

Respected Friends
R. P. Hunt,
New York June 16th 1827

By a letter received a few days
since from C & D Esqrs. they propose to turn
out paper such as shall be approved by
our friends there as collateral security for
the debt we have against them. My
object in writing is to request them to
receive from them such notes as in their
opinion will secure the payment of
about \$370 dollars - and I will give them
ample compensation for the trouble.

I shall write to them requesting ^{them} to send
the notes to them. and it will therefore
be unnecessary to take any trouble -
more than to receive them when they
are offered. as it is their own proposition
I expect it will be done promptly -

If any considerable time should
pass without their attending to it I
shall be much obliged for that information
by a letter from them.

Yours very truly
Joseph W. Barber
