Ulster and South Irish Conference May Be Arranged

Official Circles in London Express Hope Premier Craig Will Finally Agree; Discussion With Lloyd George To-day.

London, June 1.—Hope of a meeting between representatives of the Ulster Government and the Government of Southern Ireland was expressed after a conference held to-day between Premier Sir James Craig and Lord Londonderry, a member of the Ulster Cabinet, and Premier Lloyd George. The conference lasted an hour and a half and it is said the conferees will meet again tomorrow morning. Premier Craig informed an interviewer that he was not prepared to meet the Southern Irish delegates now in London, but would amicably discuss the Ulster situation with the British Premier.

It is understood, however, that the principal object of the conference is to place before the Ulster leaders the British Government's views on the Collins-de Valera pact and despite Sir James Craig's reiterated declarations that he will not meet Michael Collins and Arthur Griffith, official circles express the hope that he will alter his decision.

It was this position, it was indicated, which to-day was delaying the departure of Mr. Collins for Dublin.

CHURCHILL'S WORDS MAKE IMPRESSION

London, June 1.—Colonial Secretary Churchill's statement on Ireland in the House of Commons yesterday has made a deep impression. The serious emphasis which he laid upon the extreme gravity of the situation and the suggestion of the possibility of Great Britain re-occupying Irish territory are featured in this morning's newspapers as opening an ugly view leading to incalculable trouble. The conclusion receives some recognition, and the editorial comment is divided between these two aspects of the position, one section of the press laying chief stress upon the menacing outlook and the other urging the need for patience and deprecating the assumption that the tangle must be straightened out by the application of force.

In Darkness. The speech leaves the prospect of Irish peace overcast with impenetrable darkness. The arrangements which Times, "The Times" and Collins have proposed and which the Government has apparently accepted offers only the faintest hope of any settlement or the existing state of affairs.

Mr. Churchill and his colleagues have been too often led astray by over-confidence in Irish affairs. The Times, "The Times" and Collins have proposed and which the Government has apparently accepted offers only the faintest hope of any settlement or the existing state of affairs.

Treaty Supported. Confident that an overwhelming preponderance of British opinion supports the Anglo-Irish Treaty, the newspaper demands that the Government "diffuse their trust."

Both as regards the South and North of Ireland, "Ireland knows where Great Britain stands," it adds, "and in the light of that knowledge"

UNABLE TO RESCUE STEAMSHIP'S CREW

Men on New Zealand Cliff See Wreck Nearly 100 Sailors Involved in Disaster

Auckland, N. Z., June 1.—The 12,000-ton British steamship Wiltshire, with a crew of nearly 100 on board, is ashore on the New Zealand coast in a perilous position to-day, with small prospects of rescue because of the tempestuous seas running.

The Wiltshire struck near the Barrier Reef last night. She was full of water this morning and had broken in two. Relief parties on the cliff could see the crew, but were unable to get out to the vessel because of the terrific breakers.

The Wiltshire which sailed from the Clyde April 16, was last reported safe at Wellington, N. Z., and other Pacific ports.

OIL WAS FOUND IN AUSTRALIA, SAYS REPORT

London, June 1.—Reuter's Brisbane correspondent cables that petroleum is reported to have been taken from a well in the Beau Desert district, 35 miles south of Brisbane, Queensland.

AUSTRALIA NOW INVITES EX-OFFICERS FROM INDIA

London, June 1.—Responding to a recent communication from Field Marshal Rawlinson, Premier Hughes of Australia has given assurance that the Commonwealth would heartily welcome as settlers the 2,000 officers who are retiring from the Indian army.

MINERS KILLED BY EXPLOSION IN GERMANY

Essen, Germany, June 1.—Seventeen miners were killed and twenty-five were injured in an explosion to-day in the Helene and Amalie coal mine, which belongs to the Krupp's. Eight miners are missing.

GREATER VICTORIA PLAN ALARMS SAANICH MAY HAVE TO DEFER SEWER BY-LAWS

Believing that Alderman Todd's action in bringing forward his proposals for a Greater Victoria has had a disastrous effect on the chances of passage for the sewerage by-laws of Saanich, and thereby the city has imperiled its chances of securing the repayment of the cost of enlarging the northwest sewer for the benefit of a section of Saanich, Saanich councillors have expressed their intention of bringing the matter up at to-night's session of the Council, should a formal invitation from the Greater Victoria Committee not provide a medium for introducing the matter.

AMERICAN DEBT COMMISSION HOLDS SECOND MEETING

Washington, June 1.—The Allied Debt Funding Commission met to-day for its second meeting since its creation by Congress to negotiate the funding of the \$1,000,000,000 owed this country abroad.

NO WAGE AGREEMENT

London, June 1.—A Reuter dispatch from Sydney, Australia, says the conference between the coal operators and the miners ended with the rejection by the miners of the proposed reduction of wages.

CITY HALL WILL CLOSE SATURDAY

After being disregarded for two years, the custom of closing the City Hall on the King's Birthday will be restored on Saturday when the building will be closed all day. It was announced to-day. Failure to close the Hall on June 3 last year and the previous year caused protest among civic employees, and the decision to revert to the former system is hailed with delight.

National Chapter Considers British Immigration Issue

(By Times Staff Representative) Vancouver, May 31.—Canada's need for an immigration policy which would ensure for the Dominion settlers possessing the attributes essential to the making of true Canadians and the upholding of Empire traditions was emphasized by speakers at to-day's session of the National Chapter, I. O. D. E., now in session here.

Russell Walker, of Vancouver, in an intensely interesting and informative address, urged that the I. O. D. E. bend its concerted efforts towards the establishment of a national colonization commission with provincial representation, such representation to include members of the various organizations interested in the question.

A second suggestion of his embodied the idea that the millions of dollars now remaining in the Dominion should be used to develop areas available for progressive loans to bona fide settlers, and if used for the flotation of domestic bonds to provide loans to bona fide settlers of their property would not only prove the best investment at glit-edged security but would also result in the opening up of many millions of acres.

ALLAN CASES SET FOR JUNE 15

Montreal, June 1.—The preliminary hearing of the charge against Sir Montagu Allan, president of the Bank of Montreal, in the case of the Bank of Montreal, was set for June 15 on the suggestion of the attorneys for the defence.

The bill of indictment which is to be presented to the grand jury in the Court of King's Bench, re-opening the case against D. C. Macarow, general manager of the bank at the time of its absorption by the Bank of Montreal, is to be prepared under instructions given by Premier and Attorney-General Taschereau, C. A. Wilson, K. C., and J. K. Greenman, crown attorney, for this purpose.

It is generally believed that every effort will be made by the prosecution to have Macarow's trial begin during the present term of the Court of King's Bench, but as the grand jury will not submit its first report until the end of the month, the trial will not be held before September, as the court will take a week's recess.

As the trial will be held in September, it is likely the trial will not be held before September, as the court will take a week's recess.

HALL-NORTH CASES IN APPEAL COURT

Procedure Initiated to Bring Issue Up Again Grounds of Appeal Based on Alleged Irregularities

Police Commissioner Joseph North is cited as appellant in three of four appeals arising out of the Hall-North slander charges tried in March, stated J. B. Clearhue, solicitor for the defendant-appellant to-day. Acting for Commissioner North and ex-commissioner Dr. Ernest Hall, Mr. Clearhue filed the four appeal books to-day in time for the present list of Appeal Court hearings. The Appeal Court will open here on Tuesday next.

Four Appeals Listed. Dr. Ernest Hall is cited as appellant in the fourth appeal. The appeals include that of Sam Siciliano (respondent) and Joseph North (appellant); Ezra Carlow, Harry H. Macdonald and Sam Siciliano (respondents) and Dr. Ernest A. Hall (appellant); Harry H. Macdonald (respondent), and Joseph North (appellant); and Ezra Carlow (respondent) and Joseph North (appellant).

Irregularities Alleged. The general grounds of appeal, stated Mr. Clearhue to-day include the contention of the appellants that the learned trial judge, Mr. Justice Morrison, erred in the law, that the trials were not without prejudice, it is alleged, that the special jury trying the respondents were a nullity, and irregular in that the Grand Jury list was not properly constituted, having 100 names in the place of 96 as provided, it is said. There are also other grounds stated.

DEATH LIST IN BELFAST GROWS

More Murders; Situation at Strabane Easier Two Prominent Men Arrested in Belfast

Belfast, June 1.—It was officially announced to-day that in the course of searches made in the Falls area of Belfast last evening the police arrested two persons in responsible positions who were found in possession of documents which were being investigated.

The result, it was added, might be disclosure of a startling nature. More Violence. Belfast, June 1.—Grosvenor Road was the scene of intense firing this morning. A boy was struck by one of the bullets and killed.

In Falls Road there was considerable shooting at an earlier hour. Four wounded persons were taken to hospitals from this area.

Special Constable Rouleston, whose shooting precipitated last night's troubles, died of his wounds and this, together with the death to-day of another wounded person, brought the total of fatalities from yesterday's shootings to eleven.

A pathetic incident of last night's disorders was the shooting of a blind man and his landlady who were standing at the door of their home. The house was on fire nearby at the time, and the water from the hose flowing down the street washed over the bodies, which were not removed for an hour and a half.

In another district a mob swarmed around a butcher's shop and shot dead Mrs. Melroy and her daughter.

A Truce. Belfast, June 1.—Advices from the Strabane front this morning pictured the situation at that border point as considerably easier, it was declared a truce on the Strabane-Liford frontier agreed on at 10 o'clock last night had been honorably observed, with the communication by road between Liford and Strabane re-established and traffic allowed to flow to and from Free State territory.

LOCAL FANCIER HAS "QUADRUPLED" CHICKEN

A bewildered mother of the Rhode Island Red variety is to-day confronted with the problem of how successfully to raise a small feathered "quadrupled" which broke its shell this morning among a laying of otherwise reputable and standard type eggs.

Shunned by its brothers and sisters, and viewed with disfavour by its mother, the feathered inconceivable is now pondering on the inhumanity of a world opposed to enterprise and change.

Whether it will shed its extra pair of legs, now it finds them an embarrassment rather than an acquisition, persevere in its revolutionary career, or cut the Gordian knot by an early demise, is as yet uncertain. Meanwhile the little curiosity is the possession of Mrs. Smith, of 114 Menzies Street.

Forum to-Night. The suggestion to organize a community chest here to co-ordinate the collection of funds for patriotic, charitable and similar organizations and movements will be discussed by the Chamber of Commerce forum to-night at a meeting in the Sprout-Shaw Institute auditorium, commencing at 8 o'clock.

Hsu Shih Chang Is Forced to Resign as Chinese President

Gives Up Post At Extraordinary Meeting of Cabinet in Peking; Forces United Against Him; Gen. Li, New Chief, Was President Before.

Peking, June 1.—President Hsu Shih Chang tendered his resignation at an extraordinary session of the Cabinet held to-day. He was urged to withhold it until the Parliament convened at Peking. If a vacancy occurs before the new President takes office Acting Premier Chow Tsu Chi will act.

London, June 1.—President Hsu Shih Chang of China has resigned and General Li Yuan Hung, who became President following the death of Yuan Shih Kai in 1916, has been restored to office, according to official advices from Peking.

Parliament to Meet. Paoching, Province of Chihli, May 31.—General Wu Pei Fu, dominant figure in Chinese military affairs, announced to-day that General Chen Chiang Min, the Kwangtung leader, with the Tsuchuns, Min, denunciations of thirteen other provinces, had agreed to the recall of the old Parliament, for which the Chinese press has been clamoring in the belief that it was the only logical step for the restoration of peace and constitutional Government.

The expectation here is that the Parliament, if called, will hold a preliminary meeting in Tientsin. The announcement of the Tsuchun's adherence to the plan of calling the Parliament into action declared they with Chen, Chiang Min, denounced President Hsu Shih Chang as the greatest obstacle to the unification of China and as being responsible for the country's troubles. Hsu, the document declared, must resign or be driven out. The Tsuchuns listed were those of Chihli, Honan, Shantung, Shansi, Kansu, Szechuan, Hopei, Kiangsu, Yunnan and Kweichow.

King Boris was admonished by the Congress to renounce a constitutional monarch and not to attempt to usurp the power the agrarian party asserts it possesses.

King Digo. Sofia, June 1.—King Boris of Bulgaria has become his own gardener. He is seen any day in the palace grounds, spade in hand and dressed in an old lined duster, digging potatoes or planting cabbages and turnips. He believes the time has come when kings must do something more than merely figurehead.

In our own country," he said, "everyone must work. Our policy is one of productivity. Even my sisters, Princess Eudoxia and Princess Nadejda, are doing their share. You will find them in the kitchen doing some useful household tasks. Kings as well as nations must figurehead of work, and it is only through labor that we can regain our normal level."

Reducing Personnel. Simultaneously the Admiralty has taken immediate steps to reduce the personnel of the navy to not more than the total number required for the British navy as it will be constituted after the treaty has been ratified and put into operation.

While in reparations circles it is thought there will be no disagreement and that a loan of probably more than \$1,000,000,000 will be arranged within a few weeks, there is a tendency in some quarters to fear that the bankers will be unable to find a solution reconciling the economic and political elements of the problem. The bankers' committee meets this afternoon.

## TRAPPED BEAVER AND IS SENTENCED

### Man at Port Arthur Had Forty-five Skins

Port Arthur, Ont., June 1.—"The beaver is the national emblem of our country and if I had my way I would not allow one of these animals to be killed," declared Police Magistrate W. W. O'Brien in police court yesterday, after he had sentenced Fred Denhard to a fine of \$900 and costs or one year in prison for having forty-five beaver skins illegally in his possession.

"You are a licensed trapper," said the magistrate, "and I have no sympathy for you deliberately cleaned out that whole colony."

### A TARIFF CONTEST

Washington, June 1.—There was a revolt last night in the Senate Republican ranks against the Finance Committee's recommendations to impose a duty of 70 per cent. ad valorem on electric light bulbs and other il-

luminating glassware. An amendment by Senator Jones, Democrat, New Mexico, to substitute a forty per cent. rate was defeated thirty-one to thirty.

### ONTARIO FARMERS ARE OPTIMISTIC

Toronto, June 1.—Farmers who were in Toronto yesterday from all parts of the province for the purpose of attending the annual convention of the U. F. O. livestock shippers were unanimous in optimistic expressions as to the crop outlook, although in Simcoe County and along the Lake Ontario front showers would be welcome.

### REQUEST MADE TO OTTAWA

Ottawa, June 1 (Canadian Press).—John Millar, Progressive member for Qu'Appelle, asked in the House of Commons yesterday afternoon whether representations had been made to the Federal Government "that could properly be construed as an effort to prevent the importation of alcoholic liquor into the province of Saskatchewan for the purpose of export to other Canadian provinces."

"Yes," was the Prime Minister's brief reply.

## WAGE REDUCTION OF \$50,000,000

### Cut Affecting U. S. Railroad Shop Men Expected

Chicago, June 1.—A wage reduction of approximately \$50,000,000 affecting 400,000 railway shop craft employees is expected momentarily from the Railroad Labor Board as a sequel to last Sunday's slash of \$48,000,000 from the wages of 400,000 maintenance of way employees, according to The Herald and Examiner.

Reductions in hourly wages said to be awaiting only formal announcement are: Apprentices, 5 cents; helpers, 5 cents; mechanics, 7 cents; passenger carmen, 7 cents; freight carmen, 9 cents. Blacksmiths, boiler-makers, sheet metal and electrical workers are also included in the contemplated cut, according to the newspaper.

### TORONTO MAN KILLED HIMSELF; WOUNDED GIRL

Toronto, June 1.—Resenting the refusal of Annie Wengarten, 23, to become his bride, Sam Burger, 29, stepped up behind her in a shoe store where she was working yesterday and shot her in the back of the head. Then he turned the revolver to his own head and killed himself. The girl may recover.

### TRAIL SMELTER TO HANDLE ZINC

Nelson, June 1.—Announcement is made by the Consolidated Mining and Smelting Company of Canada that it will be in a position to accept shipments of custom zinc ore, beginning to-morrow, as its new plant for that class of ore has just been completed at Trail. It is expected that, owing to accumulated stocks in the hands of the miners, it will be necessary to allot (lease) for a short time until the accumulations are out of the way, after which the plant will run on regular production. This is the development that is expected to be of such value to the Slocan country, the zinc ore of which is now to be taken care of.

"For four years I used Dodd's Kidney Pills for my family," he says. "I have a little son thirteen years of age who also suffered from his kidneys. I gave him Dodd's Kidney Pills and now he is well."

"The kidneys strain all the poison out of the blood. The very nature of their work keeps them constantly in danger. They need almost constant help in order to do their work properly."

Ask your neighbors if Dodd's Kidney Pills are not the help weak kidneys are crying for. (Adv.)

## NEILL SHARES IN OTTAWA DEBATE

### Comox-Alberni M.P. Will Vote Against the Conservative Budget Amendment

Ottawa, June 1.—(Canadian Press).—Speaking on the debate on the budget in the House yesterday afternoon, A. W. Neill, Independent member for Comox-Alberni, said he considered it right to advocate protection in British Columbia and free trade on the prairies. Different parts of Canada found that their interests were best served by different fiscal arrangements. The tariff was at best a compromise, and the only thing was to see that justice was achieved in the fullest measure possible for all sections of the country.

The budget had been so fully discussed, that he proposed to confine himself merely to one angle of it. He proposed to regard it from the point of view of the Province of British Columbia. He intended to support the Government once more and to vote against the Conservative amendment, but he had grave doubts as to whether this was the wisest thing to do.

Prior to his coming to Ottawa he had consulted with some of his supporters and agreed with them that he would not support the Government on all reasonable proposals. The reason for this was that the Government was a new organization, and that it should be given an opportunity to show what it could do.

Mr. Neill turned to a discussion of the amounts of public money, which were spent in the Province of British Columbia. He stated that practically the whole vote for public buildings in the far western province went to the two cities of Vancouver and Victoria.

British Columbia had asked for exclusion of Oriental and Chinese immigration. British Columbia did not want promises; it wanted immediate action.

The coal miners were asking for conditions which would permit them to work more than two days a week. At present they were earning \$40 a month, or what was equivalent to about \$22 a month in Ontario. On this sum they were expected to maintain their families. While the coal miners were laboring under these conditions, they had a vision of ships of the Canadian Government Merchant Marine going to Japan and freighting Japanese coal back to the coast for the use of other Government vessels.

Mr. Neill believed his first duty lay to his constituency and then to his province. He could not see how, if the Government proposed to continue its present policy, it could hope to retain the support of the conservative portions of British Columbia. He proposed to lay the matter before the people of his riding in the recess and he would be guided next session by what he then learned.

William Elliott, Progressive, South Waterloo, thought the budget proposals a step in the right direction.

### Employment.

F. N. McCrea, Liberal member for Sherbrooke, Que., speaking of the industrial and economic situation, said workmen had no right to demand a six-hour day and a five-day week when the farmers, who fed them, were working seven days a week and fourteen hours a day. The farmer had to work so hard that he was a lucky man if he found time to go to church. Some persons said that if men were working ten hours, there would not be sufficient work for all. That was not correct and no sensible man would argue with that.

"Is it true that the 50,000 men are idle because they are not desirous of working. Will you deny the statistics of your own Government?" Angus MacDonald, Progressive-Labor, Temiskaming, demanded.

"Are they willing to work or is it positions they want?" was Mr. McCrea's retort.

Men were walking the streets who often refused work offered to them. Mr. McCrea went on. There was no need for any man to be idle in Canada. If so many were idle, why were more immigrants being sought? Canada either had room for more or the additional immigration was not wanted.

### EXCHANGE RATE SET.

Ottawa, June 1.—The rate of exchange connection with shipments of freight between points in Canada and the United States on June 1 to 14 inclusive will be one per cent. and the surcharge on the said traffic will be one per cent. The rate of surcharge on international passenger business will be based on one per cent. exchange.

### PICKFORD DIVORCE.

Carson City, Nev., June 1.—Mary Pickford's divorce from Owen Moore was sustained yesterday when the Nevada Supreme Court affirmed the order of District Judge P. Langan quashing service of summons in the action brought by Attorney-General Fowler to set aside the decree granted the movie star.

## Makes Better Tasting Dishes

While Pacific Milk is the only Milk put up in British Columbia which is owned and controlled by British Columbia citizens, it is not the chief reason for its wide popularity among cooks. They like it because it is better milk. It is rich and pure; the flavor is like that of fresh, sweet cream, and it goes further in cooking.

BOND TRANSACTIONS.

The Finance Committee of the City Council says it has made half a million dollars for Victoria by the bond transactions in which it has been engaged in the last few weeks.

Regardless of their speculative value in the meantime, however, the bonds which the city has just acquired around 72 will return full face value at their maturity in 1961, when the money will be required to meet the loans for which the sinking fund is maintained.

Another world war, of course, would send the price of money high again, but if there is one thing certain in the book of Fate it is that there will not be another such conflagration as that of 1914-1918 within half a century, if at all, because it will take at least that time for this stricken sphere to recover from the last one.

It is interesting to observe that the City Council would like a few more thousands of dollars to continue the building of dwellings under the Better Housing Act. It has already obtained loans to the extent of \$180,000 and there are no fewer than fifty-four modern and comfortable houses to show for it.

HOUSING.

It is interesting to observe that the City Council would like a few more thousands of dollars to continue the building of dwellings under the Better Housing Act. It has already obtained loans to the extent of \$180,000 and there are no fewer than fifty-four modern and comfortable houses to show for it.

have dispelled the many doubts which existed in the minds of more than one alderman prior to Victoria's participation in the scheme. But it also means that there are fifty-four happy and contented ex-service men and their families in possession of their own homes—a condition that would scarcely have been possible if the Council had failed to overcome its early prejudices to the Better Housing Act.

Victoria is not alone in its appreciation of benefits derived through participation in housing programmes. Other cities of the Province have applied for more money—only to discover that there is very little of the original appropriation left. This more general display of enthusiasm would seem to suggest that the business of loaning money to the municipalities for housing plans might be continued by the Province with prospects of success in more ways than one.

GOLF! ROADS! POLICE!

During the next thirty days the City of Victoria will have an opportunity of welcoming the delegates to three conventions. Two are conventions in the accepted sense of the term and the third event can be placed in the same category if only for the reason that the "business" of the visitor will bring him into contact with an important local "industry."

Next in order of date is the annual convention of the Good Roads League of Canada whose delegates will include representatives from every Province in the Dominion. It is hardly necessary to emphasize the importance of this particular gathering. At this stage in the country's progress the question of roads, more roads and better roads, is one of prime concern to rural and urban communities alike.

Following closely upon the Good Roads Convention will be the annual meeting of the Dominion Chief Constables Association. Our own Chief of Police attended last year's convention in Montreal and his warm invitation on that occasion resulted in the choice of Victoria for the 1922 event.

But the chief concern of Victoria and its people should be the comfort and warmth of welcome that are extended to these visitors while they are in our midst. Three distinct branches of interest will be represented at these three gatherings and it ought not to be difficult for the average individual to assist Victoria to get the full advertising value. We ask that the people as a whole make up their minds to let the visitor know that we are glad to welcome him or her. Those who take away pleasant recollections will come back—some to stay. Getting these people for permanent residents is our best industry.

THE HIP-POCKET FLASK.

Advices from Vancouver indicate that the hip-pocket flask of Scotch whiskey has already made its appearance on the shelves of the vending establishments in the Terminal City. That being the case we shall expect to learn that similar facilities are about to be offered to patrons of the Victoria store. With sales of the conveniently sized "sealed package" in

full swing in the more populous centres on the Coast it will only be a short time before the general policy will be applied to the Province as a whole. We are not aware if the new departure has been undertaken as the result of popular request or whether it is merely a bid for larger sales and consequently a greater volume of profit. We do not recollect having seen any published demand for vest pocket editions of the familiar vessel. Correspondence from readers of the newspapers seems to have been conspicuous by its absence. All of which prompts the inquiry as to why the Government should have authorized the Liquor Control Board to depart from a system that insured a measure of moderation and did not seriously threaten that phase of the law which prohibits the consumption of alcoholic liquors in a public place.

At whose suggestion has this first step towards defeating the will of the people been taken? Whence came the demand that it should be made simpler to take a whiskey and soda at the dining table of a public restaurant? To this condition the recently inaugurated policy effectively paves the way. Few individuals would risk the bulge of a reputed quart; but the hip-pocket line is just the thing for convenient use in public places—and it can be obtained with a government label that establishes right of possession. All that is required is a little dexterity in handling and the law can be neatly broken.

We are referring to this subject for a second time for the reason that we fear the policy was decided upon before Mr. Manson made his announcement in connection with his idea of the purpose of the Liquor Control Act. Certain it is that the hip-pocket business cannot be conducted in the interests of public morality and conform to the Attorney-General's conception of the people's wishes. It is obviously a revenue producer and as such it must be obnoxious to Mr. Manson. Couple this undesirable phase of the innovation with the facilities that it produces for defeating a vital section of the Act and there will be found ample reason why Mr. Manson and his colleagues should stop the business forthwith.

NOTE AND COMMENT

It is now time for another sudden development in the Irish situation that will once more furnish hope for ultimate peace. British air officials will test the possibilities of commercial flying by night between London and Paris. Aerial lighthouses already have been established in readiness. Thus has aerial navigation progressed.

CHILD KILLED BY AUTOMOBILE

Montreal, June 1.—A few seconds after a woman had kissed him because of his attractiveness, three-year-old Yves Fortin, of Pointe-aux-Lies, was struck by an automobile yesterday near his home and died of his injuries. The child slid from the woman's embrace, stepped out on the road and was fatally injured.

Make Your Garden A Wonder Garden

It's easy. Market growers know the secret. Follow it and have the largest crops of fruits and vegetables, an abundance of the biggest and sweetest scented flowers of the most intense and vivid colors. Here is the secret! The better grades of commercial fertilizers contain only 2 to 5 per cent. nitrogen; 5 to 18 per cent. phosphoric acid and 3 to 5 per cent. potash, combined in material that has no fertilizing value. Most fertilizers are far below this average.

ULSTER AND SOUTH IRISH CONFERENCE MAY BE ARRANGED

(Continued from page 1) she must choose swiftly whether she should take the liberty so unequivocally offered by the treaty or accept the doom that inexorably awaits its rejection.

The Daily Mail says: "The country was looking anxiously for official assurances that Collins stood by the treaty but there would be real freedom at the election and that the attacks on Ulster would cease or be suppressed with the whole strength of the British Government. On not one of these points was anything forthcoming that relieves the public fears."

IRELAND NOT TO BE ABANDONED

The Daily Telegraph insists that the "British can not abandon Ireland to anarchy or hand it over to an extra-legal junta of rebels or republicans." The Daily Chronicle, on the other hand, while admitting the seriousness of the outlook says: "Nothing in the speech was better than the concluding passage wherein Mr. Churchill insisted upon the wisdom of carrying out the treaty on the British side most carefully in all its points, so that we should give it every chance to succeed."

Would Be Absurd.

The Daily News says: "It would be the climax of absurdity to permit Ireland to relapse into anarchy or be plunged into the horrors of invasion simply because Valera refuses to conform with some perhaps unimportant details of the treaty. There is no question that Ireland could be reconquered and a kind of peace could be restored after a sufficient number of its youths had been killed, its villages burned, its trade destroyed and the country more or less laid up to the world as the true inheritor of the Prussian tradition, but the Englishmen who wish this are very few."

CHIEF OF STAFF AT CABINET MEETING IN LONDON TO-DAY

London, June 1.—To-day's Cabinet meeting for consideration of the Irish situation was attended by general the Earl of Cavan, Chief of Staff of the British army, and Sir Laming Worthington-Evans, the Secretary for War. It is understood one of the chief points of the discussion was the military situation in Ulster and its possibilities.

TEA SHORTAGE—HIGHER PRICES

In 1920, so much more tea was produced than required throughout the world, that the market dropped to a very low level. The situation was so serious that tea growers, the year after, agreed to reduce their production 20 per cent. during 1921. Consumption, which has increased tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea tax in England has further stimulated consumption, which means that even higher prices may soon be expected.

**JACKSON GREGORY**  
WROTE FINE STORY

**Pauline Frederick Appears in  
Newest Columbia Offering**

A story that bristles with thrilling incident and glows with the warmth of romance gives Pauline Frederick a splendid vehicle in "Two Kinds of Women," her current R-C production, which is the feature attraction at the Columbia Theatre to-day.

"Two Kinds of Women," based upon Jackson Gregory's novel, "Judith of Blue Lake Ranch," is a Western story and one of the most engrossing that ever flowed from the facile pen of Mr. Gregory, who has to his credit a long list of notable stories laid in Western settings.

"Two Kinds of Women" introduces Miss Frederick in a role that fits her as snugly as a rubber cap fits the head of a bath. She is the virile, efficient, wholesome type without losing a bit of the feminine charm that makes her beloved of motion picture audiences the world over. She finds, for example, that the welfare of the big ranch her father has left her is jeopardized by a group of culprits headed by one of the employees, and

## AMUSEMENTS TO-DAY

Variety—"Humoresque."  
Royal Victoria—"My Boy."  
Princess—"Her Husband's Wife."  
Capitol—"A Sailor-Made Man."

the plot revolves chiefly about her fight to oust the gang.  
Through the story of adventure that moves swiftly from the outset is woven a romance that does much to heighten the dramatic appeal of this most interesting narrative.

Among those who appear in support of Miss Frederick are Tom Santachi, who is also a star in his own right; Charles Clary, who has appeared in many notable photoplays; Eugene Pallette, Jack Curtis, Billy Elmer, Clarissa Selwynne, Jean Calhoun, and Harlan, famous as a musical comedy star several years ago and still a mirth-provoking power on the screen. Tom Bates, Dave Winter, James Farley and Joseph Singleton.

## VARIETY

Vera Gordon, the actress who makes such a tenderly appealing figure of the mother in "Humoresque," was engaged to play the role as the result of a lucky coincidence. Miss Gordon is an enthusiastic traveller and has explored practically every corner of the globe. She combines business with pleasure, accepting theatrical engagements with foreign lands. In this way she has become mistress of six or seven different languages and is at home in Vladivostok, Honolulu, or New York.

Miss Gordon, just returning from one of her periodical trips abroad, was descending the steamer gangplank when Frank Borzage, director of "Humoresque," who was looking for a friend arriving at the same time, spotted her. Borzage was at that time picking players for the different roles in the picture. He saw at once that Miss Gordon was the ideal type for "Mama Kantor" and, having met her previously during his own career as an actor, he approached her with the proposal that she should play that Miss Gordon appeared at the Cosmopolitan studio the next morning ready for work.

She enjoyed an extensive experience on the stage previous to her debut in pictures, playing leading roles in "The Land of the Free" and "The Gentle Wife." "Humoresque" will be the feature attraction at the Variety Theatre to-day.

## ROYAL VICTORIA

Jackie Blair could wash dishes, make beds, cook "hot dogs" and be generally useful about the house when it was necessary to stall the insistent landlord and to obtain money for medicine and food he had arrived in America but a few days before, a homeless orphan.

It was in the home of the old sea captain that Jackie demonstrated his versatility. The captain had not wanted him as a member of his household, but Jackie could not be discouraged and had not waited for an invitation. He speedily demonstrated his worth, and when it came time to part it was the captain who broke down and wept.

Jackie's adventures in a new country form the backbone of "My Boy," an Associated First National attraction starring Jackie Coogan, which is the attraction again to-day at the Royal Victoria Theatre. The picture is winning thousands of new friends daily for this youthful but talented star of the films.

## BRILLIANT COMEDY WINS ADMIRATION

**Princess Offering of "Her Husband's Wife" Received Splendid Ovation**

A play which is sure to appeal to the theatre-going public is "Her Husband's Wife," produced at the Princess Theatre last night for the first time. It is not very often that a wife sets about to select a wife for her husband after she has passed away.

But such was the case at the Princess last night when Virgie Randolph, dwelling under the hallucination that she was about to die, picked out a wife for her husband to take her place after her death.

Woven around this peculiar desire is the theme of the entire play. It supplies a fabric of events which develop into some very amusing incidents winning convulsions of laughter from the audience. Violet Neitz took the part of Virgie Randolph, while the part of the man who is "Her Husband's Wife" was Lillie Ladew, played by Adeline Rundle. The intended wife, after being forced to promise to this strange agreement, did not prove to be the quiet, reserved woman anticipated. Then it was that Stewart's wife decided she had made a wrong move, and thus the climax came to the play.

Still again, you are in ancient Egypt of the Pharaohs with the pyramids standing in grim and reeking silence at your back. Then again there comes into your purview, dainty drawing rooms that ring with the laughter of children; and then old court rooms sodden with sorrows and the memories of sorrows.

There is always something interesting and distinctive about Griffith's "sets" but those of "Dream Street" have a charm that is beyond description. "Dream Street" will be the feature at the Capitol Theatre beginning next week.

## "DREAM STREET" COMPOSITE PICTURE

**Another Picture From Remarkable Producer at Capitol**

"Dream Street," the new D. W. Griffith picture is a charming little voyage through a land that is distinctly Griffithland.  
In a foreword to the picture, he says: "It is not Limehouse, nor London, Penrynfields nor High Street. It is just one of the fascinating lands of Nowhere that Mr. Griffith invents."

It has the most charming and poetic landscapes of any of the countries into which he has wandered.

With the actors you seem to roam through the diamond dust of strange old alleys, with their dirt and their perfumes and the odd life goes jangling through the shadows.

With the queer sardonic Chinaman you tread stealthy stairways that seem to creak with memories and confessions or, with Gypsy Fair, the adorable little dancer, you trip measures in the sunshine of broad walks and little courtyards.

Sometimes you are upon the docks with the masts and spars of the shipping black against the starlit sky. Again, you are in funny stuffy little dressing rooms which seem to have the age and traditions of the real world.

There is always something interesting and distinctive about Griffith's "sets" but those of "Dream Street" have a charm that is beyond description. "Dream Street" will be the feature at the Capitol Theatre beginning next week.

## "SCHOOL DAYS" SHOWS PUPIL'S PRANK

**Wesley Barry in Comedy of Youthful Errors**

One of the many humorous touches in Gus Edwards' "School Days" featuring Wesley Barry, which comes to the Dominion Theatre next week, takes place in a French tutor's private school for wealthy children. The freckle-faced screen star is one of the pupils, and he loses no time in making the teacher look foolish in the eyes of the school children.

The French teacher called Wesley to the platform to read the day's lesson—"La Parfume de Le Rose."  
"Consider, M'sieur," the dapper instructor quoth, dipping his finger into a small jar of pomade and waxing the tips of his dainty mustache. Consider: What is stronger

and sweeter than the scent of the lovely rose?" Again that habitual dipping of the fingers into the pomade and the artistic waxing of the mustache.

Wesley knew what was stronger than the scent of the rose. Also, he knew that it was necessary for many reasons to rid himself of the hamburger cheese melting in his pocket. His agonized eye lit on the jar of the pomade. With a surreptitious movement he deposited the morsel therein, and hurried on with his translation.

"Not so rapid," cautioned the teacher. Again the fingers dipped into the jar. Again the tips of the mustache were twirled. A spile of satisfaction—but suddenly a queer look came into the teacher's eyes.

An odor, a detestable, pungent odor of—where was it coming from? One glance into the pomade jar, one hasty whiff and he leaped to his feet. Hurriedly, Wesley rushed to his seat.

Around the room in delicious quest for the culprit ran the Frenchman. "I am not excited," he yelled. "No, I am a cucumber. But politely, painfully I ask—who put so cheese in ze pomade?" He passed Wesley, yanked the kerchief out of his hands and sniffed it. "Aha!" he thundered. "You—I—you—I—" words eluded him. "What to expect? From a silk cap you cannot make a sow's purse! Class adjourn for lunch. As for me, I go to disinfect."

## COMING TO DOMINION

A young man stood at the gunwale of a scudding barque, gazing at the rapidly disappearing shores of his native land. Waiting in the little seacoast village was his promised bride.

Months later the young man's boat felt in with a rover from Salee and he was taken captive by the Moors.

So it was that the little girl who had promised to be his wife thought him dead after waiting in vain for some word. She was now betrothed to another—the man who had always claimed to be her former sweetheart's best friend.

Their wedding night was here. The little cottage had never before been so decorated and seemed to burst with pride as the gaily dressed friends and neighbors assembled for the gala event.

But outside the silent stars were witnessing another event. The sweetheart of former days sighting the familiar shores of his old home, jumped overboard, escaping the Moore, and swam to shore.

He rushed to the little cottage, happy with the thought of claiming his bride—but the bright lights and festive air made him hesitate.

The ceremony was in progress. He hurled himself on his friend—then realized the uselessness of being revenged.

As suddenly as he had arrived he left the cottage—slowly and silently he walked the beach while only the moon and the stars knew of his suffering. It is one of the big dramatic moments in "The Adventures of Robinson Crusoe," which comes to the Dominion Theatre next week, with Harry Myers of "Connecticut Yankee" fame starring through eighteen colorful chapters.

It is one of the big dramatic moments in "The Adventures of Robinson Crusoe," which comes to the Dominion Theatre next week, with Harry Myers of "Connecticut Yankee" fame starring through eighteen colorful chapters.

Freckle-faced Wesley Barry, the inimitable movie celebrity, will grace the screen of the Dominion Theatre, all next week in his latest starring vehicle, "School Days," made from the Gus Edwards' classic of the same name.

The very mention of the words "School Days" holds an appeal for young and old, and it is said that every mother who has boys, every man who remembers his boyhood, every human being who can thrill to the joys, the disappointments, the pranks and the glory of boyhood will go to over the trials and tribulations of Speck, Brown, better known to the screen world as Wes' Barry.

Briefly, the story centres around a small town boy who loses the old swimmin' hole and his dog, Hippy, better than anything else in the world. He meets a wealthy uncle who sends him East to get an education. Here he meets many youngsters of wealthy parents, and he finds himself out of the social swim. He is beset by many trials and tribulations, and finally he goes back home to his faithful dog and his little country sweetheart, via the freight train route.

There are said to be many other interesting high-lights in the picture, in addition to a cast composed of a number of players who have graced the screen in scores of productions. The cast includes in support of Wes' Barry, Nellie P. Spaulding, Margaret Seddon, Jerome Patrick, George Lesley, Arline Blackburn, J. H. Gilmore, John Galworthy, Eveline Sherman, Francis X. Conlan and Arnold Lucy. The production was made by Harry Rapf, and directed by William Nigh.

## CAPITOL

The spectacular comedian, Harold Lloyd, often has a place in his comedy play, which is usually a comedy. In his new Associated Exhibitors' feature, "A Sailor-Made Man," he has a regular niche for one "Queenie," a comestant in a delightful scene that has an important bearing on a lot of filmmaking. Among those also present are the actor, who is very popular, who is the mascot aboard the battleship, who Lloyd is seen as a "gob."

The screen makes the fashions. And the actress who does not realize the fact falls in her duty to her admirer. In "A Sailor-Made Man," one of these, however, as is evidenced in "The Truthful Liar," a Reelart picture distributed by Famous Players-Lasky Corporation, which is on view at the Capitol Theatre.

Miss Hawley, as the petted young wife, wears some charming creations. Particularly does she introduce a novelty, the "fifty-fifty" dress, about which both the liberals and the extreme Puritans will find something to admire—from different points of view, naturally.

Seen from the front, it is a black charmeuse evening gown heavily beaded on the bodice which is very high, giving but a small glimpse of neck and shoulder. A fringe draping at the shoulder gives the effect of sleeves. Demure as is this gown it is "backless."

In "The Truthful Liar," Miss Hawley is supported by Edward Hearn, Charles A. Stevenson, Casson Ferguson, E. A. Warren and others.

Dame Nature always plays a role in motion pictures. But she is not always reliable, as Rex Ingram found during the filming of his production for Metro of "Turn to the Right," which is now on the screen at Harry O'Hara and June Mathis from the John Golden stage success by Winchell Smith and John E. Hazard, and now showing at the Dominion Theatre.

The story centres about peach jam and the peach orchard. On top of the orchard is located a peach orchard in California, where oranges and lemons seem to have monopolized the fields, Ingram was confronted with the problem of photographing the trees both in blossom and bearing he matured fruit. It became a question of patience and waiting.

Nature refused to hurry. For two months after the rest of the picture had been completed, the company was forced to wait upon the ripening of the fruit for the harvest scenes.

"Turn to the Right" was photographed by John F. Seitz. A. J. Myers and Harold Grievie, were art directors for the production. It is presented by John Golden and Marcus Loew.

**NORMA TALMADGE**

COMING TO ROYAL

Will Be Featured in "Smilin' Through"

Norma Talmadge has a splendid supporting cast appearing with her in her latest starring vehicle, "Smilin' Through," which will be the first National attraction at the Royal Victoria Theatre next week.

The two principal male roles are portrayed by Dream Standing and Harrison Ford and other well-known screen artists in the cast are Alec B. Francis, Glenn Hunter, Grace Griswold, Miriam Battista and Eugene Lockhart.

BERENGARIA NOW IN FINEST SHAPE Former Emperor, Now Burning Oil, Is Showing Speed on Atlantic Route

The Berengaria, one of the three ships in the world registering over 50,000 tons, having been completely reconditioned to burn oil fuel, is again in service on the Atlantic and in better shape in every way than when she sailed the high seas a year before the war as the Emperor.

Her re-entry into the Cunard Line's Channel service completes the weekly round to Cherbourg and Southampton, a ship sailing every Tuesday. The Berengaria's average time is 23 1/2 knots an hour. On one of her big days' runs she covered 612 knots, an average of 25 1/2 knots an hour, a run excelled only by the Mauretania with a day's run of 676 knots, an average of 28 knots an hour. The Aquitania's best day's run was 602 knots, but last August she kept up a speed of 27.40 knots an hour for four hours.

The Berengaria has been undergoing conversion on the Tyne for the past six months, and her overhauling has been most complete. Oil-Burning Installation. The big ship's forty-six water tube boilers have been made suitable for burning oil fuel. The oil required for a single voyage across the Atlantic is estimated at about six thousand tons. The system of draught to the furnaces has been altered from forced draught to the closed stockhold system. The oil installation is a modified arrangement of the "White" oil fuel burning system to suit the closed stockhold system of draught.

THOMAS SPARKS IS RECOVERING FROM PAINFUL ACCIDENT

The friends of Thomas Sparks, wharfinger at the Ribbet docks, will be pleased to learn that he is rapidly recovering from the effects of the painful accident which occurred at the wharf yesterday. Mr. Sparks was supervising the mooring of the steamship Cardiganshire when the strain on a wire hawser caused it to slip from the bollard, striking Mr. Sparks in the head and rendering him unconscious. Medical assistance was secured and he was taken to his home. On inquiry being made this morning it was learned that Mr. Sparks was making fine progress toward recovery.

HELPFUL HINTS ON SPRAYING

The manufacturers of Kero-Spray, the most effective insecticide on the market, giving the following useful hints on spraying. Fruit trees should be thoroughly sprayed as soon as Spring weather hatches out the eggs of insects. It should be done just as the leaves break and before the bloom develops. Use Kero-Spray, applied with any good sprayer, 1/2 gallon makes 25 gallons of spray at a cost of \$1.25. In quantities the price is \$2 and special price on larger quantities. For rose bushes, shrubs and other plants spray as soon as the leaf develops and throughout the season as the first sign of insect life appears. Thorough spraying in Spring will save constant spraying later. Apply with sprayer or a whisk being sure to get on under side of leaves and buds. Kero-Spray comes in large bottles (making 5 gallons) for garden use.

Kero-Spray contains Black Leaf Forty, Arsenate of Lead, Kerosene, Whale Oil Soap and emulsifying ingredients. It will not harm the plant, leaf or bloom. On the contrary, it makes the plant sturdy and able to resist rust, blight, mildew and fungoid disease, etc. You can obtain Kero-Spray at any Vancouver Drug store, Vancouver, Victoria, New Westminster. PORT COMMISSION OF SEATTLE BIDS FOR SHIPYARD SITE

Col. G. B. Lamping Offered Shipping Board \$50,000 for Skinner & Eddy Yard

Seattle, June 1.—Colonel George B. Lamping of the Seattle port commission, returned here to-day from Washington, D. C., where he made the Shipping Board an offer of \$50,000 for the Skinner & Eddy yard No. 1 on behalf of the commission. Col. Lamping reported the offer as favorably received and stated that consummation of the deal awaits a plan by means of which it can be worked out. The yard, it was explained, is to be used by the commission for industrial and shipping activities. It comprises 25 acres in the center of Seattle's industrial district.

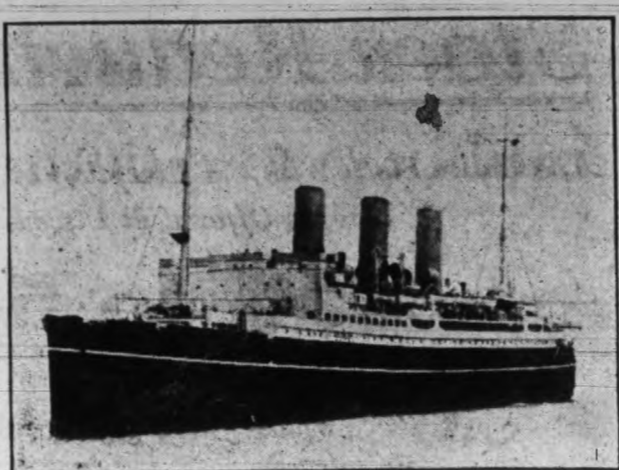

The steamship Cordova will be the first merchant ship of the season to leave here for the Bering Sea. She will carry freight and passengers. George F. Cotterell, a newly-elected member of the Seattle port commission, will take his seat next Monday. He succeeds Dr. W. T. Christensen, retiring member of the commission. The commission will organize for election of officers at the Monday meeting.

An interchange of arrangements has been made between the Admiral Line and the Pacific Mail Steamship Company according to an announcement made here to-day by A. G. Micklen, passenger traffic manager of the Admiral Line, by means of which tickets may be used on the ships of either line in the Far East. The steamship Victoria will sail for the North Sunday morning after undergoing extensive alterations here.

SS. WELSH PRINCE BREAKS AMIDSHIPS

Astoria, Ore., June 1.—The British steamer Welsh Prince, lying in the channel of the Columbia River, ten miles above here, where she was in collision Sunday night with the American steamer Iowan with loss of seven lives, broke in two amidships Tuesday night, according to a report received here from marine men engaged in an investigation of the accident. The Welsh Prince was loaded with steel and lumber and the weight of the steel was believed to have caused the hull to break. Plans and steel were dumped behind a jetty.

YACHT LAUNCHED FOR SIDNEY MAN

Major A. H. Buck Had Boat Built by Hoffar Company at Vancouver

The new schooner yacht built by the Hoffar Motor Boat Company at Vancouver from designs by E. B. Schock for Major A. H. Buck, of the Royal Victoria Yacht Club, was launched Tuesday night. The boat is 41 feet over all by 11 feet 9 inches beam, and carries 1012 square feet of working sail. She is also equipped with a 20-horse-power auxiliary. The new yacht is built something on the lines of the well-known schooner Adelphi, but with the same waterline length of 30 feet has shorter overhang at bow and stern, and somewhat greater beam and displacement. Her designer expects she will be a faster boat than Adelphi.

With a capacity cargo and but twelve passengers in her cabin space, the C. P. S. S. Empress of Japan sailed from Vancouver at midday and is expected to leave here about 8 o'clock this evening for the Orient. This is the last voyage of the Empress of Japan in the trans-Pacific service of the company, as under the present plans she will be withdrawn from the service on her return.

FOUR SHIPS FOR PACIFIC SERVICE

Four Vessels May Be Added to C. G. M. Fleet on This Coast Canadian Highlander Loading Lumber Here for Australia

Four additional freight carriers will shortly be placed in the Pacific service of the Canadian Government Merchant Marine, it is learned on excellent authority. While nothing definite is yet known regarding the ultimate plans of the company in the augmentation of its fleet on this coast, it is understood that three steamships for the offshore services are being ordered for the British Columbia-California coast trade will be sent out to this coast from the Atlantic.

The number of Government ships operating on the Atlantic coast is greater in proportion to the amount of business offered, and as trade on the Pacific is good the extra vessels call for in nicely. That another vessel is shown by the fact that the G. T. P. steamer Prince Albert has been pressed into the service as an extra vessel. Highlander Here. The S. S. Canadian Highlander arrived at the Ogden Point docks this morning from Vancouver to load some 200,000 feet of lumber for Australia. She will put to sea direct from this port.

OBJECTIONS FILED BY MORSE COUNSEL OVERRULED BY JUDGE

Washington, June 1.—Demurrers filed by counsel for Charles W. Morse, his three sons and eight others to indictments charging them with attempt to defraud the United States Government by conspiring with the United States Emergency Fleet Corporation, were overruled yesterday by Chief Justice McCoy, of the District of Columbia Supreme Court. The Court held that the charges were sufficiently definite to make the indictment a protection to the defendants against further prosecution, and it sustained the Government's contention that defrauding of the corporation, an agency of the United States Shipping Board, constituted fraud against the Government. District Attorney Peyton Gordon announced he would ask the Court to set a date prior to the Summer recess for trial.

A FINE COMPLEXION

Can be Had Through Keeping the Blood Rich and Pure. A girl's complexion is something more than a matter of concern to her vanity. It is an indication of the state of her health. Pallor in a growing girl means a thinning of the blood. Eruptions mean impurities in the blood. Mothers should be watchful of their daughters' complexions, and see to it that these signs are corrected—not covered up.

When a girl in her teens becomes pale and sallow, especially if, at the same time, she shows an inclination to tire easily, a listlessness and inattention to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in its elements that Dr. Williams' Pink Pills can supply, but the physical signs are plain. The girl with a bad complexion, or who suffers from occasional headaches, who is easily tired and breathless after slight exertion, should begin taking Dr. Williams' Pink Pills at once. A good appetite, sparkling eyes and rosy cheeks follow the fair use of this medicine. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or at boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ROTARY DELEGATES TO TRAVEL FAR

Great International Meeting Draws from Many Countries

Los Angeles, Cal., June 1.—One hundred and fifty delegates from outside the continental limits of the United States are traveling more than three quarters of a million miles to attend the convention of the International Rotary, to be called to order here on the morning of June 6. Professor William A. Osborne of the University of Melbourne, Australia, is making the longest journey and started on his way more than a month ago. Professor Osborne is president of the Rotary Club of Melbourne. Two Rotarians, one of them a well known Chinese, are coming from Shanghai, and two will be from Manila. Uruguay will send one delegate. Ireland will be represented by two. France one, England, Scotland and Wales will have forty, Cuba is sending forty, and Mexico three. There is no such word as "foreign" in Rotary, according to the officers of the organization and the principle of the convention this year will be the adoption of an international form of constitution. The draft that has been prepared by a representative committee, which includes delegates from every section of the Rotary world, provides for representation of the overseas clubs in the international board of directors. The sixty-eight Rotary clubs in the British Isles have nominated Alexander Robertson, Edinburgh, Scotland, for the board of directors. The nomination is regarded as equivalent to election in this particular case, if the proposed constitution is adopted.

When Painters Swear by Our Quality and Range, You Can Too!

WHETHER it be Wallpapers, Paints, Varnishes, Brushes, or any Paint-store article, you'll find us RIGHT. Our long experience tells us what Victoria homes need, and we plan to have what you want when you want it. More than that, you'll be pleased with quality and price—and you will long remember the satisfaction of your purchase.

Wallpapers—Exclusive Designs Because we bought right, and with an eye to the needs of our City, you will find the pattern of your dreams in our show-room. We do not quote prices here because few folks buy their Wallpapers that way. Satisfaction in texture and pattern comes first. Sometimes our least experienced papers are most desired. But come in and see them anyway. No trouble to show them to you.

Bapco Paint Shingoleen Paint Porch Paint Needs no introduction to the roofs of this city. Let us take you to see some of the jobs. Fourteen colors. Reds and browns, per gallon \$2.35. **BUILDING HERE SPURTS FORWARD**

May Value Twice As High As That of Last Year

Building activity here took a sudden spurt forward in May, according to figures issued at the City Hall last night by Building Inspector James Barf. Forty-one permits, representing building valued at \$65,560, were issued during the month, as against thirty-three permits, representing an expenditure of \$38,508 in May, 1921. For the first five months of this year building valued at \$329,270 has commenced as compared to \$335,289 for a similar period last year. While the value of this year's building so far has not been as large as that of last year, at the present rate 1922 figures will soon pass those of 1921.

Home building is more active than for some years, but it is held up by the fact that it is cheaper to buy houses than to erect them, according to building officials. Houses for rent purposes are not a very profitable investment now, they say, and people are not building purely for investment. They can get higher interest on their money by investing in Victoria or other Government bonds, they declare.

**FOR CHILDREN THE SANDMAN STORY FOR TONIGHT**

MR. COYOTE TRICKS MR. FOX Part II.

Just as I thought," said Mr. Coyote, as he ran toward the hill where the sheep and lambs were feeding. "Well, it won't hold two, so I am safe even if I have to chase all over the place. I expect there is something in that water that will hold him till he drowns."

But Mr. Coyote was mistaken, for once he was not as clever as Mr. Fox. Mr. Fox was right. It was not a trap, but a barrel placed in the

ground to hold water for the animals. "You can't trust any one," Mr. Fox was thinking as he scrambled out. He didn't believe me, so he pushed

me in. I wonder if there was a turnkey round here or if he just told me that to get me to stop."

Mr. Fox shook his coat and looked after Mr. Coyote running toward the hill. "I will meet you again some fine day, my friend," he said. "I never forget a little thing like this."

Mr. Fox suddenly stopped shaking himself and stood still, looking toward the hill, and as he looked his mouth opened in a wide smile. "If I am not mistaken, Mr. Coyote, I am about to have revenge," he said. "The last one who laughs laughs the hardest. It seems to me I have heard of some saying that means the same thing."

Mr. Fox now ran a little way and dropped into the tall grass, his eyes fixed all the time on the hill, and Mr. Coyote—and some one else.

The same one else was old Mr. Ram, who was following Mr. Coyote right up the hill, but Mr. Coyote was so intent upon getting a lamb to finish his breakfast he did not turn around.

Mr. Coyote got to the top of the hill and so did Mr. Ram at the very moment that Mr. Coyote reached for a lamb and being an expert at butting he gave Mr. Coyote a butt that sent him rolling down the hill.

But this did not satisfy Mr. Ram. He came along after Mr. Coyote and when he stopped he gave him another

butt that has happened to him, and think I paid him for playing a trick on me. Yes, the one who gets the last laugh has the most fun," and Mr. Fox stopped and threw up his head and laughed as he thought how funny Mr. Coyote looked as Mr. Ram butted him down the hill."

**PROSPECTORS AT WORK ON ISLAND**

In Region of Headwaters of Koksilah and Other Creeks

(Times Correspondence)  
Shawnigan Lake.—Mr. Wallace, from Victoria, accompanied by two other prospectors, has gone into the Jordan Meadows with a prospecting outfit. They intend thoroughly to explore the region of the headwaters of the Koksilah and other creeks. It is a promising country and Shawnigan is the logical starting point.

The Shawnigan Athletic Club has put its four-oared lapstreak into the water and the men are doing some steady practice. Mr. Geo. Kingsley is also putting in a lot of practice getting in shape to defend his title of champion sculler of the coast.

Building activities around the lake is very noticeable. The houses being erected are of a more substantial character. The day of the shack is past.

**PRIZE LIST FOR SAANICH FAIR BEING PREPARED**

(Times Correspondence)  
Sidney — Reports of the various committees dealing with the rearranging of the prize list were considered at a meeting of the board of directors of Saanich Agricultural Society. The secretary, Colin Chisholm, also read a large number of communications regarding donations to the fair.

Nineteen members attended the meeting. Mr. Tanner, the president, being in the chair.

**PIANO AND VOCAL RECITAL ENJOYED AT SHAWNIGAN**

(Times Correspondence)  
Shawnigan Lake.—Mrs. Gertrude Huntley Green and Mr. Gideon Hicks opened their island tour at Shawnigan Lake, giving a joint recital in the S. L. A. A. Hall. It was the privilege of Shawnigan music lovers to listen to the best in music, played and sung as only true artists could offer it. From the opening note of Mr. Hicks' song, "Invictus," to the last tremulous note of Liszt's Sixth Rhapsody, as played by Mrs. Green, the programme was a succession of musical surprises.

The audience, although not a large one, was intensely appreciative. The prolonged applause brought the ar-

lists back to the footlights time and again, both playing and singing three additional numbers as encores.

A pleasing little incident after the close of the recital occurred when it became known to Mr. Hicks that some school boys present were a little disappointed because he had not sung "On the Road to Mandalay." Mr. Hicks immediately called the boys back and sang the song accompanied by Mrs. Green. The travelers are motoring from place to place. They stayed at the Strathcona Hotel while at Shawnigan. Mrs. Gideon Hicks is accompanying Mr. Hicks on the tour. The party lunched with Mrs. F. Yates on Tuesday. Miss Beatrice Yates is studying singing with Mr. Hicks. The party takes along its own Grand piano.

**Free Proof that IRONIZED YEAST Builds Weight and Clears the Skin**

**Gains 10 1/2 Pounds in 22 Days**

In an IRONIZED YEAST test, conducted under the supervision of a registered physician, Miss Dorothy Byrne, pretty movie actress and artist's model, gained 10 1/2 pounds in 22 days. Her actual measurements are given below.

Nov. 19 Dec. 8

Weight	105 lbs.	115 1/2 lbs.
Bust	38 in.	41 in.
Calf	18 in.	19 in.
Arm	9 1/2 in.	10 in.
Neck	15 1/2 in.	15 1/2 in.

**YES, we are willing to prove, entirely at our expense, that you can quickly banish pimples, blackheads, etc., and at the same time increase your weight to normal, and acquire a seemingly inexhaustible supply of new "pep" and energy!**

Simply mail the coupon below. It will bring you the Famous Three Day Free Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise.

Skin blemishes begin to disappear almost as if by magic! You will feel an almost immediate increase in your vigor and energy. And as for putting new firm flesh on your bones—many thin folks report gaining five to nine pounds on the very first package of IRONIZED YEAST!

**New Process Makes Yeast Doubly Effective**

The reason IRONIZED YEAST brings such amazing results in so many thousands of cases is because it embodies a new scientific process—a process which enables yeast to bring its splendid results just twice as quickly. Yeast alone is admittedly good—but experiments show that it doesn't go far enough to bring 100% results. For while yeast contains certain mysterious substances which seem to have an almost miraculous effect on health, scientists tell us that some other agent is needed in order to quickly convert these elements into health, strength and energy.

Certain types of iron, as all physicians know, are of great value in converting our food into living cells and tissue. So working on this problem, scientists finally discovered the amazing process of ironization. It is this process which enables you to derive from yeast ALL of the wonderful benefits it holds for you.

**Only One Genuine Ironized Yeast**

The remarkable process of ironization is embodied only in IRONIZED YEAST, the one scientifically correct yeast treatment. Thus, do not accept cheap inferior imitations, which usually are nothing more than plain inefficient mixtures of yeast and iron. Always insist on the genuine IRONIZED YEAST—it is the only way you can be sure of getting the best.

**Mail Coupon Now**

Why continue to be thin, weak or run-down when glorious health may be so near. Try IRONIZED YEAST at once. Remember, you do not risk a penny. Simply mail the coupon. The Three Day Trial Treatment will be sent you by return mail. Mail coupon today—now! Or go to your dealer's and get a full size package of IRONIZED YEAST on our positive guarantee of satisfactory results or your money instantly refunded.

Three Story Structure to Be Erected on Old Clarence Hotel Site

The Bank of Nova Scotia will almost immediately commence the construction of a new bank building on the site of the old Clarence Hotel at the northeast corner of Yates and Douglas Streets. Supervisor Lecky, of the Bank of Nova Scotia, is due in the city from Toronto after conferring with Architect Cox, of Vancouver.

The plans for the new building are expected here at any time, according to J. W. Corning, local manager. The new structure will be three stories in height and of ornate design.

**HEAT WAVE BROKEN**  
Cooler Weather Predicted; Warm Spell a Record.

With prospects for cooler weather throughout Vancouver Island residents may now sit down in comfort and talk about how warm it was during the last days of May. Had it not been for the heat wave that struck

this part of the country May's record for warm weather would have fallen far below the normal. The lowest temperature during the month was on the 9th, 35 degrees and yesterday the last day of the month the highest, 84, was recorded, making the mean temperature for the month 53 degrees, the average. The highest record for these parts was 84.2 registered May 13, 1912.

According to Supt. F. Napier Denison, of the Gonzales Observatory, prospects are that there will be cooler weather.

Mr. Denison's report also shows the following:  
The rainfall was .49, which is .50, or half an inch below the average rainfall for May on Vancouver Island. There were 300 hours and 12 minutes of sunshine during the month, which is 42 hours above the average. In other words, May was a fine, dry month this year.

The temperature during May at other points in the Province yesterday was as follows: Vancouver, 82; Kamloops, 96; Barkerville, 74; Okanagan, Pentleton, 89; Kootenays, Nelson, 90; and far north at Hazelton, 88.

In the Pacific States it was 94 at Portland, Oregon, and in the Sacramento Valley it was 100.

**OBSERVE JUNE AS "COURTESY" MONTH**

**B.C.E. Railway Company Introduces Novel Scheme**

June will be observed as "Courtesy Month" throughout all branches and departments of the British Columbia Electric Railway Company, according to an announcement made today by A. T. Goward, Victoria manager of the company.

The company has always endeavored in every possible way to see that every courtesy is extended to the public by its employees and therefore the inauguration of a "courtesy" month does not imply that the concern is not at all times anxious to extend courteous service to the public. Mr. Goward explains. Nevertheless, it is an excellent thing to hold such campaigns occasionally as they are often productive of many excellent suggestions from patrons and employees serving to better the service, he points out.

"Instructions have been issued to all departments to make a special endeavor to give the utmost in courtesy and service, and while the month of June is chosen as 'courtesy' month, that does not mean all extra effort will cease at the end of the month. The idea rather is that the month of June is to be a period of intensive training which it is hoped will be productive of lasting and beneficial results.

"I would especially ask for the active and sympathetic co-operation of all our patrons. If they should meet with any instances of courtesy or service which seems to them worthy of commendation, we would like to hear about it. At the same time, we are equally anxious to hear from anyone who may have a complaint or suggestion of any kind to make," said Mr. Goward.

The company will enter upon a considerable advertising campaign in connection with the plan to promote better co-operation between the public and the service and nothing will be left undone that might serve to make the campaign a real success.

In a message sent out to all employees assistant general manager W. C. Murray, Vancouver, declares that by making courtesy a daily habit it is easy to win friends and the community in general benefits.

"Remember that courtesy is the cheapest thing in the world and pays the most. Don't let an opportunity pass to do a courteous act and so make a friend," he says.

"The company feels that the public will instantly respond to the courtesy shown them and that the scheme will result very successfully.

**"Fruit-a-tives" Restored Him to Health**

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured.

At this time, a friend advised me to try "Fruit-a-tives." After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid."

tilation was so arranged that it was cool and comfortable inside.

A fifteen piece orchestra under Bandmaster Rumsby played for the dances. Refreshments were served.

The committee in charge of the first annual dance was: B.Q.M.S. Joseph Food, chairman; B.S.M. Len Woodhouse, B.S.M. Sidney R. Bowden, R.Q.M.S. Thomas Ross, B.Q.M.S. George H. Bowen, B.Q.M.S. D. A. MacNaughton, C.Q.M.S. C. Ferris, Sergeant Stuckey, Sergeant J. L. Colbert, Farrier-Sergeant F. Dutot, B.S. M. William Eden, Sergeant Hooper and Sergeant A. E. McIntyre.

**NATIONAL CHAPTER CONSIDERS BRITISH IMMIGRATION ISSUE**

(Continued from page 1)

Britisher if he has not sufficient money. That may be good sound business, but if that policy had been in force when our forefathers, those sturdy pioneers, came to Canada, many of us would not be here today," observed the speaker amid applause.

In a brief reference to Oriental immigration, Mr. Walker remarked that "the East is dependent upon the West to build up a strong bulwark against an Oriental invasion—whether commercial or otherwise—but that bulwark can only be built with the development of our lands and our resources by Canadians and embryo Canadians."

Mr. John Stevens, of the Barnardo Homes, England, also addressed the meeting, appealing for the Order's support of this splendid organization which has been responsible for some of the Dominion's finest settlers.

**Immigration:**  
Mrs. W. D. Spence, Edmonton, presented a very interesting report on immigration, outlining the great work done by the Canadian Council of Immigration. The work of assimilation and educating the many races of the Dominion into one staunch and true Canadian people was responsible for the fact that the Dominion should be shared by the members of the I. O. D. E., she said.

In addition to the establishing hostels in each province, with the aid of the government, the council, continued Mrs. Spence, had made recommendations to the immigration department for careful oversight, selection, care of ports of embarkation and of the arrival of women immigrants. The council had also urged discontinuance of the present bonus system.

A system of pink tickets, or landing cards, had been arranged. Women inspectors in London, Liverpool, and Glasgow pass on the eligibility of every woman who intends to come to Canada and the pink slip certifies her good health and adaptability to become a citizen.

In conclusion, Mrs. Spence said: "We can not afford to allow Orientals to dominate Canada or even one of its provinces."

Practically the whole of the morning session was devoted to the consideration and disposition of the voluminous minutes, and the receipt of a lengthy report of the national committee on the constitution, presented by Mrs. A. W. McDougall, of Montreal. Much discussion was waged over the question as to whether the re-draft of the constitution should be accepted in toto, and a resolution was finally passed, accepting the re-draft as it stands with a recommendation that the order refrain from amending the constitution for five years. In the course of discussion it was pointed out that this step would not prohibit or in any way prevent the amendment of by-laws. The re-draft of the constitution will be considered clause by clause at a later session, this in no way affecting this morning's decision.

Much applause greeting the presentation of a national award of national life membership to Mrs. Alex. B. Fisher, of Fernie Chapter, as an award for selling the highest number of subscriptions to "Echoes," and a provincial life membership to Mrs. E. S. Hasell, of Victoria, on behalf of the Provincial Chapter in recognition of her many years devoted service to the order.

With the acquisition of this new honor Mrs. Hasell now holds life membership in National, Provincial and Primary Chapters. Both ladies were also presented by Mrs. A. U. de Penier with a bouquet of roses.
