McKewen urged that the question be disposed of at once, which was done with the above mentioned result.

PLEADS NOT GUILTY.

Tacoma, Wash., Sept. 24.—Bella A. Johnson, accused of the murder of Frank R. Hauck, pleaded not guilty when arraigned yesterday.

She shot Hauck to death in her own home with a shotgun after Hauck, who was a boarder at the Johnson home, had, according to her story, importuned her to leave her husband and go away with him, threatening her life if she refused.

The orange was originally a pear-shaped fruit about the size of a common wild cherry. Its evolution is due to 1,300 years of cultivation.

MILLIONAIRE'S DAUGHTER GIVES UP FORTUNE

Weds Man of Her Choice in Spite of Opposition of Her Parents

Edmonton, Sept. 24.—A romantic story was disclosed Thursday when the fact was made public that Miss Annie E. McDougal, daughter of Mr. John McDougal, M.P., senior partner in McDougal & Secord, and a millionaire, was married to Mr. Arthur E. Chilcott of Vancouver, on the 9th of February last.

The fact of the marriage having taken place was learned when Mr. Chilcott arrived in town from Vancouver. The marriage has been kept secret by the bride's family, as her parents were evidently strongly opposed to the match, and it is understood that if she left the parental home she would have no share in her father's millions.

That she preferred love and a cottage to luxury without a husband is evidenced by the fact that late on Thursday afternoon she left her father's house and met her husband.

The two then crossed the river to Strathcona, where they were registered at one of the hotels. Looking radiant with happiness, Mr. and Mrs. Chilcott left yesterday morning for Vancouver. It was evident that loss of her share of her father's money had not affected the spirits of the bride, as she was all smiles when she boarded the train on the way to the coast with her husband.

CANADIAN PACIFIC PLANS NEW HOTELS

Number Will Be Erected Next Year—To Establish Swiss Colony Near Golden

Vancouver, Sept. 24.—Mr. George Ham, superintendent of the publicity department of the C. P. R., arrived in this city from Winnipeg. He was accompanied as far as Banff, Alberta, by Mr. Painter, chief architect for the railway company. Mr. Painter is at present engaged on the proposed alterations to the C. P. R. Hotel at Banff where it has been found necessary to make considerable extensions for the purpose of accommodating the rush of tourist traffic which has set in during the past two years.

According to Mr. Ham, the C. P. R. intends to make arrangements for a miniature Swiss colony in a valley near Golden. The Swiss guides at present who wish to indulge in the pastime of mountain climbing near Golden and Banff leave for their native country to spend the winter months. By establishing a model colony near Golden, which will in every respect be as similar to the average Swiss village as landscape architects can make it, the company hopes to be able to hold the guides in British Columbia all the year round. The company has two valleys under consideration at present, but which one will be decided upon will not be known until Mr. Ham joins Mr. Painter, which will be done as soon as the latter has finished his work at Banff.

The C. P. R. is contemplating building twelve hotels across the continent during the next year. One is to be erected at St. John, N. B., and another in Toronto. A new hotel is to be built near Nelson and another in Ottawa. Ont. Still another is to be erected in Golden, B. C., while the remaining seven will be scattered across the continent.

CORRUPTION IN ILLINOIS LEGISLATURE

Governor Says State Has Been Disgraced in Nation's Eye

Springfield, Ill., Sept. 24.—The Illinois Republicans met yesterday and adopted a platform endorsing the administration. It says: "We commend Taft for his impartial and fearless administration of the federal laws. He has brought to the bar of justice those implicated in the sugar frauds, recovering millions in revenue; he has successfully intervened to prevent the arbitrary increase of freight rates; he has impartially enforced the anti-trust laws and enforced the policy of economy in public service. We commend Taft for the steps taken to advance the cause of conservation." The platform also mentions the tariff commission, but is silent regarding Lorimer. The bipartisan organization of the legislature and legislative corruption are denounced and a thorough investigation demanded, though no names are mentioned. Referring to the Illinois legislature, Governor Deneen, the temporary chairman, said:

"Illinois has been disgraced in the nation's eyes through the exposure of corruption in the assembly. We must not merely denounce such corruption, but must take the proper steps to correct it."

"It is better to fight and fall for what we believe to be the correct economic principle than to turn our backs to it and plead and apologize," said Speaker Cannon, addressing the convention. Defending the tariff and President

THE SUPPRESSED REPORT.

The Times is pleased to learn that the report of the University Site Commission will be "made public on Sunday." This is the announcement made by Mr. Bowser at a ward meeting of Conservatives in Vancouver last night.

SCIENCE AND RELIGION.

An example of how the great men of the world are broadening out in their views, and are willing to acknowledge that there may be great things of which they know nothing, is illustrated in a sermon preached by the Archbishop of York at Sheffield recently.

OUR GROWING TIME.

Everything points to an active autumn in Victoria. Builders and contractors say that they have plenty of work ahead to last them throughout the winter, and there are a large number of big things in sight or already in hand which will insure a busy winter.

two has been much better than a boom. People who get rich quickly during a period of artificial inflation usually drop their money just as quickly.

There is no doubt in the minds of most business people, especially those who have travelled and who are able to make comparisons with other places, that Victoria real estate is one of the most profitable investments that can be made at the present time.

TORIES UNITED.

At last the Conservative party is a unit as to what it wants in the way of a tariff. There has been much discussion of the subject in the Tory newspapers, and the opinions given have been in anything but accord.

THE HOUSE OF LORDS.

It was quite unnecessary for Lord Bathurst, who addressed the Canadian Club yesterday, to defend the perspicacity of the active portion of the House of Lords. The whole empire recognizes the services which members of that body have done for the empire.

What Other People Think

To the Editor:—With all due respect to Dr. E. Hall, as his letter of 22nd, we don't want to "convert the whole of the United States to our method."

KEEP TO THE LEFT.

To the Editor:—Referring to the correspondence in the "Victoria" papers concerning aid keeping to the left," it is not difficult to show the custom is right and ergo the other way is wrong.

PRESS OPINIONS.

Better for Coming Here. The eighth General Conference of the United Methodist Church of Canada, Bermuda and Newfoundland will go down into history as a gathering of unique and epochal interest.

OUR GROWING TIME.

There are always a few people in every community who have absolutely nothing to do, and who spend their time in idle gossip or in abstract discussions of subjects which have no particular interest to anybody.

OUR GROWING TIME.

It is noticeable what a difference it makes to the attendance at Canadian Club luncheons if somebody only gives a blast on a bugle or touches a war note on a drum.

OUR GROWING TIME.

Why is it, exclaimed a lady visitor recently, "that the ladies of Victoria dress so young, and will not admit that they are getting old?"

OUR GROWING TIME.

It is a lean fruit year in Eastern Canada, but in British Columbia such profligacy of apples, pears, plums, cherries, and strawberries, has never been seen.

OUR GROWING TIME.

The largest wireless station in Europe, that on the Adriatic sea at Pola, Austria-Hungary, includes a 200-foot tower built on a foundation of glass.

OCEAN LINERS ON WAY HERE

TUECER IS BRINGING RICH CARGO OF SILK

Thousand Bales, Valued at \$600,000, on Holt Liner Due Next Week

Two ocean liners are scheduled to arrive and two to sail during the coming week.

The Holt liner Tuecer, which sailed from Yokohama for this port on September 11th, is bringing an immense cargo of general freight for British Columbia and Puget Sound ports.

The Holt liner Tamba Maru will leave for Yokohama on the 24th.

The white liner's schedule gives her 11 days less to make the trip to Hongkong than the Japanese steamship.

The big British tramp steamship Vancouver, which left Muroran on the 8th for the B. C. Sugar Refinery with 6,000 tons of raw sugar, is also scheduled to arrive next week.

Starting a day ahead of R. M. S. Empress of China, which sails on Wednesday, the N. Y. K. liner Tamba Maru will arrive at Victoria on the 27th.

San Francisco—Arrived: Japanese steamer Antiochus, from Victoria; steamer Victoria, from Nome; steamer Queen, from San Francisco.

steamer Chiyu Maru, from Hongkong; steamer Hercules, from Hongkong; ship Star of France, from Cook Inlet.

Punta Arenas—Arrived: Steamer Serak, from Hamburg for Tacoma.

September 24, 8 a. m.

Point Grey—Cloudy; calm; fog seaward; 30.05; 57; no shipping.

Cape Lazo—Misty seaward; 30.06; 49; sea smooth; spoke Jefferson, 6:30 p. m., southbound off Cape Mudge.

Tatoosh—Cloudy; calm; wind E. 10 miles; 30.15; 49.

Prince Rupert—Misty; calm; 29.40; 42; sea smooth; no shipping.

Point Grey—Clear; light N. breeze; 30.05; 52; in Prince Rupert 10 a. m., spoke Prince George off Bella Bella.

Prince Rupert—Clear; calm; 29.38; 47; sea smooth; no shipping.

Prince Rupert—Cloudy; calm; 29.38; 55; sea smooth; no shipping.

PRINCESS MAY IS REFLOATED

SPECULATION RIFE AS TO SETTLEMENT

Compromise Between Underwriters and Company Now Considered Probable

Considerable speculation exists among shipping men on the coast as to the figure which will be pursued by the underwriters of the steamer Princess May.

In view of the fact that the seven bids made on the repairs to the vessel were considered exorbitant and refused by the underwriters it is not thought that further tenders will be called for.

The two choices open to Lloyd's, according to shipping men, are to repair the steamer by day labor or to compromise with the C. P. R., paying \$75,000, or any sum which would be agreed upon and turning the Princess May back to the company.

The C. P. R. coastwise service is affected by the May being out of commission at the present time.

The Princess May is now lying by the Hudson Bay wharf, having been towed around from Esquimalt harbor by the salvage tug William Joffe.

The fog will be in operation for a few days until some slight repairs have been effected.

Hunyadi Janos Natural Laxative Water Speedy Sure Gentle Quickly Relieves CONSTIPATION

PRINCESS ADELAIDE READY FOR TRIALS

New C. P. R. Steamer Completed—Will Sail From Scotland Week After Next

Cable advices received by the local C. P. R. steamship officials from the Fairfield Shipbuilding Company state that the new steamer Princess Adelaide, which is to be used on the Victoria-Vancouver night service in place of the Charmer, is complete and ready to take her steam trials on Thursday next.

A delay has occurred at the Bow, McLachlan & Co.'s yards in launching the steamer Princess Mary, but the news that she is in the water is daily expected. The Mary is also expected to leave Scotland in October and will go on the Comox route.

MARINE NOTES

The steamer Trader left for the Fraser river this morning with a full cargo of general freight.

H. M. S. Algerine, which is in dry dock at Esquimalt undergoing an extensive overhauling, will probably be floated about the end of next week and will shortly leave on her annual cruise to the south.

No new schedule has been announced as yet by the Sechart Steamship Company, owners of the ill-fated Belcarra, which went to the bottom of Jervis Inlet last Saturday morning.

The fog will be in operation for a few days until some slight repairs have been effected.

When You Think of VICTORIA Remember The Daily Times

Advertisers Best Cover Victoria By Using "The Times"

THE TIMES PRINTING & PUB. CO. Victoria, B. C.

After a careful examination of the plans for the new theatre we can say that they provide for a house which will be the equal of any on the continent. In every particular it is up to the minute and will be a large factor in inducing companies which would otherwise pass Victoria by without a thought to come here.

opening. The contract for the building has been let to J. L. Skene, who promises that it will be completed by the beginning of the year. L. W. Houghton, Seattle, John Cort's architect, drew the plans.

VIOLA ALLEN

Who comes to the Victoria Theatre on Saturday next in "The White Sister."

stage will be the largest on the Pacific Coast, and the profession will be delighted with the dressing-rooms. A feature of the house will be the foyer, which will form a spacious promenade. The cloak-rooms, ladies' parlor and gentlemen's smoking room will be large and comfortable.

the city have been able to reach it by car without transferring, and have become so used to this that some few rather resent a change which makes it necessary to take a second car. In the case of the new house two lines of cars will pass it, and to those transfer can be made most conveniently. Except for this the new theatre is practically as centrally located as the old. Even if it were not, it would be fully worth any little extra trouble in getting to it.

MARTHA FLORINE.

Among the many thrilling acts presented by the management of the Al. G. Barnes Big Three Ring Wild Animal Circus, during the forthcoming exhibition, perhaps no single feature will attract greater interest than Martha Florine, a dainty bit of Dresden doll.

like femininity, who enters the arena with a group of genuine imported spotted Persian leopards and South American panthers, and gives a thrilling demonstration of animal masters' paces, among the amusing, amusing, scratching trutes and compelling their

to do her bidding with apparent concern. The act presented by this venturesome Swiss maid is but one of the twenty-one sensational and anti-climactic acts presented by the management of the only real wild animal circus on earth.

to secure such a splendidly commodious and modern playhouse as Victoria is soon to have.

The news comes from Tacoma this morning that Marc Klaw has made arrangements there to secure control of the Savoy theatre, which was the leading house in that city until the Tacoma was erected.

New Grand Theatre.

Harry Van Fossen to whom more curtain calls in vaudeville have been accorded than any other single player, and who by himself is an entertainment surpassing many bills, will be at the New Grand Theatre Monday matinee to head the big fair week bill. A black-face comedian often gets a good reception, although Van Fossen is an exception to this rule for he always proves a winner in any house. He is vaudeville's greatest single entertainer in blackface and will bring here a bundle of songs, sayings, steps, and humor that will cause the biggest laugh of this excellent vaudeville season.

A musical dialogue is billed for West and Miss Van Stelen, who open with a diverting sensation full of mystery and then appear in a duet, the one playing the French horn and the other the saxophone. This entertaining offering is followed by selections on various other musical instruments, including the cello, on which Mr. West has practically no superior. Miss Van Stelen is heard in a recitation and the act closes with a cornet solo, bringing to an end a first-class turn.

Rumpy Bumps is a ten-minute act of acrobatics, with a hard working acrobat and an eccentric comedian who works hard, too. Rice and Prevost are the names of these performers, the latter being the ablest performer and a natural-born tumbler. Patrons are offered a thrilling act in this.

Celeste, the peerless wonder of the wib, and a marvel of grace and beauty, will occupy considerable time for her new act and, with extreme skill and clever wire work, should be a favorite.

Those famous minstrels of the older day, Pistil and Cushing, are coming back again with a real up-to-date black-face riot of fun and song. Tailoring horn of a long period of rivalry in minstrel exaggeration, broad-pattered and altogether comical and the other amusing features of black-face entertainment are crowded into the Pistil-Cushing act.

Thomas J. Price, the singer, will sing. There will be new moving pictures and the seven acts are all graded for a big fair week-business.

"The Suffragette," the biggest laugh of the year, is at the Grand for the final performance here to-night, with six other acts billed.

Crystal Theatre.

It behooves Victorians to "get the habit" and pay this beautiful picture house regular visits. The pictures are getting better at every clip-clear, steady and of absolutely the best subjects. The patronage is of the best and large and enthusiastic audiences are nightly enjoying the good presentations. The week-end programme is of a very high order and satisfaction is assured.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all women's troubles and never forget to tell my friends what it has done for me."

Another Woman Helped. Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Next week's programme will be without exception the finest yet. Special Saturday matinee for children. The song for to-day's performance is "My Garden of Roses," (illustrated), sung by Geo. McLellan.

Majestic Theatre.

The new week-end bill is marked by three strong features which are each characterized by original ideas. Patrons will be sure to appreciate this bill. "The Sorrows of the Unfaithful," shows the woe and calamity that may be induced by a fickle whimsical woman. While the picture reaches the disaster that follows unfaithfulness, it also teaches the danger of haste. The subject comprises a series of most beautiful sea coast and fishing village scenes. "The Cowboy and the Squaw" is a typical example of the plainsman and depicts how a squaw showed her gratitude to the cowboy who had protected her, by saving his life when his enemy had the drop on him. "The Emigrant," while not all emigrants receive the treatment accorded the hero, the scenes in the steerage are well worth seeing, and the method of sending emigrants across the continent will be recognized as accurate by those who have seen it done many times. A most amusing comedy and "My Alabama Rose," by Miss McEwen, completes the bill.

John Mason Coming.

Telepathy, that occult science of which most people profess to be skeptical and which, nevertheless, thousands of brilliant minds believe to be a force, is beautifully illustrated in Augustus Thomas' drama, "The Witching Hour," which will be seen at the Victoria theatre on Thursday, September 29th.

John Mason plays Jack Brookfield, the gambler, who for years attributed his fortune to luck instead of the fact that he was gifted with the power of mind-reading. The same cast that played at the Hackett theatre, New York, for over a year, will be presented. This is one of the Shuberts' most successful attractions. The scenic equipment will be new and very elaborate.

At the Lyceum.

The bill at this favorite amusement resort is considerably stronger than last week and next week promises to be even better than this week. Manager Hunt is strengthening his company with five new people. Manager Hunt has changed producers and hereafter the productions will be under the supervision of Mr. Gus C. Caville, a comedian well known throughout the States and Canada who will produce for the first time in Victoria the laughable musical comedy entitled "Midnoon Picnic," introducing all the latest and most popular songs of the best eastern publishers, new costumes and electrical stage effects which promises to be one of the best bills of the season. Remember the date Monday, Sept. 26. Matinee every day at 3 o'clock. Two shows nightly.

Viola Allen in "The White Sister." "The White Sister," with Viola Allen in the title role, and accompanied by James O'Neill and the greatest supporting company ever organized, including Mina Gale and Norman Hackett, has the distinction of being a dramatic play which carries a chorus. Thus far it is the only play of this sort to do so. The young ladies of the ensemble are high-spirited singers of more than ordinary ability and their efforts are required to furnish, choir and solo singing in the convent chapel. Special music was composed by William Furst and, like a musical organization, a traveling musical director is one of the necessary evils. "The White Sister" comes to the Victoria theatre on Saturday, Oct. 1. Blyden Stock Company.

To-night patrons of the Victoria who have not witnessed the performance of

Has proven a land of enormously profitable investments—when said investments have been made through responsible and thoroughly informed business institutions.

Our Entire Business Career Has Been Devoted to B. C. Properties

We are joint or sole owners of all the properties that we offer for sale. Every investment to which our name and endorsement is attached is "hand-picked"—selected from thousands offered to us because of

- 1. OUR WELL KNOWN STANDING as successful handlers of properties of intrinsic merit. 2. OUR HAVING THE LARGEST SELLING ORGANIZATION IN WESTERN CANADA.

Let Us Tell You About Fort George

Simon Fraser established Fort George over one hundred years ago. But we introduced it to the world in its true commercial and strategic importance as the natural—the inevitable—site of the metropolis of the rich agricultural and mineral country of the interior of the richest province of Canada. There will be 5,000 people there when the G. T. P. reaches Fort George. Superb climate, and the place to make money for years. Don't fail to look up Fort George either as a place to go to, or a place to invest in certain-to-advance property.

Different, But Quite as Interesting is Masset

Masset has a superb climate to which people will flock from the mainland and from Prince Rupert, for residence and as a pleasure resort. Masset has the only fine, large agricultural area in the Pacific North Coast. Masset has coal lands that will make it a great shipping point. Masset is the ideal centre of a world-famous fishing industry. Masset has uncounted billions of feet of the finest timber tributary. Masset is a salt water river that runs alternately both ways and Masset has one of the finest harbors on the coast.

Crescent Bay Orchards

On the Arrow Lakes is the grandest fruit orchard proposition in the West Kootenay district of British Columbia—on both railroad and water transportation. An ideal place to live as well as a splendid place to make money; land is increasing in value very rapidly. Five and ten-acre orchard tracts \$100 to \$150 per acre, one-quarter cash.

Basque Fruit Farms

This is in the irrigated district, only 200 miles from Vancouver, in the Thompson River Valley, on the main lines of two transcontinental railways—the C. P. R. and the C. N. R. Land is under cultivation, with abundance of never-falling spring water. Now producing profitable crops, while new orchards are being developed. Five and ten-acre orchard tracts \$350 to \$500 per acre, one-quarter cash.

Do you know that Canada's largest and richest province is British Columbia? We want to tell you about it. Call at our office, or let us send you, free of charge, a copy of the "British Columbia Bulletin of Information," giving synopsis of land, mineral, timber and coal laws, and up-to-date information of development and wonderful opportunities for investment.

"The Private Secretary," as produced by Huron L. Blyden and his excellent company, should do so. This clever company can safely be placed among the foremost stock companies of the present day, inasmuch as they have demonstrated that they can produce plays that please the most severe critics. Following this bill the company will reproduce "Charles's Aunt," by special request, on Monday and Tuesday next. Mr. Blyden has had numerous requests to again place this play before the public and he is assured of capacity houses for the two nights, judging from the advance sale.

TWO NEW DIVISIONS FOR CHINESE ARMY

Further Steps in Development of Middle Kingdom—Education and Railways

It appears to be recognized in Peking that a new situation has arisen in Mongolia as the result of the Russo-Japanese convention, and that this new situation calls for some countervailing measures. Accordingly the military council held a meeting to discuss the matter, and arrived at the following decisions. Firstly, that two new divisions of the army must be organized for the defence of Mongolia; secondly, that a new educational system should be instituted without delay; and, thirdly, that a railway should be constructed as soon as possible, bringing this vast region into direct communication with the capital.

Possibly there may be some connection between this meeting in Peking and the report appearing in various papers to the effect that the viceroy of Manchuria has just received instructions from the central government to devise such measures as he can for the strengthening of the Chinese military power in the three provinces. The message somewhat cynically adds that no matter what financial embarrassment the viceroy may find himself in, as the result of this new departure, he is on no account to raise a foreign loan for the purpose. This certainly looks like a case of being asked to make bricks without straw.

According to telegrams received in Tokio, the viceroy of Manchuria has asked the provincial assemblies to take steps toward rendering possible the construction of the Chinchow-Aigun railway at China's own expense. The Walwup, however, has intervened with counsels of precaution. It is pointed out that the Chinchow Aigun railway is one in which various foreign powers are more or less directly interested, and that the attention of the whole civilized world, practically speaking, is focussed on this question. The assemblies therefore are admonished to approach the matter delicately and with due deliberation.

CHOLERA PRECAUTIONS.

A circular has been issued to local authorities by the local government board for Scotland on the subject of precautions against cholera. The circular says: "In view of the continued prevalence of cholera in Russia, the board desire to impress on all local authorities, and especially on seaboard local authorities, the necessity for readiness and vigilance. Special precautions should be observed with regard to vessels coming from North Russian and Black Sea ports."

FUTURE PLANS OF Y. M. C. A.

SATISFACTORY REPORTS AT THE ANNUAL MEETING

With Completion of New Building, Early in Year, Work Will Take Impetus

A spirit of enthusiasm and an air of optimism prevailed at the twenty-sixth annual meeting of the Young Men's Christian Association, held last evening in the Sir William Wallace hall, Broad street.

CONCILIATION SCHEME IN GREAT BRITAIN

Wages and Hours of Labor on Railways Now Arranged Under Act

A statement of settlements of questions as to rates of wages and hours of labor of railway men that have been effected under the scheme of conciliation agreed upon in November, 1907, was issued as a Blue Book by the British Board of Trade recently.

In the various settlements arranged, every phase of the railway man's life and work is included, and though it is generally pay and hours that are affected, such matters as the supply of old overcoats to fagmen on the Brecon and Merthyr Railway, and the annual grant of one local pass to all drivers, firemen, and their families on the Cambrian railways are touched upon.

The four railways that have not adopted this scheme are mentioned in the report, and there is included, through the courtesy of the companies concerned, the decisions arrived at by an arbitration on the North-Eastern Railway, and by direct negotiations between the companies and representatives of the staff on the City and South London, Underground, and Metropolitan District Railways.

CEETEE UNDERWEAR

Insist on underwear bearing this trademark. Note its perfect shape, the quality of the material, its softness and elasticity.

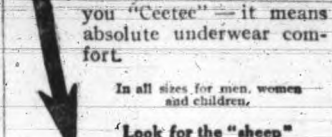

CEETEE gives solid comfort and lasting satisfaction—the underwear de luxe, yet costs no more than ordinary makes.

CEETEE UNDERWEAR is knit to fit the form—not simply cut from the fabric—never binds, wrinkles or sags.

From first to last it is the underwear that pleases. Ask your dealer to show you CEETEE—it means absolute underwear comfort.

In all sizes for men, women and children.

Look for the "sheep"

The C. Terrell Co. of Can. Limited Manufacturers—Est. 1859

Galv. - Ontario

Very good, considering the small quarters and inadequate equipment.

The first indoor field meet was a popular feature. In basketball both our senior and junior teams won the championship. In swimming our club of forty members secured half of the B. C. championships, and developed a fine life-saving team and furnish the volunteer life-boat crew of the city.

In amateur sport generally we have taken a strong, and consistent stand and encourage our men to make clean athletics a means to better living and better bodies in the purer amateur sense.

Socially, our members and friends have found pleasure and fellowship in our annual excursion, refreshment tent at exhibition, Christmas dinner, social teas, and our New Year's reception.

Third—The mental side of our work has been the highest class in many years. The oratory contest developed some promising young speakers, and a literary treat that surprised the large audience revealed the wisdom of cultivating the art of public speaking.

Mr. D. W. Higgins, the veteran ex-Speaker of the House, took a keen interest in training young men in debate and parliamentary procedure. Some excellent and keen debates were held. Lectures and concerts of educational value drew appreciative audiences. The educational classes were necessarily small because of cramped quarters, but Mr. Suttie, did excellent work. This work promises to feature large in the new building and help many a man at nights to add to his stock of knowledge and increase his earning power in spite of handicapped youth.

And now, in closing, I desire to express the thanks of the board of directors and myself to the friends who have so nobly and generously co-operated with us in the past and appeal for even more enthusiastic support as we plan to enter our new work to do in the Providence of God a greater and more helpful service than ever to the youth and manhood of our fair city.

R. R. MICKING, President.

Secretary's Report.

A. J. Brace, the general secretary, then presented his report, which read as follows: The membership of the association is a trifle less than 200, the lowest it has been for four years.

The membership of the association is a trifle less than 200, the lowest it has been for four years. This is because the association cannot offer the construction of the building. If in the old quarters we had 500 members, we shall surely start with at least 1,000 in the new, elegant and pretentious building that is daily assuming more definite proportions.

During the year we have found employment for almost 100 men, many of whom have shown their appreciation by becoming staunch supporters. We have found room and board for over 150. This shows the need for the 70 dormitory rooms. They will soon fill up with good men. These will form a nucleus of workers living right in the building, and providing an esprit de corp that the association needs.

The men's camp at the Gorge and the boys at Camp McDonald, North Saanich, proved valuable factors in interesting the membership during the summer in temporary quarters.

The treasurer reports for current expenses during the year: Received for subscriptions and appropriations, \$3,642.49; disbursed for salaries, rent, taxes, insurance, etc., \$3,782.35.

At the conclusion of his report Mr. Brace felt inclined to give a little address on the ambition of the Y. M. C. A., which was not dealt with in the president's report.

He emphasized the fact that the Y. M. C. A. stands for the developing of both the spiritual, mental and physical powers of the men of Victoria. Mr. Brace also explained that the Y. M. C. A. is an inter-denominational body.

In concluding the secretary said: "I hope that the spirit which will permeate the whole atmosphere of the life of the young men of this city."

A very lengthy report was submitted by C. C. Michener, the energetic chairman of the building committee. In it he outlined what had been accomplished since the campaign was commenced for the securing of funds for the new building, in course of construction in the corner of View and Blanchard streets. He stated that the 1,800 subscribers to the fund were now able to see where their money is going, which in his opinion was towards the erecting of one of the handsomest structures in this city, and also towards the developing of the men and boys of Victoria on Y. M. C. A. lines.

Mr. Michener was glad to be able to say that the new building would be ready for occupancy some time in January next. A week of opening exercises will then be held, and the public invited to attend and inspect the new home for the Y. M. C. A. A general description of the building was given by the chairman, and everyone present was satisfied that it has been well laid out.

The report of the Ladies' Auxiliary, which is assisting the association in so small degree, was presented by Mrs. W. A. Gleason, the president. She reviewed the work accomplished during the past year, but stated that in the last few months they had done very little owing to the more or less disorganized state of the association.

Mrs. Gleason informed the board that the ladies had placed an order with an English firm for the supplying of crockery ware for the new building. Plans for the raising of money for the furnishing of the home, which has been undertaken by the ladies, are being formulated.

The solo of Miss Scowcroft and the recitation of Mrs. W. A. Gleason, both of which were well received, brought the evening to a close.

A Russian scientist claims to prevent human hair turning gray by curling or waving it with hot irons, his theory being that grayness is caused by microbes, which the heat kills.

FEEL IT MY DUTY

To Give You a Statement in Regard to 'Fruit-a-tives'

"Hardwicke, Miramichi, N. B., Jan. 17th, 1910. 'I feel it my duty to give to you and the world an unsolicited statement in respect to the wonderful cure I received by taking 'Fruit-a-tives'.

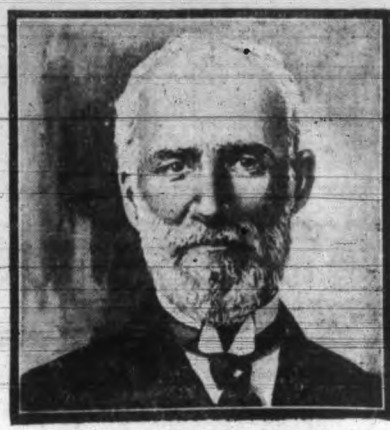

Chronic Constipation was the complaint I suffered with for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets, but nothing did me any good.

I saw the strong testimonial in favor of 'Fruit-a-tives' by New Brunswick's 'Grand Old Man,' the Hon. John Costigan, and I knew that anything he stated was honest and true, and given only to help his fellow-men. I tried 'Fruit-a-tives' and the effects were most marvelous, and now I am entirely well from all my Chronic Constipation that I suffered from for so many years.

My general health is once more excellent and I cannot say too much to express any thanks for the great benefits derived from taking 'Fruit-a-tives'.

"A. G. WILLISTON." "Fruit-a-tives" is not gotten up by druggists or expert chemists who know nothing about disease and the needs of the human body—but is the scientific discovery of a well known physician, and is the only medicine in the world made of fruit juices.

Fifty cents a box, 6 for \$2.50, or trial size 25c. At all dealers, or sent, post-paid, on receipt of price by Fruit-a-tives Limited, Ottawa.

Underwriter's Announcement CALIFORNIA CONSOLIDATED OIL CO.

(INCORPORATED UNDER THE LAWS OF CALIFORNIA, SEPTEMBER, 1910.) (PRINCIPAL PLACE OF BUSINESS, SAN FRANCISCO, CALIFORNIA.)

This corporation has a capital stock of Ten Million (10,000,000) Shares, each of the par value of \$1.00. The Metropolitan Trust & Savings Bank of San Francisco will act as transfer agents in California, and arrangements will shortly be perfected for a similar service in New York City.

OFFICERS.

President, REAR-ADMIRAL ROBLEY D. EVANS, U. S. N., retired, Washington, D. C. Vice-President, ROBERT S. MCCREERY, New York City. Treasurer, THEODORE P. GILMAN, New York City. Secretary, ROBERT LEE DUNN, New York City. Assistant Secretary, JAMES A. CRUIKSHANK, San Francisco.

DIRECTORS.

REAR-ADMIRAL ROBLEY D. EVANS, U.S.N. retired. ROBERT S. MCCREERY, Treasurer McCreery Realty Corporation, and of McCreery Dry Goods Co., New York City. THEODORE P. GILMAN, ex-Controller State of New York, and President General Electric Inspection Co., N. Y.; New York City. Also President Flower Waste and Packing Co., New York City. HON. JOHN W. MITCHELL, Vice-President Bank of Southern California, Los Angeles, California. HON. MEREDITH P. SNYDER, President California Savings Bank; Member Los Angeles Clearing House Committee; three times Mayor Los Angeles, Los Angeles, California. FRANK N. FISH, Cashier Metropolitan Trust & Savings Bank, San Francisco, California. ROBERT LEE DUNN, Managing Director Lincoln Memorial Endowment Association, New York City.

This corporation has been organized for the purpose of acquiring and developing proven California oil properties, constructing pipe lines, and such other business as appertains to the oil industry. It is planned to make this one of the biggest institutions in the West.

The management of this company is vested in a Board of Directors, consisting of men whose reputations for integrity, business success and conservative judgment is well known. They have personally visited the properties to be acquired. Several of the members of the board are men of national reputation. A brief mention of their distinguished places in the business world will be found elsewhere.

The affairs of the company will be administered with a view to constant building up of the properties along lines justified by conservative judgment. Aggressive and progressive policies will be followed wherever such policies have the approval of the best experts available. The men who will develop and operate the proposed properties which the company will acquire are among the best posted experts in the oil business in this country, and the company will have the benefit of their judgment during the first year of its operation of the properties.

SAFEGUARDING THE STOCKHOLDER

The investor in this company will be protected in every possible respect. There will be no preferred

stock. There will be no bonded indebtedness. Every stockholder enters the company on the same basis. The men associated in the management of the company are recognized leaders in banking and commercial circles and are connected with some of the best conducted enterprises in the country.

The oil fields of California are probably the richest in the world. Owing to their geographical position the value of their output will increase as the consumption of oil for domestic, manufacturing and shipping purposes becomes more general. Already the industry has been transferred from the plane of speculation into that of a solid and substantial addition to the world's list of dignified and enduring business enterprises. This change has been achieved through the steady, increasing yield of the oil fields of the world and the entrance into the industry of men whose busi-

Statement By Rear-Admiral Robley D. Evans, U. S. N., Retired.

"I have long regarded the oil industry as one of the most important and promising of the newer lines of trade. Without intending to enter the business of producing or selling oil, I have been carefully investigating, for several years, every available source of information on the subject, first because of my interest in the use of oil as a fuel for naval vessels, and later because of my conviction that the future of the commodity would make it one of the most important subjects in the trade of the world. Many interesting business opportunities have come to me since my retirement from active service in the navy, two years ago. Fifty years of service in a calling which is more than ordinarily exacting, renders any man of active temperament unfitted to idleness. It has been my intention, when the right opportunity occurred, to connect myself with some enterprise of sufficient size and offering sufficient promise for the future to appeal to my best energies. That opportunity is present in the organization of the California Consolidated Oil Company. After personally visiting and carefully investigating the proposed properties of the company, their books, contracts and options, I have accepted the presidency of the company and have invested my own money in its shares. I will personally direct its affairs. This is the only oil company with which I am connected."

ness reputation is a guarantee of the integrity of the gigantic new work.

PROPERTY

The properties proposed to be operated by the California Consolidated Oil Company are as follows: MASCOT, located in the Midway district. This property consists of one hundred and sixty acres equipped with thirty-four wells, with four additional wells being drilled. In the judgment of the best oil experts of California, the property will support sixty wells. The present output is 90,000 barrels monthly, which provides a net income of \$360,000 yearly. With the addition of twenty-four wells, a probable net income of at least \$720,000 may be expected.

The PREMIER, located in Coalinga oil fields. This property consists of one hundred and sixty acres. There are fourteen producing wells, one now being drilled and one ready for drilling. These sixteen wells, basing the figures upon the present production of the fourteen now producing, will yield at least 864,000 barrels yearly, which means a net income of \$240,000

yearly. In the opinion of experts, this property will support eighty wells, which will provide a net income of \$960,000 yearly.

These two properties are already upon a dividend paying basis.

The YELLOWSTONE OIL COMPANY, with holdings in the Kern River, Sunset and McKittrick fields. This property consists of two hundred and twenty-five acres all leased, except ten acres being operated by the containing five wells.

The present net earnings of the properties, proposed to be acquired, is sufficient to guarantee every stockholder a substantial return on his investment, regardless of future development.

A Syndicate of Underwriters, composed of bankers and reputable business men, has been organized for the purpose of providing funds with which to meet the payments on these properties. Instead of following the usual practice of allotting this stock to only a half dozen wealthy men, it has been decided to allow our clients an opportunity to join this Syndicate and secure an interest in this corporation at the very first price. Our clients will be given every benefit and advantage of this Underwriters' Syndicate. We are confident that all who investigate this proposition in detail will be keen to appreciate the fact that it is in reality an opportunity of a lifetime.

The stock of this corporation will be offered for sale in the leading financial centres of the world just as quickly as this Underwriters' Syndicate is closed. The price at which the stock will be offered at that time will be greatly in excess of the present price for which the Underwriters' Syndicate members can get their stock.

Each member of the Syndicate is allowed to purchase anywhere from one hundred (100) to twenty thousand (20,000) shares at this price, which has been placed at 60 cents per share, par value \$1.00.

The stock is being rapidly absorbed.

October 2, 1861 JUBILEE OF VICTORIA'S FIRST FALL FAIR Sept. 22-Oct. 1 1910

Next week the citizens of Victoria will celebrate the jubilee exhibition of the B. C. Agricultural Association. It is fifty years ago since the first fair was held in this province, and it will take a person with a very strong imagination to conjure up the great contrast between that first show and the coming one. The association has mounted the steps of success by one and the shows of to-day are as near perfection as anyone could desire.

A little group of white men gathered in the year 1861 for the purpose of arranging a show. They experienced a great deal of difficulty in getting the few farmers who were here at that period, and other settlers to enter into the competitions. After several months of strenuous work on the part of the committee the show held on October 2 was a remarkable success considering the serious drawbacks met. The inauguration of this fair marked the beginning of a new epoch in the development of the agricultural resources of the island. The committee received more encouragement in the following years, the entries coming in in larger numbers.

To-day the difficulty of securing entries has passed. The coming show demonstrates that. From every nook and corner of the lower mainland and even from as far away as Calgary entries have been received, and it is confidently expected that this year's exhibition will prove the greatest of any fair held in this province. The improvement in every branch of exhibits this year over that of fifty years ago is vast. The jubilee fair, which is to be opened on Tuesday afternoon by His Honor the Lieutenant-Governor, will show off to the best advantage the products of the farm and every other department of business, and will be the most complete exhibition ever held this side of Toronto.

The people who have arranged the coming fair have spent considerable time in perfecting the arrangements, and announce that all those who pay a visit to the grounds will be amply rewarded for the trip. The fair is to be one of education and those who attend will be better informed of the resources of British Columbia than they were before.

The first exhibition, which lasted but one day, was held on Wednesday, October 2, 1861, in Market Square, between Fort and Broughton streets, one of the few cleared spots of the city at that date. The late John T. Bidwell was secretary and he, with a splendid committee, was able to carry the show through without accumulating any deficit. The occasion was a memorable one. The brass band of H. M. S. Topaz, one of the first warships to protect the possessions of the British Empire on the Pacific coast, was in attendance and contributed the musical programme. In the evening after the fair had closed a dinner was held in the King hotel, where the exhibitors and members of the association gathered, there being about 70 guests present. The late Dr. Tolmie presided at the banquet and the short impromptu programme of speeches, vocal and instrumental selections, were much enjoyed.

Among the prize-winners and exhibitors of that first show were: Hon. J. S. Helmcken, who secured first prize for the best bouquet of flowers; the late Geo. Richardson, first prize for the best thoroughbred stallion; the late John Porter, first prize for stallion for agricultural purposes; the late Dr. Tolmie, Cloverdale; the late John Wark, Jr., Hillside; the late Kenneth McKenzie, Craighower; the late Thos. J. Skinner, Constance Cove; the late E. H. Jackson, Cedar Hill; the late George Harvey, Uplands Farm; and the late Geo. Deans, Uplands Farm.

The complete success of this earliest effort led to the exhibition becoming a fixed annual event. Although the management varied from time to time, and the site of the grounds was constantly changed, the show was held with some regularity for several years. In 1864 the show was held in the old Caledonia park, which was situated near St. Barnabas church on Cook street. This exhibition showed a marked improvement over the first one. The Indians exhibited on a large scale and they were not unsuccessful, their entries being at times far better than the whites. There was a lapse of four years after the show of 1864. The people once more decided to have an exhibition and in 1868 great preparations were made for the holding of one. Every citizen took

hold of the cause and gave it a good press. In 1873 the Farmers' Club was formed, with the late Thos. Russell as secretary. A show was held that year in the old Bulkley hall on Yates street, and in the three years following exhibitions were held in the old Philharmonic hall, on Fort street, which was only recently destroyed by fire. The

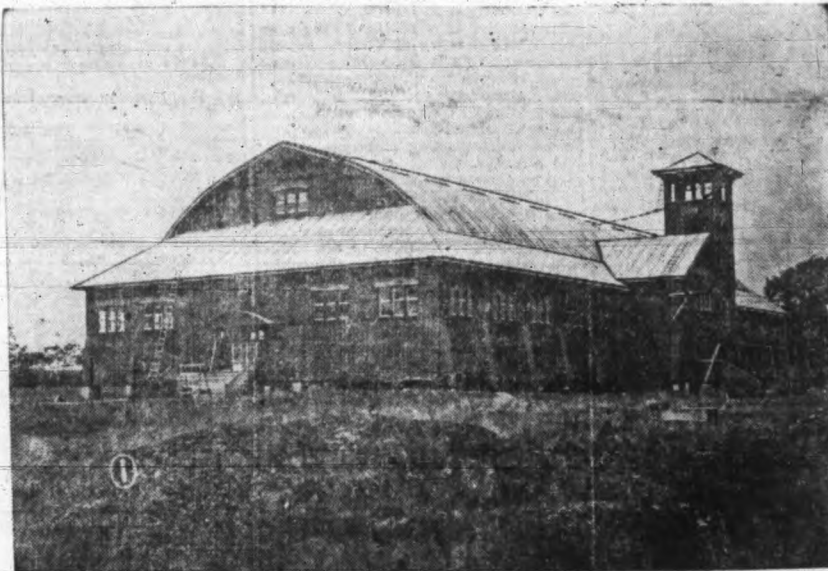

HON. T. W. PATERSON.

Lieut.-Governor of British Columbia, and patron of the Fair. Mr. Paterson has always been one of the foremost workers in connection with the B. C. Agricultural Association.

fair of 1882 was opened by His Excellency the Marquis of Lorne, who happened to be in the city at the time.

Owing to the large growth of the association it was found in 1884 that the show had assumed too large dimensions for the limited space then allotted the club, so land adjoining the Beacon Hill park, which is now known as Park Boulevard, was secured and a permanent

building erected there. At that time it was thought that this structure would be large enough for all exhibitions to come, it being forty feet wide, sixty feet long and two stories in height. But the rapid growth of the annual event, mirroring as it did the great development of agriculture and horticulture on Vancouver Island and the mainland, had not been reckoned

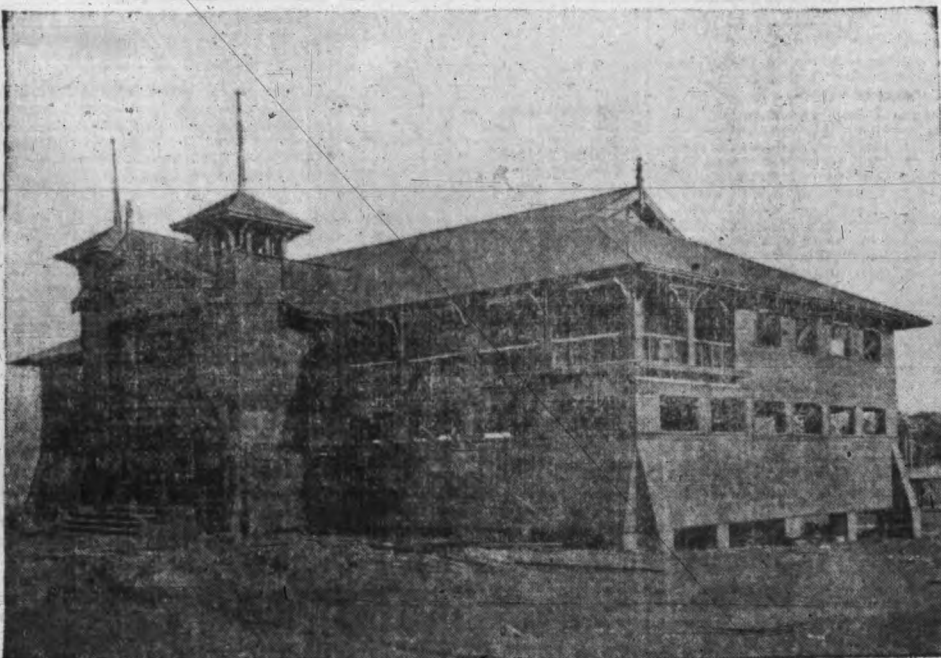

VICTORIA FAIR—MAIN BUILDING.

In this, the chief building at the Fair, are housed the greater part of the general exhibits. Its capacity is already being taxed.

buildings, the main hall, machinery and poultry. The horse show building was also erected in this year and has ever since proved to be a very valuable asset to the B. C. Agricultural Association. The executive committee then consisted of Dr. Lewis Hall, mayor of Victoria, president; J. E. Scharf, secretary; treasurer; Dr. S. F. Tolmie; T. W. Paterson, Ald. Henderson, Geo. Sangster and D. S. Ker. These gentlemen were practically responsible for having the new buildings erected. They worked hard and assiduously and brought honor and glory to Victoria the Beautiful.

The present executive committee is as follows: Patron, His Honor Lieutenant-Governor T. W. Paterson; A. J. Morley, Mayor of Victoria; president; H. D. Helmcken, Victoria, first vice-president; Dr. S. F. Tolmie, Victoria, second vice-president; W. E. Scott, Ganges Harbor, third vice-president; A. D. Patterson, Ladner, fourth vice-president; F. G. Quick, Royal Oaks, B. C., fifth vice-president; George Sangster, Victoria, secretary-treasurer; Committee: A. J. Morley, Ald. McKeown, Dr. S. F. Tolmie, Ald. Bannerman and Geo. Sangster. Sub-committees—Chairman, agricultural division, Ald. Bannerman; industrial division, Ald. McKeown; sports and attractions department, Dr. S. F. Tolmie; live stock and yard department, Geo. Sangster; protests, the executive.

Following is the advisory board: Joseph Thompson, Sardis; W. H. Baylis, Victoria; W. M. Bamford, Chilliwack; J. H. Wilkerson, Chilliwack; J. T. Maynard, Cheam; C. C. Moses, Saanich; James Manton, Victoria; E. A. Wells, Chilliwack; W. Heal, Royal Oak; Alex. Davie, Ladner; H. Bonsall, Chalmers; H. D. Evans, Soanens; W. Nachtrieb, Victoria; S. Birch, Sidney; Mrs. C. Birch, Sidney; Horatio Webb, Sardis; Mrs. A. E. Richards, Victoria; Mrs. Sprague, Victoria; Mrs. H. Crane, Victoria; Mrs. J. C. Sproule, Victoria; G. H. Hadwen, Duncan; Samuel Shannon, Cloverdale; Alex. Urquhart, Courtenay; R. E. Barkley, Westport; H. W. Hedson, Victoria; Dr. A. T. Watt, Wil-

VICTORIA FAIR—WOMAN'S BUILDING

This handsome structure is the latest addition to the Fair ground's buildings, and was used for the first time last year.

time, it served the purpose right up to 1907, when fire destroyed the structure. In 1889 the people of Victoria decided to hold a show of their own in this city every year. Prior to this date the provincial exhibitions were held alternately on the island and mainland, but in 1889 a meeting was called and the management of the show was unanimously in favor of having one exhibition here each year and one in New Westminster.

Two years after the erection of the new building the association fell into financial difficulties owing to the heavy expenditures on property and suffering other reverses. An agreement was entered into whereby the exhibition grounds were taken over and all other liabilities assumed by the corporation of Victoria. From then on fairs were held nearly every year, although several times they were not financial successes. The city of Victoria is represented on the board of directors and the annual exhibition is housed not only by the city but also by the provincial government.

The exhibition grew very rapidly and the accommodation for cattle, horses and other stock became so small that the city council was asked to put a by-law before the citizens for the purchasing of sixty acres of ground adjoining the exhibition, owned by the Bowker Park Co., including the race track for a sum of \$50,000. This by-law carried with a large majority, the people recognizing that additional ground was required for successful exhibitions were to be held. In the winter of 1907 the handsome exhibition building was destroyed by fire, which was of incendiary origin. For several years before this time the structure was considered unsafe and exhibits were only placed on the ground and first floors. At one time visitors were allowed to climb the spiral stairs leading up to the numerous towers which ornamented the old building, but this practice was abolished some time before the burning of the structure.

The management was not daunted by this regrettable catastrophe and at once proceeded with the securing of plans and specifications for new and more up-to-date buildings than the old one. Generous grants were received from the city and the provincial government, and after a great deal of deliberation the directors selected plans for the new building. Tenders were called for and the contract was let to Mr. McDonald, who undertook to have it completed in time for the exhibition of 1908.

Great preparations were made for celebrating the first show in the new building, which was elaborate and modern in every way, and stood as a monument to the energy and determination of the people of this city, and the absorbing interest in the agricultural welfare of their country. The exhibits were not all crowded into one building, as in the past, but filled three separate

"Gambling among their employees is usually frowned upon by employers, but there is a notable exception to this rule." G. A. Trainer, of New Orleans was saying to a companion in the lobby of the New Willard, Washington.

CAPTAIN SCOTT'S EXPEDITION.

It is officially stated that the Union Government of South Africa have contributed £50 to Captain Scott's expedition to the South Pole. The mayor of Pretoria has also opened a fund, which Lord Gladstone, the governor, has headed with a subscription of £50.

Ham Head; F. M. Logan, Vancouver; F. C. Ricardo, Vernon; David Spencer, Jr., Victoria; Prof. Thos. Sharpe, Agassiz; John Richardson, Port-Gulchou; W. M. Bird, Alberni; H. F. Page, Matsqui; W. Grimmer, Pender Island; S. R. O'Neal, Vancouver; W. J. Pendray, Victoria; W. H. Price, Victoria; W. S. Holland, Vancouver; Captain R. H. Watson, 108-Mile House, and D. Thos. Tees, Vancouver.

money he has. Some of the captains begin paying off when the boat is half a day away from the last stop. As soon as the hands get their pay most of them begin to 'roll the bones.' Little groups will be formed, and pretty soon one man in each group has all the money. Then the big winners get together for a game with higher stakes. As a result of this process by the time the boat reaches the wharf a few men have almost all the payroll. They don't want to work, but the others, who are 'cleaned out' are obliged to. Consequently the boat has a crew for the return trip."

Ten Sound Reasons Why You Should Buy

NA-DRU-CO

(Pronounced NA-DROO-KO)

Medicinal and Toilet Preparations

Because They are

1. Guaranteed by the largest Wholesale Drug Firm in America—the National Drug and Chemical Company of Canada, Limited, with a paid-up Capital of over \$5,000,000.
2. Made of Purest Ingredients every ounce of which has passed rigid tests for strength and purity.
3. Compounded by Expert Chemists who are legally qualified to dispense prescriptions.
4. Made according to Proven Formulae that have been tested for years for safety and efficiency.
5. Not "Cure-Alls" but specific prescriptions for particular ailments.
6. Non-Secret We will furnish to any physician or druggist, on request, a list of the ingredients in any Na-Dru-Co preparation. Ask your druggist.
7. A Complete Trade-marked Line Practically every Toilet or Medicinal preparation you ever need is put up under the name and trade-mark shown above.
8. Made in Canada by Canadians—for Canadians' benefit.
9. On Sale Throughout Canada If your druggist hasn't the particular Na-Dru-Co article you need, he can get it within 24 days.
10. A "Money Back" Proposition If any Na-Dru-Co preparation is unsatisfactory we will gladly refund your money.

- Na-Dru-Co Headache Wafers Stop a headache in 30 minutes. Contain no harmful drug.
- Na-Dru-Co Dyspepsia Tablets Cure sour stomach—heartburn—flatulence—indigestion—chronic dyspepsia.
- Na-Dru-Co Complexion Cream Prevents tan and sunburn—removes wrinkles.
- Na-Dru-Co Laxatives Act without any discomfort. Increased doses not needed.
- Na-Dru-Co Baby Tablets Relieve Baby's ills. Especially valuable during teething.
- Na-Dru-Co Shaving Stick The Stick in the Glass Case.
- Na-Dru-Co Talcum Powder 3 kinds—Violet—Rose—Flesh Color. Gems of refreshment and refinement.
- Na-Dru-Co Tooth Paste Cleanses throughout—prevents decay—makes the teeth beautifully white.
- Na-Dru-Co Sugar of Milk Pure and absolutely reliable.

READ THE DAILY TIMES

The Evening Chit-Chat

BY RUTH CAMERON

I have evolved a slogan for housewives to be used during the fall housecleaning. You housekeepers who observe that festival, please attend.

A newspaper friend of mine was recently sent out to get up an article on the necessity or non-necessity of this fall upheaval.

Now, housewives, please don't just say: "Here is some more of that housekeeping talk from someone who doesn't know anything about it."

That is, how much there is in your home besides useful things and those that have associations?

With that definition of useful, test one room in your house, if it's an average house, I know just about what the result will be.

I know a very sensible woman who one day decided that she was being possessed by her possessions instead of possessing them.

One of the greatest tendencies of life is accumulation. In many ways it is a good tendency. In other respects it is bad and needs to be checked, and this is one of them.

In other words, instead of letting your housecleaning be the regulation taking out and putting back, why not adopt the slogan:

"Clear house as well as clean house."

WOMEN AND NIGHT WORK.

The text of the international convention respecting the prohibition of night work for women in industrial employment, which was signed at Berne in 1906, is issued as a Blue Book.

A Guide to Quality. Stamped on knives, forks, spoons, etc., of quality is the name. "1847 ROGERS BROS." With this as your guide you cannot possibly err in the choice of fine silverware.

THE Hat Shop IS SHOWING "CHIC STYLES" Autumn Wear. 705 Yates Street. Next to Merchant's Bank.

SOCIAL AND PERSONAL

Mrs. Lovell is visiting friends in Vancouver.

S. McB. Smith is spending the weekend in Vancouver.

C. C. Worsfold was a passenger for Vancouver last night.

A. B. Fraser, sr. and the Misses Fraser have returned from an enjoyable outing at Banff.

Mrs. W. G. McAllister and son have returned to Alberni after an extended stay with friends here.

Mrs. J. McCann and family have returned from an extended stay with friends in the eastern provinces.

The many friends of Miss Ellison will be glad to hear that she is recovering from her recent severe illness.

Mrs. William E. Ryder, who was for some time the guest of friends here, has returned to her home at Port Alberni.

Among the recent comers from the prairie who will make their home here is Mrs. Richards, late of Medicine Hat, Alberta.

George Mason, Putney, Eng., is the guest of his brother, C. DuBois Mason, Amphion street, and may take up his residence permanently here.

Alderman C. McWalter, Mrs. McWalter and daughter, Mrs. McWalter, returned yesterday after spending two weeks here, a guest of Mrs. S. Gunter, Oak Bay avenue.

Mrs. George Mitchell, Michigan street, left to-day for her former home in London, Ont. She was accompanied by her sister, Miss Paddie Mitchell. They will visit Brandon friends en route.

Miss Clara Van Sant, daughter of F. Van Sant, of the V. & S. railway, left on the Princess Charlotte last evening for Valdez, Alaska, where she has accepted a position in the High school.

The Misses Fraser, Esquimalt road.

were hostesses at a charming little tea on Wednesday afternoon, given in honor of Miss Ermatinger, sister of Judge Ermatinger, of St. Thomas, Ontario, who is to spend the winter in Victoria.

Friends of H. W. Northcott, formerly secretary of the local Y. M. C. A., will be interested to know that he is now secretary of the 26th Ward Y. M. C. A., Brooklyn, N. Y., and may be addressed at 142 Pennsylvania avenue in that city.

Mrs. W. H. Wood received on Thursday afternoon for the first time since her return from Montreal, Assisting her were Miss Nellie Lovell and Miss Heney. Many old friends of the hostess were present.

Mrs. J. Leeming was hostess of a very smart tea on Thursday afternoon in honor of Miss Belle Leeming, who is leaving shortly for England.

MANY FORMS OF NERVOUS TROUBLE

All Yield to the Blood Enriching, Nerve Building Influence of DR. A. W. CHASE'S NERVE FOOD. Picture to yourself the thousands of cases of nervous prostration, of locomotor ataxia and of partial paralysis that have been cured by Dr. Chase's Nerve Food.

Then doubt if you can see the effectiveness of this treatment in the cure of minor nervous troubles, such as headache, sleeplessness, nervous indigestion, and tired worried feelings of brain and body.

WHY LEATHER IS DEAR.

One of the principal causes of the high prices ruling in the British leather trade just now is said to be the diminished consumption of beef in America, caused by the operations of the Beef Trust.

Time Is Money

You can save both by buying your requirements at this store.

WOMEN CURED AT HOME

Women's disorders always yield from the very beginning of the treatment to the mild, but effective, action of Orange Lily. Within two or three days after commencing its use the improvement becomes noticeable, and this improvement continues until the patient is completely cured.

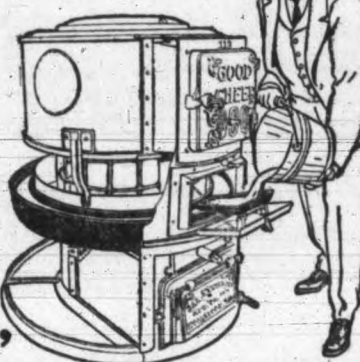

PLAIN MOHAIR

For the first cool autumn days there is nothing prettier than mohair, and the new plaids in this material are wonderfully attractive.

Fill the Water Pan

AND be sure the furnace heated air contains the natural amount of humidity--moist and refreshing--not the parching heat given off by the average furnace.

Good Cheer Circle Water Pan Furnace

The evaporation from this big waterpan, which entirely surrounds the firepot and holds from 4 to 6 gallons, is sufficient to keep the warm air supplied to each and every room almost as humid as the outdoor air.

Even more important than the economy is the improvement in the health of your whole family. Breathing the humid, healthy air from the "Good Cheer" furnace, they will escape the colds, sore throats and lung troubles which are bound to follow the continued breathing of the dried out, over heated atmosphere produced by the average furnace with its make-shift little water pan.

Before you decide on your furnace write for descriptive literature which explains more fully the advantages of the "Good Cheer" furnace and its patented Circle Water Pan.

Body Found in Fraser. New Westminster, Sept. 23.—The body of John Young, a native of Belfast, was found floating in the river near the Westminster bridge.

First Freight Train. Prince Rupert, Sept. 23.—The first freight train to pull out from Prince Rupert left the other day for Mile 65.

COMMITTED SUICIDE. Vancouver, Sept. 23.—The coroner's jury empanelled at Mission to inquire into the death of George Reid, whose body was found floating in the Fraser river near Matsqui on Monday morning, found that he came to his death by suicide while temporarily insane.

AN OPEN VERDICT. New Westminster, Sept. 23.—The inquest held by Coroner Pittendrigh on the body of Alexander Nicholls, who was killed near Pitt River bridge on Monday night by a C. P. R. train, resulted in an open verdict being returned, exonerating the railway men but recommending that the police continue their investigations with a view to learning the movements of the deceased previous to the accident.

Cowichan Lake Hotel (Formerly Price Bros.) Entirely Re-Arranged and Re-Furnished. All modern conveniences, hot and cold baths, open fire-place, new launch. Situated on the famous Cowichan Lake.

NOTICE. Take notice that I, S. Caffini, intend to apply to the Board of Licensing Commissioners of the City of Victoria, B. C., at the next sitting thereof, for a transfer of the liquor license now held by me in respect of the Avon saloon, situated on the corner of Yates street and Waddington Alley, Victoria, B. C., to James Morgan.

GOOD HEALTH FOR BABY AT VERY LITTLE COST. Baby's Own Tablets only cost 25 cents a box. A box bought only may save baby's life.

Uncle Walt The Poet Philosopher. It doesn't matter what you say, if you do wrong from day to day. Your moral lectures may be sound, with gems of thought they may abound, but when you spring them folks will grin, and say: "Old Nick's rebuking sin!"

MORE ACCOMMODATION NEEDED. New Westminster, Sept. 23.—The condition of the Royal Columbian hospital has become so crowded that some of the isolation cottages have been furnished and the overflow of non-contagious cases is being treated in them.

PENTICTON EXHIBITION. Penticton, Sept. 24.—Preparation for Penticton's first horticultural exhibition, to be held in October are nearing completion.

DRUNKENNESS CAN BE CURED. Old Fallacy That Drunkenness Cannot Be Cured Exploded. Many men drink who desire to stop the habit. Whiskey, however, has undetermined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves.

Washington Annex SEATTLE. A modern, homelike hotel. Absolutely Fire-proof. 200 Rooms All Outside.

REMOVAL NOTICE. The North Victoria branch of the Canadian Bank of Commerce are now occupying their new premises, corner Douglas and Bay Streets.

MERRITT INCORPORATING. Merritt, Sept. 23.—The work of incorporating Merritt is being rushed to completion. M. L. Girmitt is looking after the necessary legal details and everything will be in readiness for the elections in January.

Uncle Walt The Poet Philosopher. It doesn't matter what you say, if you do wrong from day to day. Your moral lectures may be sound, with gems of thought they may abound, but when you spring them folks will grin, and say: "Old Nick's rebuking sin!"
