We have come to make out a definite plan for the subject matter as shown in the Annexed Paper as a result of our examination in accordance with the following criteria. We hereby have the honor of requesting your advice on this matter.

1. Depurge Criteria:

(1) As for the depurge of those who have been designated by the Prime Minister as persons falling under the Memorandum

(Category C of the Memorandum) in accordance with the provisions of the Imperial Ordinance No. 1 of 1947, all but those concerned with the headquarters of the organizations listed in the category 3, the Separate Table I of the Order concerning the Endorcement of the said Imperial Ordinance shall be depurged, as a rule, except those who were in the general's rank among the former professional Army or Navy officers, whether they took office in the headquarters or branch offices or in any subordinate organizations.

(2) As for those concerned with the headquarters who will be suspended from depurge of this time, any purgee, except in case he does not fall under the next paragraphs (3) and (4) of this report, shall be later depurged, if his depurge is regarded as non-objectionable, as a result of the examination as to whether it would be an obstacle to the democratization of Japan, taking into consideration the character, structure, activities of those days and influence upon the outside world, of the organization those concerned belonged to, as well as his prosition in that organization and his activities shown while in office.

(3) As for the so-called rightwing organizations, all designees shall be generally depurged, except the

supreme leader of each organization conccerned and any member thereof who was of ultra-nationalistic character and made any activity of such kind.

(4) As for the terroristic organizations, All designees who belonged to such organizations which had a small-scale system and structure or whose acts of violence were slight, shall be depurged, except those members whose terroristic trends were conspicuous as an individual, and as for any other organization than mentioned above, all designees shall be depurged, except its head, representative or superintendent.

The depurge standard of persons designated by Attorney-General, after those falling under the Memorandum, in accord with the Organizations Control Order (involving the Imperial Ordinance No. 101) reported in I.D. No. 481 on June 7, this year is to be corrected as follows :

Kihara. K Second I.D. ~~First~~ (1) (Jul. 2, 1951) (688) 544 C.
July 2, 1951.

FROM: Director Mitsusada YOSHIKAWA of Special Investigation Bureau, Attorney-General's Office.

FOR: Lt. Col. Jack P. Napier, Government Section, G. H. Q.

SUBJECT: Cancellation reason of designation of organizations to be depurged, among organizations designated to be dissolved on the basis of the Organizations Control Order as well as the Imperial Ordinance No. 101, of 1946.

We have already submitted to you the report as to organizations to be cancelled their designation.

We have hereby the hour to submit to you the reason of cancellation of their designation, as mentioned in the Annexed Papers.

For Director of Special Investigation Bureau,
Attorney-General's Office.

ANNEXED PAPER

Cancellation reason of designation
of organizations to be depurged

1. AJIA TAI RUKU KYOKAI (Asia Continental Association):

This organization was formed in October, 1937 by KOMORI Sadahisa and MARUYAMA Takayoshi and some others with an object to enforce a restoration in the country, but since its establishment, there has been no activities worthy of attention except one or two lecture meetings. Its structure has been sterilized as far as it may be called to be KOMORI's one-man-party.

In March 1941, when KOA DOMEI (Asia Raising Alliance) was established, it was dissolved in order to be involved into it.

2. DAINIPPON KINNO KAI (Great Japan Loyality Society):
