(6) Mr. Kagawa and Mr. Suga, secretaries of the Board Office, explained on the location of the Upper Secondary School of the general course to be established in Marugame district. The School is to be placed at the existing Marugame Girls' Upper Secondary School or Marugame Boys' Upper Secondary School. Member Yuasa made the motion to the effect that the decision should be postponed on account of the reconsideration to be paid to the capacity of both school houses and students' desire for the domestic course. The motion, however, was rejected with two ayes against five noes as the result of the show of hands.

Then another motion was made, which was to the effect that the new upper secondary schools of the general course should be placed dividedly at Marugame Boys' Upper Secondary School and Marugame Girls' Upper Secondary School. The motion was also rejected with one aye against six noes.

Then decision was made by voting on the motion to the effect that the upper secondary school of Marugame should be placed at the existing Marugame Girls' Upper Secondary School. As the result of the voting, the motion was adopted with four ayes against 3 noes.

Member Ueta delivered his opinion, saying that the industrial course should be provided at Marugame Commercial Upper Secondary School, but it was decided the measures should be taken into consideration at other meetings.

(7) Member Mori explained on the revision of Kwanonji school district. After deliberations were made on the subject, voting was made on the motion to the effect that the Kwanonji district should be divided into two districts. But the motion was rejected with three ayes against four noes.

(8) Member Mori made a motion, saying that two upper secondary schools of the general course should be established in Kwanonji district. But as the result of the voting the motion was rejected with three ayes against four noes, and it was decided that one upper secondary school should be set up in Kwanonji district. And at the same time a collateral condition presented by Member Kuroi was recognized, which was to the effect that Kwanonji district, in view of its population, area, and financial conditions, should have two upper secondary schools in the near future, so one more school should be established at the earliest possible opportunity if various conditions were arranged.

(9) As to the school-house of the upper secondary schools to be established in Kwanonji district, each member delivered his opinion.
A rest was taken from ㄒ.10 pm. to ㄒ.20 pm., then proceedings went on.
Member Mori delivered his opinion saying that the school-houses of the existing three upper secondary schools should be used for the new schools.
Then Member Yuasa made a motion to the effect that the commercial and domestic courses should be set up at the existing Mitoyo Girls' Upper Secondary School and the general course should be set up at the present Mitoyo Boys' Upper Seconday School, and the shortage of the capacity should be supplemented with the school-house of the present Mitoyo Commercial Upper Secondary School on the condition that the surplus parts should be appropriated to the lower secondary school.
As the result of the voting, the motion was adopted with six ayes against one no.

(10) Deliberations were made on Member Ueta's motion to the effect that the industrial course should be set up at Marugame Commercial upper Secondary School. As the matter being connected with the National Takuma Wireless School which was to be established in the near future, animated discussions were made among members.
And it was decided that the industrial course was set up at not Marugame but at Tadotsu.

The Principal Course for the Re-organization of the Senior High School.

The Course was resolved at the meeting of the Kagawaken School Board held on Mar. 1, 1949.

(1) The co-education is to be put in practice in conformity to the spirit of the new education.
In case the system cannot be adopted fully at the new educational term of 1949, classes composed of boys or girls separately are admitted, and the system is to be enforced as to the students entered in and after 1949 or 1950.

(2) For the equal opportunity to education, high schools under the synthetic system are to be established.
Under the present circumstances, the system should be enforced as much as possible within the limit of the budget and facilities.

(3) In compliance with the democratization of education, the discrimination among schools is to be removed.
And the attending district is to be established that the student may be relieved of the troubles of attending school far distant from his home and the education may be conducted in accordance with the real circumstances of the district.
The system, however, is put in practice as to the students entered in and after 1949, so it will be completed in 1952. As to the students who are at present in Senior High Schools or Junior High Schools attached to them, the system is not to be applied.

(4) In carrying on the 6-3-3 educational system, careful considerations are to be given as to the balance between Senior and Junior High Schools. It is to be desired that the teachers are rearranged properly and the educational facilities are utilized mutually that the re-organization may contribute to the promotion of the school education.

In advance of above subject recognization Ueda, a committee member, asked a few questions as for the grant for students out of the budget to be appropriated to services of School Guidance Section and the chief of General Affairs Section answered to him.

4. Report of chief of General Affairs Section:

Chief Sakaguchi of General Affairs Section reported on the results of negotiation with General Affairs Section of Kagawa Prefectural Government made on 29th and 30th of September as for the supplementary budget for October, 1949, as follows:

a. The both parties concurred in appropriating ¥120,000 to services of the visual education.

b. It was also decided that the Prefecture should defray ¥59,000 to the home project services, which is tantamount of the government subsidy for the same services.

c. It was settled to defray ¥150,000 as expenditure for the text-book show.

d. The retiring allowance ¥580,000 was passed in the original amount of requirement.

e. As for expenditure for the Educational Personnel Licence Law personnel expenditure for five persons and defrayal of ¥500,000 as business expenses were respectively decided.

Other expenditures were reserved without any definite decision because they were too important to be decided by means of negotiation with only General Affairs Section of the Prefecture.

Concerning abovementioned report of chief of General Affairs Section Committee Member Mori said that he could understand every decision as for the supplementary budget and the reservation, but he believed it was necessary to rescrutinize the matters before starting further negotiation with the prefectural governor as for the expenditure reserved.

Against this revelation of opinion Chief Sakaguchi of General Affairs Section expressed his intention to report on the details of the matters more closely before negotiation with the governor.
