ANNUAL REPORT OF
THE BOARD OF ENGINEERS
MERRIMAC FIRE DEPARTMENT.

To the Board of Selectmen of Merrimac.

Gentlemen:—In once more presenting their annual report the Board of Fire Engineers of Merrimac are able to congratulate their fellow citizens that they have been exempted from loss or inconvenience by fire for another year. The department has been called out but twice during that period.

First on the evening of August 4th, for an alarm caused by the explosion of a lamp in a chamber of a house owned by George W. Sargent, and occupied by Mr. Meehan, on Woodland street, causing a loss on furniture of \$16.30, and to the house of \$4.28. Insured.

The second call on December 15th, at 8 a. m., was for a fire in G. S. Hoyt's shop and stable, caused by sparks from a stove, causing a loss of \$340.60 to building. Insured. Also a loss of \$200 to stock and tools, patterns, etc., which was not insured. At this fire the department was badly handicapped for want of a near supply of water, having to force it from the pond through twelve hundred feet of hose.

At the last annual town meeting an appropriation of \$350, together with the old hook and ladder truck, was placed in the hands of the board of engineers to provide a suitable truck for carrying new and improved apparatus of that branch of the service made necessary by the erection of several higher buildings and the new laws of the state. Although the amount at hand was much smaller than the usual price of such a truck, your committee has been able, after much exertion, to secure

one which meets the entire approbation of all who have examined it.

Regarding the old Niagara engine spoken of in our last report, and upon which action was taken at the annual meeting, the board has not been able, as yet, to effect any desired change.

Early in the summer it was discovered that one of the boiler tubes of the steamer was leaking. We had a man from Manchester to put in two new tubes, but the second time it was used, after this, another tube gave out. We then had a complete new set of copper tubes put in, making that practically as good as new, and not likely to need but slight repairs for some years to come.

At present all the apparatus is in first class condition, with the exception of a needed coat of varnish on two or three pieces to preserve the very fine paint and ornamentation.

All of which is respectfully submitted.

REPORT OF THE
TRUSTEES OF PUBLIC LIBRARY
OF THE TOWN OF MERRIMAC.

To the Board of Selectmen of Merrimac.

Gentlemen:—In presenting our sixteenth annual report the trustees are pleased to say the Library has maintained its usual good condition. The circulation has not been as large as some previous years, owing perhaps to the depressed condition of business and the decrease in the number of our “floating population.”

The Library has been well cared for, and there have been no books distributed and now unaccounted for.

During the year the rooms have been opened to the public 98 times, and 9,026 volumes delivered. The average daily delivery has been 91; the largest number delivered in one day, 226; (an excess of the preceding year).

The monthly delivery was as follows: In February, (1891), 1,106; March, 1,018; April, 896; May, 805; June, 631; July, 501; August, 230; September, 563; October, 772; November, 730; December, 675; January, (1892), 1,099.

Attention is called to the necessity of rules and regulations and their observance, as the best service of the librarian and assistants can only be obtained thereby. Apparently the most odious rule is the enforcement of fines for the non-return of books within the regulation time. Persons are at times very

ingenious in the method of an attempt to avoid payment of fines, but fair-minded people will not, on reflection, resort to such practices, which are sure of detection. A fine for an overdue book is a just payment for an extra privilege, a fair penalty for neglect, and a mere pittance for the support of an otherwise free library.

The trustees are gratified to say the privilege of consulting books of reference during library hours has been taken advantage of to a considerable extent, and desire to encourage its practice more widely.

We respectfully request the appropriation of the past for coming year.

Respectfully submitted,
