TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10047

RESTORING A PORTION OF HONOLULU HARBOR TO THE JURISDICTION OF THE TERRITORY OF HAWAII

WHEREAS by Presidential Proclamations of November 2, 1898 (30 Stat. 1786), and November 10, 1899 (31 Stat. 1959), certain lands in the City of Honolulu, Territory of Hawaii, including a portion of Honolulu Harbor, were reserved for naval purposes of the United States; and

WHEREAS by Executive Order No. 2323 of February 21, 1916, part of the area so reserved, including United States Naval Wharf No. 1, was transferred from the control of the Navy Department and placed under the control of the War Department; and

WHEREAS pursuant to War Department Bulletin No. 30, dated May 22, 1917, Pier No. 5–A, formerly known as United States Naval Wharf No. 1, was retransferred to the control of the Navy Department in exchange for Pier No. 5, formerly known as United States Naval Wharf No. 2; and

WHEREAS that portion of Honolulu Harbor comprising Pier No. 5 and Pier No. 5–A is no longer needed by the United States for military or naval purposes, and it is desirable and in the public interest that it be restored to the use and control of the Territory of Hawaii:

NOW, THEREFORE, by virtue of the authority vested in me by section 91 of the act of April 30, 1900, 31 Stat. 159, as amended by section 7 of the act of May 27, 1910, 36 Stat. 447, it is ordered as follows:

The following-described tract of land, together with all improvements thereon, located on the west side of Ala Moana Boulevard at Honolulu, Oahu, Territory of Hawaii, is hereby restored to the jurisdiction of the Territory of Hawaii:

That portion of Honolulu Harbor comprising Pier No. 5, formerly known as United States Naval Wharf No. 2, and Pier No. 5–A, formerly known as United States Naval Wharf No. 1, the said tract being more particularly described as follows:

Beginning at the southeast corner of such tract, on the west side of Ala Moana, and on the northeast corner of the land set aside by Presidential Executive Order No. 2381 dated May 11, 1916, the coordinates of the said point of beginning referred to Government Survey Triangulation Station "PUNCH-BOWL" being 3125.96 feet South and 4925.74 feet West, as shown on Government Survey Registered Map 2609, and running by azimuths measured clockwise from True South:

1. 84°09′ 470.12 feet along the land set aside by Presidential Executive Order No. 2381 dated May 11, 1916 under the control of the Department of Commerce;
2. 148°43′ 275.72 feet along Honolulu Harbor Pierhead—Bulkhead line;
3. 239°16′ 606.63 feet along Pier 6, along the land set aside by Governor's Executive Order 1081;
4. 329°33′ 96.46 feet along the west side of Ala Moana;
5. 354°25′ 416.55 feet along the west side of Ala Moana to the Point of Beginning.

The area of this tract is 4.834 acres.

This tract is described on the blueprint bearing the legend "Portion of Honolulu Harbor (Piers 5 and 5–A) to be returned to the control of the Territory of Hawaii—H. K. L. 4–14–48" on file in the Survey Department, Territory of Hawaii.

[3d Gen. Rev. of Export Regs., Amdt. 56]

PART 371—GENERAL REGULATIONS

LICENSES AND AMENDMENTS; FAILURE TO DISCLOSE PRIOR DETENTION OF COMMODITIES BY CUSTOMS

Part 371, General Regulations, as amended by inserting a new § 371.4b between § 371.4a and § 371.5 to read as follows:

§ 371.4b *Licenses and amendments; failure to disclose prior detention of commodities by customs.* Any exporter or his agent making application to the Office of International Trade for an export license or amendment, who shall know or have reasonable cause to believe that a collector of customs has detained commodities which would be exportable under such license, as issued or as amended, shall disclose to the Office of International Trade at the time of applying for such license or amendment the fact that the collector of customs has detained the commodities. Any license or amendment obtained without full disclosure of that fact shall be deemed to have been obtained without disclosure of all facts material to the granting of the license or amendment, and any license or amendment so obtained shall be void.

This amendment shall become effective March 18, 1949.

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

IRON AND STEEL PRODUCTS

Section 373.3 *Special provisions for iron and steel products* is amended in the following particulars:

1. Paragraph (g) *Validity period* is amended by deleting therefrom the last unnumbered paragraph concerning licenses amended to change the country of destination.

2. Paragraph (h) *Amendments and extensions* is amended to read as follows:

(h) *Amendments and extensions*—(1) *Amendments; general.* Save for exceptional circumstances, requests for amendments to increase the quantity specified on a license or to substitute another commodity for the one licensed will not be granted. Requests for amendments in country of destination will be considered by the Office of International Trade, as provided below, where shipments cannot be made to the foreign country either because of the general operation of official regulations of that country, or for other reasons. Requests for amendment of licenses which involve a change in the country of destination will be considered provided the granting of such request does not result in an unjustifiable increase either in the quota set aside for the new destination or in the exporter's participation in such quota.

(2) *Change in country of destination.* Where the exporter is unable to complete the export transaction because the operation of the official regulations of the original country of destination results in general curtailment of import permits or foreign exchange permits governing the movement into or use within that country of iron and steel products, the request for amendment to change the country of destination must be accompanied by the following:

(i) The original license, unless it has been previously returned for cancellation. If license has been deposited with a Collector of Customs the complete license number shall be given and the Collector identified;

(ii) A new license application including the necessary certification required by § 373.2 (b);

(iii) The evidence of availability of the commodity as provided in paragraph (b) of this section. Letters of commitment submitted must not be more than 90 days old on the date the request for amendment is made; and

(iv) A letter from the original consignee in the foreign country, indicating that he has been unable to consummate the transaction because of facts described above in this subparagraph, or the applicant's own certification that he (the applicant) has been unable to complete the transaction because of such reasons.

Where such requests for amendment involving a change in the country of destination are granted, licenses will be issued with a validity period of six months unless otherwise stated on the license.

The Office of International Trade will consider on their individual merits requests for amendments involving a change in the consignee or purchaser but no change in the country of destination, and requests for amendments involving a change in the country of destination for reasons other than the general operation of official regulations of the country for which shipment was originally licensed. In such cases, applicants shall submit a complete statement of the reasons for the amendment. Documents described in subdivisions (i), (ii) and (iii) of this subparagraph shall be submitted if a change in country of destination is involved. Documents described in subdivisions (i) and (ii) of this subparagraph shall be submitted if the request for amendment involves a change in consignee or purchaser but no change in country of destination.

(3) *Extensions.* No extensions of the validity period will be granted with respect to export licenses amended to change the country of destination pursuant to subparagraph (2) of this paragraph. Requests for extension of the validity period of licenses which have not been so amended will be considered in cases of material ready for shipment only for the limited period of time necessary to clear such shipment.

This amendment shall become effective as of March 4, 1949.

PART 374—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

MACHINERY AND PARTS

Section 374.7 *Special provisions concerning applications to export certain commodities* is amended by adding thereto a new paragraph (k) to read as follows:

(k) *Machinery and parts.* All license applications to export machinery, including replacement and repair parts, with the processing codes GIEQ, TRAN, CONS, TOOL, ELME, must include the following information:

(1) A copy or abstract of that part of the contract of sale or sales specification describing the commodity for which the export license is requested. Where there is no contract of sale, or where the contract of sale does not completely describe the commodity, a complete description must be furnished showing, for example, type, trade name, trade symbol, model number, serial number, capacity, type and horsepower of drive, operating pressure and temperature, composition of special metals.

(2) Where reference to a manufacturer's catalog or bulletin is essential to full identification, a copy must be furnished if not previously filed.

(3) With respect to replacement parts, applications must state the range of or specific sizes and types of the units of equipment for which the parts are required, the dollar value and quantity. A detailed list of the parts is not required.

(4) The ECA authorization number, where known, if machinery or parts have been purchased under Economic Cooperation Administration authorization.

This amendment shall become effective March 25, 1949.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—Management of Wildlife Conservation Areas

PART 33—CENTRAL REGION

FISHING IN SQUAW CREEK NATIONAL WILDLIFE REFUGE, MISSOURI

Basis and purpose. On the basis of observation and reports of representatives of the Fish and Wildlife Service, it has been determined that additional fishing privileges may be authorized on the Squaw Creek National Wildlife Refuge without interfering or being detrimental to wildlife management.

Sections 33.211 and 33.212 are revised to read as follows:

§ 33.211 *Fishing permitted.* Noncommercial fishing is permitted in the waters of the Squaw Creek National Wildlife Refuge, Missouri, specified in § 33.212, during the daylight hours of the period May 1 to September 30, inclusive, in any year, in accordance with the provisions of Parts 18 and 21 and subject to the special provisions, conditions, restrictions, and requirements of §§ 33.212 to 33.217.

§ 33.212 *Waters open to fishing.* The following waters of the refuge shall be open to fishing: The waters in secs. 10, 11, 14, and 15, adjacent to the northwest and south dikes of the Northwest Pool and adjacent to Cross Levee No. 1 in the South Pool; all waters in the South Pool lying south of the north one-sixteenth line of sections 25 and 26; all in T. 61 N., R. 39 W. No other waters of the refuge shall be open to such fishing (50 CFR 21.41, 13 F. R. 9351).

Dated: March 23, 1949.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 816]

EXCESS-QUOTA SUGAR

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Secretary of Agriculture, pursuant to the authority vested in him by the Sugar Act of 1948 (61 Stat. 922), is considering the revision and reissuance as hereinafter proposed, of the regulations governing the handling of excess-quota sugar to make the regulations applicable to the handling of excess-quota sugar produced in any domestic sugar-producing area.

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed regulations shall file the same in quadruplicate with the Director of the Sugar Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than ten days after the publication of this notice in the FEDERAL REGISTER.

The proposed regulations are as follows:

PART 816—EXCESS-QUOTA SUGAR

Sec.
816.1 Definitions.
816.2 Processing excess-quota sugar under bond.
816.3 Marketing of excess-quota sugar.
816.4 Cancellation of bond.

AUTHORITY: §§ 816.1 to 816.5 issued under sec. 403, 61 Stat. 932.

§ 816.1 *Definitions.* As used in §§ 816.1 to 816.5:

(a) The term "act" means the Sugar Act of 1948 (61 Stat. 922).

(b) The term "person" means any individual, partnership, corporation, or association.

(c) The term "Department" means the United States Department of Agriculture.

(d) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary has lawfully delegated the authority to act in his stead.

(e) The term "domestic sugar producing area" means the domestic beet sugar area, the mainland cane sugar area, Hawaii, Puerto Rico or the Virgin Islands.

(f) The term "quota" means the sugar quota fixed by the Secretary for a domestic sugar producing area, pursuant to the act.

(g) The term "allotment" means any allotment of the quota made by the Secretary pursuant to section 205 (a) of the act.

(h) The term "processor" means any person engaged in the manufacture of sugar from sugar beets or sugarcane grown in a domestic sugar producing area. Where settlement with a producer of sugarcane is made in sugar the term shall also include such producer.

(i) The term "excess-quota sugar" means all sugar owned by a processor after the allotment for such processor for the current year or such portion thereof as may be determined by the Secretary has been filled or, if no allotment has been made, all sugar owned by a processor after the applicable quota for the current year has been filled.

§ 816.2 *Processing excess-quota sugar under bond.* Excess-quota sugar produced from sugarcane grown in a domestic sugar-producing area may be marketed for further processing on the following conditions:

(a) That the processor file with the Director of the Sugar Branch, Production and Marketing Administration, Department of Agriculture, Washington 25, D. C., an application setting forth adequate reasons regarding the necessity for such marketing and full information regarding the quantity and type of sugar, approximate polarization, identification marks, and the place where the sugar is stored or is being produced; and

(b) That the person to whom the sugar is delivered shall furnish a bond, with a surety or sureties satisfactory to the Secretary and in such amount as the Secretary shall determine, obligating such person to segregate physically the sugar within 30 days, or such shorter period as may be designated by the Secretary, and to hold such sugar, or an equivalent amount thereof, apart from all other sugar until the beginning of the next calendar year or until such earlier date as the Secretary may specify.

§ 816.3 *Marketing of excess-quota sugar.* Excess-quota sugar produced from sugar beets or sugarcane grown in a domestic sugar-producing area may be marketed if the processor is the owner of an equivalent amount of quota sugar produced in the same area, or else has entered into a contract for the purchase of an equivalent amount of such sugar and takes delivery thereof at the commencement of the current crop, but not later than December 1 of the current year, and holds such sugar until the beginning of the next calendar year.

§ 816.4 *Cancellation of bond.* The Secretary may cancel or release any bond given under § 816.2 to the extent that such cancellation or release is necessary to permit the marketing of any increase in the applicable quota or in the allotment made to the processor who marketed the sugar to which such bond pertained, or to permit the marketing of such sugar for consumption outside the continental United States and Puerto Rico.

Issued at Washington, D. C., this 24th day of March 1949.

FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

FINDINGS AND DETERMINATION WITH RESPECT TO AMENDED MARKETING AGREEMENT AND ORDER

Pursuant to the applicable provisions of Marketing Agreement No. 85, as amended, and Order No. 36, as amended (7 CFR, Cum. Supp., Part 936), and the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. and Sup. I 601 et seq.), notice was given in the FEDERAL REGISTER (14 F. R. 203), dated January 14, 1949, that a referendum would be conducted among the producers who, during the current marketing season beginning on April 1, 1948, had been engaged, in the State of California, in the production of Bartlett pears, plums, or Elberta peaches for shipment in fresh form to determine whether a majority of such producers favor the termination of the aforesaid amended marketing agreement and order as to any one or more of the fruits covered thereby.

Upon the basis of the results of the aforesaid referendum, which was conducted during the period January 24 to 31, 1949, both dates inclusive, it is hereby found and determined that the termination of the marketing agreement, as amended, and the order, as amended, regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, is not favored by the requisite majority of such growers with respect to any of the fruits covered thereby.

Done at Washington, D. C., this 24th day of March 1949.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket No. 9261]

STANDARD BROADCAST SERVICE IN VIRGIN ISLANDS

NOTICE OF PROPOSED RULE MAKING

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Commission proposes to issue a new rule, set forth below, to be designated as § 3.90. The rule would make special provisions for standard broadcast stations in the Virgin Islands. The proposed amendment is deemed necessary because there is at present no broadcast service originating in the Virgin Islands and the economic status of the Islands is such that it appears to be unfeasible from a financial standpoint to construct and operate a standard broadcast station with the power and equipment required by the present rules and regulations of

the Commission. It further appears that operating with 50 watts power a standard broadcast station on a local channel would afford satisfactory service to the residents of the Virgin Islands, and that equipment measuring up to the strict requirements of existing rules will not be needed.

3. The proposed rules are issued under the authority contained in sections 303 (a), 303 (b), 303 (c), 303 (e), 303 (l), and 303 (r) of the Communications Act of 1934, as amended.

4. Any interested person who is of the opinion that the proposed amendments should not be adopted, or should not be adopted in the form set forth, may file with the Commission on or before April 15, 1949, a written statement or brief setting forth his comments. Persons desiring to support the amendments may also file comments by the same date. The Commission will consider all comments, briefs, and arguments presented before taking final action with respect to the proposed rules.

5. Fifteen copies of each brief or written statement should be filed as required by § 1.764 of the Commission's rules and regulations.

Commissioners Coy, Chairman, and Sterling not participating; Commissioner Jones dissenting.

Adopted: March 23, 1949.

Released: March 23, 1949.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

§ 3.90 *Special provisions relating to the Virgin Islands.* Class IV stations on local channels (1230 kc, 1240 kc, 1340 kc, 1400 kc, 1450 kc, 1490 kc) in the Virgin Islands shall be exempted from the requirements of §§ 3.45, 3.22, 3.51, 3.46, 3.55 (b), 3.60, 3.165, and 13.1 and 13.61 of the Commission rules and the corresponding provisions of the Standards of Good Engineering Practice in the following particulars:

(a) In lieu of the minimum antenna requirements of § 3.45 of the Commission rules and section 5 of the Standards of Good Engineering Practice Concerning Standard Broadcast Stations, radiators of less than minimum heights and with less than the minimum ground system will be approved as long as the radiation pattern is essentially non-directional and the emissions are vertically polarized. The mechanical and electrical construction of such antenna systems shall be completed and maintained in a workmanlike manner, so as to insure safety to operating personnel and continuity of operation, and shall otherwise comply with the generally recognized practices and requirements of standard broadcast stations.

(b) The minimum power permissible shall be 50 watts and when a radiating system of less than the minimum height or efficiency as permitted under paragraph (a) of this section is utilized, the operating power shall be determined by measurement of the power input to the last radio frequency amplifier stage in accordance with § 3.52 of the Commission rules.

(c) An approved frequency monitor will not be required provided an approved automatic frequency control device employing a low temperature coefficient crystal is used, and further, provided the frequency is checked at least once daily against the standard frequency emissions of the United States Bureau of Standards (WWV) and appropriate log entries made regarding each check.

(d) An approved modulation monitor will not be required provided other precautions are taken to insure that modulation is maintained in accordance with the provisions of § 3.55 (a) and (c) of the Commission rules and provided the modulation is monitored continuously by means of a cathode ray oscilloscope.

(e) All classes of commercial radio operator licenses, except the Aircraft Radio Telephone Operator authorization, shall be valid for the operation of such stations upon the condition that one or more holders of Radio Telephone First-Class Operator Licenses are employed on a regular basis, who shall be responsible at all times for the technical operation of the stations, and shall make all adjustments of the transmitting equipment other than minor adjustments which are normally needed in the routine daily operation of the station. Such station may be operated by a holder of a Restricted Radio Telephone Operator Permit, only in the event such permit has been endorsed by the Commission to show the operator's knowledge of basic radio law, theory and practice, as ascertained through examination on Elements One and Two of the written examination for Commercial Radio Operator Licenses, and on condition that in a technical emergency, such operator shall not attempt to make any adjustment, but shall immediately shut down the station.

CONVERSION OF CURRENCY

COLLECTION OF ESTIMATED DUTIES IN CASES INVOLVING CONVERSION OF BELGIAN FRANC

MARCH 21, 1949.

Reference is made to the daily buying rates which section 522 (c) of the Tariff Act of 1930 (31 U. S. C. 372 (c)) directs the Federal Reserve Bank of New York to certify to the Secretary of the Treasury. The Federal Reserve Bank has announced that beginning on March 22, 1949, it will include in its daily certification of rates for foreign currencies two rates for the Belgian franc.

In any case where it is necessary to determine the proper rate or rates for the Belgian franc for the purpose of the assessment and collection of duties on merchandise exported to the United States from Belgium on or after March 22, 1949, the appraiser and collector shall, respectively, withhold appraisement and suspend liquidation pending receipt of further instructions.

The two certified rates for the Belgian franc will be published in the weekly Treasury Decisions and the higher rate (i. e., the rate showing the larger amount of United States money as the equivalent of the franc) shall be used solely for the purpose of calculating estimated duties.

DEPARTMENT OF COMMERCE

Office of International Trade

[Case No. 45]

MURRAY M. NELSON ET AL.

ORDER SUSPENDING LICENSE PRIVILEGES

In the matter of Murray M. Nelson, Murray M. Nelson, Inc., Nelson's Trading House, Danielle L. Nelson, (nee Lederberg), Leah Oleynick, L. Oleynick & Company, A. Nelson, A. Nelson & Company; Case No. 45.

This proceeding was begun on November 26, 1948 by the mailing of a charging letter to the above named respondents, wherein the Office of International Trade charged respondents with having violated section 6 of the act of July 2, 1940 (54 Stat. 714), as amended, and the regulations issued thereunder, by knowingly submitting or causing to be submitted to the Office of International Trade, in support of applications for export licenses, forged or fictitious letters of commitment represented as having been received by the applicants from prospective suppliers but which had in fact been prepared by respondents themselves; by knowingly filing an export license application in the name of an applicant who was not in fact the true applicant or the proposed exporter; and by knowingly stating on an export license application that the proposed shipment would be made to an ultimate consignee who was in fact not the true ultimate consignee.

A hearing was held on said charges before the Compliance Commissioner of the Office of International Trade in New York City on December 7, 1948, pursuant to notice given in the charging letter, and a supplemental hearing was held after due notice in Washington, D. C. on January 26, 1949. All of the respondents other than A. Nelson defaulted. Testimony and exhibits offered by A. Nelson and by the Office of International Trade were received in evidence and, after due consideration of the record, the Compliance Commissioner on March 7, 1949 filed his report in the matter.

It appears from the record and the report of the Compliance Commissioner that respondents Murray M. Nelson and Danielle L. Nelson (nee Lederberg) are husband and wife and were, when the transactions involved in this proceeding took place, engaged in New York City in the purchase and sale of merchandise for shipment in export trade; that respondent Nelson's Trading House is a trade name under which Murray M. Nelson and Danielle L. Nelson (nee Lederberg) did business; that Murray M. Nelson, Inc., is a corporation controlled and operated by Murray M. Nelson and Danielle L. Nelson (nee Lederberg); that respondents A. Nelson and Leah Oleynick are, respectively, the father and the sister of Murray M. Nelson; that respondents A. Nelson & Company and L. Oleynick & Company are fictitious trade names ostensibly adopted by A. Nelson and Leah Oleynick, respectively, but have never had existence as business enterprises; and that neither A. Nelson or Leah Oleynick, or the fictitious trade names under which they ostensibly operated, are or have ever been engaged in the export business.

It further appears from the record and the report of the Compliance Commissioner that respondents Murray M. Nelson and Danielle L. Nelson were the chief factors in what was essentially a scheme to obtain export licenses from the Office of International Trade in willful violation of the export control law and regulations. As individuals and under the guises of Nelson's Trading House and Murray M. Nelson, Inc., Nelson and his wife caused to be filed with the Office of International Trade a large number of applications for licenses to export scarce commodities. In support of many of these applications, Nelson and his wife forged and filed with the Office of International Trade letters of commitment or availability of the commodities sought to be exported, sometimes on letterheads filched from other business firms, and at other times on order blanks imprinted with the name of a fictitious company, L. Oleynick & Company, which was fabricated by Nelson and his wife and his sister, Leah Oleynick, but had no existence as a business enterprise. A number of the forged letters of supply or commitment on letterheads of existing business firms were signed by Nelson's wife, using variants of her maiden name, and falsely pretending to be an employee or officer of such business concerns. A number of other applications, filed by Nelson and his wife, named as purchasers in foreign countries to whom the commodities were purportedly to be exported, fictitious foreign affiliates of Nelson. A "Nelson's Trading House," named as purchaser in one application, with an address in Lisbon, Portugal, was found to be nonexistent and utterly unknown in that country. Other applications named similar fictitious purchasers in Haiti and Brazil who were likewise proved to be nonexistent and unknown in those countries. Nelson and his wife even went to the extreme of supporting such fabrications with pretended printed firm order documents, containing the names and foreign addresses of such fictitious affiliates. The record and report of the Compliance Commissioner further indicate that all of the respondents herein other than A. Nelson and A. Nelson & Company filed or caused to be filed, or knowingly participated in the filing with the Office of International Trade, in support of an application for an export license, a false letter of commitment prepared by them in the name of L. Oleynick & Company with the knowledge of Leah Oleynick, whose trade name it was represented to be, whereas in fact it was a fictitious company and had issued no letter of commitment. The record and report of the Compliance Commissioner further indicate that the above named respondents other than Leah Oleynick and L. Oleynick & Company filed or caused to be filed or knowingly participated in the filing with the Office of International Trade of an export license application in the name of A. Nelson & Company, which name was the fictitious trade name under which A. Nelson, Murray Nelson's father, was represented as doing business. The application was admittedly signed by A. Nelson on behalf of the fictitious company. It appears, however, that A. Nelson is an elderly man engaged in the retail dry goods business, and that he had signed such application for his son on the basis of misrepresentations by Murray M. Nelson as to its purpose and effect. As the Compliance Commissioner put it, A. Nelson was "obviously a pawn used at will by his son." The record further indicates, and the Compliance Commissioner has found, that respondent Leah Oleynick knew that her name was being used in the fictitious firm name of L. Oleynick & Company, and that she actively participated in the fradulent signing of applications in her individual name; some of these she even admitted having delivered to Murray Nelson pursuant to his instructions and for his benefit.

On this record, the Compliance Commissioner has found that respondents have violated the regulations issued pursuant to section 6 of the act of July 2,

1940 (54 Stat. 714), as amended, and have further violated section 35A of the United States Criminal Code (18 U. S. C. 80). The Compliance Commissioner has therefore recommended that all of the respondents be denied the privilege of obtaining or using or participating directly or indirectly in the obtaining or using of export licenses, including general licenses, for a period of six months from the date of this Order; that such denial be made applicable not only to said respondents individually and under any trade name in which they may operate, but also to any firm, corporation, or other business association in which any of the respondents shall be or become a partner or have a controlling interest or hold a position of responsibility; and that any outstanding licenses held by any of the respondents be forthwith revoked and be returned to the Office of International Trade for cancellation.

The findings and recommendations of the Compliance Commissioner have been carefully considered, together with the record in this matter. It appears that the findings are fully supported by the record. The recommendation that license privileges be suspended for a period of six months does not, however, appear to be appropriate under all the facts and circumstances of this case. The offenses committed were very serious, striking directly at the heart of some of the most important procedures established for the control and licensing of commodities for exportation. The record is clear that the scheme was deliberate, pervasive, and of considerable duration. Accordingly, it is concluded that the recommendation of the Compliance Commissioner as to the length of the suspension should be rejected, and that the respondents should instead be suspended for the duration of export controls. Since Nelson and his wife were, however, absent from the United States during the course of this proceeding, and still are, it is believed that it would not be inappropriate to permit them, and by the same token, respondents A. Nelson and Leah Oleynick, who were not the chief violators in this scheme, individually to appear before the Compliance Commissioner at any time after six months from the date of this order to apply for an order of the Director of the Commodities Division modifying this order by reinstating export license privileges. Such application may be entertained by the Compliance Commissioner only for good cause shown, and his recommendation, if any, may be made subject to such terms and conditions as will provide safeguards against any future violations of the export control law and regulations by any such respondent. *Now, therefore, it is ordered,* As follows:

(1) Respondents and each of them are hereby denied the privilege of obtaining or using or participating directly or indirectly in the obtaining or using of export licenses, including general licenses, for such time and to such extent as licenses for exports are required by law.

(2) Such denial of export license privileges shall extend not only to each of said respondents individually and under any trade name in which they may operate, but also to any firm, corporation, or other business association in which any of the respondents shall be or become a partner or have a controlling interest or hold a position of responsibility.

(3) All outstanding export licenses held by or issued in the names of any of said respondents are hereby revoked and shall be forthwith returned to the Office of International Trade for cancellation.

(4) Respondents and each of them may at any time after six months from the date of this order apply for an order of the Director of the Commodities Division modifying this order by reinstating export license privileges. Such application may be entertained by the Compliance Commissioner only for good cause shown, and his recommendation, if any, may be made subject to such terms and conditions as will provide safeguards against any future violations of the export control law and regulations by any such respondent.

Dated: March 23, 1949.

Director,

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2082]

TEXAS ELECTRIC SERVICE CO., AND TEXAS UTILITIES CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 23d day of March A. D. 1949.

Notice is hereby given that Texas Electric Service Company ("Texas Electric"), and its parent Texas Utilities Company ("Texas Utilities"), a registered holding company and subsidiary of American Power & Light Company and Electric Bond and Share Company, both registered holding companies, have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 and have designated section 6 (a), 7, 9 (a), 10 and 12 (f) of the act and Rule U-23 of the rules and regulations promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Texas Electric proposes to amend its charter and thereafter issue and sell to Texas Utilities and Texas Utilities proposes to purchase 2,000,000 shares of the common stock, without par value, of Texas Electric. The consideration is stated to be $4,000,000. Texas Electric states that the funds to be derived from such issue and sale will be used to finance in part its construction program for the year 1949, to repay short term advances and for other corporate purposes. The advances to be repaid were or will be made by Texas Utilities for the purpose of temporarily financing a portion of the company's construction program.

The issuance and sale of such shares of common stock by Texas Electric will require an amendment of its charter so as to increase the number of shares of common stock authorized to be issued. In order that Texas Electric may sell additional shares of common stock in the future without further charter amendments, it is proposed at this time that Texas Electric amend its charter so as to increase its authorized common stock from 1,705,003.634 shares to 6,000,000 shares.

Applicants-declarants request that the Commission's order herein be issued as promptly as may be practicable and that it become effective forthwith upon the issuance thereof.

Notice is further given that any interested person may not later than March 31, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 31, 1949, said application-declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file with this Commission for a statement of the transactions therein proposed.

By the Commission.

ELECTRIC POWER & LIGHT CORP. AND ARKANSAS POWER & LIGHT CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 23d day of March A. D. 1949.

Notice is hereby given that a joint application-declaration has been filed by Electric Power & Light Corporation ("Electric"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, and Electric's utility subsidiary Arkansas Power & Light Company ("Arkansas"), under the Public Utility Holding Company Act of 1935, and that said application-declaration designates sections 6 (b), 7, 12 (c) and 12 (f) of the act and Rule U-43 of the rules and regulations promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Arkansas proposes to issue and sell to Electric 320,000 shares of its common stock of the par value of $12.50 per share for an aggregate cash consideration of $4,000,000.

Arkansas presently has authorized 2,000,000 shares of common stock of which 220,000 shares have not as yet been issued. Arkansas proposes to issue and sell to Electric said 220,000 shares as soon as practicable after issuance of an order by the Commission herein. Arkansas proposes to issue and sell an additional 100,000 shares of common stock to Electric upon effectuation of the proposed amendment to Arkansas' charter increasing its authorized common stock to 3,000,000 shares (File No. 70-2056).

The proceeds from the sale of the common stock will be used by Arkansas in connection with its construction program and other corporate purposes. The application-declaration indicates that the present construction program of Arkansas will require the expenditure of approximately $23,000,000 during the year 1949 and that further funds will be raised through the sale of $8,300,000 principal amount of --% Sinking Fund Debentures due 1974 (which is the subject of a separate application under File No. 70-2088), and First Mortgage Bonds.

The application states that the proposed transaction is comprehended by the plan of Electric for compliance with section 11 of the act (File No. 54-139) approved by the Commission on March 7, 1949 (Holding Company Act Release Nos. 8889 and 8906) which contemplates additional investments in the subsidiaries of the proposed Middle South Utilities, Inc. ("Middle South"), prior to consummation of the Plan. That Plan provides, in effect, that Electric is to receive 4,400,000 shares of common stock of Middle South in return for its present holdings of the common stocks of Middle South's subsidiaries plus $2,000,000 in working capital to be supplied to Middle South. As provided in the Plan, Electric will receive for additional investments, such as the one herein proposed, additional shares of common stock of Middle South in an amount to be subsequently determined upon application to the Commission by Electric.

Notice is further given that any interested person may not later than April 7, 1949 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after April 7, 1949 said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application-declaration which is on file with this Commission for a statement of the transactions therein proposed.

ELECTRIC POWER & LIGHT CORP. AND MISSISSIPPI POWER & LIGHT CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 23d day of March A. D. 1949.

Notice is hereby given that a joint application-declaration has been filed by Electric Power & Light Corporation ("Electric"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, and Electric's utility subsidiary Mississippi Power & Light Company ("Mississippi"), under the Public Utility Holding Company Act of 1935, and has designated sections 6 (a), 7, 12 (c) and 12 (f) thereof and Rule U-43 of the rules and regulations promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Mississippi proposes to issue and sell to Electric 300,000 shares of its common stock of the stated value of $10 per share for an aggregate cash consideration of $3,000,000.

Mississippi presently has authorized 1,500,000 shares of common stock of which 150,000 shares have not as yet been issued. Mississippi proposes to issue and sell to Electric said 150,000 shares as soon as practicable after issuance of an order by the Commission herein. Before issuing the remaining 150,000 shares Mississippi proposes to amend its charter as promptly as may be practicable so as to increase its authorized shares of common stock to 2,500,000 shares and to issue and sell an additional 150,000 shares to Electric.

The proceeds from the sale of the common stock will be used by Mississippi in connection with its construction program and other corporate purposes. The application-declaration indicates that the present construction program of Mississippi will require the expenditure of approximately $12,000,000 during the year 1949, and that necessary funds will be raised through the sale of first mortgage bonds or other securities later in the year.

The application-declaration states that the proposed transaction is comprehended by the plan of Electric for compliance with section 11 of the act (File No. 54-139) approved by the Commission on March 7, 1949 (Holding Company Act Release Nos. 8889 and 8906) which contemplates additional investments in the subsidiaries of the proposed Middle South Utilities, Inc. ("Middle South"), prior to consummation of the Plan. That Plan provides, in effect, that Electric is to receive 4,400,000 shares of common stock of Middle South in return for its present holdings of the common stocks of Middle South's subsidiaries plus $2,000,000 in working capital to be supplied to Middle South. As provided in the Plan, Electric will receive for additional investments, such as the one herein proposed, additional shares of common stock of Middle South in an amount to be subsequently determined upon application to the Commission by Electric.

Notice is further given that any interested person may not later than April 7, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after April 7, 1949, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application-declaration which is on file with this Commission for a statement of the transactions therein proposed.

WISCONSIN ELECTRIC POWER CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its

office in the city of Washington, D. C. on the 22d day of March 1949.

Wisconsin Electric Power Company ("Wisconsin Electric"), a registered holding company and a public utility company, having filed an application-declaration, and amendments thereto, pursuant to the provisions of sections 6, 7, 9 and 10 of the Public Utility Holding Company Act of 1935 ("act") and Rules U-42 and U-50 promulgated thereunder, with respect to the following proposed transactions:

Wisconsin Electric proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $10,000,000 principal amount of First Mortgage Bonds, ___%, due 1979 ("New Bonds").

Wisconsin Electric also proposes to issue and sell 266,093 shares of Common Stock par value $10 per share. The Company will issue, to the holders of its outstanding 2,660,928 shares of Common Stock, transferable warrants carrying (a) a Right to Subscribe at $15.00 per share for shares of Common Stock on the basis of one share for each ten shares of Common Stock held of record on March 22, 1949; and (b) the privilege to subscribe at the same subscription price per share for any additional number of shares not subscribed for through the exercise of Rights to Subscribe, subject to pro rata allotment of such additionally subscribed shares. The warrants will expire at 3:00 p. m., New York time, on April 14, 1949.

Wisconsin Electric proposes to enter into an agreement negotiated with Lehman Brothers, New York, New York, who were selected after negotiations with several investment bankers, and with Robert W. Baird & Co., Milwaukee, Wisconsin ("Managers") whereby the Managers will agree to use their best efforts to form and manage a group of security dealers to solicit subscriptions to purchase the Common Stock being issued. The agreement provides for the payment by Wisconsin Electric to participating dealers of a fee of 25¢ per share purchased through their efforts, with a maximum fee of $250 as to shares purchased by any single warrant holder; and, in addition, the payment by Wisconsin Electric of a fee to the Managers equal to 15% of the aggregate amount payable to participating dealers, but in no event to exceed $7,200. Wisconsin Electric estimates that the maximum fees payable under the proposed agreement, assuming 100% subscription through the efforts of dealers, will be approximately $65,000.

Wisconsin Electric requests permission to purchase and sell on the New York Stock Exchange shares of its Common Stock or Rights to Subscribe in order to stabilize the price of the Common Stock for the purpose of facilitating the proposed offering. In this connection the Company proposes that it will at no time acquire a net long position of shares of its Common Stock (including for the purpose the equivalent shares represented by Rights to Subscribe) in excess of 10% (26,609) of the shares of Common Stock being offered. Any such purchases will be made from the date of this order until the expiration of the aforesaid warrants and any such sales will be made from the date of this order until the close of business on the second business day after the expiration of the warrants.

The Commission, by order dated March 11, 1949, having granted and permitted to become effective the application-declaration, as then amended, with respect to the issue and sale of the New Bonds, subject to the condition, among other things, that the proposed issue and sale of New Bonds shall not be consummated until the results of the competitive bidding, pursuant to Rule U-50, shall have been made a matter of record in these proceedings and a further order shall have been entered by the Commission in the light of the record so completed; and jurisdiction having been reserved with respect to the payment of fees and expenses incurred or to be incurred in connection with all the proposed transactions; and

Wisconsin Electric having, on March 22, 1949, filed a further amendment to the application-declaration in which are set forth the record date for holders of its Common Stock entitled to receive subscription warrants, the subscription price per share for the additional shares of Common Stock and the period of the warrant offering; and in which it is stated that Wisconsin Electric has offered the New Bonds for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Bidding group headed by—	Coupon rate	Price to company percent of principle amount [1]	Cost to company
	Percent		
The First Boston Corp.	2¾	100.906	2.82099
Equitable Securities Corp.	2¾	100.7819	2.8391
Lehman Bros. and Salomon Bros. & Hutzler	2¾	100.7321	2.8386
Halsey, Stuart & Co., Inc.	2¾	100.718	2.8393
Union Securities Corp. and Harriman Ripley & Co., Inc.	2¾	100.45	2.8526
Glore, Forgan & Co.	2¾	100.403	2.8549
Merrill Lynch, Pierce, Fenner & Beane	2¾	100.291	2.8605

[1] Plus accrued interest from Mar. 1, 1949.

Wisconsin Electric having further stated in said amendment that it accepted the bid of The First Boston Corporation for the New Bonds and that the New Bonds will be offered for sale to the public at a price of 101.375% of the principal amount thereof, resulting in an underwriter's spread of .469%; and

The record having been completed with respect to the fees and expenses incurred and to be incurred in connection with the proposed transactions, which include estimated fees of $17,500 for Sullivan & Cromwell, counsel for Wisconsin Electric, $8,500 for Cahill, Gordon, Zachry & Reindel, counsel for the successful bidders for the New Bonds, and a maximum of $50,380 for Central Hanover Bank and Trust Company, New York, and First Wisconsin Trust Company, Milwaukee, Wisconsin, for services as warrant agents; and

The Commission finding with respect to that portion of the application-declaration, as amended, pertaining to the issue and sale of 266,093 shares of Common Stock of Wisconsin Electric and the application of Wisconsin Electric for permission to buy and sell on the New York Stock Exchange shares of its Common Stock and Rights to Subscribe in order to stabilize the price of said Stock, that the applicable requirements of the Act are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that the application-declaration, as amended, with respect thereto, be granted and permitted to become effective forthwith; and

The Commission having examined the amendment herein dated March 22, 1949, and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be received for the New Bonds, the redemption prices thereof, the interest rate thereon and the underwriter's spread; and

The Commission having examined the estimates of the proposed fees and expenses incurred and to be incurred in connection with the proposed transactions and it appearing that the proposed fees and expenses are not unreasonable and that jurisdiction with respect thereto should be released:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the application-declaration, as amended, pertaining to the issue and sale of 266,093 shares of Common Stock of Wisconsin Electric and the application of Wisconsin Electric for permission to buy and sell on the New York Stock Exchange, shares of its Common Stock and Rights to Subscribe in order to stabilize the price of said Stock be, and the same is, granted and permitted to become effective forthwith.

It is further ordered, That jurisdiction heretofore reserved in connection with the sale of the New Bonds to consider the results of the competitive bidding, be, and the same hereby is, released, and that said application-declaration, as further amended, with respect to the issue and sale of New Bonds, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction heretofore reserved over the fees and expenses incurred or to be incurred in connection with the proposed transactions be, and the same hereby is, released.

By the Commission.
