Strong Opposition To Higher Rates for Canadian Railways

Dominion Railway Commission Opened Hearing in Ottawa This Forenoon; Representatives of Lines Made Request and Other Counsel Voiced Objections

Ottawa, Aug. 10.—(Canadian Press)—A crowded courtroom greeted the Board of Railway Commissioners when they took their places this morning at 10 o'clock for the opening of one of the biggest railway rate battles which has ever been fought out in Canada.

From the first it was apparent that there was to be strong opposition to the proposed increases which are requested. The railways are asking for a forty per cent. advance in freight rates, a twenty per cent. increase in passenger rates and a fifty per cent. increase in sleeping and parlor car rates.

On the other hand, A. C. McMaster, counsel for the Canadian Manufacturers' Association, made it clear that his organization would not oppose a fair increase if it could be shown that such increase was absolutely necessary to keep in operation the property built, equipped and managed by railways which had been over-built and run through sections of the country where they were unnecessary.

FIGHT FIRES IN EXTENSION AREA

Several Mine Buildings Ignited As Result of Forest Fires

Vancouver, Aug. 10.—Bush fires are encircling Extension, according to word received by the provincial police here today from Vancouver Island.

Opposition. D'Arcy Scott, counsel for the Government of Saskatchewan and the National Dairy Council in Canada, announced his absolute opposition to increases of any kind. Why, he asked, should the Board of Railway Commissioners be asked to increase the high cost of living? The people on the cost of living had been reached, but the Board was asked to straighten this peak.

If these railway rates go up, it will mean that the cost of labor will go up too. Then we will have the railways coming back next year to ask for a further increase in rates, and so on. It is time to break the vicious circle.

Mr. Scott failed to see why Canadian roads should accept the same awards of commissions in the United States. He declared that the Chicago commission which granted the last wage increase to railway employees was a political organization appointed by President Wilson to increase wages.

Only at Ottawa. J. B. Coyne, representing the Winnipeg Board of Trade and other western organizations, strongly contended that the Commission should tour the country and hear evidence before the case was decided. It was impossible for all organizations in the West to be represented before the Board at Ottawa.

The Chief Commissioner absolutely refused to agree to this. He said the Board had given careful consideration to this, and had decided that the case must be decided at Ottawa. It would go on until it was finished. On Mr. Coyne's continuing his argument, Mr. Carrvell said with some asperity: "There has been an effort on the part of the West to make me out there and hold hearings. I tell you we're not going, and that ought to be the end of it."

C. P. R.'s Case. In the course of a statement, E. W. Beatty, K. C., president of the Canadian Pacific Railway, said that even with the rate increases asked for but with the increased wages now in effect in the United States the revenue of the C. P. R. for the year 1920 would scarcely equal its operating expenses, fixed charges (concluded on page 4.)

\$30,000,000 MORE TO EXPRESS MEN

80,000 Employees of American Express Co. Are Awarded Increases

Chicago, Aug. 10.—The Railroad Board today handed down a decision increasing the wages of 80,000 employees of the American Railway Express Company \$30,000,000 yearly.

The award is retroactive to May 1, 1920. The wage increase, amounting to sixteen cents an hour, will give messengers and other train service employees an increase of \$36.40 a month. All other employees will receive an increase of \$32.44. Train service employees work on a 24-hour month basis while all other employees work on a 204-hour basis.

BOYS' REPUBLIC TO SURRENDER CHILD WANTED BY POLICE

Chicago, Aug. 10.—Arthur Shafer, a twelve-year-old boy spirited out of the city by the Boy's Republic of Chicago, a self-governing league of Chicago boys, so that he could not be sent to a reformatory for playing truant from school, has been turned over to authorities of the parental school, according to Samuel Goldman, fourteen-year-old chairman of the republic.

1,000 POLES WISH TO HURRY HOME FROM DOMINION

Montreal, Aug. 10.—The Polish Vice-Consul here stated this morning that during the last week over 1,000 Poles had endeavored to obtain immediate passage home, all eager to defend their country against the Bolsheviks. Transportation is very inadequate, and they have been compelled to remain for the present. The Consul added that as soon as possible these men would be given passage home to Poland.

COMMERCE BOARD IN TERMINAL CITY TO HOLD SESSION

Vancouver, Aug. 10.—The Board of Commerce, which will open a session at the Courthouse here on Wednesday at 10:30 a.m. to hear complaints on profiteering or views on the cost of living, reach the city this morning. It is composed of Major W. White, K.C., Chief Commissioner; F. A. Acland, Deputy Minister of Labor; and Major D. A. Dillon.

THE HYTHE CONFERENCE.

The outcome of the conference at Hythe between Mr. Lloyd George, M. Millerand, Marshal Foch, Field-Marshal Wilson and Lord Beatty, must have been a sore disappointment to those reckless elements which have been vigorously beating the war tom-tom during the last few weeks.

The caution with which Mr. Lloyd George and M. Millerand are proceeding indicates their consciousness that public opinion in both Great Britain and France is opposed to a war involving the dispatch of large armies and enormous cost, except in strict defence of the vital interests of one or the other.

A striking lesson on this is to be found in the experience of the last two years in regard to Russia. The western Allies financed and otherwise assisted numerous counter-revolutions in European Russia and Siberia, besides sending troops there.

Just over \$100,000 of the city's allocation under the Better Housing Act already has been disposed of and no fewer than twenty-five houses actually are occupied by returned men.

After to-day's sitting of the Canadian Railway Board we shall know whether Mr. Hanna's suggestion of apprehension among members of various Western Boards of Trade, that the railways would not get an increase in rates high enough, is borne out by events.

A SIGNIFICANT RESULT.

Despite the local popularity of the successful candidate in the South Norfolk election the number of votes polled by the Independent Liberal is one more striking commentary upon the state of the party of which Mr. Asquith still retains the leadership.

LABOR'S THREAT.

Unless Great Britain holds aloof from participation in any enterprise directed against Soviet Russia British Labor proposes to retaliate with a prompt dose of "direct action" and all the term applies.

NOTE AND COMMENT

It is satisfactory to observe that the Canadian Pacific Railway Company is returning the new Johnson Street bridge plans with a few slight revisions.

Every available local man who needs employment and who is fitted to undertake a job on the construction of the Johnson Street bridge should be given his opportunity before one laborer is imported from the outside.

Mr. Charles E. Strong, Secretary of the Bar Association of New York County, returned to Gotham yesterday after a lecture tour in Britain with the reminder to Americans that United States meddling in the Irish question had earned for himself a good deal of heckling from British audiences.

Lady Astor has appealed to the womanhood of America to counteract anti-British propaganda by using its influence in fostering a closer spirit of friendliness and co-operation between the two countries.

After to-day's sitting of the Canadian Railway Board we shall know whether Mr. Hanna's suggestion of apprehension among members of various

Western Boards of Trade, that the railways would not get an increase in rates high enough, is borne out by events.

"The Attorney-General," wrote Mr. Pringle, "has expressed his opinion to the effect that in so far as the Government is concerned a reasonable request for a reinstatement at the next Legislature of the lands affected would meet with the approval of the Government, provided it would not be inconsistent with the general law of the Province."

do actual nursing, but will form the nucleus of a training school, where Roumanian girls and women can learn the rudiments of the profession of caring for the sick, very little of which is at present known in that country.

Montreal, Aug. 10.—Plans are afoot to send a delegation of Canadian nurses to Roumania to do special work in connection with reconstruction in that country, and, although no definite arrangements have yet been completed, Montreal will be represented in the party.

It was a woman, Florence Nightingale by name, or "the lady with the lamp," as she was fondly called, who laid the cornerstone of our modern system of public health and hospital nursing.

"We must prevent the unnecessary number of infant deaths," writes the statistician. "We must discover tuberculosis early," says the diagnostician. "Take the proper treatment for consumption," says the sanatorium expert.

Want Trespassing Ended.—The City Council was urged by letter from the Esquimalt & Nanaimo Railway Company last night to act to prevent continued trespass on railway lands by employees of the Harbor Marine and Cholberg Shipyards going to and from work. The Council had intended to construct a sidewalk for the men but, as the railway company will be informed, it cannot agree to the latter's proposals for an agreement on the subject.

### BRIEF LOCALS

G. W. V. A., Langford.—The Langford G. W. V. A. Women's Auxiliary will be formed this evening.

Photographic Society.—The annual meeting of the newly organized Photographic section of the Arts and Industries Institute will be held on September 3, when the officers of the society will be elected.

A. O. U. W.—There will not be a meeting of the A. O. U. W., Lodge No. 5, until August 25. The meeting due to-morrow has been postponed.

Provincial Executive to Meet.—There will be a meeting of the Provincial Executive of the Navy League here during the progress of the Naval Brigade camp, on Wednesday week.

To Consider Reverted Lands.—As soon as a list of all lands which reverted to the city at tax sales can be compiled, Mayor Porter will call a special meeting of the City Council to consider the disposal of the property, as a result of a decision of the City Council last night.

Grant of \$100.—The City Council decided last night, on recommendation of the Finance Committee, to make a grant of \$100 to the Victoria and Island Athletic Association to assist it in staging the big P. N. A. swimming gala here this month.

Decide Union Issue.—The question of whether Victoria should participate in the activities of the Union of British Columbia Municipalities was finally settled by the City Council last night. The council declined to send delegates to the Nelson convention of the Union, or to consider the request of the Union heads that it resume its membership.

To Present Petition.—Victoria lumbermen will meet the City Council in Streets Committee Friday and lay before it their contentions in connection with the smoke nuisance abatement. They will present a petition signed by residents of the district alleged to be suffering from the operations of local sawmills urging that the strict enforcement of the Smoke Nuisance Bylaw be relaxed in the factory section.

St. John's S. S. Picnic.—This year the annual Sunday School picnic of St. John's Church will be held under the auspices of the Forward Movement Continuation Committee of that parish. This was decided at a meeting held last night in St. John's rectory, and several energetic sub-committees were formed to look after the transportation, refreshments, sports and so forth. The outing will be held at Cadboro Bay Beach on Wednesday, August 18. Tally-ho motor buses will leave St. John's school room at 9:30 a.m., and every effort will be made to have a large attendance, not only on the part of the young people, but also the adult members of the congregation.

### FOR SEVERAL TERMS REEVE OF OAK BAY

William E. Oliver Dies Suddenly at Cowichan Lake

Death has invaded the ranks of Victoria's prominent citizens with alarming frequency during the past few months, and the latest victim of the grim reaper is William Edgar Oliver, a former Reeve of Oak Bay, and a prominent member of the legal profession, who died suddenly at Cowichan Lake yesterday while on holiday.

The late Mr. Oliver was fifty-three years of age, and a native of Edinburgh, Scotland. He received his education at Edinburgh University, studying for the Scottish Bar at that institution. Coming to Victoria in 1898, he entered into partnership with

### MISSING MAN FOUND WAY BACK TO CITY

E. B. Skinner arrived at his home on the Five Acres, Nanaimo, yesterday morning but little the worse for his three nights and four days spent in the woods in the vicinity of Buttle and Spencer Mountains. He is a little foot sore from his long tramp, but apart from that is suffering no ill effects.

His mistaking of Mount Spencer for Mount Buttle is the reason why Mr. Skinner found himself away from camp on Tuesday night, after spending the greater part of that day in an effort to secure a buck, which he jumped in a swamp not far from camp. Tuesday evening he heard his companions firing off signal shots and replied by discharging the only four shells he had in his possession. Owing to the mountainous nature of the country which made the sounds of the shots echo and re-echo, he was unable to locate his companions after repeated efforts to do so. He then came to the conclusion the best thing for him to do was to strike out for the Nanaimo Lakes rather than waste further time in an effort to locate the camp. He accordingly made for Green River and followed that stream down to the Fourth Lake, arriving at the Second Lake last evening.

### COURT SAYS MOUNTED POLICE GIVE MOTORISTS PLenty OF LEeway

In the case of the Steam and Operating Engineers against the Victoria Gas Company, where the latter company is charged with employing a non-licensed operator for the steam boiler work as engineer, Major Langley moved for adjournment of the case on behalf of H. W. R. Moore, who is conducting the prosecution, for the Steam Operating Engineers. Magistrate Jay consented to an adjournment of one week.

Fred Allen, drug addict, charged on two counts of stealing small articles of clothing, was sentenced to two months' hard labor on each count, the sentences to run concurrently. He was arrested by Detective McDonald, who caught the accused while in the act of taking some clothing from the store of Spence, Doherty. Allen told the court that he was trying to cut out the drug habit, and Magistrate Jay remarked in passing sentence that the term would give the man time to get accustomed to doing without the drug.

Drug Victims.

W. H. McMorran, charged with being unlawfully in possession of cocaine and morphine, pleaded guilty to the charge, and was fined \$25 with the option of one month in jail. Detectives Heather and Macdonald arrested McMorran at the St. James Hotel, when he had thrown the drugs out of the window into the hands of Detective Macdonald, while the latter was entering the door of his room.

Wong Gow and Sing, two Chinese arrested by Sgt. Fry with Constables Rogers and Palmer, pleaded guilty to the charge of being in possession of opium smoking paraphernalia and some of the drug itself. They paid \$20 each with costs of \$2.50 additional for the services of Wing the interpreter.

"Made To Be Broken."

J. A. Sayward called on remand on a charge of exceeding the speed limit, explained to the court what he had meant when he said that the sworn statements of Constable Forster were false. He had admitted to going over fifteen miles an hour, but thought that the speed limit was 25 miles an hour, and took exception to the statement of the officer to the effect that he, the accused, had been traveling over the speed of 25 miles an hour. Magistrate Jay stated that the matter was irrelevant to the case and that he had been found guilty of exceeding the speed limit, which was 15 miles an hour in the city, fining the accused \$20. Mr. Sayward characterized the speed limit regulations by saying that they were laws made to be broken. But he was reminded by the court that the mounted officers always allowed a margin.

"As a matter of fact," stated Mr. Harrison, City Prosecutor, "I think the officers in question, Mr. Forster and the other mounted constables are very reasonable in this matter, and I have several times noticed that myself, they always allow a generous margin."

James Smith, charged with stealing a bicycle, was allowed to go on suspended sentence after evidence of character had been recorded as to the former good conduct of the accused. Magistrate Jay held the boy until after court to speak to him.

Case Dismissed.

The charge against Lum Joe Woun, in which the police thought they had taken the head of the alleged drug ring in Victoria, of having drugs in his possession, was dismissed after lengthy evidence. William C. Moreby appeared for the accused and was successful in showing that no evidence as to the ownership of the drugs found had been proven.

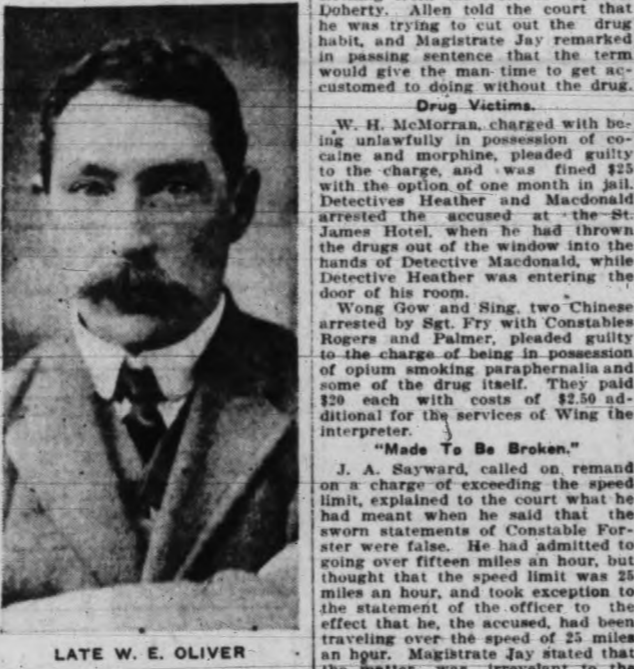

Detective Phipps and Siciliano told of the finding of a large quantity of cocaine and some morphine in a kitchen in rear of the premises at 14-15 Store Street.

The only evidence submitted to connect the accused with the purse containing the drug, which was found hidden under a sink in the kitchen, was the fact that he held possession of the property and that he had a key to the room. Thirty-two packages of cocaine and six of morphine were taken in the purse and later confiscated.

John Gilligan, proprietor of the Peanum bar, convicted of being the owner of a small quantity of whisky which was found on the premises by Sgt. Bounin, during a liquor search, was fined \$100. His partner, Harry Campbell, with George Priestly were acquitted of all blame in the matter. Campbell and Priestly had been included in the charge of having liquor in their possession.

## ZIONIST LEADERS ON VISIT TO CITY

Charles A. Cowan, of New York, Describes Work; Met Local Branch Here

Charles A. Cowan, barrister, of New York City, and head of the Zionist movement on the American Continent, and Professor Paul Radin, of California University, chief of the Zionist movement in the West, are staying at the Empress Hotel, having arrived yesterday in the city to organize the forces of Zionism to commence work on the drive for funds for the repatriation of the Jews to Palestine.

Mr. Cowan stated to The Times to-day that the Jewry of the American continent were as a class well to do and had lived prosperous and secluded lives for many years. It was "distinctly up to them to contribute to the cause of restoring Palestine as the chosen home of the Jews." Every one was to be asked to contribute to the new drive just about to be organized, and the hopes of the Zionist Association were firm in the conviction that they would be able to obtain three and a half million dollars.

Preparing the Soil.

Something of the work of preparation that is being carried on in Palestine was spoken of by the visiting officials, who stated that large areas of land in Palestine were being cleared and prepared for the return of the Jewish race. The natives of the country, divided roughly into the Bedolins of the Hills, and the Arabs of the desert, were not going to offer any serious opposition. It was stated, to the return of the Jews. The Arabs were in favor of the Jewish population, and even the savage Bedolins tribes were becoming reconciled to the idea.

After the recent outrages in Jerusalem, sixteen of the leading sheiks of the district had called on the British authorities and the heads of the Zion mission in that city and apologized for the unfortunate occurrence, stated Mr. Cowan, and that suggested a better spirit on the part of even the wilder tribesmen, that had at first been displayed.

The Present Mandate.

Under the terms of the San Remo convention, a mandate had been given to Great Britain to restore Palestine to the Jews, and this present drive for funds was instituted to effect that happy return of the Jewish race to the chosen land. Mr. Cowan stated that the Zionists were the main basis at hand, and it was with that idea that the officials were touring the country, now in Mr. Cowan and Professor Radin had

Last night the visitors met the local workers in the Zionist cause at a meeting here, with President Waxstock in the chair. Mr. Waxstock is head of the Victoria branch of the Canadian Zionist movement. Vice-President Max Morrison and Secretary A. L. Singer, with Treasurer J. Katz were also in attendance. Mr. Cowan delivered an inspiring address on the subject of starting another drive for funds, this time on connection with the repatriation to Palestine, while his remarks were capably seconded by Dr. Friedlander.
